

## **The Order 4791**

Chapter: 4791

Seeing Da Luo Jindian, Chen Ping instantly became excited and hurriedly shouted at Da Luo Jindian: “Am I not dead? Am I not dead?”

If there is only a ray of remnant soul left, it is impossible to have spiritual consciousness again, and this Daluo Golden Code is in Chen Ping’s sea of consciousness, and now it suddenly appears, proving that Chen Ping is not dead yet!

A ripple-like multi-colored brilliance shined from Da Luo Jin Dian and shone directly on Chen Ping’s body. Then the brilliance spread from Chen Ping’s feet to the surroundings. Wherever the light passed, the gray space began to be dispersed!

The Daluo Golden Code slowly disappeared, while the colorful brilliance at Chen Ping’s feet continued to spread to all directions, as if it were boundless!

“What...what’s going on?”

Chen Ping himself was confused and didn’t understand what was going on!

But at this time, Gao Qiang suddenly discovered that Chen Ping, who had disappeared, actually appeared. This time, Chen Ping’s whole body was exuding colorful brilliance!

Gao Qiqiang jumped up, came to Chen Ping, and shouted softly: “Mr. Chen, Mr. Chen...”

But after shouting several times, Chen Ping showed no response. Although his eyes were open, he had no energy at all!

Gao Qiqiang frowned, observed carefully, and understood at the slightest, a ray of consciousness instantly penetrated Chen Ping’s body!

Chen Ping was confused at this moment, but suddenly found that Gao Qiqiang appeared in front of him!

“Master Gao? What’s going on?”

Chen Ping was very confused and didn’t understand what happened!

In fact, Gao Qiqiang was also confused. Chen Ping disappeared and then reappeared, and then his body was surrounded by colorful brilliance!

Gao Qiqiang didn’t know what was going on, let alone what happened!

Especially where did Chen Ping go during the time he disappeared!

“Mr. Chen, I...I don’t know what’s going on. Why is your consciousness like this?”

Gao Qiqiang looked puzzled, wondering why Chen Ping’s sea of consciousness had changed.

As the colorful brilliance continued to spread, an illusory world was outlined in Chen Ping’s body!

“I know, I know, this is the original space, this is not the sea of consciousness...”

Suddenly, Gao Qiqiang shouted loudly!

“Original space? Have I realized the original space now?”

Chen Ping was also confused. He didn’t feel that he had sensed any original space!

Could it be because of the last thunder tribulation and the Great Luo Golden Code?

Chapter: 4792

“This must be the origin space. Congratulations, Mr. Chen. Once the origin space is formed, you can understand and hunt for the origin.”

“I never thought that in the realm of integration, I could also perceive the original space. It’s a miracle. It’s really a miracle...”

Gao Qiqiang’s face was full of envy!

“What is my origin space? Is it also a palace?”

Chen Ping was also very curious and happy at this time.

“No, judging from your original space structure, it should be larger than a palace. It must be a large space like the sea or mountains!”

Gao Qiqiang said!

“Isn’t the bigger the origin space, the better?”

Chen Ping asked!

“Just like your physical body, the stronger the physical body, the more difficult it will be for you to improve, and the more resources you will need. However, after you improve, the rewards will be great. This is all relative.”

Gao Qiqiang followed Chen Ping in explaining!

At this moment, the colorful brilliance had disappeared, and everywhere in sight were stars, but these stars were all gray and not lit up!

The two of them looked at the stars around them, as if they were standing at the end of the Milky Way universe!

“This...what is this? Where is my original space?”

Chen Ping looked around, but there was nothing!

No palaces, no seas or lakes, no mountains!

Gao Qiqiang was also full of doubts, and he didn't notice the appearance of anything that became the original space!

“It's so strange. What's going on? Could it be that the generation of the original space failed?”

Gao Qiqiang kept flying over, hoping to find something, but no matter how he flew over, he couldn't see anything!

Chen Ping looked at the stars around him. The dark stars seemed to be waiting to light up!

“Master Gao, do you think my original space is these thousands of galaxies?”

“I always feel that these dark stars are their origins, waiting to be illuminated by me...”

Chen Ping whispered!

In fact, Chen Ping himself didn't understand much, so he felt a little guilty when he said it!

Chapter: 4793

“How is it possible? I have never heard of this kind of origin space. If such a large universe and galaxy is your origin space, then it's okay!”

Gao Qiqiang didn't believe it at all!

"But there is nothing else in this galaxy that suddenly appears. How can I be sure whether I have succeeded?"

Chen Ping asked!

"This is easy to handle. You can understand an origin. Once you have this origin aura, you can find the origin space through that aura."

"It's just that what origin can you comprehend now? Understanding the origin is something that can be encountered but cannot be sought. Sometimes it is not possible at all."

"And there are many opinions on what origin is suitable for each person's body to comprehend."

Gao Qiqiang said!

"I'll try to understand it, maybe I can understand it..."

After Chen Ping finished speaking, he closed his eyes slightly, and then he felt the power of thunder and lightning in his body constantly moving through his body!

Chen Ping swallowed the Sky Thunder Fruit and was struck eleven times by the Thunder Tribulation, so now it is most appropriate for Chen Ping to understand the origin of thunder and lightning!

Soon, Chen Ping felt his body shaking continuously, and arcs of electricity spread around him!

A huge suction force suddenly came, and the bodies of Chen Ping and Gao Qiqiang rose rapidly and uncontrollably!

When the two came to a star, the power stopped, and the electric arcs on Chen Ping's body shot directly towards the star!

The dim star began to become brighter with the blessing of the thunder and lightning power in Chen Ping's body!

At the end, a shining star appeared. Among the many dim stars, this shining star was so bright!

Seeing this, Gao Qiqiang was dumbfounded, completely dumbfounded!

"This, this, this..."

"This original space is really the entire galaxy? It's too outrageous..."

Gao Qiqiang felt his head was buzzing.

He has never heard that the original space can reach the floor of the universe and galaxies. This is a bit outrageous!

Such a large source space!

That means that Chen Ping's body has infinite possibilities. No matter what happens to Chen Ping, it is possible.

At this moment, Chen Ping's original space has almost come to an end. There will no longer be any restrictions. He can endlessly perceive and absorb the original breath.

Chapter: 4794

Some people have created the original space, but because the space is limited, the original breath they can perceive and absorb is also limited. They can only break through again to expand the original space!

But this kind of situation will never happen to Chen Ping. His realization this time is almost lifelong, and he will no longer be trapped in the huge origin space of the universe galaxy!

Looking at the countless gray stars in the galaxy, Gao Qiqiang didn't know how long it would take and how much effort Chen Ping would need to light up these stars!

If Chen Ping could fill the entire original space with the original aura, it would be a terrifying existence...

"Master Gao?"

Looking at Gao Qiqiang, who was confused and already sluggish, Chen Ping shouted softly!

At this moment, Gao Qiqiang woke up from the shock!

"I didn't expect it, I really didn't expect it. This eleventh thunder tribulation should help you open your original space."

"Otherwise, your body will never be able to withstand the thunderstorm."

"God's will, this is God's will..."

"You don't even need to practice. You have a body that many monks will never envy in their entire lives."

"Destiny....."

Gao Qiqiang sighed, his eyes full of envy!

He realized the original space and absorbed the original breath when he passed through the tribulation realm. This is already considered a gifted existence!

But when compared in front of Chen Ping, he simply couldn't stand it!

"Master Gao, I seem to have sensed the aura of the origin of thunder and lightning..."

As Chen Ping spoke, he gently opened his hand, and an electric arc jumped in his hand, and the star that was the origin of thunder and lightning also began to flicker!

"Mr. Chen, it is not easy to understand the origin, and it is even more difficult to absorb and refine the origin breath, so don't waste the origin breath easily."

"You don't have much original aura, so don't use it for demonstration..."

Gao Qiqiang persuaded Chen Ping!

Chen Ping understood the original space and possessed the original breath so easily, so he didn't understand the rarity. It was not difficult for him to obtain the original breath!

But for Gao Qiqiang and the others, it is extremely difficult to comprehend and refine a trace of the original aura!

This is a typical example of a full man who doesn't know how hungry he is but a hungry man!

Chen Ping put away the original breath in his hand, and then asked Gao Qiqiang: "Master Gao, besides slowly comprehending and refining it, is there any other way to obtain this original breath?"

Chapter: 4795

Chen Ping felt that it would be too slow for him to realize it slowly. It would be much easier if he could eat spiritual fruits and beast elixirs just like he got spiritual energy.

"Of course there is. In fact, some things have their own original aura. Just like the Sky Thunder Fruit you eat, it actually contains the origin of the power of thunder and lightning."

“Otherwise, you wouldn’t be able to sense the original aura of thunder and lightning easily.”

“There are also monsters in the far north, such as the ice soul beast. If you can kill the ice soul beast, absorb the ice soul beast’s beast elixir, or eat its flesh and blood, you will have a chance to realize it. The original breath of ice.”

“It’s just that there is no 100% chance of realizing these, but it is better than sitting at home and forcibly realizing various source auras. The chance is much higher, and a lot of it depends on each person’s talent and strength.”

Gao Qiqiang explained to Chen Ping in detail how the sect understood the original aura.

“Besides this, is there any other way?”

Chen Ping asked!

“There is another way, that is to kill the monk who has the original aura. As long as the other person’s soul is destroyed, his original aura will become an ownerless source, and others can absorb and refine it.”

“It’s just that this is very harsh. Let’s not talk about whether it is possible to destroy a monk with the original aura. Even if he is really killed, the original aura will dissipate between heaven and earth.”

“Unless there is a magic weapon or magic circle that can temporarily trap the dissipated original aura, and then quickly absorb and refine it, it will be really difficult.”

“There is another way, and that is the ancient battlefield. In the past, there were countless ancient battlefields in the war between gods and demons, and there were countless monks who fell.”

“In some places, due to environmental and geographical reasons, after the death of these monks, the original aura will gather there and cannot be dissipated. These original auras will become ownerless.”

“However, there are very few places like this, and it is difficult to find them. Even if they can be found, the original aura of Wushu is chaotic, so it is aggressive. If the strength is not enough, not only will the original aura be absorbed and refined, but it may also cause He fell there.”

“So, this original aura is very precious and not so easy to obtain...”

Gao Qiqiang told Chen Ping in detail. He was emphasizing the preciousness of the original aura and letting Chen Ping know how to cherish it!

“Oh, it seems that this original aura is really difficult to obtain. It seems that after successfully overcoming the tribulation, it is not that easy to truly ascend to immortality.”

Chen Ping also thought that as long as he went through the transition period, he could practice step by step until he reached a perfect state and ascended to immortality!

But now it seems that even if you break through the Tribulation Realm, you still don't know how much time and difficulty you have to go through to reach perfection!

Chen Ping and Gao Qiqiang's thoughts changed, and the two of them returned to reality from Chen Ping's original space!

At this time, the spiritual rain has stopped, but all the disciples of the Gao family have also improved greatly under the irrigation of the spiritual rain!

For the Gao family, this is an opportunity, a big opportunity...

Gao Qiqiang and Chen Ping were suspended in the air, and then Gao Qiqiang said to everyone in the Gao family: “You guys, why don't you quickly bow down to Mr. Chen and thank him for the opportunity...”

With Gao Qiqiang's words, everyone in the Gao family knelt on the ground in sincerity and shouted in unison, thanking Chen Ping!

Chapter: 4796

Even Gao Qisheng, who was dissatisfied and angry, was kneeling on the ground devoutly at this moment, sincerely convinced of Chen Ping!

Because all of them have seen the scenes that Chen Ping experienced when he broke through from the third level of the Fusion Realm to the fourth level of the Fusion Realm!

This was enough to shock all of them. Although many of them were at a higher level than Chen Ping, their admiration for Chen Ping came from the bottom of their hearts!

Eleven thunder tribulations!

Anyone who is not convinced can give it a try. If he can withstand nine thunder tribulations, he is like a proud man of heaven!

“Master Gao, this...”

Chen Ping was a little at a loss. He didn't know that what he had done for the Gao family was worthy of making everyone in the Gao family kneel down!

“Mr. Chen, you have brought great opportunities to my Gao family, and it is natural for them to bow to you!”

After Gao Qiqiang finished speaking, he took Chen Ping back to the ground!

“Xiao Sheng, why don't you meet Mr. Chen soon...”

Gao Qiqiang said to Gao Qiqiang!

Gao Qisheng stood up quickly and walked in front of Chen Ping. His face was full of reverence and compliments, without any hint of disobedience!

Gao Qiqiang knew that his younger brother was shocked by Chen Ping's eleven thunder tribulations just now.

"Mr. Chen, this is my unsatisfactory second brother..."

Gao Qiqiang introduced!

Chen Ping knew that it was Gao Qisheng who captured Huofeng and the others, so he looked at Gao Qisheng with a colder look!

Feeling the coldness in Chen Ping's eyes, Gao Qisheng trembled slightly, then slapped himself hard twice in front of Chen Ping and said: "Mr. Chen, I am too ignorant to attack Mr. Chen's friends and even I hope Mr. Chen won't be offended!"

Seeing Gao Qisheng take the initiative to admit his mistake, Gao Qiqiang was very satisfied. After all, his younger brother was no longer arrogant!

Seeing this, Chen Ping slowly said: "Since the matter has passed, let him pass!"

"Xiao Sheng, tell Mr. Chen what you discovered about the treasure a few days ago!"

Gao Qiqiang said!

Gao Qisheng nodded, and then followed Chen Ping in detail about the treasure door being exposed, and then snatching the key from the Demon Sealing Alliance!

"Demon Sealing Alliance?"

Chen Ping was stunned. He had never heard of this organization!

Chapter: 4797

Seeing this, Gao Qiqiang hurriedly explained: "The Demon-Sealing Alliance is a spontaneous initiative of many monks. These people capture demon cultivators and then make a living by plundering their resources and money."

"This organization is now almost spread throughout the heaven and human world, and many people have joined this organization."

"It's just that no one can say for sure whether the Demon-Sealing Alliance is really capturing demon cultivators now, because many of the monks who have had trouble with the Demon-Sealing Alliance have been labeled as demon cultivators by them and then robbed them of resources. and money, and then seal it up!"

Through Gao Qiqiang's explanation, Chen Ping had a general idea of the Demon Sealing Alliance organization, which didn't seem to be a good thing.

"Where is the entrance to the treasure? Let's rush there now..."

Chen Ping asked Gao Qisheng!

"Mr. Chen, several days have passed. It is estimated that those people have already entered the treasure."

Gao Qisheng said.

"The real treasure key is in my hand. They can't open the treasure door. If the treasure is real, they can't get in!"

Chen Ping took out the key to his treasure!

When Gao Qisheng saw this, he immediately became excited: “That’s great. If that’s the case, then I’ll take Mr. Chen there...”

Chen Ping nodded, and then called Ji Yun and Lao Sun!

Gao Qisheng also brought several elders of the Gao family with him!

Although Chen Ping has broken through, he has only reached the fourth level of the Fusion Realm, so he needs to bring more helpers!

Moreover, according to what Gao Qisheng said, the five elements of the Demonic Alliance are also very powerful!

Although Chen Ping has a magic whip in his hand, it is effective against demonic cultivators. If he were to deal with ordinary monks, the magic whip would probably not be as effective as the dragon-slaying sword!

On the way to the treasure, Chen Ping continued to feel the power of thunder and lightning. For Chen Ping’s first contact with this original aura, it was still a bit new!

From time to time, Chen Ping would draw out the original aura of thunder and lightning, wave it in his hand, and watch the arcs of lightning flash across his palm, which was very exciting!

Chen Ping had thought that by fusing the original aura of thunder and lightning with his Thunder Palm, the power would definitely increase a lot!

It’s just that he currently perceives too little original aura. It is estimated that he will consume all the original aura in just a few experiments!

And just when Chen Ping and the others were rushing to the treasure location, there was also a group of people heading towards the treasure location!

I saw these people wearing the same clothes, and above their heads, there were three bloodthirsty thunder eagles circling continuously!

If Chen Ping saw these people, he would be able to tell at a glance that these are all members of the Ning family!

The leader was Ning Caichen, followed by Ning Caichen's son Ning Can!

Chapter: 4798

At this moment, Ning Caichen's body was constantly flashing with thunder and lightning.

"Dad, Thunder Fruit was really a good thing that day. You absorbed and refined one, and you actually reached the peak of the ninth level of the Fusion Realm. You are about to break through to the Tribulation Stage."

"And you possess the power of thunder and lightning. You even tamed three of these bloodthirsty thunder eagles. It's really amazing!"

"It's just that the ancestor's body has never been able to recover. Even if he ate the Thunder Fruit that day, the effect doesn't seem to be ideal."

Ning Can kept flattering his father!

"The ancestor was a tribulation cultivator. He died precisely because he failed to survive the tribulation period. Of course, a Sky Thunder Fruit cannot restore the ancestor."

"But this time we only need to find the treasure. I heard that there is an Ice Soul Pill in it. This Ice Soul Pill is used to shape the body and turn into bones. When the time comes, if I give the ancestor the Ice Soul Pill, his body will recover."

Ning Caichen followed Ning Can and explained!

I picked two Sky Thunder Fruits in Thunder Eagle Cave and originally planned to give them to the ancestors of the Ning family, but in the end Ning Caichen couldn't hold back and secretly refined one himself!

It was this Sky Thunder Fruit that allowed Ning Caichen to jump from the eighth level of the Fusion Realm to the peak of the ninth level of the Fusion Realm, only one step away from the Tribulation Realm!

If Chen Ping knew that Ning Caichen could go from the eighth level of the Fusion Realm to the peak of the ninth level of the Fusion Realm with just one Sky Thunder Fruit, he would probably be furious!

He absorbed the Ice Soul Fragments and the Sky Thunder Fruit, and has just been promoted from the third level to the fourth level of the Fusion Realm!

And Ning Caichen used himself to absorb the thunder and lightning power of the Sky Thunder Fruit, and secretly took advantage of the fact that the Thunder Eagle King did not come back, and ran to the Eagle King Cave to subdue a few bloodthirsty Thunder Eagles!

If Ning Caichen didn't have the thunder power of the Sky Thunder Fruit, it would be impossible to conquer the bloodthirsty Thunder Eagle!

"Dad, look quickly, the ice bear monster....."

Ning Can saw an ice bear monster and was immediately excited!

After all, it was his first time in a place like the Far North, and his first time seeing an ice bear monster!

Just when Ning Can was about to lead people forward to hunt the ice bear monster, Ning Caichen stopped Ning Can, and then let out a sharp sound!

Hearing this voice, the three bloodthirsty thunder eagles quickly moved towards the ice bear monster!

Ning Caichen planned to let three bloodthirsty thunder eagles hunt the ice bear monster, so that they could preserve their strength so that when they found the treasure, they would not have the strength to compete with others!

The ice bear monster seemed to have discovered the danger, and it roared immediately, and then ran quickly!

Three bloodthirsty thunder eagles were in hot pursuit.

The ice bear monster was running in the direction of Chen Ping and the others!

“Mr. Chen, look, what is that in the sky?”

Chapter: 4799

Gao Qisheng suddenly pointed to the sky in the distance and asked Chen Ping!

This is the far north, the weather is freezing, so birds in the sky are very rare!

Chen Ping looked in the direction of Gao Qisheng’s finger and soon discovered that flying in the sky was a bloodthirsty thunder eagle!

When Chen Ping saw this, his expression instantly became extremely ugly!

At this time, Ji Yun and Lao Sun also discovered the bloodthirsty Thunder Eagle!

“That’s the Bloodthirsty Thunder Eagle. How could there be a Bloodthirsty Thunder Eagle in this place?”

“Is it the Thunder Eagle King? It’s trouble...”

“It’s bad. If the Thunder Eagle King comes, I think we’d better run away!”

Several people are guessing that the Thunder Eagle King is coming!

In fact, Chen Ping also suspected that the Thunder Eagle King was here. After all, only he could control these bloodthirsty Thunder Eagles!

But soon, Chen Ping discovered something was wrong!

“Look, there are only three bloodthirsty thunder eagles. If the Thunder Eagle King is here, then there are groups of bloodthirsty thunder eagles. How can there be only three?”

Chen Ping knew that when he was in the Eagle King Cave, those bloodthirsty thunder eagles were everywhere in groups, and it was rare to see a few acting alone!

“Yes, this bloodthirsty Thunder Eagle likes to travel in groups. Why are there only three of them this time?”

Zuo Qing was also very puzzled!

Soon, as they got closer and closer, everyone finally saw the ice bear monster running on the ground!

It turns out that these three bloodthirsty thunder eagles are hunting the ice bear monster!

When Gao Qisheng saw this, he couldn't help but wonder: “This ice bear monster has at least reached the sixth level of the Fusion Realm. I think the three bloodthirsty thunder eagles you mentioned are not higher than the fourth level of the Fusion Realm!”

“Why is this ice bear monster so scared and running away? It's such a fucking embarrassment to our Far North...”

Gao Qiqiang didn't know the Bloodthirsty Thunder Eagle, but he knew the Ice Bear Monster. It was obvious that the Ice Bear Monster was more powerful, but he ran away in such a panic!

Hearing Gao Qisheng's doubts, Ji Yun and Lao Sun all laughed!

Chen Ping explained: "Despite its high level, this ice bear monster has no advantage in a fight. Moreover, this bloodthirsty thunder eagle is condescending. It is estimated that this ice bear monster has no ability to resist at all. Just wait and see." . . . "

As soon as Chen Ping finished speaking, he saw three bloodthirsty thunder eagles catching up with the ice bear monster!

Rumble.....

Chapter: 4800

Immediately afterwards, a bloodthirsty thunder eagle instantly sprayed a bolt of thunder and lightning from its mouth, hitting the ice bear monster hard in front!

Fortunately, the ice furbolg quickly stopped and was not hit by the lightning!

Just after the ice bear monster stopped, three bloodthirsty thunder eagles began to attack!

Thunder and lightning continued to attack the ice bear monster!

The speed is extremely fast!

The ice bear monster roared angrily, waving its claws desperately, constantly fighting against the thunder and lightning.

The rough and fleshy claws of the ice bear monster directly smashed those thunder and lightning to pieces!

Seeing this, the three bloodthirsty thunder eagles directly sprayed out streams of thunder and lightning, and then these thunder and lightning were connected in series to form a thunder and lightning network!

Immediately afterwards, this thunder and lightning net came directly towards the ice bear monster!

This time, the ice bear monster couldn't fight back. It was instantly enveloped by a thunder and lightning net, and electric arcs hit its body. The ice bear monster instantly fell to the ground!

Gao Qisheng was stunned for a moment when he saw this scene. Now he finally understood why the ice bear monster had to run for his life despite its high level!

"Mr. Chen, the thunder and lightning of this bloodthirsty thunder eagle seems to follow the power of thunder and lightning on your body..."

Gao Qisheng said!

After all, the original aura of thunder and lightning that Chen Ping sensed was through the Sky Thunder Fruit, so of course he resembles the Bloodthirsty Thunder Eagle!

"The power of thunder and lightning in me is indeed the same as that of this bloodthirsty thunder eagle."

Chen Ping said!

"Then if Mr. Chen swallows the beast elixir of this bloodthirsty thunder eagle, wouldn't it mean that the power of thunder and lightning in his body would be stronger?"

Gao Qisheng quickly reminded!

"You're right!" Chen Ping nodded!

In fact, Chen Ping also thought of this when he saw the bloodthirsty Thunder Eagle!

He can feel the original breath of thunder and lightning again through the beast elixir of the Bloodthirsty Thunder Eagle, so that there will be more of the original breath of thunder and lightning in his original space!

The reason why Chen Ping didn't take action was because he was observing to see if the Thunder Eagle King was coming!

If the Thunder Eagle King comes with the bloodthirsty Thunder Eagles, then he has to run for his life, and he has no time to deal with these bloodthirsty Thunder Eagles!

But now it seems that the Thunder Eagle King should not have come, otherwise Chen Ping should have felt the aura of the Tribulation Realm!
