

The Order 4621

Chapter: 4621

Only then did Watan remember Chen Ping's words, and suddenly realized that the reason why these guards didn't care was because of Chen Ping's presence!

At this moment, Wa Gong looked at Chen Ping in disbelief. He really couldn't understand why the guards in Jialing County were afraid of Chen Ping.

You must know that Chen Ping's realm is only the second level of the Fusion Realm. Even the guards guarding the gate are higher than Chen Ping's realm!

Why are you afraid of Chen Ping?

Since you are not afraid because of your strength, it is because of your identity!

Thinking of this, Wagong took a breath of air. He could not imagine what kind of identity Chen Ping had, which allowed him to walk on the ground in Jialing County and break the rules casually without any problem!

At this moment, a Jialing County guard came in a hurry, walked to Chen Ping and said respectfully: "Mr. Chen, you can go out through the north gate..."

"Yes!" Chen Ping nodded!

After the guard saluted, he immediately turned around and left!

Chen Ping knew that Master Yan must have inquired about this. The Thunder Eagle King was not at the North Gate. He could leave Jialing County through the North Gate!

Seeing the respectful attitude of the guard Chen Ping, Wagong was even more convinced of his idea. Chen Ping's identity must be extraordinary!

The group of people walked out of Jialing County through the north gate.

“Mr. Chen, where are you going?”

After leaving the city, Wagong asked Chen Ping!

“I plan to go to the Far North to find treasures. To be honest, I also bought a copy of the treasure map your brother sold.”

Chen Ping said without any secret!

“Mr. Chen wants to find treasure? That’s great. We’re on the way, and I’m very familiar with the Far North.”

“Maybe I can help with finding the treasure!”

Wagong said with excitement!

Seeing the vat like that, Chen Ping felt a little embarrassed. Isn’t it a bit too much to dig up someone’s ancestor’s treasure and ask someone to help?

“Watan, wouldn’t you be angry if someone wants to dig up the treasures of your ancient body refining clan?”

“Don’t you know how to find the treasure yourself and dig it out?”

Chen Ping asked in confusion!

Hearing Chen Ping’s question, Wagong suddenly smiled awkwardly and said, “We don’t have the ability to dig ourselves. Even if we find the treasure, it will be an advantage to the Gao family.”

Chapter: 4622

“Actually, all of our clansmen hope that the treasure will be discovered, so that the various exercises of our ancient body-refining clan can be made public. And with more and more people practicing the ancient body-refining clan, we, the ancient body-refining clan, can become more and more popular. Come and grow stronger.”

Listening to Wagong’s words, Chen Ping was very moved. It seemed that in order to grow his own clan, this ancient body-refining clan would not hesitate to let others search for treasures!

“If I can find the treasure, I will find a way to spread the ancient body training method...”

Chen Ping patted Wa Gu’s shoulder and said!

“Thank you Mr. Chen, but it is easy to find the treasure, but it is difficult to open it.”

“The jade token I gave is damaged. You need to find the other half and assemble it into a complete one to truly open the treasure.”

“But I don’t know where the other half of the jade plaque is anymore.”

Wagong followed Chen Ping and said!

Chen Ping smiled lightly, and then took out the complete jade token!

“Look, is this complete?”

Chen Ping said!

Wagong looked at the complete jade tablet in Chen Ping’s hand and was stunned. He said with surprise: “Mr. Chen, you...how come you have the other half of the jade tablet in your hand? Where did you get it?”

“I got it by accident. It looked very similar to the jade token you gave me, so I tried to piece it together.”

“I didn’t expect it to be a real piece. It was precisely because of this jade plaque that I asked your brother to buy the treasure map.”

Chen Ping did not tell the truth. After all, the fewer people knew about the agreement between him and the princess, the better!

“God’s will, this is really God’s will!”

Wagong looked excited, and then said: “Mr. Chen, try putting a drop of blood essence into this jade tablet!”

“Why?” Chen Ping was stunned!

This jade tablet is just the key to unlock the treasure, not a weapon. It requires blood to identify its owner!

“You’ll know after you try it!” Wagong said!

Chen Ping nodded, forced a drop of blood from between his eyebrows, and dropped it on the jade tablet!

As the essence and blood dripped in, the jade tablet suddenly trembled, and then a stream of black air came out of the jade tablet, accompanied by the sound of ghosts crying and wolves howling, which sounded very scary!

At this moment, strange phenomena appeared in the sky and the earth, the clouds were dense, the sky was instantly gloomy, and it was accompanied by thunder!

A black vortex is constantly surrounding in mid-air!

Chapter: 4623

“How is this going?”

When Chen Ping saw this, he quickly frowned!

Watan obviously didn't expect such a strange phenomenon, his eyes widened with disbelief on his face!

At this time, everyone was dumbfounded!

It's just a jade tablet, and if a drop of essence and blood is dropped into it, it will produce such a violent phenomenon!

“Mr. Chen, put the jade plaque away quickly...”

Suddenly, Watan shouted!

Chen Ping quickly covered the jade token with both hands, and then threw it into the storage ring!

In an instant, the strange phenomena of heaven and earth disappeared, and the sky became clear and returned to its original appearance!

“Such a strong demonic energy. How come there is demonic energy in this jade tablet?”

Chen Ping frowned and looked at the vat!

Obviously, Wagong should know something, otherwise he wouldn't be allowed to drip blood.

Wagong was about to explain, but suddenly three black shadows passed quickly from a distance. In just the blink of an eye, these three black shadows were already in front of Chen Ping and the others!

The three people looked at Chen Ping and the others, and then unceremoniously probed each of Chen Ping and the others with their spiritual senses!

You must know that this kind of unceremonious exploration with spiritual consciousness is the most disgusting to people, and might even lead to a fight!

But these three people were not afraid at all. They just stared at Chen Ping and the others, constantly exploring with their spiritual sense!

Feeling the powerful aura emanating from the three of them, even if the other party was so rude, Chen Ping and the others did not dare to speak. Watank, the Three Phantom Thieves and others even lowered their heads slightly, not daring to look directly at each other!

“Who are you? What happened here just now?”

One of the old men asked coldly!

The old man’s eyes were like torches, constantly scanning the bodies of several people, and the aura emitting from his body was extremely manic!

He seems not to be trifled with, and he also has a hot temper. He might be ready to take action if he disagrees with her!

Chen Ping felt the manic aura on the old man’s body, his heart trembled, and his brows furrowed slightly!

Judging from the aura on his body, this old man is at least the eighth level of the Fusion Realm, and may even be at the peak of the Fusion Realm!

Chen Ping is simply incapable of handling this level of strength!

Chapter: 4624

What's more, there are still three people on the other side, and everyone's aura is not weak. Chen Ping and the others combined may not be able to deal with even one person!

"Senior, we didn't feel anything happened. I wonder what senior is looking for? Is there anything we can do to help?"

Chen Ping said very politely!

"Didn't you feel it?" The old man frowned and looked at Chen Ping closely: "The vision of heaven and earth just now was so strong, how could you not feel it? You are obviously lying."

"You tell me the truth now. I don't care about what you just lied about. But if I know that you are lying to me, you will not be able to bear the consequences."

The old man threatened Chen Ping!

After all, the vision of heaven and earth just now was so strong, and it happened in Chen Ping's position, how could they not know about it!

"Senior, we really didn't lie to you. We just came out of Jialing County and didn't know anything about the strange phenomena in the world."

Chen Ping pretended to be scared, his face was pale and his body was trembling slightly!

"Old Kong, seeing how scared this guy is, he probably doesn't dare to lie to us. Moreover, the vision just now must have been caused by some treasure. Do you think these guys look like people with treasures?"

At this time, a middle-aged man holding a long sword and wearing an octagonal hat stepped forward and said!

“Zuo Qing, what do you know? The more harmless someone seems to be, the more likely they are to have treasures on their bodies if they are of low level.”

“The vision just now was clearly in this direction, but they said they didn’t see it. They were obviously lying to us.”

“You’re just a soft-hearted guy. I want to search them to see if there are any treasures on them.”

After Lao Kong finished speaking, he saw Chen Ping and said, “You guys stand in a row for me, then take off your clothes for me to check, and take out all the magic weapons you have stored in your body.”

When Chen Ping heard that the other party wanted to search him and check the storage ring, his expression suddenly turned ugly!

You must know that Chen Ping currently has a lot of treasures in the storage ring. If he were to inspect them, he would definitely not snatch them!

“Senior, this is inappropriate, and we have girls here...”

Chen Ping suppressed the anger in his heart and said politely!

“What’s wrong with the girl? I’ve seen a lot of girls. As long as I check it out and there’s nothing there, I’ll let you go!”

“I won’t do anything to this girl. I just need to take a look at her body. There won’t be anything missing!”

“Don’t give it to my mother-in-law, take off your clothes quickly...”

Lao Kong said ruthlessly and unreasonably.

Hearing what Lao Kong said, Liu Ruyan's face turned red, and she glared at Lao Kong and said, "You old and dishonest thing..."

Chapter: 4625

This sentence immediately made Lao Kong's eyes freeze, and a wave of pressure rushed away like a tsunami, heading straight for Liu Ruyan!

When Liu Ruyan saw this, his expression suddenly changed!

She didn't expect that her angry words would lead to death. This old guy was so unreasonable!

The pressure of the eighth-level Fusion Realm was like a huge stone hitting Liu Ruyan. If this pressure fell on Liu Ruyan, Liu Ruyan would definitely die, and there would be no chance of survival!

Chen Ping became furious when he saw that Lao Kong would kill Liu Ruyan even if he disagreed with her!

Even if he knew he was outmatched, Chen Ping couldn't let Liu Ruyan die tragically in front of him and remain indifferent!

Chen Ping suddenly appeared in front of Liu Ruyan, and the indestructible golden body instantly activated. Countless golden scales covered Chen Ping's body. The power of the dragon and the power of the three clans all exploded!

boom.....

The old man's coercion hit Chen Ping hard. Chen Ping felt like a high-speed train hitting his chest. Along with a burst of pain in his internal organs, Chen Ping's body instantly rose into the air. !

puff.....

A mouthful of blood spurted out in mid-air, and Chen Ping's body hit the ground heavily!

“Chen Ping.....”

“Mr. Chen.....”

Liu Ruyan and the others hurried over and helped Chen Ping up!

“Chen Ping, are you okay?” Liu Ruyan looked at Chen Ping distressedly.

“I’m fine, don’t worry...”

Chen Ping grinned, and blood flowed from the corner of his mouth!

The three people on the opposite side were all surprised when they saw that Chen Ping could still stand up. You must know that Chen Ping is only a second-level monk in the Fusion Realm!

How could it be possible to withstand the pressure of an eighth-level monk in the Fusion Realm? This was simply impossible!

“Lao Kong, are you showing mercy?”

Then Zuo Qing asked Lao Kong!

If it weren’t for showing mercy, they felt that Chen Ping would never be alive!

“I’m just trying to scare you, I’m not trying to kill you...”

Lao Kong quickly explained!

Chapter: 4626

But at this moment, Lao Kong was already very shocked. Only he knew that he had no mercy at all. The power that Chen Ping just exploded was not something that a monk at the second level of the Fusion Realm could explode!

“Lao Kong, please don’t find a way out for yourself. You clearly showed no mercy just now.”

“This little brother is really unusual. He is only a second-grade monk in the Fusion Realm, but he can actually burst out with such terrifying power. Moreover, the aura he bursts out seems to be different from you and me.”

“His aura is so messy, it seems to be mixed with the auras of demons and beasts. It’s really strange...”

At this time, another person who had never spoken said!

“When Lao Sun said this, I also felt it. The aura coming out of this guy is indeed a bit strange.”

“The golden armor he just attached to his body is also so special. I have never seen it before.”

Zuo Qing also said!

“He is only at the second level of Fusion Realm. He can withstand my blow. He has a weird aura and is protected by gold armor. It seems that this guy must have a treasure in his hands!”

“Perhaps, the vision just now was caused by the treasure in his hand...”

After Lao Kong finished speaking, the aura on his body erupted again, and he looked at Chen Ping with a cold face and said: “Boy, hand over the treasures on your body, and I will spare your life. Don’t think that you can survive if you can withstand my blow.”

“I can crush you to death at any time. You’d better be more aware of the current situation...”

Chen Ping looked at Lao Kong's greedy look, his eyes flashing with coldness!

"I said, we don't have any treasures. If you insist on not letting us go, then I will have no choice but to fight."

Chen Ping said with firm eyes!

"Fight?" Lao Kong was stunned, then laughed loudly and said: "What are you going to fight with us for? Just your second-level Fusion Realm strength?"

"Ruyan, please step back..."

Chen Ping asked Liu Ruyan and the others to move back!

Liu Ruyan didn't know what Chen Ping was going to do, but he still obeyed and led a few people back!

After Liu Ruyan and the others retreated, Chen Ping's eyes instantly turned red, and then a drop of blood was forced out of his forehead!

That drop of blood turned into a burst of blood-red mist, wrapping Chen Ping's body!

Under this blood-red mist, Chen Ping's body began to swell!

Chen Ping knew that he had to show a desperate posture now, otherwise he would not be able to deter the opponent at all!

Because the difference in strength is too big, if these people are allowed to take away the storage ring, Chen Ping knows that they will definitely die!

Chapter: 4627

After all, the treasures in the storage ring are enough to drive anyone crazy!

“Boy, do you want to blow yourself up?”

When Lao Kong saw Chen Ping’s posture, he frowned slightly and said!

“That’s right, since you are forcing me to do so, I can only give you death in return.”

Chen Ping nodded and said!

“Hmph, boy, you are too arrogant. Even if you blow yourself up, do you think you can hurt a few of us?”

“You are just a second-grade monk in the Fusion Realm. Even if you blow yourself up, you won’t even think of hurting us at all.”

Lao Kong smiled coldly, he was not afraid at all!

“Really? If I can hurt you, then try...”

As he spoke, Chen Ping’s terrifying aura erupted again, and the bloody mist directly enveloped the three people opposite him!

Feeling the aura on Chen Ping’s body and knowing that Chen Ping was coming for real, Lao Kong’s expression also changed!

“Little brother, don’t worry. The three of us are not bad people, and we don’t mean any harm.”

“It’s just that Lao Kong has a bad temper. We just want to know what is the thing that can produce strange phenomena!”

“Since you don’t know either, then forget it.”

When Lao Sun saw this, he quickly followed Chen Ping and said!

“That’s right, that’s right. We don’t know each other, and we have no grievances. If we just meet each other, we will blow ourselves up and make both sides lose. Why bother!”

Zuo Qing also hurriedly stepped forward to smooth things over!

“Seniors, we are all unknowns. We don’t want to cause trouble, but if someone pushes us hard, we will all die together.”

Chen Ping knew that the other party was giving him a setback, and Chen Ping didn’t really want to blow himself up!

“Okay, okay, put your breath away quickly, I won’t check you anymore, just hurry up and get on your way.”

Lao Sun comforted Chen Ping!

Upon seeing this, Chen Ping put away his breath and recovered!

However, Lao Kong’s face was very ugly, and he stared at Chen Ping, obviously not giving up!

It’s also possible that he felt embarrassed. After all, he was a dignified eighth-level Fusion Realm monk, but he was intimidated by Chen Ping, a second-level Fusion Realm monk. This was so embarrassing!

Chapter: 4628

“Boy, for the sake of both of them, I will let you go today, but you will still be the first to threaten me. We’ll see!”

Lao Kong gritted his teeth and said to Chen Ping!

Chen Ping frowned slightly, feeling a little panicked at this moment. If this old guy caught his eye along the way, he would definitely be in trouble!

You can't threaten to self-destruct again and again, right?

"You sound so loud?"

Just as Lao Kong finished speaking, a figure suddenly appeared in front of them!

"Master Yan....."

When Chen Ping saw the person coming, he suddenly felt happy!

After seeing Master Yan, the three people also hurriedly saluted and said: "Master Yan....."

At this moment, the arrogant look on Lao Kong's face was gone!

"Chen Ping, what's going on?" Master Yan asked Chen Ping!

Chen Ping told Master Yan what happened!

When Lord Yan heard this, he frowned and said, "You are so brave. You three dare to rob in front of the gate of Jialing County? Are you not taking our Jialing County seriously?"

"You even have to take off your clothes and search your body. Who the hell do you think you are? Even if someone comes into our Jialing County, we have never asked for a body search, but you are still so enthusiastic..."

Master Yan said, walked up to Lao Kong and slapped him hard!

This slap made half of the old man's face turn red instantly, but he didn't even dare to fart!

Seeing this, the other two people hurriedly followed Master Yan and explained: "Master Yan, we didn't check that little brother. You can ask, we two didn't do anything!"

And that old Kong, half of his face was red and swollen, and his head was lowered, like a child being scolded!

The arrogant look just now is no longer there!

Chen Ping looked at this scene and didn't know whether to laugh or cry!

This is the world of heaven and man, this is the law of the jungle, the weak eat the strong!

In the face of absolute strength and arrogant people, they will become submissive.

"Get out of here right now. If I find you daring to rob someone around Jialing County, I will kill you all..."

Master Yan said coldly!

Chapter: 4629

"Okay, okay..."

After saying that, the three of them ran away without looking back.

"Master Yan, thank you very much. I didn't expect you to come in such a timely manner!"

Chen Ping stepped forward and thanked him!

“I was also attracted by the vision. There was such a strong demonic energy in the vision. Could it be coming from something in your hand?”

Lord Yan asked!

“It’s the treasured jade tablet. I just shed my blood to identify its owner, and that vision appeared!”

Chen Ping said truthfully!

He is not afraid of Master Yan snatching his things. After all, they are now considered people in the same boat, and Master Yan cannot touch him!

“It seems that the jade pendant is not just a treasure key. You should pay more attention along the way. If you leave the territory of Jialing County, I will not be able to control you.”

Lord Yan reminded!

“Thank you, Master Yan, for reminding me. I will pay attention.”

Chen Ping nodded!

Master Yan left, and Chen Ping and the others also hurriedly left here. The vision just now would definitely attract other people, and there would be unnecessary trouble!

“Wagong, what’s going on with that jade pendant? Why is there such a strong demonic energy in it?”

Chen Ping asked to the jar!

“Mr. Chen, I don’t know much about it, but I heard that a lot of demon labor was used when the treasure was built. After all, the demons at that time were already rats on the street.”

“Many demon cultivators fled to the sparsely populated Far North. At that time, the entire Far North was the territory of our ancient body-refining clan. At that time, many demon cultivators were captured to serve as laborers.”

“It’s just that after the treasure was built, those demonic cultivators seemed to have been eliminated. Firstly, to prevent the location of the treasure from being leaked, and also because the demonic cultivators were street rats. Anyone who dared to take in the demonic cultivators would be punished and pursued. Killed!”

“But I’ve only heard about this. I don’t know the specific reasons...”

Watan followed Chen Ping’s explanation carefully!

Chen Ping took out the jade tablet and looked at it carefully. If Wagong was right, after those demon cultivators were eliminated, it seemed that many remaining souls were sealed in the jade tablet!

“Wagong, since the far north is the territory of your ancient body-refining clan, what’s going on with the Gao family?”

Chen Ping asked!

Chapter: 4630

Hearing Chen Ping’s question, Wagong sighed and said: “The Gao family is just a later arrival. The Gao family has only been in the far north for a few hundred years. It’s just because the Gao family’s martial arts are powerful, so their strength has grown rapidly. It quickly became powerful and slowly eroded the territory of our Ancient Body Refining Clan.”

“The people who killed us later made us, the Ancient Body Refining Clan, become the Gao Family. Although we tried our best to resist, we couldn’t beat the Gao Family. So now we, the Ancient Body Refining Clan, are hiding in even colder places.”

“However, the Gao family is pressing harder and harder on us, the Ancient Body Refining Clan, and in order to obtain the treasure, they will not hesitate to cut off all our resources to force us to surrender.”

“Otherwise, I wouldn’t have come all the way to Jialing County to fight and earn some supplies...”

Watan’s voice was low and he looked very worried!

Maybe he is worried about the future of his ancient body refining clan!

When Chen Ping saw this, he didn’t ask any questions, but followed Wagong on his way!

Chen Ping plans to visit the Ancient Body Refining Clan first, and then look for the treasure. If there is a gang leader from the Ancient Body Refining Clan, maybe it will be easier to find the treasure!

Chen Ping and the others did not dare to take transportation. After all, those airships belonged to the Feitian Sect. If Chen Ping and the others took them, they would simply fall into a trap!

Just walking, such a long distance, Chen Ping and the others need to spend several days on the road, but there is no time requirement to find the treasure, so Chen Ping is not in a hurry!

In order to prevent someone from intercepting him along the way, Chen Ping asked the three masters of the Phantom Thieves to walk dozens of miles ahead. If they encountered anyone, they would report it to Chen Ping immediately. Chen Ping and the others were re-selecting their route!

The Three Phantom Thieves acted as scouts!

After walking for a full day, Chen Ping and the others felt that the temperature was getting lower and lower, and the ground began to turn into a vast expanse of white!

But this severe cold is nothing to monks like Chen Ping!

“Mr. Chen, it’s getting late. Let’s rest for the night. It’s too dangerous to travel at night. Furbolgs often appear in this place at night.”

Watan said to Chen Ping!

Chen Ping nodded, then found a place under a big tree and started to rest!

A bonfire was raised in the earthen jar, baking everyone’s clothes so that they could stay warmer around the flames!

Chen Ping sat cross-legged and began to practice. He had to speed up his practice, otherwise the road would become increasingly difficult!

“Mr. Chen, you can use the demonic energy in the jade tablet to practice. Your skills can refine the demonic energy. What’s more, you also have the demonic aura, so practicing with demonic energy is not exclusive.”

At this time, Zhe Yan’s voice slowly sounded in his mind!

“This is a good idea, why didn’t I think of it...”

After Chen Ping said that, he took out the jade token and began to absorb the demonic energy in the jade token!

At this time, Chen Ping only cares about his cultivation, and he doesn’t care about the remnant souls of the demonic cultivators in the jade tablet. As for whether these demonic cultivators should die, Chen Ping has no time to care about it!
