

## **The Order 4921**

Chapter: 4921

“Old man, don’t call me brother, it sounds disgusting to me...”

Chen Ping’s voice sounded from all directions!

The old devil was stunned for a moment, then said: “Boy, you don’t have to be sharp. If I fall into your illusion formation once, I won’t fall into it a second time.”

Above the void, Chen Ping’s figure just appeared. As soon as his fist came into contact with the old devil, he slapped him on the chest.

Chen Ping showed an expression of disbelief, as if he didn’t expect the old devil’s judgment to be so accurate.

The black energy exploded, like thunder exploding and waves of energy surging wildly.

Chen Ping groaned, and like a meteorite, it suddenly fell down and hit the main hall.

Under the huge impact force, the ground collapsed instantly, all the halls with a radius of 100 meters were destroyed, and smoke filled the sky.

“Hmph, with this little ability, you still dare to yell at me?”

The old devil snorted coldly!

He knew that the other party was not using illusion, because the palm that hit Chen Ping had a strong sense of substance!

If it is an illusion, it is just a shadow, and this palm will be completely empty!

“Mr. Chen...”

Ji Yun, Gao Qisheng and others screamed when they saw that Chen Ping was hit by a palm and fell deeply into the ground!

Lao Sun, Ning Caichen and others also looked shocked at this moment, secretly using their luck skills, ready to fight at any time!

If Chen Ping loses to this old devil, then they and others will have no choice but to fight tooth and nail!

You can die more happily if you fight hard, but if you are caught, it will be endless torture!

The old devil looked coldly at the smoke and dust stirred up below, with a sneer on his face.

Just when the old devil was about to go down to investigate, Chen Ping suddenly flew up from the smoke and dust in the sky again, and punched him again.

“Holy Light Fist.”

The golden light appeared again, illuminating the entire void.

Everyone was shocked to see that Chen Ping was fine!

Ji Yun, Gao Qisheng and the others all looked happy!

“Strong, such a strong body...”

Chapter: 4922

Ning Caichen couldn't help but admire.

When the old devil saw that Chen Ping was not dead, he couldn't help but be stunned. Then he shook his head and formed a seal with his hands instantly. The black mist filled the air again. Chen Ping quickly jumped up and punched him again.

This time, the old devil took Chen Ping's punch forcefully, but he knocked Chen Ping away with another palm, and Chen Ping's body sank deeply into the ground again.

"With this little strength, what difference does it make if you keep tickling?"

The old devil had a mocking look on his face. The reason why he dared to punch Chen Ping forcefully was because he looked down on him at all.

The old devil's body is filled with black mist, and this black mist can also be defended against.

Chen Ping's punch hit the old devil, and most of its power was offset by the black mist, making it impossible to hurt the old devil at all.

Ji Yun and others stood in the distance, but they couldn't help but become nervous when they saw Chen Ping being knocked out again and smashed deep into the ground.

Others are equally heavy-hearted.

Are they still unable to change the fate of death despite giving everything they have?

Pessimism is spreading among many monks!

The entire palace had already become a piece of rubble.

Chen Ping rushed out from the ground again, his body still intact, as if Chen Ping was not injured by these two palms.

Seeing this scene, everyone was shocked again!

Chen Ping was slapped hard twice by the old devil. Even if he survived, he should have been seriously injured!

But now Chen Ping seems to be fine!

The indestructible golden body on his body is still shining with golden light, and his eyes are full of fierceness, without any fear!

Looking at Chen Ping in front of him, even the old devil couldn't help but frown!

He also didn't expect that Chen Ping could survive his two palms unharmed. This was outrageous!

"Old guy, keep going, it seems like your strength isn't that great..."

Chen Ping provoked the old devil and made him almost angry to death!

The Five Elements Demons not far away were all confused at the moment. Even if the ancestors of the ancient body refining clan merged with Chen Ping, this body belongs to Chen Ping.

After being hit with two palms in succession, this body showed no scars. Isn't this a bit too perverted?

"I am going to kill you....."

Chapter: 4923

The old devil roared.

This time the old devil took the initiative, then quickly stretched out his hand, grabbed the void, and immediately pinched Chen Ping's neck.

Seeing that Chen Ping had been caught, the old devil's face showed a proud look.

"Boy, I made you arrogant, now let me see how arrogant you can be."

The old devil's face was full of ferocity. He exerted a little force, and Chen Ping's neck creaked, and there was a cracking sound.

"Brother, I don't want to talk to this kid. Come out and see me. We two brothers are saying our final goodbyes."

"Now as long as I exert a slight force, you will all disappear from this world in an instant."

The old devil called to the old man. He didn't understand why his brother gave control of his body back to a guy who was only at the fourth level of the Fusion Realm!

"Beast, I don't think I have anything to say to you."

Chen Ping's eyes suddenly moved, and then a different breath surged out, and the old man's voice slowly came out of Chen Ping's mouth!

"Brother, until now, haven't you admitted your mistake? Even if you and I only have a wisp of soul left, you are still no match for me. Now you should understand that only magic power can save us Gu Lian. Are you a member of the Ti clan?"

"If we don't give up the ancient body-refining clan's techniques, sooner or later we will be eliminated by the entire heaven and human world. Perhaps after hundreds of years, the ancient body-refining clan will no longer exist."

"Are you very angry now? In the end, you couldn't kill me, but you died in my hands."

The old devil looked proud and kept exerting force. Chen Ping's face began to turn red. It was obvious that Chen Ping was in pain, but he couldn't escape.

"Brother, please beg me now. As long as you beg me, maybe I can let you go. You are just a remnant soul. Even if I let you go, you won't survive for a hundred years."

The old devil is enjoying himself very much now, he wants to make the old man beg for mercy from him!

It's a pity that the old man didn't speak!

"Old man, are you dreaming? Do you think you can kill me like this?"

Chen Ping looked at the old devil with a playful expression!

"What did you say?" When the old devil saw Chen Ping's expression, he couldn't help but feel shocked: "After everything is like this, do you still have a chance to survive?"

"You don't expect these ants to save you, do you?"

The old devil turned his head and looked at the many monks on one side.

The old devil thought that the reason why Chen Ping was so confident was because of the remaining monks!

"I don't need anyone to save me."

Chapter: 4924

Chen Ping smiled slightly.

Just as the old devil was talking to Chen Ping, Lao Sun and others made a move.

They saw that Chen Ping was grabbed by the neck by the old devil and it was impossible to escape, so they planned to fight to save Chen Ping!

As long as he attracts the attention of the old devil, maybe Chen Ping can escape!

“Do it...”

Ning Caichen said something and took the lead to leave with his sword!

Others followed closely behind. They did not consider killing the old devil. They only hoped to give Chen Ping a chance to escape!

Soon, several bodies suddenly flew out of the black mist, and sharp sword light shot out towards the old devil.

“court death.”

The old devil’s eyes were cold and he grabbed the void with his big hand.

Suddenly the space where the sword light was located was distorted, and the sword light was instantly torn into pieces.

Poof!

However, what the old devil didn’t expect was that a nearly transparent sword light suddenly passed through him. He turned around suddenly, and the sword light still passed through his arm.

The sword light passed by and actually opened a gash on his arm, and blood flowed out.

“The soul actually left the body. This is asking for death...”

The old devil’s face was cold. He didn’t expect that the other party’s soul would leave the body. You must know that this is very dangerous. If the soul cannot return to the original body, it will be over.

What’s more, every single monk in the Fusion Realm can actually have his soul leave the body, which can’t help but surprise the old devil.

After Ning Caichen’s soul came out of his body and returned to his body, his face instantly turned extremely pale and he was breathing heavily!

The reason why he can leave his body is because this is their Ning family’s secret method to save their lives!

But now, he had to use it!

It’s a pity that the old devil is too strong. Even if he uses his soul to leave the body, he only scratches the opponent and does not save Chen Ping!

“Die to me.”

The old devil was angry. He was injured by a little monk in the Fusion Realm. How could he not be angry!

The old devil raised his hand, and a powerful black energy struck towards Ning Caichen.

Chapter: 4925

This blow was enough to kill a Fusion Realm monk. Ning Caichen was very weak now, and this blow was enough to make him disappear into ashes.

“Do it...”

Lao Sun and others instantly released a stream of aura, directly surrounding Ning Caichen!

They must use all their strength to resist the old devil's attack.

boom!

This breath hit Ning Caichen, causing him to suddenly vomit blood and almost turning him into a pulp.

But just when Ning Caichen's body was close to collapse and no one could bear it anymore, a blue light suddenly enveloped Ning Caichen's body.

This light exuded a peaceful aura and enveloped his whole body. Waves of black mist hit Ning Caichen's body, all blocked by the cyan light.

However, Ning Caichen's body also flew upside down and was seriously injured!

The old devil frowned slightly and fired out more than ten lines of black energy again.

But amid the roar, the aura landed on the cyan brilliance, but it was all knocked back.

Ning Caichen's body continued to move away due to these aura bombardments, and finally landed in the ruins of the palace.

"Azure Dragon Divine Light? Where does this come from?"

The old devil was shocked in his heart and didn't understand where the cyan light suddenly appeared from!

Others are also very strange and can't figure out who is saving them!

However, Ning Caichen was not dead, but was seriously injured. It was impossible to save Chen Ping.

“Boy, no one can save you now. I’m going to break your neck and see how rampant you are.”

The old devil was afraid that something might change if he was too late, so he planned to kill Chen Ping first!

The green light that suddenly appeared just now made him feel a little worried!

“I told you that you can’t kill me, but you just don’t believe me...”

Chen Ping smiled lightly.

“I just don’t believe it...”

The old devil raised the corner of his mouth, used his arms suddenly to force himself, and immediately broke Chen Ping’s neck.

Seeing that Chen Ping was silent in his hands, the old devil burst into laughter!

Chapter: 4926

“Mr. Chen.....”

Ji Yun and Gao Qisheng were filled with grief and anger when they saw this!

The other monks were instantly filled with despair!

If Chen Ping dies, they will be hopeless!

But at the next moment, Chen Ping slowly walked out of the huge pit that Chen Ping had smashed on the ground!

“Old guy, I told you, you can’t kill me...”

Chen Ping looked at the old devil with a mocking look!

Everyone was shocked when they saw Chen Ping suddenly appearing!

“You...how is that possible?”

The old devil had a look of disbelief on his face. He looked at the dead Chen Ping in his hands and slowly disappeared.

“Ah... Illusion, is this another illusion?” the old devil roared. He thought he had fallen into the illusion array, that’s why he was like this!

But after a while, the old devil woke up and stared at Chen Ping with his eyes: “This is not an illusion. That feeling is not an illusion at all...”

“Who told you it was an illusion? Couldn’t it be a clone technique?”

Chen Ping smiled lightly.

After Chen Ping gained control of his body, he immediately used the Nine Shadows Sword Technique to create a clone!

Because of the old man’s strength, there is no doubt that Chen Ping’s clone is the same as the real person, and it will last for a very long time!

This is why the old devil hit Chen Ping with two palms, but found that Chen Ping was unharmed!

Because it's not the same clone that comes out every time.

“Whether it's an illusion or a clone, I want you to die...”

The old devil roared angrily, and suddenly grabbed Chen Ping with both palms!

Chen Ping quickly took out the magic whip and suddenly whipped it hard in the air, causing a thunderous sound.

The old devil was stunned and saw runes surging on the magic whip.

The next moment, golden rune lines suddenly formed on the old devil's arms, and then spread rapidly, flooding throughout his body in the blink of an eye.

This golden pattern actually echoes the rune patterns on the magic whip, as if they are one body.

Chapter: 4927

The old devil was shocked. The golden lines were like chains, which kept tightening, restricting his movements.

“What kind of method is this? When did you put these lines on my body?”

The old devil looked at Chen Ping in surprise.

He had always been careful and never noticed any physical problems.

When did Chen Ping lay down this golden rune that bound him?

“Just when you caught me, did you think I would be caught by you so easily? I was caught by you on purpose.”

“You idiot, you thought you could crush me to death easily. Now you know how powerful I am, grandpa, right?”

Chen Ping said to the old devil with a mocking look on his face.

“Ah...you liar, liar...”

The old devil roared!

He had always been wary of the opponent’s illusions, but he didn’t expect that even without the use of illusions, he would actually fall into it!

Chen Ping kicked the old devil away, and rays of light slowly rose from his body.

An aura full of starlight spread out from Chen Ping’s body.

“Original power!” The old devil looked at Chen Ping in disbelief.

How could a young monk at the fourth level of the Fusion Realm have the power of origin? Even if he could comprehend the original space, he would be considered a rare genius!

And Chen Ping actually has the original power in his body now. This is too outrageous, too outrageous...

“Brother, you think you have everything figured out. You didn’t expect me, the inheritor, to have such power.”

The old man couldn’t help laughing at this time: “And let me tell you, the original space in his body is the stars of the universe, so you can feel the light and breath of the stars.”

“As the saying goes, youth is better than blue. I advise you to give up this remnant of your soul obediently, and don’t conquer the ancient body-refining clan and the entire world of heaven and man when you are delusional.”

“We are all old and can no longer keep up with the development of the times...”

The old man persuaded his younger brother earnestly. A fourth-level monk in the Fusion Realm has such a perverted body, an origin space like the stars in the universe, and can comprehend several origin powers!

Even in their time, such a genius could not be found!

“I won’t give up. I definitely won’t. You despicable people, why don’t you dare to blatantly confront me head-on, but you play dirty tricks?”

“You have a magic whip, why didn’t you take it out earlier? You are simply too bad.”

Chapter: 4928

The old devil was so angry that he almost vomited blood and roared loudly.

“I can take it out whenever I like. Do you care?”

“Since you don’t give up, don’t blame me.”

Chen Ping shouted loudly and instantly threw out the magic whip in his hand!

As the runes on the demonic whip surged, they surged out like boiling river water, quickly rushing into the golden lines wrapping the old demon’s head.

Rays of golden light flashed, directly tying the old devil to death!

“I won’t get trapped that easily.”

Feeling his whole body tightening, the old devil roared angrily.

Along with the old devil’s roar, the black mist between heaven and earth continued to surge in his direction from all directions.

Gradually, these black mists continued to condense together.

Giant beasts of various shapes emerged from the black mist and came towards the old devil, seemingly trying to help him escape.

When Chen Ping saw this, a sneer appeared at the corner of his mouth, and bursts of flames instantly rose from the hand holding the magic whip!

The flames directly ignited the magic whip and burned violently!

At the same time, the lines on the old devil’s body also burst into flames.

The monsters transformed by the black mist, after touching the flames, screamed one by one, and their bodies turned into black mist again.

The old devil kept struggling, but it was of no use at all. This magic whip was exactly incompatible with his martial arts!

Along with the continuous swinging of the magic whip, all kinds of spiritual power and original power in the body are radiated outwards as if it is free of charge!

In the end, the old devil stopped struggling and seemed to have completely resigned himself to his fate!

Seeing that the old devil was no longer struggling, Chen Ping breathed a long sigh of relief!

“It’s done...”

Chen Ping was extremely excited!

When other people saw this scene, they became excited instantly, which meant that they all had come through the gate of hell!

And at this moment, the faces of the Five Elements Heavenly Demons are uglier than the last!

They wanted to escape, but they didn’t dare to move. Even the old devil had been subdued. How could they have a chance to escape?

Chapter: 4929

The old devil looked at the extremely excited Chen Ping and snorted coldly: “It’s too early for you to be happy. Even if I don’t control it now and have no power to fight back, you can’t even think of killing me...”

“I don’t believe it. I have a magic whip in my hand and I can’t kill you...”

After Chen Ping said this, he whipped the old devil’s body with the magic whip!

“I told you that you were so awesome just now. Now you know how powerful I am, right?”

Chen Ping struck the whip one after another, using all his strength in every blow!

The old devil had a ferocious look on his face, and it was obvious that he was in great pain, but after so many blows, he still didn’t die!

Chen Ping panted slightly, all the spiritual energy he had added was used up!

“Stop fighting. If this continues, you won’t be able to completely kill him. I’ll do it...”

The ancestor of the ancient body refining clan slowly spoke!

When Chen Ping saw this, he could only give control of his body back to the old man!

Chen Ping stood quietly, not moving, as if thinking about something!

“You have so many spells, so I will choose one and let you take a good look.”

“Remember, you must see clearly, maybe it will be helpful to you!”

The old man said to Chen Ping!

After finishing speaking, both palms were raised upward, and then turned into a lifting posture!

In an instant, a huge palm appeared in mid-air, like the palm of Tathagata!

And in the middle of the palm, thunder and lightning continued to roar.

“Thunder Palm...”

As Chen Ping shouted loudly, his huge palm suddenly pressed down!

This is the first time that Chen Ping has used Thunder Palm after he realized the origin of thunder and lightning. With the blessing of thunder and lightning, the power of Thunder Palm will definitely increase a lot!

What's more, this time, the running thunder palm was performed by the old man himself, and Chen Ping was studying quietly!

Rumble.....

Accompanied by bursts of roaring, it was like the sky was shattering and the earth was shattering!

The palm prints kept pressing down, and even the void was distorted by the pressure!

Chapter: 4930

Everyone stared blankly at the huge palm falling from the sky, their eyes full of shock!

In their eyes, this is simply a magical method!

As the palm prints get lower and lower, countless thunder and lightning are bombarding continuously. Each thunder and lightning hits the ground, forming a deep pit!

More power of thunder and lightning hit the old devil's body, causing the old devil to suffer endlessly!

Chen Ping watched carefully, unwilling to let go of any detail!

He knew that this might be the last time someone taught him in his life!

The palm prints are getting lower and lower, and the range of the palm prints is getting smaller and smaller, and they are constantly condensing!

The power of thunder and lightning is also condensed together!

It seems like all the power is concentrated in one place!

In the end, the Thunder Palm became only the size of a human hand, covering the top of the old devil!

All the power of thunder and lightning was concentrated in one place, and a dazzling thunder and lightning struck down!

The most powerful thing about the Thunder Palm is not the power of the palm prints, but the power of thunder and lightning that is constantly running in the palm!

“ah.....”

This lightning strike struck down, and the old devil finally let out a shrill scream!

This proves that the Thunder Palm has caused heartbreaking damage to this old devil!

The Thunder Palm slowly disappeared, and a huge, dark hole appeared in the old devil's chest!

The old devil with the ability to remnant his soul can reply as quickly as possible even if he is injured like this. After all, he no longer has a physical body!

But this time, there was no way to recover the big hole blasted out by the Thunder Palm!

Looking at the big black hole in his chest, the old devil's eyes were full of disbelief!

This Thunder Palm is not his brother's method, because he knows it, but how can Chen Ping, a young monk in the Fusion Realm, have such a palm technique?

Shocking, extremely shocking!

Now the old devil has truly realized that he has been too contemptuous and underestimated of Chen Ping!

Chen Ping shocked him again and again!

“Now, the old devil must be dead, right?”
