

The Order 4511

Chapter: 4511

“I hope this trip will be worthwhile...” After hearing Suo Xingyue’s words, Chen Ping suddenly felt fascinated!

Maybe during his time in Jialing County, he can collect many rare treasures and detoxify Yihe!

“Little friend, thank you for your rescue. This is my token. If nothing happens, you can go to the Medicine Master Guild’s station to play with me.”

Suo Xingyue took out a very delicate and small token and handed it to Chen Ping!

With this token, Chen Ping can enter and exit the Pharmacist Association’s residence at any time. If he doesn’t have the token, he can only wait for the day when the Pharmacist Association opens before queuing up to enter!

Speaking of which, this token is equivalent to giving Chen Ping VIP status!

After giving Chen Ping the token, Suo Xingyue left to find his senior brother!

And Chen Ping, led by the third elder, slowly walked towards Jialing County!

The huge Jialing County is divided into outer city and inner city!

All people who come to Jialing County can move and live in the outer city, but if they want to enter the inner city, they need to be strictly inspected, interrogated, and even checked for identity!

Because the pharmacist meeting will be held in the inner city at that time, Chen Ping and the others walked towards the inner city!

“Mr. Chen, we three brothers will wait for you in the outer city. With our strength, it’s not fun to enter the inner city.”

At this time, the greatest of the Three Phantom Thieves said to Chen Ping!

After all, most of the people in the inner city are powerful and distinguished people. The Three Phantom Thieves will be very reserved when playing!

But it’s different in the outer city. There are all kinds of people in the outer city. There are also various arenas and gambling venues. Generally, the people at the bottom are the majority!

Therefore, the Three Phantom Thieves can have more fun in the outer city without being restrained!

“Okay, but you three are not allowed to steal anything. If I find out, you three will look better.”

Chen Ping warned!

“Don’t dare, don’t dare. Give us a hundred courages, and we won’t dare to steal anything in Jialing County. Isn’t that asking for death!”

The Three Phantom Thieves waved their hands and said!

“Mr. Chen, don’t worry, no one dares to cause trouble in Jialing County.”

The third elder said from the side!

Chen Ping then reached out and followed Liu Ruyan and said, “Give me some spirit coins.”

Liu Ruyan didn’t even ask, he just took out some spiritual coins and handed them over to Chen Ping.

Chapter: 4512

Chen Ping took the spirit coin and threw it to the Three Phantom Thieves and said, "You guys have fun outside, just wait for us!"

The three heroes of the Phantom Thieves took over the spirit coins and were very grateful. They no longer had to steal, and they still had spirit coins to use!

After the three monster thieves left, Yihe looked at Chen Ping and couldn't help but smile and said: "Mr. Chen's soft rice is really hard to eat..."

The third elder burst out laughing after hearing this, while Liu Ruyan blushed with embarrassment!

Chen Ping said disapprovingly: "The soft rice is so delicious..."

"Hahaha....."

Everyone became happy and walked towards the inner city!

At this time, there are several guards in the inner city wearing silver armor and with strong auras, who are checking everyone who enters!

Moreover, these guards are all at the third level of the Fusion Realm, on the same level as the Third Elder!

This has to shock Chen Ping. It's just a few guards, but they can have the strength of the third level of the Fusion Realm. This is too abnormal!

You must know the strength of the third-level Fusion Realm. In some sects, they are all elders and captains. If a third-level Fusion Realm monk were to see the gate, he would probably be laughed to death!

Chen Ping couldn't help but sigh, the strength of Jialing County was indeed extraordinary. At this time, Chen Ping really wanted to know who the princess of Jialing County was!

When Chen Ping and the others were passing through the inner city, they were stopped by several guards!

"Stop, what do you do?"

A guard stopped Chen Ping and the others and asked!

"We are from the Jade Cauldron Sect, and we are here to attend the Medicine Master Association."

The third elder stepped forward, took out an object similar to a jade plaque, and handed it over!

The guard touched his palm gently, then nodded, handed the jade token back to the third elder and said, "Go in..."

The third elder put away the jade token and led Chen Ping and others into the inner city!

But just when Chen Ping was about to pass the city gate, a white light suddenly flashed, and then a barrier stopped in front of Chen Ping!

Chen Ping was stunned. He didn't expect that there was a formation in front of the city gate!

But why is it okay when others enter, but the formation is activated as soon as I pass by?

When the guards saw the formation activated and Chen Ping blocked by the formation, they all felt as if they were facing a formidable enemy and immediately picked up their weapons to surround Chen Ping!

"How dare you, a demon cultivator, to break into our Jialing County. How brave you are..."

Chapter: 4513

Several guards stopped Chen Ping and were about to take action!

“You guys, misunderstood, misunderstood, this is a member of my Jade Cauldron Sect, how could it be a demon cultivator!”

Seeing this, the third elder hurriedly stepped forward to explain!

At this time, Chen Ping finally understood why this formation would only be activated when he passed it!

Because Chen Ping ate the old woman’s magic beads, he had demonic energy in his body. In addition, not long ago, he sucked out the demonic energy from Suo Xingyue, which made Chen Ping’s body have a heavier amount of demonic energy!

Chen Ping didn’t expect that there was a formation to detect demonic cultivators, so he didn’t hide the demonic aura in his body!

“We can’t make a mistake. This formation was set up by the princess herself, how could we be wrong!”

“You demon cultivator, hurry up and catch us, don’t let us do it!”

A guard shouted nervously!

“You are really mistaken, I am really not a demon cultivator!”

Chen Ping hid the demonic aura in his body, because the demonic aura in Chen Ping’s body was not heavy, and the demonic power had long been refined by Chen Ping into the power of the three races, so the demonic aura was even less. That’s why Chen Ping was able to hide his aura perfectly.

Then Chen Ping lightly touched the formation in front of him with his palm!

The formation disappeared instantly under Chen Ping's touch!

And Chen Ping also walked into the inner city intact!

"Did you see that I came in? I'm not a demon cultivator at all!"

After Chen Ping walked into the inner city, he said to the guard!

When several guards saw this, they all looked confused and couldn't figure out what was going on!

"You are trying..."

The guard asked Chen Ping to give it a try!

Chen Ping went in and out of the inner city gate several times without activating the formation!

"This is really strange. Is there really something wrong with this formation?"

The guard scratched his head, a little at a loss!

"There should be something wrong with the formation. We are from the Jade Cauldron Sect, and many people know us. How could we be demon cultivators?"

The third elder said to the guard!

Chapter: 4514

"You guys go in!"

Seeing that the formation was not activated, the guard waved his hand and let Chen Ping and the others in!

The inner city is very lively, with stalls everywhere, just like a market, and there are arenas in each of the four directions of the inner city, southeast and northwest, for people to compete!

Chen Ping and the others walked for a long time before being taken to a remote courtyard by the third elder!

The courtyard doesn't look big, but it's very neat.

"This is our Jade Cauldron Sect's resting place in Jialing County. We bought this small courtyard."

The third elder said!

"Third Elder, for such a large sect, it is too stingy to buy such a small courtyard as a resting place..."

Chen Ping couldn't help but smile!

"Mr. Chen is unaware that the houses here are too expensive. With the financial resources of our Jade Cauldron Sect, it is simply difficult to afford them."

"To be honest, when we came to attend the Pharmacist Association, we just rented a house to live in. It was only after Hu Yixiao became the sect leader that the Jade Cauldron Sect had the money to buy this small courtyard here."

"This remote and inconspicuous yard cost millions of spiritual coins!"

The third elder said with some embarrassment!

After hearing this, Chen Ping could only smile helplessly. After all, the Jade Cauldron Sect used to be charitable, heal the sick and save people without asking for anything in return. Of course, the entire sect was poor!

Since Hu Yixiao became the sect leader, he began to make money by using the pharmacists of the Jade Cauldron Sect. Only then was he able to rebuild the sect and even buy a yard here!

“Third Elder, who live in the luxurious mansions not far away?”

Demon Emperor Yihe asked, pointing to an area of luxurious mansions not far from the courtyard!

“Those are mansions. They were bought by some big sects or wealthy monks. I heard that they are very beautiful inside. There are spirit gathering arrays in every mansion, and there are also beautiful maids to serve them!”

“It’s just that it’s too expensive. I’ve never been there, and our Jade Cauldron Sect can’t afford it...”

The third elder looked at that area and said with envy in his eyes!

“It’s just a mansion. How expensive can it be? When I get it back to Demon Imperial City, I’ll buy it and give it to you, the Jade Cauldron Sect. I won’t live in this small courtyard anymore.”

Yihe said calmly!

After listening to Yihe’s words, the third elder remained silent. After all, as the Demon Emperor of Demon Emperor City, it is very simple to buy a mansion here!

It’s just that now Demon Emperor Yihe has been driven out of Demon Emperor City. As the saying goes, a down-and-out phoenix is worse than a chicken, and now Yihe doesn’t have many spiritual coins!

Chapter: 4515

“Okay, let’s talk about the rest later. Let’s go in and have a rest first!”

Chen Ping said to several people!

Chen Ping also wanted to take a closer look at the thunder fruit that day, but because he was in a hurry, Chen Ping did not check it carefully!

Several people entered the small courtyard, but there were only two rooms where they could actually rest!

There were three men and one woman, so it was difficult to allocate two rooms. If Chen Ping and the other three men were allowed to live in one room, it would be a bit crowded!

“Demon Emperor Yihe, I think the two of us can make do with each other in the same room!”

As the third elder said, he pulled Yihe into a room without any explanation!

This time only Chen Ping and Liu Ruyan were left. The two of them could only share a room. Chen Ping could not be allowed to sleep in the yard!

“Let’s go in too...”

Liu Ruyan blushed, then took Chen Ping’s hand and walked to another room!

Seeing Liu Ruyan taking such initiative, Chen Ping did not refuse.

After entering the room, Liu Ruyan simply tidied up, while Chen Ping took out a Sky Thunder Fruit from the storage ring!

The Sky Thunder Fruit exudes a faint luster, and things like lightning are flashing inside!

“Is this the Sky Thunder Fruit? It’s so beautiful...”

Seeing this, Liu Ruyan excitedly reached out and wiped it.

“ah.....”

But as soon as Liu Ruyan touched it, it immediately bounced away, as if she had been pricked by a needle!

“The Sky Thunder Fruit actually still carries the power of thunder and lightning?”

Liu Ruyan said with surprise!

“Of course, the special thing about this Heavenly Thunder Fruit is the power of thunder and lightning. I wonder if my strength will increase after eating this Heavenly Thunder Fruit!”

Chen Ping looked at the Sky Thunder Fruit in his hand, his eyes full of anticipation!

“You’ll know if you try one!”

Liu Ruyan said!

But Chen Ping shook his head: “To eat the Thunder Fruit today, you need to refine it. It looks like it won’t be easy to refine the Thunder Fruit. If you miss the pharmacist’s meeting, you will be in trouble. Let’s eat it later!” ”

Chapter: 4516

Chen Ping put away the Sky Thunder Fruit again. If he misses the pharmacist meeting because of refining the Sky Thunder Fruit, he will lose more than he gains!

After all, the Sky Thunder Fruit is already in my hands and I can eat it at any time, but the Medicine Master's Association is only held once a year!

"Let's sleep..."

Liu Ruyan looked at Chen Ping, her face turned red and said!

Chen Ping nodded, and then lay on the bed, and when Liu Ruyan saw this, she lay directly on Chen Ping!

This time, Chen Ping did not refuse!

That night, the room was full of spring, and Liu Ruyan's happy voice kept coming out!

Early the next morning, the third elder and Yihe walked out of the room with dark circles under their eyes!

They didn't sleep well that night, and they didn't sleep well at all!

When Liu Ruyan walked out of the room with a happy face, seeing the third elder and Yihe, he immediately blushed with embarrassment and hurriedly walked aside!

"Mr. Chen, how did you sleep last night?"

The third elder looked at Chen Ping who came out and asked with amusement!

"fine....."

Chen Ping smiled lightly. After all, they were all people who had been here before, so there was nothing to be ashamed of!

“There are still two days before the Pharmacist Association. I will take Mr. Chen around Jialing County...”

“Mr. Chen, let’s take a look and see if there is anything you need in Jialing County. There are all kinds of rare herbs here.”

The third elder wants to take Chen Ping to see which herbs can cure the poison in Yihe!

It’s just that Chen Ping doesn’t know what kind of poison Yihe was poisoned at now, and he can’t find out, so he can’t use the medicine!

But Chen Ping is more interested in several arenas in Jialing County!

“Third Elder, I won’t look at the herbs. During the alchemy meeting, various herbs and elixirs will appear.”

“Let’s go to the arena and see what’s fun...”

Chen Ping said!

The third elder nodded, and then led Chen Ping and the others out of the courtyard!

“Mr. Chen, which arena should we go to? There are four arenas in the southeast, northwest and southeast. Each arena represents a different realm!”

Chapter: 4517

“The east arena is from the first to the third level of the Fusion Realm, and the south arena is from the fourth level to the sixth level of the Fusion Realm.”

“The western arena is for the seventh to eighth levels of the Fusion Realm, while the northernmost arena is the arena for the peak of the ninth level of the Fusion Realm.”

“The arena in the inner city can only be participated by the Fusion Realm monks, while the arena in the outer city can only be participated by the Transformation Realm monks.”

“As for the monks who are in the tribulation stage, they are not allowed to fight. After all, in the tribulation stage, the strength increases geometrically and the destructive power is too great.”

“If the monks who are in a hurry to escape the tribulation fight in Jialing County, the entire Jialing County might be in ruins!”

The third elder carefully explained each arena to Chen Ping.

“Is it true that only two sides with grudges can compete in this arena?”

Chen Ping asked!

“That’s not necessarily the case. Usually competitions are just for betting on each other and to win resources. If you can only enter the arena because of grudges, then so many arenas would have been abandoned long ago.”

The third elder said!

When Chen Ping heard this, he immediately understood that these arenas are just small gambling venues, but only in this way can they attract more people!

“Let’s go to the east arena first.”

Chen Ping said!

After all, with their current state, they can only go to the east arena!

The third elder nodded, and then led Chen Ping and the others towards the arena to the east!

Along the way, I met many monks from the first to third levels of the Fusion Realm, and they all hurried towards the arena!

Everyone has a look in their eyes and is talking a lot!

“Yesterday, the ancient body-refining strongman was really powerful. He won nine games in one go. I heard he won tens of millions in spiritual coins alone!”

“That strongman is amazing. He is at the third level of the Fusion Realm. I heard that he has defeated opponents at the fourth level of the Fusion Realm. I think he will dominate the ring this time.”

“I heard that today’s bet has reached 50 million spirit coins, and there are countless kinds of spirit stones and herbs. Let’s see if anyone dares to challenge.”

“I heard that this ancient body-refining strongman came from the far north, spanning tens of thousands of miles. I wonder if everyone over there is like this!”

These monks were talking among themselves as they walked, and Chen Ping on the side was beaming with joy!

“Third Elder, maybe our Jade Cauldron Sect can change our location in Jialing County today!”

Chen Ping said with a smile!

Chapter: 4518

With a bet of 50 million spiritual coins and countless spiritual stones and herbs, there is absolutely no problem in buying a luxurious mansion here!

And he is just a third-level Fusion Realm monk. Although Chen Ping is a second-level Fusion Realm monk, if he wants to beat a third-level Fusion Realm monk, there is no difference between beating a child!

No matter what kind of ancient body-refining warrior he is, he can’t withstand a slap from Chen Ping!

“Mr. Chen, I guess no one will dare to step into the ring today.”

The third elder smiled and said!

Soon, several people arrived at the ring, but the surrounding area was blocked, leaving only one entrance and exit.

Chen Ping was slightly stunned, but at this time, the third elder had already taken out the spirit coin and handed it to a guard who came to the entrance!

Seeing the spirit coins, the guard waved his hand and let Chen Ping and the others in!

“Mr. Chen, if you want to come in, you have to pay a fee first.”

The third elder said!

Chen Ping looked at the crowds of people surrounding the arena. The entry fee paid by so many people alone was probably a lot!

At this time, Chen Ping admired the business acumen of the princess of Jialing County even more!

Chen Ping and the others crowded to the edge of the ring, and then looked at the ring!

At this time, on one side of the arena, countless spiritual stones and herbs were placed, and there were also 50 million spiritual coins. These were the bets for today's arena!

Immediately afterwards, from the side of the ring, a tall and strong man of the third level of the Fusion Realm, wearing animal skins and holding a giant ax in his hand, walked onto the ring!

This strong man carries a wild flavor, and the aura exuding from his body is extremely powerful.

Chen Ping discovered that the aura of this strong man was somewhat different from that of other monks. He seemed to have the aura of the beast race, but it was very weak. It was more of the aura of the human race!

“I didn’t expect that in this world of heaven and earth, such ancient body refiners actually exist.”

Yihe looked at the strong man on the ring and couldn’t help but be a little surprised!

“What? Do you know these people? I feel that the aura of these people is different from other monks, and they seem to have the aura of the beast tribe.”

Chen Ping asked Yihe!

Yihe nodded and said: “Yes, this kind of ancient body refiner does have the blood of the beast race flowing in his body.”

“They are the descendants of humans and beasts. I heard that their ancestor was an ice bear monster.”

“Didn’t you say that there is no way for the human race to combine with the orc race?” Chen Ping looked at Yihe in surprise!

Chapter: 4519

After all, this is what Yihe and Isha said, and it is indeed recorded in the ancient books of the Orcs!

“These people are different because they do not practice spiritual energy techniques, but the ancient body-refining technique, which is the so-called use of energy to transport power.”

“So, the combination of humans and beasts has no impact on them, but the number of people like them is so small that I thought they were extinct.”

Yihe explained!

After hearing this, Chen Ping immediately understood that the ancient physical refining technique that Yihe was talking about should be the martial arts in the secular world!

After cultivating to a certain level in the secular world, tearing apart time and space and coming to the world of heaven and humans, and then continuing to practice with body-refining techniques, you will become this kind of ancient body-refining monk!

However, this kind of cultivation method is extremely slow, and it is very difficult to ascend to immortality, so many people choose the spiritual energy method!

But because these people have part of the orc bloodline, they should not be suitable for the spiritual energy method, so they chose the body refining method!

“Can someone come on stage to fight with me today?”

The strong man looked arrogant, and his voice was like a huge thunder explosion, buzzing in everyone’s ears!

Everyone looked at the strong man in front of them and remained silent. Although the bets were very tempting, no one dared to come on stage!

You must know that after entering the ring, life and death are determined by fate, wealth and honor. If your skills are not as good as others, you can’t complain even if you are beaten to death!

So although these people know that the bets are tempting, if their lives are gone, what’s the use of asking for more things!

Seeing that no one came on stage, the strong man laughed and said: “We are all cowards, no one dares to compete with me? I have traveled thousands of miles to come here, and if I only bring back this little thing, I won’t be able to compete.” ”

Even if the strong man laughs at everyone as cowards, no one dares to take the stage!

When Chen Ping saw this, he knew that the time had come for him to step forward, but just when Chen Ping was about to enter the ring, a voice suddenly sounded not far from him!

“Watan, I’ve been following you for many days, and I knew you would come here to fight. Is it because you barbarians can’t survive anymore, so you come so far to earn resources?”

As the sound rang out, a young man holding a folding fan jumped onto the stage!

The young man is also a third-level monk in the Fusion Realm, and it seems that he knows this strong man well!

After Na Watan saw the young man, he couldn’t help but frown and said, “Gao Qijie, why do your Gao family always have trouble with us?”

“In the far north, all the resources are controlled by your Gao family. If we don’t compete with you, don’t you have to drive us out and kill us all?”

Wagong had an angry look on his face and was waiting for Gao Qijie fiercely!

“In the far north, people from the Gao family are also here?”

Hearing Na Watan’s words, the third elder was a little surprised and said!

Chapter: 4520

“Third Elder, what kind of Gao family do you know?” Chen Ping asked!

“I’ve only heard that the Gao family is very powerful in the far north, but I don’t know much about it.”

“But it seems that the Gao family has some grudge against following these ancient body-refining monks?”

The third elder said!

“It seems like, let’s take a look and talk!” Chen Ping nodded!

At this time, Gao Qijie in the ring did not take it seriously in the face of Watan’s anger, and said with a sneer: “As long as you join my Gao family, there will be resources available, and you don’t have to travel thousands of miles away to earn resources.”

“You have to know that in the far north, only our Gao family can exist, and nothing that does not belong to my Gao family is allowed to exist.”

“And the things that my Gao family likes will belong to our Gao family sooner or later.”

Gao Qijie’s words were extremely arrogant!

Everyone was talking about Gao Qijie’s words, but the far north was a long way away and the environment was harsh, so no one probably went there to compete with the Gao family for resources!

Chen Ping, on the other hand, was a little disgusted with Gao Qijie’s words, but a third-level Fusion Realm monk dared to say such arrogant words!

This shows how arrogant the Gao family has become in the far north!

“Bah, your Gao family does all sorts of evil things, bullying men and women. How could I join your Gao family? Even if I, the Ancient Body Refining Clan, die, there is no way I can compromise.”

Watan spat hard!

“Since you are unwilling to submit to my Gao family, then just suffer death...”

Gao Qijie smiled coldly, and then waved provocatively towards the vat!

It seems that Gao Qijie is not afraid of Watan at all. Although the two of them are at the same level, it seems that Gao Qijie is stronger!

Wagong glared at Gao Qijie and frowned tightly!

He also knows that in terms of strength, he is not Gao Qijie's opponent, but now in the ring, Wagong has no way to retreat!

After hesitating for a moment, Wagong suddenly gritted his teeth, waved the giant ax in his hand, and headed towards Gao Qijie!

The giant ax tore through the void, instantly arrived in front of Gao Qijie, and struck Gao Qijie fiercely!

Gao Qijie smiled coldly, stepped back lightly, and then a cloud of white mist appeared from his fingertips, and then he tapped lightly on the giant ax in the jar!

In an instant, an extremely cold air spread from the ring to the surroundings. Everyone felt that the air suddenly became cold, and they couldn't help but tighten their clothes!

And looking at the giant ax in Wagong's hand, it was quickly forming frost at this moment, and the frost was still spreading towards Wagong's arm!
