

## **The Order 5081**

Chapter: 5081

“Mr. Chen, Mr. Chen.....”

Ji Yun shouted loudly. He didn't pay attention just now, but now Chen Ping is missing!

Zhou Tai was also looking for Chen Ping at this time. Just now he sent someone to take advantage of the chaos to kill Chen Ping!

But now, his people are gone, and so is Chen Ping!

“Master, could it be that the two of them died together?”

A servant of the Zhou family said!

“It's possible, that kid might just jump over the wall and blow himself up.”

Zhou Tai nodded!

After all, there is no trace of Chen Ping now, and there is no news from him, so the possibility of both perishing together is very high!

But at this moment, another group of people arrived, it was Ye Fengqing and others, including the Demon Mountain Ghost Elder!

Looking at the old weapons scattered on the ground, Ye Fengqing frowned and said, “Did a fight just happen here? What happened?”

“Master Ye, there were evil spirits here just now. These dilapidated weapons on the ground are the natural weapons of the evil spirits that were destroyed!”

Zhou Tai hurriedly ran over and said flatteringly!

Although the Zhou family has strength, compared with the Demon Sealing Alliance, it is far behind!

“Evil spirits?” Ye Fengqing was stunned: “Have you destroyed all the evil spirits?”

“That’s it, they all ran into the hole!” Zhou Tai pointed to the bottomless pit, and then told exactly what happened just now!

“The things that can be sealed here must be good things, but I don’t know what is sealed here.”

Ye Fengqing looked into the bottomless pit and felt the gloomy atmosphere coming from inside. Ye Fengqing was very curious, but he didn’t dare to go in rashly!

“Where is Mr. Chen?” Ji Yun, the old man from the Demon Mountain Ghost, asked!

“He was there just now, but when we followed the evil spirits, he disappeared.”

Ji Yun said!

“Gone?” Old Devil Mountain Ghost frowned, and then a very special aura came out of his body!

As the aura spread, Devil Mountain Ghost Lao’s eyes looked towards the bottomless pit!

“Old Ghost, did Mr. Chen fall into that hole?”

Chapter: 5082

Ji Yun asked nervously!

“He probably didn’t fall in, but jumped in by himself. He must have felt it. There must be something good in this hole.”

After the Demon Mountain Ghost finished speaking, he jumped up and jumped down directly!

Regardless of whether Chen Ping is a disciple of Feng Mo or not, there is no way the Demon Mountain Ghost Elder would watch Chen Ping take risks alone!

Seeing the Demon Mountain Ghost Lao jumping down, Ji Yun also started to worry about Chen Ping, so he jumped up and jumped down too!

“son.....”

When Ji Lianzhan saw this, he didn’t care about picking up the broken weapons and chased after him!

Zhou Tai, Ye Fengqing and others looked at the Demon Mountain Ghost Old Man, Ji Yun and the others jumped into it one after another, and they were all stunned at first!

“Master Ye, are these guys desperate for their lives?”

Zhou Tai asked in confusion!

No one knows what is in this bottomless pit. Anyway, those evil spirits came out of it and all went back. If you jump in, you will definitely be attacked by those evil spirits!

“It’s not that they don’t want their lives, but there must be treasures in this cave that are worth the risk for them!”

After Ye Fengqing finished speaking, he jumped down!

When the many monks around him saw this, their eyes were full of greed, and finally they all jumped down!

They came to Mohai to hunt for treasure, hoping to encounter opportunities.

Now that the opportunity has come, how can we give up for the sake of danger?

As many monks kept jumping down, Zhou Tai couldn't help it anymore and jumped down too!

There are only a few monks left on the ground. These people have not been able to overcome their fear and jump into this bottomless pit!

At this time, Chen Ping, who jumped into the cave, could only feel the sound of wind whistling in his ears, and evil spirits were constantly attacking him, but they were unable to hurt Chen Ping at all!

Chen Ping himself didn't know how long he had been falling downwards. Anyway, his eyes were always dark. He could see nothing except the evil spirits that kept passing by, and he didn't know how big the hole was!

Chen Ping suddenly took a breath and wanted to float in the air, explore the situation, and then fall downwards. If he continued like this, he didn't know what dangers there would be!

But when Chen Ping wanted to stop, he realized that he couldn't control the space around him. His body didn't obey his orders at all, and he fell down involuntarily!

Chen Ping was shocked and quickly mobilized his spiritual power to concentrate on his feet, trying to levitate them, but it was useless!

"Forbidden air realm?"

Chapter: 5083

Chen Ping broke out in cold sweat on his forehead!

He knew that it was impossible to fly above the ink sea. There was an inexplicable force holding him back, but there was no such force holding him back on the small island!

But I didn't expect that after jumping into this hole, I couldn't fly again!

There is also that inexplicable force in the cave that restricts Chen Ping and prevents him from flying!

Chen Ping stared downwards with his eyes tightly, his body fell rapidly, and he felt a little panicked!

If he knew there were restrictions, Chen Ping would never have jumped in so recklessly.

Chen Ping tried his best to emit his spiritual consciousness, trying to explore the surrounding situation, but found that even his spiritual consciousness was imprisoned.

Now Chen Ping is like a bird without wings, letting his body fall freely!

All Chen Ping could do at this time was to desperately improve the shield around his body, and use his indestructible golden body to its maximum!

It would be embarrassing if he fell down and was killed!

In this way, Chen Ping held the incense stick for another time, but it still hadn't reached the bottom yet. This made Chen Ping's face full of astonishment. He didn't understand how deep the hole was!

Plop.....

Suddenly, Chen Ping's feet gave way, and then his whole body fell into the water, and huge waves were stirred up! !

Chen Ping emerged from the water, then looked up, and found that the top of his head was completely black, with no light at all, and he couldn't even see the entrance of the cave!

However, there was a faint light above the water surface. With the help of the light, Chen Ping discovered that the water he was in was not jet black, but a light red color, and the water surface was still glowing!

“Isn’t this in the sea of ink?”

Chen Ping was a little confused. After all, the island was on the sea of ink. If he fell from the hole, he might have penetrated the island and fallen directly into the sea of ink!

But looking at the color of this person now, it doesn’t look like the color of the ink sea. After all, the color of the sea water in the ink sea is inky black, and it also has an unpleasant smell!

But the water is light red and looks very clear, and Chen Ping’s body is soaking in the water, and the pores on his body are naturally opened, absorbing the spiritual energy to his heart’s content, and his whole body feels warm!

The water here seems to have a power to cleanse the soul, which makes people’s spirits shocked!

“It’s really strange that this water contains such rich spiritual energy. Where is this place?”

Chen Ping’s eyes were full of surprise. This was not water, it was simply spiritual liquid!

However, even though he felt comfortable soaking here, Chen Ping still swam towards the shore. After landing, Chen Ping saw that the ground was full of fist-sized pebbles!

It looked like a shoal, but he obviously jumped into the hole from the island, how could he land on the shoal?

Chapter: 5084

Could it be that this is the inside of the island and the entire island is hollow?

Chen Ping looked around, and there was no sign of the evil spirits. It seemed that after Chen Ping fell to a certain height, the evil spirits never appeared again and attacked Chen Ping!

At that time, Chen Ping was only thinking about not falling to his death, and didn't care!

Chen Ping tried to emit his spiritual consciousness, but he still couldn't detect it. The whole place seemed to be tabooed!

Chen Ping could only step forward on the cobblestones step by step, hoping to find something!

But as he walked, Chen Ping always felt something was wrong under his feet, so he bent down and picked up a stone and took a look.

Upon seeing this, he was immediately shocked.

What kind of stone is this? It is clearly a skeleton, because it has turned into stone over time!

Looking at the skeletons that had turned into stone on the ground, Chen Ping's scalp couldn't help but feel numb!

With so many skeletons, how many people died?

When I think about this being an ancient battlefield, it seems that none of these dead people are ordinary people!

As Chen Ping continued to move forward, the shapes of many skeletons could be distinguished, proving that no one had disturbed this place for so many years!

Skeletons were criss-crossed, whether they were immortals or demon cultivators, they were all turned into withered bones at this moment!

There are also many animal skeletons among them. These animal skeletons should be mounts. Whether they are immortals or demon cultivators, they all had their own mounts at that time!

Chen Ping couldn't help but sigh. He didn't understand how the war between gods and demons was caused and resulted in such a huge catastrophe!

The demons almost disappeared, and other ethnic groups also suffered heavy losses!

Why is this necessary?

Just when Chen Ping was thinking wildly, he suddenly felt his body tightening, as if there was a strong aura calling him!

This feeling made Chen Ping's heart beat fast, just like the feeling of meeting a girl he likes!

Chen Ping frowned slightly and began to move forward little by little towards his feelings!

Chen Ping didn't know how big this place was. His consciousness couldn't be emitted or detected, and the surrounding light was also very dark. It would be difficult for Chen Ping to see far away!

But just as Chen Ping continued walking for a certain distance, he was instantly stunned by the sight in front of him.

Chen Ping saw that on the ground in front of him, there were countless dragon corpses, entwined with endless dragon aura. This dragon aura could only be felt by Chen Ping!

It was precisely because of this aura that Chen Ping was summoned!

Chapter: 5085

These dragon auras surrounded this area and did not seem to spread out. Deep in Chen Ping's soul, he seemed to hear the roar of a giant dragon in the mass of dragon aura in front of him. The sound seemed to come from It's something that comes from ancient times!

It seems that Chen Ping will be taken to that ancient battle and let Chen Ping visit the battlefield in person!

Chen Ping took a deep breath, suppressed the shock in his heart, and walked step by step into the dragon aura. Standing in front of many dragon corpses, Chen Ping was extremely shocked!

He didn't understand what happened in the war between gods and demons that year, and he didn't understand what happened to the dragon clan, so that so many dragons died in this ancient battlefield!

When Chen Ping stood in the dragon energy, his body began to absorb the dragon energy unconsciously, and the dragon crystal in Chen Ping's body was also flashing crazily!

And while Chen Ping was immersed in it, suddenly a faint white light flashed from the dragon aura, and then the white light turned into the shape of a person!

The human figure became clearer and clearer, and in the end Chen Ping saw that the human figure in front of him was a middle-aged man in his fifties, wearing a white robe, but the white robe was stained with a lot of blood!

What impressed Chen Ping very deeply was that this middle-aged man actually had two dragon horns on his head!

"You...who are you?"

Chen Ping was very surprised when he saw the person in front of him!

"Who am I? Do you still need to ask? Can't you tell, or can't you sense my aura?"

The middle-aged man smiled slightly and said!

Chen Ping was silent, then said: "Are you from the Dragon Clan?"

“Hahaha, that’s nonsense. If you weren’t a dragon, how could you have entered here? How could you possibly have discovered this place?”

The middle-aged man burst out laughing!

“Senior, since you are a dragon, do you know my identity? I also have dragon blood.”

“Do you know who my father is?”

Chen Ping asked excitedly to the middle-aged man in front of him!

The middle-aged man looked at Chen Ping, then shook his head and said, “I don’t know who your father is, but I know that you have the purest and noblest golden dragon bloodline.”

“Maybe it’s God’s will that you get here...”

“Pure? Noble?” Chen Ping was a little confused: “Senior, aren’t the dragons of the same bloodline?”

“How is it possible? You have to know that the nine sons of the Dragon Clan are all different. After tens of thousands or even hundreds of thousands of years of development, the entire Dragon Clan has thousands of major clans, and there are tens of thousands of branch clans below. How can it be possible that they are the same bloodline? .”

“And our dragon clan values bloodline the most. Only the purest and noble bloodline will be respected.”

“And some dragon clan branches, in order to strengthen their own bloodlines, do not hesitate to marry with other clans, making many dragon clan bloodlines more and more complex.”

Chapter: 5086

“Our truly powerful dragon bloodline does not need to marry with any ethnic group, let alone the blessing of the ethnic group.”

“And those dragon clan branches that are not strong enough themselves know that their bloodline is not pure and their practice is restricted, so they marry with other clans in order to seek a breakthrough in their bloodline.”

“Among the bloodlines of our Dragon Clan, the Golden Dragon Clan’s bloodline is the purest. Even if they already have the Dragon Clan’s bloodline, the Golden Dragon Clan has transformed from a snake into a python, from a python into a dragon, and from a dragon into a dragon. They have gone through many hardships and countless hardships. The one who goes through hardships and then transforms step by step is not just relying on his own dragon bloodline to enjoy the success!”

“It is precisely because of the requirements of the Golden Dragon Clan that the bloodline of the Golden Dragon Clan has always remained the purest, and the Golden Dragon Clan is also called the Emperor of Ten Thousand Dragons.”

“The bloodline of the Golden Dragon is the most noble and sacred, so it will not marry with other ethnic groups. Even if it is another branch of the Dragon Clan, the Golden Dragon lineage will not look down on it at all, and it will not tarnish its own bloodline!”

The middle-aged man carefully told Chen Ping the past of the Dragon Clan!

But Chen Ping was a little confused. If his father was from the Golden Dragon clan, but his mother was a human?

If you are not of the Golden Dragon clan’s bloodline, can’t you marry with other clans?

His mother is a human, so the dragon bloodline in him cannot be pure!

Thinking of this, Chen Ping asked doubtfully: “Senior, you said that I am of the Golden Dragon bloodline, the purest bloodline, but my mother is a human being and not of the Golden Dragon clan?”

“What? This is impossible...”

The middle-aged man's face was full of disbelief, and then he waved his hand, and a soft light enveloped Chen Ping's body!

The middle-aged man was exploring Chen Ping's body.

But as the middle-aged man's investigation deepened, the expression on his face began to change!

From initial doubt, to surprise, then to panic, and finally to excitement!

"Hahaha...hahaha...I know, I know..."

"God's will, this is God's will, God will not destroy our Dragon Clan, God will not destroy our Dragon Clan....."

The middle-aged man suddenly went crazy and grew up, and then he knelt down in front of Chen Ping with a thud!

This time, Chen Ping was so frightened that he thought this middle-aged man was crazy!

"Senior, what are you doing? You and I are of the same race. You are older than me, so I should kneel down and worship you."

Chen Ping stepped forward and quickly helped the middle-aged man up!

"You can't kneel down and worship me. I can't bear it. Now I know who your father is."

The middle-aged man said excitedly!

"Who is my father?" Chen Ping looked expectant!

Chapter: 5087

“I can’t tell you, because you need to work hard to explore it yourself. Didn’t I say that the Golden Dragon lineage needs to grow in constant bloody battles and training, and you, as a Golden Dragon lineage, are no exception.”

The middle-aged man shook his head and said!

Chen Ping seemed a little disappointed when he saw that the middle-aged man didn’t tell him, but he was also mentally prepared. After all, many people knew who their father was, but they just didn’t tell him!

“Senior, can you tell me, what is going on in this war between gods and demons? So many people have died, and so many giant dragons in our dragon clan have fallen. Who killed them?”

“When I am strong enough, I will definitely take revenge...”

Chen Ping asked the middle-aged man!

When the middle-aged man heard this, he couldn’t help but smile bitterly: “How could I know the truth about the war between gods and demons? I am just one of the thousands of fallen dragons. Even among the dragons, I am insignificant, let alone this god and demon. There are countless ethnic groups participating in the war, so who am I and how can I possibly know what is going on.”

“But in this battlefield, the death of us dragons has nothing to do with anyone, but is caused by fighting among ourselves...”

“Cannibalize each other?” Chen Ping was stunned for a moment, “How could they kill each other? How could this happen?”

He thought about countless possibilities. Maybe these giant dragons were killed by the demons, but he never thought that it was caused by cannibalism!

“Didn’t I tell you that the Dragon Clan has thousands of major clans and tens of thousands of branches. I don’t know how many major clans want to replace the Golden Dragon Clan.”

“Disputes are definitely inevitable, and there are good and bad dragons. You don’t know it yet, but you will know it when you truly grow up.”

“For example, the Panlong lineage is a arrogant and licentious person, and the Lilong species, a branch of the Panlong lineage, is even more greedy by nature. All he thinks about every day is promiscuity and promiscuity everywhere. It is extremely shameless. Give us the Dragon Clan It’s such a disgrace.”

“If I were to meet a Li dragon species, I would kill them one by one. I would not show any mercy. I would keep killing them all!”

The middle-aged man’s face was full of anger, and his hatred for this Li dragon species could be seen!

Chen Ping also felt his scalp numb when he heard it. He didn’t expect that it would be so complicated among the Dragon Clan!

It seems that no ethnic group can escape the wash of history and eventually fall apart!

Isn’t it like this for human beings? The descendants who were once brothers become more and more estranged as time goes by, and in the end they become strangers, or even enemies!

“Senior, someone has placed a seal here. Is it sealing you?”

Chen Ping thought of the altar seal and asked!

The middle-aged man shook his head and said: “How is it possible? I am just a remnant soul now. I don’t know how long it can last, so why seal it.”

“On this battlefield, there are probably millions of immortals, demons and beasts that have fallen. If I can retain a ray of remnant soul, who can be sure that no one can retain the soul on this battlefield? Who dares? Are you sure there is no one left alive?”

The middle-aged man's words instantly made Chen Ping understand that this sealing formation was not meant to seal a single person, but to seal the entire ancient battlefield!

After all, the people who can appear on the ancient battlefield are by no means ordinary people. If anyone really survives, or his soul is still there, and leaves here, it will be a disaster for the entire heaven and human world!

Chapter: 5088

You must know that these are all figures who would shock the world of heaven and humans with just a single move, no matter who they are!

"Senior, you..."

"Okay, don't ask anymore, absorb the dragon energy here as soon as possible, and then I will give you a gift!"

The middle-aged man began to feel a little dazed, as if he knew that he would not exist for long, so he said to Chen Ping!

When Chen Ping saw this, he nodded quickly, and the dragon crystal in his body opened wide, frantically absorbing the surrounding dragon energy!

Seeing Chen Ping's crazy absorption, the middle-aged man was a little surprised and said: "As expected of the Golden Dragon, it is too strong..."

And just as Chen Ping was frantically absorbing the dragon energy, others also fell from the hole one after another!

It's just that some of the people who fell have become corpses, and were killed by evil spirits in the process of falling!

Some even fell onto the shore and turned into a puddle of meat!

Fortunately, they all fell into the water!

“Senior Ghost, thank you so much. If you hadn’t pushed me, maybe I would have fallen into a pile of pulp.”

Ji Yun gasped for air and said with a look of horror on his face!

When he was falling, he didn’t react at all. It was Demon Mountain Ghost Lao who reacted and pushed Ji Yun, which made him fall into the water!

“Stop talking so much, let’s go find Mr. Chen.”

“I always feel like this place is so weird.”

Devil Mountain Ghost Lao is now worried about Chen Ping’s safety!

Plop, plop.....

Zhou Tai, Ye Fengqing and others also fell into the water!

Looking at the light red sea water below them, many people were a little confused!

They didn’t understand that the water in Mohai was obviously black, but why the water here was light red!

And when soaked in water, spiritual energy is constantly pouring into the body!

Soon, some monks became excited, thinking that they had found the spiritual spring, so they desperately began to absorb it!

Zhou Tai and Ye Fengqing swam to the shore. They were not interested in this spiritual spring. What they were interested in was the treasure!

But when they saw the piles of bones at their feet, their scalps went numb!

Chapter: 5089

No one has ever seen such a scene. How many people must have died before there were so many skeletons!

“This this.....”

Zhou Tai’s face changed, and he didn’t know what to say!

With so many skeletons under our feet, anyone’s heart would tremble!

Ye Fengqing frowned slightly and looked around!

“This is an ancient battlefield. It’s normal to have skeletons. But is this place under the sea or inside an island?”

Ye Fengqing was a little confused, what exactly was this place!

And on this ground, except for piles of bones, there are no treasures!

Even the damaged weapons and magic weapons turned into evil spirits, and they all piled up at the entrance of the cave!

Ye Fengqing walked forward cautiously, intending to explore where exactly this place was.

And Zhou Tai followed Ye Fengqing!

After all, among these monks, Ye Fengqing's strength is considered to be the highest except for the Demonic Mountain Ghost Elder!

If he wanted to survive in a place like this, Zhou Tai knew that he had to hug his thighs!

Some of the other monks were soaking in the water to absorb the spiritual energy, and some also went to the shore and looked around!

Confusion is written on the faces of these people, because here, there is no danger or treasure as they imagined!

"Yun'er, you are too reckless, how could you just jump in?"

Ji Lianzhan found Ji Yun and yelled at Ji Yun with anger on his face.

"Dad, I'm worried about Mr. Chen. Besides, Gui Lao is here. I'll be fine. Gui Lao helped me just now."

Ji Yun pointed at the Devil Mountain Ghost Elder and said!

Ji Lianzhan glanced at Demon Mountain Gui Lao, and then said gratefully: "Thank you, Gui Lao, for saving me. I, the Feitian Sect, am deeply grateful."

"Okay, let's go look for Mr. Chen separately now. As long as we find any trace of Mr. Chen, we will send a message immediately."

After the Demon Mountain Ghost finished speaking, he took out a few jade slips for sound transmission and gave them to Ji Yun and Ji Lianzhan!

Although this sound-transmitting jade slip is simple, it is also expensive. Unexpectedly, the Demon Mountain Ghost can only sell a few of them at a time. It seems to be very rich!

However, they searched for a long time and found no sign of Chen Ping. Chen Ping seemed to have disappeared.

Chapter: 5090

Even Ye Fengqing couldn't find Chen Ping!

In fact, Chen Ping is here, not far away from them. The reason why no one can see it is because an illusion array has been set up outside this group of dragon energy. Except for Chen Ping, who was attracted by the dragon energy, he discovered this area. Where the dragon fell, no one else could see it!

At this time, Chen Ping was trying his best to absorb the rich dragon energy.

The dragon crystal in Chen Ping's body shone brightly, as brightly as the sun!

With this dragon energy, Chen Ping's strength began to improve by leaps and bounds, and the Dantian in his body continued to expand!

Chen Ping knew that this ball of dragon energy could definitely improve his realm!

After all, this ball of dragon energy was released bit by bit from the corpses of thousands of giant dragons that had died!

Chen Ping greedily absorbed the dragon energy and was completely unaware of Ji Yun's search.

He didn't even know that Ji Yun and the others also jumped in!

"What the hell is this place? I walked around for a long time and couldn't see anything. Apart from skeletons all over the place, what else is there?"

Ji Yun was a little angry!

After searching for a long time, I couldn't even see Chen Ping's shadow, and the place was huge. If you wanted to find someone, you would undoubtedly be looking for a needle in a haystack!

"I feel that Mr. Chen should be nearby, and he is still with us. He has the blood of the demon clan, and he can also use the Holy Light Fist, so I can sense a trace of Mr. Chen's aura!"

"It's just that the breath is too weak, so I can't determine the location, but one thing is certain, that is, Mr. Chen is still alive."

"If he dies, I won't be able to sense his breath anymore."

Devil Mountain Ghost Lao said slowly!

Hearing what the Demon Mountain Ghost said, Ji Yun felt relieved. Since Chen Ping was fine, that was fine!

After all, Chen Ping came here for himself. If something happened to Chen Ping, Ji Yun would feel guilty!

There are no treasures here, only corpses all over the ground, and there are taboos. There is no way to fly. If they can't find a way out, they will be trapped and die here!

Fortunately, there are no evil spirits here, and there are spiritual springs that can absorb spiritual energy, so there was no commotion. Otherwise, with so many people trapped here, there would have been chaos!

Three days later.....

Chen Ping quietly swallowed the last trace of dragon energy. Although Chen Ping has been absorbing spiritual energy and his strength continues to improve, his realm is still at the fifth level of the Fusion Realm!

Chen Ping is not in a hurry, this is Chen Ping's deliberate suppression. At this time, he has reached the peak of the fifth level of the Fusion Realm. As long as he needs it, he can be promoted to the sixth or even seventh level of the Fusion Realm at any time!

Because of the dragon crystal, the dragon energy is stored in the dragon crystal. It seems that Chen Ping's level has not increased, but his strength has improved a lot!
