

The Order 4821

Chapter: 4821

Chen Ping and the others pushed the door open and walked in. At this time, in the entire hall, a dark group of monks were sitting cross-legged, as if waiting for something!

Seeing Chen Ping and the others coming in, dozens of eyes came over to greet them!

“People from the Demon Sealing Alliance...”

Gao Qisheng saw five people in front of him at a glance, sitting cross-legged obediently. These five people were members of the Demon Sealing Alliance.

“Here, come here...”

At this time, someone followed Chen Ping and said hello!

Chen Ping looked and found that this person was Yuan Bao, whom he had saved once!

Seeing that he met an acquaintance, Chen Ping walked over. He wanted to follow Yuan Bao to find out what was going on!

These people came here to find the treasure, and now they are all meditating honestly.

If you were meditating and practicing, you wouldn't come here yet!

“It's really fate, we met again!”

Yuan Bao said with a smile!

“You are so destined. I wonder what you are doing? Aren’t you here to find the treasure?”

Chen Ping asked curiously!

“Sit down first and ask those who came with you to find a place to sit down. Don’t move around. If you don’t sit down after three minutes, you will be punished and you will not be eligible to get the treasure at all.”

Yuan Bao whispered to Chen Ping!

“What do you mean?” Chen Ping was even more confused now!

Is there anyone who can’t control the search for treasure?

Just when Chen Ping was puzzled, an old voice suddenly appeared: “The new ones will find a place to sit down immediately, otherwise they will be kicked out of here and will not be eligible to get the treasure...”

Chen Ping was stunned when he heard this old voice, because the voice was so familiar.

Whether in a thatched house or in a fantasy world, the old man Chen Ping saw was this voice!

Chen Ping was a little confused, was this old man the ancestor of the ancient body-refining clan?

“You all find a place to sit and don’t move around...”

Although Chen Ping didn’t know what was going on or the old man’s true identity, he still said to Gao Qisheng and Ji Yun!

Chapter: 4822

These people all listened to Chen Ping and found a place to sit down!

Gao Qisheng, on the other hand, glared at the people from the Demon Sealing Alliance, wishing he could pounce on them and take a bite!

But no one from the Demon Sealing Alliance even looked at Gao Qisheng!

Not long after Chen Ping and the others sat down, another group of people walked in, and this group of people was the Ning family brought by Ning Caichen!

Ning Caichen looked at the people sitting in the hall and couldn't help but feel very curious!

But after the old voice reminded him, Ning Caichen didn't dare to disobey and obediently found a place to sit down!

At this time, directly in front of the hall, a huge light door slowly appeared, with light flashing above it, making it difficult to see what was going on inside!

Soon, the light door flashed, and a figure slowly appeared!

When this figure appeared, Chen Ping frowned!

Because he discovered that this old man was the old man he met in the thatched house and palace!

The old man glanced at everyone, and then his eyes stayed on Chen Ping for a moment!

But it looked like the old man didn't know Chen Ping anymore!

"I am the ancestor of the ancient body-refining clan. I left this treasure place just to find people who are destined to help me and bring glory to my ancient body-refining clan."

“To enter the treasure, you need to go through many tests. The treasure of my ancient body refining clan is not so easy to get.”

“But if you pass the test, you will not only get the treasure, but also my lifelong inheritance, and you will also get an Ice Soul Pill.”

“Only one hundred people can enter now...”

The old man said slowly!

When I heard that only one hundred people could enter, everyone was talking about it. I didn't know how these one hundred people were selected. Is there still a melee to determine who is stronger and who can enter?

Everyone stared at the old man, wondering how these one hundred people were selected!

“The hundred people will be selected in order of priority, and only one hundred people will be selected...”

After the old man finished speaking, he waved his palm gently, and rays of light shone on everyone!

There were exactly one hundred rays of light, but the last three people had no light shining on them!

These three people are all from the Ning family. After all, the Ning family came in last!

Seeing this scene, Ning Caichen hurriedly said: “Senior, do you want these remaining people to leave?”

Chapter: 4823

The old man nodded: “Yes, let them leave, but leave forever...”

After the old man finished speaking, Youlong pointed his finger, and a burst of spiritual power shot out instantly!

This spiritual power was like having eyes, instantly penetrating the bodies of the three Ning family members!

Without the slightest reaction, or even knowing what happened, the bodies of the three Ning family members slowly fell down!

Then the body slowly disappeared!

When Ning Caichen saw this, he frowned, with a bit of anger in his eyes!

This is a member of his Ning family, and he kills him at any time!

However, Ning Caichen finally held back his anger because he knew it was important to get the treasure!

Moreover, the strength of this ancestor of the ancient body refining clan is still unpredictable!

Although it is obvious that this old man is just a remnant soul, the strength of a truly powerful remnant soul cannot be underestimated!

Ning Caichen endured it, but Ning Can couldn't!

He thinks that his father is at the peak of the ninth level of the Fusion Realm, so he doesn't need to be afraid of anyone at all!

"You old man, you actually killed members of our Ning family casually. You are just a remnant soul. Believe it or not, I beat you to death and destroyed this treasure of yours?"

Ning Can roared loudly!

“You bastard, shut up...”

Ning Caichen yelled at Ning Can!

It’s just that three servants of the Ning family died. Ning Caichen didn’t want this to affect his ability to obtain the treasure!

The old man looked at Ning Can with a faint smile on his face: “This world is like this. Destiny is dominated by the strong. If you don’t want to be dominated by others, you can become a strong person yourself. Do you think you are strong? ? ”

“I...” Ning Can was rendered speechless by the old man’s words!

“Senior, Quanzi is ignorant, I hope you can forgive me...”

Ning Caichen hurriedly followed the old man to apologize!

He was really afraid that the old man would attack Ning Can. When the time came, he didn’t know if his strength, at the peak of the ninth level of the Fusion Realm, would be able to defeat the old man!

After all, the old man’s strength is hard to figure out. Although he is just a ray of remnant soul, he is the ancestor of the ancient body refining clan after all and should not be underestimated!

“Don’t worry, I won’t kill your son. Among these hundreds of monks, I won’t kill anyone, because this is the rule.”

Chapter: 4824

“I can’t break my own rules. But how many of you hundred monks will be left in the end depends on your own destiny.”

“Behind this light door is the beginning of the treasure. What you can find depends on your own luck!”

“Wish ya’ll good luck.....”

The old man’s body slowly disappeared!

The moment the old man’s body disappeared, the monks immediately reacted and rushed towards the light door quickly!

Because after the light door is the beginning of the treasure, of course, whoever goes in first will definitely have a greater chance of finding the treasure!

But who would have thought that just as the monk rushed towards the light door, a terrifying force came in an instant!

The monk didn’t even react, he was directly strangled by this force, and his body fell heavily to the ground!

“If our Demon Sealing Alliance comes again, do you have the right to enter first?”

At this time, Jin Sha stepped forward, stood in front of the light door and said coldly!

The Five Elements Heavenly Demons stood in their respective positions and blocked the entire light door, and their violent auras surged, shocking everyone.

Many monks who were ready to move were all shaken back by this violent aura!

The five people from the Demon Sealing Alliance directly shocked everyone, they were arrogant and overbearing, extremely arrogant!

Many monks looked at the five people fiercely, but they did not dare to say anything and could only curse secretly in their hearts!

Now many monks are divided into several camps!

Ning Caichen stood together with the Ning family, while Chen Ping stood with the Gao family and Lao Sun.

There are also a group of casual cultivators standing together!

Hundreds of monks were divided into four camps. Although there were only five Five Elements Demons from the Demon Sealing Alliance, they were the strongest.

Five strong men at the ninth level of the Fusion Realm can completely crush any team!

“Is your Demon Sealing Alliance so awesome? Why are you so advanced?”

Ning Can spoke, there are so many people in their Ning family, their strength is not bad!

“Boy, I think you are young and ignorant, so I won’t argue with you. Ask your father, do you, the Ning family, dare to follow us and make the Demon Alliance our enemy?”

Jin Sha looked at Ning Can with disdain and said!

Ning Caichen didn’t say anything. The Ning family’s strength was indeed no match for the Demon-Sealing Alliance. The forces of the Demon-Sealing Alliance spread throughout the world of heaven and humans!

Chapter: 4825

“Bah, what’s so awesome about your Demon Sealing Alliance? This is the far north, the territory of our Gao family.”

“I’ll tell you, none of you will ever leave the Far North!”

Gao Qisheng spat hard!

Gao Qisheng was not convinced after being beaten away by several people a few days ago. This time he not only brought the masters, but also Chen Ping and the others, so he was no longer afraid of the Five Elements Evil!

The other casual cultivators didn’t dare to speak at all. They just wanted to enter the treasure land and find some treasures!

“Child of the Gao family, have you been beaten lightly? Do you still want to be beaten again?”

Jin Sha said with disdain!

Gao Qisheng’s face was full of anger, and then he looked at Chen Ping. He hoped that Chen Ping would come forward and say something!

But at this moment, Chen Ping’s eyes were staring closely at the monk who had just died on the ground, with a motionless and solemn expression!

“Mr. Chen.....”

Gao Qisheng called Chen Ping!

Chen Ping came back to his senses, then frowned slightly and said, “Did you just notice that the dead monk had a strange body?”

“What’s weird?” Lao Sun came up and asked!

“The body of the monk who died just now actually emitted a faint white light. Then the white light seemed to be absorbed by something and floated into the air before disappearing.”

Chen Ping said!

“Mr. Chen, could this be the monk’s soul?”

Ji Yun said!

After all, they are all Fusion Realm monks. If they just kill the physical body, the soul in the body will slowly leave the body!

Unless both body and soul are destroyed with one move, then this monk is truly dead!

“That’s not a soul. The soul can still see it.” Chen Ping shook his head!

“Then I don’t know, I didn’t see anything!”

“I didn’t see it either. There was no white light anywhere!”

“Could it be that you saw it wrong?”

Everyone said they didn’t notice it and thought Chen Ping had made a mistake!

Chapter: 4826

If there were really any changes in the body of the dead monk, it would be impossible for so many monks not to notice it!

Chen Ping frowned slightly. He firmly believed that he was right, but so many people didn’t notice it!

“Maybe I saw it wrong!”

In the end, Chen Ping could only say that he had made a mistake.

“Mr. Chen, these guys from the Demon Sealing Alliance are too crazy. How about we teach them a lesson...”

Gao Qisheng said to Chen Ping!

“We are here to hunt for treasure, not to fight.”

Chen Ping said with a faint smile!

When Gao Qisheng heard this, he hurriedly said: “But these guys stopped us and wouldn’t let us go in first.”

“Since we are not allowed to go in first, let them go in first. It may be better if they go in early. If there is any hidden weapon, it will save us the trouble.”

Chen Ping doesn’t mind what the Demon Sealing Alliance does!

In fact, Chen Ping was confident. Whether it was the ancient body-refining clan’s techniques or some treasures, they were all now in his storage ring!

No matter what treasures there are behind, Chen Ping is not very interested. He just wants to get the Ice Soul Pill so that he can go back and follow the princess of Jialing County!

Seeing that no one dared to oppose them, the Five Elements Tiansha and the others passed through the light gate one after another!

But just after Five Elements Tiansha and several people entered the light door, the entire hall instantly became chaotic again!

Many monks began to swarm towards the light gate!

“Get out of my way...”

At this time, a few breaths pushed back the monks who were rushing towards the light door!

I saw many disciples of the Ning family lined up on both sides, and Ning Caichen led Ning Can slowly towards the light gate!

“Our Ning family hasn’t entered yet, where will it be your turn to be ants...”

Ning Can said arrogantly!

“Bah, what the hell, what did the people from the Demon Sealing Alliance say just now? Why don’t they dare to fart?”

“That’s right, why are you so arrogant? Three people were killed instantly, and I didn’t even see your Ning family farting.”

“Don’t bully others just because there are so many people. If you are cornered, we will kill you together...”

Chapter: 4827

Many casual cultivators started yelling at Ning Can!

Ning Can’s face turned red after being scolded, and he wanted to follow these casual cultivators to scold him, but Ning Caichen stopped him and pulled him through the light door!

After all, the power and reputation of the Ning family are not as good as those of the Demon Sealing Alliance. These people are afraid of the Demon Sealing Alliance, but they are not necessarily afraid of the Ning family!

If things get really serious and a fight breaks out, who will suffer the loss?

They came here to hunt for treasure, not to fight!

After the Ning family entered, Gao Qisheng wanted someone to control the light door, and then they entered first, but they were stopped by Chen Ping!

“Mr. Chen, are we going in last?”

Gao Qisheng was a little confused!

Even if Chen Ping is afraid of the Demon Sealing Alliance and the Ning family, why should he be afraid of these casual cultivators and let them go in first?

“Going in last may not be a bad thing...”

Chen Ping said with a faint smile!

Seeing what Chen Ping said, Gao Qisheng didn't dare to say anything. He could only watch the casual cultivators swarming towards the light gate!

After everyone passed through the light door, Chen Ping led everyone in slowly!

When everyone walked out of this light door, they came to a deserted land in an instant!

The ground here is bare, without any plants, and the sky is filled with colorful spiritual lights. The entire space seems to be distorted, making it very uncomfortable to stay!

The entire land was covered with scorched earth, as if it had been through a war, and you couldn't forget it at a glance!

"This... what is this place? Is this also an illusion?"

Looking at the scene in front of him, Ji Yun said with some surprise!

So no one knows whether they are in reality or in an illusion now!

Chen Ping saw that many monks were also shocked by this scene, and they were groping forward little by little, because they didn't know what dangers there would be in such a strange place!

"How could there be a treasure in this ghost place? How could the treasure be here?"

"Were we not deceived, or this is a fake treasure place..."

Gao Qisheng began to suspect that this was a fake treasure place!

"Regardless of whether it is true or not, everyone should not act easily or leave the team. Only by staying together can we ensure safety."

Chapter: 4828

Chen Ping warned everyone, fearing that everyone would disperse in search of the treasure!

That's when it's most dangerous!

Chen Ping and the others were walking forward slowly, and soon the sound of fighting was heard not far from them!

Chen Ping and his men hurriedly followed the sound and found that many monks were fighting like crazy!

“Ice soul fragments, ice soul fragments.....”

At this time, Gao Qisheng screamed, and then they saw that there were many ice soul fragments at the feet of the fighting monks!

Although these ice soul fragments are very small, they are still considered top-quality resources!

No wonder these monks would fight each other. After all, everyone wants more of such a good thing!

As Gao Qisheng shouted, he immediately led his people to rush forward and began to snatch the ice soul fragments!

Ji Yun and Lao Sun also rushed forward!

Chen Ping wanted to stop it, but facing such top-quality resources, Chen Ping couldn't stop it even if he tried!

Chen Ping saw that several guys from the Demon Sealing Alliance were controlling a place, and some were on guard while others were picking up ice soul fragments!

The Ning family also took control of an area and began to pick up ice soul fragments, not caring about the fighting among the casual cultivators!

Chen Ping's attention was not on the ice soul fragments, but on the monks who had died tragically on the ground!

I saw that the bodies of these monks who died tragically were all emitting white light, and then the light slowly floated into the air and dissipated!

Chen Ping looked at a monk who had just died, and he jumped up and landed in front of the monk!

Just when the dead monk's body was glowing with a faint white light, Chen Ping suddenly grabbed the other person with one hand, and then started to use the Heart Condensation Technique. A huge suction force actually sucked the white light into his body!

At this moment, Chen Ping was stunned for an instant, his eyes widened with disbelief on his face!

“How could this happen? How could this happen?”

Chen Ping murmured to himself!

It turns out that these white lights are not souls, but the lifelong cultivation of these monks!

Chen Ping's Heart Condensation Technique can absorb the cultivation of others, but only when the other person is still alive!

Moreover, when he came to the world of gods and humans, many monks had very high cultivation levels, so it was very difficult and troublesome for Chen Ping to absorb!

Therefore, Chen Ping has never used this method to practice, let alone showed his skills in front of everyone!

Chapter: 4829

But now that these monks are dead, why are their cultivation levels still there after they die?

You must know that when a person dies, his cultivation level will definitely disappear and cannot be preserved!

But these dead monks retained their cultivation and turned into white light, floating into the air and dissipating!

Just when Chen Ping was puzzled, suddenly an old man of the seventh level of the Fusion Realm came to Chen Ping!

“Boy, hand over the ice soul fragments you picked up, and I can spare your life...”

When the old man saw Chen Ping lowering his body, he thought Chen Ping had picked up the ice soul fragments!

The old man also felt that Chen Ping was only at the fourth level of the Fusion Realm, so he came to snatch it unscrupulously!

In his opinion, if he scares him, Chen Ping will obediently hand it over!

“roll.....”

Chen Ping glanced at the old man and shouted!

He doesn't have time to play with this guy. He wants to study carefully why these people died and their cultivation has not disappeared!

“You are so brave. You dare to talk to me like this. You are looking for death...”

The old man looked angry!

Snapped.....

Just when the old man's face was full of anger, Chen Ping suddenly came in front of him and slapped him!

This slap instantly stunned the old man!

“I told you to get lost, didn’t you hear me? Don’t force me to kill you...”

Chen Ping looked at the old man coldly and said!

The old man was slapped, and his aura suddenly surged, and he gritted his teeth angrily: “Good boy, if you dare to hit me, I will kill you...”

The old man’s sleeves and robes were fluttering, and he jumped up and slapped Chen Ping with one palm!

He originally thought that if he scared Chen Ping, Chen Ping would hand over the ice soul fragments!

But now it seems that it is impossible not to take action!

Chen Ping didn’t even look at the old man, but kept scanning the monks who had just died in the field!

These monks are all the same. After death, their cultivation level flashes with a faint white light, and then rises into the air and floats away!

Chapter: 4830

It’s as if something is absorbing these powers in mid-air!

When the old man saw that Chen Ping didn’t even look at him, he was furious and the strength in his hands increased a bit!

But when the old man arrived in front of Chen Ping, he saw that Chen Ping’s figure suddenly disappeared!

Then he appeared behind him.

The old man was immediately shocked and turned around helplessly, but was slapped on the head by Chen Ping!

With this slap, the old man's head was instantly blown open!

Fortunately, everyone was in a melee, fighting for the ice soul fragments, and no one noticed that Chen Ping, a fourth-level Fusion Realm monk, killed a seventh-level Fusion Realm monk with one slap!

After the old man died, Chen Ping stared closely, and then saw a white light starting to emit from the old man's body, and then the white light slowly floated into the air and disappeared!

Chen Ping hurriedly swept around with his spiritual consciousness, but when his spiritual consciousness reached mid-air, it seemed that there was a barrier blocking it, and there was no way to penetrate it!

Seeing this, Chen Ping frowned tightly. He found that this treasure place seemed to have some kind of conspiracy!

Now that the treasure has not been seen, these many monks have already suffered many casualties!

The fight was slowly coming to an end, and Gao Qisheng and Lao Sun gathered around Chen Ping!

"It's really nice here. There are actually a lot of ice soul fragments. This is much easier than finding ice soul fragments in the vast snowfields in the far north!"

Gao Qisheng looked proud as he held the pieces of ice soul that he had picked up and snatched!

Chen Ping was not very interested in Gao Qisheng's ice soul fragments. He kept looking up in the air and couldn't understand why there was a barrier in the air!

“Mr. Chen, how many ice soul fragments did you pick up?”

Ji Yun asked Chen Ping!

“I didn’t pick it up.”

Chen Ping shook his head!

Seeing that Chen Ping didn’t even pick up a piece, everyone was a little confused and didn’t understand why Chen Ping!

The ice soul fragments were gone, and many monks continued to walk through the scorched earth, hoping to find other treasures!

But so many monks searched almost all of this place, but they couldn’t find anything at all!

And there is no way out from this place. If you keep moving forward, you will eventually return to the starting point, just like a circle!

“Are we going to be trapped here?”
