

The Order 4911

Chapter: 4911

However, everyone looked at each other, and no one was willing to use their resources!

As the saying goes, people die for wealth and birds die for food. These resources were obtained through hard work, and now no one is happy to let them go for nothing!

“Hmph, you are a bunch of greedy guys, you deserve to die here!”

“I don’t care, you just die with your own resources!”

The old man snorted coldly!

At this time, Chen Ping hurriedly controlled his body and spoke: “Everyone, it is important to save your life now. I even gave my own body. Do you still care about those resources?”

“If we can’t destroy the old devil, none of us will be able to get out of here, and we will all be waiting to die...”

Chen Ping was also a little angry. He was obviously trying to save these people, but these people didn’t even want to use their resources.

“I will use all my resources...”

Ji Yun spoke first!

“And I.....”

“I’ll take it too...”

“All of us in the Gao family have donated our resources.”

For a time, many people opened their storage bags and took out various beast elixirs and spirit stones!

When others saw this, they no longer hesitated and took out the resources in their hands!

Soon, a lot of beast elixirs and spiritual stones were piled at the entrance of the hall, including some fairy grass!

It's a life-or-death moment, no one dares to hide it in secret, life is the most important thing!

Look at the various resources in front of you!

Chen Ping sat cross-legged, closed his eyes slightly, and then all these resources were suspended around Chen Ping!

Bang bang bang.....

In an instant, all these beast elixir spirit stones exploded, and the thick spiritual energy gathered together and turned into a liquid!

When the Heart Condensation Technique was activated, streams of spiritual liquid gathered into a thin stream and continued to pour into Chen Ping's body!

Everyone was shocked when they saw the speed of Chen Ping's cultivation and absorption!

You must know that even the ninth level of the Fusion Realm does not have this ability to absorb spiritual energy!

Chapter: 4912

If this continues, the body might not be able to bear it anymore, and it will explode and die!

But there was nothing strange about Chen Ping's body. The piles of resources were disappearing at a speed visible to the naked eye!

Chen Jing observed his body quietly. Although he shouted for control, he could feel the changes in his body!

Moreover, in the origin space, the origin of illusion became more perfect under the guidance of the old man!

"This... this is too outrageous. Can Mr. Chen's body be able to withstand the absorption of so much spiritual energy?"

Ji Yun's face was full of disbelief!

"Indeed, with so much spiritual energy suddenly pouring in, Brother Chen's body did not explode. It seems that his body is really powerful."

Lao Sun was also very surprised!

They all thought that the old man would control Chen Ping's body and absorb the spiritual energy bit by bit!

But I don't want to use such an extreme method!

Ning Caichen was also full of surprise at this moment. Even he couldn't refine so much spiritual energy in such a short period of time!

Just as Chen Ping was absorbing a large amount of spiritual energy, the old devil on the altar seemed to feel something at this moment!

“Senior, have you found the whereabouts of those people?”

Jin Sha saw the old devil open his eyes and asked quickly!

They lost track of Chen Ping and others at first, but they couldn't find them anymore, so they had no choice but to come to this old devil for help!

But the old devil didn't notice the whereabouts of Chen Ping and the others at all!

He knew that Chen Ping and others could not escape, and the reason why Chen Ping and others could not feel their presence must be because Chen Ping and others went to his brother's world!

But now, he felt the aura of these people. In addition to these people, he also felt the aura of his brother!

He couldn't remember how many years it had been, and he hadn't felt this familiar breath anymore!

But now, his brother has left his own world and come to the place where their two worlds merge!

“I have discovered them. They are in the main hall at the beginning...”

The old devil said slowly!

Upon hearing this, Jin Sha nodded immediately and led several others straight to the main hall!

At this moment, above the main hall, the dim void began to tremble violently. Ning Caichen and the other monks felt the powerful aura approaching!

Chapter: 4913

But Chen Ping was still absorbing it with his eyes closed at this time and couldn't stop it!

"It's the Five Elements Demon that's coming. We have to block these guys, otherwise we'll be in trouble if we interrupt Chen Ping's absorption."

Ning Caichen said loudly!

He knew that protecting Chen Ping at this time was the key to their survival!

If Chen Ping made only mistakes, none of them would survive!

What's more, he followed the Five Elements Heavenly Evil and had the hatred of killing his son!

Soon, five figures appeared, suspended in mid-air, looking at Chen Ping and his group of monks who were like bereaved dogs!

Now Jin Sha doesn't take these people seriously at all!

They are the prey, and the five of them are the hunters!

"Why don't you just accept death? What are you waiting for?"

"If you commit suicide, you will be happier, but if our brothers do it, you will be miserable."

Jin Sha looked at everyone and snorted coldly!

"Stop talking nonsense and let's do it..."

Ning Caichen instantly drew out his sword, jumped up and fought with the golden evil spirit!

Ji Yun, Lao Sun, and all the monks went all out and rushed towards the Five Elements Demon!

Everyone is exerting their greatest strength and working hard regardless of their own safety!

Chen Ping is their last hope for survival, and they cannot let Chen Ping be disturbed!

But without Chen Ping's participation, these people are no match for the Five Elements Heavenly Evil!

Soon the monks began to suffer casualties.

Although they knew they were outmatched, no one backed down!

Now they can only delay Chen Ping, and that's all they can do.

Anyway, death is inevitable, but if you fight hard, there is still a glimmer of hope!

"You trash, you are so desperate..."

The fire demon had a bad temper and yelled!

Chapter: 4914

He didn't expect that these monks were obviously outmatched and yet they were still fighting so hard, which made him angry!

The melee continued, but Chen Ping still sat aside, motionless, not even opening his eyes!

I don't know how long it's been!

Several monks have been brutally killed by poisonous hands, and others are also injured!

Ning Caichen fights against Jin Sha, struggling to support him!

Ji Yun and Lao Sun are also scarred and it will be difficult for them to fight again!

Not many of the Gao family members brought by Gao Qisheng are left!

“Mr. Chen, wake up quickly, wake up soon...”

Ji Yun yelled, unless Chen Ping wakes up, they might all die!

boom.....

Just as Ji Yun finished speaking, a burst of terrifying aura suddenly erupted!

Then I saw Chen Ping open his eyes, and a ray of light shot out of his eyes!

Waves of powerful power spurted out from Chen Ping’s body!

This force is centered on Chen Ping and surges in all directions!

Ji Yun and the others were instantly happy to see Chen Ping awake!

The expression of the Five Elements Demon changed, and then he was instantly knocked away by that powerful force!

The Five Elements Heavenly Evils and the others were pale at the moment, and their eyes were full of surprise!

The power of the burst of breath alone caused the five of them to fly backwards in an instant. One can imagine their strength!

“What a powerful force. What is this guy doing?”

Huo Sha’s eyes were full of horror!

How could a fourth-level monk in the Fusion Realm possibly emit such an aura!

They don’t know yet that Chen Ping’s body has already been fused with the ancestor of the ancient body refining clan!

“You five ignorant children, as monks, are helping the evildoers and only helping the demons. You deserve to be damned...”

Chen Ping stood up slowly, his body slowly suspended in mid-air, looked at Jin Sha and others and said!

Chapter: 4915

Several people looked at Chen Ping and listened to the tone of Chen Ping’s words, all with confused faces!

“Boy, stop pretending to be a ghost here, I...”

Jin Sha shouted at Chen Ping displeasedly!

Snapped.....

But before Jin Sha could finish his words, Chen Ping waved his palm in the air!

Jin Sha was slapped instantly and fell heavily to the ground, with blood gushing out of his mouth!

At this moment, the other Five Elements Demons were stunned for an instant!

This is so fucking outrageous!

A great monk at the ninth level of the Fusion Realm was actually slapped away by a fourth-level Fusion Realm monk, and he slapped him in the air!

How can it be?

“If you dare to be disrespectful to me, I will kill you all and then go find that beast...”

After Chen Ping finished speaking, he slowly raised his palms!

The Five Elements Demons felt a mountain-like pressure that made them breathless instantly!

Seeing that the Five Elements Demon is about to die under this huge pressure!

A gloomy and harsh voice came!

“Brother, do you still like to bully juniors so much?”

The void began to tremble, and a dark vortex formed. The old devil slowly emerged from the vortex!

As soon as the old devil appeared, the huge pressure just disappeared in an instant!

“Brother, it’s been such a long time no see...”

The old devil said with a slight smile!

The Five Elements Demon looked at this scene in shock. They didn't understand why the old devil called Chen Ping brother.

They didn't understand even more why Chen Ping suddenly became so powerful!

"It's been thousands of years, and you're still stubborn, trying to regain your body and continue to do evil?"

"As long as I'm here, you can't succeed..."

Chapter: 4916

The voice of the ancestor of the ancient body refining clan came from Chen Ping's mouth!

The Five Elements Demon heard the voice in Chen Ping's mouth and instantly understood what was going on!

"Haha, I didn't expect you would dare to say such a thing at this time."

"Although this kid asked you to fuse your body, this body is rubbish after all. Even if it is fused, it is no match for me."

"Today I will completely make you disappear. The Ancient Body Refining Clan will still respect me after all!"

The old devil laughed, and then black mist surged around his body, covering the entire hall in black mist in an instant!

Then the old devil jumped up and headed straight for Chen Ping!

Chen Ping's eyes narrowed slightly, and his body flew into the sky. In an instant, the two of them hit each other!

For a time, various moves collided, and the aftermath was raging everywhere!

Although both of them only have residual souls left, the destruction caused by the fight is definitely not comparable to that of ordinary monks!

I saw that the entire hall began to collapse, and the extremely fierce breath made everyone unable to breathe!

Seeing this situation, everyone stepped back desperately!

This kind of aftermath is simply not something their current cultivation level can contend with!

Even in the aftermath, trying to crush everyone is like crushing an ant!

Everyone stayed away and watched the battle between two great god-level monks!

Many people may never see this kind of battle in their lifetime!

"Brother, the body you chose is indeed good, but it's a pity that your strength is too poor..."

"If you only have this ability, then don't blame me for not playing with you..."

The old devil said with a sneer!

Chen Ping frowned slightly. For such a long time, the old devil has been sharpening his skills. In addition, the old devil was stronger at the beginning. At this moment, Chen Ping was obviously struggling!

You must know that the ancestor of the ancient body refining clan has always stayed in the world, rarely disturbed by others, and has never thought about restoring his physical body. He just waits for the time to come slowly, and the entire remnant soul to collapse and disappear along with this area!

It is precisely because of this that when fighting now, his strength is even worse than that of his younger brother!

Fortunately, Chen Ping's physical body is strong enough. If the ancestor of the ancient body refining clan was still a remnant soul, he would have been destroyed long ago!

But now Chen Ping has never used the magic whip, this is his trump card!

Chapter: 4917

As long as the magic whip is drawn out, the opponent can be suppressed instantly!

But now is not the time to use the magic whip. After all, this old devil is not stupid and is always on guard!

Only when the old devil relaxes his vigilance and thinks he can easily win, will he whip out the devil whip and be able to catch him off guard!

Speaking of which, Chen Ping is just waiting for the opportunity.

"Brother, it's really boring. I won't play with you anymore..."

After the old devil finished speaking, the black mist around his body continued to roll!

The black mist instantly condensed into sharp short blades. With a wave of the old devil's finger, thousands of short blades headed towards Chen Ping like raindrops!

When Chen Ping saw this, golden light suddenly emitted from all around, and the golden light quickly formed a barrier!

Those short blades were blocked by the barrier!

The old devil was not angry at all. Instead, he smiled lightly and said, "Let me see how much spiritual power you still have..."

After saying that, the old devil waved his hand again, and the black mist surged up. The black mist turned into countless strange monsters, roaring and heading directly towards Chen Ping!

When Chen Ping saw this, the golden light on his body instantly turned into thousands of golden swords, and they stabbed at those monster beasts densely!

The golden sword penetrated those monster beasts, and those monster beasts turned into black mist again!

However, there were still a few monster beasts that broke through the defense of thousands of golden swords and roared towards Chen Ping!

Chen Ping suddenly opened his mouth, and a ball of flame spurted out directly from his mouth!

The flame exploded instantly, forming a wall of fire that directly evaporated the monster beasts that rushed towards it!

"Eh? Demon Clan's Ultimate Fire?"

The old devil frowned slightly, his eyes full of surprise.

He just felt the breath of the demon's ultimate fire from Chen Ping's flame formation.

Although he is not practicing the Ultimate Fire Demonic Art, he can still sense the aura of the demons in the flames!

“Hmph, you were so aloof all day long, but in the end you found a demon body. Don’t you hate demon cultivators the most?”

“Why are you still merging with this demon cultivator’s body?”

The old devil snorted coldly!

“You know what the heck, my body has the auras of all three races, humans, demons and monsters. You are a long-haired thing with short knowledge...”

Chapter: 4918

Chen Ping said with a cold smile!

Obviously, this sentence was said by Chen Ping under control!

Although Chen Ping’s ray of consciousness cannot control his body, he can control his speech!

“You brat, you still retain a ray of consciousness. In this case, you will die faster...”

After the old devil finished speaking, his hands suddenly formed seals, and soon the surrounding black mist continued to condense together!

In just a few breaths, an extremely huge and ferocious beast appeared!

The old devil stood on top of the giant beast’s head and looked at Chen Ping coldly!

The giant beast opened its bloody mouth and sucked in hard.

A huge suction force came straight towards Chen Ping!

Chen Ping's eyes narrowed and his body quickly retreated!

The huge suction force caused even the many monks in the distance to use their kung fu to resist!

"Want to escape?"

The old devil had a sneer on his face!

Then countless black mist flew out from the palm of the old devil, and then the black mist turned into a big net, covering Chen Ping from bottom to top!

Seeing this scene, Chen Ping was in a daze and was at a loss for a moment!

"Senior, rush towards the giant beast..."

Chen Ping loudly reminded the ancestor of the ancient body refining clan!

Maybe it was because he had been suppressed and beaten all the time. The ancestor of the ancient body-refining clan didn't have enough self-confidence in his heart, so when he encountered this situation, he was a little at a loss for a while!

Chen Ping couldn't control his body now and could only rely on a ray of consciousness to remind the old man.

The old man reacted, suddenly moved, and rushed towards the ferocious beast.

"You're so brave. My brother didn't expect it and you dared to rush over. Are you so confident?"

When the old devil saw this, he clicked his tongue and said, "Do you think that my giant beast is the result of an illusion, so you have nothing to fear? It's a pity that you are wrong, my giant beast is destined to devour all your bones. ."

call out!

At this moment, a tongue suddenly poked out of the giant beast's open mouth. As fast as lightning, it wrapped Chen Ping in one go and then brought Chen Ping into its mouth.

Chapter: 4919

Chen Ping fell into the mouth of the giant beast, and then the giant beast began to chew fiercely, as if it wanted to completely tear Chen Ping into pieces.

"Mr. Chen."

"Brother Chen.

Ji Yun, Lao Sun and others in the distance all looked nervous.

Jin Sha showed a smile, his eyes full of teasing!

Creaking.

The giant beast kept chewing, making bursts of very hideous sounds!

"Boy, I'd better leave the control of my body to you. My cultivation can also be used by you."

"I'm really old. Thousands of years ago, I lost too much of my fighting spirit."

The old man said slowly.

Now that the two people have merged, the old man can give everything to Chen Ping with just one thought!

The reason why the old man chose to control at the beginning was because he was stronger than Chen Ping in terms of experience and combat experience!

But through the scene just now, if Chen Ping hadn't reminded him, he might have lost the opportunity due to hesitation!

The old man now understands that perhaps only Chen Ping himself can bring his golden dragon body to its fullest!

"Senior, I..."

Chen Ping didn't expect that the old man would give control to him!

But before Chen Ping could say anything, he discovered that he could control his body!

At this moment, the giant beast is still chewing, but there is no way to tear Chen Ping into pieces!

What Chen Ping is most proud of is this abnormal body!

His physical body has been tempered countless times. Even without the blessing of an indestructible golden body, few people can hurt his physical body!

It was precisely because of his confidence in his own body that Chen Ping asked the old man to attack the giant beast!

But although the old man merged with Chen Ping, he didn't have that kind of confidence!

I saw golden light suddenly emerging from the giant beast's mouth, Chen Ping's Indestructible Golden Body activated, and pieces of golden scales covered Chen Ping's body!

Crunch...

Chapter: 4920

Suddenly, the giant beast let out a howl, and then, teeth were shattered out.

Chen Ping's Indestructible Golden Body was activated, and the teeth of this giant beast simply couldn't bear it!

"Holy Light Fist..."

Chen Ping shouted loudly, punched through the upper jaw of the giant beast, and flew out directly.

At this time, Chen Ping was suspended in the air, covered in golden armor, like a god of war!

"You kid actually has the magical power of body protection?"

Seeing the indestructible golden body outside Chen Ping's body, the old devil raised his eyebrows.

"I know a lot of things, and you will see them all!"

Chen Ping rushed directly towards the old devil!

The old devil smiled coldly, raised his hand, and the giant beast instantly turned into black mist again, and then he suddenly rushed towards Chen Ping.

"Brother, are you an old fool? You dare to compete with me up close. Maybe I'm not as good as you in illusion, but if you want to follow me in a head-on confrontation, you're not even interested."

The old devil said with a sneer on his face!

“Holy Light Fist.”

Chen Ping shouted low, his fist burst into dazzling golden light, and then countless fist shadows flew out.

With the blessing of the ancestors of the ancient body-refining clan, Chen Ping’s punch separated thousands of fist shadows and swept the world.

Like thousands of stars twinkling, it instantly illuminates all directions and dispels the dark fog.

The old devil sneered, and the black mist twisted around him, turning into countless bodies of his own. Each figure shattered a fist mark.

The countless fist shadows transformed by the Holy Light Fist disappeared one after another, and the entire world was once again shrouded in black mist.

Uh-huh.....

Chen Ping’s figure also disappeared at this moment.

The old devil’s eyes narrowed, and he turned back suddenly as if feeling something.

Then a palm shot out, carrying a monstrous black energy.

“Brother, do you want to use illusion? But let me tell you, your illusion is completely useless to me.”

The old devil’s eyes were full of disdain.
