

The Order 5091

Chapter: 5091

“Are you deliberately suppressing your own realm?”

The middle-aged man looked at Chen Ping and asked slowly!

“I just don’t want to be too exposed. I came in at the fifth level of the Fusion Realm. If I were suddenly promoted to the sixth or even seventh level of the Fusion Realm at this time, I believe someone would be curious about what I got here!”

“If this happens, then I will become the target of everyone’s attack...”

Chen Ping smiled slightly and said!

“Yes, you are brave and resourceful. It only took you three days to absorb such a huge amount of spiritual energy. You can indeed be called the head-turner of our dragon clan.”

“Now that you have absorbed the dragon energy, I can take you to see your gift!”

After the middle-aged man finished speaking, he turned around and walked towards the spiritual spring!

Chen Ping stood up and saw many monks around him, including Demon Mountain Ghost Elder and Ji Yun!

Chen Ping had been practicing, so he didn’t know about the arrival of these people. Now he was a little surprised to see so many people around him!

Could it be that these people were always around me when I was practicing?

Chen Ping was full of doubts, why could these people seem so close to him that they couldn’t see him?

Seemingly sensing Chen Ping's doubts, the middle-aged man smiled and said, "These people are your friends, right? I've been looking for you for several days, but it's just impossible for them to see you."

"Did senior set up a magic array here so they couldn't see me?" Chen Ping asked curiously!

"Illusion array?" When the middle-aged man heard this, he burst out laughing: "How can I use the illusion array as a child's play? Moreover, it is just a trick. No matter how powerful the illusion array is, it is just a trick to charm the mind. That's all, it's just a cover-up!"

"This is a space spell. Although you and these people are in the same space at the same time, they are not in the same dimension, so they can feel your breath, but they cannot see you."

"This is not a trick, nor is it a trick to charm people's minds. It's because they really can't see you."

The middle-aged man's explanation instantly reminded Chen Ping of the secret realm in the secular world. Wasn't that secret realm created by immortals using magic?

"Senior, your space magic is so powerful..."

Chen Ping flattered him, saying that the senior dragon clan in front of him must be a fairy dragon level figure!

Seeing Chen Ping praising himself, the middle-aged man smiled bitterly: "Don't flatter me, this is the lowest level of space magic. Really advanced magic can open up the world, and even create a brand new world."

"I just changed this small area to another dimension so that people can't see us. How awesome is this."

"When you grow up, you will understand what is truly great..."

After hearing what the middle-aged man said, Chen Ping was a little embarrassed. After all, his current strength, in the eyes of immortal-level figures, was no different from that of an ant!

Chapter: 5092

But when he thought that after becoming powerful, he could open up the world, or even create the world, Chen Ping's heart was filled with excitement!

If he could really be that powerful, then he would create a world where he could bring all the women around him!

In that world, he is the master, and he will not have these annoying things anymore!

He can then enjoy himself with his woman in peace and contentment!

Just when Chen Ping was immersed in his reverie, the middle-aged man smiled and said: "Stop thinking about it. The first priority is that you should practice well and play with women as little as possible. Don't think that becoming an immortal is easy."

"Don't think that you can do whatever you want after becoming an immortal. You know that any immortal who can open up the world and create the world has not gone through hundreds of thousands of years of training!"

"You'd better think about it. I found that among these people, some seem to be hostile to you and want to kill you!"

The middle-aged people are talking about Ye Fengqing and Zhou Tai!

"Senior, don't worry. With my current strength, I'm not afraid of them, because I can break through the realm at any time, and the thunder catastrophe I will trigger will be enough for them to endure."

After absorbing the dragon energy, Chen Ping became very confident and was no longer afraid of Ye Fengqing!

If Ye Fengqing dares to cause trouble, he doesn't mind killing him!

What's more, there is also the Demon Mountain Ghost. Chen Ping believes that Ye Fengqing wants to kill him. There is no way that the Demon Mountain Ghost will just sit idly by!

"Let's go. My remnant soul may not be able to hold on for long, but if I can see you before it dies, it's not in vain that I've been holding on for thousands of years!"

After the middle-aged man finished speaking, he walked into Lingquan step by step!

"Senior, how come there is such a spiritual spring in this dark sea of ink, and it is still trapped under the island? It's really strange..."

Chen Ping also followed in, but looking at the light red spiritual spring water, Chen Ping asked in confusion!

"Spiritual spring?" The middle-aged man was stunned, then looked at the light red water, and couldn't help but smile bitterly: "What kind of spiritual spring is this? It was formed by the blood flowing out during the war."

"The reason why it turns light red now is because of the passage of time. These are blood, not spiritual springs!"

"Made of blood?"

Chen Ping's eyes widened and he was immediately confused!

Looking at the light red sea water in front of me, it turns out that it is all blood.

At this time, Chen Ping imagined the tragic scene at that time, with swords and swords flashing, spells flying, and various magic weapons colliding with each other!

People kept dying, and blood spewed out from their bodies!

Slowly, the blood gathered together and became the spiritual spring that it looks like now!

Chapter: 5093

“Is this a real river of blood?”

Chen Ping was filled with emotion!

After knowing that these were all made of blood, Chen Ping became a little heavier when walking in the water!

The middle-aged man slowly dived into the water. Seeing this, Chen Ping hesitated for a moment and dived in too!

In the water, Chen Ping followed closely behind the middle-aged man!

He didn't know how long he had been diving, but a piece of milky white stuff appeared in front of Chen Ping!

Chen Ping looked closely and found that it turned out to be a huge egg!

This egg is extremely huge, with endless lines on it, exuding terrifying power!

“Senior, the gift you want to give me won't be this egg, right?”

Chen Ping looked at the middle-aged man in confusion!

“Yes, this is my gift to you. Do you know what kind of egg this is?”

The middle-aged man asked!

Chen Ping shook his head, and then approached the huge egg, wanting to reach out and touch it, and then use his spiritual consciousness to feel what was going on inside!

When the middle-aged man saw this, his expression suddenly changed, and he hurriedly pulled Chen Ping back.

“Buzz...”

The huge egg suddenly emitted a ray of light, and the runes on it began to flicker. A burst of breath came and hit Chen Ping hard!

boom.....

There was a huge wave in the entire spiritual spring. Chen Ping felt his body light up and fell out, with blood overflowing from the corner of his mouth!

The middle-aged man’s figure flickered and almost disappeared into ashes!

Chen Ping’s eyes were full of horror. He didn’t expect that the egg in front of him could be so powerful!

“What kind of animal’s egg is this? How can it be so powerful?”

Chen Ping asked in confusion!

“This is not the egg of any animal. It was conceived in this pool of blood for thousands of years. I don’t know what’s inside!”

The middle-aged man explained!

Chapter: 5094

When Chen Ping heard this, he was speechless for a moment. The middle-aged man didn't know what love was, and he gave it to him as a gift?

How to get this gift?

"Then how do I get this gift?"

Chen Ping said speechlessly!

"Now you only need to break the runes on it to get this giant egg. This is also a gift from me. If I didn't bring you here, how would you know there would be a giant egg here?"

"And let me tell you, there are many people who are interested in this dome. Don't think that everything is peaceful here. It's just that many people are hiding in their own space."

"The vibration caused by your touching the dome just now will definitely wake up others, so you have to find a way to break the runes on the dome as soon as possible."

The middle-aged man said to Chen Ping!

Chen Ping looked at the dome in front of him and instantly used his dragon-slaying sword, intending to forcefully break the rune!

The dragon-slaying sword shone with light, and then the sword stabbed through!

"boom....."

This time, Chen Ping was well prepared, but the runes on the dome still flashed, causing Chen Ping to fly backwards again!

Blood spurted from Chen Ping's mouth, and he dropped the Dragon-Slaying Sword in his hand!

"If it can be broken open by force, how could this dome exist for so long? Don't expect it to be broken open by force. You should think of other ways."

The middle-aged man warned Chen Ping!

Chen Ping looked at the dome in front of him calmly. He couldn't understand the runes on it. At this time, Chen Ping missed the flax a little!

This guy is a master of spells. He is much better than me in terms of experience and experience in spells!

It's a pity that Hu Mazi didn't come with him in the secular world!

After studying for a long time, Chen Ping still couldn't figure out how to break the runes on it!

"This is wrong. If this is a thing born from heaven and earth, how could there be runes engraved on it? Is this obviously man-made?"

Chen Ping suddenly thought of something!

If this blood pool has gone through thousands of years, it is possible that such a giant egg was born. After all, the owners of these blood are not ordinary people!

But even if the dome was conceived, there would be no runes engraved on it. This was obviously engraved by someone later!

"Hahaha, I just praised you for being brave and resourceful, but now I see this, you are really stupid."

Chapter: 5095

Suddenly, the middle-aged man burst out laughing!

Seeing the middle-aged man's appearance, Chen Ping knew that he had been tricked. The runes on it must have been written by the middle-aged man!

"Senior, I was almost killed by the backlash just now. You are too cruel..."

Chen Ping was speechless for a while.

"If the majestic golden dragon's true form is killed by this little power, it will be your life!"

After the middle-aged man finished speaking, he waved lightly, and the lines on the dome slowly disappeared!

Seeing that the lines disappeared, Chen Ping breathed a sigh of relief and planned to step forward to explore what was inside the dome!

"Don't move. Although there are no runes, this giant egg was born from heaven and earth, and it cannot be touched easily."

"The reason why I carved the runes on it was so that others could secretly take the dome away."

"Now try to integrate yourself into this dome and see if you can absorb and fuse the things in the dome!"

The middle-aged man said to Chen Ping!

"You want me to fuse with this dome?" Chen Ping looked surprised: "If there is someone to blame here, wouldn't I also become a monster?"

Chen Ping doesn't want to become a monster, otherwise his woman will run away!

“What are you thinking about? No matter what is inside, it is just an embryo. After all, it has not yet formed. The purpose of letting you fuse is to get the energy of this dome, not to turn you into a monster!”

“I’m just a wisp of residual soul, I can’t fuse it, and the only people who can survive here are souls and spirits. I can’t fuse it with this giant egg, otherwise it won’t be your turn!”

The middle-aged man said speechlessly!

When Chen Ping heard this, he felt a little embarrassed and said: “Senior, I’m sorry, I have too many women. If they turn into monsters, they will all run away.”

“I’m going to fuse right now...”

After Chen Ping finished speaking, a few drops of blood essence instantly condensed between his eyebrows, and then Chen Ping dropped these drops of blood essence on the giant egg!

These few drops of essence and blood gathered Chen Ping’s energy and spirit into one body.

When the blood essence approached the dome, a strong suction force instantly sucked Chen Ping’s blood essence into it!

“Buzz...”

Chen Ping’s mind felt stabbing pain for a moment, but Chen Ping gritted his teeth and endured the severe pain. A ray of Chen Ping’s soul concentrated on the blood essence and slowly entered the dome!

There was a terrifying pressure in the dome, and Chen Ping’s body began to tremble violently!

Chapter: 5096

It's not that easy to fuse such a terrifying dome!

If Chen Ping's soul is not strong enough, it will probably be counterattacked!

But it seems that the middle-aged man is not worried at all.

"Hold on, the golden dragon bloodline will not be so fragile. Even if it is a spiritual creature bred by heaven and earth, how can it be worth the golden dragon bloodline!"

The middle-aged man encouraged Chen Ping!

"Roar....."

Suddenly, a huge roar came from Chen Ping's mind. The roar almost shattered the galaxy. It was so terrifying!

Zhe Yan, who was in Chen Ping's sea of consciousness, was lying on the ground miserably, suffering in pain!

Chen Ping was also suffering at this time, his eyes became blood red, and he looked a little scary!

The low roar continued, as if it wanted to shatter Chen Ping's soul and eliminate Chen Ping directly!

It can be seen that this dome seems to understand that someone wants to melt it, so it is resisting!

Chen Ping's heart was extremely shocked at this moment. It was just a giant egg now, but it had such power that it almost shook his soul away. If this was born, what kind of terrifying monster it would be!

By then, I'm afraid the entire world of heaven and humans will be wiped out!

Chen Ping gritted his teeth and still let his soul attach to the blood essence. Then Chen Ping's soul absorbed the energy inside the dome!

At this time, Chen Ping's spirit followed Chen Ping's body, and seemed to have an energy chain, transporting the energy in the dome outwards!

Just when Chen Ping was struggling to integrate the dome, the huge wave caused by just touching the dome finally broke out!

Rumble.....

Suddenly, huge waves rolled over, knocking over all the monks who were absorbing spiritual energy in the spiritual spring!

Then, waves of shocking spiritual energy surged towards the surroundings!

"What's going on?" Everyone looked at Lingquan who was very calm just now in shock!

As the huge waves rolled, a thunderous sound suddenly sounded in the originally calm mid-air!

A black mist is quickly filling the air, shrouding everyone!

At this time, everyone was a little panicked, thinking that it was the evil spirits that had gathered and now came down to kill them!

Many people began to escape, but in this place, there was no way to escape!

Chapter: 5097

"Hmph, it's just an evil spirit, why should you scare me like this..."

Ye Feng snorted coldly, his face full of disdain!

Even if these evil spirits come down, what will happen?

The strength of the evil spirits is too low to cause harm to them!

But soon, Ye Fengqing felt something was wrong, because there seemed to be a glimmer of light in the black mist, and then he saw a strange-shaped beast, with a dazzling light emitting from the top of its head!

“This is not an evil spirit, this is not...”

Seeing this, Zhou Tai shouted loudly!

When Demon Shan Gui Lao and others saw this weird beast, their eyes widened and they looked very surprised!

“What kind of monster is this? It looks too scary...”

Ji Yun said with a panicked look.

I saw this monster with a light on its head, a long mouth, like an eagle’s beak, a pair of wings that kept flashing, creating waves of hurricanes, and its identity was covered with silver feathers!

“This is the ancient silver-feathered eagle. Why is there such an ancient beast here?”

After Demon Mountain Ghost saw the appearance of the monster clearly, he shouted in surprise!

He has seen the introduction of this kind of beast from ancient records. This kind of beast is very ferocious. It lives on the top of Lingshan Mountain and will never go anywhere else!

But many monks captured this silver-feathered eagle, and then tamed it to become pets and mounts!

But Lingshan is in the heavenly realm, so how could such a silver-feathered eagle appear in the heavenly realm?

Generally, if there is a silver-feathered eagle, there must be the owner of the silver-feathered eagle around!

While Devil Mountain Ghost was deep in thought, the silver-feathered eagle had already launched an attack on Ye Fengqing, Zhou Tai and others!

“Damn it, why do so many people attack us?”

Zhou Tai cursed angrily and started to run away!

Ye Fengqing also looked a little nervous, but he did not run away. Instead, he ducked away the moment the silver-feathered eagle flew over!

Seeing that Ye Fengqing had dodged his attack, Silver Feather Eagle just glanced at it, and then moved towards Zhou Tai!

Zhou Tai began to run away desperately, and the silver-feathered eagle made a strange scream. The monks kept screaming and falling down, and then there was no residue left after being swallowed by the silver-feathered eagle!

“Quick, stop it, stop it...”

Chapter: 5098

Seeing this, Zhou Tai quickly ordered the servants of the Zhou family to stop Silver Feather Eagle.

But in this situation, who cares? The servants of the Zhou family were also trembling with fear.

“Master Ye, help me, help me...”

Zhou Tai could only follow Ye Fengqing to ask for help, but Ye Fengqing didn't seem to hear him!

There is no way he would risk it for Zhou Tai!

At this time, Zhou Tai was dumbfounded. He thought that if he was a lackey behind Ye Fengqing, Ye Fengqing could help him!

Now it seems that he is overthinking it!

Seeing that he had no way to escape, Zhou Tai could only stop and glare at the silver-feathered eagle, his face filled with ice!

“Beast, why are you chasing me? Are you bullying me for being honest? I will fight with you today...”

Zhou Tai's aura at the peak of the Fusion Realm began to burst out.

As Zhou Tai's aura exploded, traces of blood in his body were forced out of his body, and then condensed into a blood bead in front of him!

Zhou Tai's body began to wither quickly, as if the blood in his body had been completely drained. There was blood mist around him, which continued to condense into blood beads!

“What is this Zhou Tai going to do?”

When Ji Yun saw this, his eyes were full of disbelief!

“He is saving his life...” Devil Mountain Ghost Old Man smiled lightly!

Then I saw the countless blood beads condensed into a human shape, which actually looked very similar to Zhou Tai!

And the aura on his body is exactly the same!

And Zhou Tai's body was like a shriveled balloon, and then collapsed to the ground!

Sure enough, this move deceived the silver-feathered eagle, and the silver-feathered eagle rushed towards the bloody man!

Bang.....

With a loud noise, the bloody man exploded, and a blood mist floated all over his head and filled the surrounding area!

The silver-feathered eagle plunged into the blood mist, and its silver feathers instantly turned blood red!

The silver-feathered eagle turned into blood red and became even more terrifying. Many monks smelled the thick bloody smell and saw the terrifying appearance of the silver-feathered eagle. They were all trembling with fear!

However, the silver-feathered eagle was not attacking anyone else, it seemed to be targeting Zhou Tai!

Chapter: 5099

After being covered in blood, the silver-feathered eagle rushed into the light red blood pool and disappeared in an instant!

"Why does this monster only attack Zhou Tai?"

Ji Yun was very puzzled when he saw this!

Demon Mountain Ghost Elder seemed to see something, and smiled faintly and said: "This beast must have smelled the life-saving skills on Zhou Tai, so he went after Zhou Tai."

"Didn't you see it deliberately rushing into the blood mist, and after getting its whole body stained with blood, it rushed into the spiritual spring in front of it? There is probably something in this spiritual spring."

When Ji Yun heard this, he immediately laughed. The Zhou family's life-saving skills were really strange, and now they were directly targeted by monsters. Zhou Tai was probably very depressed at this time!

After the monster rushed into the spiritual spring, Zhou Tai, who had a shriveled body, stood up slowly. He seemed much older and his breath became weak, but his life was finally saved!

"Damn, you're so fucking evil, why are you attacking me alone..."

Zhou Tai spat hard, feeling very angry!

Many people couldn't help but laugh secretly when they saw this, but more people started to worry!

If there are a few more monsters like this trapped here, they will be waiting to die!

I originally wanted to come down here to hunt for treasures, but now I haven't found any of them, and I'm risking my life here!

At this time, Chen Ping was still absorbing the energy of the dome, but Chen Ping didn't know it yet, but his body had become weak and seemed to disappear at any time!

The shell of the dome began to become transparent. Finally, Chen Ping saw that the entire dome seemed to be a chaotic world. Slowly, he could see clearly. The egg white and yolk inside the dome could also be clearly distinguished. !

In the egg yolk area, there is a vague figure floating inside!

And around the figure, there are eight looming energy chains, pulling on the figure, continuously transporting the energy in the dome towards the figure!

Soon, the figure became clearer and clearer, and in the end, Chen Ping was surprised to find that the figure inside the dome turned out to be himself!

Chen Ping was horrified in his heart. He instinctively wanted to look at the middle-aged man and ask what was going on!

But the moment he turned his head, he felt his eyes go dark. When he opened his eyes, he found that he was in the dome!

The body seems to be imprisoned, like being trapped in a cage!

Chen Ping panicked and began to struggle.

“Don’t move, the fusion will be completed soon. If you move erratically, wouldn’t it be a failure!”

The middle-aged man’s voice appeared in Chen Ping’s mind!

When Chen Ping heard this, he immediately stopped moving and stayed quietly, feeling the constant influx of energy around his body!

Chapter: 5100

And Chen Ping’s indestructible golden body activated itself, and pieces of golden scales covered Chen Ping’s body!

The egg liquid in the dome wrapped Chen Ping’s body, causing Chen Ping’s body to undergo qualitative changes, and even his indestructible golden body became more and more dazzling!

At this time, Chen Ping felt extremely comfortable, like a baby lying in his mother's arms.

But when he thought about being in a dome and finally breaking out of it, Chen Ping felt a little too outrageous!

Buzz.....

Suddenly, the dome shook, and then the middle-aged man's expression instantly became nervous!

And Chen Ping also saw a huge wave rising outside the dome!

It's obvious that someone is coming here quickly and breaking through the spatial dimension.

"Someone is coming. No matter what happens, don't move..."

The middle-aged man reminded Chen Ping!

Chen Ping nodded and could only look outside quietly through the eggshell!

Soon, a huge monster rushed over, its body full of blood!

Chen Ping had never seen this kind of monster before. Its sharp mouth looked like an eagle!

After the middle-aged man saw the monster, his brows relaxed and his expression was no longer nervous!

When the monster arrived in front of the middle-aged man, it transformed into a human form and stood opposite the middle-aged man!

“Silver Feather Eagle, you are just a mount. Your master is dead. Do you still want to take advantage of this dome?”

The middle-aged man said with disdain!

“You are just a remnant soul now. Even you are interested in this dome. Why can't I?”

Silver-feathered Eagle asked coldly!

“What a joke, who do you think you are, worthy of being compared with our dragon clan?”

“Don't think that being infected with human blood can cover up your inferior blood. With blood like yours, you are only worthy of being a mount.”

“This giant egg is a product of heaven and earth. How can a lowly beast like you get your hands on it?”

“Besides, you're too late. This dome already belongs to our Dragon Clan. If you don't believe me, you can look inside.”

The middle-aged man said with a sneer!
