

The Order 4661

Chapter: 4661

Upon hearing this, the clan leader smiled slightly, then looked at Wagang and the others and said, "You all go out..."

Wagang and others nodded, and then they all walked out!

Soon, only Chen Ping and the clan leader were left in the tent!

At this time, the patriarch took out a whip from a box. The whip was golden yellow, with characters faintly flowing on it, and a peaceful power continued to permeate from above!

Chen Ping could tell at a glance that the whip was blessed with formations, and the power it exuded was very different from ordinary weapons!

"This is called a demonic whip. If you whip this whip on a demon, it will not only make the demon feel pain, but it can even hurt the soul of the demon!

Moreover, the power of peace on this demonic whip is also a treasure that suppresses the aura of the demons. It is with this demonic whip that our ancient body-refining clan can drive those demonic cultivators.

This magic whip was also obtained accidentally by the ancestors of our ancient body refining clan. It is rumored that it fell from the heaven together with the ice soul, but no one knows the truth or falsehood."

The patriarch was explaining to Chen Ping, and Chen Ping looked at the magic whip with a sparkle in his eyes!

A weapon that can suppress demons is a priceless treasure!

“Clan leader, can you let me see this magic whip?”

Chen Ping asked cautiously!

After all, this thing is so precious that even if the clan leader doesn't show it to him, it's considered normal!

“sure.....”

The patriarch directly handed the magic whip to Chen Ping!

Chen Ping took the magic whip, and a ray of consciousness instantly spread towards the magic whip!

Soon, Chen Ping discovered that the formation on the magic whip was indeed different from the formations he knew. This formation was very strange!

When Chen Ping wanted to study the magic whip in depth, Zhe Yan in his mind let out a miserable cry!

“Mr. Chen, stop quickly. The smell of this thing is too terrifying. My soul is going to dissipate.”

Zhe Yan asked Chen Ping not to whip the magic whip while investigating!

Only then did Chen Ping think of Zhe Yan. This guy was a demon, and he was most afraid of the aura on the demon whip!

So Chen Ping took back his spiritual consciousness and returned the magic whip to the clan leader!

“Clan leader, with this magic whip, you can do whatever you want when you see the demons.”

Chen Ping said with envy!

Chapter: 4662

Hearing Chen Ping's words, the clan leader smiled and said: "It's not that simple. Even if this magic whip is an immortal weapon dropped from heaven, it is a weapon after all. The one who can really exert its power is the person who uses this weapon."

"If you are at the same level of strength and have a magic whip, you can easily crush those demon cultivators!"

"But if the difference in strength is too big, even with the magic whip, it may be difficult to escape from the hands of the demon cultivator."

When Chen Ping heard this, he felt that what the patriarch said made sense. Any powerful weapon also depends on the person who uses it. If a monk in the Transformation Realm wants to use a magic whip to deal with a demon cultivator at the peak of the Fusion Realm, then obviously It's impossible!

"Clan leader, I still have something to puzzle over. I wonder if you can answer it?"

Chen Ping said!

"Ask..." The clan leader nodded!

Chen Ping took out his jade token and said: "My jade token is incomplete. Half of it was given to me by the jar, and the other half was given to me by the princess of Jialing County. I really want to know, what about Jialing County?" What is the identity of the princess, and why does she have the other half of the jade token?"

Hearing what Chen Ping said, the clan leader suddenly fell silent. After a long time, he slowly said, "If you have a chance, you'd better ask the Princess of Jialing County about this matter. I have no way to tell you."

"You have been walking for so long and you are tired. Take a good rest. Tomorrow I will ask Wagong to accompany you to find the treasure. After all, he is very familiar with this area."

After saying that, the clan leader was about to leave, and Chen Ping looked at the clan leader's look. It was obvious that he knew the identity of the princess of Jialing County, but he just didn't want to say it!

Since the clan leader is unwilling to say anything, it's hard for Chen Ping to ask further questions!

"Clan leader, I heard from Wagong that the Gao family has always been eyeing your ancient body refining clan. If I am lucky enough to find a real treasure this time, I will find a way to help you get rid of this dangerous Gao family."

Now that he has benefited from others, Chen Ping must do something for the Ancient Body Refining Clan!

As the saying goes, there is no reward for no merit, and Chen Ping is not willing to take away the treasures of the ancient body refining clan in vain!

But who would have expected that after the clan leader heard this, he turned around and looked at Chen Ping, with a look of helplessness on his face and said: "In this far north, it is not the Gao family that is scary, but those demon cultivators..."

"Demon cultivator?" Chen Ping was stunned: "Is it possible that there are still demons in this far north?"

"Isn't this far north the place where demons should most exist?"

The patriarch asked back!

This time, Chen Ping stopped talking.

This far north land is sparsely populated and has a harsh environment, which is perfect for the life of a demon cultivator who is hunted like a rat crossing the street!

At least living here can avoid a lot of dangers and troubles!

Looking at the departing clan leader, Chen Ping found that the world of heaven and earth was far more complicated than he imagined!

Even this far north land is not as peaceful as what I saw!

Chapter: 4663

Chen Ping walked out of the tent, Liu Ruyan and the others were waiting for Chen Ping outside!

“Chen Ping, the clan leader has arranged a place for us to stay. Let us rest for a while. Let’s go...”

Liu Ruyan said to Chen Ping!

Chen Ping nodded and followed Liu Ruyan into a tent, and the three monster thieves were resting in another tent!

In the middle of the night, hundreds of miles away from the Ancient Body Refining Clan, there are always flashes of light.

And accompanied by bursts of roar, it can be heard from such a distance!

Chen Ping was lying in the tent. He knew that it was the light and sound made by someone fighting.

Now there are countless monks looking for treasures pouring into the entire Far North. If the ice soul fragments spread, there will be even more monks coming to the Far North!

By that time, the Far North will be in chaos, and those demonic cultivators may not dare to be bold and hide obediently when they see so many monks coming to the Far North!

It seems that the clan leader’s method is not only aimed at the Gao family, but those demon cultivators are the real most terrifying enemies!

After all, the ancestors of the Ancient Body Refining Clan had massacred and enslaved so many demonic cultivators in the past, and these demonic cultivators would definitely take revenge!

Early the next morning.

Accompanied by Wagong, Chen Ping and others set out on the road to find the treasure!

For some unknown reason, the clan leader did not see him off!

When he walked out of the ancient body refining clan's clan, Wagong suddenly took out the magic whip from his arms and said: "Mr. Chen, the clan leader knows that during this trip, we will definitely encounter many demon cultivators, so the clan leader asked me to bring this I'll give you the magic whip..."

Chen Ping's Arcana knew how to draw the magic whip in Wagon's hand, and he was stunned. If you want to know the value of this magic whip, if it is really an immortal weapon, it will be priceless!

But now the clan leader trusted him with the magic whip. Chen Ping was so moved by this trust!

Chen Ping took the magic whip and became more confident in finding the treasure. As long as the treasure is found, the Ancient Body Refining Clan can develop better!

Chen Ping does not intend to take the skills and treasures in the treasure. He intends to give them all to the Ancient Body Refining Clan. After all, these are also the things of the Ancient Body Refining Clan!

He only took the Ice Soul Pill and nothing else!

"Chen Ping, what is this?"

Liu Ruyan asked curiously when she saw the magic whip being drawn!

“This is the nemesis of the demon cultivator. With this thing, you don’t have to be afraid when you see the demon cultivator.”

Chen Ping smiled slightly and put away the magic whip!

Chapter: 4664

The group of people were walking on a vast white snowfield, surrounded by towering icebergs and deep ice valleys. It can be said that the environment was very harsh!

If you are not careful, you may fall into the ice cave. You must know that some of these ice caves are thousands of meters deep. Even a monk at the peak of the Fusion Realm can only wait to die if he falls in!

Now Chen Ping and the others can only follow the location of the treasure map and try their luck around the places marked above. However, there must have been many people at the location of the treasure map!

But now no one has the specific location of the treasure, so they can only try their luck to see who has better luck!

“Death Canyon?” Chen Ping frowned, seeming to be thinking about something!

How could a place with such a harsh environment be home to countless ferocious beasts? You must know that these ferocious beasts also need growth and resources!

If there are so many ferocious beasts living in this canyon, then there must be resources for these ferocious beasts to survive in this canyon!

But Chen Ping doesn’t know what this resource is!

“Is there any treasure in this Death Canyon?”

Generally, there will be beasts guarding the treasures!

It's not that these ferocious beasts come to guard these treasures on purpose, but that these ferocious beasts survive by absorbing the breath from the treasures, and over time they become treasure-protecting spirit beasts!

"I don't know. According to previous records, there were not so many ferocious beasts living in this canyon before. It seems that suddenly and directly, there are many more ferocious beasts here."

"Some people also tried to enter the canyon to explore, but they never came back and died in it, so this place became the Death Canyon, and we generally stayed away from it."

Wagong explained!

"I feel like there must be something good in this canyon. Let's go take a look..."

After Chen Ping finished speaking, he walked straight towards the canyon!

Others saw this and followed behind!

Soon they reached the entrance of the valley, and saw cliffs on both sides. Above the cliffs were glaciers, which were extremely smooth!

And this canyon is only a dozen feet wide. Standing at the mouth of the canyon, you can feel the breath of the beasts in the canyon coming towards your face!

"You guys wait here, I'll go check on the situation!"

After Chen Ping finished speaking, he concealed his breath, jumped up, and flew quietly through the air!

Chen Ping saw that in the canyon, there were densely packed monster beasts. These monster beasts all had one characteristic, that is, they had snow-white hair and were hard to be found lying in the snow!

These monsters didn't notice Chen Ping. They all seemed to be sleeping lazily. As Chen Ping went deep into the canyon, suddenly a head-sized stone in the middle of the canyon caught his attention!

I saw that there was mist surrounding this stone, and there were several monsters, eating sweets on the stone!

Chapter: 4665

Chen Ping lowered his body and looked over carefully, his eyes suddenly lit up!

This is not a stone at all, but an ice soul fragment. Such a large ice soul fragment, who knows how much energy it contains!

Chen Ping's breathing began to become rapid, and he wanted to rush down immediately and pick up the ice soul fragments!

No wonder there are so many monsters in this canyon. It turns out that these monsters feed on the energy of ice soul fragments.

Chen Ping observed carefully for a while, tried hard to control the excitement in his heart, and then slowly retreated!

Although Chen Ping was very careful and concealed his aura, he was still discovered by an ice bear monster that was over five meters tall!

This ice bear monster looks like the leader of these monster beasts. Its strength is at the peak of the Fusion Realm. Its eyes are staring at the direction where Chen Ping disappeared!

Although this ice bear monster is still the body of a monster and has not turned into a human form, its eyes actually exude a light of wisdom!

Chen Ping did not dare to use his spiritual sense to explore, so he did not find that there were monsters at the peak of the Fusion Realm in this canyon.

“Mr. Chen, how are you doing?”

Seeing Chen Ping coming back, Wagong asked hurriedly!

“In this canyon, there are ice soul fragments, and they are not small in size. No wonder these monsters gather in this canyon!”

Chen Ping said with excitement!

“Mr. Chen, even if there are ice soul fragments, there are so many monsters guarding them, and we can’t get them!”

“And there might be even more powerful monsters here. I think we’d better take a detour to find the treasure!”

Wagong suggested!

But at this moment, Chen Ping felt itchy. It would be such a waste if he didn’t get such a large ice soul fragment!

“If I don’t try it and leave like this, I’m afraid I will regret it.”

Chen Ping said calmly!

“Mr. Chen, please don’t be impulsive. Although I know you are very strong, there are hundreds of monsters here, and I don’t know if there are any monsters above the Fusion Realm. If we annoy you, No one can escape from these monsters.”

Wagong saw that Chen Ping actually wanted to try it, so he quickly said!

This is no joke. If you want to try it, try it. This is life-threatening!

“Don’t worry, even if you try, you must take precautions. Even if you can’t get the ice soul fragment, your life will not be in danger!”

Chen Ping said with a faint smile!

Chapter: 4666

Wagong saw that Chen Ping was determined to try it, so he said nothing more!

After Chen Ping meditated for a moment, a spiritual consciousness spread instantly and enveloped the canyon!

Chen Ping knew that it was impossible to steal the ice soul fragments, so he was not afraid of disturbing these monster beasts with his divine consciousness!

As Chen Ping’s consciousness spread, the monsters began to become restless one by one, and they roared!

Under Chen Ping’s consciousness, the ice bear monster at the peak of the Fusion Realm was also instantly discovered by Chen Ping. When Chen Ping discovered the ice bear monster at the peak of the Fusion Realm, his heart sank!

It seems that these monsters are really powerful, but now that the matter has come to this, Chen Ping will not give up!

Therefore, Chen Ping’s consciousness is still spreading, and Chen Ping can see the situation in the entire canyon more clearly!

Under the cover of ice and snow, countless corpses were submerged. These should be the people who entered the canyon as Wagon said. These people did not go out, and they all turned into white bones in the death canyon!

After Chen Ping used his spiritual consciousness to explore the canyon, he seemed to have thought of something, so he led everyone back from the mouth of the canyon!

“Chen Ping, aren’t you going to get the ice soul fragment?”

Liu Ruyan saw Chen Ping retreating from the valley entrance, so he asked in confusion!

“Of course I have to take it, but I have to attract some of the monsters in the canyon first. The fewer monsters in the canyon, the greater the chance of getting the ice soul fragments.”

As Chen Ping spoke, he began to twist the magic formula with his hands. A formation slowly appeared in the void, and finally fell directly on the snow!

This formation looks extremely complicated, and the shapes it depicts are also all kinds of strange!

But looking at the complexity of this formation, you know that it must be an advanced formation!

“Mr. Chen, do you plan to use this formation to trap those monsters?”

Wagong asked puzzledly!

Although this formation is also very large, it is almost impossible to trap hundreds of monsters!

“This formation is not used to trap monsters, but to attract monsters.”

After Chen Ping finished speaking, he tapped his finger lightly, and a golden light instantly disappeared into the formation. The formation began to emit light, and then a thick spiritual energy floated into the canyon!

Then Chen Ping used his spell again, printing spells on the jar and Liu Ruyan and the others!

“A large number of monsters will definitely be attracted out in a while. You just need to stand in the formation and kill those monsters. But remember, never step out of the formation!”

“And you fight and retreat at the same time. There are marks on you, and the formation will move with you to attract those monsters.”

“After attracting the monster far enough, I will enter the canyon to get the ice fragments.”

Chapter: 4667

“The three heroes of the Phantom Thieves will follow me into the canyon. When the time comes, you three brothers must use your space shuttle skills to get the ice soul fragments as soon as possible.”

Chen Ping arranged everything carefully!

Chen Ping knew that after he entered the canyon, he would definitely not be able to avoid a fight, and the ice bear monster at the peak of the Fusion Realm would also target him immediately!

All Chen Ping needs is to attract the attention of those monsters, and then use the space shuttle skills of the Three Phantom Thieves to quickly approach the ice fragments and escape on horseback!

Speaking of which, Liu Ruyan and Watan attracted some monsters, Chen Ping entered the canyon and attracted some monsters, and the ones who really took the ice soul fragments were the three monster thieves. After all, stealing is their strength!

Upon hearing this, the three heroes of the Phantom Thieves hurriedly said: “Don’t worry, Mr. Chen. Stealing is my brothers’ strong point. No one can compare with us!”

Chen Ping smiled and nodded. The reason why he wanted to try it was because there were three masters of the Phantom Thieves. Their space shuttle skills could surprise them!

“Ruyan, Watan, you two need to pay attention to safety. You just need to lure the monsters away, as far away as possible. With the protection of the formation, those monsters shouldn’t be able to hurt you.”

“And the monsters that can be attracted by the formation are relatively weak, so don’t be nervous.”

Chen Ping comforted Liu Ruyan and Watan!

The two nodded, and then Liu Ruyan looked at Chen Ping and said: “Chen Ping, you have to be careful. If you really can’t get it, then we won’t get it. It’s important to save your life. I can’t live without you... .”

Liu Ruyan’s eyes were full of worry. She couldn’t leave Chen Ping now, especially at night...

“Don’t worry, I’ll be fine!”

Chen Ping smiled slightly!

But just as Chen Ping finished speaking, accompanied by bursts of roars, the ground began to tremble, and countless monsters began to run out of the canyon!

These monsters came straight to the formation. In the eyes of the monsters, this formation was like a treasure that could provide them with resources for cultivation!

Chen Ping glanced at the three heroes of the Phantom Thieves. The three of them understood and jumped up, and they all hid!

And Liu Ruyan and Wagong stood in the formation with weapons in hand, watching countless monsters rushing towards them, feeling extremely nervous inside!

“kill.....”

Just when the monster beast was in front of him, Liu Ruyan shouted loudly, and then waved out a strong wind with both palms. The strong wind was filled with countless wind blades, instantly killing all the monster monsters rushing in front!

Wagong also took action at this time, swung his fists forward suddenly, and two punches visible to the naked eye roared out, like two cannonballs, hitting those monster beasts hard, sending two of them flying. Monster!

Although the strength of these monsters is not high, there are a lot of them. Even if Liu Ruyan and Watan kill several of them in an instant, it is just a drop of rain for the huge number of monsters!

These monsters are still roaring and charging!

“Walk.....”

Chapter: 4668

Liu Ruyan said something, jumped up, and ran away into the distance!

Watan also followed immediately, and around them, as the two people moved, the spells printed on them began to emit light, and the formation followed the two of them, moving together!

Those monster beasts were chasing after them closely, and the originally peaceful canyon was like a flood, constantly gushing out!

Chen Ping and the three monster thieves who were hiding looked at the monsters pouring out of the canyon, and their scalps felt numb!

After more than ten minutes, the number of monsters in the canyon gradually became sparse, and finally no monsters came out of the canyon anymore!

Seeing this scene, Chen Ping knew that the opportunity had come, so he took the Three Phantom Thieves directly into the canyon!

At this moment, the canyon was extremely quiet, as if all the monsters had left!

But Chen Ping knew that there must be monsters in this canyon, and they were all very powerful monsters!

“The three of you must be careful and work together to get the ice soul fragments. Remember, once you get it, run out immediately and don’t worry about anyone!”

Chen Ping said to the Three Phantom Thieves!

The three people nodded, and then their bodies slowly became transparent and became invisible!

Chen Ping took out the dragon-slaying sword and activated the indestructible golden body. The power of the three clans in the body and the dragon crystal shone brightly!

Chen Ping knew that he must not be careless this time, or he might be buried here!

Just as Chen Ping and the others continued to go deeper into the canyon, there was a roar, and then the ice bear monster at the peak of the Fusion Realm roared towards Chen Ping!

And behind this ice bear monster, there are hundreds of monsters. Each of these monsters has a powerful aura, and they have the strength of at least fifth level of the Fusion Realm!

Facing so many powerful monsters, Chen Ping’s scalp instantly went numb!

But now that the matter has come to this, Chen Ping will not give up easily!

“Burn.....”

Chen Ping pointed his fingers towards the Dragon-Slaying Sword, and a burst of fire began to burn on the Dragon-Slaying Sword!

Chen Ping knew that these monster beasts were generally afraid of flames, and the ultimate fire in his hand was the best way to suppress these monster beasts.

Sure enough, when he saw the blazing dragon-slaying sword in Chen Ping's hand, the ice bear monster's eyes showed a hint of fear!

It seemed to feel the power of the ultimate fire on Chen Ping's Dragon-Slaying Sword!

However, the ice bear monster did not retreat. Instead, it roared, and the whole canyon was suddenly shaken. Ice cones fell from the sky and hit Chen Ping one after another!

Just when these ice picks were hitting Chen Ping, the ice bear monster commanded hundreds of monsters and rushed towards Chen Ping together!

Chapter: 4669

And the ice bear monster was sitting behind to take command, as if he wanted to see Chen Ping's strength!

Chen Ping looked at the falling ice cones above his head, and swung the dragon-slaying sword upwards, causing a blazing flame to fly all over the sky.

Those ice cones were melted and evaporated instantly when they touched the fire.

At this time, countless monsters had arrived in front of Chen Ping. Chen Ping swung his sword again, and the sword energy exploded in mid-air with the fire!

Soon the entire canyon rose into a sea of fire, and many monsters were swallowed up in the sea of fire!

But the ice bear monster still commanded the monster and rushed towards Chen Ping regardless of casualties!

Chen Ping's body is constantly retreating!

All the monsters were attracted by Chen Ping, and terrifying auras continued to swarm towards Chen Ping!

Chen Ping was slashing at the monsters while running away, but the ice bear monster at the peak of the Fusion Realm was clinging to the ice fragments, motionless!

This makes the Three Phantom Thieves unable to take action!

When Chen Ping saw this, he knew he had to attract the ice bear monster!

“Nine Shadows Sword Technique...”

With the use of Chen Ping's Nine Shadows Sword Technique, six identical Chen Pings appeared, and the six Chen Pings began to kill the monsters!

At the same time, Chen Ping also took out the Eight-Gand Wasteland Ruler. He originally planned to give this thing to Su Yuqi, but now he must use it!

It is difficult for Chen Ping to bear these many monsters!

As the emeralds on the Eight Desolate Thousand Feet flickered, all the monster beasts within the Eight Desolate Thousand Feet were released!

These monsters are extremely ferocious, but in terms of strength, they are still different from the monsters in the canyon!

But Chen Ping can't control so much now. He wants to use all his methods to attract the ice bear monster at the peak of the Fusion Realm to chase him!

Although Chen Ping used the Nine Shadows Sword Technique and the Eight Desolate Thousand Feet, the ice bear monster remained indifferent and remained motionless as the monsters under him continued to die!

Chen Ping panicked a little when he saw this. If the ice bear monster never moved, then his plan would be in vain.

"Damn it, if the God King's bow is here, I will shoot you to death..."

Chen Ping cursed angrily, but he didn't dare to stop at all.

After fighting for a while, Chen Ping was helpless, and the dragon crystal on his chest began to flicker.

As the dragon-slaying sword neighed, a golden dragon slowly appeared from behind Chen Ping!

Chapter: 4670

The golden dragon stepped on the fire, opened its eyes wide, and let out a majestic dragon roar!

Just this dragon roar resounded throughout the canyon!

At this moment, the monster beasts that had originally swarmed to attack were suddenly stunned, frightened by the aura of this golden dragon!

Looking at the golden dragon in front of them, those monster beasts retreated instead of advancing, retreating step by step with frightened expressions on their faces!

The ice bear monster, which was originally motionless, suddenly let out a roar after seeing this scene!

Then his body jumped up and rushed towards Chen Ping!

When Chen Ping saw the ice bear monster moving, he quickly retreated, and then used his clone to block the ice bear monster's footsteps!

Seeing the ice bear monster attacking, those monsters that retreated in fright roared and charged again!

"Do it..."

Chen Ping roared, retreated quickly, and then commanded the golden dragon to rush into the crowd of monsters instantly!

Chen Ping's move was for the three heroes of the Phantom Thieves!

Just as Chen Ping was fighting with those monsters, the three Phantom Thieves brothers also moved!

I saw three people disappearing in a flash from different directions, and then reappearing, each time they flashed closer to the ice soul fragment!

The ice bear monster seemed to feel someone approaching the ice soul fragment. He suddenly turned around and saw three people approaching the ice soul fragment from different directions, so he roared and turned around to protect it!

Chen Ping originally wanted to stop the ice bear monster, but there were so many monsters entangled that he had no way to escape!

Now Chen Ping can only pray that the three monster thieves are fast enough to get the ice soul fragment one step ahead of the ice bear monster!

Seeing that the Ice Furbolg was about to rush in front of us, the third of the Three Phantom Thieves was the first to get the Ice Soul Shard!

“Big brother, second brother, run...”

Sanjie roared, and then the three men flashed in different directions again!

The ice bear monster slapped the three heroes with one palm, but at the last moment, the three heroes traveled through the void and distanced themselves!

The ice furbolg roared with all its strength, and jumped suddenly. Its huge body actually jumped a hundred meters high, and then it hit the three heroes heavily!

The three heroes tried their best to use time travel, but they couldn't escape the attack range of the ice bear monster!

“Second brother, continue...”

The three heroes threw it hard and threw the ice soul fragment directly to the second hero!
