

The Order 4901

Chapter: 4901

What is the relationship between the Princess of Jialing County and the Ancient Body Refining Clan?
How did she know about the Ice Soul Pill in the treasure?

And what role does the Gao family play here?

Chen Ping was a little confused, completely confused...

“Senior, since the ancient body-refining clan has ancestral precepts, why was this treasure place spread out in the end?”

Chen Ping asked!

The old man said helplessly: “Do you still need to ask? When you entered with the jade token, I knew that what was supposed to happen happened.”

“After all, he is a descendant of the ancient body refining clan. He couldn’t resist the temptation and spread the secret...”

“You came to get the Ice Soul Pill. Could it be that someone from my ancient body-refining clan mentioned it to you?”

Because only people from the Ancient Body Refining Clan, and they must be at the clan leader level, can know that there is such a thing as the Ice Soul Pill in this place!

“This...that’s not true. A woman told me. She helped my friend treat his illness, and I helped her get the Ice Pill.”

Chen Ping said truthfully!

Now that it's come, Chen Ping doesn't dare to hide anything anymore!

"Women?" The old man frowned: "What a beauty is a disaster!"

Chen Ping didn't know that the Princess of Jialing County was related to the patriarch of the Ancient Body Refining Clan, so he didn't dare to say more!

Chen Ping followed the old man while chatting and walking. He didn't know how long he walked when a palace suddenly appeared in front of them.

When they saw this palace, everyone was stunned!

Even Chen Ping frowned and became nervous!

Because this palace is the palace where Chen Ping and the others met the old devil after they first entered!

Seeing everyone's expressions, the old man smiled slightly and guessed something!

"Are you scared when you see this place?"

The old man said with a faint smile!

Chen Ping didn't speak, but the expression on his face had already said it!

The old man stepped forward, gently pushed open the tall bronze door, and then entered!

Seeing the old man go in, Chen Ping bit it and followed him in!

Chapter: 4902

Others stared blankly, but no one dared to walk in!

They don't want to go through the original path again. The scenes of fighting are still in their minds!

Just when everyone was hesitating, the door suddenly closed.

"Mr. Chen....."

"Brother Chen..."

Ji Yun and Lao Sun all rushed forward and pushed the door hard, but they couldn't push it open at all!

Chen Ping looked at the closed door and suddenly became nervous!

Chen Ping looked at the old man in front of him with a wary expression. He was really afraid that this guy would suddenly turn into an old devil!

"Don't be afraid. Although I know what you have been through, my brother is not the only one who can use this part of the world."

"Our two worlds have mostly merged. If it weren't for your sudden intrusion, I would have stayed in my thatched hut and never come here."

"Waiting until the remaining souls dissipate and the world collapses..."

The old man looked at Chen Ping's scared look, smiled slightly, and explained!

"Senior, why did you bring me here?"

Chen Ping asked in confusion!

“Of course it’s to prevent my brother from reshaping his body and resurrecting him...”

The old man said!

“Then we can go together. Then you deal with the old devil and I grab the Ice Soul Pill. Isn’t that enough?”

Chen Ping didn’t understand why he had to make such a simple matter so mysterious and lock himself up here!

“You know that my brother’s strength is greatly reduced when he leaves the altar. Doesn’t it mean that my strength will not be weakened if I leave my area?”

The old man asked!

“This...” Chen Ping was speechless for a moment. He really didn’t expect this!

“I’m waiting for you in front. As long as you pass here, you will see a different world!”

After the old man finished speaking, his figure suddenly disappeared!

This time, Chen Ping was the only one staying in the dark hall!

Chapter: 4903

Chen Ping took a look and found that the hall was supported by several pillars. There was nothing in front of it. There was no light door like at the beginning!

Chen Ping thought for a moment, and finally could only walk towards the dark place ahead!

The dark depths made Chen Ping feel a little uneasy, but he had no choice but to bite the bullet and walk towards the depths of the palace!

Chen Ping took a few steps forward and suddenly frowned, because he felt that he couldn't mobilize any power in his body here!

Moreover, there is a pressure from heaven and earth in the surrounding space, which is constantly squeezing towards Chen Ping!

This made Chen Ping feel very heavy every step he took!

Chen Ping needs to use his body's most primitive strength to move forward step by step!

Soon, Chen Ping's forehead was already covered with sweat. Every step he took required great strength, and the bluestone under his feet would break into pieces with every step he took!

"Is this a test for me? Is there something good waiting for me later?"

Chen Ping's heart moved slightly, then he gritted his teeth and walked forward with all his strength!

In the dim hall, the pressure all around continues to increase, and it seems like there is no end ahead!

Under such pressure, any spells and magic weapons are useless, and we can only rely on the physical strength and will to resist!

Chen Ping's clothes were soaked with sweat. At this time, he felt like he was watching a world moving forward. Every step he took was like experiencing life and death!

Plop.....

Suddenly, Chen Ping's knees softened and he fell directly to the ground!

Chen Ping gasped for air, then took a deep breath and struggled to get up again!

Chen Ping walked forward step by step, and the dim space in front of him gradually became brighter, and the old man's figure had also appeared!

The old man looked at Chen Ping with a slightly surprised expression in his eyes!

Seeing the old man appear, Chen Ping knew that he was about to succeed, so he became even more powerful!

In the end, Chen Ping finally walked up to the old man.

Buzz.....

When he took the last step, the pressure disappeared instantly and disappeared without a trace!

Chen Ping felt his body loosen up, and he fell to the ground in an instant!

Originally, he had been resisting the pressure with all his strength!

Chapter: 4904

Now that the pressure suddenly disappeared, Chen Ping's strength was still exerting force, causing him to fall down!

The old man looked at Chen Ping and nodded with satisfaction: "Your body is really strong, worthy of the True Dragon Golden Body. It seems that my unfilial disciple is quite good at selecting people!"

The old man was very satisfied with Chen Ping's body. He also knew that the reason why Chen Ping had the key to the treasure was that he was chosen by the current patriarch of the Ancient Body Refining Clan.

“Senior, I don’t know what’s the use of setting up this kind of test to explore my body?”

Chen Ping didn’t understand why the ancestor of the ancient body-refining clan wanted to test his body!

“Don’t you want me to help you kill my brother?”

The old man asked!

“Yes, but didn’t Senior say that if you leave your world, your strength will be greatly reduced, and it will be impossible to defeat your brother?”

Chen Ping asked in surprise!

“Yes, I said it, but there is a way for me to leave my world and still maintain my strength.”

The old man said!

When Chen Ping heard this, he immediately understood: “Could it be that senior wants to borrow my body and possess me?”

Chen Ping knows that the remnant soul can be possessed. After possession, the strength of the remnant soul will not be weakened depending on the location!

The old man shook his head: “It’s not possession, but fusion into your body. Then you will be me, and I will be you...”

“If it is possessed in your body, it is equivalent to the two of us controlling your body at the same time. In that case, it is impossible to be my brother’s opponent!”

“The fusion I need, when the time comes, your consciousness and thoughts will also become mine.”

“But don’t worry, when the thing is done and you leave here, this residual soul of mine will disappear on its own. Apart from reshaping my body, relying on fusion or possession, I can’t leave this place!”

“Do you believe me?”

The old man looked at Chen Ping quietly!

After all, it is difficult for ordinary people to agree to this kind of thing. If he is possessed, he can still have his own ideology, but this kind of fusion means that Chen Ping becomes a completely different person!

Except for the appearance of this body, everything no longer belongs to Chen Ping, which makes Chen Ping hesitate!

“I won’t force you, you can think about it yourself...”

After the old man finished speaking, he walked to the main hall and waited quietly for Chen Ping’s decision!

Chen Ping looked at the old man’s back and gritted his teeth for the last time: “Okay, I promise senior...”

Chapter: 4905

Chen Ping knew that this was the only way he could kill the old devil and get the Ice Soul Pill. If he didn’t do this, let alone get the Ice Soul Pill, they might not be able to leave this place!

The old man slowly turned around, looked at Chen Ping and said, “You must be willing. There must be no objection in your heart, otherwise we will not be able to integrate.”

“After so many years, my spirit has become very weak and I cannot forcibly fuse my body. You must fully cooperate.”

The old man wanted to know if Chen Ping was truly voluntary!

“Senior, I am willing to leave my body to you!”

Chen Ping nodded firmly!

“Okay, let’s start now. You will have some pain during the fusion...”

After the old man finished speaking, he gently tapped Chen Ping’s eyebrows with one finger: “We are now a fusion of each other’s memories. Just stay calm...”

Soon, Chen Ping felt a strange aura pouring into his sea of consciousness!

Chen Ping’s whole person also appeared in his sea of consciousness. At this time, he saw that his body was slowly changing, and his whole person turned into the appearance of an old man!

Chen Ping was very surprised. He didn’t expect that fusion could even change his appearance!

But at this moment, he only felt the scene in front of him change, and a voice shouted: “Brother, you should hand over the treasures and various techniques of the ancient body refining clan, and hand over the position of clan leader to me.”

“Only I can lead my clan to develop and grow. You will only make the Ancient Body Refining clan decline more and more!”

Along with the black clouds covering the sky and the sun, a man with a cold expression in the black fog walked up to Chen Ping!

Chen Ping’s heart skipped a beat, because the man in front of him was the old devil, the younger brother of the ancestor of the ancient body-refining clan!

At this moment, Chen Ping panicked. He didn't expect that the old devil would come looking for him!

But just when Chen Ping was panicking, he suddenly thought of something, and then looked at his body. He was not himself at all now, but looked like the ancestor of the ancient body refining!

The old devil looked much younger, and it was obviously different from what he had seen. Before thinking about the fusion, Chen Ping understood what the old man said in an instant!

This is not the old devil coming here at all, but the memory in the old man's mind. Their memories are merging, so Chen Ping sees this scene!

"Brother, is the position of clan leader so important to you? You are troubled by inner demons now, you have done something wrong, and you have practiced demonic skills. I don't blame you."

"Go back with me and let me help you get rid of your inner demons. I don't want to see our two brothers killing each other."

The old man spoke slowly!

At this time, Chen Ping was watching the scene in front of him as if he were watching a movie!

The memory of the ancestor of the ancient body refining clan is slowly playing!

Chapter: 4906

Because this section of memory is the most profound, Chen Ping saw this section of memory at the first time!

"Hmph, don't pretend to be great. You and I grew up together and practiced the same technique. My talent is stronger than yours."

"But why in the end, the position of clan leader was given to you, just because you were born a few minutes earlier than me?"

“I’m not convinced, I’m not convinced at all...”

The old devil roared angrily, his face full of ferocity!

“Brother, the sea of suffering is boundless, but turning back is the end. As long as you abolish your magic power, I can give you a chance.”

The old man is still trying to persuade his younger brother!

“Abolish the magic power? What you think is too beautiful.”

“Ever since I started practicing magic, I’m much stronger than you. Do you feel uncomfortable?”

“Let me tell you, the magic skills I practice are orthodox and the foundation for the growth of the ancient body-refining clan. The skills of our ancient body-refining clan are simply the product of elimination.”

“If we don’t seek change, our ancient body-refining clan will die out sooner or later...”

The old devil smiled coldly!

“Now that you have become a demon, do you still want all your clan members to become big demons?”

“Although the techniques of our ancient body-refining clan cannot increase your strength dramatically, they will not make you lose your mind. But if you look at yourself now, you are a devil...”

The old man’s face is full of sadness!

“Stop talking nonsense. It’s great if I practice like this. I can be unrestrained and do whatever I want, but you are timid and pedantic. The gap between the two of us will become wider and wider.”

“You’d better be obedient and hand over the treasures of the Ancient Body Refining Clan and the position of clan leader. I can spare your life for the sake of family ties...”

The old devil is full of disdain!

“Family love? Do you still deserve to talk about family love? It seems that you are obsessed with it...”

The old man was very sad!

The old devil became impatient, and suddenly smacked his palm, and a black devilish energy flew out of his palm and blasted towards the old man in an instant!

The old man jumped up and reached the mid-air, still persuading: “Wake up, don’t lose your mind anymore...”

But the old devil stopped talking and launched a non-stop attack.

In the end, the old man’s face was ashen, as if his heart had died!

Chapter: 4907

He is no longer persuading, but fighting together!

This battle was earth-shattering, the mountains were blown down, and the ground became pieces of scorched earth!

In this battle, the old man held the mentality of dying together, which made the old devil a little timid!

“Are you crazy? Do you want to die with me?”

The old devil is panicking!

“Not bad!” The old man looked determined!

With the shocking explosion, the whole world returned to peace!

Chen Ping suddenly felt as if he was being sucked away by a force, and then the scene in front of him completely changed and returned to his own sea of consciousness!

Chen Ping looked at himself and found that he was still the same, nothing had changed!

The old man was in Chen Ping’s sea of consciousness, and his eyes looked a little surprised!

“I didn’t expect that you would have such a rich experience. There are quite a few women...”

The old man said with a hint of fun!

Chen Ping felt a little embarrassed for a moment. After all, the memories of both parties were merged, and the old man could definitely see his memories!

When I think of the scene where I followed Ji Ruxue, Gu Ling’er, Ge Yuhan and the others to fight on a big bed, I feel a little excited!

“Why are you still thinking wildly?” The old man was slightly startled!

“Senior, I’m sorry...” Chen Ping suddenly turned red with embarrassment!

The old man looked at Chen Ping’s knowledge and said: “You have a lot of good things. After finishing speaking, the old man looked at Chen Ping’s Daluo Golden Code and didn’t speak for a while.”

When Chen Ping was about to ask the old man if he knew about Daluo Golden Code, the old man suddenly waved his hand and instantly grabbed Zhe Yan's remaining soul in his hand!

"I didn't expect that there is still the remnant soul of the demon hidden in your sea of consciousness. I just happened to kill him for you..."

The old man said that he was going to attack Zhe Yan!

"Mr. Chen, help me..." Zhe Yan was so frightened that she shouted for help!

Although the ancestor of the ancient body refining clan is also a remnant soul, the remnant soul is different from the remnant soul. Now as long as the old man taps it gently, Zhe Yan will disappear forever.

"Senior, don't do anything, he is helping me..." Chen Ping saw this and hurriedly stopped him!

When the old man heard this, he let go and Zhe Yan was so frightened that he hid far away!

Chapter: 4908

"I didn't expect that in your sea of consciousness, in addition to this remnant soul, there is also the soul of the Azure Dragon Divine Beast. You have something special!"

The old man said, then looked at Chen Ping's storage ring and saw that there were many rare treasures in it!

Dragon-patterned bell, dragon-slaying sword, and even a magic whip...

"A prodigal thing, I gave you the magic whip?"

The old man looked at the magic whip and immediately started to curse!

He knew that this magic whip belonged to their ancient body-refining clan. Now that it was in Chen Ping's hands, it must have been given by the current clan leader!

"Senior, I will use this magic whip temporarily. I will return it when I get the Ice Soul Pill."

Chen Ping quickly explained!

"I'll give it to you, and you don't have to give it back. Having this magic whip will make me even more handy."

"It seems that this unfilial disciple also knows how to use the magic whip to better deal with my demon brother."

The old man said slowly, and he didn't look angry!

When the old man said that he would give the magic whip to himself, Chen Ping was very happy!

"Don't be so happy. This magic whip can only exert its maximum power when your strength is equal to that of the opponent."

"If you meet the big devil, you will die even if you whip the devil's whip..."

The old man said!

Chen Ping didn't dare to think about anything now, because the old man knew what he was thinking!

The old man looked at Chen Ping's dragon-patterned clock, then at the Dragon-Slaying Sword, and then took the Dragon-Slaying Sword in his hand!

"What a good sword. Only the old guy from the Weapon Refining Sect can forge such a good sword."

The old man said slowly!

When Chen Ping heard this, he immediately knew that the old thing the old man was talking about was the old sword of the Weapon Refining Sect!

“It’s just that for such a good sword, the sword spirit was seriously damaged. It’s a pity...”

The old man continued!

“Senior, I wonder if you can help me repair the Dragon-Slaying Sword Spirit?”

Chen Ping asked quickly!

Chapter: 4909

Chen Ping has not seen the sword spirit Zhongli for a while. Now that Zhongli is injured, he can only stay in the Dragon-Slaying Sword and cannot leave the Dragon-Slaying Sword at will!

“I’m not a blacksmith, and I don’t know how to forge. How can I help you repair the sword spirit?”

“But I think this sword fits you very well. I guess this is a female sword spirit, right?”

“Have you guys had sex? Otherwise, there wouldn’t be such a high degree of compatibility...”

The old man asked Chen Ping!

“Why can’t I understand what senior said?”

Chen Ping said a little embarrassed!

“Hahaha.....”

The old man laughed and did not continue to ask!

Then the old man continued to explore Chen Ping’s sea of consciousness, and soon found the original space!

Seeing that Chen Ping, a young monk in the Fusion Realm, actually had the original space, he couldn’t help but praise: “At such a young age and with low strength, he has comprehended the original space. He is indeed a genius.”

“Let me see how big your original space is...”

After saying that, the old man directly entered Chen Ping’s original space!

As soon as he entered, the old man was stunned instantly!

“This...is this your original space?”

“The universe and the galaxy are outrageous, so outrageous...”

The old man clicked his tongue in surprise.

“The origin of illusion, you actually understand the origin of illusion?”

The old man couldn’t help but said when he saw the stars of the origin of illusion light up!

Chen Ping simply told the old man how he realized the origin of illusion!

“Genius, a real genius, but your illusion source is not perfect. I will help you make it perfect when the time comes.”

The old man said slowly!

“Thank you, senior...”

Chen Ping was very grateful in his heart!

Chapter: 4910

Soon, Chen Ping’s body gradually lost control, and his entire body was controlled by the old man. Chen Ping himself only had a wisp of thought left and could speak, but he could no longer control his body!

After walking out of the main hall, everyone saw Chen Ping coming out, but they didn’t see the ancestor of the ancient body refining clan, so they were all a little anxious!

“Mr. Chen, what’s going on? What happened inside? Where is the old man?”

Ji Yun asked Chen Ping!

“Why are you the only one who came out on your own? Didn’t the ancestor of the ancient body refining clan run away?”

Lao Sun also hurriedly stepped forward and asked!

Only Ning Caichen frowned slightly, and he noticed that Chen Ping’s aura had changed!

“Nonsense, how could I escape?”

Suddenly Chen Ping scolded Lao Sun!

This sound startled Lao Sun and he hurriedly took a few steps back!

“What’s going on?” Lao Sun asked in shock!

“Chen Ping’s body merged with the remnant soul of the ancestor of the ancient body-refining clan.”

At this time, Ning Caichen spoke!

“Combines?”

Everyone looked at Chen Ping in shock, their eyes filled with disbelief!

You know, most people don’t dare to do this. If the time comes, Chen Ping will disappear forever!

“This little guy still has eyesight...”

Chen Ping looked at Ning Caichen and praised!

Ning Caichen’s face was full of embarrassment when he heard this. Although he knew that Chen Ping’s body was now controlled by the ancestor of the ancient body refining clan, Ning Caichen felt uncomfortable saying that he was a little guy!

“Now you all use all the resources you have, so I can replenish my strength.”

“Otherwise, if a fight breaks out, the little power left in this body won’t be enough for me.”

Chen Ping said to everyone!

Chen Ping has consumed a lot of spiritual energy and various powers. If there is a battle now, there will be no support from various powers!

Even though Chen Ping's body is getting stronger, he is bound to lose!
