

## **The Order 4711**

Chapter: 4711

Chen Ping followed Lao Sun and said something!

At this time, everyone heard it, and then they understood why no one in Chen Ping's group was frozen!

It turns out that there are traps on the road under his feet, and Chen Ping saw through the traps. As long as he follows the footsteps, he will be fine!

"Why the hell didn't you tell me earlier? Did you cause my brother to be frozen in ice?"

"Exactly, what do you mean? You don't care about so many people being frozen. How cold-blooded are you?"

Someone began to yell at Chen Ping in dissatisfaction!

After all, Chen Ping's strength is not high. These people's companions were frozen and they couldn't save them in a hurry. Now that Chen Ping said this, he just turned his anger on Chen Ping!

"Shut the hell up. If you dare to beep, don't worry about me doing anything. Who the hell let you in?"

"Since you want to get the treasure, you must be prepared to die. Why should I care about you? You are his sons?"

The aura on Lao Sun's body exploded instantly, and he looked coldly at those people who were yelling!

The strength of Lao Sun, who is at the eighth level of the Fusion Realm, is considered to be the most powerful person in this team, so when he got angry, those people shut their mouths instantly!

Lao Sun had just been rescued by Chen Ping, so of course he had to speak for Chen Ping!

Chen Ping didn't pay attention to those who were shouting. The reason why Chen Ping didn't tell anyone about the formation was because he wanted some people to be frozen!

If there really is a treasure in this cave, the more people there are, the greater the difficulty it will be for Chen Ping to get the Ice Soul Pill!

Chen Ping doesn't care about the life or death of these people, and it has nothing to do with Chen Ping!

The reason why Chen Ping saved Old Sun was precisely because this guy just said a few words to help him outside the city of Jialing County!

Another reason is Lao Sun's strength. If the treasure is really found, and Lao Sun, Lao Kong and Zuo Qing join forces, Chen Ping and the others have no chance of winning!

So now Chen Ping has to win over one person first, and among these three people, only Lao Sun has the intention to befriend Chen Ping.

A pedestrian continued to move forward slowly, and this time they all followed Chen Ping obediently!

After about an hour, we finally walked out of this area!

"Okay, we finally passed this area..."

"This area has been surrounded by magic circles. If you pass by rashly, you won't be able to get out at all!"

Chen Ping let out a long breath!

Even though it was freezing cold here, Chen Ping was actually sweating, and the steaming heat turned into bursts of white mist!

Chapter: 4712

Chen Ping also walked very carefully this way!

When everyone saw that they had walked out of that area, they all let out a long breath!

But on the way, there are still a few people who have become ice sculptures!

Chen Ping sat cross-legged and slowly adjusted his breath. Although Chen Ping had ultimate fire, this ultimate fire was not inexhaustible and needed to be absorbed and refined!

It is necessary to make the ultimate fire grow slowly. There is still too little ultimate fire in Chen Ping's body!

Just after rescuing Gao Qijie and Lao Sun, Chen Ping's Zhihuo became very weak!

"Little brother, thank you..."

At this time, Lao Sun came over and thanked Chen Ping!

"Senior, you're welcome..."

Chen Ping said with a faint smile!

"This is a life-saving grace, how can I be rude!"

As Lao Sun spoke, he reached into his pocket and took out a piece of fairy grass. This piece of grass was now bright red and still warm!

“I have a rejuvenating grass here. Although it is not very helpful for cultivation, but if you carry it with you, it can resist the invasion of cold air.”

“I brought it with me because I came to this far north. I think your girlfriend is weak and has difficulty resisting the cold, so I’ll give her the warm grass this time!”

Lao Sun said and handed the piece of warm grass to Liu Ruyan!

But Liu Ruyan did not take it, but looked at Chen Ping.

“Since it is senior’s wish, then accept it!”

Chen Ping smiled slightly and said!

“Thank you, senior...”

Liu Ruyan collected the warm grass and when she carried it with her, her body felt much warmer and more comfortable!

Lao Sun sat next to Chen Ping and started chatting with Chen Ping!

The two talked a lot and laughed from time to time.

After talking, Chen Ping realized that Lao Sun, Lao Kong and Zuo Qing were just a temporary team!

Although the three of them have known each other for a long time, their friendship is not particularly deep.

Chapter: 4713

No wonder the two of them had no intention of rescuing Lao Sun when he was frozen!

After resting for a while, everyone continued on their way!

This time Chen Ping took the lead, and the others followed Chen Ping by default. After all, no one wanted to take risks!

After more than an hour of walking, Chen Ping and the others had no idea how far they had penetrated into the underground ice!

But soon the front suddenly became clear, and a palace made of ice appeared in front of everyone's eyes!

And around the palace, there are many unusual smells, which turn into thick fog, making the palace looming!

"It's so spectacular. This must be the location of the real treasure..."

"It's amazing. I never imagined that the ancient body-refining clan's treasures would be so magnificent!"

"I don't know what treasures there are in this palace. Come in and have a look..."

Some people couldn't stand it anymore and started running towards the palace crazily!

Seeing this, Gao Qijie also took the servants of the Gao family and ran into the palace, but was stopped by Chen Ping.

"Don't move yet, I feel like things are not that simple..."

Chen Ping said to Gao Qijie!

“What’s not simple? Didn’t you see that those people have already started to enter the palace? If we go in late, we won’t get anything.”

Gao Qijie said loudly!

“Mr. Chen, do we really not want to go in? Maybe the treasure is in the palace in front of us.”

Ji Yun was also a little impatient!

“You can’t go in. Even if there is treasure inside, it’s not that easy to get!”

As soon as Chen Ping finished speaking, roars suddenly rang out, startling everyone!

The clouds of mist suddenly changed into the appearance of various strange beasts, and began to attack the people who rushed into the palace!

Some people had no time to react, and were directly frozen into ice sculptures by the mist beast!

When the others saw this, they quickly stepped back and looked at the clouds of fog in front of them in shock!

When Gao Qijie saw this scene, he couldn’t help but wipe his hands in cold sweat. If Chen Ping hadn’t stopped him, he might have suffered too!

Now facing those strange beasts, no one dared to move first.

Chapter: 4714

“Old Sun, Zuo Qing, the three of us join forces. These transformed beasts are nothing to be afraid of. Let’s go in...”

Lao Kong couldn't help but suggest!

"Okay!" Zuo Qing nodded!

But Lao Sun didn't speak. It seemed that he didn't want to join the team with the two of them. After all, their behavior had already made him sad!

Now Lao Sun only follows Chen Ping. If Chen Ping goes in, Lao Sun will follow him too!

Seeing that Lao Sun was silent, Lao Kong was a little unhappy, but in a place like this, he couldn't say anything!

Chen Ping carefully observed the thick fog, and the power of his spiritual consciousness continued to penetrate the thick fog, looking for the source!

Soon, Chen Ping discovered transparent beast pills one after another behind the thick fog. These beast pills were wrapped in the thick fog!

It is precisely because of these beast pills that this thick fog will turn into various strange beasts to attack!

Seeing this, Chen Ping raised the corner of his mouth slightly, and then said to Lao Sun: "Senior, how about you and I joining forces to explore this mist beast?"

"no problem....."

Lao Sun agreed!

"Ji Yun, you come with us. The three of us will do it together. Remember, we are only dealing with one mist. Don't get close to other mists."

Chen Ping warned!

“Okay!” Ji Yun nodded!

The reason why Chen Ping chose the two of them is because they are the two with the highest strength. Now Chen Ping doesn't know the strength of this mist beast, so he doesn't dare to let others experiment rashly!

Chen Ping took out the Dragon-Slaying Sword, and there were traces of Ultimate Fire coming out of the Dragon-Slaying Sword. Ultimate Fire was the best thing to deal with this kind of cold beast!

“superior.....”

After Chen Ping discovered a separate cloud of mist, he jumped forward and rushed forward!

And Ji Yun and Lao Sun followed closely behind!

Just as Chen Ping approached the fog, a roar erupted from the fog, and the fog instantly twisted, and finally turned into a multi-legged beast.

As the alien beast opened its big mouth, a cloud of cold air instantly enveloped Chen Ping. Chen Ping instantly dropped a thousand pounds, causing his body to fall rapidly downwards!

Just when the alien beast's attention was attracted by Chen Ping, Ji Yun and Lao Sun appeared on the left and right!

The two people attacked the strange beast at the same time. The vast spiritual power turned into thousands of palm prints and kept hitting the strange beast!

Chapter: 4715

It's a pity that these palm prints did not cause any harm to the strange beast at all!

These strange beasts are all transformed into mist and have no real body at all, so they are useless when a huge force hits them!

Ji Yun and Lao Sun were slightly stunned, but just as they were stunned!

The alien beast roared and came straight towards the two of them, while at the same time bursts of cold air spewed out from its mouth!

Just when the two of them were about to be enveloped by the cold air, Chen Ping suddenly appeared!

Chen Ping was seen wielding the Dragon-Slaying Sword, and with an angry wave, a barrier of ultimate fire appeared.

When the cold air hits the fire, it makes a sizzling sound and a lot of smoke rises!

Chen Ping held his sword and ran straight towards the strange beast!

In an instant, Chen Ping took the dragon-slaying sword and rushed directly into the body of the alien beast!

Just after Chen Ping entered the body of the alien beast, the alien beast that originally still had a shape turned into a mist again!

Chen Ping was wrapped in the mist, but he did not come out!

Ji Yun and Lao Sun were all shocked when they saw this. They didn't expect Chen Ping to be so fierce!

"Chen Ping..."

“Mr. Chen.....”

Seeing Chen Ping suddenly disappear, wrapped in the mist and not appearing, Liu Ruyan and Watan shouted anxiously!

At this moment, everyone looked up quietly and looked up!

Ji Yun and Lao Sun didn't dare to approach the mist easily, and they didn't even dare to take action, for fear of hurting Chen Ping in the mist!

Just when everyone was waiting blankly and at a loss, the mist began to move!

It seemed like it was struggling, and soon the fog slowly faded, and finally disappeared completely!

When the fog disappeared, Chen Ping's body was quietly suspended in the air!

“Chen Ping...”

When Liu Ruyan saw Chen Ping, she jumped directly towards Chen Ping!

When Chen Ping saw this, he quickly came towards Liu Ruyan: “Don't get close to here...”

You know, there is a lot of this kind of fog around the palace. If you get close, you will be attacked!

Chapter: 4716

Chen Ping stopped Liu Ruyan and fell back to the ground!

Ji Yun and Lao Sun also hurriedly followed.

“Mr. Chen, are you okay?”

“Little brother, are you okay...”

Ji Yun and Lao Sun both asked with concern!

Others also gathered around, wanting to see if Chen Ping was okay!

“I’m fine...”

Chen Ping smiled and shook his head, and then he opened his hand, and a transparent, crystal-clear beast elixir like ice crystal appeared in Chen Ping’s palm!

Seeing this kind of beast elixir, many people’s eyes widened with disbelief on their faces!

Only Watan, Gao Qijie and others were not very surprised!

“Little brother, what is this? It’s so crystal clear. Is it because of this thing that the mist turned into strange beasts just now?”

Lao Sun asked curiously!

“This is the beast pill of the ice ant beast. It lives under the deep ice all year round and feeds on the cold air. It is difficult to see and catch.”

“I don’t know why, but why is there the beast elixir of this ice ant beast in this mist?”

Wagong said curiously.

“Obviously, these ice ant beasts were killed by people, took out the beast elixir, and then arranged it. It should be to prevent people from entering the palace, right?”

Chen Ping said calmly!

“This ice ant beast elixir is very valuable. I didn’t expect that there is a ready-made elixir here. It’s really great...”

Gao Qijie said excitedly!

Just as Gao Qijie finished speaking, he saw Lao Kong and Zuo Qing jumping up and heading towards a cloud of mist!

When the other monks saw this, they also took action towards the mist!

There are high-value beast elixirs in these mists. Of course they can’t let them go. They risk their lives to search for treasures in the far north just to get resources and treasures!

Gao Qijie was also excited to take people to search for the beast elixir in the mist, but was stopped by Chen Ping!

Gao Qijie looked at Chen Ping in confusion, wondering why Chen Ping was still stopping him!

Chapter: 4717

Now many people have begun to tremble with the mist!

After Chen Ping stopped Gao Qijie, he looked back and found that two people had not moved from beginning to end, as if they were not interested in the beast pill!

Even when they just met the palace and many people ran excitedly into the palace, these two people didn’t move!

“Two fellow Taoists, why don’t you go look for the beast elixir in the mist?”

Chen Ping smiled lightly and asked the two of them!

“The two of us are of low strength and cannot deal with those strange beasts transformed by the mist. Even if we know that there are beast pills, we don’t dare to move.”

One of them said with a bitter smile!

“Yes, our strength is too low to go!”

Another person also echoed!

Chen Ping looked at the two of them quietly, and a divine consciousness instantly enveloped them!

You know, it is very taboo for a monk to use his spiritual consciousness to probe the opponent so blatantly, and he might start a fight!

After all, no one wants to be spied on with their spiritual consciousness for no reason!

But when faced with Chen Ping’s spiritual exploration, these two people acted indifferently, as if they didn’t know!

It’s just that when Chen Ping used his spiritual consciousness to explore the two of them, the magic whip in Chen Ping’s storage ring kept starting to move!

The reason why Chen Ping checked these two people so blatantly was to provoke them and beat them. If they attacked him, he could tell from their breath whether they were demon cultivators or not!

After all, no matter how well they hide themselves, they will accidentally reveal their demonic aura when they fight!

Unless these two people are not demonic cultivators, there will be no demonic aura!

But Chen Ping used his spiritual consciousness to explore for a long time, and the two people were indifferent, but Chen Ping was not convinced that these two people were demon cultivators!

At this moment, in Chen Ping's sea of consciousness, Zhe Yan said: "Mr. Chen, these two people are demon cultivators..."

When Chen Ping heard this, he was slightly startled and said, "How did you know?"

Chen Ping used his own spiritual sense to detect it, but couldn't find it out. Now Zhe Yan is just a residual soul, parasitic in his own sea of consciousness. How could they know that the other party is a demon cultivator?

"When you used your spiritual sense to explore the two of them, I felt it. The two of them are disciples of the Balrog lineage."

"Because I am from the same sect and lineage, I can feel it. If it is a demon disciple from another lineage, I can't feel it either!"

Zhe Yan followed Chen Ping and explained!

Chapter: 4718

When Chen Ping heard this, he immediately understood. It turned out that the two people in front of him were demon disciples of the Flame Demon lineage!

At this time, Chen Ping remembered the scene when he used extreme fire to save Gao Qijie and Lao Sun.

Then these two people must have seen it, and it is impossible for them not to know the demon Zhihuo!

Chen Ping stared at the two of them closely for a while, then turned and left without exposing them!

Chen Ping wanted to see what the intentions of these demon cultivators were after quietly following them!

At this time, from time to time, someone would get the beast elixir from the mist and cheer loudly with joy!

Gao Qijie was jealous of him, but Chen Ping stopped him and didn't let him take action!

After all, Chen Ping saved his life, and Gao Qijie couldn't just listen to Chen Ping!

I don't know how long it took, but the fog became less and less. Although many people got the beast elixir, it also consumed a lot of physical energy!

Some people were even injured, and their overall strength was obviously reduced a lot!

"Now that the fog has disappeared, can we enter the palace..."

Gao Qijie asked Chen Ping!

"Wait a moment....."

Chen Ping still stopped Gao Qijie!

"Always waiting, always waiting, what are you waiting for?"

Gao Qijie didn't understand what Chen Ping was waiting for!

Chen Ping did not answer, but quietly looked at the two demon cultivators!

As long as they go in, Chen Ping will follow, and if the two of them don't go in, Chen Ping won't go in either!

There will definitely be danger in this palace. It is obvious that these two demon cultivators seem to be very familiar with this place!

At this time, someone had already entered the palace, and there were bursts of exclamations in the palace!

People outside heard the exclamations and couldn't help but want to enter.

Soon, everyone except Chen Ping and the others had already walked in. When the two demon cultivators saw this, they looked at each other and then walked towards the palace!

"This palace is so beautiful, but where the treasure is located, I'm afraid I won't get anything if I go there too late..."

The two of them said as they quickly ran towards the palace!

Chapter: 4719

When Chen Ping saw this, he waved his hand and said: "Let's go in too..."

Chen Ping led everyone into the palace!

When they entered the palace, Chen Ping and the others were stunned by the scene in front of them!

I saw that there were colorful ice crystals in the huge palace, and in the middle of the palace, five huge ice coffins were placed!

The five ice coffins were not discharged at once, but formed a circle. In the circle surrounded by the ice coffins, there was a very strange pattern painted. The pattern was blood red, as if it was painted with blood. Same!

And inside these five huge ice coffins, there is a huge monster corpse. The corpse is lifelike, as if it is asleep!

“The giant ice soul beast, this is the giant ice soul beast...”

Seeing the monster corpse in the ice coffin, Wagong suddenly roared with excitement!

“Ice soul beast?” Chen Ping frowned slightly!

If this is the location of the treasure, how come there are so many corpses of ice beasts?

And where is the treasure?

Although the palace is very huge, you can see the whole picture at a glance, and there are no hidden treasures at all!

“Is this the Ice Soul Giant Beast?”

Gao Qijie also moved forward with excitement on his face and looked carefully at the body of the ice soul beast inside through the ice coffin!

He has never seen the ice soul beast, he has only heard about it!

It is said that this giant ice beast lives thousands of meters under the ice and never comes to the ground, so very few people have seen it!

“I have also seen it in an ancient book. The Ice Soul Beast looks like this. It’s just that five Ice Soul Beasts suddenly appeared here and were sealed in ice coffins. What happened here?”

“Is this really the treasure land of our ancient body-refining clan?”

Wagong couldn’t believe that the ancestors of the ancient body-refining clan could kill five giant ice soul beasts. This was simply impossible!

Chen Ping inspected the five ice coffins, and finally focused on the bright red pattern!

This pattern looked like a formation, but he didn’t want to think about it. Chen Ping found that he couldn’t detect it with his spiritual consciousness!

“I think this place looks more like an altar?”

Lao Sun came over and whispered!

Use five giant ice soul beasts as sacrifices, and then surround them. The blood-red pattern in the middle is some kind of ritual on the altar.

Chapter: 4720

“Who are they? Trying to build an altar here? What do they want to pay homage to?”

Chen Ping was very puzzled. Apart from these things, there were no other treasures here!

Who would come thousands of meters under the ice to build an altar?

“Damn, there is nothing here. Since there is no treasure, the body of this ice soul beast should be quite valuable, so I will take the body away.”

Lao Kong cursed angrily, and then slapped the ice coffin with his palm!

Since there are no other treasures, the rare ice soul giant corpses must be a good resource. Maybe there are beast elixirs in these ice soul giant beasts!

But Lao Kong, who was at the eighth level of the Fusion Realm, slapped the ice coffin with his palm. The ice coffin did not move at all, not even a crack appeared!

You know these are made of ice, how can they be so strong?

“Old Kong, did you just take the ice ant beast elixir? You are so tired that you have no strength. Why can’t you even open an ice coffin?”

Zuo Qing mocked Lao Kong.

“Hmph, I didn’t use any force just now. It’s just an ice coffin. I can’t open it...”

Lao Kong said, accusing his strength and slapping it down again!

With this palm strike, the ice coffin still could not be opened. This time, Lao Kong’s face turned extremely ugly!

“This is thousands of years of ice. Ordinary monks can’t break it. If you can make an ice coffin out of thousands of years of ice, then this person’s strength must be very terrifying!”

Gao Qijie said at this time!

Although he didn’t recognize the ice soul beast in the ice coffin, Gao Qijie could tell at a glance the materials used in the ice coffin!

This ice coffin is made of thousand-year-old ice, which is so hard that a Fusion Realm monk can’t even shake it!

Lao Kong was discouraged when he heard what Gao Qijie said. Since he couldn't even move the ice coffin with his eighth-level Fusion Realm strength, others couldn't even think about it!

After all, he has the highest strength here, and the others are lower in strength than him, so they can't open the ice coffin!

"Damn it, didn't you come in for nothing and get two beast elixirs? You didn't see the bullshit treasure..."

Lao Kong cursed angrily with dissatisfaction!

Others were also very dissatisfied. They originally thought there were treasures in the palace, but after entering, there was nothing but five ice coffins!

Moreover, the ice coffin cannot be opened, and even the body of the ice soul beast cannot be taken away!

Just when everyone was depressed and thinking about leaving, one of the two demon cultivators suddenly said: "Everyone, you are only paying attention to the ice coffin. Have you discovered that those colorful ice crystals are the best cultivation resources!"
