

The Order 4641

Chapter: 4641

Wa Cang was also confused at this time and shook his head at Chen Ping. It seemed that Wa Cang didn't know what was going on!

"Brother Yuan, is this jade token of yours the key to the treasure?" Chen Ping asked pretending not to believe it!

"Of course, without this thing, even if the treasure is found, it will be impossible to open it."

Yuan Bao said with certainty!

"Then where did you get this thing?" Chen Ping continued to ask!

"I can't say that. Anyway, you just need to know that without me, you won't be able to get in even if you find the treasure."

Yuan Bao seemed to be a little wary of Chen Ping, so he didn't say the origin of the jade plaque!

"Then can I take a look?" Chen Ping asked!

"Okay..." Yuan Bao handed the jade plaque to Chen Ping without hesitation!

Chen Ping held the jade token, and a ray of divine consciousness instantly entered the jade token. After a moment, Chen Ping returned the jade token to Yuan Bao!

Although this jade tablet is exactly the same as Chen Ping's, there are still differences because there is no evil energy in this jade tablet!

“How about it? Do you want to cooperate with me...”

Yuan Bao looked at Chen Ping expectantly and asked!

“Sorry, I’m not looking for any treasures, so I can’t cooperate with you!”

“But if you have this thing in your hand, it’s best not to show it to others easily, otherwise you won’t even know how you died.”

Chen Ping said with a faint smile!

Yuan Bao was stunned. He didn’t expect that he had taken out all the keys to the treasure, but Chen Ping still didn’t agree to cooperate with him!

Chen Ping took the jar and the others and left, while Yuan Bao stood quietly, frowning slightly!

“What a strange guy...”

After Yuan Bao finished speaking, he also left!

The reason why Chen Ping didn’t agree to cooperate with Yuan Bao was because he didn’t know what Yuan Bao was like. In the world of heaven and man, Chen Ping would not easily trust a stranger!

Moreover, Chen Ping’s most important thing now is not to find the treasure. He wants to go to the ancient body refining clan’s clan first. Now Chen Ping doesn’t know anything about the treasures of the ancient body refining clan. If he rashly digs for the treasure, The risk factor will be very high!

Not long after Chen Ping and the others were marching, the greatest of the three Phantom Thieves in the Void made an anxious cry for help!

“Mr. Chen, come and save us...”

Chapter: 4642

When Chen Ping heard this, his brows instantly furrowed!

“You go first, I’ll go take a look...”

After Chen Ping finished speaking, he jumped up and disappeared instantly!

Following the direction of the sound transmission jade slip, Chen Ping left quickly.

The Three Phantom Thieves were sent out by Chen Ping to look for Su Yuqi and the others, and they were not very far away from Chen Ping and the others!

Soon, Chen Ping found the three people.

At this time, each of the three heroes of the Phantom Thieves looked very ugly, and they were obviously injured!

In front of them, a girl wearing a white bearskin coat was holding a long sword and looking at them coldly!

There are still bright red blood stains on the long sword, which has already frozen at this time!

“What’s going on?” Chen Ping frowned and asked!

“Mr. Chen, you asked us to look for three girls, and the three of us searched everywhere. However, when we saw this girl here, we planned to step forward and interrogate her to see if she was the person you were looking for.”

“But this person was unreasonable and attacked the three of us directly. The three of us were not inferior. We were injured by her, and she wanted to kill us.”

Dajie said with an aggrieved look!

Chen Ping looked at the girl coldly. She was at the fifth level of the Fusion Realm. It was pretty good to have such strength at such a young age!

“Who are you? Why are you attacking my people? They don’t seem to have provoked you, right?”

Chen Ping asked the girl with a gloomy look!

“Stop pretending, I know you are here for the ice soul fragments, but I found these ice soul fragments first, you can’t even think of taking them away!”

The girl pointed her sword at Chen Ping: “You are only at the second level of the Fusion Realm. If you join forces, you will not be my opponent. I advise you to leave here immediately.”

The girl exuded bursts of killing intent, as if she wanted to rely on the aura on her body to make Chen Ping and the others afraid to retreat!

The three heroes of the Phantom Thieves couldn’t help but retreat when they felt this aura, but Chen Ping looked indifferent and didn’t care at all!

As for the girl’s aura, Chen Ping didn’t feel any pressure at all!

And when the girl saw that Chen Pingping was indifferent to the oppression of her aura, she couldn’t help but frown.

A monk who is in the second level of the Fusion Realm, but can be calm under the pressure of his own aura, which proves that Chen Ping’s strength must be high, maybe Chen Ping is hiding his own realm!

“Ice soul fragments?” Chen Ping was stunned, but then explained: “I think you misunderstood, we don’t know about ice soul fragments, we are just here to find someone.”

Chapter: 4643

“And you are seriously injured now, so don’t hold on. If you don’t receive treatment now, you may not live long.”

Chen Ping could already feel it from the girl’s breath. The girl was seriously injured and she was just holding on!

As Chen Ping finished speaking, the girl’s face changed, and a mouthful of blood suddenly spurted out!

As blood spurted out, the girl fell back heavily!

When Chen Ping saw this, he immediately stepped forward to support the girl, and then a burst of spiritual power penetrated the girl’s body!

After a while, the girl slowly opened her eyes!

When she saw that she was lying in Chen Ping’s arms, she quickly got up and distanced herself from Chen Ping!

“What are you going to do to me?”

The girl looked panicked!

“If I hadn’t saved you just now, you would have died here long ago.”

Chen Ping said helplessly!

The girl checked her body and found that she was much better, but she still looked at Chen Ping cautiously and said, “Why did you save me? We don’t know each other at all, and besides, I hurt your people.”

“Even if you save me, I won’t be able to tell you the address of the ice soul fragment. Just give up...”

“It’s true that a dog bites Lu Dongbin and doesn’t recognize a good heart.” Chen Ping sneered, then looked at the three monster thieves: “Let’s go and ignore this lunatic...”

Chen Ping was about to leave with the Three Phantom Thieves. Looking at Chen Ping’s back, the girl suddenly called out to Chen Ping: “Wait a minute...”

“What do you want to do? I told you, I don’t know what the ice soul fragment is, and I didn’t get it to fight you. You don’t want it to end.”

Chen Ping looked angry!

“I’m sorry, I...I just wanted to thank you for saving me.”

The girl looked embarrassed at this time!

“You’re welcome, just don’t bite me back.” Chen Ping said angrily, and was about to leave with the Three Phantom Thieves!

But the girl then caught up and stopped Chen Ping!

“What else do you want to do?” Chen Ping was angry!

“I wonder if you can help me get the ice soul fragment together?”

the girl asked!

Chapter: 4644

“Why should I help you? Do we know each other? You hurt my people, and it’s good that I don’t cause trouble for you. You still want me to help you?”

Chen Ping said coldly!

“I won’t let you help me in vain. When the time comes to get the ice soul fragments, I can give you half of them. Even half of the ice soul fragments will greatly increase your strength.”

The girl said quickly!

When Chen Ping heard this, he immediately became interested, so he asked: “What is this ice soul fragment? Why is it so powerful?”

The girl looked at Chen Ping, and she didn’t seem to be pretending. It seemed that Chen Ping really didn’t know what this ice soul fragment was!

“Anyway, you just need to know that this ice soul fragment is a treasure. This extremely cold place is also caused by this ice soul fragment.”

The girl said to Chen Ping!

“Since this thing is a treasure, why do you want me to help you get it? Can’t you get it yourself?”

Chen Ping said doubtfully!

“There are monster beasts guarding these ice soul fragments. I am no match at all. My injuries were caused by that monster beast.”

The girl said it truthfully!

“You are no match for me. I, a young monk of the second level of the Fusion Realm, can’t even defeat that monster, so it’s useless for you to look for me!”

Chen Ping shook his head.

“You don’t have to be modest. Your strength is definitely better than mine. You definitely hide your strength. Don’t think I don’t know.”

“If you are only at the second level of the Fusion Realm, you will not be able to withstand the pressure of my aura.”

“And these three people are at a higher level than you, but they are your subordinates and respect you very much. How is this possible? You must know that in the world of gods and humans, strength is the most respected.”

The girl analyzed each item one by one!

After hearing this, Chen Ping couldn’t help but smile and said: “Your analysis is good, I can help you get it.”

After Chen Ping finished speaking, he looked at the Three Phantom Thieves: “You guys wait here, the others will be here soon...”

“I understand, Mr. Chen...”

The Three Phantom Thieves nodded!

Then Chen Ping followed the girl towards the place where the ice soul fragment was!

“Where are you from? Why do you want to hide your realm strength? What are you doing in this cold place in the far north?”

Chapter: 4645

Along the way, the girl kept asking Chen Ping various questions, but Chen Ping didn't open his mouth at all!

No matter how the girl asked, Chen Ping just wouldn't say anything!

After all, he was not familiar with the girl, so there was no need for Chen Ping to tell her all his details!

When the girl saw that Chen Ping was silent, she shut her mouth!

Soon, the two people arrived in front of a hill covered with ice and snow.

"It's right in front, you can see it from here."

The girl pointed forward!

Chen Ping looked in the direction of the girl's finger and found that there was indeed a piece of land that was different from the snow. Looking carefully, he saw that it was a fragment that shone with white light and was surrounded by mist.

And from this fragment, a large amount of spiritual energy continued to surround the fragment, forming a spiritual energy vortex.

"Then let's go over there, right?"

Chen Ping took a look around and found that there was nothing, and there was no so-called monster guarding him, so he said to the girl!

"No, there are ice snakes entrenched here. If we go there like this, we will definitely be attacked."

The girl shook her head!

“Then you wait here, I’ll go get it!”

Chen Ping asked the girl to wait, and then he walked towards the ice soul fragment.

But just after taking two steps, the ground suddenly shook, and then a giant white snake rushed out from the underground ice. The giant snake was covered with white scales, spitting out letters, and exuding a cold breath!

On the head of the giant snake, two horns of only a dozen centimeters were exposed. It was obvious that this was not an ordinary snake, but a dragon snake!

“Hiss, hiss...”

The dragon snake faced Chen Ping and kept making sounds, seeming to prevent Chen Ping from getting close to the ice soul fragment!

Chen Ping took a look at the dragon snake. It was at the fifth level of the Fusion Realm. It was about the same strength as the ice bear monster, so Chen Ping didn’t need to be afraid at all!

“I’ll fight the snake later, and you go get the ice soul fragments.”

Chen Ping said to the girl!

“Aren’t you afraid that I’ll take the ice soul fragments and run away?”

The girl looked at Chen Ping in surprise and asked!

Chapter: 4646

“Don’t be afraid, because anyone who dares to play tricks on me will be sent to see the King of Hell, so if you dare to play tricks on me, you will also die...”

Chen Ping said lightly!

But when the girl heard these words, she was shocked all over!

Before the girl could say anything, Chen Ping jumped up with the dragon-slaying sword in hand and headed straight for the snake!

After feeling Chen Ping's attack, the dragon snake suddenly raised its body and opened its bloody mouth!

Just when Chen Ping was approaching, the dragon snake suddenly sprayed out a stream of white mist!

These white mists are formed by the condensation of cold air. Only at extremely low temperatures can they freeze everything!

These cold fog even froze the air, and the entire space began to distort!

Chen Ping's body entered the white mist and was immediately frozen in mid-air, like an ice sculpture!

When the girl saw this scene, she was stunned for a moment. She didn't expect that Chen Ping was so vulnerable in front of the snake that he was frozen.

The snake spit out the letter, roared, and quickly rushed towards Chen Ping, intending to swallow Chen Ping in one bite!

The girl wanted to save Chen Ping, but she was powerless!

She could only watch helplessly as Chen Ping was eaten by the snake!

But just when the dragon snake arrived in front of Chen Ping, Chen Ping, who had been frozen, suddenly a red light flashed on his chest, and then an extremely hot flame burned, melting the ice in an instant!

Then Chen Ping held the dragon-slaying sword and slashed at the rushing dragon snake. The sharp sword light instantly cut across the snake's body, directly cutting a wound, and the blood continued to dye the ground red!

The dragon snake was in pain and kept roaring, but there was already a bit of fear in its eyes!

Chen Ping took advantage of the situation, swung his sword forward again, and fought with the snake, while the girl took advantage of the snake's unpreparedness and ran directly towards the ice soul fragments, picked up the ice soul fragments and ran away!

When Chen Ping saw the girl's hand, he jumped back, intending to escape from the battle. There was no need for him to waste his spiritual power by following this snake!

As long as you get what you want, there's no need to kill the snake!

But just when the girl got the ice soul fragment, three people suddenly appeared and stopped the girl directly. Their eyes were full of murderous intent!

The girl was stunned, holding the ice soul fragment tightly in her hand, with a bit of panic in her eyes!

Chen Ping also didn't expect that someone was ambushing nearby and wanted to go over to help the girl, but was blocked by the snake!

"Damn it, you little beast, I want to let you go, but you're still going strong..."

Chen Ping cursed angrily and slashed with the dragon-slaying sword in his hand!

Chapter: 4647

Several rays of sword light headed towards the snake like shooting stars!

The dragon snake roared and tried to dodge these sword rays, but it was already too late!

Several rays of sword light penetrated the snake's body, instantly cutting the snake into several pieces, and a white beast pill slowly floated into the air!

Chen Ping stretched out his hand, put away the beast pill, and then walked to the girl's side!

The girl and the three people who appeared looked at Chen Ping in surprise. They didn't expect that Chen Ping killed the snake so quickly!

"The little second-grade Fusion Realm cultivator was able to easily kill this dragon snake. It seems that he was well hidden."

A tall man with an eyepatch on his left eye looked at Chen Ping and said!

"Who are you? Why are you stopping us? Have you been ambush here for a long time?"

Chen Ping asked coldly to the three people!

"Yes, we have been here a long time ago, and the three of us were the first to discover this ice soul fragment."

The one-eyed man said!

"Since you discovered it, why don't you take away the ice soul fragment?"

"Don't tell me that you three monks at the fifth level of the Fusion Realm can't defeat a protective dragon snake."

Chen Ping asked coldly!

“Of course we can take away the ice soul fragments, but we still want to use the ice soul fragments to fish.”

“Didn’t I catch you here? Now we not only have to take away the ice soul fragments, but we also have to hand over your belongings.”

The one-eyed man smiled coldly.

“It’s just the three of you, I’m afraid you can’t stop us!”

Chen Ping was unfazed and said calmly!

“Can’t stop it?”

The one-eyed man smiled, then took out a formation plate from his arms and threw it into the air!

The array disk began to rotate, instantly emitting a dazzling light, and a curtain of light came down, instantly surrounding Chen Ping!

“The array disk has been used. Isn’t this thing very expensive?”

Chen Ping looked at the formation in front of him and couldn’t help but smile!

Chapter: 4648

“Compared with the ice soul fragments, this array disk is nothing!”

The one-eyed man smiled, then looked at the girl and stretched out his hand: “Hand over the ice soul fragments and the items you brought with you. You must hand over them all, otherwise you will die.”

The girl looked at the three people in front of her coldly. Now that Chen Ping was controlled by the formation, she knew that she could not count on Chen Ping, so she said to the three people: "You are so brave, don't you know who I am? If you dare to attack me in the far north, you will die without a burial place."

"Hahaha, aren't you Gao Qilan, the eldest lady of the Gao family? Don't think we don't know, but don't imagine that the Gao family is too powerful. If you hand over the ice soul fragments now, I can spare your life. "

"If you dare to resist, then I will kill you, but in the spirit of killing you, the three of us will enjoy it..."

The one-eyed man's eyes were filled with sparkle!

When Gao Qilan saw this, his face suddenly became very ugly!

"Are you from the Gao family?" Chen Ping glanced at Gao Qilan in surprise!

Gao Qilan nodded: "Yes, but it's a pity that the Gao family can't save me now..."

Gao Qilan looked self-deprecating. She didn't expect that the Gao family's reputation was not as big as she thought!

After all, Gao Qilan seldom wanders outside, and he doesn't know much about the outside world!

"The Gao family can't save you, but I can, but you have to promise me to give me all the ice soul fragments."

Chen Ping calmly followed Gao Qilan in the formation!

Gao Qilan was stunned and looked at Chen Ping in disbelief.

Chen Ping obviously couldn't protect himself, how could he say such a thing!

"Hahaha, kid, are you stupid? You are trapped in the formation and will die soon. How dare you say such a thing?"

"I will crush you to death in the formation now and let's see how you can save her."

After the one-eyed man finished speaking, he waved his hand and controlled the formation to start shrinking, and the light curtains squeezed towards Chen Ping!

Chen Ping looked at the continuously squeezing light curtain with a calm expression on his face!

"This broken formation is trying to trap me. I want to get out, but even a powerful formation can't even try to trap me!"

Chen Ping sneered, and then a white light flashed in his palm, and then he clapped his palm and hit the light curtain!

With this palm strike, the originally compressed formation light curtain instantly shattered like glass, and finally turned into nothingness and disappeared!

"this....."

The one-eyed man was shocked when he saw that the formation plate he had bought with a lot of money was broken by Chen Ping's palm.

Chapter: 4649

The other two people also had incredible expressions on their faces!

Obviously, Chen Ping broke the formation so easily. He must be an advanced formation master, so he could break the formation so easily!

“I didn’t expect that you are actually an array mage...”

The one-eyed man frowned and said!

“I am more than just a formation master. I know many things. Since you want to use formations to trap me, then I will let you have a taste of this formations.”

After Chen Ping finished speaking, his fingers began to pinch quickly, and rays of light fell from the sky, instantly surrounding the one-eyed man!

When the man saw this, he hurriedly waved the weapon in his hand and slashed towards the formation.

But as soon as he touched the edge of the formation, he was knocked away by a huge force, and then flames shot out from the formation!

“ah.....”

The one-eyed man began to scream desperately. He never imagined that Chen Ping was actually an advanced formation master!

When the other two people saw the man like that, they were so frightened that they turned around and ran away!

Chen Ping looked at the two people who were escaping, but did not chase them. Instead, he quietly waited for the formation to slowly disappear, and the flames gradually extinguished!

If these three people attack Chen Ping together, Chen Ping may not be his opponent. After all, if three monks of the fifth level of the Fusion Realm join forces, Chen Ping is not absolutely sure!

So as soon as he took action, he used a unique trick, using formations to trap the one-eyed man, and then burned him to death with ultimate fire!

After all, monks in this realm are not afraid of ordinary flames at all!

Fortunately, the remaining two people didn't know Zihuo and didn't see Chen Ping's intentions. They were so frightened that they turned around and ran away!

Chen Ping plundered everything from the one-eyed man, then turned to look at Gao Qilan!

At this time, Gao Qilan looked at Chen Ping with eyes full of horror!

She didn't expect that Chen Ping was so powerful that he even ignored three fifth-level Fusion Realm monks!

"Now that you are safe, give me the ice soul fragment."

Chen Ping stretched out his hand towards Gao Qilan and said.

Gao Qilan was a little hesitant. After all, this ice soul fragment was a treasure, and no one who got it would be willing to hand it over easily.

Seeing Gao Qilan's hesitation, Chen Ping smiled coldly and said: "I'm not a gentleman. If you don't hand over the ice soul fragments, I can just grab them. Then you won't get the ice soul fragments. Maybe you still can't get them." You will lose your virginity because of this."

Hearing what Chen Ping said, Gao Qilan's face became very ugly, and finally reluctantly handed the ice soul fragment to Chen Ping!

Chapter: 4650

It's just that after Chen Ping took the ice soul fragments, he suddenly broke the fragments apart with force. The originally small ice soul fragments now became even smaller!

"Seeing that you discovered this ice soul fragment first, I asked you to give me some..."

Chen Ping gave half of it to Gao Qilan!

This shocked Gao Qilan. She didn't expect that there were still such people in the world of heaven and humans. They would give back to themselves what they got?

Even if Chen Ping doesn't give it to her, Gao Qilan can't do anything about it, who makes her weaker than Chen Ping!

Since her skills are not as good as others, she can only be slaughtered, not to mention that Chen Ping saved her.

"You are such a special person..."

Gao Qilan took the half of the ice soul fragments and crushed them suddenly. In an instant, a majestic spiritual energy surrounded Gao Qilan!

Gao Qilan's long-distance transfer technique directly absorbed all the spiritual energy!

Immediately afterwards, a ray of light rose into the sky from Gao Qilan's body, like a cannonball, exploding directly in mid-air, releasing a beautiful firework.

"this....."

When Chen Ping saw this, he couldn't help but look shocked!

"Finally a breakthrough..." Gao Qilan said with excitement!

"Is this ice soul fragment so effective? Just this little thing allowed you to break through?"

"And your breakthrough vision is really strange!"

Chen Ping said in surprise!

“The spiritual energy in this ice soul fragment is different from the world of heaven and humans. Rather than being spiritual energy, it is better to say that the spiritual energy in this ice soul fragment is fairy energy.”

“The reason why this continent is now such an extremely cold place is because many years ago, a piece of ice soul fell from the heaven. Finally, the ice soul exploded and the fragments were scattered across this continent, so it was formed Such an extremely cold place.”

“And the energy contained in these ice soul fragments should be the immortal energy of the heavens, but no one knows what the immortal energy is, it’s just a guess!”

Gao Qilan followed Chen Ping and told the origin of the ice soul fragments!

It seems that Gao Qilan has a certain amount of trust in Chen Ping, so she said this to him!

After Chen Ping heard this, he suddenly realized that it was just like Sun Wukong pushing down the alchemy furnace of Taishang Laojun and causing a brick to fall, forming a mountain of flames!

But I don’t know why this ice soul fell!

“How many such good things have you found?”
