

The Order 4751

Chapter: 4751

Linglong asked Chen Ping a series of questions, not taking Chen Ping seriously at all, because the gap in their strength was too big!

Linglong felt that killing Chen Ping would be easier than crushing an ant.

“You ask me so many questions at once, which one do you want me to answer? But the questions you just asked were all done by me.”

Chen Ping replied!

“You are very happy. Since you did it, why don’t you run away and wait for me here?”

Linglong had some interest in Chen Ping. She couldn’t understand how Chen Ping, a young monk at the third level of the Fusion Realm, could be so bold and unafraid to face a master who was at the peak of the ninth level of the Fusion Realm!

“Why are you running? Shouldn’t it be you demon cultivators who are running away? You are the rats crossing the street.”

“I’m just waiting for you here. I want to see who you are. Even a demon cultivator dares not to restrain his aura.”

Chen Ping said with a cold smile!

After listening to Chen Ping’s words, Linglong was not angry, but laughed!

“So now that you see who I am, what are you going to do?”

Linglong asked with a playful look!

“If you were a man, I would kill you, but you are a female demon cultivator, and you are quite pretty, so I plan to rape you first and then kill you...”

Chen Ping said seriously!

When Linglong heard this, she laughed instantly: “Hahaha, you are so funny. I have never seen such a funny person.”

“You have a magic whip in your hand, and it can also refine our demons into fire, which proves that you are destined to follow our demons.”

“Why don’t you follow my sister and join our demon clan? Then, sister, you can play with me as you wish. I can also practice dual cultivation with you and let you refine more supreme fire. How about that?”

“Remember, sister is not such a casual person. She will only reveal her true feelings when she meets someone she likes...”

Linglong showed a charming look and kept firing at Chen Ping!

“You said you asked me to go with you, so I will go with you? What if you don’t fulfill your promise then?”

Chen Ping doesn’t believe Linglong!

“Then tell me, what should I do so that you can trust me?”

Linglong asked with a smile!

“Now take off your clothes and serve me well. As long as you feel comfortable serving me, I will naturally follow you...”

Chapter: 4752

Chen Ping said seriously!

At this time, Ji Yun and the others, who were hiding not far away, were listening to the conversation between Chen Ping and Linglong, all with puzzled faces!

They didn't understand why Chen Ping started flirting with the woman from Mo Xiu?

He even had to practice double cultivation on the spot!

Are they allowed to watch a luxurious show for free?

Listening to Chen Ping's words, Linglong still smiled: “Sister, I really want to have a good relationship with you now, but there are other people around here, and I can't let others see my sister's body!”

“After I kill the others, I'll strip naked for you to enjoy...”

After Linglong finished speaking, a flame suddenly burst out from her body and shot straight into the sky!

Then, this flame wrapped Chen Ping to prevent Chen Ping from escaping!

But just as the flames enveloped Chen Ping, Chen Ping's body began to fade and finally disappeared!

Linglong's smile suddenly froze on her face, and she frowned slightly: “A mere third-level Fusion Realm person can actually cultivate a clone, and he is so nonchalant that even I was deceived. It seems that you are really not that simple... ..”

Linglong didn't expect that this was just Chen Ping's clone, not his true body, but she didn't notice it at all, because the aura on this clone was the same, so Linglong didn't notice it!

Even Ji Yun and Lao Sun were all surprised. They didn't know when Chen Ping created the clone. They all thought it was Chen Ping's true body!

No wonder Chen Ping follows Linglong and talks a lot, his feelings are just stalling for time!

"If you haven't done anything yet, you've all been discovered..."

Chen Ping didn't know when he had appeared behind several people!

Upon hearing Chen Ping's words, the four people jumped up instantly!

Three people at the eighth level of the Fusion Realm and one at the seventh level of the Fusion Realm. This kind of strength is also very terrifying!

As the four people flew out, each person sent out a chain of spiritual energy at the same time, tying up Linglong!

At the same time, Ji Yun spurted out a mouthful of blood, causing the ground to tremble. At the same time, ice walls rose up, trapping Linglong!

"The Prison of Suppression..."

I saw Lao Kong roaring, and then above Linglong's head, countless rays of light as thin as silk threads were constantly intertwined and interspersed, and soon it became a big net!

The big net suddenly fell, wrapping Linglong tightly!

Now Linglong is bound by a spiritual energy chain, surrounded by an ice wall, and wrapped in a silk mesh. It seems that she has been completely controlled!

Chapter: 4753

“Hmph, a bunch of ants who don’t know how to live or die...”

Linglong snorted coldly, with no trace of panic on her face, but a bit of mockery on her face!

I saw the red flames on Linglong’s body begin to erupt, and the flames soaring into the sky bloomed like fireworks, causing the heaven and earth to change color and the space to tremble!

In the blink of an eye, both the wire mesh and the ice wall were reduced to ashes and disappeared without a trace!

Ji Yun and the four of them were quickly repelled by the huge flames. Even so, the four of them still felt the backlash of the heat wave!

The four people looked at each other, and then without any pause, they attacked Linglong again!

They know that if they don’t fight hard at this time, they will really die!

I saw four people each showing their magical powers, wielding storms, carrying terrifying power and heading towards Linglong from four directions at the same time!

At the same time, Chen Ping also waved a fire dragon and roared towards Linglong!

Immediately afterwards, in the magic circle set up by Chen Ping, roars appeared one after another, and various beasts rushed towards Linglong with their roars wrapped in the cold air!

At this moment, everyone is trying their best!

While wielding a fire dragon, Chen Ping had already retreated quickly. He was not running away, but struggling to carve complex patterns on the vast snow!

Chen Ping is setting up a formation, and what he needs now is time!

Facing so many terrifying attacks, Linglong actually laughed!

“You ignorant ants, do you think you can easily defeat the great monk who is about to enter the realm of transcending tribulation?”

“It’s simply ridiculous, extremely ridiculous...”

“Don’t think that your strength is the same as mine. In fact, the difference is thousands of miles.”

“When you reach a state like mine, you will understand that all I need now is an opportunity to step into the realm of transcending tribulation.”

“Maybe today you are my opportunity...”

Linglong faced the terrifying attacks from so many people. Instead of being afraid, she was actually a little excited!

She has been trapped at the peak of the ninth level of the Fusion Realm for a long time, and the opportunity she needs has never appeared!

Today may be the time for the opportunity to arise!

Linglong gently raised her hands, and flame balls slowly appeared around her body!

There are seven fire spheres in total, constantly rotating around Linglong’s body!

Chapter: 4754

The seven balls spun faster and faster, and finally turned into a pillar of flame, and Linglong disappeared from everyone's eyes, as if she had become part of the flame!

When everyone saw this scene, their pupils could not help but shrink and their hearts trembled slightly!

As the flame beam continued to rotate, the sky and the earth changed color instantly, and the surrounding white snow was directly evaporated, revealing the crystal clear ice!

The flame beam grew bigger and bigger, and finally, in the center of the flame beam, a dazzling fireball appeared!

This is the purest demonic fire.

The fireball slowly fell, and everyone was surprised to find that Linglong appeared in the fireball at some unknown time!

And all the attacks of Ji Yun and the others were instantly defeated when they touched the fireball, and then turned into spiritual power and dispersed in all directions!

Even the fire dragon wielded by Chen Ping was instantly absorbed by the fireball after getting close.

And those ferocious beasts transformed from the cold air were turned into nothingness by the scorching flames before they even reached Linglong!

Ji Yun and the others' faces were full of shock, and they quickly wanted to retreat, but they were swept away by the scattered spiritual power and flew out one after another!

Everyone looked at Linglong unwillingly. Three of them were at the eighth level of the Fusion Realm and one was at the seventh level of the Fusion Realm. They were unable to do anything to Linglong!

What's more, Chen Ping took action, but it was of no avail!

Linglong, who was still in the fireball, looked at the people with contempt and said, "A bunch of ignorant ants, do you know the difference between us now?"

Linglong slowly raised her arms, the fireball continued to rotate, and the surrounding spiritual power continued to condense!

Ji Yun and Lao Sun looked at Linglong in front of them, looking a little helpless, and finally they all looked at Chen Ping!

They pinned all their hopes on Chen Ping!

At this time, Chen Ping had finished drawing the complicated magic circle, and Chen Ping dropped a drop of bright red blood essence in the middle of the magic circle!

Seeing Linglong attacking Ji Yun and the others, Chen Ping jumped out of the magic circle and shouted towards Nan Cheng: "Hurry up and get into the magic circle..."

When Ji Yun, Lao Sun and others heard this, they hurriedly ran into the magic circle set up by Chen Ping.

Although several people don't know what kind of magic circle Chen Ping has set up, but since Chen Ping said it, then this magic circle can definitely save their lives!

"You still want to run away? It's just wishful thinking..."

Linglong sneered!

Chen Ping had already taken out the magic whip at this time, facing Linglong's huge fireball, and whipped the magic whip towards the fireball instantly!

Snapped.....

Chapter: 4755

With a crisp sound, the magic whip burst out with a burst of light!

This light hit the fireball directly, causing Linglong's body to stagnate suddenly.

Linglong's brows also wrinkled. The power of the magic whip made her feel the power of oppression even in the fireball!

Just when Linglong was stagnant, Chen Ping seized the opportunity and quickly jumped into the magic circle!

Immediately after the magic circle was activated, a white light curtain slowly rose around it!

"Teleportation array? You want to escape through the teleportation array, I will never let you succeed..."

Linglong jumped up and jumped directly into the teleportation array!

But just as Linglong jumped into the teleportation array, she discovered that Chen Ping and others in the teleportation array were missing!

I don't know when these people appeared outside the teleportation array!

In fact, Chen Ping and the others didn't enter the teleportation array at all, they were just confusing Linglong!

The teleportation array drawn by Chen Ping cannot teleport so many people, and it is also extremely unstable!

Just after Linglong entered the teleportation array, Chen Ping instantly hit several runes. As the runes lit up, Linglong's face became ugly!

Linglong desperately tried to break free, but found that her body seemed to be out of control, and then became more and more unreal!

“Do you think this teleportation array is used by us to escape? In fact, it is prepared for you to teleport you away!”

“Although this teleportation array can’t cause you any harm, you can’t even try to catch me...”

Chen Ping looked at Linglong with a proud expression!

Linglong yelled angrily, the space outside her body was shaking, and her body was becoming blurry!

A force of space was pulling Linglong tightly, making it impossible for Linglong to break free!

Linglong was so angry that she never thought that she would be fooled by Chen Ping!

He, a great monk at the peak of the ninth level of the Fusion Realm, was actually being played by Chen Ping, a junior monk of the third level of the Fusion Realm. If this spread, he would be laughed out of his face!

But no matter how angry Linglong was, she couldn’t stop the teleportation array from being activated, and soon Linglong’s figure slowly disappeared!

It wasn’t until Linglong’s breath completely disappeared that everyone breathed a sigh of relief!

Chen Ping, on the other hand, was sitting on the ground, breathing heavily!

Drawing the teleportation array and performing space teleportation caused Chen Ping to consume a lot of energy!

Chapter: 4756

“It’s too dangerous. If the teleportation array fails to activate, we will all die here...”

Ji Yun wiped a cold sweat and said!

“We’d better leave quickly. There’s more than one demon cultivator here. If we encounter such a powerful demon cultivator, then we are really dead...”

Chen Ping just took a few breaths and then said!

Lao Sun and the others also knew that what Chen Ping said was true. If they encountered such a powerful demon cultivator, they would have no choice but to sit back and wait for death!

“I was very lucky to be able to activate the teleportation array when I carved it this time. I won’t be so lucky next time, and I won’t be able to draw a teleportation array again!”

“And I don’t know exactly how far this teleportation array can teleport, so we’d better leave as soon as possible!”

Chen Ping and the others have won their bet this time. They did not drive Linglong away with their true strength!

“Yes, let’s leave this place as soon as possible...”

Lao Sun also said!

Soon, several people sped up and headed in the opposite direction from the beginning!

In this way, those demonic cultivators can be bypassed. After all, those demonic cultivators will not think that Chen Ping and the others will come back!

Not long after Chen Ping and the others escaped, the two guardians brought by Linglong had gathered around and bumped into each other!

“The eldest lady’s aura disappeared, what happened?”

Protector Cang said solemnly!

They felt that Linglong’s aura suddenly disappeared, and the place where it disappeared was in this area!

“There are signs of fighting here. Did something unexpected happen to the eldest lady?”

Another protector!

“How is it possible? The eldest lady’s strength is at the peak of the ninth level of the Fusion Realm, which is higher than both you and me. How could something unexpected happen to her?”

Protector Cang didn’t believe it at all!

“Then why did the eldest lady’s aura disappear suddenly? Isn’t this unscientific?”

Another protector couldn’t figure out why Linglong’s aura suddenly disappeared!

“I don’t know either, but when we catch up with those people, we will know the whereabouts of the eldest lady...”

After Protector Cang finished speaking, his body flashed and he chased Chen Ping and the others!

Chapter: 4757

Chen Ping and others tried their best to escape, but they were about to be caught up by the two of them!

“Damn, these demon cultivators are so persistent that they won’t let go...”

Chen Ping couldn’t help but curse!

Lao Sun and the others also felt the pursuit of the two demon cultivators behind them, and they also frowned slightly!

They were already injured and had consumed a lot of energy, and now they couldn’t escape fast at all!

If this continues, you will be caught up soon!

“We can’t run. We have to be prepared to meet the enemy. If we keep running like this, we will be overtaken.”

“By then we won’t even have the strength to defend ourselves against the enemy...”

Chen Ping stopped. He knew that running like this was not an option. The other party had already detected their aura!

Even if they run desperately, they can’t outrun the pursuers behind them!

“Yes, we can’t run. If we keep running like this, we will be overtaken sooner or later. We might as well rest and regain some strength.”

Ji Yun also stopped!

Seeing this, Lao Sun, Lao Kong and Zuo Qing also stopped. They also knew that Chen Ping was right!

“Little brother, tell me, what should we do? We all listen to you...”

Lao Sun asked Chen Ping!

Chen Ping dispersed his consciousness and sensed the location of the two demon cultivators. Then he looked around, then called Ji Yun in front of him and said, “Brother Ji, now I need you to pretend to be seriously injured and then be exhausted.” It looks like you need to deceive those two demon cultivators!”

“How to cheat?” Ji Yun asked in confusion!

Chen Ping then whispered a few words into Ji Yun’s ear, and then said: “This is a bit dangerous, do you dare to do it?”

“Dare, there’s nothing you dare to do...”

Ji Yun nodded heavily!

Chen Ping opened his hand, and a beam of flame beat in the heart of Chen Ping’s hand. Then Chen Ping wrapped the flame with spiritual power and turned it into a ball!

Chen Ping handed the ball to Ji Yun, and after a few words of instruction, Chen Ping took Lao Sun and the others away!

Just after Chen Ping and the others left, Ji Yun made himself unkempt and lay on the ground!

Moreover, the aura on his body was also very weak!

Chapter: 4758

Just when the two demon cultivators caught up, they soon found Ji Yun lying on the ground!

When his spiritual consciousness scanned Ji Yun's body, he found that Ji Yun's aura was very weak and Ji Yun's strength was not strong, which made the two demon cultivators relax their vigilance!

"This guy is still alive. I'll go over and ask who they are..."

"Also, I'll ask them if they know where the eldest lady is."

Protector Cang thought that Ji Yun was seriously injured and fell to the ground, unable to run, so he slowly walked towards Ji Yun!

"Dragon protector Cang, be careful, don't be deceitful..."

Another guardian reminded!

"Don't worry..." After Protector Cang said, he grabbed the void with his big hand, and a huge ax condensed instantly, and then it came to Ji Yun!

After looking at Ji Yun, the ax in Protector Cang's hand struck at Ji Yun!

And just when the huge ax was about to fall, Ji Yun, who was lying on the ground with weak breath, suddenly jumped up, with a bright light in his eyes!

"go to hell....."

Ji Yun shouted loudly and threw the fireball in his hand!

boom.....

The fireball exploded instantly, forming a sea of fire!

The sea of fire swallowed up the protector Cang instantly!

Protector Cang, who was in the sea of fire, felt the heat wave and immediately retreated!

“Zhi Huo? Such a pure demon Zhi Huo, who are you...”

Protector Cang asked Ji Yun while retreating!

“I am your father...”

After Ji Yun cursed, he turned around and ran away!

“Damn thing, stop for me...”

Protector Cang and another person suddenly burst into bursts of flames, directly swallowing the ultimate fire thrown by Ji Yun!

What Chen Ping gave Ji Yun was just a ray of fire, so it didn't have much effect in front of these two people!

In fact, Chen Ping also knew that he was just relying on this ray of fire to anger these two people!

Chapter: 4759

Only when the other party is furious will they be allowed to seize the opportunity!

When Ji Yun saw this, the two of them easily broke through the extreme fire given by Chen Ping, and were immediately frightened and ran away desperately!

If the two of them catch up, it will be doomed!

The two people behind him were so poor that they were reluctant to leave, so Ji Yun buried his head and ran for his life!

But just when the two of them focused all their attention on Ji Yun, the ground suddenly trembled, and then a series of spiritual energy chains rose into the sky, directly binding the two of them!

“It’s broken, there’s an ambush, I’ve been fooled...”

Protector Cang was startled and hurriedly struggled to break free from the spiritual energy chain, and the two of them stepped back!

But at this time, four figures had appeared, and all kinds of storms were coming towards the two of them!

Upon seeing this, Protector Cang could only continue to retreat with the other person, because he now had no idea how many people there were and what their strength was!

Just now, they only focused on Ji Yun, so they did not use their spiritual sense to explore the surrounding situation, which gave others an opportunity!

Protector Cang and the other two were retreating rapidly. Just now they were chasing, but now they were running away!

The situation reversed in an instant!

But just as Protector Cang and the other two were retreating quickly, they discovered that the four figures that had just appeared did not pursue them. Instead, after striking two moves, they turned around and ran away!

Originally, Protector Cang was in a pursuit situation, and the distance between the two sides was not only shrinking, but now the two of them began to retreat desperately!

Chen Ping and others also turned around and ran away. The two sides began to walk towards each other, so the distance was instantly widened!

By the time Protector Cang reacted, Chen Ping and the others had long since disappeared!

“Damn it, I got fooled again...”

When Protector Cang saw this, he was so angry that he bit his back molars to pieces!

Being teased so many times, Protector Cang was almost mad to death!

He was too cautious just now and didn't realize that the opponent's moves were all feints and had no attack power at all!

It's too late to find out now!

“The strength of these two demon cultivators is much weaker than that of the woman just now. One is at the early stage of the ninth level of the Fusion Realm, and the other is at the peak of the eighth level of the Fusion Realm.”

“If we weren't exhausted now and you were injured, there would be no need to be afraid of these two!”

Chen Ping analyzed the strengths of both sides while escaping!

Chapter: 4760

Compared with Protector Cang, Chen Ping's team's strength is not weak at all. That's why Chen Ping wants to escape with everyone!

First, they are very weak now, and almost all of them are injured!

The second is that they are afraid that there are others among these demon cultivators. If two demon cultivators of this strength come, then they will not even have a chance to escape!

But just as Chen Ping and others were escaping, suddenly the void around them trembled, as if the space was about to collapse!

Then they saw behind them, a magic weapon similar to a pagoda, chasing a few people at extremely fast speeds!

He quickly passed a few people and fell heavily in front of them!

On top of the pagoda, Protector Cang looked sternly: "Humph, these ignorant things have played tricks on us many times. We deserve to be damned..."

Chen Ping and the others saw that the other party actually had such a magic weapon, so they could only stop!

"You two demon cultivators, are you done yet? Haven't you seen a few of us?"

"Don't mention that one of you has just been promoted to the ninth level of the Fusion Realm, and the other has just been promoted to the eighth level of the Fusion Realm. That little girl just now, with the peak strength of the ninth level of the Fusion Realm, was killed by us!"

"If you two don't want to die, get out of here..."

Chen Ping threatened the two of them!

Since you can't run away, you can't show any cowardice!

The two of them were stunned for a moment, but soon, the Cang Protector burst into laughter and said: "Boy, don't lie to us. Our eldest lady is so powerful that you guys can kill her."

"Our eldest lady can kill you with one hand..."

“Believe it or not, since your eldest lady was not killed by us, can you still feel her aura?”

Chen Ping smiled lightly, and then said: “We have three people at the eighth level of the Fusion Realm and one person at the seventh level of the Fusion Realm. Do you think you two can be our opponent?”

The reason why Chen Ping didn't mention his own strength was to make these two people ignore his existence!

When neither of them regards Chen Ping as a danger, then Chen Ping is in the most danger!

“Hmph, you guys are all injured. Don't think that I don't know. Even if you are not injured, you are still no match for the two of us.”

“Stop talking nonsense and let's do it...”

As he spoke, Protector Cang lifted up the huge pagoda magic weapon with his palm. A faint light emitted from all around the pagoda!

A dull roar suddenly sounded and spread to all directions!

Chen Ping looked at the pagoda in Protector Cang's hand and knew that this magic weapon was not simple, so he frowned slightly!
