

The Order 4841

Chapter: 4841

Chen Ping discovered that this so-called treasure hunt was more like a premeditated murder!

Now Chen Ping doesn't know where the others are now. They are the only monks left, so they must unite together to perhaps deal with the next danger!

Ji Yun and Lao Sun went to help, while Chen Ping fought the salamander alone!

Although Salamander is also a fire attribute, compared with Chen Ping's Ultimate Fire, it is not on the same level at all!

I saw Chen Ping suddenly push with both palms, and a fierce fire went towards the salamander!

The salamander also opened its mouth and spit out a stream of flames!

It's a pity that the two flames collided, and the flame sprayed by the salamander was suppressed instantly!

The raging fire burned on the salamander's body!

The salamander began to struggle and twist crazily, and even burrowed into the sand underground!

But the fire is burning and there is no way to extinguish it!

Soon, the salamander died under the burning flames!

After Salamander died, a wisp of flame slowly floated out from the body, and then floated in mid-air!

When Chen Ping saw this, he jumped up and took the wisp of flame in his hand!

This is the Salamander's beast elixir. There are flames burning around the beast elixir, so it looks like a wisp of flames suspended in the air!

Chen Ping threw the Salamander Beast Pill into the storage ring and began to hunt for Salamanders again!

Regardless of whether others are interested in the Salamander Beast Pill, Chen Ping is very interested!

At this time, Ning Caichen also led the Ning family to hunt the salamander. The salamander's beast elixir was also very useful to them!

Because he heard his ancestor say that he likes the beast elixir of this kind of fire attribute monster!

"I'll fence this area. No one is allowed to enter here to hunt monsters. These monsters belong to us!"

Ning Caichen said to the many servants of the Ning family!

In this area, the Ning family led by Ning Caichen has the most people!

After receiving the order, several members of the Ning family hurriedly drove away the casual cultivators who were hunting monster beasts!

"Everyone leave here quickly. The monsters here have been contracted by our Ning family. You are not allowed to hunt them anymore."

"Otherwise, don't blame our Ning family for being rude..."

Chapter: 4842

Several servants of the Ning family drove away the casual cultivators. Although the casual cultivators were angry, they did not dare to provoke the Ning family!

After all, the Ning family is the largest, and Ning Caichen's strength is not something they can deal with!

"The Ning family is too overbearing. The people of the Demon Sealing Alliance have become honest, and now the Ning family is becoming arrogant again!"

"That's right, it's too bullying. It seems like our fun this time will be in vain!"

"You work hard and risk your life, but you can't get anything out of it!"

Many casual cultivators were very dissatisfied and could only whisper in a low voice, for fear that people from the Ning family would hear!

At this time, a casual cultivator was chasing a monster and running forward!

"What a monster, it can really escape..."

The casual cultivator cursed, then killed the monster with a sword, and then took out the beast pill!

Seeing the beast pill in his hand, the casual cultivator wiped the sweat from his forehead and smiled with satisfaction!

We can't make this trip in vain!

"Hand over the beast elixir. Who asked you to hunt monsters here? This is our Ning family's territory."

A Ning family monk looked at the casual cultivator and asked loudly!

“What? Your territory? Did you make a mistake...”

The casual cultivators just didn't hear that the Ning family had surrounded this place as their own territory!

“That's right, hand over the beast elixir in your hand now!”

The Ning family monk shouted!

“I won't give it...” The casual cultivator finally got the beast pill, how could he give it away!

“court death.....”

I saw Ning Caichen suddenly leaping from a distance, and then I saw a figure flashing past!

The beast elixir in the hands of the casual cultivator fell to the ground with a clatter!

And the casual cultivator stared, and then his whole head rolled down!

Seeing this scene, all the casual cultivators were stunned!

Ning Caichen is so powerful that he can end their lives with just a wave of his hand!

Chapter: 4843

The strength of the ninth level peak of the Fusion Realm is unmatched by these casual cultivators!

Ning Caichen was knocking on the mountain and shaking the tiger. Now all the casual cultivators began to be afraid of the Ning family!

Even Jin Sha from the Demonic Alliance did not dare to approach the place designated by Ning Caichen at will. After all, he was alone. If he offended Ning Caichen, he had no chance of winning!

At this time, Chen Ping came over with Ji Yun and Lao Sun. Looking at the corpses of the scattered cultivators on the ground, Chen Ping's face became a little solemn!

Chen Ping knew that every time a monk died, a piece of his power would be sucked away by the inexplicable suction force!

Although Chen Ping didn't know where this suction force came from, he always felt that it was not a good thing!

"What's happening here?"

Yuan Bao looked at the tragically dead casual cultivator and asked the others!

"The Ning family is too overbearing..."

"That's right, it's just too much of a lie..."

The other casual cultivators began to complain!

When Chen Ping heard that the Ning family was so domineering, he looked at the resentment of these casual cultivators against the Ning family, and said, "The Ning family doesn't treat us as human beings. This place does not belong to the Ning family."

"Now we are going to settle the accounts with them. As long as we unite together, I don't believe we can still be afraid of the Ning family..."

"Yes, Brother Chen is right. When we unite, we are no longer scattered, and we don't need to be afraid of the Ning family!"

At this time, Yuan Bao also said loudly!

The casual cultivators saw that Lao Sun and Zuo Qing beside Chen Ping were all eighth-level Fusion Realm cultivators, considered the strongest, so they nodded and were willing to follow Chen Ping!

With the participation of these casual cultivators, Chen Ping no longer had to be afraid of the Ning family, so he led everyone into the area painted by the Ning family!

When several Ning family monks on the periphery saw Chen Ping and his people coming in force, their faces changed slightly!

“What do you want to do?”

At this time, a Ning family monk asked loudly!

“We can do whatever we like. Is your Ning family’s place at this time?”

Lao Sun stepped forward and said coldly to the Ning family monk!

“Now this area has been occupied by our Ning family.....”

Before the monk from the Ning family could finish speaking, he was slapped by Old Sun!

Chapter: 4844

Snapped.....

This slap instantly sent the Ning family monk flying away!

Seeing this scene, the casual cultivators applauded and applauded, feeling very relieved!

And those Ning family monks didn't dare to say anything. After all, they were the only ones who were no match for Chen Ping and others!

They have to wait for Ning Caichen to come over!

Soon, Ning Caichen brought people over. When he saw Chen Ping leading many casual cultivators in a menacing manner, he also thought of what was going on!

Seeing Ning Caichen coming, the casual cultivators who had just been driven away started shouting!

"Is this your Ning family's place? Why are you driving us away?"

"Is this monster yours? Why can't we hunt it?"

"You guys are too much of a bully. Now we are going to hunt monsters here. What do you think?"

The casual cultivators shouted angrily!

Ning Caichen's face became very ugly. If Chen Ping hadn't come with Lao Sun and the others, how could these casual cultivators dare to speak to him in such a tone!

"Who do you mean? Do you want to stand up for these casual cultivators?"

Ning Caichen looked at Chen Ping and asked!

"Yes, I just want to stand up for them. Is this your home place? Why can't we hunt monsters here?"

"Don't tell me that strength is the most important thing. If we really get into a fight, we people won't be afraid of your Ning family at all!"

“If you don’t believe it, then let’s give it a try...”

Chen Ping said with disdain!

If a fight breaks out, people like the Ning family will definitely not be opponents, there is no doubt about this!

After all, Ning Caichen is at the peak of the ninth level of the Fusion Realm, while the other Ning family monks are only at the sixth or seventh level!

And there are not as many people as Chen Ping and the others!

Ning Caichen looked at Chen Ping, and then glanced at Lao Sun and three others who were in the eighth level of the Fusion Realm. He was also calculating the combat power of both sides!

“What do you want?” After a moment, Ning Caichen asked Chen Ping!

“Take your people and get out, we will kill the monsters in this area...”

Chapter: 4845

Chen Ping said unceremoniously!

When Ning Caichen heard this, he frowned instantly and said with anger in his eyes: “Boy, don’t be too crazy. If you fight to the death, how many of you people do you think can survive?”

“If you push me too hard, the worst possible outcome will be death and no one will be able to survive...”

Ning Caichen has never been so despised by others. Even if the Ning family is not as good as some sects, not everyone can bully him!

“If you want to defeat the enemy, then give it a try...”

After Chen Ping finished speaking, he immediately put on his posture!

The reason why Chen Ping is like this is because he knows that Ning Caichen will never fight to the death!

After all, he was also the head of the family, so how could he fight to the death with these casual cultivators?

Ning Caichen saw that Chen Ping was not afraid at all, and instantly ran out of ideas!

“Master Ning, how about I help you?”

Just when Ning Caichen was at a loss, a voice suddenly rang out.

Everyone hurriedly looked and found that it was the golden evil spirit!

I saw Jin Sha walking up to Ning Caichen, and then said with a smile: “Master Ning, the head of your family, it is so shameless to be bullied by a bunch of casual cultivators!”

“If this spreads out, your Ning family will lose all face!”

“Now I’m here to help you. With the strength of the two of us, I’m afraid these casual cultivators won’t be able to do it!”

When Chen Ping saw that Jin Sha actually chose to form an alliance and cooperate with Ning Caichen, his face suddenly became a little ugly!

Chen Ping regretted a little, he might as well have found an excuse to kill Jin Sha from the beginning!

If Jin Sha and Ning Caichen really cooperate, then they have no chance of winning!

Two monks at the peak of the ninth level of the Fusion Realm, they are no match at all!

When Ning Caichen was in trouble, Jin Sha took the initiative and chose to form an alliance and cooperate. Of course he was happy!

Otherwise, we would really be frightened by Chen Ping and other casual cultivators!

“It’s best this way. If you and I cooperate, this area will be ours. No matter it’s the flame stone or the monster beast, these casual cultivators are not allowed to touch it!”

With Jin Sha’s alliance, Ning Caichen became even more arrogant!

Now he wants all areas in this area not to be touched by these casual cultivators!

Chapter: 4846

It’s just that this time, no one dares to speak against Ning Caichen. Two people at the peak of the ninth level of the Fusion Realm are simply not something they can deal with!

When Jin Sha saw Ning Caichen agreeing, he immediately laughed. Then he looked at Chen Ping and said with cold eyes: “Boy, are you still bullying me now? Hand over the flame stone you picked up immediately, otherwise I will Make you look good...”

Jin Sha has been resenting the fact that he had just been threatened by Chen Ping and the others and had to hand over the flame stone!

You must know that the people in their Demon Sealing Alliance are all walking sideways, how could they have ever experienced such cowardice!

Now he wants to get this face back and give out this bad breath!

“The thing is on me, why should I give it to you?”

Chen Ping said coldly!

“Why?” Jin Sha snorted coldly: “Just because I am stronger than you, just because this is a world where strength is respected!”

“How are you better than me? I see that you are practicing metallic skills. In this place, which is like a hell of fire, your strength will be greatly reduced.”

Chen Ping had long seen that this Jin Sha was practicing metallic skills!

And this area is of fire attribute, whether it is a salamander or a flame stone, they are all of fire attribute!

As the saying goes, fire defeats metal. This golden evil spirit cannot exert its full strength in this place!

“Even if my strength is compromised, if I want to kill you, a little fourth-level Fusion Realm cultivator, I can’t do it easily...”

After Jin Sha finished speaking, he actually grabbed Chen Ping with one palm!

Chen Ping had quick eyes and quick hands, and quickly stepped back, then jumped up and dodged Jin Sha’s blow!

When Ji Yun and Lao Sun saw this, they all wanted to take action!

However, Ning Caichen shouted loudly: “If you dare to interfere, don’t blame me for being rude...”

Ning Caichen's words made everyone afraid to do anything, let alone help Chen Ping!

Chen Ping had already seen that the reason why Jin Sha chose to form an alliance with Ning Caichen was not to help Ning Caichen, but to deal with himself!

Ning Caichen could also see it, but he still chose to form an alliance with Jin Sha. As the saying goes, the enemy of his enemy is his friend!

"Don't act rashly. He's just a small ninth-level Fusion Realm monk. Let's see how I kill him..."

Chen Ping yelled!

Although Chen Ping despised Jin Sha, his escape speed was not slow!

Although he is still struggling to fight against the peak of the ninth level of the Fusion Realm, he cannot be easily defeated!

Chapter: 4847

Jin Sha now underestimates Chen Ping's strength. Chen Ping can just take advantage of this information gap and catch Jin Sha off guard!

"Boy, you're not very strong, but your skills with words are amazing. You can't even look down on me, who is at the ninth level of the Fusion Realm."

"I'll show you today, I can slap you to death with just one hand..."

Jin Sha also jumped up high and chased after Chen Ping!

Chen Ping hurriedly concealed his aura and fled into the distance, acting like he was running for his life!

Jin Sha chased him into the air, his consciousness spread out, and Chen Ping lost his breath!

“Where are the people?”

“This boy’s ability to conceal his aura is quite impressive!”

Jin Sha frowned slightly. He didn’t expect that Chen Ping could hide his aura completely so that he couldn’t even detect it!

However, Jin Sha was not afraid. Instead, he turned over his hand and found something that looked like a gold coin in his hand, but there was a small hole in the middle of the gold coin.

Jin Sha recited a spell, and the gold coin actually rose into the air, and then quickly spun in mid-air!

“You can hide your breath, but you can’t hide the heat of the flame stone.”

After Jin Sha finished speaking, he flicked his fingers, and as a wisp of flame hit the gold coin, the gold coin burned instantly and began to move in one direction!

Jin Sha followed closely behind, tracking Chen Ping by relying on the heat source on Chen Ping’s body!

When Chen Ping saw this, his pupils shrank slightly, and he took out the flame stone directly from the storage ring!

Looking at the flame stone in his hand, Chen Ping’s heart sank, and he entered the original space!

Among the vast stars, only one is shining!

Chen Ping glanced at the stars that were the origin of fire, and began to quickly absorb the energy in the flame stone!

Chen Ping hopes to understand the origin of fire while absorbing the energy of the flame stone!

It's a pity that Chen Ping absorbed the flame stone, but the stars, the source of fire, didn't react at all!

At this moment, the golden evil spirit is getting closer and closer.

Seeing this, Chen Ping could only put away the flame stone, no longer concealing his aura, and flew towards the ground quickly!

Jin Sha was chasing after him, and there was no way he could let Chen Ping go!

Chen Ping ran away quickly, spinning around with the golden evil spirit!

Chapter: 4848

On the ground, everyone was watching the two people attentively. They were chasing each other and kept spinning in circles!

Soon, Jin Sha's face became very ugly. As a monk at the peak of the ninth level of the Fusion Realm, it was so embarrassing that he could not catch up with Chen Ping, a monk of the fourth level of the Fusion Realm!

"Boy, you are not very capable, but you can run very fast. Let me see where you are going to escape..."

Jin Sha yelled angrily, and then suddenly grabbed the sand below!

Countless golden metal objects floated in the sand, and then turned into a sharp sword!

Jin Sha held a sharp sword and stabbed directly at Chen Ping!

Chen Ping turned sideways to avoid the blow, and with a backhand shot, a breath hit the opponent's sword!

The sharp sword instantly turned into nothingness, and turned into little metal objects floating downwards!

But Jin Sha was already in front of him, and when he grabbed it again, those little metal objects turned into sharp swords again!

Jin Sha attacked three swords in a row, but Chen Ping dodged them all!

This time, Jin Sha was a little confused. A fourth-level Fusion Realm monk actually dodged three attacks from him!

Isn't this nonsense?

At this time, Jin Sha began to re-examine Chen Ping's true strength!

Chen Ping is very capable of concealing his aura. Maybe Chen Ping hid his strength on purpose, so he looked like a monk at the fourth level of the Fusion Realm!

Maybe Chen Ping's real strength is stronger, otherwise he wouldn't have such fast speed and reaction ability!

Chen Ping was also shocked by Jin Sha's strength. Even though the environment here restrained Jin Sha, Jin Sha's strength was still very strong!

Now no one on both sides is looking down on the other...

"Boy, are you hiding your strength and trying to act like a pig to eat the tiger? But let me tell you, it's impossible here..."

Jin Sha shouted loudly and attacked Chen Ping again!

Chen Ping could only continue to run for his life. If he continued to fight with Jin Sha, he would not know what dangers there would be later. By then, his physical strength would be exhausted and he would have no choice but to be slaughtered by others!

Seeing that Chen Ping was too fast and that he was being teased from behind, Jin Sha suddenly took out a golden snare from his arms and threw it towards Chen Ping!

Chen Ping was startled and his body suddenly sank down, trying to escape the snare, but the snare seemed to be alive and followed Chen Ping closely!

“Boy, if you can force me to sacrifice this golden snare, you can be considered the first person...”

“But you don’t have to think about escaping. Even if you tear the void apart, you won’t be able to escape...”

Chapter: 4849

Jin Sha snorted and said!

I saw that the net suddenly became huge, and the entire sky seemed to be enveloped by the net!

Then he pressed down on Chen Ping and wrapped Chen Ping in a net. The net kept changing, and finally Chen Ping was completely trapped!

When Chen Ping saw this, he quickly took out a charm and muttered something, and his whole body suddenly sank to the ground!

Since the net can cover him in the air, when he goes underground, the net can’t do anything to him!

Sure enough, Chen Ping's body quickly sank into the sand and escaped from the snare!

When Jin Sha saw this, he couldn't help being stunned, but he quickly sneered: "Don't think you can escape by getting into the ground, I don't believe you will never come out..."

Jin Sha knew that no matter how strong Chen Ping was, he would not be able to stay underground for a long time!

Chen Ping is sinking into the ground, using huge spiritual power around his body to block the sand and soil around him, so that he can have room to move!

But Chen Ping himself also knew that he could not hide underground forever!

Hiding underground consumes too much spiritual energy. Without Jin Sha taking action, Chen Ping himself will not be able to fight back!

Chen Ping glanced at the storage ring, then took out the Salamander Beast Pill and the Flame Stone, and swallowed them all!

He doesn't have time to absorb it bit by bit now!

As soon as Chen Ping swallowed it, he felt a burning heat spreading inside his body!

The supreme fire in Chen Ping's body was constantly jumping under this scorching heat!

Chen Ping quickly closed his eyes and sank into the original space, feeling the fiery power flowing through his body!

Soon, a terrifying force continued to rise in Chen Ping's body!

The fiery auras were not under Chen Ping's control at all. Chen Ping saw the originally dark stars of the source of fire flickering at this time!

Chen Ping was filled with ecstasy, but he remained motionless, his whole body seemed to be burning!

boom.....

Suddenly, an extremely strong aura exploded. This aura was extremely hot, like a heat wave, sweeping across the entire starry space!

The stars of the origin of fire shone brightly at this moment, illuminating Chen Ping's origin space twinklingly!

"Hahaha, I succeeded, I succeeded, the origin of fire, I realized the origin of fire..."

Chen Ping looked at the bright stars and was so excited!

Chapter: 4850

Now he has realized the two original powers, and there are countless gray stars in his original space.

Chen Ping didn't know how many sources of power he could perceive, but now that he had just entered the body-fitting realm, he already had the source space and could sense two sources!

If Gao Qiqiang knew this, he would probably be jealous to death.

Now the ultimate fire in Chen Ping's body has disappeared, turned into the original source and entered the original star!

Chen Ping looked at the stars at the origin of fire and was filled with excitement!

This time, even if he does not need to absorb the demon's ultimate fire, as long as he continues to use various fire-attribute resources to comprehend, the origin of fire in his body will continue to improve, and his ultimate fire will continue to improve!

Chen Ping's Ultimate Fire is the purest one after the Demon Clan. Even if Chen Ping absorbs and refines the Flame Demon Clan's Ultimate Fire, there is no way to merge with the purest Ultimate Fire in his body!

Now that he has the origin of fire, Chen Ping no longer has to look for the pure ultimate fire to refine. As long as he continues to understand the origin of fire, the ultimate fire will continue to improve!

"Mr. Chen, the power of your fire source is probably more powerful than that of the pure ultimate fire!"

"It's really incredible. No wonder after overcoming the tribulation, everyone will understand the origin. This thing is more powerful than those methods before the tribulation!"

"You are just in the Fusion Realm, but you have the original space and have realized two origins. It is really amazing!"

"From now on, I will follow Mr. Chen wholeheartedly, through fire and water, no matter what..."

Zhe Yan discovered that the origin of fire perceived by Chen Ping was much stronger than the purest fire of the Flame Demon clan. It was simply too outrageous!

Chen Ping also didn't expect that he would realize the origin so quickly. According to Gao Qiqiang, it is very difficult to realize the origin!

Some people spend their entire lives, only to break through the source of natural enlightenment when they go through tribulations!

If you can realize two or three kinds of origin later, you will definitely be a genius!

But Chen Ping was only in the Fusion Realm. In addition to having an original space like the stars and the universe, he also quickly realized two kinds of original powers. It was simply outrageous!

At this moment, Jin Sha was waiting for Chen Ping to appear in mid-air, but when he felt the huge aura spurting out from the ground, his face looked a little surprised!

Chen Ping's body slowly emerged from the ground, and finally his whole body stood on the ground!

Looking at Chen Ping like that, Jin Sha frowned: "What did you do underground?"

Chen Ping looked at Jin Sha coldly and said nothing. He was releasing a huge aura, and endless flames were burning from his feet and rising to the surroundings!

You must know that Jinsha is a metal-based skill that is practiced, and it is very sensitive to this kind of raging flames!

When he saw the blazing flames on Chen Ping's body, Jin Sha was dumbfounded!

Moreover, Chen Ping's internal strength is slowly rising, making Jin Sha even more confused!
