

The Order 4451

Chapter: 4451

The third elder said to Liu Ruyan!

When Liu Ruyan heard this, he thought this was an idea, so he looked at Chen Ping and said, “Chen Ping, if you are not in a hurry, I will take you to the pharmacist association. There will be all kinds of medicinal herbs there!”

“No hurry, when will the pharmacist start?” Chen Ping asked!

“It starts in three days, but the distance is too far. We have to leave early and leave tomorrow!”

Liu Ruyan said!

“Does it need to be so many days in advance? If it’s a long distance, isn’t there a teleportation array?”

Chen Ping knew that there was a teleportation array in the world of heaven and man.

After Chen Ping finished speaking, Liu Ruyan and the third elder all looked at Chen Ping like a fool.

“Mr. Chen, don’t you know that the teleportation array can’t just teleport anywhere.”

“Even if we have a teleportation array here to teleport to Jialing County, the resources required to activate a teleportation array are very scary. If it is not an urgent matter, no one will use it.”

The third elder followed Chen Ping and said!

When Chen Ping heard this, he laughed awkwardly, and then asked: “Then let’s just walk on two legs?”

Although Chen Ping and the others are now strong enough to fly with their swords, they consume a lot of spiritual power just to travel and fly with their swords, which is not worth the gain!

You must know that as the realm improves, everyone's cultivation becomes more and more difficult, and more and more resources are consumed. This sword flies two thousand kilometers, and even if it can fly, it is estimated that the physical strength will be exhausted after it arrives!

"That's not true. Feitian Sect is not far from our Jade Cauldron Sect. There are many airships there. We can use airships to get there."

Liu Ruyan said!

"Airship?" Chen Ping looked surprised. He still didn't know, why is there such a thing in the world of heaven and man?

Shouldn't airships be something from the secular world?

I'm afraid there are no airships even in the secular world, they are just civil aircraft and the like!

"Yes, the Feitian Sect relied on airships to make money and then developed. As long as each of us pays a certain amount of spiritual coins, we can ride on the airship."

"It's just that this airship is expensive to build, so the distance is too short. There is no airship to ride on, so we have to walk."

"For example, when we go to Jialing County, there are actually no airships for the two thousand kilometers away. It's just that because of the medicine refining meeting, Feitian Sect will open two airships to Jialing County every time during this period."

Liu Ruyan followed Chen Ping and explained!

"Get it, it's like an airplane flight, right?"

Chapter: 4452

Chen Ping realized that this airship was probably no different from an airplane in the secular world!

There are no flights for short distances. You can't just let the plane land right after taking off, right?

"Airplane flight? What is that?"

Liu Ruyan looked at Chen Ping with a puzzled look!

"Oh, it's nothing. I understand. Then I'll prepare. We'll set off tomorrow!"

Chen Ping turned around and returned to the room, told Demon Emperor Yihe and asked him to prepare and accompany him when the time comes. Maybe when they get to Jialing County, they can find a way to cure Demon Emperor Yihe!

Just as Chen Ping was heading to the Pharmacist Association, Princess Isha was being guarded by two followers, constantly avoiding the pursuit of Huben's men!

"Princess Isa, let's change the direction. I found that our whereabouts have been exposed."

One of the followers said!

"I can't change. I want to go to the Jade Cauldron Sect. I want to find Chen Ping. Even if I die, I will die in his arms..."

Princess Isa said with firm eyes!

But just as Princess Isa finished speaking, a breath came from behind in an instant!

The expressions of Princess Isa and her two attendants changed.

“Princess, run quickly, we will buy you some time...”

The two followers did not expect that the pursuer would come so quickly, so they told Princess Isa to run quickly!

Princess Isa glanced at her entourage. Although she was reluctant to give up, there was nothing she could do about it. She knew that these two followers were unlikely to be alive!

Princess Isa gritted her teeth and ran forward desperately. Because the strength in her body was suppressed, Princess Isa did not run fast!

Before she ran very far, Princess Isa heard the sound of weapons clashing behind her, followed by screams!

But Princess Isa didn't dare to stop and kept running as hard as she could!

the next day!

Chen Ping took Demon Emperor Yihe and set off with Liu Ruyan and the third elder!

“Nie Heng, during my absence, you must take good care of the Jade Cauldron Sect so that nothing can go wrong.”

Liu Ruyan warned Nie Heng!

“Sect Master, please rest assured, I will take good care of the Jade Cauldron Sect.”

Chapter: 4453

Nie Heng nodded!

Seeing this, Liu Ruyan smiled with satisfaction, and then led Chen Ping and the others to Feitian Sect!

Chen Ping took Demon Emperor Yihe with him, and then the group of people ran quickly. It only took half a day to arrive at Feitian Sect!

Chen Ping looked at the thick city walls and the huge city in front of him. Chen Ping couldn't believe it. This was actually a sect?

This is obviously a city, how could it be the Feitian Sect?

But above the city entrance, there are three words "Feitian Sect" written on it!

Only then did Chen Ping have to believe that they were coming from the Feitian Sect!

"Mr. Chen, this Feitian Sect not only runs the airship business, but also does all kinds of business. Especially during this period, because the Medicine Master Association is about to start, many people come back here to take the airship!"

"So now this is the busiest time, and there are the most people selling things."

"Maybe we can get the medicinal materials you need here!"

The third elder said to Chen Ping!

"Okay, let's go in!"

Liu Ruyan waved her hand, and everyone walked into Feitian Sect!

After entering, there were people selling things everywhere, and in the center of Feitian Sect, an airship that was hundreds of meters long was parked there!

It was the first time for Chen Ping to see an airship, and he felt a little curious. However, when he saw three large pterosaurs in front of the airship, they were tied to the airship by thick iron chains. Moreover, these pterosaurs had The formation patterns are flowing, and it is obvious that they are controlled by the formation!

Demon King Yihe looked at the pterosaur in front of him with a look of surprise on his face. Although he had heard of the airships used by humans, he never expected that this airship was actually towed by a three-headed pterosaur!

The three-headed pterosaur was originally resting on the ground. Many people passed in front of them. It didn't seem strange that people were coming and going!

And just after Chen Ping approached, the three pterosaurs that were resting all opened their eyes together. After looking up at Chen Ping, the three pterosaurs lay down again!

“Is this airship powered by these three pterosaurs?”

Chen Ping looked at Liu Ruyan and asked!

“Of course. If it doesn't rely on pterosaurs, how can it be driven by human power?”

“But this airship is also equipped with formations, so if there are people inside, it will also make this airship as light as a feather and can fly very fast!”

Liu Ruyan explained!

When Chen Ping heard this, he didn't say anything anymore. After all, this is the world of heaven and humans, unlike planes in the secular world, which can be driven by engines and filled with aviation fuel!

Chapter: 4454

Where can I find an engine in Tianren Realm?

In fact, what Chen Ping should have thought of from the beginning is to use a three-headed pterosaur to drive the airship, which is weird enough!

“Yihe, which beast king of your beast clan do these three pterosaurs belong to?”

Chen Ping wanted to ask, among the Three Sovereigns and Four Kings of the Beast Tribe, who has such monsters as pterosaurs under his command?

“Mr. Chen, although this pterosaur is also a beast tribe, it is not under the jurisdiction of our three emperors and four kings. They belong to the dragon tribe and are of a single lineage.”

“Although this pterosaur is not a pure dragon bloodline, it can still be regarded as a lineage of the dragon clan. We have no right to control it.”

“Looking at the situation of these three pterosaurs, it is very likely that they were captured by other beast kings and sold to the Feitian Sect. It is also very common for many beast kings to capture some monster beasts that are not under their jurisdiction and then sell them to the human race!”

Yihe whispered after Chen Ping!

After hearing this, Chen Ping frowned instantly. It seems that in the human world, the human race and the beast race are all the same. They will do anything for their own interests. In their eyes, there is no such thing as a fellow race!

But Chen Ping couldn't watch the three-headed pterosaur suffer this disaster. Although Chen Ping had never seen his father, Chen Ping knew that the blood of the dragon clan must be flowing in his body!

Although these three-headed pterosaurs are not dragons with pure blood, they can still be regarded as a kind of dragons. Chen Ping cannot turn a blind eye!

“Okay, there’s still a little time before departure, let’s go for a walk first...”

Liu Ruyan said!

After all, for women, the most favorite thing is to go shopping. Whether in the secular world or the heavenly world, a common problem among all women is that they like to go shopping. Although Liu Ruyan is the leader of the Jade Cauldron Sect, she is no exception!

Chen Ping and his group were wandering around the Feitian Sect. There were many stalls selling some elixirs, animal elixirs, medicinal herbs, and some runes!

After all, many monks don’t know the magic of talismans, so some commonly used jade slips for sound transmission, fire escape talismans, water escape talismans, etc. are all directly sold. After all, such simple spells can be drawn by a spell master. of!

“Chen Ping, if you like any herbs, just buy them and I’ll pay the bill for you...”

Liu Ruyan said to Chen Ping!

After all, as the leader of the Jade Cauldron Sect, Liu Ruyan is still very rich, not to mention that the Jade Cauldron Sect has many disciples practicing medicine outside, and part of the spiritual coins earned are handed over to the Jade Cauldron Sect!

“Are you asking me to eat soft food?”

Chen Ping smiled at Liu Ruyan and said!

“What? Doesn’t the soft rice taste delicious? Don’t you want to eat it?” Liu Ruyan glanced at Chen Ping with a flirtatious look and said!

“I would like to eat soft rice, but there are still many things waiting for me to do, so there is no way to eat soft rice!”

Chen Ping smiled slightly and said!

Chapter: 4455

“Mr. Chen, I still have some spirit coins here. Buy whatever you need.”

Demon Emperor Yihe whispered to Chen Ping!

As the Demon Emperor of Demon Emperor City, Demon Emperor Yihe’s wealth is also immeasurable. Although Demon Emperor Yihe escaped from Demon Emperor City, there are also many spirits in Demon Emperor Yihe’s storage bag. currency!

“Just take a look, you don’t have to buy anything!”

Chen Ping actually glanced at the two booths and found nothing of value!

Liu Ruyan was different. She was curious about everything she saw. After all, she had been comatose in the secret cave for so many years and had never seen many things!

So Liu Ruyan bought a lot of things, and Chen Ping became the one carrying the bags!

The third elder called Demon Emperor Yihe to leave. He was deliberately creating a world for Chen Ping and Liu Ruyan!

Liu Ruyan’s uncontrolled spending also attracted the attention of three people, who had been quietly following Chen Ping and Liu Ruyan!

Although Liu Ruyan didn’t notice it, Chen Ping had already discovered it!

“Are you okay? We are going to a pharmacist meeting, not traveling. You actually bought so many things...”

Chen Ping was speechless for a while!

If Chen Ping didn't have a storage ring, Chen Ping wouldn't know where to put so many things!

"That's how you men are, you rush in whenever you go shopping..."

Liu Ruyan pouted and said dissatisfiedly like a little woman!

Looking at Liu Ruyan's appearance as a little woman, Chen Ping was in a trance for a while. Chen Ping quickly shook his head to wake himself up!

"Let's go, don't waste time!"

Chen Ping actually wanted to find a way to save the three pterosaurs before setting off!

However, Chen Ping knew that it would obviously not work to rescue the pterosaur blatantly. Since the Feitian Sect dared to fix the three-headed pterosaur and the airship in the square in the middle, he certainly wouldn't be afraid of others thinking about it!

"Okay, let's go..."

Liu Ruyan could only reluctantly follow Chen Ping back!

Just when two people were passing by a remote place, three auras suddenly locked the two of them instantly.

Only then did Liu Ruyan realize it. She looked panicked and hurriedly drew her weapon!

At this time, three masked men stood in front of Chen Ping and the others!

Chapter: 4456

“I opened this road and planted this tree. If you want to pass through this, I will leave money to buy the road...”

One of the masked men shouted!

“Robbery?” Chen Ping looked at the three of them and asked with a very relaxed expression!

Liu Ruyan looked at the three people in front of him and frowned: “Three Phantom Thieves?”

As soon as Liu Ruyan’s words came out, the three masked men were stunned, and then laughed loudly: “I didn’t expect that we are so famous, and someone actually knows us!”

“Yes, we are the Three Phantom Thieves. If you don’t want to cause trouble, just take out the money.”

“Aren’t you three already caught?” Liu Ruyan asked in confusion!

“Huh, our captor hasn’t even been born yet. What kind of cages and chains are there in this world that can trap us!”

The boss of the Three Phantom Thieves said!

But this boss is not bragging. The three of them are indeed quite capable. No matter what kind of chains or cages with array patterns, the three of them can easily break them!

“We still have something to do, get out now, you can still survive!”

Chen Ping looked at the three very funny guys in front of him and said coldly!

“Holy shit, you’re so crazy!” The third of the three Phantom Thieves looked at Chen Ping: “Boy, just because of what you just said, it’s at least one hundred and fifty spirit coins. If it’s one less, believe it or not. Are we, the third brother, going to skin you and cause cramps?”

“Then let’s play with your girlfriend again. This is the first time we’ve met such a beautiful woman!”

“Wantless, do you know who I am?” Liu Ruyan said angrily when she saw that the three monster thieves were speaking rudely to her!

“We don’t care who you are, either keep your money or your life...”

The boss of the Three Phantom Thieves said!

“You three guys are simply looking for death...”

“This is the Feitian Sect. Aren’t you afraid of robbing the Feitian Sect’s territory and being arrested by the Feitian Sect?”

Liu Ruyan asked!

“Hahaha, the Feitian Sect has arrested us several times, but we still didn’t come out easily. Their dungeon cannot contain us three brothers at all.”

“Stop fucking talking nonsense, hurry up and get the money...”

The boss of the Three Phantom Thieves is a little impatient!

“Huh, if you can, just come and get it yourself!”

Chapter: 4457

Liu Ruyan snorted coldly, and the long sword in his hand instantly moved towards the three of them!

“Hmph, you don’t overestimate your capabilities...”

The leader of the three outstanding monster thieves also snorted coldly, and then the three figures disappeared in an instant!

Then, when Liu Ruyan was shocked, the three of them came behind Liu Ruyan at the same time and grabbed Liu Ruyan!

“Don’t you three take me seriously?”

When Chen Ping saw the three guys attacking Liu Ruyan, he waved his hand suddenly, and a ray of light instantly enveloped the three of them!

In the light, countless runes began to flicker and rotate, forming a cage, locking the three guys inside!

Liu Ruyan had already turned around at this time, looking at the three monster thieves behind her, she couldn’t help but break out in a cold sweat!

She didn’t expect that these three guys would be so fast!

“Boy, you still want to use formations to trap us. It’s ridiculous. You have forgotten the reputation of our three masters of Phantom Thieves!”

“In this world, there is no taboo formation that we cannot break, and there is no spiritual energy chain that we cannot open!”

After the leader of the Three Phantom Thieves finished speaking, the three of them waved their palms at the same time, and a purple light flickered from the palms of the three people, and then shone on Chen Ping’s formation cage!

As the formation cage trembled, the bodies of the three people slowly became transparent and then disappeared!

Immediately outside the formation cage, the bodies of three people appeared again!

At this time, Chen Ping's formation cage was still there and had not been destroyed!

This time, Chen Ping felt a little surprised. His formation cage was not damaged, but these three guys actually escaped!

There's something amazing about this!

"Hahaha, if we don't have some real skills, do you think we dare to block the road and rob?"

The boss of the Three Phantom Thieves laughed loudly!

Chen Ping looked at the three guys in front of him and became curious about their skills. He wanted to know how these three guys escaped from inside without destroying their formation!

Chen Ping looked at the three crazy people, then turned his palms, and the ground suddenly trembled, and lines of light instantly poured out from the ground, covering the three people!

Immediately afterwards, Chen Ping injected spiritual energy into the formation.

"Hahaha...are you still doing this?"

The boss of the Three Phantom Thieves suddenly burst out laughing when he saw that Chen Ping actually used a confinement formation to trap them!

Chapter: 4458

But Chen Ping ignored it, and a flame began to beat slowly on his fingertips 1

Chen Ping threw the flames on his fingertips towards the formation!

boom!

The formation trembled for an instant, and then flames burned on top of the formation. The three heroes of the Phantom Thieves were all surrounded by scorching flames!

“Want to burn us to death? You think too simply...”

The second of the three monster thieves smiled disdainfully, and then waved a spiritual whirlwind from his palm. He planned to use the whirlwind to blow out the flames!

But when the whirlwind blew, the flames not only did not go out, but became even more intense!

At this time, the three heroes of the Phantom Thieves were all panicked, and they all screamed!

And the three of them hurriedly cast spells, but they couldn't escape from the formation!

“What kind of flame is this? Why is it so fierce?”

The boss of the Three Phantom Thieves was shocked and said!

“It seems you don't have anything special to do.”

“You actually don't even recognize the demon Zhihuo.”

Chen Ping looked at the three people who were screaming and said with a disdainful smile!

“Demon to the Fire?”

The three of them were shocked at the same time: “Are you a demon cultivator?”

“Is it true that only demon cultivators can possess the demonic fire? I really don’t have any knowledge at all...”

Chen Ping cursed!

The three of them did not dare to refute. Feeling the heat of the fire around them, the three of them finally gave in!

“Spare your life, sir, please spare your life. The three of us are willing to be like cows and horses, please spare our lives!”

“The three of us just robbed some money and never hurt anyone’s life.”

The Three Phantom Thieves desperately knelt down and begged for mercy!

They don’t want to be killed. Now that the formation is surrounded by fire, the three of them have no way to escape!

“You three are really for my use?”

Chapter: 4459

Chen Ping asked!

“Sincerely, we are all sincere...”

The Three Phantom Thieves said quickly!

“Okay, I believe you for the time being. If I know that you lied to me, I will make your life worse than death!”

After Chen Ping finished speaking, he waved his hand lightly and the flame was extinguished instantly!

The moment the flames went out, the three monster thieves hurriedly hit the formation with a purple light, and their three bodies also disappeared from the formation and appeared outside the formation!

The three people were sweating profusely, and the shock on their faces still hadn't dissipated!

“Thank you for not killing me, uncle!”

The boss of the Three Phantom Thieves quickly knelt down to thank Chen Ping!

The other two people also knelt down and thanked them one after another!

“I spared you because you might still be useful. If you are useless when I use you, then you should know what will happen to a useless person!”

Chen Ping said coldly!

“Understood, we understand, as long as we are used, we three brothers will never look back!”

The Three Phantom Thieves hurriedly said!

In the subsequent chat, Chen Ping learned that the reason why these three guys embarked on the road of robbery was because they accidentally learned a way to travel through space in a ruins.

However, this kind of space shuttle has very strict distance requirements. It is only a short distance of ten meters. They just used this technique to escape from the formation. They first used their strength to open a slight gap in the formation. As long as the space inside and outside the formation is connected, they can then use the space to shuttle and escape!

When Chen Ping heard this, he suddenly realized that he originally thought that the three monster thieves had such high abilities, but it turned out that they used this kind of space travel!

However, this technique is indeed good, but the distance is too short. It is similar to the Qiankun Circle used by Ning Zhi before. The Qiankun Circle is considered a magic weapon and can travel hundreds of meters. It was only used a few times because it was damaged. , it's damaged!

“If you three brothers want to listen to me, then hand over your souls, so that I can believe you!”

Chen Ping said to the Three Phantom Thieves!

“this.....”

Upon hearing that they were about to hand over their souls, the three brothers all hesitated. You must know that handing over your souls would be equivalent to handing your lives into Chen Ping's hands!

Seeing the hesitation of the three people, Chen Ping snorted coldly and said: “Since you don't want to hand over your souls, then hand over your lives. But don't worry, I just kill you and will not destroy your remaining souls.” ! ”

“Maybe you are lucky and can be resurrected after many years...”

Chapter: 4460

Chen Ping said, and he was about to take action. This time he scared the three Phantom Thieves to death!

“Sir, spare your life, we will hand it over, we will hand it over...”

The three monster thieves quickly forced their souls out of their bodies!

Chen Ping put away the life souls of the three people, and with a wave of his hand, all the cloth covering the faces of the three people flew out!

“Follow me from now on and don’t do sneaky things. If you need anything, you can tell me...”

Chen Ping said to the three of them!

“Okay, from now on you will be our boss, and we will all obey you.”

The boss of the Three Phantom Thieves hurriedly said!

But just after I finished speaking, my stomach started growling. It was obvious that the three of them hadn’t eaten yet!

So Chen Ping took them to a luxurious tavern and had a big meal!

Through communication, the three heroes of the Phantom Thieves also knew the identity of Liu Ruyan. After all, the Jade Cauldron Sect was also very famous in the area. Liu Ruyan turned out to be the leader of the Jade Cauldron Sect. This made the Three Phantom Thieves feel that they were out of luck. Such a big backer!

After having their fill of wine and food, Chen Ping and the others walked towards the airship in the central square. The time for the airship to take off was coming soon!

Since the three heroes of the Phantom Thieves recognized Chen Ping as their boss, they followed them to Jialing County together. After all, the tickets for a few more people are not much more expensive!

This money is just drizzle to Liu Ruyan...

The Third Elder and Demon Emperor Yihe had been waiting in the airship for a long time. When they saw Chen Ping and Liu Ruyan coming back, they rushed to greet them. However, when they saw the three heroes of the Phantom Thieves, they were all stunned!

Chen Ping quickly introduced them, and then the third elder bought tickets for the three heroes of the Phantom Thieves, and everyone got on the airship!

The airship is extremely huge, over a hundred meters long, and the interior is also very spacious and comfortable!

Moreover, there are many members of the Feitian Sect inside the airship, doing service work. After all, the Feitian Sect relies on the airship to make money and exchange for resources. Of course, it must be perfect!

It was probably the first time for the three Phantom Thieves to fly on an airship, so they seemed a little excited, while Chen Ping had a solemn look on his face, because he had been thinking about how to save the three pterosaurs!

Demon Emperor Yihe saw Chen Ping's expression and knew what Chen Ping was thinking, so he whispered: "Mr. Chen, this is the Feitian Sect. If you want to save the three-headed pterosaur here, it will be very difficult. , you can choose to save the pterosaur halfway!"

"It's just that the passengers on the airship will have strong opinions by then, and someone might even take action against you!"

Demon Emperor Yihe analyzed to Chen Ping that after all, the people who can board the airship and go to Jialing County are not ordinary people!

"Chen Ping, do you want to save the pterosaur pulling the airship?"

Although Demon Emperor Yihe spoke very quietly, Liu Ruyan still heard it!
