

The Order 4801

Chapter: 4801

After knocking down the ice bear monster, the three bloodthirsty thunder eagles began to scream and swoop down, heading straight for the ice bear monster!

At this moment, Chen Ping moved and quickly arrived in front of the ice bear monster. He grabbed the ice bear monster with one hand and tossed it gently in front of Gao Qisheng and the others!

The beast elixir of this ice bear monster is also a very good resource. How could it be eaten by three bloodthirsty thunder eagles? Wouldn't it be a waste!

Seeing Chen Ping take away the Ice Bear Monster, the three bloodthirsty thunder eagles immediately let out a cry, and then sprayed out streams of thunder and lightning from their mouths, heading towards Chen Ping!

Chen Ping faced the thunder and lightning, and he did not panic at all, but with his hands, the thunder and lightning seemed to be attracted, and they instantly gathered in Chen Ping's hands!

Immediately afterwards, the power of thunder and lightning turned into a thunder gun, and there was an electric arc sizzling on the entire gun!

Then, Chen Ping suddenly threw the spear in his hand towards the three bloodthirsty thunder eagles!

Crackling!

After the spear got close to the Bloodthirsty Thunder Eagle, it exploded instantly and turned into thousands of arcs of electricity, spreading around!

The bloodthirsty thunder eagles already possess the power of thunder and lightning, so they are not afraid of these arcs. However, when these arcs exploded, the three bloodthirsty thunder eagles screamed and backed away!

The eyes of the three bloodthirsty thunder eagles were full of fear. They seemed to be afraid of the power of thunder and lightning thrown by Chen Ping!

The three bloodthirsty thunder eagles flashed their wings. After giving Chen Ping a horrified look, they turned around and ran away!

They know that they are no match for Chen Ping!

“Want to run?”

Chen Ping raised the corner of his mouth slightly. Wouldn't it be embarrassing to let three bloodthirsty thunder eagles escape?

I saw a subtle arc of electricity appearing on the palm of Chen Ping's right hand, and then it became bigger and bigger, making a crackling sound!

Chen Ping pushed his palm forward, and with the power of several thunder and lightning, he directly hit the three bloodthirsty thunder eagles with lightning speed!

The three bloodthirsty thunder eagles were shot down by the power of lightning before they even had time to scream!

“This breath of thunder and lightning is really good...”

Chen Ping had some surprise on his face. After all, this was his first time using his original aura!

Everyone was shocked when they saw Chen Ping kill three bloodthirsty thunder eagles that were already flying high with just a wave of his hand!

Chen Ping walked over, looked at the bodies of the three bloodthirsty thunder eagles, and then asked Ji Yun to take out the beast elixir of the bloodthirsty thunder eagles!

This bloodthirsty thunder eagle's beast elixir can help Chen Ping understand the original aura of thunder and lightning, which is of great help!

"Brother Chen, your lightning power is so awesome..."

Chapter: 4802

Lao Sun stepped forward and said with a shocked face!

He didn't know that Chen Ping already possessed the original space and felt the original aura of thunder and lightning!

Chen Ping is also very satisfied with himself!

It seems that his understanding of the original aura of thunder and lightning has reached a certain height, because when he looked at the power of thunder and lightning emitted by those bloodthirsty thunder eagles, Chen Ping's original space felt a strange movement.

With the help of the original breath of thunder and lightning, Chen Ping can actually control the power of thunder and lightning. In this case, if the opponent wants to use ordinary thunder and lightning power to deal with Chen Ping, not only will he not succeed, but he will be used by Chen Ping!

"I don't know if I can control the power of thunder and lightning when I meet the Thunder Eagle King?"

Chen Ping was actually looking forward to meeting the Thunder Eagle King at this time. He wanted to see if he could control the thunder and lightning power emitted by the Thunder Eagle King!

"Mr. Chen, you are really amazing, so amazing..."

At this time, Gao Qisheng walked up to Chen Ping and said with admiration!

"I'm just lucky. If these three bloodthirsty thunder eagles fly separately, I won't be able to kill them with one strike!"

Chen Ping said very modestly!

If the three bloodthirsty thunder eagles were flying in three different directions, Chen Ping really had no choice but to kill all three bloodthirsty thunder eagles with a wave of his hand!

After all, the original aura of thunder and lightning he controls is too little to be able to attack in multiple directions!

Just when Chen Ping and the others were packing up the body of the bloodthirsty Thunder Eagle, a group of people came slowly not far away from them!

“Dad, the Bloodthirsty Thunder Eagle is gone. Why can’t I see it...”

Ning Can looked up, but did not find the shadow of the bloodthirsty thunder eagle!

“Could it be that the bloodthirsty Thunder Eagle ran away?”

A Ning family elder said!

“Impossible. Once the bloodthirsty thunder eagle is subdued and recognized as its master, it will not run away.”

Ning Caichen shook his head and looked around at the sky. Then he made several strange noises, but the three bloodthirsty thunder eagles still didn’t come back!

“Dad, look, there’s someone...”

Ning Can pointed to Chen Ping and the others not far away and said!

When Ning Caichen saw someone in front of him, he frowned and became nervous. After all, the monks who came here were all here for the treasure!

“Mr. Chen, look, someone is coming...”

Chapter: 4803

Gao Qisheng also discovered everyone in the Ning family at this time!

Chen Ping raised his eyes and saw a huge spiritual consciousness instantly shrouding those people!

Although it is very impolite for strangers to use their spiritual sense to explore each other for no reason, but in this vast snowfield, you must be careful in everything!

Chen Ping wants to see who the other party is and what level of strength he has. If the other party is strong, they can run away quickly before they meet each other!

But just after Chen Ping’s consciousness enveloped everyone in the Ning family, he suddenly frowned and said, “It’s them? Why are they here?”

Chen Ping instantly felt that it was Ning Caichen and others. After all, he had already been in contact with them, and Chen Ping still knew Ning Caichen’s aura!

Ning Caichen also felt that the other party was using his spiritual consciousness to probe him, and his face became slightly angry as he said, “Be prepared for battle...”

Ning Caichen told everyone in the Ning family to prepare for battle, and then quickly walked towards Chen Ping and the others!

When Ning Caichen and the others approached, Ning Can instantly saw the corpses of three bloodthirsty thunder eagles on the ground!

“Damn it, it turns out you were the ones who killed our bloodthirsty Thunder Eagle. Are you looking for death?”

Ning Can roared angrily and asked everyone in the Ning family to surround Chen Ping and the others!

Ever since Ning Caichen ate the Heavenly Thunder Fruit and reached the peak of the ninth level of the Fusion Realm, Ning Can has become a lot more arrogant!

He felt that his father was already invincible!

Ning Caichen looked at Chen Ping with hostility in his eyes. He was not hostile because his three bloodthirsty thunder eagles were killed, but because of the thunder fruit that day!

Chen Ping picked three Sky Thunder Fruits from the Sky Thunder Tree in Eagle King Cave!

Seeing that Chen Ping is only a fourth-level Fusion Realm cultivator, he probably hasn't eaten the three Sky Thunder Fruits yet. If they are still with Chen Ping, then the value of these three Sky Thunder Fruits is no less than that of the Ice Soul Pill!

If you can get three Sky Thunder Fruits, as for the treasure, it doesn't matter whether you find it or not!

"People from the Ning family, I didn't expect you to come here too!"

At this time, Ji Yun stepped forward, looked at Ning Caichen and Ning Can and said!

Ning Can looked at Ji Yun and said, "Who are you?"

"I am Ji Yun, the young master of Feitian Sect..."

Ji Yun introduced himself!

"It turns out you are the eldest young master of the Feitian Sect. Why do you hang out with these people?"

Ning Caichen asked Ji Yun!

Chapter: 4804

“They are all my friends.”

“Master Ning, the killing of your bloodthirsty Thunder Eagle was a misunderstanding. If you need compensation, when I return to Feitian Sect, I will satisfy your Ning family.”

Ji Yun said to Ning Caichen!

The Feitian Sect is rich, so Ji Yun is rich!

“Whether it’s a misunderstanding or not, I have to settle an account today.”

“Mr. Ji, you’d better stay away...”

Ning Caichen said coldly!

Ji Yun frowned: “Master Ning, can you give me some face? I...”

“If I don’t give it, get out of here, or I’ll take care of you too!”

Ning Can cursed and said!

Now the Ning family is extraordinary. Ning Caichen is already at the peak of the ninth level of the Fusion Realm. In addition, the ancestor has also come back to life, so the current Ning family is no longer the Ning family before!

Ning Can was also swollen and didn’t take Feitian Sect seriously at all!

“You...” Ji Yun looked angry, but there was nothing he could do!

Their Feitian Sect mainly focuses on transportation and is considered a semi-commercial family, so their strength is definitely not too strong!

Now that the Ning family doesn't give face, Ji Yun has no temper at all!

“Everyone, I am Gao Qisheng of the Gao family. I don't care who you are. If you dare to touch me here, I guarantee that you will not be able to leave this far north.”

Gao Qisheng took two steps forward and said to Ning Caichen!

“Gao family?” Ning Caichen frowned. He had heard of the Gao family!

After all, in the far north, the Gao family is the largest family and the most powerful.

“Mr. Gao, even if you are from the Gao family, but you killed our bloodthirsty Thunder Eagle, you can't just let it go, right?”

Ning Caichen said to Gao Qisheng!

“Whatever compensation you want, my Gao family will definitely agree to it!”

Gao Qisheng said!

They all could see that Ning Caichen's strength had reached the peak of the ninth level of the Fusion Realm. Among them, no one was a match!

Chapter: 4805

No one is in a higher realm than Ning Caichen!

“My compensation is very simple. This boy named Chen Ping has three Sky Thunder Fruits on his body. As long as he hands over the Sky Thunder Fruits to me, I will take him away immediately, and the killing of these three bloodthirsty Thunder Eagles will be in vain!”

Ning Caichen pointed at Chen Ping and said!

He saw that Chen Ping was only a fourth-level monk in the Fusion Realm. Among these people, Chen Ping was the one with the lowest level, so Ning Caichen thought that Chen Ping was just a little follower among these people!

How would he know that Chen Ping is the boss of this group of people, and these people must obey Chen Ping!

When Gao Qisheng heard this, he looked at Chen Ping. How dare he take charge of Chen Ping’s affairs!

Chen Ping looked at Ning Caichen, and he knew that Ning Caichen must have taken the Sky Thunder Fruit, otherwise it would be impossible to jump from the eighth level of the Fusion Realm to the peak of the ninth level of the Fusion Realm in such a short period of time!

“You want my Sky Thunder Fruit?” Chen Ping said with a faint smile!

“Not bad!” Ning Caichen nodded!

“It’s a pity that I ate the Sky Thunder Fruit. Even if I didn’t eat it, I wouldn’t give it to you. What can you do?”

Chen Ping said with a cold smile!

“Damn it, are you looking for death?”

When Ning Can saw that Chen Ping dared to talk to his father like this, he became furious!

Ning Caichen looked at Chen Ping with slightly focused eyes, and then said to the others: "Fellow Taoists, I have a personal grudge against this boy, so I hope you won't interfere."

"As long as you leave now, I promise not to hurt you..."

Ning Caichen wanted others to leave Chen Ping. After all, Ning Caichen didn't want to offend the Feitian Sect and the Gao family!

What's more, there are several eighth-level Fusion Realm cultivators here. If they really want to fight, even if the Gao family can win, it will probably be a miserable victory!

So Ning Caichen just wants to deal with Chen Ping and take out the Sky Thunder Fruit from Chen Ping!

In his opinion, it was impossible for these people to fight against the Ning family for Chen Ping, a little monk!

But as soon as Ning Caichen finished speaking, Lao Sun instantly shouted: "What a bastard, what a personal grudge. Don't you just want to rob me?"

"We will not leave, we will fight with Brother Chen!"

"Mr. Chen is a guest of my Gao family. No matter what grudges you have, our Gao family will always stand by Mr. Chen." Gao Qiqiang said!

When Ning Caichen saw this, he was a little confused. He didn't understand why these people respected a young monk at the fourth level of the Fusion Realm so much!

"You are only at the peak of the ninth level of the Fusion Realm now, and these people you brought are only at the seventh or eighth level of the Fusion Realm."

Chapter: 4806

"If there were a fight, do you think you would win?"

“It’s a joke that you still want my Sky Thunder Fruit. Not only will I kill your bloodthirsty Thunder Eagle now, I will also let you bleed it, otherwise you will think that I am easy to bully!”

Chen Ping looked at Ning Caichen coldly and said!

As soon as Chen Ping finished speaking, everyone in the Gao family, Lao Sun, Ji Yun and others immediately got into position, looking like they were going to fight to the death!

This time, Chen Ping defeated Ning Caichen and defeated his entire army in an instant!

“Boy, you are too crazy. You dare to talk to my father like this. Are you looking for death?”

“You know that my father is now at the peak of the ninth level of the Fusion Realm. Crushing you to death is like squeezing an ant to death!”

“So what if you guys are all at the seventh or eighth level of the Fusion Realm? My father can destroy you all by himself.”

Ning Can cursed at Chen Ping!

“court death.....”

Chen Ping snorted coldly and swung it towards Ning Can!

Chen Ping waved his hand, and a crackling sound instantly sounded in the air!

Then a series of arcs of electricity hit Ning Can directly!

“Dare to touch my son...”

Ning Caichen frowned, grabbed Ning Can, pulled Ning Can behind him, and then swung out a palm, followed by Chen Ping's palm directly!

You know, Chen Ping is only a monk at the fourth level of the Fusion Realm, while Ning Caichen is a monk at the peak of the ninth level of the Fusion Realm!

The difference in strength between the two people is not even a little bit different!

Chen Ping followed Ning Caichen and faced him with a palm, fearing that he would be slapped to death in an instant!

Bang.....

With a muffled sound, the two people's powers collided instantly!

Because it was a hasty move, Ning Caichen did not use all his strength, and Chen Ping also waved casually without using all his strength!

After the two people's forces collided, Chen Ping's figure shook twice and finally took a step back!

Although Ning Caichen didn't move, his palms actually felt numb, as if he had been hit by electricity!

Looking at Chen Ping who just took a small step back, Ning Caichen's eyes were full of surprise and confusion!

Chapter: 4807

He didn't understand how Chen Ping, a fourth-level Fusion Realm cultivator, could have such strength to block his own palm!

Even if he didn't use all his strength, Chen Ping, a fourth-level Fusion Realm monk, would still fly out. Even if he didn't die, he would probably be seriously injured!

But now, Chen Ping looked like he was fine!

“You fucking...”

Ning Can’s face was full of anger, and he was about to yell at Chen Ping, but Ning Caichen stopped him!

Chen Ping looked at Ning Caichen with a sneer and said, “Do you still think you will win?”

Ning Caichen said nothing, staring at Chen Ping, and then glanced at Gao Qisheng and Lao Sun!

These people will obviously follow Chen Ping to life and death. If they really take action, these people will not escape alone!

In this way, the Ning family really may not be sure of victory!

Even if he wins, it will be a miserable victory!

Ning Caichen knew that the purpose of his trip was not to fight!

“let’s go.....”

After hesitating for a moment, Ning Caichen waved his hand and prepared to leave with the Ning family!

“Dad, we...”

“shut up.”

Before Ning Can could finish speaking, Ning Caichen glared at him fiercely!

Soon, Ning Caichen left with the Ning family, and no longer pursued Chen Ping for killing his three bloodthirsty thunder eagles, nor did he snatch the three thunder fruits from Chen Ping.

Seeing everyone in the Ning family leaving, Chen Ping and the others continued on their way, but the key to the treasure was in Chen Ping's hand, so Chen Ping was not in a hurry!

It is difficult for those people to enter the treasure without the key!

On the way, Chen Ping swallowed three of the bloodthirsty thunder eagle's beast pills, and continued to use the bloodthirsty thunder eagle's beast pills to sense the origin of thunder and lightning. Slowly, in Chen Ping's origin space, the thunder and lightning The original stars become brighter!

Chen Ping already has a deep understanding of the origin of thunder and lightning, so he absorbs and understands it much faster!

"I still have the Supreme Fire in my body. I wonder if I can use this Supreme Fire to realize the origin of fire. If I can perceive the origin of fire and absorb the breath of the origin of fire, that would be awesome!"

Chen Ping thought to himself, after all, the more types of original breath perceptions the better!

But Chen Ping himself didn't know whether he could sense it or not. After all, Chen Ping still knew very little about the original aura!

Chapter: 4808

"We're here, it's just ahead..."

Gao Qisheng looked at a place where the ice and snow had melted, and shouted loudly!

"This place is so weird. Why doesn't it feel so cold? Even the ice and snow have melted!"

Lao Sun said very strangely!

“There seems to be a warm current blowing from the front. How could there be a warm current in such a frozen and snowy place?”

Zuo Qing was also full of doubts!

“Let’s go quickly, you will see the entrance to the treasure soon...”

Gao Qisheng urged!

When everyone walked to the entrance, they discovered that the treasure door had been opened long ago, and no one was missing outside!

But at this time, there was still a warm current blowing out of the door!

“Has it been opened?” Chen Ping frowned slightly!

Because what he held in his hand was the real treasure key, but how did he open the treasure door?

Is this a fake treasure?

After all, the patriarch of the Ancient Body Refining Clan said that there are many fake treasures. Now that the entrance to this treasure has been opened, it is very likely to be fake!

But if it’s a fake treasure, and waves of warmth rush into it, what on earth is it?

It’s impossible to put a lot of treasures inside fake treasures, right?

“Mr. Chen, what should we do?”

Gao Qisheng saw that the entrance to the treasure was opened, so he asked Chen Ping!

Chen Ping hesitated for a moment, and then said: "Let's go in..."

Regardless of whether it is a fake treasure or not, Chen Ping plans to go in and see what happens!

If this were a real treasure, wouldn't it be a missed opportunity?

The group of people walked in slowly, with Chen Ping walking at the front, cautiously!

After entering, it is full of colorful spiritual energy, which looks very beautiful, just like walking on a dreamy street!

Chen Ping led everyone inside and the temperature got higher and higher. Suddenly, a white light flashed in front of everyone's eyes, and everyone in the flash closed their eyes involuntarily!

Chapter: 4809

But when these people opened their eyes, they found that they were in a strange environment!

Surrounded by green trees, there was a valley in front of them, and the valley was filled with white mist!

"What...what is going on? How could this happen?"

"Is there such a place in the far north? This is impossible!"

"We won't enter the illusion array, right? Everyone is an illusion?"

Seeing the sudden changes in the scene around them, everyone started talking in panic!

Chen Ping was also stunned by the sight in his eyes. At the moment when the white light flashed, they seemed to have broken through some kind of barrier, and seemed to be teleported by some kind of power!

However, the scenery in front of him is not an illusion. Chen Ping can guarantee this. If it is an illusion array, there is no way to confuse Chen Ping!

After all, Chen Ping is also a master of formations, and a small magic formation cannot trap him!

“This is not a fantasy formation, we are just in another place.”

“Or maybe this is the Far North, and this place belongs to the underground of the Far North.”

Chen Ping explained.

“Mr. Chen, since it’s not a fantasy formation, is it possible that it’s a secret realm? I remember my elder brother said before that the far north is not all frozen land, there are also places with warm spring and the fragrance of flowers!”

“Maybe this is the place you’re talking about? Could it be a secret realm opened by a certain immortal?”

Gao Qisheng followed Chen Ping and said!

But Chen Ping shook his head: “This doesn’t look like a secret realm, but you need to investigate more to find out!”

Chen Ping exuded his spiritual consciousness, and then slowly walked away into the mist of the valley!

But he found that this white mist was very strange, and there was no way for his spiritual consciousness to penetrate into it!

“Mr. Chen, there seems to be something strange about this white mist, and it cannot be penetrated by spiritual consciousness!”

Lao Sun said at this time!

It seems that he also used his spiritual sense to detect it!

Chen Ping nodded, slowly approached the white mist, and put his whole hand deep into the thick white mist!

After a moment, Chen Ping took his hand back!

“It’s really strange. There’s nothing special about this white mist, and it’s not poisonous. How can it block spiritual consciousness?”

Chapter: 4810

Chen Ping frowned!

“Don’t worry about it, let’s just go in and take a look...”

Ji Yun said and walked directly into the white mist!

“The fog is so thick. Without spiritual awareness to find the way, it’s really difficult to move forward...”

Ji Yun said loudly as he walked into the white mist.

Seeing Ji Yun walking in, Chen Ping followed suit!

Others saw this and followed suit!

“Everyone, please stay closer and don’t get lost again, otherwise you won’t be able to use your spiritual sense to detect it, and it will be difficult to find it if you get lost!”

Chen Ping warned loudly!

Everyone nodded, and then slowly groped forward!

Now they can only move forward based on their feelings, unable to see the road clearly!

“Ji Yun, Ji Yun.....”

After walking for a while, Chen Ping found that he had not seen Ji Yun who entered first, so he shouted loudly.

But Chen Ping shouted several times, but no one answered at all!

“Old Sun, Old Sun...”

Chen Ping turned his head and found that the people following him had disappeared, so he shouted loudly.

No matter how Chen Ping shouted, no one responded to him!

This time, Chen Ping frowned tightly!

Chen Ping had no choice but to bite the bullet and continue to move forward, but soon he discovered a purple hammer floating in the white mist.

When Chen Ping saw this, his face was full of surprise. He could tell at a glance that the hammer was made of purple star stone and was extremely heavy. This hammer alone could weigh several thousand kilograms!

But it is obviously abnormal for these thousands of kilograms of weapons to be floating in this thick white mist!

Chen Ping reached out and grabbed the purple hammer, and a spiritual consciousness penetrated it. He wanted to see who the hammer belonged to!

Can you find a familiar aura from this weapon?

But this purple hammer seems as if no one has ever used it, and there is no trace of anyone else using it!
