

The Order 5111

Chapter: 5111

When they landed on the ground, everyone saw clearly that they were two people, a man and a woman!

After wiping the blood off their faces, everyone breathed a sigh of relief!

It turns out that these two people are Jin Dong and Luo Xi who left on the Holy Turtle!

Jin Dong and Luo Xi also had different expressions at this time, with fright in their eyes, breathing heavily, and had not yet recovered from the fright.

“Mr. Chen, why are you here?”

After Jin Dong came to his senses, he asked in surprise.

“Why are you two here? And why did you rush out of this pool?”

Chen Ping asked rhetorically!

“Water pool?” Jin Dong was stunned, then looked at the blood-red pool in front of him, then looked around, and then said with a blank look on his face: “The two of us were chased by the blood soul monster, and we didn’t know how we ended up here. .”

“Blood Soul Monster, what is this?” Chen Ping was confused. He didn’t know what the Blood Soul Monster was!

“It’s a kind of monster in this sea of ink. In order to treat junior sister’s illness, that’s why we came here. Junior sister’s illness requires blood soul beads to cure.”

Jin Dong simply explained after Chen Ping!

“Blood Soul Pearl?” Chen Ping had never heard of it!

At this time, Jin Dong took out a blood-red bead from his arms. There was a faint red halo around the bead.

“This is the Blood Soul Bead, which can cure junior sister’s blood thirst. Originally, we used the Holy Turtle to lure those Blood Soul Monsters away and steal the Blood Soul Bead, but we didn’t expect it to be discovered.”

“The two of us were blocked in the Blood Soul Monster’s lair. We could only quickly escape towards the depths of the Blood Soul Monster’s lair. We didn’t know what happened, but we ended up here!”

Jin Dong himself didn’t know why they appeared here!

When Chen Ping listened to Jin Dong’s words, his eyes suddenly lit up. It seemed that Mo Hai had figured it out here, and this passage was the home of the blood soul monster!

Just when Chen Ping was happy to find a way out, suddenly the water in the pool stirred up huge waves, and red monsters appeared one by one!

These monsters are all red in blood, and their hands and feet can be clearly distinguished, but their faces cannot be seen clearly. They look like bloody people covered in blood!

Looking at the humanoid monsters in front of him, Chen Ping seemed to have guessed something. The lair of these monsters was connected here. He believed that these guys should be caused by the blood pool in front of him. After all, these are the blood of ancient immortals and demons, and the energy they contain is it goes without saying!

And this blood water connected to the sea of ink outside through the cave. Under the slow nourishment of this blood water, this red monster appeared!

Otherwise, there shouldn’t be such a monster in the sea of ink!

When other people saw the blood soul monster that suddenly appeared, they all became nervous because they didn't know the strength of this blood soul monster!

Chapter: 5112

With low roars, these blood soul monsters instantly attacked everyone on the shore!

Indiscriminate attacks, hitting anyone on sight!

At this time, everyone rushed forward with their own weapons. Now it was a life-saving battle, and no one dared to reserve their strength.

Chen Ping held the dragon-slaying sword and slashed at one of the blood soul monsters with one sword. A sword light shot out and pierced the head of the blood soul monster. The blood soul monster instantly turned into a pool of blood, and then fell on the blood. Tanzhong!

Chen Ping stood in front of Jin Dong and Luo Xi, looking at the blood soul monster that was killed by his sword. He couldn't help but wonder: "This monster is too weak, so he was killed like this?"

"Mr. Chen, don't be careless. This blood soul monster can be resurrected, but it cannot die..."

"Otherwise we wouldn't be chased everywhere."

Jin Dong quickly reminded Chen Ping!

Sure enough, the blood soul monster killed by Chen Ping began to slowly condense again in the blood!

Many other monks also discovered this situation!

It can't be killed at all, it can't be killed...

This time, all of them have big heads!

Although the monster is not strong, it cannot be killed if it cannot be resisted. If it continues like this, everyone will be consumed to death!

Chen Ping looked at the blood soul monsters that were constantly being resurrected, and seemed to have an idea in his mind!

“Attract these blood soul monsters towards the shore, and don’t kill them in the bloody water, otherwise they may not be able to be resurrected.”

Chen Ping shouted loudly!

After saying that, Chen Ping looked at Jin Dong: “Use the Blood Soul Pearl to attract a Blood Soul Monster. Let’s try...”

Jin Dong nodded, and then took the Blood Soul Bead. The Blood Soul Bead emitted light and instantly attracted three Blood Soul Monsters to rush towards here!

Jin Dong took the Blood Soul Pearl and started running towards the distance, wanting to stay away from the blood pool!

The three blood soul monsters were chasing after them, and they were letting out bursts of hoarse roars!

Chen Ping took a look and found that he was far enough away from the shore, so he swung the dragon-slaying sword in his hand, and a bright light instantly penetrated the bodies of the three blood soul monsters!

The three blood soul monsters were killed instantly and turned into three pools of blood, but these three pools of blood were constantly flowing!

It seems that it is flowing in the direction of the blood!

It is obvious that he wants to be resurrected in the blood tank!

Chapter: 5113

When Chen Ping saw this, he knew that his guess was good. These guys couldn't be resurrected if they were not in the blood tank, so he smacked his palm and a ball of flame instantly ignited in his palm!

The source of fire exploded, and the temperature of the flame reached tens of thousands of degrees. In just a moment, the three pools of blood turned into steam and disappeared!

When Chen Ping saw this, he immediately told everyone about this method, so everyone lured the blood soul monster to the shore and killed it!

Some people use flames to evaporate the blood, and some use things to block the flow of blood!

Some people also used containers to collect the blood and water!

After all, this blood contains a lot of spiritual energy, which is also a good resource for cultivation!

Soon, those blood soul monsters were eliminated, and the water in the pool turned light red!

Now I know that there is a sea of ink outside under this pool. All you have to do is swim out!

However, no one dares to enter the unknown depths of the pool rashly!

"Master Ye, have you noticed that this man and this woman are demon cultivators? When they took action just now, I felt the aura of the demon clan from their bodies."

Zhou Tai whispered in Ye Fengqing's ear!

“I’ve discovered it a long time ago!” Ye Feng realized early in the morning that Jin Dong and Luo Xi were demon cultivators.

“Don’t you, the Demon Sealing Alliance, specialize in hunting down demon cultivators? Now that these two are demon cultivators, why don’t you take action?”

Zhou Tai wants Ye Fengqing to attack the two of them!

If Chen Ping dares to help, he is colluding with the demonic cultivators and will inevitably be resisted by many cultivators!

“You damn thing, you didn’t see that Chen Ping has been helping those two demon cultivators. If we do it now, we have no chance of winning.”

“Besides, we’re trapped here, and we need someone to take us out.”

“When we get back to the shore, we will reveal the identities of these two demon cultivators. No one can escape by then!”

Ye Feng had thought about it early in the morning. Now he would swallow his anger. When he returns to the shore, he will attack Chen Ping!

“This is a good idea. When the time comes, you and I will join forces and no one will be able to escape.”

Zhou Tai smiled coldly!

At this time, Chen Ping had no time to talk to the two of them. Instead, he looked at the bottomless pool and frowned slightly!

“Mr. Chen, I will take the lead down. After all, we just swam out of the water and are familiar with the situation inside.”

Jin Dong took the initiative to ask for help and asked to lead the way!

Chapter: 5114

Chen Ping glanced at Jin Dong and then nodded: "Then be careful, I will follow you. If there is danger, you will retreat immediately..."

"no problem....."

After Jin Dong finished speaking, he plunged into the pool!

Then Chen Ping and Ji Yun all jumped into the pool. Seeing this, other monks jumped in too!

Finally, Zhou Tai and Ye Fengqing looked at each other and jumped in too!

Jin Dong relied on his memory and swam desperately toward the depths of the water. Soon he found a shining cave entrance. He knew that entering here would be the lair of the Blood Soul Monster!

Jin Dong hesitated a little. If there were blood soul monsters inside, they wouldn't be able to deal with them in the water!

These blood soul monsters can be resurrected indefinitely in the water, so they have no chance of winning!

At this time, Chen Ping swam to Jin Dong from behind, and then motioned for Jin Dong to follow him. Chen Ping swam in first!

After entering the cave, the water inside turned directly into blood red, and the vision began to be blocked and blurred!

Chen Ping could only rely on his spiritual consciousness and kept groping forward!

Just as Chen Ping and the others swam into the cave, everyone was shrouded in a faint light.

For a moment, everyone seemed to be wrapped in thick spiritual energy, and their bodies felt very comfortable.

At this moment, everyone began to greedily absorb the thick spiritual energy!

In the pool, the light red blood water has a very rich spiritual energy, not to mention that the water here is blood red.

It's obvious that the blood here has not faded yet, and the spiritual energy is the strongest!

Chen Ping couldn't help but start to absorb it at this time. This kind of rich spiritual energy is very rare even in the world of gods and humans!

As everyone absorbed it, they all seemed to have forgotten the danger in the cave. They stopped swimming one by one and soaked in the blood, as if they were asleep!

Even Chen Ping stopped swimming and soaked quietly in the water, like a baby, feeling the thick spiritual energy around him pouring into his body!

Suddenly, the water on the bottom of the sea trembled!

Chen Ping seemed to wake up from a dream, and a dull voice sounded in his ears: "Boy, all the things bred by heaven and earth have been fused by you. I have no hope of rebirth..."

Chen Ping heard the sound and quickly looked around, his face full of doubts!

Because he didn't see anyone at all.

Everyone else was motionless, absorbing the spiritual energy around them!

Chapter: 5115

“Who are you? Where are you?”

Chen Ping’s face was full of doubts!

“Keep swimming forward, I’m right in front of you...”

There was a bit of exhaustion in that voice, and it sounded like he was very tired!

With confusion, Chen Ping began to swim forward. He had just swam a few meters when suddenly his body seemed to have penetrated a barrier, and then a red light appeared in front of him!

Then the red light continued to spread, forming a special light array, and a bloody body slowly appeared in the light array!

It seems that this figure is an old man, his whole body is shining with red brilliance, and his skin has many lines.

These lines must have been carved by someone, they look a bit scary!

Half of the old man’s body was trapped in the light array, with only his upper body exposed!

Chen Ping glanced over and saw that the old man was obviously imprisoned here, and the old man’s figure was blurred. It was not an entity, but more like a phantom!

“Who are you? Why are you here? Did you raise those blood soul monsters?”

Chen Ping asked the old man!

After all, this is the home of the Blood Soul Monster, and the old man is also here, so Chen Ping suspects that the Blood Soul Monster was raised by the old man!

“Are you kidding? Those blood soul monsters are guarding me. How could they be raised by me?”

“There is also the Blood Soul Pearl. It is not a treasure. It is my Dantian. It’s just that I was suppressed here and my Dantian was taken out.”

“I am a member of the Blood Demon Clan. During the war between gods and demons, almost all of our demon clan were slaughtered. It was precisely because of the war between gods and demons that various ethnic groups also took advantage of the situation and continued civil strife.”

“If it weren’t for the civil strife among these ethnic groups, perhaps there would be no more demons in the world.”

The old man smiled miserably!

“People from the Blood Demon Clan?” Chen Ping was slightly startled: “The people who just took away the Blood Soul Pearl are also members of your Blood Demon Clan. They did this to cure bloodthirsty.”

“They probably don’t know that this Blood Soul Pearl is your Dantian. If they knew, they would definitely not take it away.”

Chen Ping mentioned Jin Dong and Luo Xi explaining!

“Hahaha, you don’t need to be nervous, and there is no need to explain. Of course I know. Otherwise, how could these two little babies take away the Blood Soul Pearl so easily.”

“It’s a pity that over the past thousands of years, the Blood Demon clan has declined to such a state, and the Blood Demon Cultivation Technique has become even more incomplete. The impure Blood Demon Cultivation Technique they practiced has led to bloodlust!”

“I called you here because I want you to bring those two little babies here. I want to teach them the pure blood demon skills. I hope they can bring glory to my blood demon clan.”

Chapter: 5116

The old man said to Chen Ping in a pleading tone!

“Senior, why don’t you just call them two? You still need to call me here...”

Chen Ping asked in confusion!

“Do you think anyone can see me? Because you are the true form of the Golden Dragon, you can see me through this dimension of space.”

“Ordinary monks can’t penetrate this dimension of space, so they can’t see me. Do you understand?”

The old man explained to Chen Ping!

When Chen Ping heard this, he nodded and understood. It seemed that it was because of his golden dragon’s true body that he could penetrate the spatial dimension.

“Senior, I have something to ask you.”

“Then why did the war between gods and demons suddenly start? Are all ethnic groups going to war against you demons?”

“And are you demons really as bad as the world says?”

Chen Ping didn’t understand. In the eyes of many monks, demons were demons and existed that must be killed!

But Chen Ping has also encountered many demons, even big demons such as blood demons, Yin demons, and wind demons!

It's not as bad as the legend says!

Hearing Chen Ping's question, the old man smiled bitterly: "How do I know why the war between gods and demons was launched, let alone who initiated it."

"But we demons are not as bad as the world says. You must know that no matter what kind of ethnic group, there are always good and bad people. Isn't it true that human monks are all Bodhisattvas who save suffering?"

"Among the human monks, there are more treacherous people and more bad guys..."

"So during the war between gods and demons, not all ethnic groups were targeting us demons, but many were helping us. Because of this, there were differences and civil strife among other ethnic groups."

"On this battlefield back then, the Qinglong clan stood with us, and there were also many beast clan and human clan immortals among them."

"It can be said that the war between gods and demons back then was not aimed at us demons as the world said, but a big melee. As far as I know, there was also a civil war in your dragon clan back then, and there were countless casualties."

"The war that year shook the heavens and the worlds, and countless worlds collapsed. This world of gods and humans is just a small world among the worlds. The entire heavens and universe are huge."

"There is often no dividing line between good and bad, right and wrong, it's just that everyone has different perceptions..."

When the old man talked about the war that year, his face was full of sadness!

Chen Ping was silent after hearing this. The old man's words made Chen Ping re-understand the conclusion of the war between gods and demons!

Maybe the war between gods and demons was just an opportunity. Someone wanted to reshuffle the universe, and in the end the demons were used as a shield!

Chapter: 5117

After thinking for a moment, Chen Ping nodded and said, "Okay, I'll go bring them two here..."

Chen Ping turned around and left, his body emitting a faint light. After passing through a layer of light curtain, Chen Ping saw that everyone was still practicing quietly!

Chen Ping stepped forward and patted Jin Dong and Luo Xi gently!

The two people woke up suddenly. When they saw Chen Ping, they breathed a sigh of relief!

"Mr. Chen, it's so comfortable to practice here, so I stopped unconsciously."

"I'm really sorry, let's leave now..."

Jin Dong thought they stopped practicing unknowingly, causing Chen Ping to come back to look for them!

"It doesn't matter, I'm just taking you two to a place, everyone else is also immersed in cultivation!"

Chen Ping said quickly!

Jin Dong looked around and found that other people were also soaking in the water motionless!

"Mr. Chen, where are you taking us?"

Luo Xi asked doubtfully!

“Follow me, you’ll find out when you get there!”

After Chen Ping finished speaking, he led the way, letting Jin Dong and Luo Xi follow behind!

Soon, Chen Ping passed through the space dimension and brought Jin Dong and Luo Xi to the old man!

When the two of them saw the sudden appearance of the old man and the light array, they were stunned on the spot and looked very surprised!

“Senior, I brought them two.”

Chen Ping said to the old man!

“Mr. Chen, what are you doing?”

Jin Dong said with a confused look on his face!

“You two don’t have to be afraid. This is the senior of your Blood Demon Clan. He was just sealed here during the war between gods and demons.”

“The blood soul beads you got are the Dantian of this senior. I brought you two here because this senior wants to teach you the pure blood magic skills. In this way, you are practicing the blood magic skills. , you won’t get hemophilia anymore.”

Chen Ping followed Jin Dong and Luo Xi and explained!

When the two of them heard that the old man in front of them was a senior of the Blood Demon clan, they were immediately excited and they all came forward and knelt down!

Chapter: 5118

The old man looked at Jin Dong and Luo Xi with a smile on his face, like a kind elder!

Looking at the old man's smile, Chen Ping could not believe that this old man was a heinous person. Although he was a demon, he was definitely not bad!

Everyone's origin cannot be controlled or controlled, but you can choose what kind of person you want to be!

"You two, get up. I will now pass on the pure blood demon skills to you two. I hope you two can carry forward the blood demon clan."

"One more thing to remember is that although we are demons and cannot change our bloodline, we must not indulge ourselves and do harmful things just because we are demons. Otherwise, even if I am under Jiuquan, I will not let you go."

The old man said to Jin Dong and Luo Xi!

"Senior, don't worry. Although everyone in the world regards us as enemies, we will never harm any monk without reason. This is also the teaching of our master."

"Senior, I will return the Blood Soul Bead to you now. With this Blood Soul Bead, can you escape from here?"

Jin Dong hurriedly took out the Blood Soul Bead and planned to return the Blood Soul Bead to the old man!

After all, this blood soul bead is the dantian of the old man. If a monk loses his dantian, he is useless!

"No need, this is God's will. Only when this Blood Soul Pearl is in your hands can it realize its maximum value."

“I have been sealed here for thousands of years. I should have died long ago. Fortunately, the blood in the blood tank above keeps flowing in. I rely on this energy to support me until now.”

“Now that I have passed on the Blood Demon Skill to you two, I will die with no regrets. You two come over here...”

The old man waved to Jin Dong and Luo Xi!

The two people slowly approached the old man, and then the old man uttered a series of mantras, which turned into rays of light and entered the sea of consciousness of Jin Dong and Luo Xi!

I don't know how long it took, but the old man slowly listened. It was obvious that the old man was quite tired at this time, and he seemed to have aged a lot in an instant!

Jin Dong and Luo Xi slowly opened their eyes, and then their eyes showed surprise!

“This...is this the pure Blood Demon Technique? It's so different from what I practice.”

“It turns out that I have been practicing wrong all along. No wonder I have bloodthirsty.”

Luo Xi's eyes widened in surprise. Only now did she realize that the Blood Demon Kung Fu she practiced was wrong and fake!

“You two have a good time practicing this Blood Demon Technique. Don't pass it on to evil people, otherwise all lives will be ruined!”

The old man warned the two of them!

“Senior, don't worry, we will remember your teachings!”

Jin Dong and Luo Xi said quickly!

Chapter: 5119

The old man looked at the two people and smiled slightly. He seemed to see the hope of their Blood Demon Clan!

The old man looked at Chen Ping, then waved: "Junior, when you come to this island, is anyone missing?"

"Yes, a female friend of mine has disappeared!"

Chen Ping nodded quickly!

"Now you should know why your friend disappeared, right?"

The old man asked!

Chen Ping nodded again: "She must have entered another dimension, so it was as if she suddenly disappeared around us."

"But on that island, how can we penetrate another dimension and find her?"

Chen Ping knew that there were powerful remnant souls of immortals and demons everywhere here, and they could all create their own spatial dimensions at will!

But how to enter the opponent's space dimension made Chen Ping a little puzzled!

"I will give you a drop of soul blood. With it, you can travel through the dimensions of space and meet your friends."

"But on the small island, there is only the remnant soul of the bone cliff. This guy somehow escaped from the confinement and ran to the small island."

“We also used the tiger beast bones here to develop ninety-nine and eighty-one sky-lifting spears.”

“This guy is extremely cruel. You are not the first group to come to this island. Over the past thousands of years, there have been more than a dozen groups of monks who have discovered this island and come to this island!”

“In the end, his bones and blood were eaten away by this bone cliff. It is estimated that it will not take long before he can reshape his body and leave.”

“Your friend should be in danger now, so you’d better go find her as soon as possible.”

“This drop of my soul blood can help you find that guy. Before his strength has recovered, you must kill him, otherwise it will be very dangerous.”

The old man followed Chen Ping and slowly condensed a drop of soul blood between his eyebrows!

And just as the soul blood was condensing, the old man’s figure became fainter and fainter, and finally disappeared completely!

“Senior, senior...”

Chen Ping shouted twice, but the old man’s voice could no longer be heard!

There were ripples in the surrounding waters, and the spatial dimension slowly disappeared at this moment!

Everyone was still not far away from Chen Ping and the others, immersed in the package of spiritual energy!

Thinking that Gao Qilan was in danger, Chen Ping quickly woke up Ji Yun and the others, and then swam towards the sea!

Chapter: 5120

As for the others, Chen Ping has no control over them. There is no danger here for the time being. If they are willing to immerse themselves in cultivation, then let them!

Chen Ping's top priority is to rescue Gao Qilan. If Gao Qilan has any shortcomings, Chen Ping doesn't know how to follow Gao Qiqiang!

Soon, Chen Ping and the others emerged from the sea of ink, and then swam to the island.

After arriving on the island, Chen Ping instantly sacrificed that drop of soul blood!

As the soul blood suddenly exploded and turned into a cloud of blood mist, ripples suddenly appeared on the island, followed not far away by Chen Ping and the others!

A guy with unkempt hair and ragged clothes appeared!

I saw that he was still holding an arm in his hand, eating heavily, and blood continued to drip down from the corner of his mouth!

In front of this guy, there were numerous bones covering the ground!

This person should be the Bone Ya that the old man mentioned. Looking at the scene in front of him, this Bone Ya is simply cruel!

Gao Qilan and several monks were all pale and trembling on the side, seeming to be greatly frightened!

When Ji Yun saw this scene, he couldn't help but vomited!

Even the other monks on the island were full of shock!

They had been wandering around the island for several days, but they had never seen anything like this!

I don't know what method Chen Ping used to make another world seem to open on the island!

"Chen Ping...Chen Ping..."

Seeing Chen Ping and the others suddenly appearing, Gao Qilan shouted excitedly!

"Sect master, save us, save us..."

Several disciples of the Feitian Sect also shouted excitedly when they saw Ji Lienba!

Chen Ping ran towards Gao Qilan, but after just two steps, he was knocked back by a force!

I saw Gu Ya throw away the arm he was chewing on, wiped the blood on his mouth and said, "I still want to enjoy you a little bit, but I don't want you to come to my door."

"It seems that the old devil told you, otherwise how could you break my space barrier and enter my dimension."

"Old man, let me go, and I can let you die happily. If not, I will let your remnant soul go through the pain of purgatory."

Chen Ping gritted his teeth and said to Gu Ya in a cold voice!

Gu Ya was startled for a moment, then laughed loudly and said: "Hahaha, ignorant kid, do you know who I am, and you dare to say such things?"
