

The Order 4731

Chapter: 4731

Seeing that Chen Ping was accused of saving these people, Wagon said angrily!

“Save us? Does interrupting our practice mean you are saving us?”

Zuo Qing was also very dissatisfied!

“Everyone, you are not actually cultivating, but you have been fascinated by others, and your own consciousness has been absorbed.”

Chen Ping spoke slowly and told the story about the demon cultivator!

And he also said that he absorbed the ice crystals with his spiritual consciousness, and then activated the essence and blood of the ice beast to open the seal!

However, none of these people could believe it after hearing this. Could it be that a demonic cultivator is really so bold as to deceive so many of them?

“Since you don’t believe it, you can try your spiritual consciousness, or you can go outside the palace and see if you can still leave here!”

Chen Ping said!

Soon, people began to check their own consciousness and ran out of the palace to check!

When I discovered that my consciousness was indeed damaged and the entrance to the cave was sealed, I believed Chen Ping’s words!

“What...what should we do?”

“Trouble, I was deceived by the demon cultivator!”

“These demonic cultivators are so brave. When I get out, I won’t be able to spare them.”

Everyone roared with indignation!

But no one had a way to get out. For a while, everyone fell into silence and could only wait quietly to see who could figure out a way to leave!

In the far north, in a palace in mid-air!

Balrog sat on a high throne, looking down at Linglong in front of him!

Next to Balrog, a girl wearing white clothes was standing quietly, with no expression on her face, like a puppet!

If Chen Ping sees this girl, he will definitely go crazy with excitement, because this girl is the Su Yuqi he is looking for!

“Master, I have found the flame demon body. The opponent is only possessed by the soul, and his strength has not been fully restored.”

“I have already told you that after the other party has adapted to the new body, Master will come and use his effectiveness.”

“And according to reports from my subordinates, among the monks who were deceived into the underground altar this time, someone actually possesses our ultimate fire, but we don’t know the identity of this person yet!”

Linglong reported carefully, and kept secretly looking at Su Yuqi!

Chapter: 4732

“It’s really strange that a human monk actually possesses the ultimate fire of our demon race. You should check this matter carefully. If possible, bring that guy to me.”

“Now the seal of the altar should be opened soon. By then, the souls of the demon army will see the light of day again, and then the entire Far North will be our demon world.”

Enma said with excitement!

“Master, when our flame demon lineage grows stronger, other demon clans will definitely attach themselves to us.”

“In this way, Master will be the supreme leader of the Demon Clan, the savior of the Demon Clan, and a figure who will leave great achievements in the Demon Clan.”

“I believe that even after tens of millions of years, Master’s deeds will still be spread among the demon clan.”

Linglong praised Yan Mo and made him feel comfortable all over!

Who doesn’t like flattery?

“Hahaha, as long as our demon clan is revitalized, you will all be worthy ministers and you will all be rewarded.”

The demon laughed loudly. He had long fantasized about leaving this cage-like place and traveling throughout the world of heaven and humans!

Seeing that Yan Mo was happy, Linglong hurriedly asked: “Master, I wonder who the woman next to you is? Why can’t I feel the aura of our Yan Mo clan from her?”

Linglong was curious about Su Yuqi's identity from the beginning, and she was still standing next to Yan Mo, which made Linglong very worried!

If Yan Mo is cultivating a female disciple, her status will be threatened, so Linglong wants to know who Su Yuqi is!

"This is just a human monk with very low strength. I met him by chance on the road and saved him."

Enma said calmly!

"Human monk? Your cultivation level is still very low?"

"I wonder why Master saved her? Don't you hate human monks very much?"

Linglong was puzzled as to why Yan Mo wanted to save Su Yuqi!

"This girl is different from other human monks. She is a fire spirit body. She is the best spirit body for cultivating our ultimate fire. She is no worse than the flame demon body."

"Such a spiritual body, if we can use it, can bring us great help."

"If the flame demon body and the fire spirit body can be combined again, our flame demon clan will be revitalized and it will be just around the corner!"

Enma said excitedly!

"Master, this woman is a human monk. How can she listen to us?"

Linglong asked!

Chapter: 4733

At this time, Linglong has a sense of crisis. Su Yuqi is a fire spirit, so she will definitely be taken seriously!

“She has lost her memory, and I will slowly indoctrinate her again. By then she will think that she is a member of our demon clan.”

Balrog said with a smile!

“Oh!” Linglong looked a little disappointed.

Yan Mo saw Linglong’s disappointment, so he said: “Linglong, you have followed me for many years, and no one can take your place. You are the most important thing as a teacher.”

“Take care of the things I told you and go ahead...”

When Linglong heard this, she nodded happily: “As ordered...”

In the underground cave!

Chen Ping and the others still haven’t figured out a way to leave. They have been trapped here. Everyone just feels exhausted physically and mentally!

It turns out that even if the energy of the ice crystal is not absorbed, the consciousness of everyone inside is slowly being absorbed and consumed, but at a slower rate!

Within the five ice coffins, the essence and blood of the ice soul beast is also constantly squirming out of the ice coffin!

“Are we just waiting to die?”

Lao Kong became a little anxious and shouted!

“If you don’t want to die, what can you do? We are all trapped here now, and you are not the only one who is worried!”

Lao Sun contradicted Lao Kong!

Now the three of them are the strongest, so others don’t dare to speak!

“Damn it, I wouldn’t have come in if I had known better. It’s all your fault. You were the one who asked for the treasure in the first place.”

Lao Kong began to complain about Lao Sun!

“I suggest that you don’t have to come. You are more proactive than anyone else. Now that you are trapped, you blame me.”

Lao Sun said dissatisfied!

Soon, the two were about to fight, and Zuo Qing quickly made peace!

This moment of waiting for death is the most uncomfortable and stressful time!

Chen Ping studied the pattern carefully and was desperately trying to think of a solution!

However, the exit was sealed, and with their strength, there was no way to open it!

Chapter: 4734

If it is broken open by force, they may all be injured by the shock!

But if you wait here slowly, your consciousness will be absorbed and you will become a living dead!

Just when everyone was at a loss, another drop of blood flowed out from the ice coffin and slowly dropped on the pattern!

The pattern began to glow, and soon dimmed again, but the bright red eyes became more and more vivid!

Chen Ping felt that the magic whip in his storage ring started to move again!

As long as there is any abnormal movement when the magic whip is drawn, it proves that there is evil energy.

But these people no longer have demon cultivators, and the demonic aura on Chen Ping's own body has already been integrated into the power of the three clans. What's more, the demonic whip has no reaction to Chen Ping's demonic aura!

"Mr. Chen, this seal may be broken, and the souls of the sealed demons may break out."

Zhe Yan said to Chen Ping!

Chen Ping frowned deeply. If those demonic cultivators appeared, even if they were souls, they would be fatally injured in this small place!

"Is there any way you can prevent the soul from breaking through the seal?"

Chen Ping asked Zhe Yan!

"I can't help it. This is beyond my ability."

Zhe Yan quickly shook his head!

“Can I just wait and wait for death?”

Chen Ping sighed!

“Mr. Chen, in fact, there is nothing wrong with these demon cultivator souls breaking through the seal. You can use these souls to break through the barrier at the entrance of the cave. Wouldn't you be rescued in this way?”

Zhe Yan said!

“How can those demon cultivating souls listen to me? It would be great if these souls don't do anything to me. They still want to listen to my command!”

Chen Ping can't command these demon cultivating souls!

Although he has become a soul, he still has consciousness, but he no longer has his body, and his strength has dropped a lot!

“Mr. Chen, have you forgotten the magic whip?”

“Back then, the ancestors of the ancient body-refining clan were able to use the magic whip to control so many demon cultivators to build treasures, so why would it be difficult for you to use the magic whip to control the souls of these demon cultivators?”

Zhe Yan knew that Chen Ping didn't know much about the magic whip, so he often forgot about the existence of the magic whip!

Chapter: 4735

When Chen Ping heard this, his eyes suddenly lit up and he said, “Yes, I can use the magic whip to control these demonic cultivating souls...”

Chen Ping also felt that this idea was a good one, so he became happy!

But when Chen Ping told everyone about this plan, he encountered opposition!

Because Chen Ping didn't tell anyone about the magic whip!

"Boy, are you crazy? We can still live for a while now, but you still want to release the sealed souls of demon cultivators. Doesn't this mean we will die immediately?"

"That's right, in such a small place, we won't have any place to hide when the time comes, and those demon cultivator souls have already died once, so we won't be afraid at all!"

"I don't agree. This is a joke with our lives. And how can you guarantee that the demon cultivator soul will listen to you?"

Everyone disagreed and accused Chen Ping!

However, Watan and Liu Ruyan supported Chen Ping, while Ji Yun was wavering. After all, releasing the remaining souls of the demon cultivators would be fatal.

"Now we only have this one way to try. If it doesn't work, we can only wait to die..."

Chen Ping said coldly!

"I agree, I believe you..."

Lao Sun now sided with Chen Ping!

"I agree, it's better to give it a try than wait to die..."

Gao Qijie and his family also sided with Chen Ping!

In this way, Ji Yun is on Chen Ping's side!

Chen Ping gained the majority's approval at once. Seeing this situation, Lao Kong and Zuo Qing were speechless.

"According to what you said, we need to absorb our spiritual consciousness in order for the ice soul beast's essence and blood to appear in this ice coffin!"

"Now, which one of us will take the initiative to let the ice crystal absorb spiritual consciousness?"

Lao Kong asked!

After all, it is difficult to recover from damage to spiritual consciousness, so no one is willing to contribute with the power of their spiritual consciousness!

"No one needs it. This seal will be broken soon. I am enough for myself. You all should hide outside the palace!"

Chen Ping said!

Once they heard that Chen Ping was coming on his own, no one objected anymore, and they all walked outside the Ice Palace. Liu Ruyan looked at Chen Ping worriedly.

Chapter: 4736

"You have to be careful and don't get into trouble, otherwise how will I live..."

Liu Ruyan held Chen Ping's hand tightly!

“Don’t worry, I have the magic whip in hand, and those demon cultivating souls can’t hurt me.”

Chen Ping said with a faint smile!

After Liu Ruyan also went out, Chen Ping jumped up, and then pressed his hand tightly on an ice crystal!

Before the ice crystal could absorb his spiritual consciousness, Chen Ping channeled the vast power of divine consciousness into the ice crystal!

You must know that Chen Ping’s sea of consciousness is vast and boundless, so the power of his divine consciousness is also very huge!

Absorbing the power of Chen Ping’s consciousness, the blood in the five ice coffins below began to increase!

Then they all squirmed, flowing out of the ice coffin, and finally condensed into blood essence, dripping on the pattern!

About two hours later, the seal pattern below finally began to move. The light shone and made a thumping sound!

At this time, everyone outside heard the movement inside, and they were all ready. If Chen Ping couldn’t control these demon cultivators, they would fight to the death!

Everyone’s heart was in their throats. This was a matter of life and death. Many people had cold sweat on their foreheads!

Rumble.....

With a deafening sound, the entire cave began to shake, and black mist filled the palace!

Countless demon cultivator souls swarmed out of the seal! These souls are like wild horses that have escaped the reins. They have been sealed for too long, and they roar as soon as they burst out!

Listening to the roars of these souls, everyone's scalps exploded!

The souls in the palace went straight to Chen Ping after they appeared. They must find a host in order to continue to survive!

Or find elixirs and herbs that can reshape the body, otherwise they will always exist in the form of souls!

When Chen Ping saw this, he immediately took out the magic whip from the storage ring and whipped it hard towards the charging soul!

Snapped.....

With a crisp sound, the soul that rushed towards Chen Ping was instantly wiped out by the magic whip, leaving not even a trace of breath behind!

The magic whip flashed with light, frightening the souls to tremble one by one, and they all shrank into the corner!

You must know that these demon cultivators were punished by the magic whip, and later repaired the treasures. After their death, their souls were sealed!

Now when they see the magic whip in front of them, these souls instinctively start to tremble and be afraid!

Chapter: 4737

Chen Ping felt relieved when he saw this scene. He did not expect that this magic whip would be so powerful!

As the number of demonic cultivating souls increased, several souls finally roared and rushed towards Chen Ping, trying to escape from here!

When Chen Ping saw this, he waved the magic whip in his hand instantly in mid-air, followed by several crisp sounds, and rays of light flashed away!

But those few souls who had re-established Chen Ping simply disappeared, leaving nothing behind!

This time, all the souls became honest. They originally thought that they would be free after breaking through the seal!

But I didn't expect that I would still be controlled by someone!

Facing the magic whip, no soul dared to make any move!

"Be obedient and obedient. If anyone dares to play tricks on me, be careful that my whip doesn't recognize anyone!"

After Chen Ping finished speaking, he cracked the magic whip twice, making those souls tremble and nod in fear!

"Let's go out, line up and go out..."

Chen Ping said loudly!

Those demon cultivating souls could only line up and walk towards the outside of the palace!

At this time, everyone outside had been waiting impatiently. They didn't know what was going on inside!

Especially Liu Ruyan, who has been worried about Chen Ping's safety!

“I can’t wait any longer. I want to go in and see Chen Ping..”

Liu Ruyan couldn’t wait any longer!

“Miss Liu, it is full of demonic energy now. With your strength, rushing in is no different from seeking death. I believe Mr. Chen will be fine.”

“Besides, he has a magic whip in his hand, so there will be no danger.”

The earthen jar blocked Liu Ruyan from rushing in!

At this moment, the palace door slowly opened, and groups of souls slowly walked out!

Seeing this scene, everyone became nervous and stepped back one by one, holding weapons tightly in their hands!

Just when everyone was preparing to follow these souls to death, Chen Ping’s figure appeared at the end!

“Everyone line up, don’t mess around...”

Chen Ping said loudly!

Chapter: 4738

These souls all lined up obediently, without any commotion!

Seeing this scene, everyone was shocked. They couldn’t understand why these souls really listened to Chen Ping’s words?

At this moment, several souls saw the direction of the cave entrance, suddenly jumped up and flew towards the cave entrance!

As long as they escape, there is no need to be afraid even if Chen Ping whips out the magic whip!

But just when several souls flew to the entrance of the cave, they were repelled by a force!

Only then did they know that there was a barrier at the entrance of the cave!

Before these escaping souls could react, Chen Ping's magic whip had already been launched!

Bang bang bang.....

After several whips were struck in succession, those souls disappeared in an instant!

It's like it never existed!

"Holy crap, what kind of weapon is this and why is it so powerful?"

"Oh my God, is this an immortal weapon?"

Many people were shocked when they saw the magic whip in Chen Ping's hand!

Even if the soul has lost its body and its strength has declined, it is not that it has no strength at all. Even Lao Kong and the others, who are at the eighth level of the Fusion Realm, dare not say that they can kill several souls so easily!

However, Chen Ping relied on the whip in his hand and whipped it a few times, and the soul disappeared directly.

From this point of view, the whip in Chen Ping's hand is definitely not a mortal thing!

However, not many people know about whipping the magic whip, only Wagong and Liu Ruyan know!

Gao Qijie has never heard his eldest brother mention the magic whip!

Seeing those souls, they were so stunned that no other souls dared to make any move!

Chen Ping, holding a magic whip, said like driving an animal: "Break the exit barrier immediately!"

"As long as the barrier is broken, you will be free again..."

Chen Ping's words instantly aroused the restless hearts of those souls, and they all screamed!

They have been sealed away for too long and urgently need to be freed!

After Chen Ping spoke, these souls rushed towards the barrier at the entrance of the cave!

Chapter: 4739

These souls continued to impact the barrier. Although the backlash of the barrier caused many souls to be knocked away and even defeated the entire soul, these souls were not afraid at all!

Their desire for freedom makes them constantly attack the barrier!

Everyone else looked at Soul Soul's crazy look and couldn't help but be speechless.

If it weren't for Chen Ping holding the magic whip, they would probably be drowned by the souls soon!

Rumble.....

The soul hit the barrier and made a huge sound!

It seemed like the entire iceberg was shaking!

Not far outside, the two demon cultivators had been paying attention. When they heard the noise and saw the icebergs shaking, they couldn't help but feel excited!

"Has the seal been released? Looking at this movement, it seems that the seal has been opened and the souls have been released."

"It's possible. If so, then the two of us will have done a great job!"

The two of them looked forward to the scene of being rewarded!

After all, it was the two of them who lured Chen Ping and others into the cave and absorbed the energy of the ice crystals!

But at this moment, in the cave, the originally strong barrier had cracks and was about to collapse!

Chen Ping held the magic whip and stared at the entrance of the cave. As soon as the barrier disappeared, he would rush over as soon as possible!

He can't let these souls really leave here. If they really leave here, then the entire Far North will be in chaos!

With so many souls, I don't know how many monks will be possessed by them!

Chen Ping gave Ji Yun, Wagang and Lao Sun a look!

These people also understood and nodded knowingly!

But those souls didn't know it and were still fighting against the barrier desperately. They all fought for freedom!

Rumble.....

Finally, under the impact of many souls, the barrier was finally destroyed.

And the moment the barrier was destroyed, Chen Ping's body rushed into the cave entrance like a bolt of lightning!

Then the magic whip in his hand instantly emitted a ray of light and was whipped forward fiercely!

Snapped.....

Chapter: 4740

With a crisp sound, several souls disappeared instantly, and the other souls hurriedly retreated!

At this time, Wagong and the others also took advantage of the situation and rushed into the cave entrance!

"Leave a few masters behind and block the entrance of the cave with me. The others can get out quickly..."

Chen Ping held the magic whip and said loudly!

Hearing what Chen Ping said, Lao Kong, Lao Sun, Zuo Qing and Ji Yun all shed their tears!

After all, their strength is considered the highest!

Others ran towards the outside of the cave!

Now these people are working together, and they know that if they cannot stop these souls, the Far North and even the world of heaven and humans will be in chaos!

And they might be in danger. After all, the sky is vast outside, and even if Chen Ping had a magic whip in his hand, he wouldn't be able to control so many souls.

“How dare you deceive us...”

At this time, a soul realized something was wrong and roared angrily!

As one soul roared, other souls also roared, and then rushed towards Chen Ping and the others!

They must rush through the hole and run to the free land outside!

Chen Ping kept waving the magic whip in his hand!

Others, on the other hand, joined forces to unleash a stream of spiritual power. These spiritual powers instantly formed a hurricane, blowing the souls everywhere!

Although this cannot harm the soul, this hurricane can stop the attack of the soul!

After waiting for everyone else to escape from the cave, Chen Ping bit his finger, took out some yellow talisman papers, and drew some special patterns on them with blood!

“Mr. Chen, what are you doing?”

Ji Yun asked in confusion!

“This is the detonating talisman. I’m going to blow up the entrance of this cave and seal it completely so that those souls can’t escape!”

Chen Ping said as he put the drawn charm on the ice at the entrance of the cave!

Every time Chen Ping posted one, he would lead people to retreat a certain distance!

After seeing the light outside, Chen Ping signaled everyone to run out quickly!

Chen Ping himself pinched his fingers and suddenly shouted towards the entrance of the cave: “Bang...”
