

The Order 4461

Chapter: 4461

Chen Ping nodded. There was no need for Chen Ping to hide anything from Liu Ruyan!

“Don’t be ridiculous. This pterodactyl is very important to the Feitian Sect. If you want to save the pterodactyl here, it is simply impossible. By then, we may not even be able to get out of the Feitian Sect!”

“Although Feitian Sect is mainly engaged in business, Feitian Sect has many masters. Otherwise, Feitian Sect’s wealth would have been targeted long ago!”

Liu Ruyan warned Chen Ping!

“If you can’t take action here, then take action halfway. I must save these three pterosaurs!”

Chen Ping said firmly!

Liu Ruyan looked at Chen Ping’s determined eyes. Although she didn’t know why Chen Ping wanted to save the pterosaur, since Chen Ping was so determined, she could only support Chen Ping.

As the saying goes, husbands sing and wives follow, Liu Ruyan has regarded herself as Chen Ping’s woman, of course she will support whatever Chen Ping wants to do!

“Then we’ll find a way to take action on the way, but don’t let these passengers know that we let the pterodactyl go, otherwise they will be targeted.”

Liu Ruyan said!

“Are these people going to Jialing County to attend the Pharmacist Association? Aren’t they all pharmacists?”

Chen Ping was a little surprised. Didn't he say that there were not many sects mainly engaged in refining medicine? How come so many people from this area went to Jialing County!

"They are not pharmacists. Many people go there to join in the fun and see if they can find some magical elixirs. They can also discuss cooperation with a certain medicine refining sect at the pharmacists' association."

Liu Ruyan explained.

When Chen Ping heard this, he realized that although the medicine refining meeting was a competition between pharmacists, it also had the function of an exhibition!

"Then do you know how many of these pterosaurs the Feitian Sect has?"

Chen Ping asked Liu Ruyan.

"I don't know either!"

Liu Ruyan shook her head. After all, Liu Ruyan had been in a coma for many years, and she didn't know many things!

"Boss, this Feitian Sect has these three pterosaurs..."

"This kind of pterosaur is difficult to capture. The airship pulled by a pterosaur has a high ticket price, but it is only pulled by a pterosaur for such a short distance. After all, if the journey is too long, the pterosaur cannot carry it!"

"Many airships use formations and use crystals as power. The mountain in the southwest of the Feitian Sect produces crystals and has been mined by the Feitian Sect!"

The boss of the Three Phantom Thieves stuck his head out from behind and explained after Chen Ping!

When Chen Ping heard that there were only these three pterosaurs, he felt more relieved. All he had to do was save these three pterosaurs!

Chapter: 4462

If there were many pterosaurs in Feitian Sect, Chen Ping might not have the strength to save them all!

“Everyone, please sit tight, the airship is about to take off...”

Accompanied by a Feitian Sect staff member’s reminder!

Soon, the airship began to shake, and Chen Ping saw that a member of the Feitian Sect was whipping the pterosaur hard with a long whip!

The three pterosaurs who were originally resting let out bursts of wailing after being whipped, then slowly stood up and kept waving their wings!

The three-headed pterosaur was waving its wings desperately, and the airship that was over a hundred meters was moving little by little!

It can be seen that these three pterosaurs are struggling very hard, but the people from the Feitian Sect don’t care at all and keep beating the pterosaurs with whips!

When Chen Ping saw this scene, the murderous aura began to fill his eyes. He wished he could rush down now and kill the people from the Feitian Sect!

After a few minutes of hard struggle, the airship finally left the ground, and then, pulled by the three-headed pterosaur, it slowly rose into the air!

Then the airship flew towards Jialing County. After the airship started, many people who were flying airships for the first time couldn’t help but look out!

Even Chen Ping and the Three Phantom Thieves were constantly looking out through the windows!

Soon, the airship flew out of the Feitian Sect's territory, but Chen Ping could no longer sit still. Seeing the three-headed pterosaurs working hard to pull the airship, the anger in Chen Ping's heart continued to rise!

Just when Chen Ping was about to stand up, he was grabbed by Liu Ruyan, and then he winked at Chen Ping, signaling Chen Ping not to move!

"You three, sneak into the front cabin and release the pterosaur..."

Liu Ruyan said to the Three Phantom Thieves!

The three monster thieves were stunned. Although they didn't understand why Liu Ruyan asked them to do this, but their lives were in Chen Ping's hands, they could only do it!

The Three Phantom Thieves stood up and walked straight to the front. At this time, many people had their eyes closed, either practicing or sleeping. No one paid attention to the movements of the Three Phantom Thieves!

At this moment, the airship has stabilized, and several Feitian Sect members are gathering together to chat!

The three Phantom Thieves quietly arrived in front of the airship, and when no one was paying attention, they used time and space to travel and instantly entered the front cabin!

There are three Feitian Sect members in the front cabin, watching the three-headed pterosaurs flying. As long as any pterodactyl slacks off, these Feitian Sect members will whip it!

The appearance of the three heroes of the Phantom Thieves did not attract the attention of the three Feitian Sect members. Just when the three members of the Feitian Sect were looking at the three-headed pterosaur, the Three Heroes of the Phantom Thieves were already behind them.

The three of them took action quickly, and three members of the Feitian Sect were killed directly. The three heroes of the Phantom Thieves were considered ruthless people, and they did not hesitate at all when they took action!

After taking care of the three members of the Feitian Sect, the Three Phantom Thieves came to the front. At this time, three iron chains as thick as arms appeared, and tied to the other end of the iron chains were three pterosaurs!

“Brother, you have to break this chain to release the three pterosaurs!”

Chapter: 4463

Said the second of the Three Phantom Thieves!

“Then break it.”

As he said that, the boss of the Three Phantom Thieves took out his knife and slashed hard at the chain!

clang.....

There was a burst of fire, and the body of the boss of the Three Phantom Thieves instantly collapsed and flew out.

But the iron chain was not damaged at all!

On the iron chain, formation patterns appeared one after another!

“Holy crap, why is there a formation on this chain? What can I do?”

The third child took one look and couldn't help but cursed angrily!

The three people looked at the chains that had been restrained by the formation, and were embarrassed for a moment.

“I think it’s better to go out and ask Mr. Chen for instructions. The three of us can’t open it...”

The boss stood up and walked over, took a look at the chain with flashing patterns, and said helplessly!

The three people flashed and came out of the front cabin again. No one noticed the movements of the three Phantom Thieves!

But in the corner of the airship, two old men, a man and a woman, were motionless, their eyes slightly closed, but their expressions seemed a little unnatural!

“Do you want to do it?”

The old woman looked at the old man beside her and asked!

“Don’t move, let’s see what these three guys are going to do next.”

“With the skills of these three people, they would not dare to commit robbery on the airship!”

The old man shook his head!

There are hundreds of people on board this airship. With the abilities of the Three Phantom Thieves, of course they would not dare to openly rob them!

The old woman stopped talking and closed her eyes slightly, but her consciousness kept spying on the three Phantom Thieves!

The three heroes of the Phantom Thieves walked up to Chen Ping, and then the boss said softly: "Mr. Chen, the three pterosaurs are locked by iron chains, and there are formations on the iron chains. We can't open them!"

After hearing this, Chen Ping slowly stood up and planned to follow the Three Phantom Thieves to have a look!

But as soon as Chen Ping stood up, his brows suddenly frowned, and then he looked at the two old men!

Chapter: 4464

"Mr. Chen, what's wrong?"

The boss of the Three Phantom Thieves asked!

"Oh, it's okay." Chen Ping shook his head, and then followed the three Phantom Thieves towards the front cabin!

Chen Ping and the others had just arrived at the front cabin door when several members of the Feitian Sect who were chatting instantly stopped Chen Ping and the others!

"What are you doing? Go back to your place!"

A Feitian Sect member said!

"We want to go into the forward cabin and have a look, okay?"

Chen Ping asked with a smile!

"No, passengers are not allowed to watch in the front cabin. You go back!"

Then the Feitian Sect members shook their heads!

“Since you can’t watch it, then you won’t watch it...”

Chen Ping said, and winked at the Three Phantom Thieves!

When the three of them saw this, they quickly took action and directly knocked out several members of the Feitian Sect!

Because it didn’t make any noise, it didn’t alert other passengers!

However, all their actions fell on those two old men!

“Should we stop it?”

the old woman asked!

“Don’t move yet, let me see what these people want to do!”

“Our Feitian Sect has been established for hundreds of years, and there has never been an accident in which an airship was robbed.”

“It seems that the two of us are going to catch up today. If the two of us solve the problem perfectly, we will definitely be rewarded when we go back.”

The old man said a little excitedly!

In fact, these two people are both elders of Feitian Sect, and each of them has reached the fifth level of Fusion Realm!

The reason why they pretended to be tourists was that they were responsible for secret surveillance, and they were regarded as secret guards on the airship.

At this time, after knocking out several members of Feitian Sect, Chen Ping stepped forward, put one hand gently on the door, and opened the front cabin door with a little force!

Chapter: 4465

After several people entered the front cabin, Chen Ping frowned when he saw the bodies of several Feitian Sect members!

He didn't expect that the three heroes of the Phantom Thieves would kill these people from the Feitian Sect. Chen Ping just wanted to save the pterosaurs, and he didn't want to kill people and form hatred with the Feitian Sect!

But now that the matter was over, Chen Ping couldn't say anything. After all, it was under his instruction that the Three Phantom Thieves entered the front cabin!

Standing in the front cabin, Chen Ping could clearly see the three-headed pterosaur in front of him, flying hard.

On the body of the three-headed pterosaur, wounds are clearly visible.

Iron chains as thick as arms are on the bodies of the three pterosaurs, and the other end is fixed on the airship!

Seeing this scene, Chen Ping jumped up, followed the thick iron chain, and walked directly to a pterosaur!

The pterosaur also felt Chen Ping's presence, shook its body slightly, and let out a roar!

Chen Ping hurriedly exuded the power of the dragon in his body, then gently stroked the pterodactyl and said, "Don't be afraid, I'm here to save you."

Feeling the power of the dragon in Chen Ping's body, coupled with Chen Ping's comfort, the pterodactyl instantly calmed down!

Chen Ping stood on the broad back of the pterosaur and looked at the chains with flashing patterns. Chen Ping was a little confused!

If you want to open these iron chains, you must use a sharp weapon like the Dragon-Slaying Sword. However, if you use the Dragon-Slaying Sword, you may accidentally injure the pterosaur!

But if you don't use the Dragon-Slaying Sword to forcibly cut off the iron chain, you can only untie the formation on the iron chain bit by bit, which is too slow!

Just when Chen Ping was at a loss, Zhe Yan in his mind hurriedly said: "Mr. Chen, you can definitely use fire to melt this iron chain..."

Such a sentence instantly woke up Chen Ping. Chen Ping already had the ultimate fire in his body, but Chen Ping couldn't remember to use it!

After listening to Zhe Yan's words, Chen Ping squatted down slightly, and then a flame on his right palm began to beat slowly.

Immediately afterwards, Chen Ping held his hand firmly on the thick iron chain. In an instant, the iron chain turned red, and the formation patterns on it flashed rapidly.

But soon, the formation pattern slowly disappeared, and the thick iron chain slowly melted!

When the iron chain broke, the pterosaur broke free instantly, flew into the sky, and then flew back quickly. It was obvious that the pterosaur was very excited!

The pterosaur looked at Chen Ping with gratitude in its eyes, and Chen Ping followed the same example and rescued the other two pterosaurs!

The three-headed pterosaurs surrounded Chen Ping and flapped their wings continuously, and they cried out loudly, as if they were saying thank you to Chen Ping!

“You guys should leave quickly...”

Chen Ping waved his hand and said!

The three-headed pterosaur understood Chen Ping’s words, nodded, then flapped its wings and rushed into the sky!

Chapter: 4466

Chen Ping looked at the three-headed pterosaur that escaped with a smile on his face!

At this time, Chen Ping still didn’t know that precisely because of his actions today, Chen Ping would receive great help from the Winged Dragon King in the future!

But these are all things for later. After Chen Ping rescued the three-headed pterosaur, he immediately returned to the front cabin!

At this time, the entire airship began to slide downward due to the escape of the pterosaur, and it was also trembling violently!

“what happened?”

“what happened?”

“What’s going on here?”

Many passengers were confused by the violent trembling!

Even the two elders of Feitian Sect were a little confused. They couldn’t figure out what Chen Ping and others did when they entered the front cabin!

So the two of them quickly got up and rushed towards the front cabin quickly!

But when they arrived at the front cabin, they were stunned!

I saw that several Feitian Sect disciples in the front cabin had been killed, and the three-headed pterosaur pulling the airship in front had long since disappeared!

At this time, the airship has no power and is diving downwards rapidly!

“How brave are you to let the pterodactyl go?”

The old man shouted angrily!

He never thought that when Chen Ping and the others entered the front cabin, they did not want to hijack the airship, but directly let go of the three pterosaurs!

If he knew this was the case, he should have stopped Chen Ping and the others just now!

“Who are you?”

Chen Ping frowned when he saw the two old men suddenly rushing over!

“Hmph, we are the elders of the Feitian Sect, specially designed to secretly protect this airship flight. I didn’t expect you guys who don’t care about life and death to dare to let go of our Feitian Sect’s pterosaurs!”

The old man’s face turned red with anger. He was just pretending to be smart and didn’t stop Chen Ping and the others!

If this matter was reported back to Feitian Sect, not to mention that he would not be able to become an elder, he might even lose his life!

When Chen Ping heard that the other party turned out to be a member of the Feitian Sect, he instantly understood why these two men had been secretly observing when the Three Phantom Thieves took action just now!

But now that the matter has come to this, Chen Ping knows that it is impossible to hide it, so he simply shows his cards and says: "You guys from the Feitian Sect, for seeking your own interests, abuse the pterosaurs like this, you deserve to die..."

Chapter: 4467

"I guess it's you who should die..."

With that said, the old man was about to attack Chen Ping!

But at this moment, there was a rumbling sound!

The airship shook violently again. The airship had hit the mountain and was about to be dismembered!

"Go quickly..."

Chen Ping shouted, and then his body instantly burst into a ball of golden light, rushing upwards and punching a big hole in the airship!

The three monster thieves also followed the big hole and hurriedly rushed out of the airship!

When the two elders of the Feitian Sect saw this, they did not dare to take action against Chen Ping and fled the airship one after another!

For a time, there was chaos inside the airship, and many people fled the airship.

Just after everyone escaped from the airship, the airship crashed heavily into the valley, and there was an explosion in the distance!

Fortunately, these passengers were all powerful monks, so they were not harmed, but some of them were really frightened!

“Chen Ping, are you okay?”

Liu Ruyan and the others also escaped. After seeing Chen Ping, they quickly asked with concern!

“I’m fine!”

Chen Ping shook his head and said!

“What on earth is going on? Where are the people from Feitian Sect?”

“Is the Feitian Sect just for food? Why did this airship fall?”

“I still have something urgent to do. If I am delayed, I will never be able to bypass the Feitian Sect.”

Everyone was cursing the Feitian Sect, but they didn’t know that it was caused by Chen Ping!

“Everyone, I am Shi Tieqiao, the elder of Feitian Sect. I am responsible for secretly protecting the airship during this flight.”

“It’s just that someone secretly released the three pterosaurs midway, which caused the airship to crash.”

“On behalf of Feitian Sect, I deeply apologize for the inconvenience caused to you!”

Shi Tieqiao is trying his best to minimize the impact of this time!

After all, this incident happened because of him. If these people make trouble with Feitian Sect, he will be in trouble!

Chapter: 4468

“Someone secretly released the pterosaur? Who is so bold?”

“That’s right, if you let the pterosaur go during flight, are you looking down on us?”

“Elder Shi, please point it out to me who it is...”

When everyone heard this, they all asked Shi Tieqiao to identify the person!

Shi Tieqiao pointed at Chen Ping and said, “It was him who led people into the front cabin and released the three-headed pterosaur.”

“But don’t worry, everyone, I think I will give you an explanation!”

After Shi Tieqiao finished speaking, he walked towards Chen Ping with a cold expression!

In Shi Tieqiao’s view, Chen Ping was only at the second level of the Fusion Realm, and there was no way he could be his opponent!

Even if those people around Chen Ping are included, except for the three elders who have reached the third level of the Fusion Realm, even if these people put together are no match for him, that’s why he is so confident!

But what he didn’t know was that Chen Ping was at the second level of the Fusion Realm, and it would be easy to kill him!

You must know that when Chen Ping was at the first level of Fusion Realm, he could kill monks at the fifth level of Fusion Realm. Now that Chen Ping has been promoted to the second level of Fusion Realm, with the cultivation level of the fifth level of Fusion Realm of Shitieqiao, if he comes over and wants to kill Chen Ping, then He is simply looking for death!

“Mr. Chen, we have to be careful...”

Yihe whispered in Chen Ping’s ear at this time!

“A fifth-level monk in the Fusion Realm is not something to be afraid of...”

Chen Ping is not afraid of this stone-iron bridge.

“Mr. Chen, that’s not what I’m talking about. I just took a look and found that we are now in the territory of the bloodthirsty Thunder Eagle. Maybe none of us can leave!”

Yihe whispered!

When Chen Ping heard this, he couldn’t help but frown. He didn’t expect that the timing he chose to save the pterosaur would be so coincidental that they would end up in the territory of the bloodthirsty Thunder Eagle!

But looking at other people, it seems they don’t know the danger exists!

Shi Tieqiao saw Chen Ping frown slightly and thought he was afraid of him, so he snorted coldly: “Boy, it’s useless to regret now. If you dare to let go of our Feitian Sect’s pterosaur, then face death.” Bar!”

After Shi Tieqiao finished speaking, he slapped Chen Ping with a palm. This palm brought endless air waves, roaring like a tsunami!

Shi Tieqiao’s attacks were fast and ruthless, and there was a faint scent of benefit in his breath!

Chen Ping's eyes narrowed. He knew that the Shitieqiao not only attacked him, but also sprayed poison at the moment of the attack!

It's just that Chen Ping's body is invulnerable to all poisons, and he is not afraid of Shi Tieqiao's poison at all!

Chapter: 4469

Chen Ping casually waved out his palm and collided hard with Shitieqiao!

boom!

The palms of the two people collided together, and accompanied by huge breath fluctuations, a ball of red powder instantly dispersed with the breath!

After this blow, Shi Tieqiao's body couldn't help but retreated, taking several steps back before he stabilized his body!

Chen Ping, on the other hand, didn't move at all, with a calm expression on his face, as if he hadn't used all his strength just now!

Seeing this scene, everyone was surprised. After all, Shi Tieqiao was a fifth-level monk in the Fusion Realm, and everyone could also tell a thing about Chen Ping's cultivation!

There is a big gap in strength between the two people, but the palm just now subverted their understanding. Shi Tieqiao, a fifth-level Fusion Realm monk, was directly repelled by Chen Ping with one palm!

Shi Tieqiao also looked at Chen Ping in shock, with a look of disbelief on his face. He had always thought that with his fifth-level Fusion Realm strength, he would be able to deal with people like Chen Ping, but he didn't want to be defeated by Chen Ping with just one palm. Shock back!

At this time, Shi Tieqiao was not only shocked, but also ashamed. With so many people watching, he, an elder of the Feitian Sect of the fifth level of the Fusion Realm, was repelled by Chen Ping, an unknown junior. This was too much for them. Feitian Sect is in disgrace!

The old woman next to Shi Tieqiao also changed her expression and glared at Chen Ping: “Good boy, you actually hide your strength and pretend to be a pig to eat the tiger...”

The old woman believed that Chen Ping’s realm was definitely not what he saw, and he must be hiding his strength, otherwise it would be impossible to repel Shitieqiao with one palm!

The most shocking thing at this time is the three monster thieves behind Chen Ping. They know the strength of Shi Tieqiao, a fifth-level monk in the Fusion Realm. That is not something that ordinary people can defeat casually!

Anyway, the three of them are no match at all. If it weren’t for their ability to travel through time and space, and the fact that the three of them have been stealing for a living for a long time and are very smooth, they would have been defeated by the Feitian Sect long ago!

Now seeing Chen Ping easily repelling Shitieqiao, the Three Phantom Thieves began to feel lucky that they had followed Chen Ping’s choice!

“I have not hidden my strength. The realm you see is my true strength now.”

“I don’t have to pretend to be a pig and eat the tiger. With your strength, it’s not my turn to pretend to be a pig and eat the tiger!”

Chen Ping said to the old woman with a look of disdain!

“Good boy, you do have the courage to go against my Feitian Sect. No matter what state you are in today, you will never let our pterosaurs go just like that!”

After the old woman finished speaking, she looked at Shi Tieqiao and said: “Old Shi, let’s go together. I don’t believe it. The two of us joining forces are no match for this guy...”

Shi Tieqiao nodded, and then waves of terrifying aura erupted from the two people, and this aura instantly enveloped Chen Ping!

When Liu Ruyan and the third elder saw this, their expressions turned cold and they were ready to step forward to help Chen Ping!

But before the two of them could take action, the Three Phantom Thieves jumped directly in front of Chen Ping!

“Shi Tieqiao, you two are shameless? As the elders of the Feitian Sect, you just rely on the strong to bully the weak, but you still want to bully the weak. Is this the virtue of your Feitian Sect?”

Dajie shouted disdainfully at Shitieqiao!

Chapter: 4470

“Yes, you Feitian Sect are still shameless? You two elders had an affair in the sect, and now you are secretly protecting the airship together. I think you are not protecting the airship, but to have an affair more unscrupulously, right?”

Erjie also said loudly!

When it was revealed that Shi Tieqiao and the old woman were having an affair, Shi Tieqiao and the old woman’s faces instantly turned red!

It was obvious that they were talking about two people, so they had such expressions!

“Shi Tieqiao, let me tell you, we still have photos of you having an affair with this old woman. Don’t think that no one knows you are sneaking around. Our third brother has peeked at you several times. Do you want me to show you in public now? Will you two be released?”

The three heroes also spoke, instantly igniting Shi Tieqiao’s anger to the extreme!

“Three heroes of the Phantom Thieves, you deserve to die. Today I am going to eliminate harm for the people and kill the three of you...”

Shi Tieqiao's eyes were burning with anger, and he attacked the three Phantom Thieves with anger!

Seeing this, Chen Ping knew that the three masters of the Phantom Thieves were no match for Shitieqiao, and wanted to stop him, but was stopped by Dajie, saying: "Mr. Chen, don't worry, we can deal with them freely, otherwise how could we dare to attack them?" A crime is committed within the Feitian Sect!"

After Dajie finished speaking, his body began to flicker, and then disappeared instantly!

Just when Dajie disappeared, the other two Phantom Thieves also disappeared!

Seeing the Three Phantom Thieves disappear, Shi Tieqiao was not surprised. Obviously, he already knew the methods of the Three Phantom Thieves!

The moment Shi Tieqiao's body disappeared from the three heroes of the Phantom Thieves, his body that was originally charging forward actually turned around and swatted away with a sudden palm!

Following a fluctuation in the void, the bodies of the three heroes of the Phantom Thieves appeared. Among them, the big hero was slapped on the shoulder by the stone iron bridge, and his face looked a little ugly!

"Hahaha, you three guys, with your little tricks, I've already figured it out. It's simply impossible to trick me with your time travel skills..."

Seeing that he had hit the target, Shi Tieqiao laughed and said!

"Old man, it seems that if I don't give you some eye drops, you will really bully our three brothers..."

Sanjie said, pinching it casually, and then a faint light began to flash in the air.

Then a light curtain appeared, and as the light curtain appeared, the scene of Shi Tieqiao's affair with the old woman was actually reflected on the light curtain.

The picture was so unsightly that when everyone saw it, some couldn't help laughing!

When the old woman saw this, her face turned red with embarrassment and she ran far away!

Shi Tieqiao became even more furious at this time, his eyes full of scarlet and said: "Stop, I will tear you into pieces..."

Just when Shi Tieqiao was furious and was about to take action again, suddenly the sky darkened, and then the earth trembled!

When everyone saw this, they quickly dispersed their consciousness and explored in all directions. This exploration did not matter, and everyone's expressions became solemn!
