

The Order 5121

Chapter: 5121

“I don’t care who you are, if you dare to touch my woman, even the king of heaven, I will send him to pieces.”

Chen Ping grabbed it casually, and the Dragon-Slaying Sword appeared in his hand, and the aura on his body surged!

When Gao Qilan heard Chen Ping’s words about my woman, her heart suddenly warmed up. It seemed that Chen Ping had admitted her identity, and she had followed Chen Ping here from the far north in vain!

“It turns out that he is a cub of the Golden Dragon lineage. No wonder he is so arrogant. Thousands of years ago, I didn’t even bother to kill your ancestors. I am still afraid of you, a little guy who has not fully grown his hair.”

“I will kill you today and eat your bones and blood. Your bones and blood are much stronger than others!”

After Gu Ya finished speaking, his body shook slightly!

boom!

Suddenly, strange phenomena appeared frequently behind Bone Cliff, the void exploded, and a roar shook the world!

Behind Bone Ya, eighty-one sky-supporting spears as white as jade appeared, each of which was forged from the leg bones of ancient tiger beasts!

There are also runes on the sky-supporting spears that slowly light up, lighting up half of the sky. These sky-supporting spears are behind Bone Ya, making Bone Ya as if an immortal has arrived!

These eighty-one sky-lifting spears made roaring sounds, as if the ancient beasts were awakened and exuded infinite power!

Feeling this power, everyone looked solemn!

Ji Yun, Jin Dong and others all retreated!

Only Ji Lianzhan and Devil Shan Guilao are still standing beside Chen Ping!

The two of them are also gathering strength and preparing to join forces with Chen Ping!

Buzz.....

Suddenly, the void trembled, and a sky-high spear disappeared instantly.

Chen Ping frowned, and the Dragon-Slaying Sword in his hand slashed hard into the void in front of him!

At the same time, he shouted: "You two stand back, I will deal with this guy, he is just a remnant soul, there is nothing to be afraid of!"

Chen Ping's current strength has reached the peak of the eighth level of the Fusion Realm. He really wants to know how strong he is!

When the sword was slashed out, the entire void was shattered, and the disappeared sky-high spear appeared instantly, directly colliding with Chen Ping's sword light!

A violent explosion sounded, and the entire island seemed to be shaking!

Chen Ping's feet instantly fell into the ground, and all his clothes were torn to pieces!

Rumble.....

Chapter: 5122

The terrifying auras are still coming towards Chen Ping, and the entire island seems to collapse at any time!

All the muscles on Chen Ping's body bulged, the Indestructible Golden Body activated, and golden scales covered Chen Ping's body!

"break....."

Chen Ping shouted loudly, and his body suddenly rose into the air. The terrifying aura was directly broken and dissipated the moment Chen Ping rose up!

Chen Ping is holding a dragon-slaying sword and has a golden and indestructible body, just like a golden-armored god of war!

Looking at Chen Ping's appearance at this time, many people were filled with envy. They could see that Chen Ping's indestructible golden body was definitely a treasure!

"Boy, I didn't expect that your physical body is so strong and even blessed by treasure armor. But I'm just warming up. How do you feel?"

Gu Ya looked at Chen Ping with a sneer and asked!

"It doesn't feel good. Stop showing off in front of me for such a childish thing!"

After Chen Ping finished speaking, light suddenly flashed on his chest, and the power of the dragon in the dragon crystal began to surge!

Within Chen Ping's dantian, the power of the three clans also glowed, and the endless aura began to spread!

At the same time, Chen Ping's origin space opened wide, and the origin stars also shone brightly!

The origin of lightning...

The origin of fire...

The origin of illusion...

Although Chen Ping said it was easy, he did not ask to see this bone cliff and mobilize all the power he could!

Every opening of the source made Chen Ping's aura stronger.

Feeling the activation of Chen Ping's original aura, everyone was stunned!

What's going on?

Chen Ping was just in the Fusion Realm, but he actually had the original space and realized the original 1

Even if you understand the original source, you can actually understand several kinds of things?

This is so outrageous, so outrageous!

Devil Mountain Ghost looked at Chen Ping blankly, with his mouth wide open. He had reached the Tribulation Realm and had not yet opened the original space. Chen Ping, who was only a Fusion Realm monk, actually opened the original space?

“You really have something, no wonder you are so arrogant. You have opened the origin space and realized several origins in the combined state. Even in ancient times, you can be considered a genius!”

Chapter: 5123

“It’s just that your fate is not good. If you meet me, even if you open your origin, what can you change?”

Gu Ya smiled coldly!

“Then give it a try...”

Chen Ping shouted loudly and swung the dragon-slaying sword upwards in his hand, instantly knocking the sky-high spear away!

With Chen Ping’s sword, a golden light suddenly shone across the entire sky, and the entire sky seemed to turn into a golden galaxy!

Even the sea water, as black as ink, changed color under the golden light!

Gu Ya frowned slightly, and the sky-raising spears behind him disappeared in an instant, directly followed by the sky-raising spears that were knocked away!

Eighty-one sky-raising spears were directly gathered into one!

Gu Ya jumped up and grabbed the Heaven-Lifting Spear. A tiger roar erupted from the Heaven-Lifting Spear, and a force that destroyed the world and destroyed the world burst out instantly!

boom.....

Chen Ping’s sword collided with the power of the sky-high spear, causing the surrounding space to instantly distort, and the surrounding seawater to instantly set off a hundred-meter-high wave!

This kind of power made everyone on the island feel suffocated.

“This power is not inferior to mine at all. Mr. Chen is so powerful. He is only at the eighth level of the Body Realm. It’s so terrifying...”

Demon Mountain Ghost Lao looked shocked. Although he was in the third level of the Tribulation Realm, compared with Chen Ping’s attack just now, he admitted that he couldn’t even perform it!

It’s too scary. How could this be the power that a monk at the eighth level of the Fusion Realm can unleash?

Ji Lianzhan’s expression became a little complicated when he saw this blow!

As the head of the Feitian Sect, a monk who had just been promoted to the Tribulation Realm, when facing Chen Ping’s blow just now, he was shocked to the core by the aftermath!

He instinctively wanted to run just now, because the blow and the aftermath made everyone feel the danger!

It would be really embarrassing if he turned around and ran away!

Not to mention the others, all of them looked ferocious and tried their best to resist the aftermath of the explosion!

At this time, Bone Cliff’s body suddenly retreated under this blow, and the sky-raising spear in his hand instantly dispersed, and it rushed towards the stream of light and plunged straight into the island!

Eighty-one sky-high spears actually formed a strange pattern on the island!

Looking down from mid-air, Gu Ya’s face instantly became extremely ugly, because these eighty-one sky-raising spears were directly arranged into a big hand with the middle finger raised!

It was obvious that Chen Ping was using this method to humiliate him!

Chapter: 5124

Seeing Chen Ping knocking down the Heavenly Spear with one strike, everyone secretly breathed a sigh of relief!

Even the other monks silently prayed for Chen Ping's victory. After all, if Chen Ping wins, they can survive, otherwise they will all be eaten by this bone cliff!

"These broken bones of yours are not bad. They didn't shatter under my Dragon-Slaying Sword."

"However, my dragon-slaying sword spirit was damaged, so its power has not been fully exerted. Otherwise, you would have turned into scum long ago with these broken bones."

Chen Ping said with a sneer!

Gu Ya listened to Chen Ping's words with anger written all over his face. As a strong man from ancient times, although there is only a trace of his soul left, his power is still there. Now he is being played by a young monk in the Fusion Realm. Gu Ya is going to be so angry!

This is exactly what happens when a tiger falls on the plains and is bullied by dogs, and when a dragon falls on the shallows and is teased by shrimps.

Gu Ya waved his hands, and the eighty-one sky-supporting spears returned behind him. However, at this time, Gu Ya was surprised to find that some of the eighty-one sky-supporting spears had cracks!

This simply made Gu Ya's jaw drop. These sky-raising spears were made from the leg bones of ancient tiger beasts, and were blessed with various runes. Under Chen Ping's blow, cracks actually appeared?

Moreover, Chen Ping's dragon-slaying sword has not yet exerted its full power. Is this too outrageous?

"Boy, it seems that I really underestimate you, but no matter how strong you are, you are just a bigger ant in my eyes."

Gu Ya still said arrogantly!

After saying that, I saw Gu Ya clasping his hands in front of his chest, and a drop of soul blood was forced out from between his eyebrows!

The soul blood slowly floated up, and then exploded, turning into a ball of blood mist. This blood mist wrapped up all the sky-raising spears!

Under the blessing of this blood mist, the runes on the Sky-Qing Spear began to flash and turned red!

When Chen Ping saw this, he did not hesitate, but swung his Dragon-Slaying Sword, and his whole body turned into a bolt of lightning and rushed towards the bone cliff. The Dragon-Slaying Sword swung out sword rays, attacking the bone cliff like a violent storm!

Seeing this, Gu Ya put the Sky-Qing Spear together again, and then fought with Chen Ping with the Sky-Qing Spear in hand!

The sky-high spear in Gu Ya's hand would see countless phantoms flying back and forth every time he swung it. You could even see tigers in the void opening their bloody mouths and attacking Chen Ping!

Chen Ping, on the other hand, was holding the dragon-slaying sword and shuttled through the shadows in the sky, as if he was facing countless powerful attacks at the same time!

Chen Ping's speed also reached the extreme, setting off sword lights all over the sky, and both of them unleashed their full strength!

No one dared to leave any room, and everyone could only see the shadow of the sword passing through the air, and the roaring sounds, like the abyss of hell!

The two people were fighting in darkness, with no light from the sun or the moon, and everyone was stunned!

At this point, it was no longer possible to tell the difference between Chen Ping and Gu Ya. All we could see were the incomplete figures all over the sky, and we couldn't even distinguish the two's movements!

"This is too scary. If we rushed to help, we would be strangled inside in an instant."

Chapter: 5125

Ji Lianzhan looked at the terrifying battle and said with cold sweat on his forehead!

As a monk in the Tribulation Realm, Ji Lianzhan believed that even if he fought by himself, it would be impossible for him to experience such a terrifying scene. Chen Ping's fighting power simply exceeded his imagination!

Who would have thought that the aura and power emitted by a young monk in the Fusion Realm would be stronger than those of them, monks in the Tribulation Realm?

And the other monks all looked in disbelief!

They thought that Chen Ping was perverted when he triggered the thunder tribulation and killed the silver-feathered eagle, but they didn't expect that Chen Ping could actually fight fiercely with this ancient monk!

How could this speed and power be possessed by a Fusion Realm monk?

Everyone's jaws were almost dropped. If they had fought with Chen Ping, they would have been killed instantly!

boom.....

With an explosion, golden light suddenly appeared in the sky, and with a dragon roar, Gu Ya's body flew backwards!

Gu Ya knew that if he let go, the Sky-Lifting Spear might not be his anymore!

After Gu Ya flew backwards for a certain distance, his expression became extremely ugly, and he gritted his teeth and glared at Chen Ping!

Chen Ping, on the other hand, was calm and calm, his face still calm!

“I just broke through. It really takes a hearty battle to stimulate the potential in the body.”

Chen Ping felt that the beating was very enjoyable!

But Gu Ya was a bit sad. Chen Ping regarded himself as a practitioner, not as an opponent at all!

Bone Cliff, which has survived for thousands of years, has never been so despised by anyone!

“Boy, if I weren’t the body of a remnant soul, I wouldn’t allow you to act wildly, but don’t underestimate me. Today, even if I fight hard to kill this remnant soul, I will make you disappear into ashes!”

Gu Ya was completely angered, and he did not hesitate to die with Chen Ping!

I saw Gu Ya letting go of the Heaven-Lifting Spear in his hand, and a faint blood-colored light emitted from all around his body!

The runes on the Qingtian Spear lit up again, and bursts of tiger roars came from Gu Ya’s body!

Immediately afterwards, I saw Gu Ya’s body becoming lighter and lighter, and then a fierce tiger overlapped with Gu Ya’s body!

As the tiger rushed out, the Sky-Strengthening Spear actually merged with the tiger. A light red halo surrounded the tiger, making the space constantly distorted. It was impossible to see the tiger’s appearance clearly!

This tiger is like a projector, projected into the air, but the terrifying aura on its body clearly has the bloodline of the ancient beast awakened!

This tiger seemed to blend into the entire space, and even Gu Ya's body seemed to be transparent!

Chapter: 5126

The tiger's eyes were flashing with red light, like two spotlights shining on Chen Ping!

"Boy, even if my body dies and my strength is damaged, the magic and magic skills I possess are beyond the comprehension of a little monk like you from the world of heaven and earth. Just wait and die!"

After Gu Ya finished speaking, he waved his palm lightly, and the tiger roared and suddenly headed towards Chen Ping!

Sometimes this tiger takes the shape of a tiger, and sometimes it turns into the sky-lifting spear. It's impossible to tell what is attacking!

Chen Pingping faced the attack with a sneer on his lips!

Immediately afterwards, I saw Chen Ping in mid-air. I don't know when he suddenly disappeared. When he appeared, he turned into six identical Chen Pings!

The aura on each Chen Ping's body is exactly the same, and it is almost impossible to tell them apart based on their aura!

This sudden change stunned Gu Ya, and even the tiger stopped instantly, not knowing how to attack!

"Huh, this little illusion, you want to stump me too?"

Gu Ya snorted coldly, and then the whole person's back was shaken by a strange phenomenon. The sky-raising spears instantly dispersed and turned into eighty-one sky-raising spears again!

Each sky-high spear turned into a fierce tiger and roared!

For a moment, the entire island resounded with the tiger's roar. This roar was so powerful that it made everyone feel a tightness in their chests, as if their bodies were pressed down by a huge boulder!

Eighty-one tigers faced six Chen Ping, almost surrounding them all!

At this moment, everyone became nervous. After all, in this situation, does Chen Ping still have the power to fight back?

They all believed that Chen Ping's clone was just a phantom. In fact, there was only one true body of Chen Ping inside.

But they don't know that these six Chen Pings can be said to be all their own bodies, and they all have the aura and abilities of Chen Ping's true body!

"Boy, let me see how you can hide with your little illusion."

Gu Ya snorted coldly!

Chen Ping, on the other hand, took his time and held his Dragon Slaying Sword high, and suddenly let out a dragon roar from his mouth!

I saw Chen Ping's body blooming with bright golden light, and the power of the dragon shot straight into the sky through the Dragon-Slaying Sword!

Then Chen Ping's six figures overlapped each other, and the bright golden light became even brighter!

Soon, behind Chen Ping, a golden dragon figure slowly appeared!

A huge golden dragon hovers in the air, with eyes as big as buckets!

The golden dragon roared, and its terrifying aura made the entire void tremble!

Chapter: 5127

Even in the face of more than eighty tigers, the golden dragon still exudes majesty, with contempt in his eyes!

Seeing the golden dragon condensed behind Chen Ping, Gu Ya's expression suddenly changed!

He never thought that a junior of the Golden Dragon clan, a mere monk in the Fusion realm, could burst out the soul of the Golden Dragon?

This is simply impossible. Only the purest and noble bloodline of the Golden Dragon clan can burst out the soul of the Golden Dragon!

And how could Chen Ping, a young monk from the world of heaven and humans, be the noblest bloodline among the golden dragons?

Impossible, absolutely impossible...

But the golden dragon was flying above Chen Ping's head. This was actually in front of his eyes. Gu Ya couldn't even admit it even if he wanted to!

Everyone else looked at the golden dragon flying above Chen Ping's head, and they were all stunned!

Chen Ping, a monk in the Fusion Realm, gave them too much shock!

Facing the golden dragon, even the eighty-one tigers began to tremble!

This is the suppression of bloodline. These ancient beasts know better what kind of existence the golden dragon lineage is!

The golden dragon is the leader of the dragon clan, and these tiger beasts are just the kings of beasts!

In contrast, judge the difference between high and low!

Looking at the eighty-one trembling tigers, Gu Ya began to retreat in his heart!

He never expected that Chen Ping would summon the soul of the golden dragon. This was outrageous!

Seeing Gu Ya's ugly expression and those trembling tigers, Chen Ping didn't stop!

I saw Chen Ping swipe the dragon-slaying sword in his hand!

The golden dragon roared and charged directly towards the eighty-one tigers!

The golden dragon rushed into a herd of tigers, just like a wolf rushing into a herd of sheep. It killed one with one bite and killed another with its claws!

Those tigers were in a mess and fled everywhere, but there was no way to escape from the island!

For a time, those tigers were killed by the golden dragon one by one, and the sky-raising spears fell from the mid-air, turning into a pile of broken bones!

In just a moment, not one of the eighty-one tigers was left!

The Sky-Lifting Spear, which had been refined for thousands of years at Bone Cliff, was all in vain!

Bone Cliff without the Sky Spear is like a tiger without teeth!

Chapter: 5128

After killing those fierce tigers, the golden dragon roared into the sky, and then entered Chen Ping's body!

Chen Ping looked at Gu Ya calmly, his face full of indifference!

At this time, Gu Ya no longer had the arrogance he had just now, like a deflated rubber ball!

"I didn't expect that after thousands of years of suffering, I would be able to regain my physical body soon, but I would fall into the hands of a little brat like you."

"Well, maybe this is God's will, this is my destiny, but I was killed by one of your little Fusion Realm monks, how can I lose my face?"

"Even if I die, I want all of you to be buried with me..."

After Gu Ya finished speaking, he slowly formed seals with his hands in front of his chest. His whole body was suspended in the air, and a burst of silver bells suddenly sounded between heaven and earth!

This sound seemed to come from nine heavens away, and also seemed to come from the abyss of the earth, resounding throughout the entire island!

Hearing the sound of the silver bell, everyone was stunned!

Gu Ya slowly opened his mouth, and a stream of scriptures was transmitted from Gu Ya's mouth to all directions. As Gu Ya's scriptures were exported, the world began to tremble, and endless heat waves rose from the island and the ink sea!

The flames are approaching the bone cliff, and endless runes are flashing in the flames!

The world was instantly filled with flames, the entire sea of ink was surging and rolling, and the sky turned into a sea of fire!

Looking at the spells performed by Gu Ya, Chen Ping frowned slightly. He was worthy of being an ancient monk. Even without his body, he could still cast such a spell with just one remaining soul!

Gu Ya slowly raised his right hand, and a black fire lotus appeared in front of him. The black ink sea reflected the black fire lotus, making the entire void become distorted!

The appearance of the fire lotus caused the power of flames in the surrounding heaven and earth to surge towards the bone cliff!

The sea of ink was like a volcano erupting, and balls of flames erupted from the bottom of the sea!

The fire lotus grew bigger and bigger, and Gu Ya's entire body was suspended in the center of the fire lotus, wrapped in flames!

Then the flames that erupted gathered on the fire lotus, like fire dragons!

Everyone was completely shocked when they saw this scene. This bone cliff was going to destroy the world and die together!

The fire lotus kept absorbing the flames and grew bigger and bigger, until it finally covered the entire island!

"Get on the spiritual ship, go quickly, go quickly..."

Chen Ping shouted to everyone who was still in a daze!

Devil Shan Gui Lao and others reacted and rushed towards the spirit boat on the shore of the island!

Everyone rushed to jump on the spirit boat.

Chapter: 5129

Then the spirit boat sailed away from the island at the fastest speed and ran for more than ten miles before stopping!

“Chen Ping, Chen Ping...”

Gao Qilan shouted loudly, now on that small island, facing the terrifying fire lotus in the sky, can Chen Ping still survive?

“Mr. Chen, will he be okay?”

Ji Yun’s eyes were full of worry, but he knew that with his strength, it would be difficult to even land on the island at this time, let alone save Chen Ping!

“It will be okay. Mr. Chen’s strength is beyond all of our imaginations.”

Devil Mountain Ghost Lao has great trust in Chen Ping!

Because Chen Ping refreshed his knowledge time and time again!

After everyone left the island, Chen Ping’s indestructible golden body shone with the brightest golden light. At the same time, outside of the indestructible golden body, a layer of flames enveloped Chen Ping!

In Chen Ping’s origin space, the stars of the origin of fire have become extremely bright. Chen Ping intends to follow this bone cliff to fight fire with fire.

The flames of Bone Cliff are just the fire from the core of the earth, and the origin of Chen Ping’s fire comes from the demon clan Zhihuo, so in terms of flames, Chen Ping’s flames are even better!

But now Gu Ya is holding a desperate attitude and is no longer afraid, otherwise he would not dare to expand the fire lotus to such a big size!

Seeing that Chen Ping did not run away, but was still actively fighting, Gu Ya snorted coldly: “Boy, you have no chance. Under this fire lotus, no life will survive, and even this small island will no longer exist.”

“Whether there is a chance or not, it’s not you who has the final say, it’s my own decision. There are many people who want to kill me, including some ancient powers.”

“But in the end, didn’t I live well? This time is no exception!”

Chen Ping was still trying his best to mobilize the source of fire in his body, and said with disdain!

Gu Ya didn’t say anything, but his whole body sank suddenly!

The huge fire lotus pressed towards the island in an instant!

Chen Ping stared at the fire lotus with his eyes, standing upright, and there were waves of dragon roars in his body!

Chen Ping’s whole body was burning with flames, but the flame was like a small flame in front of the huge fire lotus!

It seemed so insignificant, but Chen Ping didn’t flinch!

“Die...”

The fire lotus finally fell with a crash and hit the island hard!

Rumble.....

Chapter: 5130

There was a thunderous figure, and the entire island was plunged into a sea of fire!

On the surrounding sea surface, huge waves of hundreds of meters were set off, spreading in all directions, one wave after another.

The spirit ship, which was more than ten miles away, was shaken by the huge waves, as if it was about to capsize at any time!

“Chen Ping.....”

When Gao Qilan saw this, he shouted in grief and anger!

Everyone else was also sweating for Chen Ping. After all, under such an attack, not to mention Chen Ping, a monk in the Fusion Realm, even a monk in the Tribulation Realm would not be able to withstand it!

“puff.....”

Bone Cliff spurted out a mouthful of blood, and his whole body was shaking. After this blow, he knew that he could not exist for long!

The flames were still burning on the island, and the entire island was directly bombarded and sank, with only one-tenth of the ground still exposed above the sea of ink!

It looks like they will all sink into the sea of ink soon!

The flames gradually extinguished, Gu Ya glanced at the island with only a small piece of land left, and did not find Chen Ping!

A smile appeared at the corner of Gu Ya’s mouth. Under such an attack, even a powerful monk, not to mention Chen Ping’s Fusion Realm monk, would have a hard time escaping!

Chen Ping must have been reduced to ashes under that attack, not even a body was left behind!

You must know that it is the fire in the center of the earth, with a temperature of tens of thousands of degrees. How could Chen Ping be able to withstand it!

Just when Gu Ya was complacent and waiting for his remnant soul to die, a sudden cough pulled him back!

“Ahem...”

“It’s not very powerful, it’s just that it was too strong. I was all black.”

I saw Chen Ping emerging from the scorched earth!

Chen Ping’s whole body was scorched black, as if he had been burned, but his indestructible golden body was still intact. That is to say, the blow just now could not even destroy Chen Ping’s indestructible golden body!

This is also due to the fact that when Chen Ping absorbed the dragon energy, his indestructible golden body was also strengthening!

Chen Ping stood up, swept the dirt off his body, and stroked his hair.

“Damn, my hair is all messed up...”

Chen Ping raised his head and looked at Gu Ya provocatively!

Gu Ya looked at Chen Ping and found that he was unscathed. He was about to go crazy. This was his desperate move and he planned to die together.
