

The Order 4961

Chapter: 4961

The four people discussed it for a while, and then began to divide their troops into multiple groups to intercept and kill the casual cultivators, the Ning family members, and Chen Ping and the others!

As long as we don't leave this far north, the news won't spread in a short time!

At the same time, on the edge of the Far North, in a dense jungle, a figure was walking quickly through!

This is the last jungle to enter the Far North. After passing here, you will enter the Far North. Behind it is the vast snowfield. It is difficult to see the green trees anymore!

In this jungle, there are constant sounds of monsters, but after these monsters get close to the figure, they all give way!

Under this figure, I saw a pure white tiger with red eyes!

This person is none other than Yihe who was treated by the princess in Jialing County!

After Chen Ping left, the princess of Jialing County removed the poison from Yihe's body. Now Yihe is heading to the far north to look for Chen Ping. He is afraid that Chen Ping is in danger!

But at this moment, two people suddenly jumped out and stopped Yihe. The two people stared directly at the white tiger where Yihe was sitting!

This white tiger is also a mount that Yihe temporarily tamed. As the Demon King, if you want to tame a few demon beasts, it is not easy to capture!

But in the eyes of these two people, getting a mount like this is simply harder than climbing to the sky!

So the two of them saw Yihe riding a white tiger mount, so they wanted to stop it and make it their own!

Yihe saw two people blocking the road, so he stopped!

“Fellow Taoist, don’t you know where you are going?”

One of them asked Yihe!

“Go to the far north to find people!” Yihe replied!

“That’s such a coincidence. We are most familiar with this area, especially the Far North. Our brothers grew up in the Far North.”

“Since you want to find someone, we can help you, but we just need a little favor fee!”

That man said loudly!

“As long as you can help me find someone, you can ask for as many spiritual coins as you want!”

As the Demon King, Yihe doesn’t care about those spiritual coins!

“Not much, how about one hundred thousand spirit coins?”

The man said!

“I’ll give you one million and lead the way...”

Chapter: 4962

Yihe is not familiar with the Far North, so it will be faster if someone leads the way!

The two looked at each other and smiled slightly!

“Okay then, follow us closely...” After the man finished speaking, he turned around and started heading deeper into the jungle!

“Brother, this guy looks so rich, especially Bai Hu, who is definitely very powerful.”

One of the men with a long scarf on his head said!

“I’ve seen it a long time ago, that’s why I said that. To deal with this kind of person, you can only use intelligence, not forcefully!”

Another man raised his lips slightly and said!

“How to outwit him?” asked the man with a long scarf on his head!

“Idiot, lure him to our territory. Then we will release the monsters we raise and devour this guy directly.”

“Aren’t the money on him and the white tiger sitting down all ours?”

Another man said proudly!

“Brother is still smart...” The man with a long scarf on his head immediately praised!

Yihe in the back just looked at the two people in front with a sneer!

He knew exactly what the two people were thinking, but these two people really thought that Yihe didn’t know anything!

As we continued to go deeper, there were waves of low roars coming from all around the jungle!

“Fellow Taoist, you have to be careful. There are too many monsters here and it is very dangerous.”

“Luckily you met the two of us today and let us take you out of here. Otherwise, you might not be able to get out at all.”

The leading man looked back at Yihe and said!

He was afraid that Yihe would be so frightened that he would not leave when he heard the roars of so many monsters!

“So, I need to thank you two more?”

Yihe said with a faint smile!

“No, since you paid to hire us, these are what we should do.”

After the man finished speaking, he winked at the man next to him!

I saw the man with a long scarf quietly taking out a packet of powder from his arms, and then shaking it to the ground!

Chapter: 4963

A strange fragrance wafted out, and soon there was a chaotic sound of footsteps all around the jungle!

Dozens of monster beasts came directly to surround Yihe and the others!

“Oh, why are there so many monsters? Now we’re in trouble.”

The leading man shouted!

He called it to Yihe on purpose so that Yihe would not doubt the two of them!

“That’s right, why do so many monsters suddenly appear? It’s so scary...”

Another man with a long scarf on his head also shouted!

Yihe looked at the performance of the two people and suddenly laughed: “No need to act, you tricked me here. What do you want?”

When the two heard this, Yihe actually saw through their conspiracy and immediately stopped pretending!

“Fellow Taoist, if you hand over your money and mount, we won’t harm your life. What do you think?”

the leading man asked!

“Are you two my match?”

Yihe said with a cold smile!

“It’s not just the two of us here. These dozens of monsters are all raised by us. As long as we give the order, we will tear you into pieces.”

The leading man said proudly!

“Really? Why don’t I believe it?”

Yihe looked amused!

“You don’t believe it? Then I’ll let you see...”

Seeing that Yihe didn’t believe it, the man with a long scarf on his head snapped his fingers and said to a wolf demon: “Go and bite him...”

But the wolf demon stood motionless, as if he didn’t hear it at all!

The man was stunned for a moment, and then said loudly again: “Bite him...”

The wolf demon still doesn’t move!

In the end, the man became anxious and took out a packet of powder again and shook it. This time, the fragrance was even stronger!

“Bite him, bite him...”

Chapter: 4964

The man roared angrily, but none of the monsters made any move!

At this time, both of them were confused. They couldn’t understand why these monsters were disobedient!

“They don’t seem to listen to you at all, but they definitely listen when I say it!”

After Yihe finished speaking, he waved his hand and said: “Everyone get down...”

Dozens of monster beasts all lay obediently on the ground in an instant!

The two people who saw this scene were dumbfounded!

They couldn't understand why the monsters they raised obeyed Yihe?

Just when Yihe wanted to play with the two guys, he suddenly frowned slightly!

He seemed to sense Chen Ping's presence!

And Chen Ping should be in danger at this time!

If he can be sensed, it proves that he is not far away from Chen Ping!

When he thought that Chen Ping was nearby and was still in danger, Yihe immediately put away his amusement and then rode the white tiger towards the direction he sensed!

"You want to run?"

The man with a long scarf on his head thought he was scared when he saw Yihe suddenly running away on a white tiger, so he jumped up and rushed towards Yihe!

Yihe was worried about Chen Ping's safety at this time. This short-sighted guy actually wanted to stop him, which made Yihe furious!

"court death....."

Yihe shouted loudly, and with a wave of his hand, a breath came like a tornado!

When the man with his head tied in a long scarf saw this, before he had time to react, he was crushed to pieces by this aura!

Not even a corpse was left behind!

This time, the remaining guy was stunned!

“Bite him to death...”

After Yihe finished speaking, his figure disappeared in an instant!

And those dozens of monster beasts rushed towards the remaining guy together!

Until their death, they didn't know what kind of existence Yihe was!

Chapter: 4965

At this time, Chen Ping and the others were indeed in danger!

Originally, several people were about to leave the Far North, but they were stopped by someone!

“Boy, didn't you expect that? I would stop you here.”

Huo Sha looked at Chen Ping and the others with a sneer!

Although it was only Huo Sha himself this time, Chen Ping was not relaxed at all!

Now that his body has not fully recovered, there is no way to deal with the fire evil!

Ji Yun is only at the seventh level of the Fusion Realm, and there is no way he can be a match for the Fire Fiend!

As for Liu Ruyan, Huo Feng, Yu Jiameng and the other girls, they are even less likely to be Huo Sha's opponents!

Although the Fire Phoenix absorbed the Sky Thunder Fruit and reached the third level of Fusion Realm, compared with the Fire Demon, it pales in comparison!

As for Yu Jiameng, the Sky Thunder Fruit also allowed her to reach the fifth level of Transformation Realm, but the Transformation Realm was nothing in the world of heaven and humans.

"Is it just you? Where are your companions? Come out together..."

Chen Ping asked pretending to be calm!

He wanted to know if Huo Sha was the only one!

"You don't have to say that. I'm on my own right now. As for the others, of course I'm going to intercept those casual cultivators and those from the Ning family."

"You know the secret of our Demon Sealing Alliance, how can I let you leave easily!"

Huo Sha said without hesitation!

Because in his opinion, Chen Ping and the others were just fish on the iron plate, to be slaughtered by him!

"Mr. Chen, I'll hold him back, you go first..."

Ji Yun looked solemn and protected Chen Ping!

Now, among the few of them, he is the only one who can follow Huo Sha through two moves!

Huo Sha looked at Ji Yun contemptuously and waved his hand!

Suddenly, a sharp breath blasted out, the void shook instantly, and the breath hit his face like a wave!

Ji Yun had no time to resist and was directly knocked away, vomiting blood!

“Ji Yun...”

Chapter: 4966

Chen Ping stepped forward to check and found that Ji Yun’s life was not in danger, and he breathed a sigh of relief!

“Hmph, you are only at the seventh level of the Fusion Realm, but you still dare to speak so loudly!”

Huo Sha raised the corner of his mouth and said!

Chen Ping looked at the fire demon coldly, his eyes full of anger!

It’s a pity that he is now weak and unable to fight with the fire demon!

It would be nice if I could rest at Gao’s house for a day, but Chen Ping didn’t want to waste time!

He never expected that these Five Elements Heavenly Evil guys would dare to intercept him in the middle of the road!

“Boy, hand over everything you got, and I’ll let you die quickly!”

“If not, after I kill you, I will play with these girls...”

Huo Sha said with a wicked smile!

Huo Feng and the others listened to Huo Sha's words, and all of them looked extremely angry and ugly!

"You don't look at your own moral character. Even if we die, we won't take advantage of you, a piece of trash!"

Huo Feng spat fiercely at the Huo Sha!

If she hadn't been demoted to the secular world and her strength had been greatly reduced, where would the Fire Fiend now be able to show off his power here? The Fire Phoenix slapped him to death!

"Since you are not afraid of death, then I will help you..."

After the fire demon finished speaking, he raised his hands, and the monstrous flames suddenly filled the entire sky!

In an instant, two monsters transformed from flames were seen in the sky, roaring and rolling. Flames were rising all over their bodies, causing the surrounding temperature to rise rapidly!

The two monster beasts stared at Chen Ping and the others with their four eyes, and then under the command of the fire demon, they suddenly rushed towards Chen Ping!

Now as long as Chen Ping is dealt with, the remaining people, Huo Sha, don't have to worry at all!

Even if you stand still, these people can't even think of hurting you at all!

"Owner....."

When the fire phoenix saw this, it immediately jumped into the air and turned directly into a blazing fire phoenix, with flames rising from its outstretched wings!

“Fire phoenix? It’s actually a mythical beast that has transformed into a human form. Now I can make a lot of money...”

Seeing the fire phoenix appear, the fire demon suddenly shouted excitedly!

Chapter: 4967

“Fire Phoenix, retreat...”

When Chen Ping saw this, he shouted loudly to stop it!

He knew that Huo Feng could not be Huo Sha’s opponent at all. The difference in strength between the two was too great!

“Master, you...”

The fire phoenix flapped its wings. She was not afraid of death, but she couldn’t let Chen Ping get hurt!

“Quickly retreat...”

Chen Ping instantly used the dragon-slaying sword and yelled at Huofeng!

Seeing this, the fire phoenix could only slowly fall down!

Chen Ping watched calmly, as the two monster beasts kept rushing toward them with flames. The burning feeling could be felt from miles away!

Now facing the fire demon, Chen Ping has no chance of winning!

But he had to face it, he couldn't possibly watch his woman fall into the hands of another man!

Even if he self-destructs in the end, Chen Ping will not let the evil spirit succeed!

What's more, Chen Ping doesn't need to self-destruct, he still has the Ice Soul Pill in his hand!

Now to deal with the Fire Demon, Chen Ping can only swallow the Ice Soul Pill, and then forcefully break through to the fourth level of the Fusion Realm. When the thunder rolls around, a Fire Demon will no longer be scary!

But in this case, he would not be able to follow the princess of Jialing County. I wonder if the poison in Yihe's body can still be removed!

But there is nothing we can do about it. We can't just watch the fire demon kill them all and then take away the Ice Soul Pill, right?

Just when Chen Ping was looking at the two flaming beasts rushing towards him and hesitating whether to swallow the Ice Soul Pill, suddenly a white figure flashed past his eyes!

Immediately afterwards, I saw the white wind and snow falling continuously from the sky, and the temperature that had originally risen became extremely cold again!

Kakakaka.....

For a moment, everything around seemed to be frozen, and there were waves of freezing sounds!

Soon, the two monster beasts transformed into flames were motionless at this moment, and their bodies were wrapped in thick ice!

So when people saw this scene, they were all shocked. No one expected that the flames could be frozen!

Chen Ping slowly fell, and in front of him, a white ice crystal shone with light, and the cold air continued to spread to the surroundings!

The white cold air spread at a speed visible to the naked eye, and everyone felt that the temperature suddenly dropped a lot!

Chapter: 4968

“who are you?”

Huo Sha frowned slightly and said!

And in the white snow and fog in the sky, Gao Qilan was standing next to Chen Ping with an ice crystal in his hand!

At this time, Gao Qilan was dressed in white, blooming like a white snow lotus.

“Sister Qilan...”

When Huofeng saw Gao Qilan, he shouted happily!

Chen Ping also didn't expect Gao Qilan to come back. He was a little surprised and said: “Miss Gao, why are you here?”

“If I hadn't come, you would have been burned to death, right?”

Gao Qilan smiled slightly and said!

This sentence made Chen Ping's face full of embarrassment. He had the Ice Soul Pill in his hand, so it was unlikely that he would be burned to death, but he might not be able to save the Ice Soul Pill!

“Sister Qilan, were you reluctant to let go of the master and chased after him?”

“I told you a long time ago, come with us, the master is very nice. Don’t look at him. He has many women, but together we can’t satisfy the master at all. You can just share the burden for us!”

Huo Feng spoke openly in front of so many people!

This time, Gao Qilan was so embarrassed that she was still a big girl!

Chen Ping was also so angry at Huofeng’s words that he laughed!

Liu Ruyan and Yu Jiameng also lowered their heads with their faces flushed. They knew what Huofeng said was true!

This guy Chen Ping is so fierce...

“Huofeng, shut your mouth and stop talking nonsense!”

Chen Ping glared at Huofeng and said!

This scene made Ji Yun on the side want to hit him to death. He was also a man, but he did not have the fate of Chen Ping!

“Damn it, you’re still flirting when you’re about to die. Even if help comes, it won’t change anything!”

When Huo Sha saw that Chen Ping had so many beauties actively throwing themselves into his arms, he was furious to death!

“You are so brave. This is the Far North, our Gao family’s territory. How dare you run wild here?”

Gao Qilan asked Huo Sha in a cold voice!

Chapter: 4969

“It turns out that you are from the Gao family, but have you forgotten one thing? This place is about to leave the Far North. Can your Gao family still care about it?”

“Besides, even in the far north, our Demon Sealing Alliance is not afraid of your Gao family. Just get out of here, or you will be crippled as well!”

The Fire Demon knew Gao Qilan’s identity and was not afraid at all!

This is just the edge of the Far North, he doesn’t have to be afraid, and their Demon Sealing Alliance doesn’t have to be afraid of the Gao family either!

When Gao Qisheng was beaten, none of them were afraid!

“Since you want to die, then I will help you. I want you to know the strength of our Gao family in the far north!”

Gao Qilan’s voice was full of coldness, and with a casual grab, two frost-condensed swords appeared!

“Miss Gao, this guy is much stronger than you, you are no match for him...”

Upon seeing this, Chen Ping hurriedly said to Gao Qilan!

Although Gao Qilan is now at the sixth level of the Fusion Realm, she is still far behind the Fire Demon!

“Don’t worry, I have the ice crystals my brother gave me, which can just restrain his flames.”

“I still have some ice soul fragments here. You should absorb them quickly so that you can regain your strength. Otherwise, anyone can bully you.”

Gao Qilan said, throwing a bag to Chen Ping, which contained more than a dozen ice soul fragments of different sizes!

Chen Ping looked at Gao Qilan with surprise in his eyes, wondering why she had so many ice soul fragments!

“My brother gave this to me. I’m here to chase you, so I can’t be empty-handed. This is considered a dowry...”

Gao Qilan smiled slightly and said!

Gao Qiqiang’s words at that time made Gao Qilan determined to take the initiative to pursue her own happiness. Since Chen Ping didn’t say anything, she would take the initiative.

That’s why Gao Qilan caught up!

When Chen Ping heard the word dowry, he was at a loss for a moment, because he didn’t know what he was giving Gao Qilan!

Marriage?

It is estimated that he will not be able to give Gao Qilan a complete wedding in the end, so what does it mean for him to have such an expensive dowry?

Gao Qilan saw Chen Ping’s hesitation, so he said jokingly: “Just feel free to use it. If you don’t want me, I won’t ask you to get these ice soul fragments back.”

Although he said it in a joking tone, it also showed Gao Qilan’s feelings!

Chen Ping nodded. With these ice soul fragments, Chen Ping can regain most of his strength!

Chapter: 4970

Although it may not be possible to kill the fire demon, if it wants to leave, the fire demon cannot stop it!

Huo Sha watched from the side, and Gao Qilan actually gave Chen Ping so many ice soul fragments to restore his strength, and his eyes immediately dazzled!

“It seems that I’m going to be serious this time. As long as you die, I will take action...”

After saying that, Huo Sha’s body was wrapped in raging flames and rushed towards Gao Qilan!

Gao Qilan’s eyes were extremely cold, without any panic, and he suddenly flew up with two swords in his hands!

Flame repeated his old tricks again, clapped his hands and used flames to transform into two monsters!

Gao Qilan was also rude, waving the two ice swords continuously, shooting out streaks of frost, instantly freezing the two flame monsters!

With the blessing of ice crystals, the frost methods used by Gao Qilan are obviously much more powerful. This may be because Gao Qiqiang was afraid that Gao Qilan would be in danger halfway, so he asked Gao Qilan to take it with him!

These cold air restrained the fire evil, making him a little angry!

Chen Ping took the opportunity to quickly absorb the ice soul fragments to recover!

Ji Yun, Huo Feng, and Yu Jiameng are protecting Chen Ping. Chen Ping cannot make any mistakes at this time!

In mid-air, Gao Qilan and Huo Feng continued to perform their spells, the roaring sound continued, the wind and rain suddenly changed, and the surrounding temperature was even hotter and colder!

The entire sky was divided into half red and half cold white!

The two forces kept colliding and intertwining. Without the ice crystals, Gao Qilan would have been unable to bear it!

Seeing that if this continues, his physical strength will be exhausted, not to mention that Chen Ping is likely to recover, so a cold light flashes in his eyes, and his whole body is burning with blazing flames!

Then a figure rushed towards Gao Qilan in the flames!

Gao Qilan didn't think much and smacked the figure with one palm, instantly freezing the figure into ice!

When Gao Qilan saw this, she felt something in her heart. She didn't expect that the fire demon could be frozen by her so easily!

But just when Gao Qilan was happy, Huofeng suddenly shouted: "Sister Qilan, be careful..."

Gao Qilan was startled and suddenly felt a strong wind coming from behind him!

Gao Qilan was trying to dodge, but it was too late. The fire demon who was behind him slapped him on the back!

The figure that rushed out of the flames just now was not a fire demon, it was just a deception!

This palm was filled with scorching flames, and Gao Qilan felt like her whole body was wrapped in a heat wave!

Bang.....
