

The Order 4781

Chapter: 4781

However, the people brought by Gao Qisheng, except for the second elder, were very powerful, but none of the others could compare with the Five Elements Evil!

After a few minutes of fighting, the Gao family was clearly at a disadvantage!

Only the second elder is struggling to support them. If they all fall down, the Demon Sealing Alliance might really dare to kill them!

“Just wait, in the far north, I will never let anyone bully me...”

From Gao Qisheng’s point of view, he was not strong enough and could not defeat the Five Elements Evil!

Gao Qisheng and the Gao family fled in embarrassment!

“Bah, don’t run away if you can...”

Jin Sha spat fiercely, then looked at the people around him and said, “Who else among you is dissatisfied?”

Everyone lowered their heads, no one dared to say anything unconvinced!

As soon as Jin Sha stretched out his hand, Yuan Bao understood instantly and hurriedly handed over the jade token in his hand!

You can still survive by doing this, but if you let them grab it, you will probably die!

Seeing Yuan Bao hand over the jade token so honestly, the Jinsha didn't make things difficult for him. Instead, he took the jade token and gently pressed it into the gap of the door!

The jade plaque fit perfectly with the gate, and then with a tremor of the earth, the treasure gate began to emit golden light!

Seeing this, everyone hid far away. No one knew if there was a hidden trap behind the gate!

After a brief shock, the door slowly opened. As the door opened, a stream of heat surged out from the treasure land!

Originally, it was extremely cold in the far north. These monks here needed to use spiritual power to protect themselves in order to stay in this kind of weather!

If ordinary people came here, they would probably freeze to death in a short time!

Feeling this warm current, everyone looked surprised and felt very comfortable!

"There is something in this treasure place that can actually cause heat to flow out of it."

Jin Sha looked at the treasure land from a distance and did not enter rashly!

"No matter what he has, let's go in and take a look first. Then we'll talk about how dangerous it can be with just an ancient body-refining treasure."

Mu Sha said and actually walked in directly!

Soon the Five Elements Heavenly Evil and several others walked in, and when other monks saw this, they also followed in, but the Five Elements Heavenly Evil did not stop them!

Yuan Bao hesitated for a moment, then finally gritted his teeth and walked into the treasure land!

Chapter: 4782

And just after Yuan Bao entered, more than a dozen people with hidden auras appeared at the entrance to the treasure land!

After looking at the entrance, these people followed directly in!

.....

Gao family!

Gao Qisheng went back angrily.

Seeing Gao Qisheng like that, Gao Qiqiang asked: "Why are you so angry? What happened?"

"Brother, we found the treasure place."

Gao Qisheng said!

"Oh!" Gao Qiqiang nodded, not too excited, but continued to ask: "Since you found it, why did you come back?"

"It's the people from the Demonic Alliance. They forcefully asked for the keys to the treasure, and then entered the treasure."

"We got into a fight at first sight, but they were too strong and we lost."

"Brother, where is the eldest elder? I want to bring more people there, and I must destroy the people of the Demon-Sealing Alliance. This is our Gao family's territory, and it is not the Demon-Sealing Alliance's turn to show off its power here."

Gao Qisheng was not convinced and wanted to lead more people to get his face back!

Gao Qiqiang looked at Gao Qisheng coldly, frowned slightly and said, "Can you be smarter in the future and stop fighting and playing with women all day long..."

"You stay at home, and when Mr. Chen recovers, you can take him out."

"Mr. Chen? What Mr. Chen?"

Gao Qisheng was confused. He had never seen his brother address a person with such respect!

"The two girls you transferred are friends of Mr. Chen. If Xiaolan hadn't stopped you in time, you would have caused great trouble to our Gao family."

"When Mr. Chen wakes up from practice, you must honestly admit your mistake and apologize to me, and you must be sincere."

"You are still young, look at others, they are looking at you..."

Gao Qiqiang scolded Gao Qisheng!

Although Gao Qisheng was dissatisfied, he did not dare to show it in front of Gao Qiqiang. He could only nod and said: "I know..."

"Go ahead and practice hard on your own. Look at your current strength. Your cultivation speed is not as fast as a snail's crawl. So many resources have been wasted by you."

Gao Qiqiang waved his hand!

Chapter: 4783

Gao Qisheng didn't say anything and left with a displeased look on his face!

A courtyard of the Gao family!

Chen Ping exhaled a deep breath and slowly opened his eyes!

"After the ice soul fragments have been absorbed, the next step is the Sky Thunder Fruit..."

It can be said that Chen Ping absorbs ice soul fragments faster than anyone else, but Chen Ping still feels that it is too slow!

He feels that his strength is too weak now, and he is eager to improve as soon as possible!

But every time he advanced to a small level, the resources he needed were hundreds and thousands of times that of others, which made Chen Ping very distressed!

Although my body is very strong, everyone is envious of it!

But the resources needed for physical training are also something that Chen Ping is very distressed about!

If you just rely on absorbing the spiritual energy of heaven and earth to practice now, I am afraid that in the year of the monkey and the month of the horse, you may not be able to improve to a small level!

Chen Ping glanced around and found that Huofeng and Yu Jiameng were still practicing. This Sky Thunder Fruit would probably allow them to practice for ten or eight days!

It's just that how far this Sky Thunder Fruit can allow them to break through depends on their respective talents!

The fire phoenix should be able to break through many realms. After all, the fire phoenix is originally a divine beast in the heaven and human world, but it was just thrown into the secular world and its strength was reduced!

So Huo Feng wants to improve his strength, and he should be able to do it quickly!

“I wonder if the Sky Thunder Fruit will allow me to break through to the fourth level of the Fusion Realm at this moment...”

Chen Ping was very worried!

If he can break through the fourth level of Dao Hetai Realm and see Linglong again, Chen Ping won't have to run away in embarrassment, and he can fight with Linglong!

With a thought in his mind, Chen Ping took out the Sky Thunder Fruit!

In fact, he could have absorbed all three Thunder Fruits by himself, but in that case, it would be difficult for Huo Feng and Yu Jiameng to increase their strength!

In a place like the Heavenly and Human Realm, where there are dangers everywhere, the strength of Huofeng and Yu Jiameng is very dangerous!

Any little monk who comes out can probably defeat them!

Chen Ping couldn't protect two people all the time, so in order to prevent the two of them from being in danger, Chen Ping decided to let them absorb the Sky Thunder Fruit to increase their strength!

Chen Ping looked at the Sky Thunder Fruit in his hand. Electric arcs were jumping around the Sky Thunder Fruit, and he could feel bursts of thunder in the Sky Thunder Fruit!

Chen Ping took one look at it, grabbed it and bit it in one bite!

Chapter: 4784

If anyone saw Chen Ping eating the Sky Thunder Fruit like this, they would probably be shocked. This would be a life-threatening situation!

The Sky Thunder Fruit is a resource that needs to be slowly refined and absorbed. If you eat it like Chen Ping, it is estimated that many people's bodies will not be able to bear it and they will explode and die!

Huofeng and Yu Jiameng had absorbed it for so long, and Lei Guo was just a little smaller that day!

Chen Ping didn't want to waste time, and he had absolute confidence in his cultivation techniques and body, so he ate the Sky Thunder Fruit like this!

If the Thunder Eagle King saw Chen Ping eating his Sky Thunder Fruit as an apple, he would probably go crazy!

After Chen Ping ate the whole Tianlei fruit into his stomach.

boom!

Chen Ping felt his head explode, and his body was involuntarily filled with the power of thunder and lightning!

Chen Ping looked at the power of thunder and lightning that was constantly emitting from his hands, and the arcs of light were like lightning.

And in the courtyard where Chen Ping lived, thunder and lightning suddenly rang out!

This vision attracted many Gao family members to come and watch!

"What's going on? How come the power of thunder and lightning appears here?"

“That’s right, I haven’t seen this kind of scene for many years!”

“I’ve only seen snowy weather, and never seen anything like this. It’s really beautiful...”

Many members of the Gao family looked at the vision in mid-air and started talking about it!

Gao Qiqiang also walked out of the room and looked at the roar of thunder and lightning in the air. He couldn’t help but be stunned: “Did this guy swallow the whole Sky Thunder Fruit?”

Gao Qiqiang didn’t know, but his guess was so right. Chen Ping just ate the thunder fruit directly that day, instead of absorbing and refining it bit by bit!

“I wonder, with the help of this Heavenly Thunder Fruit, can I open my own original space?”

After Chen Ping learned about the original aura, he really wanted to have his own original space, so that he could feel the original aura!

It’s just that Chen Ping is only in the combined state. It may not be that easy to understand the original space!

Monks in the Tribulation Realm who are able to comprehend the original space are rare and gifted beings!

If Chen Ping could perceive the original space in the combined state, he would probably be a genius among geniuses!

Chen Ping calmed down and realized the thunder and lightning possessed by the Sky Thunder Fruit in his body. It would be best if he could realize the original space of Tao!

If you can’t realize it, then continue to absorb the training without delaying anything!

Chapter: 4785

But Chen Ping's heart was deep in the sea of consciousness, and he stared at the Daluo Golden Code in the sea of consciousness. He hoped that the Daluo Golden Code could be activated suddenly, so that he could realize the original space!

But no matter how hard Chen Ping tried, he couldn't realize it, and the Daluo Golden Code was not activated!

"Maybe my cultivation level is too low and I can't realize it..."

Seeing that he couldn't comprehend it, Chen Ping could only start practicing, break through the third level of the Fusion Realm, and see if he could reach the strength of the fourth level of the Fusion Realm!

The power of thunder and lightning is continuously refined by Chen Ping's Heart Condensation Technique!

As Chen Ping continued to refine the power of thunder and lightning from the Sky Thunder Fruit, in the mid-air in the courtyard, in addition to the roar of thunder and lightning, clouds began to gather quickly!

In an instant, dark clouds gathered, thunder and lightning resounded continuously, and the entire Gao family seemed to be shaking. In the clouds, arcs of electricity shuttled through it, as if something was brewing!

"What's going on? Is there a sneak attack by a demon cultivator?"

"It's too scary. There can't really be demons, right?"

"This is a thunder tribulation, someone is about to break through..."

"Who? Who can break through and have this image of thunder and calamity? Isn't it the head of the family?"

Everyone in the Gao family said with shock!

Gao Qisheng was in a bad mood after being scolded by Gao Qiqiang, so he drank in his yard every day to relieve his sorrow!

But when he saw the terrifying thunder clouds above the Gao family, his face was full of shock!

“Brother, is he about to break through?”

Gao Qisheng didn’t know who was going to break through, and there was such a terrifying thunder cloud!

Gao Qisheng hurriedly ran towards Gao Qiqiang’s courtyard. If Gao Qiqiang broke through, it would be a great joy. Gao Qiqiang had not broken through for many years!

“Brother, is it my brother who is making a breakthrough...”

Gao Qisheng ran to Gao Qiqiang’s courtyard and shouted excitedly!

But just after he shouted twice, he saw Gao Qiqiang walking out of the room!

Seeing that Gao Qiqiang had not made a breakthrough, Gao Qisheng was stunned for a moment:

“Brother, who in our Gao family is making a breakthrough? Making such a big noise?”

Gao Qiqiang glanced at Lei Jieyun and said slowly: “It’s Mr. Chen who is making the breakthrough...”

“Mr. Chen? What state is this guy in? The breakthrough caused such a big fuss. Could it be that he broke through the Fusion state and reached the Tribulation-Transcending state?”

Gao Qisheng asked in confusion!

Chapter: 4786

Gao Qiqiang shook his head: "He is only at the third level of the Fusion Realm, and he should be breaking through to the fourth level now..."

"What?"

Gao Qisheng was stunned for a moment, with a look of disbelief on his face: "It's impossible. The third level of the Fusion Realm has broken through to the fourth level. How can such a thunderstorm cloud appear? It's simply impossible..."

Gao Qisheng is not good at all. A breakthrough in a small realm can make such a big noise!

"Huh, believe it or not, it's just you who can't do it, so don't think that other people are the same as you."

"Don't think I don't know. You drink all day and don't practice..."

Gao Qiqiang glared at Gao Qisheng and said!

When Gao Qisheng saw this, he was so frightened that he left in despair!

Just after Gao Qisheng left, Gao Qiqiang looked at the thunder cloud condensed by Chen Ping, and his eyes became more and more confused!

"What a strange thunder cloud, could it be..."

Suddenly, bursts of light burst out from Gao Qiqiang's eyes!

"Great Elder....."

Gao Qiqiang shouted loudly!

The Great Elder quickly arrived in front of Gao Qiqiang and said with a nervous expression: "Master, what are your orders?"

The Great Elder has never seen Gao Qiqiang so excited!

"Inform everyone in the Gao family to get out of the room immediately and take them to the yard. Opportunity, big opportunity..."

Gao Qiqiang's excited body was trembling slightly!

The first elder looked confused at this time and asked in a low voice: "Master, what opportunity is there?"

"Just go and you'll find out soon. Hurry..."

Gao Qiqiang urged!

Soon, the great elder asked everyone in the Gao family to walk out of the room and stand in the yard!

Gao Qisheng was no exception, and he was nagging reluctantly: "Brother, are you crazy? Why can't you stay in the room when you are so good? You said there is a big opportunity. Where is the big opportunity?"

Not only Gao Qisheng, but also other members of the Gao family were talking a lot. They didn't understand what was wrong with Gao Qiqiang, let alone where the great opportunity was!

Just as everyone was talking about it, there was a sudden explosion!

Chapter: 4787

Rumble...

The long-brewing Thunder Tribulation Cloud finally erupted with its first thunder!

The thunder was wrapped with lightning, and it struck Chen Ping's courtyard in an instant!

Seeing this thunder disaster, everyone's heart trembled slightly!

When Chen Ping was hit by the first thunderstorm, his eyes suddenly opened, and his whole body instantly rose into the air, his body suspended in mid-air!

Thunder Tribulation struck Chen Ping hard, and for a moment, golden light flashed around Chen Ping!

Immediately afterwards, the second thunder disaster also came in an instant, giving Chen Ping no chance to breathe!

This lightning disaster instantly caused Chen Ping's clothes to shatter, and Chen Ping's body was covered with a layer of golden scales!

The indestructible golden body was activated, and Chen Ping knew that there were countless thunder tribulations ahead!

If he can't bear it, all his previous efforts will be wasted. Not only will his strength not increase, he may also be injured and his strength will regress!

Thunder catastrophes hit Chen Ping's body continuously, becoming more and more powerful!

And Chen Ping was floating in the air, with no fear in his eyes!

"This...is this too outrageous? How many thunder tribulations have you experienced?"

“It’s the ninth, I’m counting, this is the ninth thunder tribulation!”

“Oh my god, even a monk in the Tribulation-Transcending Realm can’t withstand the ninth thunder tribulation. This guy is too perverted.”

Everyone in the Gao family was talking about it, and at the same time they were envious of Chen Ping’s strong body!

Gao Qisheng, who originally looked down on Chen Ping at all, now looked up at Chen Ping. Seeing Chen Ping being bombarded by lightning tribulations, he did not waver at all, and there was a look of admiration in his eyes!

Gao Qiqiang had a smile on his face and looked at Chen Ping quietly in mid-air!

“There is one more, there is one last thunder disaster. I believe you can resist it...”

Gao Qiqiang murmured to himself!

Just as Gao Qiqiang finished speaking, the tenth thunderstorm sounded, and thunder and lightning like a bucket hit Chen Ping hard!

This time, Chen Ping’s body kept shaking in mid-air!

Everyone’s mouths opened wide, their faces full of disbelief!

Ten thunder tribulations, this is too abnormal!

Chapter: 4788

Especially the last thunderstorm, the thunder and lightning as thick as a bucket, I am afraid that everyone present will not be able to bear it, and they will definitely be bombarded to ashes!

But Chen Ping resisted. Although Chen Ping's body was shaking constantly, he still withstood the last thunderstorm!

snap.....

Just when everyone looked up and looked at Chen Ping in shock, suddenly a drop of rain fell on someone's face!

"It's raining?"

"Don't talk nonsense, this is the far north. Apart from snow, how can it rain!"

"It's really raining..."

"It's raining, look, it's raining..."

The drizzle of rain suddenly fell from the sky!

Everyone in the Gao family shouted, because some people have never seen rain. After all, the climate here is so cold that even if there is rain in the sky, it will condense into snowflakes!

"What's going on? How can it rain?"

Gao Qisheng was confused and reached out to catch the rain!

But when the rainwater fell on his hands, it disappeared in an instant, and Gao Qisheng only felt a spiritual energy swimming in his body!

"this....."

Gao Qisheng's eyes widened with disbelief on his face!

At this time, Gao Qiqiang's figure also appeared in the air, looking down at the Gao family and saying: "This is your opportunity. This is not rain, but spiritual liquid. It is a liquid condensed by spiritual energy. This spiritual liquid is thousands of times more powerful than spiritual energy. hundred times."

"Listen, disciples of the Gao family, immediately practice on the spot and absorb the hard-earned spiritual liquid..."

When Gao Qiqiang said this, everyone in the Gao family realized why it rained suddenly!

Spiritual liquid is not rainwater. Even at the lowest temperature, it cannot freeze!

Everyone in the Gao family sat on the same spot and began to operate their skills, constantly absorbing the spiritual liquid falling from the sky!

Under the spiritual liquid that fills the sky, the strength of everyone in the Gao family is growing rapidly. Even some of the injured children of the Gao family are recovering quickly from their injuries!

Gao Qiqiang looked at the rapid growth in strength of the Gao family with a satisfied smile on his face!

"The breakthrough of the little third-level monk in the Fusion Realm actually caused ten thunder tribulations and caused rain to fall from the sky. It's a miracle, it's a miracle..."

Gao Qiqiang said, looking up at Chen Ping!

Chapter: 4789

But when he looked at Chen Ping, he was stunned for an instant!

Because after ten thunder tribulations, the thunder tribulation clouds have not dissipated, and are getting thicker and thicker!

“How is this going?”

Gao Qiqiang frowned, feeling a little more panicked in his heart!

“Isn’t there still a thunder catastrophe?”

Gao Qiqiang didn’t understand why the ten thunder tribulations and thunder tribulation clouds still didn’t disperse?

Is there an eleventh thunder tribulation?

This is impossible?

Not to mention Chen Ping, a third-level monk in the Fusion Realm, made a breakthrough!

Even if he, a monk in the Tribulation Realm, breaks through to the Mahayana Realm, he will not be able to cause eleven thunder tribulations. Isn’t this a bit ridiculous?

Gao Qiqiang felt the power contained in the Thunder Tribulation Cloud, so he hurriedly avoided it, staying far away from Chen Ping!

Chen Ping’s body was suspended in mid-air at this time, and he was restless inside!

The tenth thunder tribulation was withstood, but it failed to break through to the fourth level of the Fusion Realm!

But now the thunder tribulation cloud has not dissipated, I wonder if there is still thunder tribulation!

If there was a thunderstorm, Chen Ping knew that he would not be able to resist it!

Chen Ping barely resisted this last thunderstorm!

Now he is exhausted physically and mentally, and his indestructible golden body was bombarded and disappeared during the tenth thunder tribulation!

If there is an eleventh thunder catastrophe, he will definitely be bombarded and wiped out, not even the dregs will be left!

“Damn it, God, are you trying to trick me?”

Chen Ping kept cursing in his heart!

He also didn't expect that his breakthrough this time would lead to such a powerful thunder disaster!

At this time, Gao Qiqiang seemed to have noticed Chen Ping's embarrassment. He gently raised his palm, and a huge aura instantly enveloped Chen Ping!

Chen Ping looked down and found that it was Gao Qiqiang, helping him!

With the help of Gao Qiqiang, Chen Ping seems to have gained confidence. Although experiencing the thunder tribulation, if there is external help, the thunder tribulation chain quenching effect will be ineffective, but it is still better than being bombarded and destroyed!

Chapter: 4790

Rumble.....

Finally, the eleventh lightning tribulation was generated, and then crashed down!

Chen Ping gritted his teeth and used all his strength to resist the eleventh thunder tribulation!

Just when the eleventh lightning strike hit Chen Ping, Chen Ping's body seemed to be penetrated by thousands of lightnings, and his whole body gradually began to become transparent!

And Gao Qiqiang was instantly knocked away by the power of the thunder tribulation. Even a powerful master like Gao Qiqiang was knocked away by the power of the eleventh thunder tribulation. This shows the power of this last thunder tribulation. !

Chen Ping opened his eyes and looked around. He found that everything around him was gray, and the whole person seemed to be in chaos!

"Am I already wiped out?"

Chen Ping slapped his body hard and felt nothing at all!

"It's over, it's over, I'm really dead. I'm afraid this is the remnant of my soul..."

Chen Ping looked frustrated!

"Why did I die like this? I am not willing to accept it, I am not willing to accept it..."

"I still don't know who my father is?"

"I haven't found Yuqi yet, I still have many women waiting for me..."

"I can't die, I can't die..."

Chen Ping shouted, but no matter how hard he tried, he couldn't make a sound. He could only scream in his heart!

I don't know how long it took, but Chen Ping accepted his fate!

He lay down quietly, floating in the gray space!

At this time, Gao Qiqiang looked into the air with surprise in his eyes!

Lei Jie Yun disappeared, but Chen Ping also disappeared with him, as if he was teleported away, or simply disappeared into ashes!

"how so?"

This sudden change made Gao Qiqiang frown!

Rumble.....

Chen Ping, who was lying in a gray space, suddenly heard a loud noise, and then the space where he was located began to tremble!

Daluo Jindian slowly floated in front of Chen Ping!
