

## **The Order 5011**

Chapter: 5011

Ji Yun said!

Soon, the three people walked towards the pier. When they approached the pier, Chen Ping discovered that there were several spiritual ships parked at the pier. There was a faint light all around the ships. It was obvious that formations had been set up. !

There is a spiritual ship among them, which is dozens of meters high, like a big mountain!

Many people lined up to board the ship, which was a huge spiritual ship!

And around the pier, there were many people sneaking around. At a glance, they were all like Chen Ping and others, ready to take the opportunity to steal the tickets!

“Damn it, all the tickets for a few days have been sold out, this is too fast...”

A big man frowned and cursed, obviously he had not bought a ticket!

“Nowadays, people want money rather than their lives. The Mohai is so dangerous. As soon as they hear there is a treasure, they all swarm in. They are not afraid of dying on the sea.”

“I heard that a spiritual ship sank a few days ago, and hundreds of monks died. It’s tragic.”

“Perhaps it’s our fate that we didn’t buy the boat ticket!”

Many monks who had not bought a ticket were complaining and comforting each other!

The arrival of Chen Ping and others instantly attracted the attention of these monks!

Mainly Gao Qilan, dressed in a pure white dress, coupled with the cold temperament on her body, very attractive!

“It’s so beautiful. Would such a beautiful woman come to Mohai to take risks?”

“It would be a pity if he died in Mo Hai!”

Many monks looked directly at Gao Qilan and spoke obscenely, making Gao Qilan look slightly angry!

More and more monks looked at Gao Qilan, looking at Gao Qilan’s slender figure and snow-white skin, like a fairy descending to earth!

Especially the unique icy aura on Gao Qilan’s body is even more attractive!

Gao Qilan’s appearance made many monks swallow their saliva and stare at her intently. Even some female monks were envious and felt ashamed!

“This lady, our young master has invited me, and I hope to go with you...”

At this time, a monk who looked like a servant came over and said after Gao Qilan!

“Your young master?”

Gao Qilan was slightly startled!

“Yes, our Mr. Zhou would like to invite you to swim in the Mo Sea together!”

Chapter: 5012

The servant pointed not far away!

Gao Qilan looked in the direction she was pointing and found a man wearing a white gown, smiling and waving at her, looking very personable!

Gao Qilan wanted to refuse, but saw Chen Ping wink at him!

She immediately understood what Chen Ping meant, and then smiled slightly and said: "Then please lead the way..."

The servant nodded and took Gao Qilan over, while Chen Ping and Ji Yun followed not far away!

Seeing Gao Qilan coming over, the man immediately straightened his clothes, and then said with a smile on his face: "This lady, I take the liberty to invite you. I hope you won't be offended. My surname is Zhou and my name is Zhou Tai. I don't know about this lady." What's your surname?"

"My name is Gao Qilan..."

Gao Qilan said truthfully!

"Gao Qilan, what an elegant name. I wonder who Miss Gao came to Mo Hai with? Can we go together?"

Zhou Tai asked!

"I came here with my two brothers. I really wanted to go with Mr. Zhou, but it's a pity that we didn't buy a boat ticket, so we can't go with Mr. Zhou!"

Gao Qilan looked helpless.

Seeing Gao Qilan's expression, Zhou Tai immediately smiled and said, "If you don't have a boat ticket, what's the problem? Wait until I get a few tickets for you."

After Zhou Tai finished speaking, he immediately glanced at his servant!

And the servant took two guards and walked towards the people lining up to board the ship!

After a quick glance, the servant immediately pulled out a monk who looked weak and not very strong!

“Boy, hand over your ticket, Mr. Zhou wants it!”

The servant said arrogantly!

Although the ticket is anonymous and can be snatched, it is too blatant to snatch it in public at the dock. It can be seen that the Zhou family must have certain strength, otherwise Zhou Tai would not dare to do this!

“What do you want to do? Steal openly in front of so many people?”

The monk said with a bit of horror in his eyes!

“Who said I robbed it? I was buying your boat ticket.”

As he said that, the servant took out the spiritual coin and threw it on the ground. Then he picked up the monk and asked someone to find the ticket!

When the monk saw this, he didn't dare to say anything. He was not strong and had no family support behind him. Rogue cultivators like this were bullied!

Chapter: 5013

After succeeding, the servant became even more arrogant, and then looked at the people in line!

Many monks lowered their heads, unwilling to cause trouble at this time!

At this time, an old man wearing a black robe and exuding a foul smell came into the servant's sight.

When the servant saw this, he walked directly towards the old man. He always found someone easy to bully to steal the boat ticket!

He felt that this old man was easy to bully!

"Old guy, take out the ticket!"

The servant said to the old man!

"Why should I give it to you?" The old man looked at the servant and yawned!

A stench hit his face, causing the servant to cover his nose immediately and said with a ferocious expression: "Damn, it stinks so much. Hand over the ticket and I will spare your life..."

But just as the servant finished speaking, he saw a pair of black palms of the old man suddenly reaching out and swiping towards the servant like lightning!

The servant's expression changed, and he was slapped before he had time to react!

Snapped.....

There was a crisp sound, and the servant's head was instantly whipped in all directions, and it was dead!

Seeing this scene, everyone was shocked!

No one thought that an inconspicuous old man could have such power with just one slap!

When the two guards saw this, they became furious and rushed towards the old man!

When Zhou Tai saw this scene, he also frowned and looked extremely ugly!

The two guards rushed forward, but were hit directly in the chest by the old man's palms. After a mouthful of blood spurted out, they died!

One servant and two guards were killed, and Zhou Tai was finally angry!

He rushed over with his men!

"If you dare to kill members of my Zhou family at will, you are seeking death..."

Zhou Tai was furious, and the aura of the peak of the Fusion Realm suddenly burst out from his body, causing a strong wind in an instant!

The strong wind blew, causing the hat on the old man's head to blow off, revealing a dry and wrinkled face, with two sunken eyes and a deep-cut mouth, like a skeleton!

When he saw the old man's appearance, Zhou Tai, who was originally furious, suddenly withered and did not dare to say a word!

Chapter: 5014

The old man snorted coldly, put the hat on his head again, and then boarded the spirit ship!

Chen Ping, who was not far away, saw this and knew that this old man must have a great background, and his strength must definitely exceed the Fusion Realm!

Then looking at the three dead people on the ground, Chen Ping and Ji Yun walked over and found the ferry tickets from the bodies!

These people are with Zhou Tai, and they must have ferry tickets with them!

Now that the person is dead, the ticket will no longer be used!

When Zhou Tai saw someone rummaging through the bodies of his men in front of him, Zhou Tai's face turned red with anger!

He didn't dare to do something to the old man, but that didn't mean he didn't dare to do something to others!

What's more, Chen Ping is only at the fifth level of the Fusion Realm, and Ji Yun is only at the seventh level of the Fusion Realm. Zhou Tai is not afraid at all!

"You two are so brave, you actually snatched my ticket in front of me."

The aura on Zhou Tai's body enveloped the two of them!

"Everyone is dead, what's the use of the ferry ticket? Why don't we use it?"

Chen Ping said to Zhou Tai!

"Even if I destroy the ticket, no one else is allowed to use it!"

After Zhou Tai finished speaking, several guards behind him immediately surrounded Chen Ping and Ji Yun!

"Mr. Zhou, stop, these are my two brothers who came with me."

When Gao Qilan saw this, he hurriedly said loudly!

When Zhou Tai heard this, he hurriedly took back his breath, then glanced at Gao Qilan and said, “Miss Gao, are these two your brothers?”

“Yes, they don’t have ferry tickets either, that’s why.”

Gao Qilan nodded and said!

“Since he is Miss Gao’s brother, I’m really sorry. You hold the ticket. Anyway, they are all dead and there is no need for it.”

Zhou Tai’s attitude changed completely!

Zhou Tai didn’t care at all about the dead servant and two guards!

For them, the death of a few slaves is no different than the death of a few ants!

Now that Chen Ping and the others had tickets, they no longer had to fight for other people’s tickets, so a few people started to board the ship!

Chapter: 5015

After entering the huge spirit ship, Chen Ping discovered that there was a completely different world inside!

After showing their tickets, a staff member led them upstairs!

Each time you go up a floor, the interior decoration of the spirit ship becomes more luxurious!

It can be seen that the top level of this spiritual ship should be the best!

Chen Ping and the others stopped when they reached the fifth floor, and then the Guide and the others found their room!

Because you need to sail for many days to cross the Ink Sea, the upper cabins have separate rooms!

However, the cabin below is all filled with seats, and the environment seems a bit harsh!

“Miss Gao, if you need anything, just tell me. There is everything on this spiritual ship.”

“Besides, this is probably your first time coming to Mohai, so you are not familiar with it. In fact, Mohai is not as scary as the rumors say!”

“On the contrary, this Mohai is a treasure...”

Zhou Tai said with a smile!

“Treasure land?” Gao Qilan looked puzzled.

“Of course, Mo Hai is rumored to be very dangerous, so few people come here. It is precisely because of this that no one has noticed the various treasures in Mo Hai. If it hadn't been for the huge waves in Mo Hai some time ago, some treasures If it was washed up on the shore and picked up, so many people would not come looking for treasure.”

“There are not so many people in Mohai every year. It is only because of the news spread by people who saw the treasure that it attracts so many people.”

Having said this, Zhou Tai was obviously a little angry!

“According to you, isn't there a huge treasure within this sea of ink?”

Chen Ping asked!

“Of course, there is a huge treasure within the ink sea, but I have never seen anyone enter the ink sea.”

“The most you can do is take a spiritual boat and salvage some floating treasures, or go to the island in the sea of ink to look for opportunities.”

“Whoever dares to go into the sea is seeking death, and there is absolutely no possibility of survival!”

Zhou Tai nodded and said!

“Then what happened two days ago when they said a spiritual ship sank?”

Ji Yun saw that Zhou Tai knew so much about Mo Hai, so he hurriedly asked!

He wanted to know if something had really happened to his father!

Chapter: 5016

“I’ve also heard about this. The sea of ink is ever-changing and anything can happen. There are also many monsters in the sea of ink. It’s also possible for the spirit ship to sink.”

“Otherwise, why would there be a huge array on this spiritual ship, and the ticket is so expensive.”

“But don’t worry, our spirit ship is the largest spirit ship. Although the ticket is expensive, it is also the safest. Besides, if you follow me, there will definitely be no problems. This is not the first time I have crossed It’s a sea of ink!”

Zhou Tai assured with a confident face. It was obvious that he was telling Gao Qilan that he wanted to express himself in front of Gao Qilan!

When Ji Yun heard Zhou Tai’s words, his heart became even heavier. If his father was really killed, he would have to rely on him to carry the Feitian Sect in the future!

But Ji Yun knows his own strength, and he is afraid that the Feitian Sect will be lonely in the future!

“Mr. Zhou, thank you. I want to take a rest.”

Gao Qilan ordered Zhou Tai to be kicked out. After all, Zhou Tai was here and there was a lot he couldn't say!

“Miss Gao, please rest first. I will take you to play on the deck afterwards. Although the sea of ink is pitch black, there is a unique scenery.”

After Zhou Tai finished speaking, he led the people out!

After Zhou Tai left, Gao Qilan looked at Chen Ping and asked, “Chen Ping, if I were your woman, would you still let me sell my sex to get you a boat ticket?”

Chen Ping was stunned for a moment, then thought for a moment and said, “Don't make me look so unbearable. How can this be called selling sex, and I didn't ask you to actually do anything.”

“Regardless of whether you are my woman or not, if there is a man who really has evil intentions towards you, I will risk my life to kill him.”

Chen Ping's words made Gao Qilan smile and feel much better!

“Have a good rest. I guess Zhou Tai will be looking for you soon. Isn't it great that we have an extra free tour guide!”

Chen Ping said with a smile!

Gao Qilan glanced at Chen Ping: “Chen Ping, remember, I got close to Zhou Tai because of you. If Zhou Tai did anything to me, I won't spare you...”

“Don’t worry, if he dares to lay a finger on you, I will destroy his soul!” Chen Ping promised!

Although Zhou Tai is at the peak of the Fusion Realm, Chen Ping is not afraid now!

Chen Ping followed Ji Yun and left, letting Gao Qilan have a good rest!

“You don’t have to be too sad. No one can tell whether your father is really in trouble now. Maybe we can meet on the Sea of Ink!”

Seeing Ji Yun’s bad mood, Chen Ping comforted Ji Yun!

“Yes!” Ji Yun nodded vigorously!

He can only rely on Chen Ping now, because there are some things that Ji Yun knows he can’t handle at all!

Chapter: 5017

Chen Ping and Ji Yun also returned to their respective rooms to rest!

Soon, with a roar, the spirit ship started, and a wave of waves was instantly cut across the pitch-black sea!

On the pier, there were many monks without tickets. They watched the spiritual boat sail away, with envy on their faces!

Because this is the largest spiritual ship and also the safest spiritual ship!

The movement of the spirit ship caused many monks to come out of the room!

Chen Ping was no exception. He walked out of the room and wanted to see the scene outside the spirit ship!

But as soon as he walked out of the room, he saw a man and a woman passing in front of him!

The man was wearing light blue clothes and looked very conspicuous!

The woman was wearing a black dress and her head was covered with black gauze!

When passing in front of Chen Ping, the two people paused obviously, and the woman couldn't help but glance at Chen Ping!

Chen Ping also frowned slightly and looked at the two of them up and down!

But no one spoke, and the two of them only paused for a moment, and then headed upstairs. It was obvious that these two people lived higher up and had a better environment!

“Demon cultivator?”

Chen Ping looked at the backs of the two people, and he felt the demonic aura on them!

Although the two of them had hidden themselves very well, Chen Ping still noticed the difference. After all, Chen Ping also had the aura of demons in his body, so he would be more sensitive to the aura of demons than others!

Chen Ping turned around and returned to the room, when Zhe Yan spoke: “Mr. Chen, those two people just now are demon cultivators...”

“Well, I feel it. Do you know which clan of demon cultivators they belong to?”

Although Chen Ping knew that these two people were demon cultivators, he was not sure which clan they were from!

After all, the demons are divided into many ethnic groups!

As far as Chen Ping himself knows, the demon clan includes big demons such as fire demons, blood demons, shadow demons, and wind demons. As for other big demons, although Chen Ping doesn't know, there must be demon clans!

"I don't know this, I can't feel it, but it's definitely not from the Balrog clan. If it were from the Balrog clan, I would know."

Zhe Yan said truthfully!

"Unexpectedly, there are demons infiltrating the spirit ship. It seems that there may be trouble later."

Chen Ping said with a gloomy expression!

Chapter: 5018

After all, the current demon clan is like rats crossing the street and everyone shouts to beat them. Let's not talk about the good and bad qualities of these two demon clans. If the monks on the spirit ship find out that they are demon clan, they will definitely fight!

But this place is above the sea of ink, which is different from being on land. Although this spiritual ship is big enough, like a hill, and is blessed with formations, it cannot withstand the fight of the Fusion Realm monks!

If the spirit ship is destroyed by them, everyone will suffer!

Just when Chen Ping was thinking about the man and the woman, the two people were also talking about him at the same time!

“Senior brother, the person we just met actually has the aura of demons on him. I didn’t expect that we are not the only ones who are mixed in on this spirit ship.”

The woman in black said in surprise!

“Junior sister, the top priority now is to find a way to cure your bloodthirsty. Don’t think too much about other things.”

“So many years have passed since the war between gods and demons. It is normal for many demon cultivators to reintegrate into life.”

“As long as we hide our aura well, no one will find us.”

The man in a blue shirt said!

“Senior brother, I’m afraid that the man just revealed our identity. It’s obvious that he has noticed the demonic aura in us.”

“After all, no matter how well we hide, we can’t escape the detection of our own clan.”

The woman said worriedly!

“Don’t worry, since he is also a demon cultivator, he will not report us. In that case, he himself will also be exposed.”

Men comfort women!

“But what if that person is from the Fire Demon Clan? You must know that our Blood Demon Clan and the Fire Demon Clan have always been at odds with each other.”

The woman still said worriedly!

“It’s impossible. The Balrog clan is far away in the far north, and we haven’t seen any demon cultivators from the Balrog clan for many years. How could we meet them today by such a coincidence?”

“Don’t think too much. This time we came out secretly to cure your hemophilia. The more you think like this, the more detrimental it will be to your condition.”

The man gently patted the woman’s shoulder and comforted her!

“Yes!” The woman nodded!

But at this moment, the woman suddenly frowned, and then her expression became painful, with veins bulging on her face, and her eyes became blood red!

The woman was trembling all over, her face was even more ferocious, and two fangs were growing rapidly in her mouth!

When the man saw this, he didn’t seem to panic, he seemed to be used to it!

Chapter: 5019

I saw the man took out a dagger and slashed his arm hard, and blood spurted out instantly!

Then the man dripped blood into the woman’s mouth. As the blood continued to flow into the woman’s mouth, the woman’s expression slowly recovered!

Soon, the woman recovered again, and her ferocious face became charming!

Looking at the wound on the man’s arm, the woman felt very distressed and remorseful!

There are already a lot of scars on the man’s arms, and they are obviously caused by this!

“Brother, I’m sorry, I’m sorry, I didn’t mean it, I couldn’t control myself...”

The woman bandaged the man and started crying!

“Stop crying. Senior brother knows that you can’t control yourself, so you don’t have to blame yourself. Although you have hemophilia, you have never hurt anyone else.”

The man smiled slightly and said!

“Brother, why don’t we go back? Maybe my dad can cure you. If this continues, I will drain your blood sooner or later.”

The woman regretted coming out and wanted to go back!

“No, if Master knows that you secretly practice the Blood Demon Kung Fu and develop bloodlust, he will definitely burn you.”

“How many brothers have been dealt with like this? Even if you are the master’s daughter, the master will not be merciful.”

“Master once said that we can be heinous demons in the eyes of others, but we can never really do heinous things.”

“We can’t choose our identity as a demon, but we can choose how we do things.”

The man said to the woman with a serious face!

The woman was speechless and could only remain silent!

“Junior sister, don’t worry, I will definitely find a way to cure your bloodthirsty this time...”

After saying that, the man gently took the woman into his arms!

But just as he took the woman into his arms, the man’s expression suddenly changed and he hurriedly pushed the woman away!

“Junior sister, stay in the room and don’t walk around!”

After the man finished speaking, he suddenly opened the door!

I saw an old man covered in black robes standing outside the door. The old man’s face was very dry, and only one pair of eyes looked very bright!

Seeing the man suddenly opening the door, the old man grinned and said: “Boring, really boring. I thought I could hear the sound of flowers and candles in the wedding room, but I didn’t expect you to find out...”

Chapter: 5020

After the old man finished speaking, he glanced at the woman in the room, then turned and left.

The man looked at the old man’s back, his expression extremely ugly!

When the woman saw the old man’s face, she also looked horrified!

The man walked into the room and closed the door again!

“Senior brother, why is this devil mountain ghost here?”

The woman’s eyes widened and she said with great fear!

“I don’t know either, but he doesn’t dare to act recklessly on the spirit ship. What will he do to us? Otherwise, the spirit ship will be destroyed and everything will be over. Don’t be too nervous!”

The man comforted the woman, but his expression at this time was also very ugly!

In Gao Qilan’s room!

Zhou Tai knocked on the door at this time and shouted with a flattering look on his face: “Miss Gao, have you rested? The Ghost Seeing Worry is just ahead. It’s very spectacular. Do you want to go to the deck and have a look?”

When Gao Qilan heard this, he opened the door. When Zhou Tai saw Gao Qilan, he acted like a pug!

“Wait a minute...”

Gao Qilan asked Zhou Tai to wait, and then called Chen Ping and Ji Yun. Gao Qilan didn’t know what ghosts were like, so he called them to take a look!

“What is ghost sorrow?”

Chen Ping asked Zhou Tai in confusion!

“Oh, it’s just a sea area, but there are undercurrents and whirlpools in this sea area all year round, and there are also large monsters making waves, so it is very dangerous. Every time they come here, all the spirit ships will be worried, so it is called ghosts seeing worry.”

“But don’t worry, ours is the largest spiritual ship, so there are undercurrents and whirlpools, and it won’t have any impact on us!”

“Now many people have gone to the deck to watch. If you are lucky, you can also see the scene of the dragon sucking water. Although the ink sea is dangerous, the scenery is also very spectacular.”

Zhou Tai introduced carefully, for fear that Gao Qilan wouldn't go to the deck with him to watch!

Chen Ping also became interested when he heard this, so he nodded and said: "Okay, let's go up and have a look..."

When Zhou Tai heard this, he happily led the way, while Gao Qilan directly took Chen Ping's arm and headed towards the deck!

When Zhou Tai saw this scene, he was just slightly startled and then relieved. After all, it was no big deal that his sister was close to his brother!

When a few people came to the deck, they saw that there were already many people standing on it.

Chen Ping unexpectedly found the man and woman again among the crowd. The two people also saw Chen Ping, but they just glanced at each other and then looked away!
