

## **The Order 5101**

Chapter: 5101

Silver Feather Eagle was filled with anger after being scolded, but when he saw Chen Ping's figure in the dome, he suddenly became surprised!

"Someone actually wants to fuse this dome, and I won't let him succeed."

After saying this, the silver-feathered eagle turned back into a giant eagle and roared!

The middle-aged man's expression was extremely indifferent. When he saw the silver-feathered eagle attacking him, he didn't even dodge!

Suddenly, one of the silver-feathered eagle's wings struck the middle-aged man hard!

The middle-aged man's body flew backwards instantly!

In the process of flying out upside down, the middle-aged man's body became more and more nihilistic!

When Chen Ping saw this scene in the dome, he instantly became nervous and angry!

"Don't move. This remnant of my soul won't exist for long. Even if the silver-feathered eagle doesn't do anything, I will disappear soon."

"Integrate slowly, don't be nervous, our dragon clan's future hopes will probably rest on you."

The middle-aged man's voice rang in Chen Ping's ears!

And his body became lighter and lighter, and finally disappeared completely!

After the silver-feathered eagle knocked the middle-aged man away, it grabbed its claws directly towards the dome!

He wanted to scratch the eggshell and get Chen Ping out of it!

Although a lot of the energy in the dome has been integrated by Chen Ping, it can swallow Chen Ping directly to obtain the energy in the dome!

Bang bang bang.....

The huge talons of the silver-feathered eagle kept flapping on the eggshell!

The seemingly fragile eggshell did not break at all under the slap of the silver-feathered eagle!

Chen Ping saw that the silver-feathered eagle couldn't break the eggshell at all, so he calmed down and fused it quickly!

And the silver-feathered eagle became frantic, exerting all its strength at every turn!

Soon, the silver-feathered eagle seemed to have no strength and could only stand in the dome, looking at Chen Ping inside through the transparent eggshell!

The silver-feathered eagle looked at Chen Ping coldly, with a silvery glow in his eyes, like a silver sword piercing Chen Ping!

The silver-feathered eagle was waiting, waiting for the moment Chen Ping broke out of his shell, and it swallowed Chen Ping directly!

Click...

Chapter: 5102

Suddenly, there was a slight sound, and the hard eggshell of the dome began to crack a tiny crack!

The silver-feathered eagle's eyes widened instantly, and two rays of light shot out from the silver eyes.

Kakakaka.....

Two rays of light hit the eggshell, causing the eggshell to break open much faster!

Chen Ping was staying inside the dome at this time, holding the dragon-slaying sword in one hand, waiting quietly to rush out and fight with the silver-feathered eagle!

Wow.....

Finally, the eggshell was completely broken, and Chen Ping rushed out immediately, his indestructible golden body exuding a dazzling golden light, and the dragon-slaying sword in his hand slashed towards the silver-feathered eagle!

“call.....”

Although he was in the water, Chen Ping was also very fast!

When the silver-feathered eagle discovered that Chen Ping was just a weakling at the fifth level of the Fusion Realm, his eyes were filled with disdain!

Although its main body has long since died and its strength has been greatly reduced, it is still more than enough to deal with a weakling at the fifth level of the Fusion Realm!

Even Zhou Tai, a monk at the peak of the Fusion Realm, had no choice but to run for his life in front of the Silver Feathered Eagle!

The silver-feathered eagle did not dodge, and did not even bother to move its body. Its huge eagle beak directly hit Chen Ping's Dragon-Slaying Sword!

Seeing how powerful the silver-feathered eagle was, Chen Ping was instantly happy. Just when the dragon-slaying sword was about to hit the eagle's beak, Chen Ping suddenly burst out with the power of a divine dragon, and the dragon crystal on his chest went crazy. 's start flashing!

“boom.....”

The dragon energy originally stored in the dragon crystal exploded instantly. Chen Ping's dragon power suddenly increased several times, and the dragon-slaying sword stood heavily on the eagle's beak!

The huge force instantly knocked the silver-feathered eagle flying out!

Silver Feather Eagle originally thought that Chen Ping was a weakling at the fifth level of the Fusion Realm, so he didn't care, but this time, he suffered a big loss!

While knocking the silver-feathered eagle away, Chen Ping jumped up and rushed out of Lingquan!

Chen Ping knew that this silver-feathered eagle suffered a loss because of his carelessness, not because he was not strong!

If he were to fight with the silver-feathered eagle in the water now, he would be at a disadvantage, so Chen Ping had to rush out first!

Chen Ping's body rushed out instantly like an arrow leaving the string. After leaving the water, Chen Ping's body was still rushing upward!

Only then did Chen Ping know that the restrictions here had no effect on him and he could fly!

And just after Chen Ping rushed out of the water, the silver-feathered eagle became angry and chased him out!

Chapter: 5103

Chen Ping flies in front, and the silver-feathered eagle chases behind!

The other monks were still looking for a way out, but were shocked by this sudden change!

“Mr. Chen, that’s Mr. Chen...”

Ji Yun found that Chen Ping rushed out of the water, and then shouted loudly!

But when he saw the silver-feathered eagle chasing Chen Ping from behind, he immediately panicked!

Devil Mountain Ghost Lao also noticed it and jumped up to help Chen Ping!

It’s a pity that the restrictions here made the Devil Mountain Gui Lao’s body fall quickly after he jumped up. He was unable to fly at all, and there was no way to save Chen Ping!

At this time, the Demon Mountain Ghost also panicked. He could only look up at the sky and shouted loudly: “Mr. Chen, come down quickly. Let’s work together to deal with this monster.”

However, Chen Ping couldn’t seem to hear it, and his body flew higher and higher!

However, when Ye Fengqing and Zhou Tai saw this scene, they both smiled proudly!

“Hahaha, just now this beast was only chasing me, now he’s chasing this evil pen...”

Zhou Tai laughed loudly, feeling relieved at last!

When Zhou Tai just finished speaking, he instantly felt cold eyes coming towards him!

Zhou Tai saw that Ji Yun and the Demon Mountain Ghost boss were looking at him with murderous intent!

This shocked Zhou Tai and he quickly shut his mouth!

Now that his strength is damaged, he doesn't dare to fight!

What's more, there is Demon Mountain Ghost Lao here. Even if he and his men plus Ye Fengqing are no match for Ji Yun, Ji Lienhan and Demon Mountain Ghost Lao!

Chen Ping flew higher and higher, and even flew towards the entrance of the cave!

You must know that the entrance to the cave is full of evil spirits. If Chen Ping flies up like this, there will be evil spirits above and a silver-feathered eagle below. He is being attacked from both sides!

"Mr. Chen, come down quickly, come down quickly..."

Ji Yun shouted with all his strength, but it was of no use. Chen Ping seemed unable to hear him!

Everyone could only watch Chen Ping flying higher and higher. Everyone could only see a glimmer of light, rising higher and higher!

The silver-feathered eagle chased Chen Ping closely from behind, with anger bursting from his eyes!

The sword just made the Silver-Feathered Eagle furious, and it decided to cut Chen Ping into pieces!

Chapter: 5104

The indestructible golden body on Chen Ping's body emitted a dazzling light, and the dragon energy in the dragon crystal began to spread within his body!

Chen Ping's Dantian area is quietly changing!

This is Chen Ping preparing for a breakthrough!

Chen Ping now has an indestructible golden body, so he is not afraid of those evil spirits at all. Even if he stands still at this moment, those evil spirits will not even think of hurting him at all!

As for the silver-feathered eagle, Chen Ping planned to use his tribulation thunder to kill the silver-feathered eagle!

Although Chen Ping was at his weakest when overcoming the tribulation, this was just the right time to trick the silver-feathered eagle into rushing into the range of the tribulation thunder!

Chen Ping is gambling this time, and it can be considered a big gamble!

If fighting alone, Chen Ping's current strength is not the opponent of the ancient mount Silver Feather Eagle. Even if the Silver Feather Eagle loses its body, it is not something Chen Ping can handle!

Rumble.....

Suddenly, dark clouds gathered in the sky, and lightning flashed!

Feeling the thunder clouds appearing in the sky, Chen Ping felt extremely calm. After experiencing countless thunder clouds, Chen Ping was no longer afraid of the thunder clouds!

It's just that this time the power of thunder in the Thunder Tribulation Cloud doesn't seem to be very powerful!

Chen Ping couldn't help but frown, and then he exploded all the dragon energy in the dragon crystal, and even the fused dome energy, Chen Ping had no reservations!

Chen Ping plans to break through several realms at once. In this way, the power of the thunder tribulation will be many times greater!

But this is also the highest risk!

After Chen Ping burst out all his energy, the aura on his body reached the peak of the eighth level in the blink of an eye.

You must know that every time Chen Ping improves to a small level, the resources and spiritual energy required are very terrifying. This is why Chen Ping's improvement speed is very slow!

As his realm gets higher and higher, the resources and spiritual energy Chen Ping needs to improve his realm will be dozens or even hundreds of times that of others!

And this time, Chen Ping jumped directly from the fifth level of the Fusion Realm to the peak of the eighth level of the Fusion Realm. This terrifying improvement is enough to show how terrifying the dragon energy and the energy in the dome are!

It would be easy for an ordinary monk to absorb so many resources and directly improve to a large realm!

Chen Ping felt a burst of excitement in his heart. If he hadn't followed Ji Yun to Mohai this time, he wouldn't have had this adventure, and he wouldn't have been promoted to several realms at once!

If he only relied on some fairy herbs and elixirs, it would probably take years and months for Chen Ping to reach the peak of the eighth level of the Taoist Body Realm!

Now Chen Ping has discovered that some of the resources left behind by the heavens are of greatest help to his improvement of realm!

The ice soul fragments, the current dragon energy, and the giant egg bred by heaven and earth!

Chapter: 5105

These are not things from the world of heaven and humans, they were all left behind during the war between gods and demons!

And these things are really helpful to Chen Ping's cultivation!

Thinking of this, Chen Ping decided to wander around the world of heaven and humans more often, looking for those forgotten ancient battlefields to see if he could find resources!

As Chen Ping's realm improved, the thunder clouds surged in the air, and the condensed power also became stronger!

There were dark clouds over the entire island, and it was dark below!

The people who stayed on the island and on the spiritual boat looked at the thunder clouds that suddenly appeared in the sky, and all of them looked frightened!

They didn't understand who could break through and trigger such a terrifying thunder cloud!

The water in Mohai was also affected at this time, rolling violently, as if the end was coming!

Rumble.....

Thick lightning bolts shuttled through the thunder clouds, and the terrifying aura kept rising, and they might strike down at any time!

Thunder Tribulation Cloud continues to condense thunder and lightning, planning to blast the most powerful blow!

Chen Ping's body was still like a shooting star, rushing upwards quickly!

The silver-feathered eagle desperately chased after him, with a determined attitude!

And those evil spirits also launched an attack on Chen Ping. Countless evil spirits enveloped Chen Ping, but they could not cause any substantial harm to Chen Ping!

The power of the indestructible golden body kept these evil spirits away, not to mention that Chen Ping's body was even stronger at this time. Even without the indestructible golden body, these evil spirits wanted to hurt Chen Ping. That's impossible too!

As Chen Ping got closer and closer to the cave entrance, the thunder clouds in the sky seemed to be boiling!

Rumble.....

Finally, after brewing for a long time, a thick thunderstorm crashed down and headed straight for Chen Ping!

The thunder tribulation with its dazzling brilliance instantly cut across the sky, illuminating everyone's shocked expressions!

When Chen Ping saw this, he couldn't help but frown!

He was still in the cave at this time, and he didn't expect that the thunder calamity couldn't help but bombard it. In this case, if he blocked it in front, he wouldn't be able to do much damage to the silver-feathered eagle!

After all, the entrance of the cave is not very big, so when the thunder tribulation struck down, the damage was blocked by himself.

But since this is the case, Chen Ping can only resist this thunder catastrophe. When he breaks through, there will be more than one thunder catastrophe.

Chen Ping shouted low, and the thunder and lightning origin stars in the origin space flickered!

Chapter: 5106

At the time of the breakthrough, Chen Ping actually wanted to rely on the power of this thunder tribulation to understand more about the origin of thunder and lightning!

The thunderstorm suddenly hit Chen Ping's body, causing Chen Ping's body to erupt with a burst of terrifying thunder and lightning power!

This thunderstorm caused Chen Ping's body to sink suddenly, and several scales fell off his indestructible golden body!

The evil spirits that were surrounding Chen Ping and constantly attacking him were killed by thunder in an instant!

Countless incomplete weapons or magic weapons fell downwards one after another!

Ji Yun and others below began to dodge one after another to prevent being hit, while Ji Lianzhan's eyes gleamed as he hurriedly looked for valuable items among the incomplete weapons and magic weapons!

When the silver-feathered eagle that had been chasing Chen Ping saw this, it stopped instantly!

He didn't expect that in this situation, Chen Ping would choose to break through and suffer such a terrifying thunder disaster!

Seeing Chen Ping being directly bombarded by the thick thunder and falling a certain distance, Silver Feather Eagle watched from the side!

Even if he doesn't take action now, Chen Ping probably won't be able to withstand the thunderstorm's bombardment and will be wiped out!

But in this way, it would be a pity for Chen Ping's newly integrated energy!

After the thunderstorm, Chen Ping was not harmed!

While the second thunder calamity was still gathering, Chen Ping's body rushed upward again and passed through the hole in an instant, still rising!

Silver-feathered eagle couldn't help but be surprised when he saw Chen Ping flying towards Lei Jie Yun!

"Is this guy looking for death?"

Silver Feather Eagle was very puzzled. He didn't understand why Chen Ping was desperately trying to get close to the Thunder Tribulation Cloud!

You must know that the closer you are to the Thunder Tribulation Cloud, the more terrifying it will be to be bombarded by the Thunder Tribulation!

Silver Feather Eagle also followed. He wanted to see what Chen Ping wanted to do!

Soon, the second thunderstorm was generated, roaring and roaring, and bombarded Chen Ping again!

Maybe the thunder tribulation cloud was also angry, so this thunder tribulation was more terrifying than the first one!

When Chen Ping saw this, he went straight towards Lei Jie.

Silver Feather Eagle looked at Chen Ping in shock, and saw Chen Ping being hit by the thunder calamity again!

But this time, Chen Ping slowly opened his hands, allowing the thunder tribulation to pass through Chen Ping's hands and continue to swim in his body!

Chen Ping's body was surrounded by blue arcs of electricity!

Chapter: 5107

The thick red thunderstorm turned into golden lightning bit by bit after Chen Ping's body wandered away!

In Chen Ping's origin space, the thunder and lightning origin stars emitted dazzling light.

Chen Ping's face showed a look of satisfaction, and he suddenly waved his hand, and the golden lightning went straight towards the silver-feathered eagle!

The golden lightning penetrated the void in an instant, and arrived in front of the silver-feathered eagle in the blink of an eye. The golden lightning hit the silver-feathered eagle with a violent explosion!

The silver-feathered eagle's body fell rapidly, and finally managed to stabilize its figure!

Silver Feather Eagle looked at Chen Ping in disbelief. He didn't expect that Chen Ping could control the power of Thunder Tribulation!

After Chen Ping succeeded in one blow, he was overjoyed. He could now withstand thunder tribulations and even control thunder tribulations!

It seems that the origin of thunder and lightning he sensed in his body did play a big role!

Chen Ping's understanding and understanding of the power of thunder and lightning became even more profound!

He can even analyze the core of the power of every thunderstorm, every arc, every current!

Just when Chen Ping was ecstatic, the Silver Feathered Eagle quickly rushed up!

Now that Chen Ping can control the power of Thunder Tribulation, he will take advantage of the time when Thunder Tribulation condenses again to kill Chen Ping!

But just when the silver-feathered eagle rushed towards Chen Ping again, another thunderstorm struck down!

Chen Ping instantly controlled the thunder tribulation and blasted towards the silver-feathered eagle!

Streams of golden lightning blasted out from Chen Ping's hands, while the thunder tribulation clouds in mid-air continued to condense thunder tribulations!

The silver-feathered eagle dodged and looked at Chen Ping in disbelief. This thunder calamity, which originally allowed the monks to temper their bodies, has now become a plaything in Chen Ping's hands!

Thunder calamities struck down one after another. Chen Ping had an indestructible golden body, and electric current surged around him, like a god of thunder and lightning!

The silver-feathered eagle tried its best to dodge, but was still bombarded by a lot of golden lightning!

Silver Feather Eagle kept cursing in his heart. He didn't know how could Chen Ping, a small Fusion Realm monk, cause so many thunder disasters?

How old is this? it's not finished yet?

Under the bombardment of thunder and calamity, Silver Feathered Eagle finally couldn't bear it anymore, and with the unwillingness and humiliation in its eyes, it finally passed away!

It had only a soul left, but it completely disappeared this time!

After destroying the Silver Feathered Eagle, the thunder clouds in that half also slowly dissipated!

At this time, Chen Ping's body was suspended in mid-air, like a true god, which made people admire him!

Chapter: 5108

Whether it was the monks on the island or on the spiritual boat, they were looking at Chen Ping blankly, with complex expressions in their eyes!

Chen Ping calmed down for a while and then slowly calmed down!

When many monks on the island saw Chen Ping, they kept moving back one by one, as if they were seeing a monster!

Chen Ping ignored them, but jumped into the bottomless hole again!

Although he came out, Ji Yun and the others were still trapped inside, and Chen Ping couldn't ignore them!

At the bottom of the cave, many monks also began to pick up the weapons and magic weapons that had just fallen!

Then I saw a black shadow falling quickly!

“Get out of the way, something is falling...”

Ji Yun shouted and pulled Ji Lianzhan away quickly!

But when the black shadow fell in front of them, everyone was surprised to find that it turned out to be Chen Ping!

“Mr. Chen, are you okay?”

Ji Yun quickly won and went up, and was very happy to see that Chen Ping was okay!

“I'm fine!” Chen Ping smiled lightly!

When Demon Mountain Ghost Elder saw Chen Ping, his eyes widened in disbelief!

“Mr. Chen, you...your aura...you actually broke through? And broke through to the peak of the eighth level of the Fusion Realm?”

Devil Mountain Ghost took a breath of air and said!

You must know that they and Chen Ping have only been away for a few days. Although they don't know where Chen Ping has gone, in just a few days, they have been promoted from the fifth level of the Fusion Realm to the peak of the eighth level of the Fusion Realm. This is outrageous!

After the Demon Mountain Ghost said this, Ji Yun realized that Chen Ping's aura had undergone a qualitative change, and his level had indeed improved a lot!

“Mr. Chen, have you encountered an adventure?”

Ji Yun's eyes are full of envy!

After all, this is an ancient battlefield. If you encounter any adventure or inheritance, it is natural that your realm will improve quickly!

“That's right!” Chen Ping nodded!

Not far away, Ye Fengqing, Zhou Tai and others were shocked when they saw how quickly Chen Ping's realm improved!

Apart from shock and envy, they got almost nothing here except picking up some broken weapons made of scrap metal!

Chapter: 5109

But he didn't expect that Chen Ping would have an adventure that would improve his level so much!

“Mr. Chen, we have been walking around here for several days and can’t get out. We found nothing except skeletons all over the ground. How did you encounter such an unexpected encounter?”

“And we’ve been looking for you. It always feels like your breath is around us, but we can’t find you at all. It’s really strange.”

Devil Mountain Ghost Lao was very curious. It was said that so many of them had been wandering around for several days and found nothing. How did Chen Ping discover Qiyu?

“It’s a long story. In fact, there are a lot of adventures in this place, but many of them are not in the same dimension as us, so we can’t see them.”

Chen Ping explained!

“Is it possible that there are people alive here who have used space magic to create a parallel world?”

Devil Mountain Ghost Old Man’s face was full of surprise!

You know, the monks who can create the world are all immortals. Are there still immortals alive here?

Chen Ping shook his head: “It’s not a parallel world. We are still in the same world, just in different dimensions. No one is alive here anymore. The only survivors should be some remnant souls.”

Although Devil Mountain Ghost didn’t understand it very clearly, he understood what Chen Ping meant!

“Mr. Chen, we are trapped here now. We can’t fly. There is no way to get out of here.”

Ji Yun said with a worried look!

“Don’t worry, there will definitely be a way out here, I’m just not looking in the right direction.”

“The way out of here may be in the water...”

Chen Ping glanced at the light red blood.

“In the water?” Ji Yun and Devil Shan Guilao looked at the spiritual spring water at the same time!

“Yes, we have been searching for several days, but no one has gone deep into the water to search. Maybe the exit is in the water.”

Ji Lianzhan slapped his forehead and seemed to understand something!

At this time, Ye Fengqing, Zhou Tai and others, after listening to Chen Ping’s words, all looked towards the water!

After all, no one wants to be trapped here!

“Fellow Taoist, we are all trapped here now, can we come with you?”

A monk walked towards Chen Ping and asked Chen Ping cautiously!

They could finally see that Chen Ping knew more about this place than any of them, and Chen Ping had had some adventures, so he might be able to take them out!

Chapter: 5110

“Okay!” Chen Ping nodded!

Seeing that Chen Ping agreed, many monks stood on Chen Ping’s side. Soon, only a few servants of the Zhou family were left on Ye Fengqing and Zhou Tai’s side!

At this time, Ye Fengqing, although unhappy with Chen Ping, did not dare to take any action against Chen Ping!

It's obvious that Chen Ping's side is obviously stronger!

"Look, why does the water become like this?"

At this time, suddenly a monk shouted!

Everyone looked at the spiritual spring water on the side and found that something dark was spreading underneath the originally light red water!

Upon seeing this, Chen Ping waved his hand, and a bright spiritual light condensed into a ball and hit the water!

boom!

The spiritual light exploded and instantly illuminated the water surface very brightly!

And this time, everyone saw that in the water, bright red things were spreading, and soon the light red water turned into bright red, and it also contained a strong smell of blood!

Everyone was shocked when they saw this scene and didn't understand where the blood suddenly appeared from!

Looking at the blood in front of them, everyone felt a strange feeling in their hearts!

Originally, I wanted to find a way out underwater, but now no one dared to move!

Looking at the pool of water that had turned into bright red, everyone's scalp was numb, feeling the thick smell of blood, which made people even more nervous!

Just as everyone was looking at the pool nervously, the water in the pool suddenly started to roll, and then they saw two figures covered in blood rushing into the water, flying into the sky, and then falling towards the shore!

Seeing the figure that suddenly appeared, everyone tensed up and clenched the weapons in their hands!

They thought it was some kind of monster, so they prepared to fight!

Devil Mountain Ghost Lao waved his palms and planned to attack first before the two blood-red figures landed!

“Senior, wait a moment...”

Chen Ping quickly stopped Devil Shan Guilao!

“Mr. Chen, don’t we take action first and kill these two monsters?”

Devil Mountain Ghost Lao was very confused as to why Chen Ping was stopping him!

“They are not monsters!” After Chen Ping said that, he jumped up, caught the two figures, and landed firmly on the ground!
