

## **The Order 4721**

Chapter: 4721

“I just tried it quietly. The energy in the ice crystal is very pure and can increase the speed of cultivation. Although it is not as good as the ice soul fragments, it is hundreds of times stronger than the spirit stone...”

As the man spoke, his body slowly floated up, approached the ice crystals, and began to absorb the energy in the ice crystals!

Hearing what this man said, the others instantly became interested and jumped up one after another, floating to the top of the tall palace.

Some wanted to reach out and take the ice crystals off, but no matter how they did it, the ice crystals didn't move at all!

As a result, they can only absorb it here, and it is impossible to take it out!

Soon, these people were all suspended at the top of the palace, greedily absorbing the energy in the ice crystals!

Even Gao Qijie jumped up with the Gao family, constantly absorbing energy!

Chen Ping did not move, and he asked Watank and Ji Yun not to absorb the energy in the ice crystal!

Chen Ping has been watching the two demon cultivators. Although the two demon cultivators are also absorbing ice crystal energy, he always feels that these two demon cultivators are not paying attention and have been secretly observing everyone!

“Mr. Chen, do we really not want to absorb the energy in the ice crystal?”

Wagong couldn't help but asked!

“Don’t move. I always feel a bad premonition, and there is a demon cultivator here. We’d better be careful when we don’t know the demon cultivator’s intentions.”

Chen Ping whispered!

Hearing what Chen Ping said, no one was talking anymore. They could only carry it down below, looking rudely at the huge ice coffins in front of them!

“Chen Ping, look quickly, is there blood in this ice coffin?”

At this time, Liu Ruyan seemed to find something inside an ice coffin, so he shouted to Chen Ping!

Chen Ping hurriedly moved over, and sure enough, he found strands of blood in the ice coffin. The blood was so thin that if you didn’t look carefully, you wouldn’t be able to find it!

And those blood threads seemed to be still squirming, as if they were alive!

Seeing this, Chen Ping quickly pressed his hand gently on the ice coffin. Suddenly, a burst of cold air rushed directly into Chen Ping’s body, and Chen Ping couldn’t help but shudder!

The whole arm began to frost quickly, as if it was about to freeze on the ice coffin!

“Mr. Chen, this is thousand-year-old ice. You must not touch it for a long time, otherwise you will be frozen...”

Seeing this, Wagong hurriedly wanted to step forward and pull Chen Ping away!

“Don’t touch me...”

Chen Ping stopped the vat, and then a burst of fire began to condense on his palms. The originally frozen palms slowly melted at this moment!

Chapter: 4722

Chen Ping used the Heart Condensation Technique, and his palm instantly emitted a huge suction force. The blood threads in the ice coffin were actually sucked by Chen Ping and began to pop out of the ice coffin.

These blood threads broke through the ice coffin and then hung in the air. Chen Ping wanted to catch these blood threads, but he couldn't catch them at all!

Chen Ping followed suit and sucked out all the bloodshot blood from other ice coffins!

Soon a group of blood threads gathered together and twisted continuously to form a blood mass!

Now that he looked up at the blood mass, his expression was very surprised!

Because from this blood mass, an icy aura emanated, almost freezing everyone!

"Isn't this the blood of the ice-soul beast? Maybe it will turn into an ice-soul beast, and then we will be in trouble..."

Wagong said very worriedly!

But just as Chen Ping finished speaking, the blood mass suddenly exploded, instantly forming a blood mist, and in the blood mist, the shadow of a giant ice beast slowly appeared!

"The giant ice soul beast, the giant ice soul beast..."

Seeing the ice beast, Wagong suddenly turned pale with fear!

Others were also nervous, and Liu Ruyan hid behind Chen Ping!

“Don’t be nervous. This is just a shadow. It doesn’t have too much strength. We can definitely deal with it...”

Chen Ping comforted Liu Ruyan, but he was actually telling Watan and Ji Yun to listen!

“Watan, you are such a crow’s mouth, what are you talking about...”

Liu Ruyan complained to the jar!

Wagong also looked embarrassed. He just said it casually, but he didn’t expect that this was really the blood of the ice soul beast, and it turned into the afterimage of the ice soul beast!

Even though it was an afterimage, several people felt the danger and stepped back one after another!

And the afterimage of the giant ice beast raised its proud head and swept across the crowd with sharp and domineering eyes!

At this time, everyone else was on the roof of the palace, meditating with their eyes closed, absorbing the energy of ice crystals. No one noticed that the afterimage of the ice beast appeared below!

Only the two demon cultivators have been observing what’s going on below!

The huge claws of the ice soul beast lightly slapped the ground, and in an instant, endless ice-cold air split the sky and covered the earth, rushing towards Chen Ping and the others, like a giant wave rising into the sky, sweeping in all directions...

Large sheets of cold fog froze the surrounding air. Chen Ping and the others were trembling all over, with frost covering their entire bodies!

Seeing this, Ji Yun casually took out a formation plate and threw it in front of everyone. A transparent barrier instantly appeared, blocking the bursts of cold air!

Chapter: 4723

It's a pity that it only blocked it for a few seconds, and the barrier shattered instantly!

Ji Yun immediately threw another array to block it. Even if it could block it for a second, that would be enough!

It can be seen that Ji Yun, the rich second generation, is not afraid of spending money at all!

When Ji Yun took action, others also took action to block this devastating cold air!

But even if everyone takes action, they can only block it for a moment, and soon their defenses will be overwhelmed!

"The remnant soul of this giant ice beast has such great strength, it's so terrifying..."

Wagong said solemnly!

Everyone else also looked worried. If there was no way to deal with the remnant soul of this ice soul beast, they would all die here!

"We persist, don't be discouraged. This is just the remnant soul of a giant ice soul beast. It will definitely not last long. This guy will probably lose his power soon!"

Liu Ruyan comforted everyone!

Everyone knows that no matter how much they complain, it is useless. They must resist, otherwise they will all turn into ice sculptures!

"Where's Mr. Chen?"

At this time, Ji Yun had completely lost all his formation plans, but he found that Chen Ping was not there!

When Ji Yun said this, others hurriedly looked around, and sure enough, Chen Ping was not found!

“You’re not going to run away, are you?”

Shi Tieqiao blurted out, but just after he finished speaking, he felt that he had said the wrong thing and closed his mouth!

“It’s impossible for Mr. Chen to give up on us and escape on his own, not to mention that Miss Liu is still here. Could it be that he doesn’t even want his own wife?”

Wagong didn’t believe that Chen Ping would escape on his own!

Even if you run away, you can’t even want Liu Ruyan!

When Liu Ruyan heard what Wa Guan said, her face turned red instantly, but she was very happy in her heart. She had long wanted to be Chen Ping’s wife!

“Look, Mr. Chen...”

Ji Yun suddenly shouted!

Everyone hurriedly looked up and found that Chen Ping had arrived behind the remnant soul of the giant ice beast at some time, holding the Dragon-Slaying Sword in his hand. The Dragon-Slaying Sword was still burning with blazing ultimate fire!

The remnant soul of the Ice Soul Beast seemed not to have noticed Chen Ping’s existence yet, and was still waving bursts of cold air towards the people in front of it.

Chapter: 4724

When several people knew that Chen Ping was behind the remnant soul of the ice soul beast, they immediately became energetic and continued to resist the cold air emanating from the remnant soul of the ice soul beast!

They want to create opportunities for Chen Ping. As long as the opportunity is right, Chen Ping can kill the remaining soul of the ice beast!

Several people joined forces and concentrated their breath in one place, and soon a golden ball burst out, which not only defeated the cold air, but also headed towards the remnant soul of the ice beast!

Seeing this, the remnant soul of the Ice Soul Beast was immediately furious. With two huge claws, he grabbed it out of thin air, and two huge ice balls appeared. The space around the ice balls was distorted and deformed!

The two ice balls ran directly towards the golden ball, and then there was a huge collision. The ice balls shattered and turned into a head full of wind and snow, covering all the people!

At this moment, Chen Ping held the dragon-slaying sword and stabbed directly at the remnant soul of the ice-soul beast!

The dragon-slaying sword reached the temperature of fire, and the Ice Soul Giant Beast noticed the danger. He suddenly turned his head to look, and then spit out a mouthful of icy air from his mouth!

This breath of ice-cold air instantly froze the surrounding air and turned it into a vast expanse of white!

But at this time, Chen Ping was already in front of him. The cold air instantly turned into steam when it touched Chen Ping's ultimate fire!

Under the gaze of everyone, Chen Ping penetrated the icy air and came to the remnant soul of the ice soul beast. He fiercely penetrated the body of the ice soul beast with his dragon-slaying sword!

The ultimate fire on the dragon-slaying sword burned violently...

The remnant soul of the ice-soul beast has no entity. If you just use a physical attack with the dragon-slaying sword, there is no way to kill the remnant soul of the ice-soul behemoth. Let alone kill it, even if it is injured, it will not be hurt. !

But this fire is different. Even the remaining soul will be instantly destroyed under this fire!

boom!

The remnant soul of the Ice Soul Beast was originally condensed from the blood and had no real body, so under the attack of the Ultimate Fire, the Ice Soul Beast began to twist instantly!

The fire caused the consciousness of the remnant soul of the ice-soul beast to disappear, but the remnant soul of the ice-soul beast was still making its final struggle!

The cold air in the body continues to spread, trying to extinguish the fire, but how can the fire be extinguished so easily!

Looking at the struggling remnant soul of the ice beast, Chen Ping instantly pulled out the Dragon-Slaying Sword and his body floated down!

And the ultimate fire is still burning fiercely in the body of the ice soul, the remnant soul.

“Chen Ping, will the remnant soul of the ice beast be burned to death?”

Liu Ruyan asked Chen Ping!

“No problem!” Chen Ping still believed in this extreme fire!

Everyone silently watched the struggle of the remnant soul of the ice soul giant beast, expecting that the remnant soul of the ice soul giant beast would be burned to death soon!

At this time, the remnant soul of the ice soul beast continued to emit cold air, but no matter how the remnant soul of the ice soul beast exploded the cold air in its body, it could not extinguish the ultimate fire. Instead, it made the ultimate fire burn even more fiercely.

Chapter: 4725

The icy cold air around him began to slowly become hot, and the body of the remnant soul of the ice soul beast gradually began to become illusory. Finally, the body of the remnant soul of the ice soul beast slowly disappeared, and finally turned into a drop of bright red blood.

And this drop of blood fell on the strange pattern in the middle of the five ice coffins. The pattern emitted a dazzling red light, and then absorbed the drop of blood. Finally, the light disappeared and calm was restored!

But the pattern became brighter red, which made Chen Ping frown slightly!

“Is this pattern dyed red bit by bit with the blood of the Ice Soul Beast?”

Chen Ping was very curious!

But just when Chen Ping was about to observe the pattern carefully, two demon cultivators suddenly fell from the top of the palace!

These two people have never entered a state of cultivation, but secretly watched every move of Chen Ping and the others!

“Two fellow Taoists, what’s the matter? I just want to see this pattern, why are you stopping me?”

Chen Ping asked the two of them.

“Let me ask you, as a human monk, how can you become a demon? Are you also a demon?”

One of them stared at Chen Ping and asked!

“Don’t you two know whether I am a demon or not?”

Chen Ping smiled playfully!

The two of them seemed to understand something from Chen Ping’s smile, so they both laughed, and then the demonic aura in their bodies began to burst out!

The two of them are no longer hiding it. Since Chen Ping has figured out their identities, there is no need to hide it anymore!

“Demon cultivator, these two guys are indeed demon cultivators...”

Feeling the aura of the two people, Ji Yun and Wagong were all surprised.

“Did you arrange this place?”

Seeing that the two people had revealed their identities, Chen Ping asked!

This is not the treasure house of the Ancient Body Refining Clan, and the palace and the ice coffin are obviously man-made, so someone should be able to arrange them!

“You think too highly of us two. This was set up by our Demon Ancestor. We are only responsible for bringing people in!”

One of them said calmly!

“Fire Demon?” Chen Ping asked!

“That’s right, but since you know our Flame Demon Clan’s Supreme Fire, you should be closely related to our Flame Demon Clan, so we two brothers decided to take you out.”

Chapter: 4726

The man nodded and said!

“Take me out? What about the others?”

Chen Ping frowned and said!

“Others? Of course the others will become tributes, and they will never leave here...”

The man smiled coldly!

When Ji Yun and the others heard this, they immediately became furious and swarmed up to surround the two of them!

“We are tributes? What on earth is going on?”

“If you don’t make it clear, you will never leave here...”

Ji Yun said angrily!

“Hahaha, if we dare to reveal our identity, of course we are not afraid of you taking action.”

The man laughed without any fear!

Seeing how arrogant the other party was, Ji Yun raised his hand and was about to take action, but was stopped by Chen Ping!

“What do you mean by tribute?”

Chen Ping asked that person!

“Since you asked, I don’t mind telling you. You can’t leave here anyway!”

The man smiled and said: “This is not the treasure of the ancient body refining clan, but the place where the ancestors of the ancient body refining clan sealed the soul of my demon clan!”

“In order to build treasures for the Ancient Body Refining Clan, we demons suffered numerous casualties, and many remaining souls were sealed here.”

“To break the seal, you must use the essence and blood of the ice soul giant beast, but it is too difficult to obtain the essence and blood of the ice soul giant beast!”

“That’s why we Demon Ancestors thought of this method, sealing the five giant ice soul beasts in the ice coffin, and then relying on the spiritual consciousness of the human monks to draw the essence and blood of the giant ice soul beast out of the body little by little!”

“In this way, the five giant ice soul beasts will continue to produce blood essence until the moment the seal is opened.”

“You think these people are absorbing ice crystal energy, but in fact they have all entered the illusion, and their consciousness is slowly being plundered.”

“Of course, you are not the first batch, nor will you be the last batch. Only when the seal is released, we will have completed our mission!”

After listening to the man’s words, Chen Ping finally understood. No wonder the people above the palace seemed not to hear the fight just now!

It turns out that they have all entered the illusion. There were no blood streaks in the ice coffin at first, but the blood streaks only appeared after these people absorbed the energy of the ice crystals!

Chapter: 4727

There is also this strange pattern. It turns out that the red color is dyed red bit by bit by the essence and blood of the Ice Soul Beast. It looks like the seal is about to be unlocked!

“Did you two open this cave intentionally and expose it to everyone?”

Chen Ping asked!

“Not bad!” The man nodded!

“You deliberately arranged the various mechanisms in front of you to convince everyone that there is a treasure here?”

Chen Ping continued to ask!

The man still nodded: “We did everything, but if you people are not greedy, how could you be fooled.”

“In fact, people come to this far north every year to find opportunities, and these people become our tributes.”

“It’s just that there are a lot of people here this year, so if you are left here, we two brothers will have to deceive others again.”

“Why did the blood condense into the remnant soul of the ice-soul beast? If we failed to kill the remnant soul of the ice-soul beast, wouldn’t the blood essence cease to exist?”

Chen Ping was very surprised. How could he open the seal without the essence and blood of the ice beast?

“It’s not all because of you. Originally, the essence and blood would slowly flow out of the ice coffin and be absorbed by the seal bit by bit, but you forcibly sucked out the essence and blood, causing the essence and blood to merge into one place, so it appeared. Remnant soul.”

“You do have some skills. If you come with us now, you can still survive. If not, you can only wait here to die.”

The man said to Chen Ping.

“Come with you? Unless you two have the ability to take me away...”

Chen Ping’s eyes narrowed slightly, and his body was instantly filled with murderous intent.

“You two bastards, I’ll kill you...” Ji Yun couldn’t bear it anymore. If Chen Ping hadn’t kept reminding them, they would still be fooled around!

Ji Yun suddenly made a move towards the two of them, but when he did, the two people suddenly retreated into the pattern. The pattern flashed with a burst of red light, and their figures slowly disappeared!

“They even set up a teleportation array, no wonder they aren’t afraid at all!”

When Chen Ping saw that the other party was teleported away by the teleportation array, he couldn’t help but frown slightly!

“Just enjoy it and don’t think about leaving here. No one who has entered here has ever left here...”

The sound gets farther and farther and gradually disappears...

Ji Yun punched twice in anger, but it was of no use at all!

The figures of the two people have disappeared, and Ji Yun’s two punches only hit the air!

Chapter: 4728

“Damn it, we were all deceived. These demon cultivators are so abominable...”

Wagong gritted his teeth and cursed angrily!

“Don’t mess up your position first and see if you really can’t go out...”

After Chen Ping finished speaking, he led everyone out of the palace!

At this time, in the direction of the cave entrance, a layer of light spiritual energy barrier blocked everyone’s way!

After several people bombarded it indiscriminately, the spiritual energy barrier was still intact!

It seems that the person who set up this spiritual energy barrier is much stronger than them!

Seeing this scene, several people were a little desperate!

Ji Yun sat down on the ground, a little lost!

“It’s over now. It seems that we are all going to die here. It would be really frustrating if we die like this...”

Ji Yun doesn’t want to die, after all, their Feitian Sect wants him to inherit!

The Feitian Sect is the richest sect. Ji Yun doesn’t have to worry about eating, drinking and having fun. If he dies, the Feitian Sect’s family business will have no heirs!

Wagong also looked decadent at this time. Originally, he wanted to find the treasure and revitalize the ancient body refining clan, but now, he is directly trapped here, and he will probably die here slowly!

“Don’t be like this, cheer up. Maybe we can find a way to escape...”

Liu Ruyan comforted everyone!

“How to escape? It’s obvious that the other party has already planned it. We have no chance at all...”

Ji Yun now has a look of annoyance on his face. If he had known earlier, he wouldn’t be looking for any treasures!

The Feitian Sect is not short of money, so why not live a good life as a young master?

Trapped here now!

“Calm down, everyone. Let’s find a way to save the others first. When there are more people, there may be other ways...”

Chen Ping turned around and returned to the palace!

At this time, at the top of the palace, Gao Qijie and Lao Sun were guarding the ice crystals with their eyes slightly closed, seemingly enjoying themselves, but in fact their consciousness was still being slowly consumed!

And inside the five ice coffins, a trace of blood began to squirm again. If Chen Ping and the others didn’t save these people!

There will also be the essence and blood of the giant ice beast flowing into the pattern!

Chapter: 4729

Chen Ping took out the Dragon-Slaying Sword, then spotted the ice crystal absorbed by Gao Qijie, and slashed it with one sword!

But when he slashed away with a sword, the ice crystal was not damaged at all!

Gao Qijie still had a look of enjoyment on his face, pressing the ice crystal tightly with one hand, absorbing the energy of the ice crystal!

Chen Ping frowned slightly. The power of his sword was enough to shake the sky and the earth, but it could not break a small ice crystal.

This ice crystal is too hard...

Chen Ping refused to give up and slashed with his sword again!

However, after several consecutive sword cuts, the ice crystal still did not change at all!

Chen Ping already had cold sweat on his forehead!

“Mr. Chen, please take a rest first and let me try...”

Wagong stopped Chen Ping and said, “Maybe our ancient body-training boxing techniques can break this ice crystal...”

After Wagong finished speaking, he jumped up and punched out with all his strength!

The fist wind, which was like substance, hit the ice crystal hard!

The power of the tile jar is pure, without a trace of spiritual power, it is the power of muscles driving bones!

But this punch failed to cause any damage to the ice crystal!

At this time, everyone was in an embarrassing situation. They couldn't even break the ice crystals. How could they save them?

For a moment, everyone fell into silence!

At this moment, Zhe Yan spoke and said to Chen Ping: "Mr. Chen, since this ice crystal can absorb people's spiritual consciousness, then we can use powerful spiritual consciousness to block the absorption, and these people will naturally Wake up."

When Chen Ping heard this, he suddenly became enlightened and instantly understood what to do!

Chen Ping jumped up again and gently pressed one hand on the ice crystal that Gao Qijie had absorbed!

As Chen Ping's consciousness entered the ice crystal, the picture in Gao Qijie's mind actually appeared in front of Chen Ping's eyes!

Chen Ping saw Gao Qijie still immersed in the warm sunshine, his body absorbing energy, and he was intoxicated!

But he didn't know that in this very comfortable environment, his consciousness was being sucked away bit by bit!

Chen Ping relied on his huge sea of consciousness, and the endless power of his consciousness began to impact the ice crystals like rough waves!

Gao Qijie was still immersed in the sunshine, but he was instantly woken up by the rough waves!

Chapter: 4730

After blocking the connection between Gao Qijie and Bing Jing, Chen Ping also quickly recovered his consciousness!

"What...what's going on?"

“Why did you interrupt my practice?”

Gao Qijie asked without knowing why!

“If I don’t interrupt you, you will soon become a living dead without a mind...”

Chen Ping said!

“How is it possible? I feel like my body is full of power...”

Gao Qijie shook his fist and said!

“Exude your consciousness and take a look...”

Chen Ping said!

After Gao Qijie heard this, he instantly emitted the divine consciousness in the sea of consciousness. But just as he emitted the divine consciousness, Gao Qijie suddenly screamed, and then frowned tightly!

“What’s going on? Why do I get a splitting headache as soon as I emit my spiritual consciousness?”

“It seems that the power of my consciousness has weakened a lot...”

Gao Qijie said with a confused look!

“Now you know why I blocked your practice, you can take a good rest!”

After Chen Ping finished speaking, he started to help other people!

In fact, Chen Ping could completely ignore the others, but now they are all trapped here. They are like grasshoppers on a rope. The more people they save, the more strength they will have!

Soon, Chen Ping used his huge power of consciousness to save everyone!

It's just that these people didn't accept it, and they all accused Chen Ping!

"Little brother, why are you doing this? We are practicing well, why do you interrupt us?"

Lao Sun followed Chen Ping and asked in confusion!

"Humph, kid, what do you mean? If you don't want to practice, you can go on your own. Why do you want to disturb our practice? What are your intentions?"

Lao Kong looked at Chen Ping angrily and shouted!

"You people, don't discriminate between good and bad. If Mr. Chen hadn't taken action, you wouldn't have survived..."
