

The Order 4931

Chapter: 4931

Chen Ping looked at the old devil and felt that he should be dead this time!

“He’s not dead, even this can’t kill him!”

After the old man finished speaking, he grabbed the old devil with his big hand and directly picked it up!

“Brother, do you have to kill them all?”

The old devil looked at Chen Ping and said!

At this time, the old devil’s face was very ugly, his face was also very ferocious, his whole body was covered with injuries, and there was a big hole in his chest!

Now the old devil’s aura is much weaker, so he doesn’t speak so arrogantly anymore!

He also wanted to use family ties to get the old man to let him live!

“If you don’t die completely, I won’t be willing to disappear like this. You and I, brothers, should leave together.”

The old man no longer has any family ties at this time, he just wants to die with the old devil!

“You are shameless, so shameless. How did you get such a real clone?”

“I don’t believe that a small Fusion Realm monk can have clones, and there are so many clones!”

The old devil was unwilling to give up. He didn't understand how Chen Ping, a monk in the Fusion Realm, got a clone?

Even when they were at their peak, it was impossible for them to create so many clones!

"Since you want to see it, I'll let you see it..."

The old man spoke slowly, and then said to Chen Ping: "You should also learn some skills. You have only scratched the surface of such a good sword move."

After saying that, the old man controlled Chen Ping's body and slowly picked up the Dragon-Slaying Sword!

For a moment, countless golden lights bloomed on the Dragon-Slaying Sword!

"Nine Shadows Sword Technique, Final Style..."

With a cold shout, the light on the Dragon-Slaying Sword instantly reached its peak!

The dazzling light made everyone afraid to look directly at it!

The dragon-slaying sword was in Chen Ping's hand, and he swung it down gently, and suddenly a crack seemed to be cut into the void!

One after another figures appeared, all of them Chen Ping holding the Dragon Slaying Sword!

Every figure is so real!

Chapter: 4932

These people look exactly like Chen Ping, and even their expressions are perfect copies!

one!

two!

Three!

.....

Nine figures all stood behind Chen Ping. Counting Chen Ping's body, there were ten Chen Pings in total, all identical!

Seeing this scene, everyone was stunned. They had never seen such a spectacle before!

"Illusion, this is definitely an illusion. You are using illusion to deceive me..."

The old devil looked at this scene and didn't believe it at all.

Chen Ping was also shocked at this time. He didn't expect that this old man could actually use the Nine Shadows Sword Technique to the extreme!

"Senior, you are so powerful. You can use the Nine Shadows Sword Technique to its fullest."

"You have displayed all nine figures!"

Chen Ping said in surprise!

But who knows, the old man sighed softly: "Your sword technique is inherited from ancient immortals, and what I used is not perfect."

“As the saying goes, the great way is the most simple, the ultimate nine-shadow swordsmanship, maybe even a single figure will not appear.”

The old man’s words made Chen Ping stunned, and he asked with a puzzled face: “Senior, what does this mean?”

“Nine-Nine Return to One, Ten Thousand Buddhas Return to the Sect. When the Nine Shadows Sword Technique is practiced to the extreme, what appears is not the Nine Shadows.”

“But you will have nine lives...”

The old man said slowly!

Buzz.....

The old man’s words shocked Chen Ping into speechlessness!

Chen Ping had never thought that the ultimate form of the Nine Shadows Sword Technique would be nine and nine, and he would be equivalent to having nine lives.

Is this outrageous?

But before Chen Ping could say anything, the old man pointed the dragon-slaying sword in his hand!

Chapter: 4933

Swish, brush, brush...

The other nine Chen Ping also raised their swords and pointed them at the old devil!

“Do you think this is an illusion?”

Chen Ping said to the old devil!

The old devil looked shocked and incredulous at this moment. He could clearly feel that every sword was pointing directly at him with a billowing aura!

“What’s going on? What’s going on?”

The old devil is going crazy!

He didn’t understand how Chen Ping, a young monk at the fourth level of the Fusion Realm, could possess such an ancient swordsmanship?

Where did this guy get so many techniques?

Feeling the sharp sword light, the old devil’s scalp was numb. He was very weak now, how could he still withstand this blow!

He really regrets now that he didn’t pay attention to Chen Ping from the beginning. He always thought that Chen Ping was just a fourth-level Fusion Realm monk. Even if he was stronger, there was nothing to fear.

But now it seems that Chen Ping not only has an extremely powerful body, but also possesses many ancient skills. This is the most deadly!

“cut.....”

Chen Ping shouted angrily!

Ten dragon-slashing swords were seen slashing out at the same time, but almost all the various spiritual powers, original aura, and divine dragon power in Chen Ping’s body were mobilized!

You must know that although these ten clones are all the same as the original body, the power required must be provided by Chen Ping's original body!

At this time, the various powers in Chen Ping's body must support ten people to use them together, and the consumption rate is huge!

But the power is also huge!

Chen Ping could even feel that all the power in his body was passing away rapidly, and his whole body seemed to be hollowed out!

But this time, he was confident that he could kill the old devil!

The ten sword rays with unrivaled sharpness slashed hard at the old devil!

The old devil didn't want to wait for death at this moment. He roared angrily, and countless black mist began to condense, trying to block these sword lights!

It's a pity that the black mist is useless, everything where the sword light passes will be destroyed.

Puff puff.....

Chapter: 4934

Ten sword rays directly penetrated the old devil's body!

The old devil's eyes widened. He never thought that one day he would be defeated by a young monk of the fourth level of the Fusion Realm!

Not to mention the fourth-level Fusion Realm monks, even the ninth-level Fusion Realm monks like Jin Sha and others are just ants in his eyes!

But now, he was defeated by the ants!

Ten rays of sword light chopped the old devil into many pieces, leaving no intact part at all!

The physical body that was originally planned to be reshaped is now turned into meat!

The golden rune that bound the old devil slowly dissipated!

The surrounding black fog is also disappearing at an extremely fast speed!

The whole place was completely silent, and everyone was very excited!

The scene in front of him has long been reduced to ruins, and the old devil's body appears and disappears, as if it will disappear immediately with the slightest touch!

Chen Ping pointed his sword at the old devil, and the nine shadow clones behind him also disappeared!

The energy of his body cannot support so many clones!

But that's it, everything should be over!

"Mr. Chen is awesome..."

"Brother Chen won, won..."

Ji Yun and Lao Sun both shouted. Chen Ping won, which means they can leave here alive!

The Five Elements Tiansha and the others almost fell to their knees when they saw this scene!

The old devil is finished, can they still run away?

When word spreads about the Demon-Sealing Alliance, not just a few of them, but the entire Demon-Sealing Alliance will probably be spurned and hunted down!

“While the old devil is still breathing, we’d better leave quickly. They shouldn’t notice us at this time...”

Huo Sha said to Jin Sha!

“Yes, let’s escape. If the old devil is completely dead, he will deal with us next.”

Mu Sha also looked nervous and advocated running away quickly now!

But who would have expected that Jin Sha, who originally looked nervous and stunned with fright, had a cold look in his eyes and a sneer on his lips!

Chapter: 4935

“Why are you running? Do you think I can be killed so easily?”

Jin Sha said calmly!

“Jin Sha, how long has it been and you are still showing off? You are not even a match for that old devil. What can we do?”

“If you want to stay, then you can stay by yourself, I won’t wait with you to die!”

Huo Sha is so anxious, how long has it been, and you are still showing off!

But just when Huo Sha turned around and wanted to leave, Jin Sha suddenly grabbed Huo Sha’s collar!

“No one is allowed to leave without me...”

Jin Sha said coldly!

The Huo Sha’s expression changed, and he tried hard to break free, but he found that he couldn’t break free from the Jin Sha’s hands!

Huo Sha had a look of shock on his face, knowing that the two of them were about the same strength, how could this happen?

The Mu Sha on the side seemed to see something, and he slapped the Huo Sha and said: “We all stay, maybe things will change...”

Seeing this, the fire demon also became quiet!

On the other side, Chen Ping pointed his sword at the old devil who was already dying. Now Chen Ping only needs a light touch and the old devil has completely disappeared!

The remnant soul will no longer exist and will disappear from the world forever.

And the world he created will collapse together, and this place will change again!

“Brother, don’t blame me for being cruel. People are going to die after all. Even if we all become immortals, some of us will die.”

“There is no eternal immortality, let alone eternal life. Just accept your fate...”

The old man looked at the old devil who was already dying and said slowly!

The old devil lowered his head and said nothing, as if he didn't even have the strength to speak!

Then Chen Ping slowly swung the dragon-slaying sword in his hand!

An undetectable sword light struck the old devil in an instant!

The old devil didn't struggle or even scream. His whole body turned into a ball of black mist and began to float away!

"Phew, it's finally over..."

Chen Ping let out a long breath. He was already exhausted at this time!

Chapter: 4936

If the sword just now couldn't kill the old devil, Chen Ping didn't know what to do!

Seeing that the old devil was finally dead, Ji Yun and Old Sun, including Ning Caichen, all breathed a sigh of relief and were filled with excitement!

The entire hall gradually became quiet, and everyone seemed to be waiting for something!

However, after a while, there was no movement here!

Chen Ping couldn't help but frown slightly!

It stands to reason that when the old devil dies, his world will collapse, and only the world of the ancestors of the Ancient Body Refining Clan will be left to support him!

But now, no changes can be seen in this void, let alone any signs of collapse!

“Hey, that’s weird...”

Chen Ping frowned and said!

“It seems that things are more complicated than we thought...”

The old man spoke slowly, with a hint of gloom in his voice!

Chen Ping looked around. At this time, the old devil was indeed beheaded and turned into a black mist and dissipated!

This old devil himself is a remnant soul, but after so many years, his remnant soul seems to have become a reality!

As long as this guy swallows the Ice Soul Pill, he can reshape his body!

But now, the remaining soul of the old devil has been wiped out, and it is impossible for him to survive!

“Senior, what on earth is going on?”

Chen Ping asked with a puzzled look!

“He ran away. Although he was just a remnant of his soul, I didn’t expect that he actually separated part of his soul and escaped!”

“Even if he only has a trace of his soul left at this time, his world will not collapse!”

“But the remaining remnant soul is no longer a threat. Its strength will be greatly reduced, and it will not be able to survive for long!”

The old man replied slowly!

When Chen Ping heard this, he didn't expect that this old devil was so meticulous that he even separated a part of his own soul!

But just when Chen Ping was about to breathe a sigh of relief, a cold voice sounded!

"Brother, are you looking down on me too much? Do you really think I will run away?"

Chapter: 4937

At this time, Na Jinsha took two steps forward, with a sinister smile on his face!

The other Five Elements Tiansha looked at Jinsha blankly. Although they were a little surprised, they seemed to be mentally prepared!

Just when Jin Sha suddenly changed his face, others noticed that something was wrong!

Now it seems that this golden evil spirit is indeed possessed by the old devil!

In such a short time, there should be no time to fuse, so Jin Sha must be possessed!

Chen Ping looked at Jin Sha and frowned instantly!

"You actually possessed someone else, but you only have a trace of your soul left. When you possess someone else, you won't be able to show your strength at all."

"Why don't you run away? Do you think you can defeat me by possessing someone else?"

Chen Ping said quietly!

“Possessed?” The old devil raised his lips: “I won’t be possessed. This is who I am now...”

The old devil’s words immediately shocked everyone!

Obviously, this old devil did not possess Jin Sha, but directly killed Jin Sha’s soul!

In this way, Jin Sha was only controlled by the old devil’s remnant soul, and no one competed for control of his body!

If this remnant soul of the old devil leaves, Jin Sha will be nothing more than a corpse!

The other Five Elements Demons were shocked and angry when they heard what the old devil said, but they had no choice. Since they chose to cooperate with the old devil, they could only cooperate to the end!

In this situation, if the old devil can win in the end, they can still survive!

In this way, even if Jin Sha himself is sacrificed, it’s not a bad idea!

Thinking of this, the other members of Five Elements Heavenly Evil felt relieved!

After all, people will be punished by heaven and earth for their own sake, let alone people like them!

“Do you think you can deal with me like this? How powerful can your remaining soul be? Even if I don’t take action, you have no chance of winning!”

Chen Ping’s eyes were full of disdain!

Even if he is not possessed, the old devil’s remaining soul may not even have one percent of his true strength. There is nothing to fear at all!

“You’re right, this remnant of my soul is nothing to be afraid of, but don’t forget that I still have it...”

The old devil said and took out the Ice Soul Pill!

Chapter: 4938

I saw that there were still some black spots on the ice soul pill, but it soon turned into pure white!

“I originally used him to reshape my body and restore my strength. Now it seems that I can only let it restore part of my strength.”

“As for reshaping my body, I’m thinking of another way, but today, I have to kill you...”

After the old devil finished speaking, he swallowed the Ice Soul Pill in one gulp!

Seeing this, Chen Ping slashed out with his sword to stop him, but it was too late. The old devil had already swallowed the Ice Soul Pill!

After the Ice Soul Pill entered the old devil’s belly, streams of spiritual energy began to spurt out, and the old devil’s strength was rapidly increasing!

Chen Ping almost cursed when he saw this scene!

He originally wanted to get the Ice Soul Pill and give it to the princess of Jialing County in exchange for treating Yihe!

Now that the Ice Soul Pill is gone, how can he go back and explain?

When Ning Caichen and others saw that the old devil was not dead yet and had regained his strength, they were all shocked!

Now that Chen Ping looks very weak, how can he still be the opponent of the old devil?

What should they do now?

“It’s a pity, it’s a pity. This thing was used to help me reshape my body, but now it has been wasted.”

“It’s all because of you, so I’m going to cut you into pieces!”

The old devil looked at Chen Ping, his eyes full of coldness!

Chen Ping gritted his teeth and held the Dragon-Slaying Sword tightly with both hands. He really didn’t expect that the two top-level skills could not kill the old devil!

Now we are directly in a passive situation!

The old devil waved his palm gently, and a strange wind whistled, and in an instant, countless black mist filled the entire hall again!

At this time, Chen Ping couldn’t see his fingers out of sight, and his consciousness continued to expand, but he couldn’t sense anyone’s presence!

“Isn’t this wrong?”

Chen Ping frowned!

Even if the black mist blocks the line of sight, it cannot block the consciousness!

Now Chen Ping’s consciousness can’t be sensed by anyone, as if no one is around!

“Ji Yun, Gao Qisheng, Lao Sun...”

Chapter: 4939

Chen Ping shouted with all his strength!

Since spiritual consciousness can be blocked, sounds shouldn't be able to, right?

But Chen Ping shouted for a long time, and no one answered at all!

Chen Ping frowned and punched out with all his strength!

Countless golden fist lights surged out in all directions!

Rumble.....

Accompanied by bursts of loud noises, Chen Ping wanted to use his fists to disperse the black mist!

But after this punch, the black mist was indeed blown away a lot, but it quickly returned to its original appearance!

This time, Chen Pingxian felt a little helpless!

“This is an illusion. I didn't expect him to show off his sword in front of Guan Gong...”

At this time, the old man slowly spoke!

In terms of illusions, the old man's attainments are much better than that of the old devil!

What's more, Chen Ping himself possesses the source of illusion. He never thought that the old devil could use illusion!

Chen Ping looked around and rushed forward quickly!

He found that no matter how he acted, the scene around him was exactly the same, and the black mist seemed to wrap around him!

"Brother, I know your illusion skills are also very powerful, but are you still able to use them now?"

"Can you still break my illusion?"

The old devil's voice came from all directions, and you couldn't tell where the old devil was by listening to the sound!

"Hmph, these are all leftovers from my play. I will show you what a real illusion is in a while!"

After the old man finished speaking, he looked around with a solemn expression!

"Senior, how can this illusion be prevented from being discovered?"

Chen Ping's illusion skills are also good, otherwise it would be impossible for the old devil and the Five Elements Evil to fall into it!

But this time, he fell into it without knowing it, and he couldn't see any flaws!

The old man observed it and said with some surprise: "This guy actually used the overlap of our two illusion worlds to understand my illusion. It's damn good. It seems that he has not been idle all these years!"

Chapter: 4940

“No wonder he dares to use illusions in front of me. He knows that we are not strong enough now. If we want to break this illusion, we must have a lot of spiritual power as support.”

“Then we have no chance to go out?” Chen Ping said in surprise!

“It’s not impossible, it depends on your understanding...”

“There are three types of illusions. They are blinding the eyes, blinding the heart, and blinding the mind...”

The old man said slowly!

“Bindfolded eyes, blinded heart, blinded wisdom?”

Chen Ping looked puzzled. Although he was proficient in illusion, no one had really explained it to him!

Now that he heard what the old man said, Chen Ping suddenly became interested!

He also lacks a master to explain to him now!

And this old man was a master of illusion, so Chen Ping listened very carefully!

“Bindfolding, as the name suggests, is to use illusion to blind your eyes, so that you can’t see the things around you clearly, and you always think that you are in another place.”

“The so-called magic show can also be called a kind of illusion. It uses various techniques to blind your eyes and make you believe everything it does, giving you an illusion.”

“Hypnosis is the use of illusions to blind your heart, allowing you to think or do something uncontrollably. Some hypnosis techniques use this method. After hypnotizing a person, you can ask some questions, and the other person But I had to answer.”

“And blindness is the highest level. It blinds a person’s mind and thoughts. Even if you are awake, even if everyone opposes you or persuades you, you will firmly believe that you are right.”

“Some so-called success masters use words to deceive some people, causing these people to lose the ability to think independently. Whatever the other party says is right. Even if they are deceived and lose all their money, they will not repent, no matter how many people persuade them. It’s no use either.”

“This is the highest level of Mengzhi. To achieve this, sometimes there is no need to fight. You just let the other party die, and the other party will die without hesitation.”

“In his eyes, you are the master, you are the god who controls everything...”

“I am telling you this in the most understandable terms. I hope you can understand it and have an epiphany...”

Chen Ping was greatly shocked when he heard what the old man said. He didn’t expect that the ancestor of the ancient body refining clan actually knew this!

What kind of magic, hypnosis, even the success master knows about it!

Couldn’t this also come from the secular world?

But none of this is important. The important thing is that this kind of popular explanation really made Chen Ping understand a lot!

“Senior, what should we do now?”

Chen Ping asked the old man!
