

## **The Order 4571**

Chapter: 4571

Soon, an old man fell from the sky and slowly landed in the remaining seat of the referee!

Chen Ping saw Suo Xingyue and the others saying hello to the old man, and then the competition officially began!

Immediately afterwards, many guards from Jialing County each placed an alchemy furnace on the stage, and placed medicinal materials in front of the alchemy furnace!

Whether it is the alchemy furnace or the medicinal materials, they are all the same, and this is for the sake of fairness!

This competition is about the strength of each pharmacist!

“I’m going to announce that the competition has begun and all the players are in position.”

“Each of you has the same alchemy furnace and medicinal materials. This first competition is based on speed. Whoever can refine the third-grade high-quality elixir first will win.”

“There are only twenty pharmacists left in this first competition, so you have to go all out.”

The old referee from Jialing County stood up and said loudly!

After Chen Ping heard this rule, he finally understood why this pharmacist competed with the lowest level third-grade pharmacist!

With the sound of a bell, nearly a hundred pharmacists on the stage began to refine the elixir!

The medicinal materials and alchemy furnaces are exactly the same, which means everyone is on the same starting line!

The speed of refining elixirs depends on each person's elixir refining skills!

Soon, flames rose into the sky, and the strong medicinal fragrance spread to all directions!

Meng He was not in a hurry, but kept observing Chen Ping's movements!

After all, if you can enter the top twenty, you can advance, and you don't have to be first.

Meng He observed Chen Ping. He wanted to see if Chen Ping's alchemy was affected after he was poisoned!

Chen Ping also discovered that Meng He had been secretly observing him, so he slowly threw the medicinal materials into the alchemy furnace and started refining it!

When Chen Ping was refining, he deliberately pretended to be struggling, and his forehead was covered with cold sweat!

When Meng He saw this scene, he immediately sneered!

He knew that his poison had taken effect, and Chen Ping's sea of consciousness was damaged. Now he was struggling to even refine third-grade high-quality elixirs, and he would definitely be eliminated in the subsequent assessment!

Maybe in this first assessment, Chen Ping can be eliminated!

More than twenty minutes later!

Bang!

Chapter: 4572

With a muffled sound, the aroma of medicine overflowed, and someone had finished refining the elixir!

Immediately afterwards, there were constant sounds, and the elixir was refined!

Meng He no longer deliberately made ink marks, but speeded up the elixir refining, and soon refined the third-grade high-quality elixir!

When he looked at Chen Ping, he found that Chen Ping had not yet successfully refined it, which made Meng He very excited!

Soon, the alchemy furnace in front of Chen Ping also made an explosion, and a third-grade high-quality elixir flew directly out of the alchemy furnace!

Chen Ping succeeded in refining the elixir and was ranked twentieth. If he had been a little later, he might have been eliminated at the first level!

After everyone finished refining, the top twenty refined elixirs were selected and sent to the referee's bench!

Although the refining speed is fast, it must be completed in good quality and quantity. If the refining is a semi-finished product, it needs to be discarded and the ranking will be postponed!

However, several judges actually ruled that the elixirs refined by the top twenty were all qualified. After all, they were only third-grade high-quality elixirs. It was not difficult for these pharmacists!

If the refining fails in the first level, then there is no need to compete later!

“What’s going on with Chen Ping today? The third-grade high-quality elixir actually took so long? It was almost eliminated.”

Liu Ruyan couldn't help but wonder when she saw how laborious Chen Ping was in refining the third-grade high-grade elixir!

"I feel like something is wrong with Mr. Chen. Logically speaking, it shouldn't take Mr. Chen so long to refine a third-grade high-quality elixir?"

The third elder is also full of doubts!

"Is it because Mr. Chen is too tired?"

Yihe remembered yesterday when Chen Ping didn't look so good!

Hearing Yi He's words, Liu Ruyan blushed. She thought that Chen Ping, whom Yi He said was too tired, was because he was lingering with her at night!

The third elder looked at the blushing Liu Ruyan and just smiled without saying anything!

Yihe also felt that he seemed to have said the wrong thing and seemed a little embarrassed!

"The top twenty have been selected, others can leave..."

The old referee stood up and said loudly!

Many people looked frustrated and had no choice but to leave the ring. Soon there were only twenty people left in the crowded ring!

"The second competition is now going on. This time we have to refine a fifth-grade high-quality elixir. Within one stick of incense, whoever refines the fifth-grade high-quality elixir is more perfect, the easier it will be to succeed!"

“This time we will choose the top five contestants to keep. It will still be the same alchemy furnace and the same medicinal materials!”

Chapter: 4573

After announcing the rules, the twenty pharmacists started competing again!

In one stick of incense, with the abilities of these pharmacists, it is impossible to refine a perfect fifth-grade elixir. However, whoever is closer to perfection will be more likely to win!

So these people started refining the elixir with all their strength. Meng He did not dare to be careless this time, and started refining the elixir with concentration, but he would secretly glance at Chen Ping from time to time!

However, Chen Ping ignored Meng He and concentrated on practicing the elixir.

Not just any pharmacist can refine the fifth-grade elixir, so from time to time there will be a blast of a furnace!

The time of burning incense passed quickly, and everyone took out the elixir they had refined!

Because someone failed to explode the furnace halfway, only ten fifth-grade high-quality elixirs were sent to the referee's seat this time!

It's just that they are all semi-finished products, none of them are finished!

Seeing this scene, Meng He raised a proud smile!

During the assessment, Chen Ping could use the incense burner to refine a perfect fifth-grade high-grade elixir in just one stick of incense, but now he can't refine it. It's obvious that his poison has taken effect!

When ten fifth-grade high-quality elixirs were delivered to the referee's seat, Suo Xingyue and others picked up the elixirs and began to hold their breath and focus on the refining status of each elixir!

But just as she concentrated her attention, Suo Xingyue felt that her head was in a trance. She couldn't detect the breath in the elixir, so she couldn't tell which elixir was more perfectly refined!

"Master, are you okay?" Seeing this, Zhuzhu asked Suo Xingyue with concern!

"It's okay, I'm just a little dizzy!"

Suo Xingyue said, picked up the elixir, and began to examine it carefully again!

This time the referee took a lot longer to judge, but luckily they selected the most perfect elixir!

Among them are Meng He and Chen Ping!

The old referee in the middle seemed to have noticed the changes in Suo Xingyue and others, so he asked: "How many elders? Are you feeling unwell? Do you want to pause the competition?"

"No, it's just the last level left. I might be a little tired, but it's okay."

Suo Xingyue hurriedly followed the old man and said!

"Okay then, let's start the next level of competition, but the next level of competition is the most mental test. You can rest between the competitions!"

After the old man finished speaking, he announced the start of the third level of competition!

The third level of the competition is to refine the Concentrating Pill, although this Concentrating Pill is just an ordinary fifth-grade pill!

However, refining the Concentrating Pill requires vast mental power. The stronger the mental power, the more perfect the Concentrating Pill will be!

Chapter: 4574

If Meng He wants to win, it depends on this last hurdle, so he will drug Chen Ping to damage Chen Ping's sea of consciousness. By then, Chen Ping may not even be able to refine the Condensing Pill, even if it is Refined from the damaged sea of consciousness, the Concentrating Pill must also be flawed!

The remaining five pharmacists stood in a row and removed the alchemy furnace. Then all five people exploded with the power of their spiritual consciousness, and then began to condense the power of their spiritual consciousness!

In mid-air, five shining Concentrating Pills appeared, and the five pharmacists continued to emit their spiritual consciousness, wrapping the Concentrating Pills they refined, and continuously absorbing the power of divine consciousness with the Concentrating Pills!

Meng He was right next to Chen Ping. When Meng He was confidently refining the Concentrating Pill, he suddenly discovered that Chen Ping beside him had actually erupted with terrifying power of consciousness from his body!

The concentration pill refined by Chen Ping continued to expand, and the light became more and more intense!

“this.....”

When Meng He saw this, he couldn't help but frown. He couldn't figure out how Chen Ping, whose consciousness was damaged, could emit such a huge amount of consciousness.

Seeing Chen Ping's Concentration Pill becoming more and more dazzling, Meng He was completely panicked!

He tried his best to radiate his spiritual consciousness and let his Concentrating Pill absorb the power of divine consciousness, but even if he tried his best, the Concentrating Pill's formation speed still couldn't keep up with Chen Ping!

Meng He's eyes suddenly became sharp, and as he pinched his fingers, a vague aura spread around!

Chen Ping was closest to Meng He and immediately noticed this aura!

There was a suction in this breath, which continued to absorb the power of Chen Ping's consciousness!

Chen Ping smiled coldly, and a golden light flashed in the sea of consciousness. Meng He's aura disappeared like a mouse seeing a cat!

Although Chen Ping was not afraid of Meng He's tricks, other pharmacists were not so lucky!

I saw that the faces of the other pharmacists became panicked. They could notice that the power of their spiritual consciousness was constantly draining, but there was no way to stop it!

After absorbing the power of other people's consciousness, Meng He's Concentration Pill also began to shine brightly!

Bang bang bang.....

Suddenly, the concentration pills in front of the other three of the five pharmacists all exploded, and a large amount of their spiritual consciousness dissipated instantly!

Only Chen Ping and Meng He's concentration pills were shining!

As time passed, Chen Ping and Na Meng He both held the Concentration Pills that they had refined in their hands!

Judging from appearance and luster alone, the two of them are indistinguishable. They can only be compared through the power of spiritual consciousness condensed by the Concentrating Pill!

"Even if you use despicable means, you still can't win..."

Chen Ping looked at Meng He and said!

“Really, let’s go and see...”

Chapter: 4575

Meng He smiled coldly!

Although he didn’t know why Chen Ping’s divine consciousness was still so powerful even when his consciousness was damaged, luckily he had a backup plan!

Now several of the elder referees of Danyang Sect have been poisoned and will soon become confused and confused!

When the time comes, Zhuzhu will use her own convenience to determine the victory of Meng He’s Concentration Pill. This is Meng He’s back-up plan!

The two Concentrating Pills were sent to the referee’s seat, and several judges began to judge the quality of the two Concentrating Pills.

Suo Xingyue looked at the two Concentrating Pills in front of her, and a huge spiritual power enveloped them!

But at this moment, Suo Xingyue’s body shook suddenly, and her whole head became dizzy!

Seeing this, Zhuzhu hurriedly stepped forward to support Suo Xingyue and said, “Master, which of these two concentration pills is stronger?”

Suo Xingyue seemed a little confused at this time, and she couldn’t tell the difference between the two concentration pills!

However, he slowly raised his hand. Seeing this, Zhuzhu quickly held Suo Xingyue’s hand and pointed at Meng He’s Concentration Pill!

Then someone recorded it and handed it over to other referees for judgment!

Zhuzhu stood behind several apprentices and followed the same pattern, making the elders of Danyang Sect all choose Meng He's Concentrating Pill to win!

After doing all this, Zhuzhu secretly winked at Meng He!

When Meng He saw this, he laughed knowingly!

However, the moment Zhuzhu and Meng He made eye contact was captured by Chen Ping!

Seeing the exchange of looks between the two people, Chen Ping frowned slightly, knowing that there must be something ulterior between them!

Finally, the old referee looked at the concentration pill in front of him, and after covering it with his own mental power, he was stunned for an instant!

Even he had never felt the vast power of consciousness in Chen Ping's Concentration Pill!

Although Meng He's Concentration Pill looks similar in appearance and luster to Chen Ping's, it really compares to the power of divine consciousness it contains!

Meng He's Concentration Pill is rubbish, there is no way it can be compared with Chen Ping's!

The old man looked at Chen Ping in shock, trying hard to calm down his inner excitement!

He didn't know how long it had been since he had seen someone with such a vast spiritual consciousness!

“Elders, let’s announce the answers that we think can win.”

The old man said to Suo Xingyue and the others!

Chapter: 4576

Several people nodded, and then announced the answer!

When the answer was announced, everyone was stunned, even the old man was stunned for an instant!

Because except for his own choice of Chen Ping, Suo Xingyue and others all chose Meng He!

“Elders, what’s going on?”

The old man’s face was grim and he asked displeasedly!

The reason why he came to be a referee was to prevent cheating. Now Chen Ping’s Concentration Pill is obviously a hundred times stronger than Meng He’s!

And Suo Xingyue and the others even chose Meng He’s Concentration Pill to win. This was obviously cheating!

Suo Xingyue and the others were groggy at the moment, their minds were in a state of confusion, they felt like the world was spinning and they were losing consciousness!

“Now that the results are out, my master and uncle are both feeling unwell. I’m going to take them to rest.”

Seeing this situation, Zhuzhu quickly stood up and said!

If he hadn’t left, Suo Xingyue and the others would probably have fainted here!

The old man frowned slightly. He could see that something was obviously wrong with Suo Xingyue and the others!

Just when Zhuzhu wanted to take Suo Xingyue and the others away, the old man reached out and grabbed Suo Xingyue's pulse gate, and a burst of spiritual power penetrated Suo Xingyue's body!

"What are you going to do?"

Seeing this, Zhuzhu wanted to stop him, but the old man glared at her and made her afraid to move!

When Meng He saw this, he shouted loudly: "The results of the judges have come out. The first place is mine. Why haven't you announced it yet?"

Meng He shouted just to cause a commotion and prevent the old man from checking Suo Xingyue and the others!

The poison Meng He gave Zhuzhu was not heavy and would not be fatal. It would only eat away at the sea of consciousness. However, the dose was small and it would slowly recover on its own after a while!

Meng He didn't want to kill Xingyue and the others, what he wanted was to come first in the medicine master competition!

At this time, the old man was checking something with Suo Xingyue and the others, but he found nothing strange, which made him feel very strange!

It stands to reason that Suo Xingyue and the Danyang Sect have served as referees many times and have never cheated for personal gain, so this time is too strange!

At this time, Chen Ping, looking at Meng He who looked proud and shouting loudly, seemed to have thought of something, and jumped up and landed in front of Suo Xingyue!

"Elder Suo..."

Chen Ping shouted to Suo Xingyue!

Chapter: 4577

But Suo Xingyue was delirious at this time and couldn't even speak!

Upon seeing this, Chen Ping hurried forward, and a divine consciousness enveloped Suo Xingyue's body!

"What are you going to do? Do you want to harm my master?"

Zhuzhu yelled, trying to stop Chen Ping!

Zhuzhu herself knew best what was going on with Suo Xingyue and the others!

Chen Ping, who was still clinging to Zhuzhu at this time, burst out with a breath and instantly knocked the Zhuzhu away!

Then the divine consciousness entered Suo Xingyue's sea of consciousness!

Looking at the gray mist in Suo Xingyue's sea of consciousness, Chen Ping understood instantly!

Suo Xingyue and the others' symptoms in their consciousness sea at this time were exactly the same as Chen Ping's yesterday. However, Chen Ping's consciousness sea was huge, and with the blessing of Chen Ping's golden dragon true body, Chen Ping's consciousness sea did not have any symptoms. Being cannibalized!

Chen Ping looked at Zhuzhu coldly, because after they drank the tea made by Zhuzhu at the same time that day, they became like this!

If Suo Xingyue and the others hadn't been like this today, Chen Ping wouldn't have suspected Zhuzhu!

Looking at Chen Ping's cold eyes, Zhuzhu didn't dare to look directly at Chen Ping. She looked away as if she had done something wrong!

Chen Ping didn't care about the beads, but relied on his huge power of consciousness to remove the poison from Suo Xingyue and the other elders!

Soon, Suo Xingyue and others became sober, but they could not remember the ruling just now!

The old man told Suo Xingyue and others, and then brought the concentration pill refined by Chen Ping and Meng He and asked Suo Xingyue and others to check it again!

After checking again, several people were all shocked. It was obvious that Chen Ping's Concentration Pill was a hundred times stronger than Meng He's, but they didn't know why they chose Meng He to win!

"How could this happen? I don't even know what I did now..."

Suo Xingyue said with a face full of shame!

As a referee, it is simply embarrassing to give such a result.

Several other Danyang Sect elders were also blushing, not to mention how embarrassed they were. Even children could tell the difference between high and low, but they actually made the wrong distinction!

"Elder Suo, maybe you ask your disciple Miss Zhuzhu, she knows what's going on."

Chen Ping said to Suo Xingyue!

Upon hearing this, Suo Xingyue quickly looked at Zhuzhu and said, "Zhuzhu, tell me what is going on? I remember you were standing behind us at that time."

"Master, I don't know what's going on. The referee result is yours to choose."

Chapter: 4578

At this moment, Zhuzhu was still pretending to be stupid!

When Meng He saw this, he continued to yell: "I won first place, why don't you announce it soon? Are you going to cheat openly?"

Meng He shouted, which also aroused dissatisfaction from many other people. It was obvious that Meng He's Concentration Pill was superior. After all, except for the old man, everyone else chose Meng He!

With such a big score gap, there is nothing to discuss. The results should be announced directly!

Looking at the yelling Meng He and the agitated crowd, the old man could only say loudly: "Everyone, please be patient, because several elders of Danyang Sect are suddenly unwell, and the results of this assessment may be invalidated."

"Why should it be invalidated? If you feel unwell, then it should be invalidated? Did I force them to choose the result?"

"I don't agree to invalidate it. I must be declared number one. If you insist on invalidating it, then I have to doubt the fairness of your Jialing County."

Meng He yelled, of course he didn't want to cancel it!

At this time, the scene was in a deadlock. It was obvious that Suo Xingyue and the others were being plotted, but now that they had reached this point, they were in a dilemma!

It would be unfair to Chen Ping if Meng He was declared first!

But if Meng He is not declared first and the competition is repeated, it will also be a challenge to Jialing County's authority!

"How did we get plotted against?"

Suo Xingyue couldn't understand that after they moved into the Medicine Society, they never left again. This was also for the sake of fairness to the Medicine Society!

But even so, they were still calculated. It was obvious that this outrageous referee result was ironclad evidence that they were calculated!

"Elder Suo, you can think about it, maybe there is something wrong with the tea we drank."

"I also had the symptoms you are experiencing now, but because of my strong spiritual consciousness, I directly eliminated the virus, so I was fine."

Chen Ping said to Elder Suo!

When Suo Xingyue heard this, he glared at Zhuzhu and said, "Zhuzhu, did you put something in our tea?"

"Master, what are you talking about? I don't understand it at all!"

Zhuzhu pretended to be ignorant, shook her head and said!

Chen Ping looked at Zhuzhu and knew that this guy was hopeless and had a tough mouth!

"You should stop investigating the poisoning. How should we announce the results now?"

The old man frowned and said!

He doesn't know now whether this result should be announced!

Chapter: 4579

Hearing the old man ask, Suo Xingyue and others were also at a loss!

How to announce it now?

If the announced results are invalid, then Meng He will definitely use the topic as an excuse to say that Jialing County is unfair and rigorous, and even the results given by the referee will not count!

But if the announced results are valid and Meng He takes first place, it would be too unfair to Chen Ping. After all, Chen Ping's Concentration Pill is countless times stronger than Meng He's!

Everyone was in a dilemma, but Meng He was still swaying the crowd and shouting!

At this time, Liu Ruyan stepped forward and said, "Elder Suo, I have an idea. Is it possible?"

"Speaking....."

Suo Xingyue said quickly!

The old man also came over to listen and see if Liu Ruyan had any good ideas!

"Now that the referee has announced the result this time, let Meng He be declared the winner!"

"But we can add another game. This game is not the final ruling game. Just add another game."

"The date and rules of the competition are all decided by the Jialing County Pharmacist Association anyway. Even if Meng He has any objections, it's useless!"

Liu Ruyan told her own method!

"This is a good idea. It not only ensures the referee's prestige, but also prevents the competition from being unfair!"

The old man nodded!

Suo Xingyue also nodded repeatedly and said: "This method is good, then let's add a competition."

"Master, how can you change the rules casually? This is unfair."

"The rules have been set for a long time. Now you suddenly increase the number of competitions. Isn't this cheating?"

Zhuzhu listened on the side and was very unhappy. She was looking forward to Meng He getting the first place. The two of them would stay together and fly together!

"Shut up. I will definitely find out what happened this time. If it's really you and Meng He who got it together, I won't let you go this time."

Suo Xingyue stared at Zhuzhu fiercely and said!

Zhuzhu stopped talking, and the third elder said: "What is the content of the extra scenes we are comparing?"

Everyone was silent when they heard the third elder ask this. After all, it was a competition that had just been added, and the content was not well thought out at all!

"I don't care. Let Meng He say whatever he wants. He can compete whatever he wants. I want him to know that he can never win by relying on despicable means."

Chapter: 4580

Chen Ping said with confidence!

"Okay, let Meng He tell you what to compare!"

The old man nodded, then turned back to the referee's seat!

Then he said loudly: "After unanimous discussion among several of our referees, since the referee has given the result, it is valid. The winner of this competition is Meng He..."

When Meng He heard this, he jumped up excitedly and yelled with all his strength: "Hahaha, I am number one, I am number one, I can meet the Princess of Jialing County."

"I'm so looking forward to it. What will this special reward be..."

But just as Meng He was jumping with excitement, the old man spoke again: "But because of the special rewards this year, this third competition is not the end. We still need to go through the fourth competition."

As soon as the old man's words came out, Meng He was stunned for a moment, and then shouted angrily: "How come there is a fourth scene? It has never happened before. Are you trying to trick me on purpose?"

The old man looked at Meng He coldly and said: "The rules of the Medicine Master Competition are all set by our Jialing County. If any contestant does not agree with it, they can turn around and leave, and we will never force it."

"If you want to participate in the competition, you must abide by our rules. I hope you can understand."

"Then my victory this time is not in vain?" Meng He asked very dissatisfied!

"Of course not. The winner of this competition can choose the events of the next competition, and the rules of the competition are also stipulated by the winning side!"

"This will have a huge advantage for the winning side."

The old man said!

Hearing this, Meng He smiled, he could still accept this condition!

It is up to him to decide what the next game will be and what the rules will be. Of course Meng He will choose what is best for him!

Others heard this rule and expressed their approval. This proves that the winner of the third test will determine the direction and rules of the fourth test!

“Can I mention any rules?”

Meng He asked.

“Of course, as long as it is related to alchemy, you can mention it!”

The old man nodded and said!

“Well, I want to compete with him in refining elixirs, but there are no restrictions. You can use your own elixir furnace.”

“Whoever refines the elixir faster and better at that time will win...”

Meng He said!
