

## **The Order 4671**

Chapter: 4671

The moment the ice soul fragments were thrown, the ice bear monster's huge body also fell, and then a palm was slapped on the bodies of the three heroes!

The difference in strength allowed the ice bear monster to turn the three heroes into a pulp with one palm!

"Third brother....."

When the two heroes saw this, they shouted in grief!

When Chen Ping saw this, he also frowned, and the expression on his face was indescribably ugly!

After the ice bear monster killed the three heroes with one palm, it immediately chased after the second hero!

It seems that the ice soul fragment must be stopped!

"Second brother, run quickly....."

Dajie shouted.

The two people ignored their sorrow and began to use time travel to escape again!

But the ice bear monster was as fast as lightning. Before the two heroes could escape from the canyon with the ice soul fragments, the ice bear monster was already chasing after them!

When the second hero saw this, he knew he couldn't escape, so he threw the ice soul fragments to the big hero with all his strength!

"Brother, go quickly..."

After the second hero threw the ice soul fragments to the big hero, he resolutely turned around and faced the ice furbolg!

Erjie's body began to bulge, and finally he made a deafening sound!

Erjie blew himself up!

In order to hold off the ice furbolg and give Dajie time to escape, Erjie chose to self-destruct!

"Second brother..."

Dajie burst into tears, but he took the ice soul fragments, gritted his teeth and ran out of the canyon!

Dajie took the ice soul fragment and fled to the mouth of the valley, but the ice bear monster was still chasing after him!

When Chen Ping saw this, he jumped up suddenly and swung the dragon-slaying sword in his hand with all his strength!

While waving the sword light, Chen Ping pinched his fingers, and spells were suspended in the air!

After Chen Ping's body exited the valley, those spells exploded violently!

"Walk....."

Chapter: 4672

Chen Ping grabbed Dajie, and the two of them had no time to communicate and disappeared in an instant!

The two of them ran for who knows how long. When their consciousness could no longer sense the danger, they stopped and gasped for air!

This stop consumed Chen Ping's spiritual power tremendously, and Chen Ping almost used all his methods!

Dajie held the ice soul fragment in his hand and handed it to Chen Ping, his face full of sadness!

Chen Ping took the ice soul fragment and patted Dajie's shoulder gently, and a ray of life soul returned to Dajie's body!

"sorry....."

Chen Ping felt a little guilty. If he hadn't insisted on taking the ice soul fragment, maybe two of the three monster thieves would not have died!

Dajie lowered his head and said nothing, still immersed in sadness!

Seeing Dajie like that, Chen Ping was also sad, but he didn't know how to persuade him!

Chen Ping took out the eight-foot waste ruler from the storage ring. He originally planned to give it to Su Yuqi, but now he decided to give it to Dajie!

Although all the sealed demonic beasts within the Bagan Huangchi were killed at this time, the Bagan Huangchi itself was also a magical weapon!

Chen Ping handed the Bagan Huangzhi to Dajie and said, "The road ahead will be even more difficult. If you follow me with your strength, it will only become more dangerous."

“I have nothing to give you. This Bagan Desolate Ruler can be considered a magic weapon, so I will give it to you.”

Immediately afterwards, Chen Ping explained to Dajie how to use the Eight-Gand Wild Ruler!

Dajie glanced at Chen Ping, silently took the Eight-Gand Wasteland Ruler, and finally said goodbye to Chen Ping, slowly got up and left!

Chen Ping looked at the ice soul fragments in his hands and couldn't be happy for a moment!

Soon, Liu Ruyan and Wagong came over. They both looked very tired!

Fortunately, I wasn't injured, it was just too much physical exertion!

Seeing the ice soul fragment in Chen Ping's hand, Wagong was very surprised and said: “Mr. Chen, you really got the ice soul fragment. It's so big. Now you're going to make a fortune!”

Wagong was very excited, but there was no joy on Chen Ping's face!

Liu Ruyan glanced at Chen Ping, seemed to have guessed something and asked, “Chen Ping, where are the three Phantom Thieves brothers?”

When Liu Ruyan asked this question, Watan realized that the three Phantom Thieves brothers were missing!

“Where are their three brothers?” Watan also asked in confusion!

Chen Ping looked disappointed and said: “The great hero left, the second and third heroes were killed by monsters...”

Chapter: 4673

Hearing that two of the three Phantom Thieves were dead, Liu Ruyan tensed up and her expression became a little sad!

“Mr. Chen, in the world of gods and humans, it is normal for a few people to die. This is a society of the jungle and the strong, and there are no rules.”

“I think you should absorb this ice soul fragment quickly. Such a large ice soul fragment is like a time bomb in your hand. If someone discovers it, he will definitely have evil intentions.”

Wagong persuaded Chen Ping!

Chen Ping nodded, and then said: “Watan, this ice soul fragment is so big, the energy in it must be quite large, you should absorb it first, after all, you also have a share of the credit in it.”

When Wagong heard this, his face was full of disbelief. He thought he heard wrongly. How could anyone take the initiative to give up the ice soul fragments?

“Chen...Mr. Chen, stop joking...”

Wagong said in disbelief!

“I’m not kidding. You have reached the late stage of the third level of the Fusion Realm. I believe you can break through to the fourth level of the Fusion Realm by absorbing some of the energy from the ice soul fragments.”

“Without this ice soul fragment, with the lack of resources, I’m afraid you wouldn’t be able to break through in a year and a half.”

Chen Ping said to the jar!

After hearing this, Wagong was indeed moved. There is no one who doesn’t want to improve his strength!

“Thank you very much, Mr. Chen.” Watan bowed deeply to Chen Ping!

“You hurry up and absorb it. I will protect you. I will need you to protect me later.”

Chen Ping said!

“Okay!” Wagong nodded!

Chen Ping handed the ice soul fragments to Wa Yun, who gently pressed the ice soul fragments with one hand. Then the technique started, and the ice soul fragments began to slowly disappear little by little!

On top of Wagong’s head, white vortexes emerged one after another. The unique spiritual energy in the ice soul fragments made Wagong’s entire Dantian move rapidly!

Just as the tile jar absorbs the ice soul fragments and increases its strength!

Several monks appeared not far away. These people were also looking for treasures and ice soul fragments!

In the past, in this vast northern land, even if you stayed here for ten days and a half, you might not have met a monk. But now, not long after the Watank was absorbed, a monk was attracted. !

Although the ice soul fragments themselves do not emit any aura and no one can feel it, when the ice soul fragments are absorbed, strange phenomena will appear and aura will leak out!

Therefore, when absorbing ice soul fragments, it is the most easily discovered time. If the ice soul fragments are very small and the absorption is completed in a short time, it will be over before others can sense it!

But this time, the ice soul fragment Chen Ping got was very large, so the aura would take a long time to spread!

Chapter: 4674

Several monks flew quickly in the direction of Chen Ping and the others. When they were a thousand meters away from Chen Ping and the others, Chen Ping's consciousness immediately detected several people.

"Ruyan, be careful, someone is coming..."

Chen Ping reminded Liu Ruyan!

When Liu Ruyan heard this, his expression suddenly changed and he became a little nervous!

"Don't be nervous, these guys are not strong..."

After Chen Ping finished speaking, his fingers quickly slid on the ground, and soon a formation pattern appeared!

Chen Ping and the others were wrapped in the formation!

Soon, four Fusion Realm monks appeared, one of whom was at the fifth level of the Fusion Realm, and the others were at the third level of the Fusion Realm!

With this kind of strength, even without formations, Chen Ping can handle it alone!

It's just that Chen Ping just fought with the monster and consumed a lot of spiritual energy, so now he needs to slowly replenish it. With the protection of this formation, he can still delay for some time!

When the four monks saw Chen Ping and Liu Ruyan, they had a sneer on their faces, but when their eyes fell on Watan, they were stunned!

"What a big ice soul fragment?"

“We’re getting rich, we’re getting rich...”

“Damn it, how did these young monks of the second and third levels of the Fusion Realm find such large ice soul fragments?”

All four monks looked shocked!

“No matter how we got it, it’s ours now!”

After the fifth-level Fusion Realm monk finished speaking, he headed towards the ice soul fragment in the blink of an eye!

This monk is extremely fast, like a ray of light!

But when the monk approached Chen Ping and the others, a curtain of light suddenly burst out from the ground, and then the monk hit hard on it!

The huge repulsive force caused the fifth-level Fusion Realm monk to fly backwards!

“Damn, there is actually a formation to protect us. No wonder these people didn’t panic at all when they saw us.”

Seeing the shimmering formations around Chen Ping and the others, the monk who was knocked away cursed angrily!

“Then what should we do?” asked another monk!

After all, they are not formation masters, and they don’t have the ability to break formations!

Chapter: 4675

“Let’s try to break the formation by force...”

After the fifth-level Fusion Realm monk finished speaking, he drew out a long knife and slashed towards the formation!

When several other monks saw this, they also rushed forward with weapons!

However, several people slashed at the formation, but the formation was not damaged at all, but the weapons in their hands were all broken by the formation!

Several people were panting from exhaustion, looking helplessly at the ice soul fragments in the formation!

Liu Ruyan, who was originally nervous, relaxed after seeing this, with a smile on his face!

Chen Ping, on the other hand, looked at the monks in front of him as if they were monkeys!

Seeing Chen Ping’s joking look, the fifth-level Fusion Realm cultivator immediately became angry and cursed: “You brat, if you have the ability, try stepping out of this formation. I will slap you to death.”

“You obediently throw out the ice soul fragments, and we will leave immediately. Otherwise, if we stay here, I don’t believe you will never come out.”

But no matter how the monk threatened, Chen Ping remained indifferent!

In the end, the monk got tired of scolding and stopped talking!

Even threats and insults could not make Chen Ping leave the formation. Another monk came up with a way!

“I think the little girl inside looks pretty good. How about letting her see the glory of our brothers?”

As the monk said that, he actually started to take off his pants!

When the others saw this, they immediately understood and took off their clothes too. This was how they wanted to humiliate Liu Ruyan!

Then anger Chen Ping and the others, causing them to impulsively walk out of the formation!

Otherwise, Chen Ping and the others would have been staying in the formation, and they really would have no choice. If someone else comes here, it is not certain who the ice soul fragment belongs to!

“Rogue, shameless...”

Liu Ruyan suddenly blushed and turned around quickly.

But those four guys had no intention of letting Liu Ruyan go. Everyone occupied a direction. No matter which direction Liu Ruyan turned, someone was taking off his clothes!

When Liu Ruyan saw this, he simply closed his eyes!

When Chen Ping saw that these four shameless guys could do such a thing, his face suddenly became extremely gloomy!

I saw Chen Ping slowly getting up and walking towards the outside of the formation step by step!

When several people saw Chen Ping walking out of the formation, they were immediately overjoyed!

Chapter: 4676

“Boy, you are really brave. You are only at the second level of Fusion Realm, but you dare to step out of the formation and face a few of us.”

The fifth-level monk in the Fusion Realm sneered!

“You could have survived, but you are looking for death...”

After Chen Ping finished speaking, his figure suddenly disappeared, and he didn't know when he had arrived in front of the fifth-level Fusion Realm monk!

Then Chen Ping grabbed the monk's neck with one hand, like a chicken!

That fifth-level Fusion Realm monk was unable to resist in Chen Ping's hands!

“you.....”

The fifth-level Fusion Realm cultivator looked at Chen Ping with shock on his face.

But Chen Ping didn't give him a chance to speak. A burst of fire penetrated the monk's lower body and burned instantly!

Since these shameless guys are capable of taking off their clothes in public, Chen Ping will let them experience the burning sensation of flames!

Soon, the ultimate fire burned blazingly, and the fifth-level Fusion Realm monk screamed in agony, but soon turned into a pile of ashes!

When the other people saw this, they were immediately stunned!

They never expected that a fifth-grade Fusion Realm monk would be easily killed by a second-grade Fusion Realm monk!

This is absolutely terrible!

“Zhihuo, I remembered, he used Zhihuo...”

“The demon clan is the most powerful, he is a demon cultivator...”

Finally, among these people, someone recognized Chen Ping’s Zhihuo!

Upon hearing the words “Demon Race Zhihuo”, several monks turned pale with fright, turned around and ran away!

It’s just that they can’t outrun Chen Ping’s extreme fire!

I saw Chen Ping pinching his fingertips, and three rays of fire came instantly and fell on the three monks!

The flames were burning fiercely, and no matter how hard they struggled, it was of no avail!

Several monks could only watch themselves being burned to death, their consciousness disappearing little by little!

They couldn’t understand how Chen Ping, a young monk of the second level of the Fusion Realm, even a demon cultivator, could be so powerful!

Soon, several monks were burned to ashes and blown away by a gust of wind, as if they had never been there!

Chapter: 4677

Chen Ping spread his spiritual consciousness for several miles and found no other monks, so he entered the formation with confidence and then slowly recovered!

I don't know how long it took, but suddenly a dark cloud appeared in the sky, and lightning kept flashing in the cloud!

Chen Ping looked up and found that it turned out to be a small thunder cloud!

Although it is small, it is already very good to be able to produce thunder clouds!

At this time, the tile jar has stopped absorbing, and the spiritual energy is constantly surrounding the body!

"It's really good to break through a small realm and create thunder and calamity clouds..."

Seeing this situation, Liu Ruyan was filled with envy!

Suddenly, lightning struck down instantly in the Thunder Tribulation Cloud, and a rumbling sound erupted!

The thunder and lightning was like a sharp sword, coming straight towards the vat with infinite momentum!

Chen Ping and Liu Ruyan could only watch, but they couldn't help at all!

You must know that if you can break through in a small realm, the chance of creating a thunder cloud is very slim, which is very rare!

Now it depends on whether Watan's body can resist it!

Wagong also seemed to feel the power of the Thunder Tribulation Cloud. The muscles on his body began to bulge, and his entire skin turned bronze, as if he had been sunburned!

Rumble.....

Thunder and lightning struck Wagong's body hard, and countless small electric currents visible to the naked eye shuttled through Wagong's body!

Wa Guan's expression became painful and ferocious, and he gritted his teeth.

If he can withstand this thunder tribulation, his strength and physical body will be greatly improved. But if he cannot withstand this thunder tribulation, he may lose his life!

Finally, Wagong was able to withstand the thunder tribulation. Fortunately, it was a small thunder tribulation cloud, and only one thunder tribulation was produced!

If, like Chen Ping, seven or eight thunder tribulations occur, Wagong's body may not be able to bear it at all and will be wiped out!

After the thunder tribulation, the thunder tribulation cloud disappeared, and Wagong slowly opened his eyes, his eyes full of excitement!

"I have made a breakthrough, reaching the fourth level of the Fusion Realm."

Watan shouted happily and cast a grateful look at Chen Ping!

If Chen Ping hadn't asked him to absorb the energy in the ice soul fragments, Watan wouldn't have broken through so quickly, and it would have been impossible to create the thunder cloud!

"Mr. Chen, thank you so much..."

Chapter: 4678

Wagong said excitedly!

"Thank me for what I did. Getting this ice soul fragment is also your fault."

Chen Ping smiled lightly, then looked at Liu Ruyan and said: "Ruyan, do you want to absorb it and break through your own strength?"

"I don't need it, as long as you protect me, I'll leave it to you."

Liu Ruyan said with a smile!

From Liu Ruyan's point of view, it doesn't matter whether he has the strength or not. What matters is that Chen Ping is by his side!

What's more, following Chen Ping's constant intercourse during this period, Liu Ruyan also felt that her strength was growing rapidly!

Now Liu Ruyan has already broken through the Transformation Realm and reached the Fusion Realm!

"Well, what's mine is yours anyway."

Chen Ping smiled lightly, and then said: "I am starting to absorb it now. The formation is set up here, and it is difficult for a fifth-level monk in the Fusion Realm to break it. You two will protect me for the time being."

"Mr. Chen, don't worry. If anyone dares to disturb Mr. Chen, I will be the first to refuse."

Wagong waved his fist, and he was full of confidence after reaching the fourth level of the Fusion Realm!

Chen Ping nodded, then sat cross-legged, gently pressed one hand on the ice soul fragment, and began to absorb the energy inside!

Now that Chen Ping has reached the peak of the second level of the Fusion Realm, he can break through to the third level of the Fusion Realm by absorbing some resources!

Such a large ice soul fragment might be able to break through to the third level of the Fusion Realm!

Chen Ping's heart was full of expectations, and the Heart Condensation Technique in his body was constantly activated!

A large amount of energy entered Chen Ping's body from the ice soul fragments!

I don't know how long it took, but Chen Ping still showed no signs of breakthrough, but the ice soul fragments were shrinking visibly to the naked eye!

"Mr. Chen, the amount of energy required to break through a small realm is outrageous, right?"

Wagong was very surprised!

"He is now able to leapfrog the competition, which proves that every time he advances to a higher level, he must require many more resources than others."

Liu Ruyan said!

Wagong nodded. Chen Ping, a second-level Fusion Realm monk, can easily kill a fifth-level Fusion Realm monk. This kind of leapfrog battle across several realms must mean that Chen Ping's improvement in each realm is higher than The strength of others increases several times!

The growth of these strengths also requires more resources to maintain, so it is reasonable for Chen Ping to need more resources to advance to a higher level!

Chapter: 4679

At this time, Chen Ping was anxious when he saw that he had not shown any signs of breakthrough for a long time!

A large amount of energy entered the body, but it did not enter Chen Ping's dantian. Instead, it was instantly sucked away by an inexplicable suction force.

Chen Ping's consciousness sank into his body and began to search along the inexplicable suction force!

He wanted to see what was in his body that could absorb this energy!

"Zhe Yan, are you secretly absorbing the energy from my body?"

Chen Ping frowned slightly and said!

"Mr. Chen, I'm wronged. How can I absorb the energy in your body? It's a book, and I don't know what it is."

Zhe Yan shouted that he was wronged!

"Book?" Chen Ping suddenly remembered the wordless heavenly book in his consciousness!

As Chen Ping's consciousness entered the sea of consciousness, he saw the Wordless Heavenly Book shining brightly, and all the energy entering from the ice soul fragment was absorbed by the Wordless Heavenly Book!

"Mr. Chen, what is this book in your consciousness? Why is it that it doesn't have a single word in it, but it absorbs energy so crazily?"

Zhe Yan asked very puzzledly!

Chen Ping did not speak, but his pupils shrank and he stared at the wordless book. He saw that the wordless book was like a whirlpool, constantly swallowing everything!

Seeing that Chen Ping was silent, Zhe Yan said again: "Mr. Chen, if you don't hurry up and throw this book away from the sea of consciousness, if this continues, all the energy will be sucked away by it."

“Let it suck...”

Chen Ping stared at the Wordless Heavenly Book and did not stop it!

The energy in the ice soul fragments is still pouring into Chen Ping’s body crazily, but Chen Ping’s body has not changed at all!

This made both Watan and Liu Ruyan frown!

After absorbing energy so crazily, Chen Ping didn’t change at all. The resources Chen Ping needed to improve to a small level were too outrageous!

And around Chen Ping, the unique energy aura of the ice soul fragments has begun to form a huge vortex, reaching into the air!

If this continues, other monks will soon discover this place!

Although Chen Ping has set up a magic circle that even the fifth-level monks in the Fusion Realm cannot break, what will happen if the monks who come are at a higher level?

Watan and Liu Ruyan were on full alert, hoping that Chen Ping could break through and wake up soon!

Just when the two of them were on full alert, a figure flew over quickly from far to near!

Chapter: 4680

When he saw the ice soul fragments in front of him, greedy eyes suddenly appeared in his eyes!

The monk didn’t even look at Watan and Liu Ruyan, and rushed straight towards Chen Ping!

But just a few steps forward, the magic circle was activated, and the monk was instantly knocked away!

“There is actually a magic circle?”

The monk was stunned for a moment, then looked at Wagang and Liu Ruyan and said: “You two young monks, quickly close the magic circle, or I will forcefully break the formation and kill you two...” ....”

“Hmph, what a shameless talk. You are only at the fifth level of the Fusion Realm, but you still dare to say such big words!”

Wagang is currently in the fourth level of the Fusion Realm, with only a small realm difference, so he is not afraid of the monk in front of him!

After all, there is still a magic circle to rely on, so there is no need to be afraid!

“Boy, you are so crazy. If you have the ability, let’s come out and fight. If you hide in the magic circle, what ability can you have?”

The monk said with a mocking look!

“Damn it, let’s just fight. I can still be afraid of you...”

Wagang said, and was about to rush out!

“Watan, don’t be impulsive...” Liu Ruyan stopped Watan!

“Miss Liu, we don’t need to be afraid of him. If I can’t defeat him, I can definitely enter the magic circle!”

After Wagang finished speaking, he jumped out of the magic circle!

When the monk saw the vat coming out, he didn’t waste any time and stabbed the vat with his sword!

But Wagong didn't panic at all, he blew out the wind with his fists, and strong winds surrounded his body, forming a barrier, like armor!

Watan, who had just suffered a thunderstorm and had broken through to the fourth level of the Fusion Realm, had indeed improved a lot in strength. Even if he was fighting with this fifth-level Fusion Realm monk, he could not lose with more than a dozen moves in a row!

Liu Ruyan watched the two fighting, but she became a little anxious. She looked at Chen Ping, who was sitting cross-legged and motionless, and silently prayed: "Hurry up and break through, hurry up and wake up."

Liu Ruyan didn't understand what happened to Chen Ping!

At this time, Chen Ping was in the sea of consciousness, quietly watching the wordless book absorbing energy. The size of the ice soul fragments was rapidly decreasing, but the wordless book seemed to be a bottomless pit, not absorbing it at all. The final moment!

Now Chen Ping was also a little anxious. He didn't expect that this wordless heavenly book could be so absorbed!

The energy of such a large ice soul fragment has almost been absorbed!

Just when Chen Ping was at a loss as to whether to cut off the energy of the Wordless Heavenly Book, the Wordless Heavenly Book finally stopped absorbing it!
