

The Order 5061

Chapter: 5061

“You deliberately concealed your presence. Did you discover us?”

Ji Yun was stunned and said!

“We must have been discovered. My consciousness has not been withdrawn just now. They should have felt it.”

“We don’t know yet whether the other party is an enemy or a friend, so we have to approach quietly and hide our aura!”

Chen Ping warned!

“I understand...” Ji Yun also hid his aura!

At this time, Ji Lianzhan, who was under the big tree, found that the spiritual consciousness had disappeared, and began to tell several Feitian Sect disciples to be careful!

Chen Ping and Ji Yun were slowly approaching, and soon found Ji Lianzhan and others under the big tree!

However, because of the dense foliage, it was impossible to see who the other party was, but the number of the other party could still be vaguely distinguished!

Because both sides have hidden auras, no one can tell the identity of the other!

“Ji Yun, does your Feitian Sect have a special way of identifying people? Find out if those people are from your Feitian Sect.”

Chen Ping was afraid of misunderstanding, so he wanted Ji Yun to find out the other party's identity first!

If they are from Feitian Sect, then they don't need to be so cautious!

"Yes..." Ji Yun said, taking out a small golden gourd from his arms. The small gourd was only about the size of a thumb, with three holes on it!

I saw Ji Yun put the small gourd to his mouth, pressed the three small holes in sequence, and blew the small gourd!

There was a deep sound like a beast coming from the little gourd!

After blowing three times, Ji Yun stopped and quietly observed the other party!

If the other party can distinguish this voice, it must be someone from the Feitian Sect.

When Ji Lianzhan heard this voice, he was stunned for a moment, and then his face showed joy, and the aura on his body was no longer hidden, and he shouted loudly: "Yun'er, is it you? Is it you?"

Ji Lianzhan's voice instantly reached Ji Yun's ears.

When he heard his father's voice, Ji Yun was so excited that his whole body trembled slightly!

"Father, father....."

Ji Yun shouted and ran towards Ji Lianchan!

After passing through the dense grass and trees, Ji Yun finally saw his father. Looking at the vicissitudes of life on Ji Lianzhan's face, Ji Yun's eyes instantly became moist!

Chapter: 5062

The father and son hugged each other tightly, and Chen Ping also followed him. He seemed very happy to see the father and son reunited!

“Yun’er, how did you come to this island?”

Ji Lianzhan was very curious as to why Ji Yun came here when he was far in the far north.

Moreover, not many people know about this small island. If their spiritual ship hadn’t been destroyed and floated here, it would have been impossible to find this strange island!

“I heard from Elder Shi that you brought people to Mohai to seek revenge on Chuanyunmen. I was very worried, so I followed Mr. Chen to search for him.”

“Later, I heard that you were on a spiritual boat that sank while chasing people from Chuanyunmen on the sea. I became even more worried, so I got on the spiritual boat and came to find you.”

“.....”

Ji Yun told Ji Lianzhan exactly what happened!

Ji Lianzhan looked at Chen Ping. When he found that Chen Ping’s age was not much different from Ji Yun’s, he couldn’t help but be surprised!

Ji Lianzhan also heard Elder Shi say something about Chen Ping. He didn’t expect Chen Ping to be so young!

“Mr. Chen, thank you for taking care of the dog all the way...”

Ji Lianzhan walked towards Chen Ping and said politely!

“Zongzhu Ji is so polite, Ji Yun also helped me a lot...”

Chen Ping replied politely!

“Mr. Chen, did anything strange happen to you after you arrived on the island?”

Ji Lianzhan asked!

“Something strange?” Chen Ping looked puzzled!

“Some people will disappear inexplicably.” Ji Lianzhan said!

“Yes, one of Mr. Chen’s confidante disappeared just now. She was the eldest lady of the Gao family in the Far North.”

“We were together just now, but in the blink of an eye there is no one there. No matter how hard we look, we can’t find him.”

When Ji Yun heard this, he hurriedly said without waiting for Chen Ping to speak!

“Sect Leader Ji, has this happened to you too?”

Chen Ping asked!

Ji Lianzhan nodded: “There were more than a dozen of us at first, but now several of them have disappeared inexplicably, and only a few of us are left.”

Chapter: 5063

“From this point of view, this island is really strange. I thought there was a magic array on this island, but when I tried it, I found that there wasn’t one.”

Chen Ping was a little surprised when he heard that several of Ji Lianzan and the others were missing!

“It’s not a phantom formation. If it were a phantom formation, I would have discovered it. Those people just disappeared out of thin air and didn’t look like they were captured.”

“I suspect that this island is a teleportation array or a time and space rift. The missing people went to other places through the teleportation array or a time and space rift.”

Ji Lianchan expressed his guess!

“It’s very possible!” Chen Ping also agreed!

For things like this sudden disappearance, apart from teleportation arrays and space-time cracks, there is no other way to achieve it!

“Then what should we do next?” Ji Yun asked!

“It’s a blessing, not a curse. You can’t avoid the curse. Now that you’ve arrived on this island, let’s keep walking...”

Chen Ping couldn’t stop waiting. No matter whether Gao Qilan was transported to another place, Chen Ping would find out the secret of this island!

“There’s no other way to wait here. We can only keep walking.”

Ji Lianzhan also agreed with Chen Ping’s approach, and he didn’t want to wait here any longer!

Since everyone chose to continue walking, Chen Ping drew a few spells and asked everyone to put them on themselves!

In this way, if someone disappears out of thin air, Chen Ping can use the spell to determine their location!

With this talisman, the disciples of Feitian Sect feel much more at ease!

“I didn’t expect that Mr. Chen, at such a young age, could actually do magic spells.”

Ji Lianzhan sighed!

After all, in the world of gods and humans, there are not many masters of spells. Otherwise, some spell jade slips would not be so expensive. Even the most common sound transmission jade slips are not affordable for ordinary people!

“Dad, you haven’t fully seen Mr. Chen’s magical powers yet. He is omnipotent...”

Ji Yun has a fanatical admiration for Chen Ping!

Just as Chen Ping and his group were heading towards the depths of the island, the huge spirit ship they were originally riding on was also carried to the island by the Holy Turtle!

Looking at the small island in front of them, everyone felt very shocked and surprised!

Especially the staff on the spiritual ship. They have been sailing on the Black Sea for countless years, but they never knew that there was an island here!

Looking at the tree-lined island in front of them, many monks jumped off the spiritual boats and went to the island!

Chapter: 5064

There are also some timid monks who choose to stay on the spirit ship because they are afraid of any danger on the island!

Ye Fengqing ordered the staff to repair the spirit boat quickly, and he also went to the island!

Then Zhou Tai led people to the island, and the old devil mountain ghost also came to the island!

Some monks stayed on the beach, while more monks walked towards the dense jungle on the island!

These people all hope to find opportunities on this island and pick up some treasures!

Because most of them were casual cultivators, they did not form a team, but walked into the depths of the island in twos and threes!

As these people continued to deepen, some people began to disappear inexplicably, but no attention was paid to them, after all, they did not know each other!

Moreover, they also suspected that someone was deliberately playing tricks on them, trying to scare them so that they could monopolize the treasures on this island!

Chen Ping and the others had reached the depths of the island at this time. The towering trees blocked the light, making the jungle dark!

“Mr. Chen, look...”

Ji Yun suddenly screamed!

Chen Ping and the others stopped, then looked in the direction Ji Yun pointed, and found that there was an altar made of stones in the center of the island!

“Why is there an altar here? It looks very shabby. Someone must have been here a long time ago!”

Ji Lianzhan looked at the altar not far away and said!

“Let’s go and take a look, everyone, be careful!”

Chen Ping led everyone towards the altar!

This altar is only a few meters high and is overgrown with weeds. It can only be seen that it is made of stones. It looks very simple!

And around the altar, there are passages leading to the top of the altar!

At a height of just a few meters, Chen Ping and the others could climb up with just one jump!

Just when Ji Yun was about to jump up and reach the top of the altar, Chen Ping stopped Ji Yun!

“Don’t be reckless, let’s go up the steps first...”

Chen Ping didn’t let Ji Yun jump up directly!

Because it is still unknown whether the altar has any mechanism or whether it is dangerous, so Chen Ping will not let Ji Yun be reckless!

“This altar looks a bit weird. Who would build an altar on this small island far away from the mainland?”

Chapter: 5065

Ji Lianzhan narrowed his eyes and said with confusion!

Although this altar is simple, it seems weird to be built on this small island!

“Let’s go up one by one. I will go up first. If there is no problem, you will go up. And you must go up along the place where I stepped!”

Chen Ping also felt that this uninhabited island suddenly had an altar, which was very strange!

“Mr. Chen, it’s not good for you to take risks on something like this. I’ll send a disciple up first...”

Ji Lianzhan stopped Chen Ping, then looked at a Feitian Sect disciple and said, “Go up, be careful...”

“Yes!” The Feitian Sect disciple walked up the steps step by step!

Everyone held their breath and prepared for emergencies at any time. The Feitian Sect disciple was also very frightened!

But even when I went to the top of the altar, there was no movement on the entire altar!

“What’s on the altar?”

Ji Lianzhan asked the disciple who came up!

But the disciple, as if he was stupid, stared at the center of the altar, as if he saw something that shocked him!

When Chen Ping saw this, he ran up quickly!

Ji Lianzhan and Ji Yun also chased after them with their disciples!

But as soon as Chen Ping stepped onto the altar, he suddenly felt the presence of monsters and beasts all around him. The jungle that was originally empty, not even an ant, suddenly felt waves of terrifying monsters’ scents!

This is too strange. Chen Ping doesn't know where the breath of these monsters comes from. After all, there are no monsters around them at all!

After boarding the altar, Chen Ping and the others were also stunned!

They all looked at the center of the altar, their expressions frozen on their faces. They had never thought that there would be such a thing on a small altar.

Facing the things on the altar, everyone was silent!

After a while, Ji Lianzhan was surprised and said: "This small altar has no spiritual energy fluctuations. I didn't expect that there would be such a terrifying seal..."

"This seal is indeed very powerful, but it seems to have failed."

Chen Ping said!

It turns out that on the altar, there is a rough stone with a diameter of two meters, with complex lines carved on it. At a glance, it looks like a sealing formation!

It's just that everyone doesn't know what kind of thing can be sealed by such a simple altar, and it even uses such a large sealing formation!

Chapter: 5066

This raw stone with the sealing formation engraved on it has already become a bit tattered after years of tempering. The lines on it can only be vaguely discerned, and a general shape can be seen.

If they hadn't seen it with their own eyes, no one would believe that there was a sealing formation on such a simple altar!

The most important thing is that this raw seal stone does not have any spiritual energy fluctuations, just like an ordinary stone, so when Chen Ping and the others were down there, no one noticed it!

A sealing formation without spiritual energy fluctuations would lose its effectiveness on the surface. This is why Chen Ping said that the formation seems to have failed!

After all, no matter what formation, it needs to be driven by spiritual power. Some ancient formations will gradually become weaker due to the consumption of spiritual power, and eventually lose their effectiveness completely!

This is also why some sealing arrays need to be re-injected with power after a few years to maintain the operation of the array!

Obviously, the sealing stone here has been around for many years, and no one has injected spiritual power into it, so it has become invalid!

But Chen Ping wanted to know what exactly needed such a large sealing array on this small island, and it seemed that the sealing array was very complicated.

“Such a stone has some incomprehensible graphics carved on it. Could it be a sealing circle? Is it as magical as you say?”

Ji Yun didn't know anything about magic circles, so he wanted to reach out and touch the original stone!

“Do not move.....”

Chen Ping stopped Ji Yun, “Don't move casually until you fully understand whether this magic circle has failed.”

When Chen Ping said this, Ji Yun was so frightened that he didn't dare to move!

Ji Lianzhan took out the wooden figure from his arms, then formed seals with his hands, and spiritual energy continued to flow towards the wooden figure!

Soon, the wooden man began to move and became more and more flexible!

“Let this wooden man try first to see if there is any danger.”

Ji Lianzhan said, throwing the wooden man away, and then the wooden man turned into a one-meter-long laugh. Under Ji Lianzhan’s command, he walked towards the original seal stone!

“I didn’t expect that Sect Leader Ji also knew the spirit wood transformation technique?”

Chen Ping did not expect that Ji Lianzhan, a sect leader specializing in business, could know this kind of technique. Although he had seen this kind of technique, not many monks knew it!

“Mr. Chen is laughing. I spent a lot of money to buy this. How can I know this? Someone has carved a magic circle on this wooden figure.”

Ji Lianzhan said with an awkward smile!

When Chen Ping heard this, he realized that it turned out that Ji Lianzhan’s wooden figure was just like the sound-transmitting jade slip. It had already been engraved with a magic circle by the magician. When needed, Ji Lianzhan only needed to take it out and use it!

But this kind of thing is definitely not cheap, it is countless times cheaper than the sound transmission jade slip!

Now that Ji Lianzhan has bought things like this, it can be seen that the Feitian Sect is very profitable!

Chapter: 5067

Just as Chen Ping was talking to Ji Lianzhan, the wooden man controlled by Ji Lianzhan suddenly started to shake.

Ji Lianzhan saw this and hurriedly tried to control it, but in the end the wooden man fell apart and turned into a pile of rotten wood!

Seeing this scene, Ji Lianzhan frowned and said, "Is this rough seal stone still powerful?"

He thought that the reason why the wooden man was like this was because the sealing stone was powerful, and it turned into this when he touched it!

Chen Ping smiled and shook his head and said: "Sect Leader Ji, it's not the power of the original stone that was sealed, but you were deceived. The magic circle carved on this wooden figure is not perfect, that's why it happened like this."

"It seems that the guy who sold you a wooden figure is also a half-baked magician."

When Ji Lianzhan heard this, he immediately became angry: "Damn it, you dare to lie to me. I spent hundreds of millions of spiritual coins to buy this. If I see that guy, I will definitely skin him."

"Mr. Chen, what should we do now? How about I send a disciple to try..."

"No need!" Chen Ping waved his hand, then randomly broke a branch from a tree and took it in his hand!

I saw Chen Ping murmuring something, and the branch in his hand actually started to move!

Then, the branches began to twist like a human being, and they jumped from Chen Ping's hand to the original seal stone!

Then, under the control of Chen Ping, the branch jumped back and forth on the original sealing stone, but nothing happened, and the entire altar showed no reaction!

Seeing Chen Ping's method, Ji Lianzhan was filled with admiration. No matter what Chen Ping's strength was, with Chen Ping's surgical method, if he did business in the world of gods and humans, he would definitely make a lot of money!

It's just that Chen Ping is not here to make money in the world of gods and humans. He has no nostalgia for money!

"It should be that the sealing formation has expired. There is no problem..."

Chen Ping waved his hand, and the branch instantly turned into powder.

"I don't think there is any problem. How can there be a magic circle without spiritual fluctuations? Looking at the damage to the original stone, it must have been here for thousands of years, right?"

Ji Yun said, walking up and stroking the original seal stone, nothing happened!

Seeing that Ji Yun stepped forward and touched the original sealing stone without any problem, Chen Ping could be sure that the sealing formation was indeed ineffective!

Otherwise, in order to protect the seal and be destroyed by others, the seal formation will be accompanied by an attack formation. As long as someone touches or intentionally damages it, and the attack formation is activated, people will be injured!

This is also the reason why Chen Ping didn't let Ji Yun touch the original seal stone in the first place!

"It seems like this is an abandoned altar and is of no use at all."

Ji Lianzhan said a little disappointed!

In a place like this, when encountering an altar like this, everyone wants to get some treasures, but now it seems that this is an altar that has been abandoned for a long time!

Chapter: 5068

"It seems we don't want to waste time here anymore, we need to go somewhere else to have a look!"

Chen Ping looked around and saw that there was nothing else on the simple altar, so he left loudly!

But at this moment, Ji Yun, who was touching the original seal stone with one hand, suddenly injected a spiritual energy into the original seal stone!

Buzz.....

It was Ji Yun's action that caused the sealing stone to start shaking instantly, and then a huge force blew Ji Yun away!

"Yun'er..."

Seeing this, Ji Lianzhan jumped up and caught Ji Yun!

At this time, Ji Yun's face was very ugly, and his expression looked a little painful!

"Are you OK?"

Chen Ping looked at Ji Yun and asked!

"It's nothing serious. The power that burst out from the stone just now was so powerful."

Ji Yun said with lingering fear!

"It seems that this sealing formation has not failed, and it looks very strong. The reason why we can't feel the fluctuations in spiritual energy and it looks like an ordinary stone is because the person who set up this formation did this on purpose. ."

"In this way, no one will care about an ordinary stone. This can also be regarded as a kind of protection of the battle method!"

“Master, you are really a master...”

Chen Ping couldn't help but admire the people who set up the formation!

“This sealing formation is deployed here. Could it be that there are some very scary monsters and monsters being suppressed under this altar? Otherwise, why go to such trouble?”

Ji Lianzhan looked at the sealing rough stone that shone with a faint light and said!

Now that Ji Yun had activated this sealing formation unintentionally, the spiritual power fluctuations on the entire sealing stone were very obvious!

Perhaps after they leave, the rough seal stone will return to its status quo, but now the rough seal stone is emitting spiritual energy fluctuations and shining brightly!

“I'm also interested in what's sealed under this altar. Such a powerful sealing formation, if it doesn't seal some monsters and demons, then it's possible...”

When Chen Ping said this, he suddenly stopped and his face became a little ugly!

“Mr. Chen, what is possible?” Ji Yun asked in confusion!

Without saying a word, Chen Ping suddenly took off into the air. His flight on the island would not be affected, so Chen Ping came into the air and overlooked the entire island!

Chapter: 5069

A few minutes later, Chen Ping slowly fell down, his expression even more solemn!

“It's possible that this is just the eye of a sealing array, and this entire island is the real sealing array. The things that need to be sealed are under this island.”

Chen Ping expressed his guess!

When Ji Yun heard this, he was immediately stunned. You must know that although this small island is called a small island, its area is tens of thousands of square kilometers. How could such a large island be a seal formation?

If so, who on earth can set up such a large formation?

The Daluo Jinxian who descended from heaven to earth?

Ji Lianzhan was also startled by Chen Ping's guess. He quickly shook his head and said: "Mr. Chen, your guess is too bold. It's impossible. How could someone set up such a huge seal array, and such a big seal?" Wouldn't it be too scary to try to seal something in a big formation?"

"Maybe I'm overthinking it." Seeing the horrified expressions of Ji Yun and Ji Lianzhan, Chen Ping hurriedly smiled and said!

Now Chen Ping is not sure, but he always feels that this island is very strange, and there is this sudden appearance of the altar!

The entire island is full of weirdness, which makes Chen Ping have to think wildly!

"Mr. Chen, what should we do next? Are we going to break this seal? Maybe what we suppress is not some monster, but some kind of weapon spirit."

"This used to be an ancient battlefield. Many spiritual weapons and artifacts fell here. Even if you get a somewhat broken ancient divine weapon, it's worth it. If you have the weapon spirit, it will be perfect."

Ji Yun asked Chen Ping!

Chen Ping stared at the original seal stone, then shook his head and said: "It's better not to touch this seal yet. If there are some terrifying monsters under this seal, then we are asking for trouble."

“This small island looks like it has been around for countless years. Except for the birds flying in the sky, there is not a single living thing on the ground. This is too weird. It’s better not to move.”

Chen Ping was also a little scared by this weird island and didn’t dare to move around casually!

“Mr. Chen, you’re right. This island is too weird. It’s better not to touch the things on it. We’d better look for the missing people.”

“If you can find them, then find a way to leave this island quickly. I always have a bad feeling!”

Ji Lianzhan did not agree to move the seal. After all, the person who could set up the sealing circle here must not be a mortal. What is really going to be sealed below is a terrifying monster. None of them can escape!

“let’s go……”

Chen Ping shouted to Ji Yun and Ji Lianzhan that they were planning to leave. They did not want to move the sealing circle!

But just when Chen Ping and the others were about to leave, suddenly there was a burst of noisy footsteps not far away.

Everyone was stunned when they heard the footsteps, which proved that someone had also come to the island!

But who he is, they don’t know.

Chapter: 5070

“Could it be that the missing brothers are here?”

At this time, a Feitian Sect disciple said excitedly!

“It shouldn’t be them, everyone, please be careful!”

Ji Lianzhan frowned slightly!

Soon, the noisy footsteps got closer and closer, accompanied by complaints!

“What the hell is this place? It’s full of green trees and the environment is very good, but there’s not even a lifeless thing alive.”

“I’ve been walking all this way, but I haven’t found anything. I even lost two people!”

The sound of cursing and complaining came, causing Chen Ping and Ji Yun to look at each other!

They knew from the voice that the person coming was none other than Zhou Tai!

As Zhou Tai’s figure appeared, more than a dozen people followed him!

These people were all wandering around the island and got together temporarily. After all, Zhou Tai was very powerful and Zhou Tai had a lot of people, so they all centered on Zhou Tai!

“Master Zhou, look ahead...”

Someone suddenly shouted!

“The altar, it’s the altar. There’s an altar here. There must be something good.”

Some people also shouted excitedly!

And there are still people who are about to run towards the altar!

But he was stopped by Zhou Tai!

“Everyone, there is not even an ant on this small island, but an altar suddenly appeared. No one knows whether it is a trap, but I can say it first. No matter what treasures there are here, we all go together, then we must Let’s split it equally, don’t hurt the harmony.”

Zhou Tai said loudly!

“I listen to Mr. Zhou...”

“Of course, we are a group now.”

“When everyone gets together, harmony is naturally the most important thing.”

Everyone agreed!

But no one knows what everyone is thinking!
