

## **The Order 4421**

Chapter: 4421

“Do you think it was my Dragon-Slaying Sword that defeated you?” Chen Ping smiled coldly, then waved his hand, and the Dragon-Slaying Sword disappeared: “In this case, then I don’t need the Dragon-Slaying Sword, how about I just use my bare hands? ?”

Chen Ping’s approach instantly stunned General Qi. He never expected that Chen Ping would do this!

“Chen Ping, how dare you humiliate me? I’m going to kill you...”

General Qi roared angrily!

“Hahaha, so what if I humiliate you? You just said you would kill me several times, and why don’t I stand here just fine?” Chen Ping said with a mocking laugh!

After listening to Chen Ping’s words, General Qi was so angry that he almost vomited blood. Now that so many people were looking at him, and there were also many beast soldiers under his command, he had completely lost his face!

“Chen Ping, you have completely angered me, I will let you know the consequences...”

General Qi gritted his teeth, narrowed his eyes slightly, and said with a ferocious look on his face, full of murderous intent!

“I just keep irritating you. If you have any other tricks, just use them. Even without the dragon-slaying sword, I can still beat the shit out of you.”

“If you don’t want to die in a shameful way, then explode yourself and die. In this way, we can still hear the sound, and you deserve to die!”

Chen Ping is still stimulating and taunting General Qi!

General Qi couldn't bear it anymore. He seemed to be so grateful that his lungs were about to explode. So he roared, and the runes on his body flew into the air instantly. Then several golden lights shone on General Qi's body. The body started to tremble non-stop!

"Blessed by animal blood?"

"Mr. Chen, this guy is stimulating the blessing of animal blood, you have to be careful."

When the third elder saw this, he hurriedly shouted to Chen Ping!

"Blessed by animal blood?" Chen Ping was at a loss all the way, not knowing what kind of technique this was!

"Mr. Chen, the blessing of animal blood is a secret method that burns the blood essence and blood of their ancestors in their bodies to improve their combat effectiveness."

"These orcs will retain some of the genetic essence and blood of their ancestors. Burning this part of the essence and blood can instantly improve their combat effectiveness."

"However, such consequences will make their strength no longer improve, and some may even decline in strength and die of depression because of burning the blood of their ancestors!"

The third elder followed Chen Ping's introduction!

When Chen Ping heard this, he immediately understood that this was just like humans burning blood essence!

"Chen Ping, I want you to die. Even if I sacrifice my life, I can't insult the reputation of my ancestors!"

Along with General Qi's roar, the runes in the air fell on General Qi's body instantly, and then the runes were rapidly merging with every inch of General Qi's skin. From a distance, the dense runes looked like... It's like a bug crawling on General Qi's body!

At this time, the aura on General Qi's body was surging, and everyone in the Jade Cauldron Sect felt the pressure from General Qi!

Chapter: 4422

The beast soldiers looked at General Qi with reverence. You must know that not every beast clan can be blessed with beast blood. Although the blessing of beast blood will completely destroy the cultivation, it also represents the strength of the beast clan. Unyielding and sacrificial spirit!

"Mr. Chen, let's help you. I'm afraid you are no match for me alone!"

The third elder and Liu Ruyan stepped forward one after another!

Seeing this, Hu Yixiao also strode forward with the beast soldiers. A fight was about to begin!

"Stand back. With your strength, I'm afraid you won't even be able to get close!"

Chen Ping waved his hand and told the three elders to retreat!

Listening to Chen Ping's words, no one in the Jade Cauldron Sect felt anything wrong, because they knew that Chen Ping was telling the truth. If a fight really broke out, with General Qi's strength, they really wouldn't be able to get in front!

Liu Ruyan looked at Chen Ping at this time, filled with worry!

"Sect Master, I believe Mr. Chen, he will definitely be fine."

At this time Nie Heng said.

In Nie Heng's eyes, Chen Ping has become the representative of omnipotence. Chen Ping can defeat everything!

Liu Ruyan nodded, looking at Chen Ping's not tall figure, but at this moment he was full of domineering and arrogant. There was no one in the world to stop him. This was Chen Ping's arrogance from the bottom of his heart, even if General Qi's beast blood Blessing, Chen Ping still doesn't take it seriously!

But at this time, only Chen Ping himself knew that General Qi's strength was growing rapidly with the blessing of animal blood, and Chen Ping was not sure!

It's just that he can't show a trace of panic now. Now he is the backbone of everyone in the Jade Cauldron Sect. If he shows panic, many disciples of the Jade Cauldron Sect will probably be in chaos!

Buzz.....

There was a tremor in the void, the runes on General Qi's body stopped, and rays of light enveloped General Qi's body. At this time, the aura of General Qi's body had been elevated to a terrifying state!

"Chen Ping, it was you who forced me to give you the blessing of animal blood. I will make your life worse than death..."

After being blessed by animal blood, General Qi's voice became extremely rough and wild, like thunder and buzzing!

General Qi's face was even more ferocious, looking very terrifying!

"Let's do it, I've heard enough of your big words..."

Chen Ping said with disdain!

"Go to hell..."

General Qi roared, then stepped on his right foot, causing the whole earth to tremble, and then his body was like a ball of fire, heading straight towards Chen Ping!

Everyone could clearly feel that when General Qi attacked, his terrifying power had reached an unprecedented height!

Chapter: 4423

Seeing this, Chen Ping took a deep breath. With the blessing of General Qi's beast blood, his strength had far exceeded his expectations. Chen Ping did not dare to make any reservations anymore!

Buzz.....

The space shook, and then a huge bell appeared above Chen Ping's head. A terrifying wave of air rose into the sky, and then wrapped Chen Ping tightly!

The dragon-patterned clock appeared, and the aura emanating from the dragon-patterned clock enveloped Chen Ping tightly. The entire void became trembling because of the appearance of the dragon-patterned clock!

Everyone present couldn't help but look at the dragon-patterned clock above Chen Ping's head, and they were all shocked!

The Third Elder and the others had seen Chen Ping use the Dragon Pattern Bell. It was because of the Dragon Pattern Bell that Chen Ping subdued the ultimate monster within eight thousand feet!

General Qi looked at the dragon-patterned clock above Chen Ping's head and frowned, because he could clearly feel that the dragon-patterned clock contained an orcish aura!

"kill....."

Chen Ping shouted, and the Dragon-Slaying Sword appeared in Chen Ping's hand again. At this time, the Dragon-Slaying Sword in Chen Ping's hand was swung towards General Qi!

At the same time, the dragon pattern bell above his head burst out with a powerful force, tightly covering Chen Ping, providing Chen Ping with powerful protection!

boom!

Chen Ping's sword light collided with General Qi's, causing a deafening sound!

After the explosion, the terrifying power caused the earth to crack, and flying sand and rocks surged out in all directions!

The huge impact caused the surrounding houses to collapse instantly!

"Hide quickly....."

The third elder shouted and quickly stepped back!

Many people resisted through luck, but some people were still blown away by the shock wave!

Even Hu Yixiao and those beast soldiers were not spared!

For a time, many people vomited blood and flew far away, being affected by the aftermath of this terrifying battle!

Everyone looked horrified. With the aftermath of the battle, it was difficult for everyone to face it, let alone defend against the enemy head-on!

At this time, the third elder and Liu Ruyan finally understood why Chen Ping didn't let them come forward to help!

At this time, rubble in the air continued to shoot up, the earth trembled, and ravines appeared!

Everyone kept retreating. Amidst the huge rumbling noise, everyone could no longer clearly see the battle between Chen Ping and General Qi!

“Buzz...”

Chapter: 4424

There was a loud noise, like the sound of something hitting a bell hard!

When the smoke and dust dispersed, everyone discovered that it was General Qi who broke through Chen Ping’s sword light and punched Chen Ping hard!

However, because Chen Ping has the power of the Dragon Pattern Bell to protect his body, this punch seemed to hit the Dragon Pattern Bell, making a buzzing sound!

Even with the power of the Dragon Pattern Bell to protect his body, Chen Ping still felt that his internal organs were constantly rolling, and his face became ugly!

General Qi also frowned. He did not expect that with the blessing of his animal blood, this punch could not do anything to Chen Ping.

General Qi raised his head and glanced at the dragon-patterned clock. He knew that Chen Ping was fine. It must be because of the dragon-patterned clock!

Just when General Qi looked up at the dragon-patterned bell, the dragon-patterned bell suddenly grew larger and then shrouded him!

When General Qi saw this, his face was horrified, and his body suddenly retreated, avoiding the dragon-marked bell!

Although he didn’t know what kind of weapon this dragon-patterned bell was, he knew that if he was covered in it, he would definitely not get any good results!

General Qi transformed into a cheetah and moved so quickly that no one could even see General Qi’s shadow!

Chen Ping frowned slightly, a burst of spiritual power burst out from his body, and he muttered something.

Soon, the surrounding void began to twist and deform, and then pillars of light appeared. Then these pillars of light criss-crossed and enveloped the figures of Chen Ping and General Qi!

This is the magic circle set up by Chen Ping. General Qi is the transformed cheetah. His best thing is speed, so Chen Ping must find a way to confine the fighting space!

If the space were infinite, it would be difficult for Chen Ping to catch the figure of General Qi. With the blessing of this guy's animal blood, his speed has reached a perverted level, as if he was teleporting!

General Qi looked at the cage-like beams of light around him, and his expression suddenly changed: "Are you also an formation mage?"

"I know a lot of things, and I'll let you see them all today!"

Chen Ping had a cold look on his face, and then a burst of divine dragon power erupted, and the dragon-slaying sword buzzed.

And above the dragon-slaying sword, a flame rose, and the flame was burning. Although the flame was not big, the scorching temperature made people feel suffocated!

Chen Ping used the Demonic Ultimate Fire on the Dragon-Slaying Sword. With the sword's radiance plus the Ultimate Fire, and the addition of the dragon-patterned bell that could attack at any time in mid-air, Chen Ping didn't believe he couldn't control General Qi!

"Hmph, you know quite a lot of things, but the gap in strength between us cannot be bridged by a few weapons and secret techniques."

General Qi snorted coldly!

Chen Ping ignored him, but slashed out with his sword. The sword light was mixed with extreme fire, and he went straight towards General Qi. The dragon-patterned bell above his head was also constantly shrouding General Qi!

But General Qi was not in a hurry. When the sword light reached his eyes and the dragon pattern bell reached his head, General Qi's figure slowly disappeared!

Chen Ping's sword failed, and when he looked at General Qi, he had already reached the other side!

Chapter: 4425

"Hahaha, it's useless, you can't touch me at all!"

General Qi laughed because his speed was so fast that the person had disappeared, but in the eyes of others, the figure of General Qi's soldier was still there!

That's why this happened, Chen Ping's attack failed!

Seeing this, Chen Ping could only recall the Dragon Pattern Bell, hovering above his head. The power in the Dragon Pattern Bell constantly enveloped Chen Ping, protecting Chen Ping!

Facing General Qi at such a speed, Chen Ping frowned slightly. He wanted to use the Nine Shadows Sword Technique. In this way, he could occupy multiple positions. No matter where General Qi ran, Chen Ping could be the first. Time to attack!

However, the Nine Shadows Sword Technique consumes too much spiritual power, and Chen Ping may not be able to sustain it for long!

Just when Chen Ping was a little at a loss, he suddenly remembered the Bagan Desolate Ruler, and his eyes suddenly lit up. He quickly took out the Bagan Desolate Ruler. As the gems on the Bagan Desolate Ruler shone, fierce beasts appeared one after another. Got it!

The roar of the beast made the entire mountain range where the Jade Cauldron Sect is located seem to be boiling!

Seeing the beast that suddenly appeared, General Qi's expression condensed. He didn't expect that Chen Ping still had a magic weapon that he hadn't taken action yet!

"Attack..."

Chen Ping commanded those ferocious beasts to attack General Qi, and Chen Ping himself came up with a sword!

For a time, various shadows crisscrossed the formation, and no one could clearly see the battle!

With the help of various magical weapons and Zhihuo, Chen Ping managed to fight with General Qi to a draw without losing!

But Chen Ping knew that activating so many magical weapons, coupled with the ultimate fire, would consume a huge amount of Chen Ping's spiritual power. He didn't know how long he could control these weapons!

General Qi also had a look of horror on his face at this time. As the defender of Mingli King's City, he didn't even have a decent magic weapon in his hands!

But Chen Ping, a newly promoted monk in the Fusion Realm, actually has so many magical weapons!

The dragon-slaying sword, the dragon-patterned bell, the eight-stem desolate ruler, and the ultimate fire.....

"Fuck, that's so fucking unfair..."

General Qi was very dissatisfied. Why did Chen Ping have so many treasures?

The battle between the two people is still going on, but Chen Ping is very panicked at this moment. There is no solution at all if all this is wasted!

“It seems I can only use it...”

Chen Ping groaned, then retreated back and withdrew directly from the battle, leaving those beasts to pester General Qi!

Chen Ping, on the other hand, closed his eyes slightly, put away the Dragon-Slaying Sword, raised his palms toward the top of his head, and slowly raised it!

Everyone looked at Chen Ping’s actions and wondered what Chen Ping was going to do. At this critical moment, he even withdrew from the battle!

Chapter: 4426

Rumble.....

Suddenly, there was a thunderous sound in the sky, and then above everyone’s heads, a huge palm print slowly appeared!

In the middle of the palm print, there are dark clouds, and lightning is constantly flashing!

The huge palm print was slowly falling, and everyone felt the terrifying aura in the huge palm print!

“Thunder Palm? You...how do you know how to run Thunder Palm?”

General Qi looked up, his eyes instantly filled with fear!

He didn’t expect that Chen Ping would actually know the ancient secret skill of Thunder Palm!

While General Qi was distracted, several beasts swarmed up in an instant and directly surrounded General Qi!

Seeing this, Chen Ping quickly controlled the dragon-marked bell to fly over, and then the huge dragon-marked bell fell hard, enveloping General Qi and the beasts!

“Buzz buzz.....”

General Qi was trapped in the Dragon Pattern Bell and was suddenly shocked. The constant impact made the Dragon Pattern Bell buzz!

Chen Ping ignored it and slapped the Dragon Pattern Bell with his palm. At this moment, a bolt of lightning fell from the huge palm print above his head, followed by a thunder!

The palm of his hand slapped the dragon pattern clock hard, making a deafening sound!

With lightning and thunder, the Thunder Palm landed on the Dragon Pattern Bell, instantly penetrated the Dragon Pattern Bell, and hit General Qi hard!

General Qi was trapped in the Dragon Pattern Bell. No matter how fast he went, he couldn't avoid it. In addition, the buzzing sound from the Dragon Pattern Bell shook General Qi's internal organs!

General Qi spurted out a mouthful of blood, and finally fell to the ground with unwilling eyes. At this time, General Qi's internal organs had already been shattered!

It's just that a few ferocious beasts in the Dragon Pattern Bell have already died suddenly, but this is not important to Chen Ping. When the time comes, he can subdue a few ferocious beasts and put them within eight thousand feet!

Seeing that there was no movement in the dragon pattern clock, Chen Ping put away the dragon pattern clock and saw the body of General Qi. His eyes widened and he fell to the ground unwillingly!

General Qi died, everyone in the Jade Cauldron Sect breathed a sigh of relief, and even Chen Ping breathed a sigh of relief.

When Hu Yixiao looked at General Qi's body, he was stunned!

Chen Ping withdrew the formation, put away all the magic weapons, and looked at Hu Yixiao coldly.

“Hu Yixiao, if you ask me to kill you, will you commit suicide?”

Chen Ping asked!

Hu Yixiao’s face was extremely ugly. After rolling his eyes in a circle, he suddenly turned around and ran away!

Chapter: 4427

There was no way he could just sit back and die!

As soon as Hu Yixiao ran away, the beast soldiers followed Sayazi and fled for their lives!

When the third elder saw this, he led his men and wanted to give chase, but was stopped by Chen Ping!

After stopping the third elder, Chen Ping’s face turned pale and he spat out a mouthful of blood in an instant!

Chen Ping’s body also fell backwards heavily at this time!

After fighting with General Qi, Chen Ping used all his methods to barely kill him. Chen Ping himself was almost exhausted and his body was extremely weak!

“Mr. Chen.....”

“Chen Ping.....”

The third elder and Liu Ruyan kept shouting, but Chen Ping closed his eyes tightly and remained motionless!

“Third Elder, go immediately and get all the high-grade elixirs from the Jade Cauldron Sect.”

“Chen Ping is suffering from excessive spiritual energy consumption and physical weakness. We need to help him recover as soon as possible!”

Liu Ruyan quickly ordered to the third elder!

Then he asked everyone to carry Chen Ping into Liu Ruyan’s boudoir. Liu Ruyan had to take care of Chen Ping personally!

Demon Imperial City!

Huben was released from the water prison!

Moreover, Huben held a banquet in his mansion and invited Demon Emperor Yihe and Princess Isha to have dinner!

“Dad, why does this Huben invite us to dinner after you punished him? Doesn’t he hold grudges against you?”

Princess Isa asked in confusion!

“Maybe he feels that what he did was wrong and wants to have a meal and apologize!”

Demon King Yihe said!

“I always feel like Hu Ben has changed, and that Li Xing left without even saying hello!”

Princess Isa frowned slightly and said!

“Okay, don’t be suspicious. Huben has been with me for many years. I know very well what kind of person he is. This guy is a reckless man and doesn’t have that much thought.”

“Otherwise, I wouldn’t have let him serve as the guard general for so many years. This is a very important position!”

Chapter: 4428

“Hu Ben just invites you and me to dinner, and everything will be fine!”

Demon Emperor Yihe said with a smile!

“I hope so, I always feel like this is the Hongmen Banquet!”

Princess Isa said!

“Hahaha, what’s the Hongmen Banquet? This is in the Demon Imperial City. Is there anyone who dares to harm me?”

Demon Emperor Yihe laughed heartily.

This is his Demon Imperial City, who can harm him in his territory?

When Isha saw this, she didn’t say anything. Maybe she really thought too much, and Hu Ben shouldn’t have any evil intentions!

Demon Emperor Yihe took Isha to Huben’s mansion!

Huben had been waiting at the door for a long time. When he saw Demon Emperor Yihe and Isha coming, he immediately rushed forward with excitement on his face!

“Demon Emperor, I’m so happy that you can come. I was worried that I would do something wrong and make the Demon Emperor and Princess unhappy, and you wouldn’t come to reward me!”

Huben said with a humble look!

“How could it be? You and I have been masters and servants for many years, and I understand your character. You are prone to rushing, but you must consider the consequences of anything you do in the future.”

Demon Emperor Yihe patted Huben on the shoulder and said!

“The Demon Emperor’s lesson is right. I will definitely remember it. Please come in quickly...”

Huben made a gesture of invitation!

Demon Emperor Yihe and Princess Isha walked into Huben’s mansion, and a table of delicacies had already been placed!

Huben entertained him warmly. Demon Emperor Yihe was very happy with the meal and even drank some wine with Huben!

Princess Isa was wary at first, but then she relaxed her guard after seeing that nothing happened!

After having enough wine and food, Demon Emperor Yihe and Princess Isha left Huben’s mansion!

It wasn’t until she returned to the palace that Princess Isa finally felt relieved!

“Isa, I told you everything would be fine. That tiger is very loyal and there is no way he could harm me.”

“You go back to sleep, I’m going to rest too!”

Demon Emperor Yihe staggered back to the room, obviously drunk!

Chapter: 4429

Seeing this, Princess Isa also returned to her room!

At this time, in Huben’s mansion, Huben looked coldly in the direction of the palace, with a cold light in his eyes!

At this time, a figure slowly appeared and said to the Hu Gang: “Brother Hu Ben, how are you? Did you succeed?”

“Brother Li Xing, don’t worry. I’ve already put the medicine in the food for the Demon Emperor and Princess to eat.”

“Their effects will kick in tomorrow!”

Huben said with a cold smile!

“That’s good. The people I brought are also ready to be in place. As soon as the medicine takes effect tomorrow, I will lead people to attack the Demon Imperial City. When the time comes, Brother Huben will act as an internal agent, and the Demon Imperial City will be ours!”

Li Xing said with excitement!

“Well, I will have my confidants ready tomorrow. Anyone who dares to disobey my orders will be killed without mercy...”

There was a cold light in Huben’s eyes. Huben, who had turned black, became extremely cruel to his own people!

Li Xing laughed, and then his figure slowly disappeared into the darkness!

Early the next morning.

Yihe was woken up by the noise, and then faced the displeasure and said: "Who is making a lot of noise outside, and why don't you let me sleep..."

"Demon Emperor, it's not good, it's not good..."

Elder Pei ran into Demon Emperor Yihe's palace with an anxious look on his face!

You must know that no one can enter here without the summons of Demon Emperor Yihe, but today Elder Pei broke in!

"Elder Pei, what happened?"

Seeing Elder Pei's anxious look, Demon Emperor Yihe knew that something must have happened!

"Demon Emperor, something bad has happened. Li Xing led many soldiers from Mingli King City and began to attack our Demon Emperor City..."

Elder Pei said!

"What?"

When Demon King Yihe heard this, he jumped up from the bed instantly, and then asked: "Is Li Xing the only one leading the army? Is King Li coming?"

"I didn't see that. Now General Huben is leading people to resist at the city gate!"

Elder Pei replied!

Chapter: 4430

When Demon Emperor Yihe heard this, he breathed a sigh of relief and said, "Our two families haven't had such a big conflict for many years. What does this Li Xing want to do?"

"If his father doesn't come forward, with his strength, can he still capture my Demon Imperial City with his men?"

Demon Emperor Yihe didn't believe that with Li Xing's ability, he could lead people to capture his Demon Emperor City!

If that were the case, he would no longer have to be the Demon King!

"Father, what's wrong....."

Princess Isa also got up at this time, listening to the noise outside and asked!

"Then Li Xing brought people to attack our Demon Imperial City."

Demon King Yihe said!

"What? Is he crazy? Is it because I don't want to marry him that he wants to attack our Demon Imperial City?"

Princess Isa was very surprised. She didn't expect Li Xing to be so bold!

"Let's not talk about it for now. Let's go out and check the situation."

“If this Li Xing has a grudge and impulsively leads people to attack our Demon Imperial City, I will punish him.”

“But if it has been planned for a long time and King Li knows about it, then this time we will officially declare war on King Mingli’s city!”

Demon Emperor Yihe leads Princess Isha towards the city gate!

At this time, outside the wide city gate, Li Xing led a group of dark soldiers. When Li Xing sat down, an elephant that was more than ten meters high kept roaring!

Huben, on the other hand, led the Imperial City Guards, all of whom were ready to confront each other!

Huben saw Demon Emperor Yihe coming and said quickly: “Demon Emperor, it’s too dangerous here. You should go back to the palace!”

“Is there any danger? If only Li Xing comes, what can he do to me...”

Demon Emperor Yihe smiled coldly and said nonchalantly!

Standing on the city wall, Demon Emperor Yihe looked at Li Xing below and said sternly: “Li Xing, since you dare to lead troops to attack my Demon Emperor City, is this what your father meant?”

“Of course, you old guy, go back on your word and play with me, Mingli King City, how can my father be able to swallow this breath.” Li Xing snorted!

“Li Xing, you are so brave. You dare to say this about my father. Do you believe I will kill you?”

Princess Isha was furious when she saw that Li Xing actually called Demon Emperor Yihe an old thing!

“Hahaha, you want to kill me? Can’t you see that my people have surrounded your entire Demon Imperial City?”
