

The Order 4851

Chapter: 4851

“Did you swallow the flame stone?”

Jin Sha’s heart trembled, looking at Chen Ping like this, it was as if he had swallowed the flame stone directly!

You must know that the power contained in the flame stone is huge and needs to be absorbed slowly. If it is swallowed directly into the stomach, it may be backlashed, explode and die, or be burned to ashes by the flames!

But it seems that Chen Ping is fine now, and he is not afraid of the scorching flames around him. It seems that Chen Ping still has this strength that he cannot see through!

Looking at the flames on Chen Ping’s body, Jin Sha felt a sense of crisis, so he controlled the golden snare and was ready to attack Chen Ping at any time!

Not far away, Ji Yun and Lao Sun looked at Chen Ping, all of them were dumbfounded!

A monk at the fourth level of the Fusion Realm, facing alone a monk at the peak of the ninth level of the Fusion Realm. Such a disparity in strength leaves no suspense at all!

But now Chen Ping is not only fine, but Jin Sha seems to be a little nervous!

Lao Kong and Zuo Qing all breathed a sigh of relief. Fortunately, they were with Chen Ping, otherwise they might not even know how they died!

“Didn’t you say you can kill me with one hand? I’ll give you a chance now. I won’t run away anymore. Come and kill me...”

Chen Ping looked at Jin Sha with a sneer on his face!

But the more Chen Ping said this, the less Jin Sha dared to attack Chen Ping!

Jin Sha didn't dare to take action directly, so he could only control the golden snare and move toward Chen Ping!

Chen Ping looked at the golden net that enveloped him, but he was not running away or dodging!

He knew he couldn't escape unless he went underground again!

But this time, Najin Sha had already been prepared. He would definitely attack the moment Chen Ping sank into the ground!

In that case, Chen Ping wouldn't even have the ability to fight back and would have no choice but to be at the mercy of others!

Seeing Chen Ping refusing to dodge, Ji Yun and Lao Sun became worried for Chen Ping.

When Jin Sha saw that Chen Ping stopped dodging, not only was he not happy, he was actually a little uneasy!

Soon, the golden net covered Chen Ping and shrank tightly, making Chen Ping unable to move.

Seeing this scene, Jin Sha breathed a sigh of relief!

"Boy, let me see if you are still crazy now. I don't care if you still have the Flame Stone on you. Today I will suppress you so that you will never be able to come out again."

Jin Sha had a sneer on his face!

Soon, Jin Sha took out the thing that looked like a gold coin again. This time he threw it in the sky. The thing instantly became huge and then suppressed it towards Chen Ping!

Chapter: 4852

Chen Ping didn't change his expression. In his original space, the stars of the origin of fire flickered, and then a series of heart-shaking ultimate fires began to burn!

Kakakaka.....

The golden snare, under the burning of this supreme fire, actually made a sound of breaking!

Soon, the snare began to melt and turned into waves of mist!

Jin Sha watched his treasures fuse, and his whole heart was broken. Before he could take back the snare, the golden snare had turned into a mist!

The fierce fire has not stopped, it is still burning, and the raging flames shoot straight into the sky!

The blazing flames made the already hot weather even hotter!

Waves of heat hit, and Jin Sha had to retreat!

But soon, Jin Sha seemed to have thought of something and wanted to take back the gold coins he used to suppress Chen Ping!

Unfortunately, it was still too late. As the gold coin-like magic weapon continued to suppress it, it was finally burned into a burst of mist under the blazing fire!

Jin Sha almost cried when he saw another magic weapon of his being destroyed!

Chen Ping's whole body was burning with fire, and there was a surge of power in his body. At this time, Chen Ping was extremely confident. Chen Ping had never controlled this kind of original power, but this time, Chen Ping was full of confidence. !

Without the origin of this fire, the ultimate fire in Chen Ping's body would not have been able to burn for so long, let alone have such huge power!

This is the original power. With this power, Chen Ping feels like he can poke a hole in the sky!

Chen Ping's whole body turned into a ball of flame, and he was in front of the golden evil spirit in an instant!

Feeling the breath of fire on Chen Ping's body, Jin Sha's face became extremely ugly!

"A great monk at the peak of the ninth level of the Fusion Realm, don't you want to slap me to death? Come on, come on..."

Chen Ping provokes Jin Sha!

Jin Sha's eyes and muscles kept twitching, and he gritted his teeth in anger, but he just didn't dare to take action!

He was practicing metallic techniques, but in this hot desert, his strength was already compromised!

Now Chen Ping actually used the flame technique to restrain him even more!

This time, Jin Sha didn't dare to act recklessly!

"You don't dare to move, then let me try..."

As Chen Ping said that, he was instantly in front of Jin Sha!

Chapter: 4853

Jin Sha instinctively retreated, but a burst of fire blocked his way, leaving Jin Sha at a loss for a moment!

Snapped.....

Just when Jin Sha was at a loss, Chen Ping slapped him away!

This slap, with endless flames, exploded instantly!

The endless ultimate fire turned into a huge palm and moved towards the golden evil seal!

Jin Sha was severely slapped by the flaming slap, and his whole body instantly showed great pain. He flew backwards and fell to the ground!

This scene was seen by everyone, and everyone was stunned!

You must know that Jin Sha is at the peak of the ninth level of the Fusion Realm, so he was slapped away like this. Isn't it a bit outrageous?

Ning Caichen looked at Chen Ping with deep confusion in his eyes!

He didn't understand that even if Chen Ping hid his strength, he couldn't slap away the golden evil spirit!

Take away a cultivator who is at the peak of the ninth level of the Fusion Realm!

In fact, it was because Jin Sha's strength was compromised here, and Chen Ping's Zhihuo was incompatible with his metallic skills, that he was able to slap him away.

If it were Ning Caichen, Chen Ping would definitely not be able to slap him away so easily!

This slap comes at the right time, place, and people. In addition, Jin Sha himself has a psychological fear of flames, so he can do this!

Jin Sha's mouth was bleeding at the moment, and he slowly got up from the sand, his eyes full of anger!

He has never suffered such humiliation!

When Chen Ping saw that Jin Sha was injured, his eyes were filled with murderous intent, and he headed towards Jin Sha again!

While your illness may kill you, Chen Ping will not miss this good opportunity this time!

But just as Chen Ping was heading towards Jin Sha, several Ning family monks suddenly rushed forward to greet him!

They were going to rescue Jin Sha. After all, Jin Sha was temporarily allied with the Ning family. Ning Caichen couldn't possibly watch Jin Sha being killed by Chen Ping!

If Jin Sha dies, then the Ning family will be next!

Ning Caichen didn't move because he wanted to frighten casual cultivators like Lao Sun and Zuo Qing!

Several Ning family monks blocked Chen Ping's way, but Chen Ping frowned, and the fire around him was like ripples, spreading crazily around him with him as the center!

Feeling the burning of the flames, several Ning family monks retreated continuously. They could not withstand the burning of the fire!

Chapter: 4854

"Anyone who stands in my way will die..."

Chen Ping shouted angrily, scaring several monks from the Ning family to tremble!

Because Chen Ping was so terrifying at this time, even the monks at the peak of the ninth level of the Fusion Realm were slapped away. This was simply outrageous!

Ning Caichen saw that all the Ning family monks were frightened by Chen Ping, and he couldn't save his face anymore. He shouted loudly: "Boy, don't be so arrogant..."

Ning Caichen jumped up and stood directly in front of Chen Ping!

Those Ning family monks followed Ning Caichen one after another!

Seeing this, Ji Yun, Lao Sun and other casual cultivators all jumped up and stood behind Chen Ping!

At this moment, in the middle of the desert, the two camps were facing each other with daggers drawn!

Jin Sha also slowed down a bit and jumped to stand with Ning Caichen!

"Brother Chen Ping, let's go together and kill these guys. Aren't they who are at the ninth level of the Fusion Realm just useless in front of you?"

"You can be knocked away with just one slap, so we don't have to be afraid of them at all..."

Yuan Bao has great trust in Chen Ping at this moment!

With Chen Ping here, he felt like he wouldn't be afraid even if the King of Heaven came!

A monk at the fourth level of the Fusion Realm slapped away a monk at the peak of the ninth level of the Fusion Realm. This shock had already made Yuan Bao regard Chen Ping as a fairy-like existence!

"Yes, let's go together and kill these guys."

“These guys bully others too much, let’s fight...”

All the casual cultivators were also in high spirits!

After all, they have all been angry with the Demon Sealing Alliance and the Ning family. Now that Chen Ping is so powerful, they can just take it out!

But Chen Ping himself knew that if a melee broke out, their side would have no chance of winning!

His current strength is not enough to slap away a cultivator at the ninth level of the Fusion Realm!

Chen Ping just occupies a favorable geographical environment!

But these casual cultivators didn’t know it at all, and thought that Chen Ping’s current strength was really so powerful that he didn’t even look down on cultivators who were at the peak of the ninth level of the Fusion Realm!

The two sides were confronting each other, and for a while no one dared to make the first move. In this situation, if a fight broke out, both sides would probably lose!

I don’t know how long the confrontation lasted, but the surrounding space began to slowly become blurry, and no one noticed.

Chapter: 4855

Soon a breath spread, and everyone felt their eyes blur. When it appeared again, everyone actually appeared in the center of a huge altar!

Countless thick beads stood among them, and the surrounding area was very dark and had an eerie feeling.

What's more, figures began to appear around Chen Ping and the others!

Those people who originally disappeared have also appeared here.

It's just that many of these people are injured and their faces are full of exhaustion!

"Mr. Chen....."

At this time, Gao Qisheng and the Gao family saw Chen Ping and hurried over!

Chen Ping saw that Gao Qisheng was also injured, and there were two fewer Gao family monks following him!

"Gao Qisheng, what's going on?"

Chen Ping frowned slightly and said!

"Mr. Chen, I don't know what happened. After I passed through the light door, I arrived in a mountain forest!"

"There are a lot of fairy grasses and ferocious beasts in this mountain forest."

"In order to compete for the fairy grass and the beast elixir, we started a conflict with other monks."

"Two people on our side were killed..."

Gao Qisheng said with a depressed expression!

After hearing this, Chen Ping looked around and found that there were not even half of the hundreds of monks left!

Especially those casual cultivators, each one was even more miserable, some were seriously injured even though they were not dead!

This is a typical example of people dying for money and birds dying for food!

To get the treasure, take such a big risk!

Chen Ping found that only their side had the most monks. It was probably because their strength was balanced and no one dared to take action!

If Chen Ping hadn't united with those casual cultivators at the beginning, they would have all been killed slowly, and not many of them would be left!

"Jin Sha, what's going on with you?"

On the other side, the other four members of Five Elements Tiansha found Jin Sha and couldn't help but be surprised when they saw blood on the corner of Jin Sha's mouth!

You must know that they are the strongest monks here. If they were not targeted by many monks, they would not be injured at all!

Chapter: 4856

When Jin Sha saw his friends coming, he felt confident in his heart, and then looked at Chen Ping with cold eyes!

"There was a kid who took advantage of me and hurt me..."

Jin Sha said with murderous intent!

“Who is it? Dare to attack our people from the Demon Sealing Alliance?” Mu Sha frowned and asked angrily!

“It’s him.....”

Jin Sha points his finger at Chen Ping!

Several other people looked at Chen Ping. When they saw that Chen Ping was only at the fourth level of the Fusion Realm, they were all stunned, with incredible expressions on their faces!

“Jin Sha, are you kidding us? This guy is only at the fourth level of the Fusion Realm. Can he sneak attack you?”

“Even if you stand still, he can’t hit you!”

Huo Sha didn’t believe it at all!

Others didn’t believe it, after all, the strength gap between the two people was too big.

If you are a monk at the eighth level of the Fusion Realm and you are extremely talented, you may be able to leapfrog the level and defeat the monks at the ninth level of the Fusion Realm!

But Chen Ping, who is at the fourth level of the Fusion Realm, wants to defeat a monk at the peak of the ninth level of the Fusion Realm, that is just nonsense!

“I’m not kidding, the fire on this guy’s body is stronger than yours.”

“You also know that what I am most afraid of is fire, and being in a land of fire, my strength is compromised.”

Jin Sha said to Huo Sha!

“Even if he can play with fire, he is only a fourth-level fusion player. How can he be so awesome?”

“I think you are just joking, I don’t believe it at all!”

Huo Sha doesn’t believe it!

Seeing that he didn’t believe anyone, Jin Sha could only say: “I will take you to him right now and let you see this kid’s true ability. I suspect that he has hidden his strength...”

Jin Sha said, leading several others towards Chen Ping!

Chen Ping looked at the Five Elements Demon who was approaching him, his brows wrinkled slightly and his expression became solemn!

It was so difficult for him to deal with just one golden evil spirit, and now with five of them together, they had no chance of winning!

Ning Caichen, who was on the other side, was frantically looking for his son Ning Can!

Chapter: 4857

Ning Can’s strength is not very high. After being separated, Ning Caichen has been worried that something will happen to Ning Can!

But after looking around, Ning Can was not found in the crowd. Now Ning Caichen’s face became extremely ugly!

He knew that if Ning Can didn’t show up, something might have happened!

As long as they can survive, they will definitely be transported here. Even those who are seriously injured and dying, as long as they have a breath, they will all come here!

The only ones who didn't come were the dead...

Ning Caichen's heart felt cold. Just when Ning Caichen was looking for Ning Can, he found someone who seemed to be deliberately avoiding him.

Ning Caichen walked over and soon discovered that this was actually a servant of their Ning family. This person had been following Ning Can. Ning Caichen caught the servant of the Ning family out in one go!

"Old...Master..."

When the servants of the Ning family saw Ning Caichen, they were so frightened that they trembled all over and turned pale!

He was deliberately avoiding Ning Caichen just now, but he didn't want to be discovered by Ning Caichen.

"Where is the young master?" Ning Caichen asked with a cold face!

"Master, he...Master, he....."

The servants of the Ning family were trembling and did not dare to speak!

"Say, what's wrong with him, young master?" Ning Caichen's eyes widened!

"Young Master, he is dead..." The servant of the Ning family finally said it!

Buzz.....

Ning Caichen felt his head buzzing and almost fell to the ground!

Although he had already guessed it, when he got the exact news, he still couldn't bear it!

After calming down for a moment, Ning Caichen asked the servant of the Ning family: "How did the young master die? Who killed him?"

Ning Caichen knew that although Ning Can was separated from him, there must be people from the Ning family protecting him!

The strength of these servants of the Ning family is not low, and it is impossible for Ning Can to be killed easily.

Plop.....

The servant of the Ning family suddenly knelt on the ground and cried bitterly: "Master, it's our fault. It's our failure to protect the young master. He was burned alive by the fire evil among the five evil elements."

"At that time, in order to fight for a fairy grass, the fire demon burned the young master alive. We tried to save him but couldn't. We are no match for the fire demon."

Chapter: 4858

"Everyone died in his hands, and I only got here after escaping from death."

"Please spare my life, Master..."

Listening to the words of such a servant from the Ning family, Ning Caichen's body was trembling. He didn't expect that his son would die so miserably!

What's more, I didn't expect that the Five Elements Heavenly Evil from this Demonic Alliance would not take the Ning family seriously at all!

Not long ago, he formed an alliance and cooperated with the Jinsha, but in the blink of an eye, one of them burned his son alive!

Ning Caichen's anger continued to burn. When the servant of the Ning family saw this, his eyes were full of horror!

"Since I haven't protected the young master, what's the use of you..."

Ning Caichen struck out with a palm and instantly killed the Ning family servant!

As soon as the servant of the Ning family died, a white light burst out of his body in an instant, soared into the air like a firework, and soon disappeared into the darkness!

But no one paid attention to this scene, they all looked around. In an unknown environment, everyone seemed extremely nervous!

After Ning Caichen shot the Ning family servant to death, he turned around and saw Jin Sha coming with several other people. The anger in his eyes made him crazy!

"Give my son his life..."

Ning Caichen jumped up, and then directed his palm toward the Fire Demon. This palm was extremely powerful, and he was rushing to kill the Fire Demon!

Ning Caichen's sudden attack made all the Five Elements Demons stunned.

Jin Sha was the first to react, and suddenly waved his palm, directly following Ning Caichen!

Bang.....

The two palms touched each other, and a terrifying aura erupted. The terrifying aura spread around, like a sickle, harvesting the lives of the monks around him!

Two monks at the peak of the ninth level of the Fusion Realm, facing each other in this small altar, can imagine the power that burst out!

Chen Ping and Lao Sun quickly used their spiritual power to form a barrier to resist the terrifying aura!

Other monks also used various means to protect themselves!

However, some injured monks and some were seriously injured, and they had no ability to protect themselves. They were instantly swept away by the spreading aura, and their entire bodies were destroyed, turning into a pile of powder!

Several rays of white light rose again, rushed into the air, and then disappeared!

Chen Ping has been paying attention. As long as a monk dies, he will turn his strength into a white light and be sucked away!

Under this pair of palms, Ning Caichen's body took two steps back, and the golden evil spirit flew backwards!

Chapter: 4859

He was injured himself, so he was at a disadvantage following Ning Caichen's head-on confrontation!

"Golden Evil..."

Several other people quickly helped Jin Sha up!

"Ning Caichen, you are so bold, you dare to attack our Demon Sealing Alliance, I think you are tired of living..."

Mu Sha shouted angrily and was about to attack Ning Caichen!

“Stop!” Jin Sha stopped Mu Sha, then looked at Ning Caichen with a puzzled face and said, “Master Ning, what do you mean? Why did you suddenly attack us?”

“You still have the nerve to ask me? You ask what you people have done?”

Ning Caichen glared at Huo Sha!

Jin Sha looked at Huo Sha and asked, “Huo Sha, what did you do?”

“What didn’t you do? That boy from the Ning family dared to snatch the fairy grass from me and asked me to burn him to death...”

Huo Sha said nonchalantly!

When Jin Sha heard this, he frowned!

When Ning Caichen saw that Huo Sha had killed his son, he actually said it so lightly, and his inner anger became even greater!

“I want you to pay for my son’s life...”

Ning Caichen roared angrily!

“Master Ning, I hope you can calm down!” Jin Sha said to Ning Caichen!

“Calm down? I killed your son, can you calm down?”

Ning Caichen asked Jin Sha!

“Master Ning, if you must take action, do you think you and your trash can be a match for the five of us?”

Jin Sha grimaced and asked Ning Caichen!

Ning Caichen looked at Jin Sha and said nothing. Now that the Five Elements and Heavenly Shas are together, he and the Ning family alone are no match for these five people!

At this time, Ning Caichen was extremely angry, but he couldn't beat him, and he had to avenge his son!

For a moment, Ning Caichen began to be in a dilemma!

When Chen Ping saw that the Ning family had fallen out with the Five Elements God, he felt happy!

Chapter: 4860

He injured Jin Sha, and the Five Elements Heavenly Evil would never let him go. If he, Lao Sun, and the Gao family relied solely on him, they would not be able to compete with the Five Elements Heavenly Evil!

But if you can unite with the Ning family and other loose cultivators, you don't have to worry about Jin Sha retaliating against you!

“You Five Elements Demons use your power to bully others and kill other monks at will. It is simply unacceptable!”

At this time, Chen Ping led people forward: “Master Ning, if you want to take revenge, we can join forces. In this case, you will have a chance...”

Ning Caichen was stunned by Chen Ping's words, and even Jin Sha was stunned. He didn't expect that Chen Ping would actually propose to join forces with Ning Caichen!

You must know that half an hour ago, he was the one who formed an alliance with Ning Caichen to deal with Chen Ping!

Changed in the blink of an eye!

But in this world of gods and humans, there are no eternal friends, only eternal interests!

The enemy of my enemy is my friend!

Ning Caichen looked at Chen Ping blankly, and finally nodded vigorously!

Ning Caichen is not stupid. He also knows that only if they join forces can they deal with the Five Elements Evil of this Demonic Alliance!

And he followed Chen Ping and had a grudge against the Five Elements Evil!

Ji Yun and Lao Sun were very puzzled as to why Chen Ping suddenly wanted to cooperate with Ning Caichen to form an alliance, but since it was Chen Ping's choice, they would support it!

Not to mention Gao Qisheng, as long as he is dealing with these Five Elements Evil, he will support him without hesitation!

He himself has hatred for these five guys!

Needless to say about the casual cultivators, Jin Sha treated them as guinea pigs in order to test the aura whirlpools, and there was no way he could treat them as human beings!

Now we have to unite to deal with the Five Elements Evil, and all these casual cultivators are on Chen Ping's side!

In an instant, the few dozen monks left now turned into two camps!

The five of them, Jin Sha, faced Chen Ping, Ning Caichen and dozens of others, all of them looking extremely ugly.

The five of them really didn't expect that things would develop to this point!

Now facing so many people, the five of them instantly lost their confidence!

"Kill them, kill them..."

Some casual cultivators were very excited and shouted that they wanted to kill the Five Elements Evil!

This made the Five Elements Demon a little scared!
