

## **The Order 4741**

Chapter: 4741

In an instant, there was a rumbling sound in the cave that stretched thousands of meters underground, and then flames shot out of the sky!

Chen Ping rushed out of the cave entrance at the last moment, and the entire cave collapsed instantly, sealing those souls thousands of meters underground again!

“Chen Ping, are you okay?”

Liu Ruyan asked with concern!

“It’s okay!” Chen Ping smiled slightly and shook his head!

Now that everyone has escaped, they all feel like they are surviving a disaster!

Many people thanked Chen Ping. Even Lao Kong’s view of Chen Ping changed a lot and he took the initiative to thank Chen Ping!

At this time, the two demon cultivators seemed to be far apart, so they came towards this side quickly!

“Those two demon cultivators are here, you hide first...”

Chen Ping’s spiritual consciousness was so powerful that he quickly sensed the arrival of two demon cultivators!

“Mr. Chen, those two people lied to us, I will tear them into pieces.”

Ji Yun said angrily!

“Yes, we cannot spare them, we must torture these two demon cultivators to death...”

Lao Kong was also full of anger!

These people were extremely angry at the two demon cultivators and wanted to capture them and torture them to death!

“You leave for now. If these two people notice that we have escaped, they will definitely escape.”

“There must be a large demon cultivator organization in this far north. It can't be just these two people.”

“I'm here to lure the two of them, and then you take the opportunity to show up.”

Chen Ping explained carefully!

After hearing what Chen Ping said, everyone realized that it seemed that Chen Ping wanted to find out the demon cultivator organization behind it!

Everyone left quickly and hid, they had to stay a certain distance away!

Otherwise, if two demon cultivators arrive and notice their auras, all their efforts will be in vain!

The two demon cultivators came to the iceberg and looked at the collapsed cave entrance. They were instantly confused!

“What...what's going on? Didn't those souls come out?”

Chapter: 4742

A demon cultivator looked at the collapsed cave entrance with a look of disbelief on his face!

They still want to take credit, but now it's over!

"Who?" Another demon cultivator seemed to have noticed something, a cold light flashed in his eyes!

"Why, did anyone come out alive?"

The confused demon cultivator also reacted and quickly looked around!

The two demon cultivators dispersed their spiritual consciousness and swept in all directions, and soon discovered that someone was hiding!

"Come out, we have found you..."

A demon cultivator said coldly!

"I didn't expect that you two haven't left yet. Do you want to watch us disappear completely? Are you leaving?"

"It's a pity that I let you two down..."

Chen Ping's figure slowly walked out from the side of the iceberg!

The two of them were obviously surprised to see Chen Ping still alive!

"I didn't expect you to be alive, but that's fine. We two brothers will just take you away to see the Demon Ancestor."

"Your boy knows our Demon Ancestor Zhihuo. This matter must be clarified."

A demon cultivator said with a gloomy face!

“As long as you two can catch me, I will go with you...”

After Chen Ping finished speaking, he jumped into the air and disappeared in an instant!

“Damn it, I still want to run and chase...”

The two demon cultivators also jumped up and quickly chased after him!

The two demon cultivators never expected that all the people trapped inside would escape, nor did they expect that there would be an ambush ahead!

Now that the cave has collapsed and no souls have escaped, it is okay for the two of them to capture Chen Ping and bring him back for business!

The two of them kept locking Chen Ping with their spiritual consciousness, making it impossible for Chen Ping to escape completely!

Chen Ping’s body slowly fell, and then he quickly drew a huge pattern on the snow, and then he sat cross-legged in the middle of the pattern!

This is the formation set up by Chen Ping. As long as the two demon cultivators come, the formation will be activated!

Chapter: 4743

Soon, two demon cultivators caught up with him. When they saw Chen Ping sitting on the ground without panicking at all, they were a little puzzled!

At this moment, with Chen Ping as the center, a huge formation was activated, white cold mist rose into the sky, and then a monster beast transformed into mist appeared.

Although these monster beasts were transformed into mist, they roared one after another, carrying a terrifying aura. Every roar was shocking!

“Boy, is this little magic circle trying to stop us two?”

A demonic cultivator smiled disdainfully, grabbed it out of thin air, and an ice spear appeared!

And above this spear, bursts of flames were rising!

You must know that ice and fire do not mix, but in the hands of this demon cultivator, ice and fire are actually compatible!

“Brother, go and observe the surroundings to prevent an ambush. Leave this kid to my brother!”

The demon cultivator holding the spear asked another person to explore the surrounding area!

It can be seen that this demon cultivator is still very cautious!

Another demon cultivator clicked and jumped away at will, while the demon cultivator holding a spear launched an attack!

I saw the spear taking advantage of the situation, and fierce winds suddenly broke out all around. Thousands of wind blades were overwhelming, heading towards Chen Ping!

One by one, the mist monster beasts roared and rushed forward, but they were swept by the wind blade. All those mist monster beasts were instantly killed and turned into a ball of mist again!

Chen Ping’s body retreated quickly, avoiding those thousands of wind blades!

When the other party saw Chen Ping retreating, a hint of pride instantly appeared on his lips, his body turned into a storm, and he quickly attacked!

The demon cultivator's body completely stepped into the formation. In his opinion, this kind of formation that transformed into a monster was not afraid at all!

After entering the formation, the demon cultivator saw Chen Ping's body retreating rapidly, so the spear in his hand shook in the air, and countless spear flowers were like stars, completely sealing Chen Ping's body!

Chen Ping's body was stabbed instantly, and blood spurted out!

Seeing this scene, the demon cultivator smiled lightly and grabbed Chen Ping's collar!

"You still want to escape from my hands, how is it possible..."

The demon cultivator looked proud!

At this moment, another demon cultivator who went to check the surroundings came back, and then he saw his brother holding a spear, holding the air with one hand, and giggling!

"Brother..."

The demon cultivator who came back shouted loudly, and the demon cultivator holding the spear woke up instantly. Then he saw Chen Ping in his hand, but he had already disappeared!

Chapter: 4744

"Illusion array? Is this an illusion array?"

The magic cultivator holding the spear reacted, and then waved the spear, and the endless flames instantly rose, and the magic circle set up by Chen Ping slowly disappeared in the flames!

"Brother, this guy's formation skills are very powerful. Let's not be careless and let's do it together..."

After another demon cultivator finished speaking, he grabbed it out of thin air and a sword appeared!

And the two of them attacked Chen Ping together!

Chen Ping thrust his hands into the ground suddenly, and then the ground trembled, and white spiritual energy chains directly tied the two of them up!

After discovering that they were bound by spiritual energy chains, the faces of the two demon cultivators became obviously ugly!

The two demon cultivators looked at each other, and blazing flames instantly burned around their bodies.

The demon's ultimate fire began to continuously burn the spiritual energy chain!

It only took a moment for the two spiritual energy chains to be burned out instantly!

"It's just a joke that a mere spiritual energy chain wants to trap us two brothers. You guys should just be obedient and capture us..."

One of the demon cultivators said with a sneer!

"With just the two of you, you still can't catch me..."

Chen Ping smiled coldly!

Along with Chen Ping's sneer, several figures came galloping from a distance!

These two demon cultivators simply frowned!

I saw that all those trapped people escaped from the underground cave!

“You two damn guys, didn’t expect us all to escape, did you?”

Ji Yun looked at the two demon cultivators and said through gritted teeth!

“Impossible, how could they all escape? Didn’t you have your consciousness absorbed by the ice crystal?”

“This is impossible. Those souls clearly broke through the seal, which proves that they have absorbed enough spiritual consciousness!”

The two demon cultivators looked confused, wondering why these people were still fine now that the souls had broken through the seal!

“Hmph, Mr. Chen’s consciousness is like a surging river. The power of his own consciousness is enough. He saved everyone.”

Watan snorted and said!

Chapter: 4745

“What?”

The two demon cultivators looked at Chen Ping in even greater disbelief!

They have deceived many monks, and there has never been any problem. Unexpectedly, this time it turned out to be a mess!

They never imagined how the young monk at the third level of the Fusion Realm in front of them could have such great energy!

It's damn damn good!

This time, not only will the two of them not be rewarded, they might even be punished!

The two of them now want to eat Chen Ping alive, but facing so many people, the two of them dare not take action against Chen Ping easily!

"Stop nagging them, kill them..."

Lao Kong was a little impatient!

He has never been so expected and humiliated!

"Although there are many of you, it's not that easy to kill us two brothers."

After a demon cultivator finished speaking, he suddenly opened his mouth, and a flame burst out of his mouth!

When another demon cultivator saw this, he also spit out flames!

The flames met instantly and formed a fireball!

Immediately afterwards, a layer of blood-red mist surrounded the two people, and around the mist, there were flames burning!

"Do it..."

Lao Kong roared!

But just when everyone was about to take action, the flames around the two people began to explode!

At the same time, the bodies of the two people were spinning rapidly, forming a whirlwind rising from the ground!

“Two guys want to escape...”

Chen Ping could see that these two guys wanted to use the flame explosion to escape from everyone!

Chen Ping took out the magic whip and whipped it hard towards the spinning whirlwind!

Snapped.....

There was a crisp sound, followed by a flash of white light, followed by two screams!

Chapter: 4746

The bodies of the two demon cultivators were instantly hit by the demon whip and torn apart!

But the two flame souls took the opportunity to fly into the distance!

“Damn, the souls of these two guys escaped...”

When Ji Yun saw this, he jumped up and chased after him, but was stopped by Chen Ping!

“Stop chasing...”

Chen Ping said to Ji Yun!

“Mr. Chen, why? Even the souls can't let these two guys go.”

Ji Yun asked very puzzledly!

“There are already demonic cultivators approaching, and Qi is very strong. We need to leave quickly.”

Chen Ping said!

Upon hearing what Chen Ping said, everyone gathered around and looked stern!

After all, they knew how powerful Chen Ping’s spiritual consciousness was, so if Chen Ping said a demonic cultivator was coming, then it must have come!

And the souls of the two demon cultivators kept drifting into the distance!

It wasn’t until I discovered that Chen Ping and the others were not chasing after me that I relaxed!

Although only their souls are left, when the time comes to find a new body or find some pills to reshape their bodies, they will be able to survive again!

Although this will result in a loss of some strength, it is still much better than real death!

If the two of them hadn’t had the ultimate fire protecting their hearts just now, Chen Ping would have whipped out his magic whip, and they would have been stunned as soon as the whip went down.

“Brother, we have to rush back as soon as possible. This kid has a magic whip in his hand. We have to tell the Demon Ancestor.”

After saying that, the two of them continued to fly towards the distance!

But just after flying a certain distance, I met three people, and the auras of these three people were extremely condensed, and they carried the aura of demons!

“Miss, it’s the eldest lady...”

When the two of them saw this, they instantly became excited and flew towards that side!

And these three people were Linglong and two demon guardians who came to inspect the soul sealing place and took Chen Ping away by the way!

Seeing the souls of the two demon cultivators, Linglong frowned!

Chapter: 4747

“How did you two become like this?”

Linglong asked with a cold face!

“Miss, you want to avenge us brothers. Unexpectedly, those people escaped, the cave collapsed, and those souls were buried underneath.”

A demonic cultivator told what happened in detail!

When Linglong heard the magic whip being whipped, her expression became obviously nervous!

“You said, that boy not only knows our demon clan’s extreme fire, but also has a magic whip in his hand?”

“Is he really only at the third level of the Fusion Realm?”

Linglong couldn’t believe it.

How could a monk at the third level of the Fusion Realm have so many means, and how could the magic whip be in the hands of such a young monk?

“It’s true. Although this kid is only at the third level of the Fusion Realm, his power of divine consciousness is immense. It’s because of him that those people were able to escape.”

“We two are incompetent, so please ask the eldest lady to punish...”

The two demon cultivators knew that things went wrong, so they needed to be punished!

However, since the two of them are already in a spirit state, they should not be punished too harshly!

“You two are indeed incompetent and should indeed be punished...”

Linglong’s eyes narrowed slightly, and a flame in his palm instantly swallowed up the souls of the two people!

“ah.....”

“Miss, please forgive me, please forgive me...”

“We have been loyal and have followed the Demon Ancestor for many years. We have done so many things. Why should we be completely destroyed?”

The two demon cultivators were struggling. They didn’t understand why Linglong wanted to kill them both!

“It’s because you have done a lot of things that I want to kill you. If you don’t die, wouldn’t there be a risk that many secrets will be leaked...”

Linglong looked calm, there was no difference between killing these two demon cultivators and then squeezing two ants to death!

The soul seal has been destroyed, and now the demonic whip has appeared. These are all a blow to their demon clan!

Now the demon cultivator is just a rat on the street. After so many years, the demon has gathered a group of subordinates and used them for his own purposes!

If this news spreads among the demon cultivators, it will definitely cause panic, and maybe some people will escape!

Chapter: 4748

So to stabilize the morale of the army, we must also silence these two people!

Soon, the souls of the two demon cultivators were burned without a trace and completely disappeared!

“Miss, what should we do? Should we continue to search for that person, or should we go back and report to the Demon Ancestor?”

A guardian said!

“Don’t tell Master yet. Let’s go find those people. I want to catch that kid and give the magic whip to Master.”

“Only in this way can we prevent Master from getting angry. Otherwise, if we go back now, we will definitely be scolded bloody!”

Linglong knew that although these two guys were not doing things right, now that Yan Mo had left the matter to her, if she did something that dissatisfied Yan Mo, she would definitely be scolded!

Being scolded is a trivial matter, but being unfavored because of it makes Su Yuqi become the popular person around Yan Mo. Linglong feels that the loss is huge!

So she wanted to arrest Chen Ping first and hand it over to Yan Mo to punish him!

“Miss, the Far North is vast and vast. It would be difficult to find someone, right?”

A guardian said!

“Dragon Protector Cang, the three of us split up to look for them. Even if these people run away, they won’t be able to get very far.”

“As long as you find them, be sure to keep them all. If you can’t keep them all, then catch the kid who knows how to deal with fire!”

Linglong ordered!

“Miss, this...isn’t this good? You act on your own. If you encounter danger, the Demon Ancestor will blame us.”

Protector Cang said worriedly!

“Hmph, just a few young monks, don’t be afraid. Even if you have a magic whip in your hand, what can you do?”

Linglong snorted coldly, and her strength at the peak of the ninth level of the Fusion Realm suddenly burst out!

What Linglong needs now is an opportunity. As long as she finds an opportunity, she can break through the Fusion Realm and be promoted to the Tribulation-Transcending Realm!

As long as you survive the entire danger of crossing the tribulation realm, you can become a half-step demon immortal!

And this opportunity may lie with Chen Ping, who knows how to become famous!

Linglong's eyes became extremely hot!

"The eldest lady is a genius, so of course she is not afraid of a few small human monks..."

Protector Cang hurriedly boasted!

Chapter: 4749

"Then let's work separately. Otherwise, if these people really escape, then none of us can afford the blame on Master!"

After Linglong finished speaking, she jumped up and disappeared into the white snowfield!

The two guardians looked at each other, and then started looking in different directions!

At this time, Chen Ping and the others were desperately trying to escape!

Since Chen Ping said that the demon cultivator who came here is very strong, then he must be strong!

After running for a certain distance, he frowned slightly and stopped!

"Mr. Chen, what's wrong?"

Wagong asked!

“We can’t run away like this. The opponent is very strong and is chasing us from different directions!”

“So someone must stay and hold it back to buy time for others!”

Chen Ping said!

But after Chen Ping finished speaking, no one said anything, because everyone knew that anyone who stayed to hold the other party back would definitely die!

No one wants to die...

Wagong looked at Chen Ping, then gritted his teeth and said: “Mr. Chen, I am willing to stay and drag the demon cultivator who is chasing me. You should run away quickly...”

Chen Ping looked at the vat, shook his head and said: “You can’t do it. With your strength, the opponent will be killed with just one slap!”

“You can’t hold the other party off for much longer!”

“I’ll stay, but I still need a few strong people to help me.”

“Gao Qijie, Watan, you take Ruyan and escape from the west, you have to be fast...”

After Chen Ping finished speaking, he glanced at Lao Sun, Lao Kong, Zuo Qing, and Ji Yun. After all, these people are the strongest!

Like Gao Qijie, Liu Ruyan, Wagong and others, if there really was a duel between masters, the aftermath would probably kill them all!

“I won’t leave, I want to stay, Chen Ping, I want to accompany you...”

Liu Ruyan won't leave at all!

"Even if you don't leave, you won't be of much help and will distract me. You weak ones should run away quickly!"

"If others are willing to stay and help me, they can stay, but I tell you, if we can't work together now, in the end, we will all become the food of those demonic cultivators!"

Chapter: 4750

Chen Ping said solemnly!

"Brother Chen Ping, I'm staying here. Don't say you saved my life. Even if you deal with these demonic cultivators, it's my responsibility as a human cultivator."

Lao Sun took the lead in expressing his stance to stay!

When Ji Yun saw this, he also expressed his intention to stay!

Seeing that someone was staying, Lao Kong and Zuo Qing looked at each other, and then they both nodded, indicating that they were staying!

After all, there is strength in numbers, not to mention that they are the strongest among these people!

"Elder Shi, you two should go back to Feitian Sect. If I fail to go back after a month, it will prove that I am dead."

"But you can tell my dad that I died to kill the demon cultivator, which can be regarded as eliminating harm for the people!"

Ji Yun said to Shitieqiao.

“Sir, this...”

Shi Tieqiao didn't know what to do!

“Let's go, it's useless for you to stay...”

Ji Yun asked Shi Tieqiao and the old woman to leave!

In the end, there was no other way, Shi Tieqiao and the old woman also left!

Liu Ruyan looked at Chen Ping reluctantly, but finally left because she knew that staying would only add to Chen Ping's burden.

When all the people with low strength left, Chen Ping began to make arrangements!

At this time, everyone took the initiative to follow Chen Ping's arrangements. After all, Chen Ping saved these people's lives!

After Chen Ping made the arrangements, he saw a figure flying quickly not far away, and then stopped in front of Chen Ping!

This person is none other than Linglong!

Linglong was dressed in red, with flames burning all over her body, staring closely at Chen Ping!

“Are demon cultivators so rampant now? Do you not hide your aura?”

Chen Ping said slowly to Linglong!

Linglong looked at Chen Ping in surprise, surprise flashing in her eyes: "Little third-level Fusion Realm monk, what kind of energy do you have, dare to face me like this?"

"Did you kill my two men? Did you refine the ultimate fire? Did you have a magic whip in your hand?"
