

## **The Order 4831**

Chapter: 4831

Gao Qisheng said with a worried face!

People from the Demon Sealing Alliance and the Ning family also seemed a little panicked, because they also discovered that no matter what, they couldn't leave here!

But there is no treasure here at all, which proves that the treasure is still somewhere else!

At this moment, everyone heard a strange noise!

Immediately afterwards, I saw five dark whirlpools appearing faintly in the sky from the seven-colored brilliance!

The vortex grew bigger and bigger, and finally stayed in mid-air!

These five whirlpools are exactly the same, each one has a hint of weirdness, and there is a faint suction coming out of the whirlpools!

"What's this?"

Ji Yun looked at the vortex that appeared in the sky and asked curiously!

Everyone else looked up and couldn't tell what these five whirlpools were!

"This should be a portal or something. We have to pass through this vortex to reach another place!"

"Maybe the treasure is in another place!"

Chen Ping explained!

“Then which vortex should we pass through?”

Ji Yun asked!

Chen Ping looked at the five whirlpools carefully, and then shook his head, because he couldn't tell which whirlpool was safe to pass through!

Other monks also understand that only one of these five whirlpools can be passed safely!

But which one it is, no one knows!

No one is willing to gamble with their life!

Just like that, everyone looked at the five whirlpools and whispered to each other, but no one moved!

But as time went by, those five whirlpools were shrinking little by little, and seemed to disappear at any time!

Seeing this scene, everyone panicked!

They are afraid that after the vortex disappears, they will be trapped here forever!

“Damn it, since I don't know which one is safe, let's try one by one...”

Chapter: 4832

Jin Sha was a little anxious and grabbed a casual cultivator!

This Rogue Cultivator, who was at the sixth level of the Fusion Realm, was caught by Jinsha, but he had no ability to resist at all!

“You pick a whirlpool for me and jump into it, or I will kill you...”

Jin Sha threatened the casual cultivator!

Feeling the threat of Jin Sha, the casual cultivator’s face became extremely ugly, but in this world of the jungle, if you are not as skilled as others, you can only be slaughtered by others!

Everyone watched quietly and did not step forward to help. After all, this is beneficial to others. Someone opening the way in front will make the people behind you much safer!

Chen Ping watched calmly and did not stop him. After all, he was not the savior.

Looking at the five whirlpools, the casual cultivator gritted his teeth and said, “No matter how hard we try, we will all die anyway...”

The casual cultivator knew that if he jumped into the whirlpool, he might have a chance of survival, but if he didn’t jump in, he would definitely die!

The casual cultivator’s face turned red, and then his figure moved, and he threw himself towards a whirlpool!

Soon, the figure of the casual cultivator disappeared from the whirlpool!

Everyone stared at the casual cultivator and found that just after the casual cultivator’s body entered the vortex, a large amount of time and space distortion suddenly appeared inside, which directly tore the casual cultivator into pieces, and soon turned into a pile of flesh!

“You can’t enter this whirlpool!” Jin Sha memorized it, and then grabbed a casual cultivator again and said: “You choose one...”

The casual cultivator has no choice but to make a choice, but this time, the chance of choosing one of the four is much higher!

This casual cultivator also flew towards a whirlpool, but the result was the same as the first casual cultivator!

It was also torn apart by the twisted space and turned into a pile of minced meat!

At this time, all the casual cultivators had faces full of fear and sweat dripping from their backs, fearing that they would be chosen by Jin Sha.

These casual cultivators are like lambs waiting to be slaughtered!

But Jin Sha has no intention of stopping, let alone pity these casual cultivators!

Jin Sha followed suit and continued to catch rogue cultivators for experiments. After all, there were many rogue cultivators here!

Four times in a row, all the choices were wrong, and the four casual cultivators were torn into pieces!

Looking at the last whirlpool, everyone suddenly became nervous!

next moment!

Suddenly, several figures suddenly flew up from among the casual cultivators and headed straight for the last whirlpool!

Chapter: 4833

When Ning Caichen saw this, he quickly winked, and several Ning family servants also hurriedly followed!

These people are extremely fast and are afraid of falling behind.

The first four are all unsafe, so the last whirlpool must be safe!

Seeing this, Gao Qisheng hurriedly waved his hand to let several servants of the Gao family take action, but they were stopped by Chen Ping!

“Don’t move, wait and see what happens...”

Chen Ping said to Gao Qisheng!

Chen Ping spoke, and Gao Qisheng had no choice but to obey!

When some casual cultivators and several monks from the Ning family flew into the last whirlpool, there was no distortion of time and space, and these people were not torn apart. They were immediately happy!

“Master, this is safe...”

A Ning family monk said loudly to Ning Caichen!

Ning Caichen was overjoyed and was about to lead people towards the last whirlpool, but suddenly found that a black mist began to fill the whirlpool!

Immediately afterwards, I saw the monks who entered, one by one wrapped in the black mist. In just a moment, all these monks were reduced to white bones!

“What...what is going on? Isn’t there anyone safe?”

When Ning Caichen saw this, he was immediately confused!

The other monks were also in chaos, and even a few people from the Demon-Sealing Alliance were panicked!

“It’s broken, it’s broken, are we really going to be trapped and die here?”

“Why is none of the five whirlpools safe? What kind of useless treasure is this? Is this going to trap us?”

When Gao Qisheng saw this situation, he was immediately heartbroken!

For a moment, everyone had no idea and could only wait quietly, but the five whirlpools were getting smaller and smaller. When the whirlpools really disappeared, they would be trapped here!

“Mr. Chen, please think of a solution quickly!”

Ji Yun looked at Chen Ping and said!

“Yes, Brother Chen, you have a flexible mind and many solutions. Come up with a solution quickly. You can’t die trapped here!”

Lao Sun also said in a panic!

Chen Ping looked at the five whirlpools quietly, frowning slightly in thought!

Chapter: 4834

Then Chen Ping picked up a broken weapon and drew something on the charred land!

Everyone was anxious, but Chen Ping was still drawing incomprehensible patterns!

“What is this guy pretending to be? Things have become like this, and he still has the heart to paint!”

Ning Can saw Chen Ping scribbling on the ground, so he said disdainfully!

“He’s not drawing graffiti, he’s probably drawing some kind of magic circle...”

Ning Caichen looked at Chen Ping and said solemnly!

Jin Sha and others also looked at Chen Ping. They seemed to be very interested in what Chen Ping scribbled on the ground!

When Chen Ping finished the painting, he was already sweating profusely on his forehead!

“Which of you has a bronze mirror?”

Chen Ping shouted loudly!

When everyone heard Chen Ping’s shout, they all looked at each other in shock. No one moved because they didn’t know what Chen Ping was doing!

Gao Qisheng and Ji Yun didn’t either. After all, they were not girls, so who could wear a bronze mirror?

“I have.....”

At this time, a casual cultivator took out a bronze mirror!

Chen Ping took the bronze mirror and placed it in the middle of the magic circle he drew!

As Chen Ping’s spiritual power penetrated into the magic circle, the magic circle began to glow with golden light!

The golden light wandered around the magic circle, and finally it all converged on the bronze mirror in the middle!

I saw five rays of golden light shooting out of the bronze mirror, heading straight for the five whirlpools!

When the golden light hit the whirlpool, the five whirlpools actually began to reflect light, but all the light converged into the mid-air!

Soon, at the light gathering point, a light gate that grew from small to large appeared!

When Chen Ping saw this, he shouted: "Go quickly..."

After saying that, Chen Ping suddenly flew up and headed straight for the light door!

"Mr. Chen....."

Seeing Chen Ping heading towards the suddenly appeared light door without hesitation, Gao Qisheng was a little worried!

Chapter: 4835

After all, those monks had died tragically in front of them just now, and the scene was still vivid in their minds!

If something unexpected happens to Chen Ping, then the Gao family will have no advantage at all!

"Follow me..."

When Ji Yun saw this, he followed Chen Ping directly towards the light gate.

Next, Lao Sun, Lao Kong and Zuo Qing also jumped up. After this period of time, these people followed Chen Ping through life and death!

They believe that Chen Ping's character will never harm them!

When Gao Qisheng saw this, he waved his hand, jumped up with everyone in the Gao family, and headed straight for the Light Gate!

When Chen Ping and others passed through the light door, everyone was still watching blankly, not understanding the situation for a while!

"Is this the door to exit space? Those five whirlpools just now are all dead ends?"

Ning Caichen looked a little surprised!

Even the Five Elements Heavenly Demons were shocked when they looked at the light gate that appeared. Without Chen Ping, they would never have imagined that there was an exit outside these five whirlpools!

"Dad, look, the whirlpool is almost disappearing, and the light gate is almost disappearing..."

Ning Can saw that the vortex was almost disappearing, and the light gate was also slowly disappearing!

"Let's go..."

Ning Caichen knew that if they didn't leave before the light door disappeared, they would be trapped here forever!

Everyone rushed towards the light gate, and at the last moment, they all rushed through the light gate!

After Chen Ping and the others rushed through the light gate first, when he looked back, he found that only Ji Yun, Lao Sun, Lao Kong and Zuo Qing were following them!

“Where’s Gao Qisheng?”

Chen Ping asked Ji Yun.

“We don’t know either. After you came in, we followed you in. We should be behind you!”

Ji Yun replied!

But at the Light Gate, casual cultivators kept coming, but Gao Qisheng and the others were nowhere to be seen!

Finally, Ning Caichen also led some people from the Ning family through the light gate. At this time, the light gate behind him also disappeared!

After passing through the light door and everyone calmed down, they realized that many people around them were missing!

Chapter: 4836

“Chan’er, Chan’er.....”

“Have you seen the young master?”

Ning Caichen discovered that his son was missing!

They passed through the light door together, but now they are missing!

“Master, we followed the young master, but a white light flashed before our eyes, and we arrived here. As for where the young master went, we don’t know!”

Several Ning family servants said!

At this moment, Ning Caichen panicked, fearing that something might happen to Ning Can when he passed through the light door!

Many casual cultivators also looked around and found that many people around them had disappeared, as if they had not passed through the light door!

And the Golden Evil among the Five Elements Heavenly Evil, looking at himself at this moment, he found that he was the only one who passed through the light door, and no one else was with him at all!

Even if he exudes spiritual consciousness, he can’t sense the existence of several companions at all. This time Jin Sha panics!

Chen Ping looked at the anxious people and frowned tightly!

This time, there seemed to be a lot less people passing through the Light Gate. Now they only had a dozen monks, and the rest of them had no idea where they were!

“Fellow Taoist, when you passed through the Light Gate, did you ever see anyone from the Gao family also pass through the Light Gate?”

Chen Ping discovered Yuan Bao, so he walked over and asked!

“Everyone from the Gao family came here, didn’t they show up?”

“It’s really strange. Many people passed through the light gate together, but why did they disappear inexplicably?”

Yuan Bao is also full of doubts!

“Mr. Chen, are those who didn’t show up all torn apart by the distortion of time and space?”

Ji Yun asked Chen Ping with a panicked look!

“It’s impossible. This light gate doesn’t have any fluctuations in time and space. It’s very possible that they were sent to other places.”

“The place where this light gate is transmitted is random, and all the areas we are in are more like a huge illusion!”

Chen Ping’s eyes narrowed slightly, with some doubts in his eyes!

“Illusion? Such a huge illusion requires a lot of strength!”

When Ji Yun heard this, he was very shocked!

Chapter: 4837

“Everyone should be careful, don’t end up not getting the treasure and losing your life here!”

Chen Ping warned!

“Then what should we do now?” Ji Yun asked!

“Let’s take a look step by step. Let’s go forward and take a look first...”

Chen Ping doesn’t know what to do now!

“Brother Chen, I...can I be with you?”

Yuan Bao looked at Chen Ping and prayed!

With his strength, he is the target of massacre here, so he must find a backer!

Chen Ping looked at Yuan Bao’s pleading eyes, finally nodded and said: “Okay, let’s go together...”

Chen Ping ignored the others and continued moving forward with Ji Yun and Lao Sun!

At this time, they were in a desert, the ground was full of yellow sand, without any plants, and the temperature around them was extremely high. They were already sweating profusely after walking a short distance!

Now they all began to miss the cold snowfields in the Far North, it was so hot here!

In the end, there was no choice but to use spiritual power to dissipate the heat on the body and form a barrier, but this was extremely draining of spiritual power!

But there is no way, otherwise they will be heated to death, and the sky will be like fire!

The other monks also scattered around looking for traces of the treasure!

They all hope to find treasures here. After all, there are fewer and fewer people, and there will be no competition for the treasures!

“Flame Stone.....”

At this time, Yuan Bao, who was following Chen Ping and the others, suddenly discovered a bright red stone not far away!

And there seems to be flames burning inside the stone!

Yuan Bao ran over and grabbed the flame stone on the ground. But he just took it in his hand and threw it out because it was too hot and he couldn't bear it for a while!

But just as the flame stone was thrown out, a figure flashed past and picked it up!

"It really is a flame stone. If this thing is given to the Fire Demon, it can help him improve his cultivation a lot!"

Jin Sha said, and was about to be put away by the flame stone!

"I found this, give it to me..."

Chapter: 4838

Seeing that Jin Sha was about to put away the flame stone he found, he hurriedly shouted loudly!

When Jin Sha looked at Yuan Bao, his face suddenly turned cold and he said: "You don't know how to live or die, how dare you yell at me, you are looking for death..."

Jin Sha said, and slapped Yuan Bao!

Yuan Bao was shocked, but when Jin Sha slapped him, Chen Ping had already stood in front of Yuan Bao, and then swung out his palm!

A huge aura followed Jin Sha's palm, causing Jin Sha's palm to be instantly resolved.

"Brother Chen, he stole my flame stone..."

Yuan Bao hurriedly said with a golden evil spirit!

Jin Sha looked at Chen Ping coldly, with a bit of surprise in his eyes: "Boy, I didn't expect that you, a mere fourth-level Fusion Realm monk, could actually neutralize the power of my palm."

"But I advise you to mind your own business and get out now, otherwise you will die too..."

Jin Sha threatened Chen Ping, he looked down on Chen Ping at all!

Chen Ping looked at the flame stone in Jin Sha's hand, with bursts of light shining in his eyes!

This flame stone will definitely be of great help to Chen Ping in understanding the origin of fire!

"Hand over the things and get out of here right now, otherwise don't blame me for being rude..."

Chen Ping said to the golden evil spirit!

Jin Sha was stunned, and then snorted coldly: "Are you talking to me? You, a fourth-level Fusion Realm monk, dare to talk to me like this, I think you are tired of living..."

As soon as Jin Sha finished speaking, he heard someone say: "Then with us, can we talk to you like this?"

I saw Lao Sun, Lao Kong, Zuo Qing and Ji Yun all walking over!

Three are at the eighth level of the Fusion Realm, and one is at the seventh level of the Fusion Realm!

But now, among the Five Elements Heavenly Evils, only Jin Evil himself has gone, and no one else knows where they are!

If these people were together, Lao Sun and the others would not dare to say such things, but as for Jin Sha himself, there is no need to be afraid with so many of them!

Jin Sha looked at Lao Sun and the others, and then at Chen Ping. His original arrogance was suppressed!

He also knew that a good man never suffers any immediate losses. If there was a fight, the opponent would have many people, and Chen Ping's strength was unknown. There was no need for Jin Sha to fight for a piece of flame stone!

"Hmph, you don't have to be so awesome. One day you will cry..."

After Jin Sha finished speaking, he threw the flame stone directly to the ground, then turned and left!

Chapter: 4839

Yuan Bao wanted to pick it up, but when he thought that the flame stone was extremely hot, he couldn't pick it up due to his strength, so he said to Chen Ping: "Brother Chen, this flame stone is also very helpful for cultivation, so I'll give it to you. Maybe it will There are many such stones in this place!"

Chen Ping was not polite and picked up the flame stone directly. Chen Ping did not feel the heat. After all, Chen Ping had fire in his body. No matter how powerful the flame stone was, it was impossible for Chen Ping to feel the heat!

Chen Ping put the flame stone into the storage ring and then continued to search!

Soon, not far from them, there was a scream. It must be that a monk was killed!

I don't know if it was because they were fighting for the treasure, or if they encountered some monster!

And while Chen Ping and the others were looking for treasures in the desert, those monks who had disappeared were also looking for them in other places.

The environments they live in are fundamentally different!

There are forests, there are seas, there are whole continents.....

In a place of chaos, the old man was looking at the void in front of him, and what he saw reflected in the void was the various places where all the monks were now!

These monks were hunting for treasures and fighting, and the old man was watching them.

In front of the old man, an ink-colored bead floated in the air. Whenever a monk died, a white light would enter the ink-colored bead, and the originally pitch-black bead would become whiter. !

Now half of the bead has turned white, and the old man's eyes reveal endless greed!

Chen Ping and the others are still looking for treasures and flame stones in the desolate desert!

"Wait a moment....."

Chen Ping's expression suddenly changed slightly, causing everyone to stop!

"Do you hear anything?" Chen Ping asked!

"Sound? I didn't hear it anymore, only the sound of wind..."

Lao Sun shook his head!

"No, there must be a sound!" Chen Ping frowned slightly, and then everyone's feet began to tremble!

"Rewind..."

When Chen Ping saw this, he yelled quickly!

Hearing Chen Ping's roar, everyone hurriedly backed away!

But Yuan Bao's strength is relatively low, and his movements are a step slower!

I saw a huge lizard beast rushing out from the sand and biting Yuan Bao!

Chapter: 4840

When Yuan Bao saw this, he was frightened!

Chen Ping grabbed Yuan Bao's collar and threw him out!

The lizard took one bite, and then looked at Chen Ping and the others with eager eyes!

Yuan Bao was shocked and looked at the lizard monster in front of him in disbelief. If Chen Ping hadn't pulled him out, he would have been buried in the belly of the lizard!

"Brother Chen, thank you so much..."

Yuan Bao measured the cold sweat on his forehead and said!

"Mr. Chen, if this is an illusion, how come there are such real monsters?"

Ji Yun is a little confused. If he is in an illusion, these are all fake!

But the monster in front of me looks so real!

The whole body of this lizard monster is reddish brown, and its tongue stretches out for more than one meter!

A pair of eyes stared closely at Chen Ping and the others!

Then the lizard suddenly opened its mouth, and a stream of flames spurted out from its mouth!

The flames rushed towards Chen Ping and the others, causing Chen Ping and the others to quickly retreat back!

“This is still a fire-attributed flame monster...”

Lao Sun looked at the lizard monster with surprise on his face!

Chen Ping, on the other hand, stared at the lizard monster with a bit of fire in his eyes. If he could kill this monster, then this monster’s beast elixir would definitely have fire attributes!

It will definitely be of great help to Chen Ping in understanding the origin of fire. Now that Chen Ping has the flame stone, it would be great if he could get this kind of salamander elixir!

Salamander watched Chen Ping and the others retreat and dodge his attack, then crawled forward two steps, opened his mouth again, and a flame spurted out from his mouth!

When Chen Ping saw this, his pupils shrank slightly, and he shot out a flame from his palm. The two flames collided together, and a roar broke out!

Chen Ping started fighting with the salamander, and this kind of salamander beast began to appear in other places. Many monks were unable to dodge and were burned to death by the flames of the salamander!

Jin Sha was a bit miserable. The skills he practiced were metallic. Now he was in a hot desert. Coupled with the flames of this kind of salamander, Jin Sha was in great pain!

Fire overcomes metal.....

“Ji Yun, Lao Sun, you go and help a bunch of other people...”

Chen Ping watched the casual cultivators being chased by salamanders, so he said to Ji Yun and the others!
