

The Order 5161

Chapter: 5161

Demon Emperor Yihe sat in the main hall of the imperial city, frowning!

And in the main hall, there are some generals from Demon Imperial City!

However, among these generals, the highest strength is only the seventh level of the Fusion Realm, and there is no one with high strength at all!

Since the Demon Imperial City was conspired by Li Xing and Hu Ben to capture it, some of the loyal and powerful people in the Demon Imperial City were secretly massacred!

Huben is afraid that these people are so powerful that if they rebel, Huben will not be able to suppress them at all!

With the help of the people from Mingli King's City, Huben can still firmly hold the position of Demon King, but he can't always rely on the people from Mingli King's City to help him rule!

So this Huben secretly killed everyone who threatened him in Demon Imperial City!

This resulted in the disappearance of all the powerful people in Demon Emperor City, leaving only these generals in the Fusion Realm!

Originally, there were five emperor-protecting masters in the Imperial City. The purpose was to activate the secret mechanism when the Demon Imperial City was in danger and the Demon Emperor needed it, and these five emperor-loyal masters would appear!

These five royal masters are all great monks in the Tribulation Realm. When they have nothing to do, they just meditate and practice. They don't ask about the affairs of the Demon Imperial City!

Demon Emperor Yihe was betrayed by Hu Ben, and the incident was too sudden, so he didn't even have time to release the five royal masters!

After Yihe recaptured Demon Imperial City and killed Hu Ben, he immediately went to check on the five royal masters, only to find that all five of them died tragically!

It was obvious that Huben took advantage of them and killed five people!

As a result, the strength of the Demon Imperial City was greatly reduced. Except for Yihe himself, there was no master of overcoming the tribulation in the entire Demon Imperial City!

Fortunately, there are many guards in the Demon Imperial City. In addition, there are tens of thousands of monsters around the Demon Imperial City, so they can temporarily protect the Demon Imperial City!

But after King Li knew that Yihe was back and had taken back the Demon Imperial City, he immediately brought his people and prepared to attack the Demon Imperial City!

King Li came well prepared and brought many experts with him, so he clearly had an advantage in strength!

However, the Demon Imperial City was protected by the city, so King Li did not immediately lead his men to attack the city, and the two sides were in a stalemate for a while!

“Demon Emperor, that Mingli King City bullied people so much that they even led them to the door of their house. The worst we can do is die together. We will fight them to the end.”

Someone opened his mouth and broke the tranquility in the hall!

“I feel something is wrong. The strength of Mingli King City is obviously higher than ours. I think we should seek peace.”

“The reason why King Li didn’t attack us immediately, I think he also wanted to seek peace.”

“We can send envoys to King Li to ask for peace. At worst, we can send him more resources to make them retreat.”

Some people are afraid of Mingli Wangcheng’s strength and actually seek peace!

Chapter: 5162

Yihe couldn’t help but frown slightly when he heard the voice asking for peace, and there was a killing intent in his eyes!

Staring closely at the general who was asking for peace, Yihe suddenly waved his palm, and a sharp breath came in an instant!

boom.....

The general who was suing for peace was directly knocked away by a palm, and his body exploded and died in mid-air!

Seeing this scene, everyone else was so angry that they didn’t dare to breathe!

“I summoned you to discuss strategies for retreating from the enemy, not for you to sue for peace. If you disturb the morale of the army, this will be the fate if you dare to disturb the morale of the army.”

Yihe said with a cold face!

Everyone lowered their heads. No one dared to speak, let alone suing for peace!

Yihe looked at the people in front of him coldly, with disappointment and helplessness in his eyes!

The Demon Imperial City has been occupied by that tiger for a while, and now these generals have become so submissive and have no blood at all!

Yihe knew that there would be no results if he continued to discuss with these people, so he waved his hand and said: "Let's all go down, everyone performs their duties, and guard their respective city gates. If anyone escapes from the battle, he will be killed without mercy... ."

"As ordered..." All the generals retreated!

Yihe sat alone in the main hall, with a sad look on his face!

"dad....."

At this time, Isha ran in, and behind her, Liu Ruyan and many other Jade Cauldron Sect disciples followed!

"Isha..." Seeing his daughter, Yihe hurriedly ran over and hugged her tightly!

During this time, Yihe has been worried about Isha's safety!

After greeting Yisha for a few words, Yihe looked at Liu Ruyan and said: "Miss Liu, I will remember the great kindness of the Jade Cauldron Sect. If the Jade Cauldron Sect needs me, I will definitely help you." It's obligatory!"

"It's just that now the Mingli King's army is approaching and has immediately surrounded my Demon King's City, so I can't entertain you. I hope you leave as soon as possible to avoid being trapped!"

"Demon Emperor Yihe, I brought people here this time not only to escort Princess Isa, but also to see if there is anything that needs help."

"If I watch Demon Imperial City fall into fear and remain indifferent, Chen Ping will blame me if he finds out..."

Liu Ruyan said to Yihe!

When Yihe heard this, he smiled bitterly. He knew what Liu Ruyan meant!

Now Liu Ruyan is Chen Ping's woman, and this Demon Imperial City is also one of Chen Ping's acquaintances!

Chapter: 5163

Whether it is the Jade Cauldron Sect or the Demon Imperial City, they all belong to Chen Ping!

So now all they need is to join forces!

"Thank you so much, Miss Liu!" Yihe nodded in thanks!

"Third Elder, you lead the disciples of the Jade Cauldron Sect and start refining the elixir immediately. If a war breaks out, there will definitely be a large number of casualties."

Liu Ruyan ordered to the third elder.

"Yes!" The third elder nodded!

"Nie Heng, Fang Shu, you two each bring ten disciples to patrol the city wall. Once you find an injured person, treat them on the spot immediately."

Liu Ruyan ordered again!

"Obey!" Nie Heng and Fang Shu also accepted the order at the same time!

Yihe looked at Liu Ruyan's orderly orders, and hope ignited in his heart!

With the addition of the Jade Cauldron Sect, the casualties will definitely be much smaller!

At this moment, several guards in armor suddenly ran in from outside the door. Each of them was covered in blood and looked very embarrassed!

After seeing Yihe, they all knelt down and said, "Demon Emperor, all five teams we sent to deliver the message were intercepted and killed on the way. Only a few of us managed to escape."

"How could this happen? Didn't I ask you to leave through the secret passage?"

When Yihe saw this, he said with surprise!

"The people from Mingli King's City have already laid an ambush in the secret passage. They already know the existence of the secret passage!"

The guard said!

When Demon Emperor Yihe heard this, he was immediately furious. He gritted his teeth and said, "He must have told the traitor Hu Ben. Now it seems that the entire Demon Emperor City has no secrets from King Li anymore."

"Dad, what's going on?" Isa asked!

"I sent people out of the city to contact other demon emperors and the royal city to inform them of the situation here."

"When the time comes, these people will definitely see the huge benefits here and send troops. At that time, King Li will not dare to act rashly."

"If he were to forcefully attack our Demon Imperial City, it would be a fight between the fish and the clam. In the end, the snipe and the clam would fight for the fishermen's profit. I want to use this method to force King Li to retreat."

"I didn't expect this guy to be on guard..."

Yihe frowned, not knowing what to do!

Chapter: 5164

“Yihe, leave this matter to me. I’ll go talk to those old guys and ask them to send troops...”

At this time, Huofeng walked in and said!

Seeing the fire phoenix, Yihe hesitated and said: “If it were before, there would be no problem for you to come forward, but with your current strength, you probably won’t be able to leave the Demon Imperial City, right?”

Huofeng used to be very powerful, but after being thrown into the secular world, his strength dropped drastically. Now he is only in the Fusion Realm. If he wants to leave the Demon Imperial City, King Li will definitely not agree!

“Don’t worry, King Li is suspicious by nature. He won’t intercept me immediately when he sees me.”

“On the other hand, how long can your Demon Imperial City resist? The other old guys are all in other continents. They are far away. It will take time for me to come and go.”

Huofeng asked Yihe!

“I still have 100,000 soldiers in Demon Imperial City now, and with the magic circle surrounding Demon Imperial City, I should be able to withstand them for ten days and a half.”

Yihe said!

“That’s good, just wait for my good news!” After the fire phoenix said, he jumped and turned into a fire phoenix and flew out of the city!

When she saw the fire phoenix transforming directly into the fire phoenix, Isa’s eyes suddenly widened and she said with disbelief: “Dad, this is not... this is not that... .”

“Yes, she is Huo Feng. I haven’t seen her for many years. I didn’t expect that she was thrown into the secular world. Now Mr. Chen is the owner of Huo Feng.”

Before Isa could finish speaking, Yihe nodded and said!

“Chen Ping is the master of this fire phoenix?” Isa’s face was even more in disbelief!

At this time, the fire phoenix soared into the sky, its flame-burning wings waving continuously!

On the hilltop a few miles away from the Demon Imperial City, Li Xing was looking at the Demon Imperial City in front of him with a bit of pride on his face!

Because it won’t take long for this Demon Imperial City to be annexed by their Mingli Royal City!

When the time comes, he will be able to claim the title of king in this Demon Imperial City, and he will be able to hold Isa under him!

The reason why Li Xing did not take action when Huben took control of Demon Imperial City was because he wanted to rely on Li Xing to get rid of the die-hards and royal loyalists in Demon Imperial City!

Then he was thinking of a way to kill Huben so that he could get the Demon Imperial City without any bloodshed!

It’s a pity that he didn’t expect that Yihe would fight back to Demon Imperial City so quickly, kill Huben, and regain control!

“Sir, the people from the Jade Cauldron Sect have escorted Princess Na Yisha into the city. I ordered all my men to pretend they didn’t see her.”

At this time, a royal general came forward and whispered to Li Xing!

“Hahaha, now that the Jade Cauldron Sect has followed Isha into the city, we can catch them all in one go. They must have thought that they were concealing their actions and sneaked into the Demon Imperial City without us noticing.”

Chapter: 5165

“As everyone knows, I let them in on purpose so that I could catch them all and catch the turtle in the urn.”

Li Xing burst out laughing!

“Xing’er, why are you so happy?” King Li slowly walked out of a tent, followed by Hu Yixiao!

“Dad, most of the people from the Jade Cauldron Sect have already escorted Isha into the Demon Imperial City. We can launch an attack at any time.”

Li Xing said to King Li!

“Then the Jade Cauldron Sect is here after all.” King Li smiled coldly, then looked at Hu Yixiao behind him and said: “Elder Hu, you can go to the Jade Cauldron Sect and take down the Jade Cauldron Sect easily. , but if you take down the Jade Cauldron Sect, don’t forget what you promised me.”

“Don’t worry, King Li. I will take over the Jade Cauldron Sect. I will definitely obey King Li’s orders from now on. All the resources in the Jade Cauldron Sect will be available to King Li at any time.”

Hu Yixiao nodded and bowed like a pug!

“Hahaha...” King Li waved his hand: “Go ahead, I will send you hundreds of guards and followers...”

Hu Yixiao left with great gratitude!

Hu Yixiao had just left, and then Li Xing saw a flame flying out from the sky above the Demon Imperial City!

“Dad, look, someone has escaped from Demon Imperial City. They may be moving reinforcements...”

Li Xing quickly pointed to the flame in mid-air and said!

King Li looked up, his face suddenly became extremely ugly, and his brows also wrinkled!

“Dad, do we want to intercept?” Li Xing saw that King Li didn’t speak, so he asked again!

But King Li still didn’t speak, his eyes fixed on the flame!

After a while, he waved his hand and said: “Don’t stop me...”

“Dad, why didn’t you stop it? It must be the rescuers sent by Demon Imperial City. They thought they were causing a fire. We don’t know.”

Li Xing asked in confusion!

“That’s not someone from Demon Imperial City, that’s Huo Feng...”

King Li said!

“Fire phoenix?” Li Xing was stunned for a moment, then took a breath of air and said, “I haven’t seen the fire phoenix for many years. How could it suddenly appear in Demon Imperial City?”

“Could it be...”

“No need to guess, it’s definitely not what you think. Regardless of why Huo Feng is here, order him down immediately and prepare to attack.” King Li said with cold eyes!

Chapter: 5166

He suddenly had a very bad feeling at this time, so he didn't want to delay it any longer!

Li Xing nodded, then stood on the top of the mountain and slapped a palm, which exploded in the air.

This explosion directly caused the royal army at the foot of the mountain to move!

An army of tens of thousands of people began to march towards Demon Imperial City!

“Demon Emperor, it's not good, the army from Mingli King's City has begun to attack...”

A guard rushed over to report!

When Demon Emperor Yihe heard this, he frowned for a moment, then quickly walked out of the hall and climbed onto the tower!

Looking from a distance, the tens of thousands of troops in Mingli King's City are marching forward in uniform steps!

In front of these armies, there are various monsters, roaring continuously!

Yihe knew that these were the vanguard of Mingli Royal City, and they were only attacking tentatively!

If Demon Imperial City doesn't even dare to fight the opponent's tentative attack, morale will be greatly affected!

But if you go out of the city to fight, you will lose your troops in vain!

What Yihe wanted was to delay, hoping that Huofeng would notify the other Demon Emperors and the Royal City as soon as possible.

Isha glanced at Yihe and knew what her father was hesitating in, so she roared!

Soon, a figure arrived beside Isa!

This person is none other than the hairy Lang Feng!

“Lang Feng, I order you to lead the wolf pack and block the opponent’s attack!”

Isha ordered to Lang Feng!

“Yes!” Lang Feng accepted the order without any hesitation!

It was simply impossible to rely on wolves to stop the opponent’s tens of thousands of troops, but even though he knew he would die, Lang Feng didn’t hesitate at all!

Lang Feng turned around and was about to jump off the city. Isha said with unbearable eyes: “Lang Feng, pay attention to safety...”

Lang Feng didn’t speak, just nodded and jumped down!

As Lang Feng jumped down, a wolf roar came from his mouth!

Along with the howling of wolves, thousands of demon wolves came from all directions in the city!

Chapter: 5167

These demonic wolves are guarding the city gate with bared teeth!

“Dad, what is this Demon Imperial City doing? Do you want to rely on this demon wolf to stop our army?”

“It’s so ridiculous…”

Li Xing raised the corners of his mouth slightly, his eyes full of disdain!

However, King Li had deep eyes and his expression was not relaxed!

“These demon wolves are not to block our army, but to boost morale!”

King Li said slowly!

“What do you mean?” Li Xing didn’t understand what it meant!

“These demon wolves all know that they will die, but they do not flinch, just to show off to the sergeants in the Demon Emperor City and improve their morale.”

“It seems that this Yihe is ruthless enough to even let his tribe be wiped out to boost morale.”

King Li said with some admiration!

Yihe stood on top of the city, looking at the thousands of demon wolves below, feeling full of reluctance and guilt!

Especially Nalang Feng, Yihe knows his position in Yisha’s heart!

Isha has been playing in the mountains and forests since she was a child, and Lang Feng has always been with her. It can be said that Lang Feng has watched Isha grow up!

But now, Isha wants Lang Feng to die!

Yihe knew that Isha was even more sad than him at this time, but he had to do this!

Demon Imperial City was ruled by Hu Ben for a period of time, and many loyal soldiers were brutally killed. The loyalty of the entire Demon Imperial City to Yihe dropped a lot!

Now facing a formidable enemy with a huge disparity in strength, it is inevitable that the many soldiers in the Demon Imperial City will not be shaken!

And Isha also understood this, so she ordered Lang Feng to lead the demon wolves to block the attack!

Because at this time, only Lang Feng is the most loyal!

Isha also wants the demon wolves' fearless aura of death to infect the entire Demon Imperial City soldiers!

Let the soldiers of Demon Imperial City regain their fighting spirit!

Similarly, Lang Feng also understood this, so he agreed without hesitation!

If his death can bring about the safety of Demon Imperial City, then he will die without regrets!

Chapter: 5168

Lang Feng stood quietly in front of thousands of demon wolves. The breeze blew by, making the hair on Lang Feng's body dance with the wind!

Facing tens of thousands of enemy troops, Lang Feng's eyes were full of tenacity and unyielding!

No fear at all!

Those thousands of demon wolves also had fierce eyes and revealed terrifying fangs!

Lang Feng is loyal to Demon Imperial City, but these thousands of demon wolves are loyal to Lang Feng!

Because of loyalty, I am not afraid of death...

“kill.....”

Lang Feng suddenly roared, and his whole body instantly transformed into a huge demon wolf, charging towards the enemy!

The thousands of demon wolves behind him also rushed out together!

In an instant, thousands of demon wolves rushed into the enemy army of ten thousand people and started fighting!

These demon wolves are not very strong. Even Lang Feng's strength is not very strong. There is no way to compare with the opponent!

But they are determined to die and have no fear!

The sound of killing shook the sky!

The smoke is everywhere!

Under the Demon Emperor's City, it instantly became a mountain of corpses and a sea of blood...

Looking at the scene in front of her, Isa's tears slowly flowed out!

After more than ten minutes, the killing sounds gradually stopped, and the smoke gradually dissipated!

Thousands of demon wolves all fell into a pool of blood, not a single one survived!

But the damage they cause to the enemy is extremely low!

I saw Lang Feng's body hanging high on a spear. The enemy was provoking Demon Imperial City in this way!

Looking at Lang Feng's body, Isha couldn't bear it anymore, covered her face and burst into tears!

Yihe's eyes also became moist!

Seeing this scene, many soldiers in the Demon Emperor City were filled with murderous intent, and their eyes were filled with red threads!

At this moment, the bloody instincts of many soldiers in Demon Imperial City were aroused!

Chapter: 5169

On the top of a mountain several miles away, King Li saw that his men hung up Lang Feng's body to provoke him. He suddenly cursed angrily: "Idiot, you are still provoking in this way. This is provoking the other party." Stubborn resistance?"

"Dad, even if the Demon Imperial City resists, so what? The masters of the Demon Imperial City have been purged long ago, and there are still some unsteady-minded guys who can't make it."

Li Xing said nonchalantly!

"Fart, what do you know? Get someone back immediately..."

King Li scolded Li Xing severely!

Li Xing had no choice but to pull back the probing soldiers in front, but suddenly the mountain shook and the sound of killing shook the sky!

I saw the gate of Demon Imperial City slowly opening, and tens of thousands of soldiers rushed out of the city!

These Demon Imperial City soldiers were roaring one by one, their eyes full of murderous intent!

The soldiers of Demon Imperial City who were originally timid, now all look like murderous gods!

There was no order from Yihe, but the general couldn't help it, opened the city gate and rushed out!

Their bloody nature is aroused and they need to kill to vent their anger!

Looking at the soldiers coming out of Demon Imperial City, Li Xing was a little stunned!

He couldn't believe that these were actually soldiers from Demon Imperial City!

You must know that these soldiers are all oppressed by Huben. Wherever there is blood, those who have blood will have been killed by Huben long ago!

But now, these Demon Imperial City soldiers, who originally seemed cowardly, now show a fearless spirit!

Before Li Xing had time to issue a retreat order, the tens of thousands of people exploring the path were instantly washed away!

The soldiers of Demon Imperial City were waving their weapons like crazy!

Not afraid of life and death, not afraid of bloodshed...

For a moment, the soldiers in Mingli King's City were so killed that they abandoned their helmets and armor and retreated one after another!

Yihe looked at all this, and his heart was filled with joy!

However, he knew that this short-term stimulation caught King Li off guard, but it would definitely become more and more difficult in the future!

Yihe ordered the soldiers to return to the city, because when King Li reacted, none of the soldiers who rushed out would be able to come back!

Under the Demon Emperor City, calm slowly returned!

Only the corpses scattered all over the mountains and plains told that this place had just experienced a killing!

Chapter: 5170

The setting sun shines on the bright red blood, glowing with bursts of red light!

Several crows were hovering in the air, making shrill cries!

After the bloody breath, what comes is sadness!

Looking at the corpses on that ground, every soldier's heart was shrouded in a dark cloud!

"Dad, let's go back and rest. It's getting dark, so it's probably not easy to attack Mingli King's City."

Isa said softly!

But Yihe stood motionless, and the dead people below were all his people!

Yihe was filled with grief!

When Isha saw that Ihe was not moving, she also stayed with him, looking at the corpses under the Demon Imperial City motionlessly!

I don't know how long it took, but it turned completely dark!

A full moon hung high, lighting up the land, as if a layer of silver frost had been sprinkled on the land!

"Dad, look what that is?"

Isha suddenly discovered that in front of the full moon, a shadow was flying towards them!

At the same time, Li Xing on the top of the mountain also discovered the shadow in the mid-air!

"Dad, there's something wrong..." Li Xing shouted loudly!

King Li walked out of the tent, looked up, and found that there was a huge airship in mid-air!

"Airship?" King Li frowned slightly: "How come there is an airship here? In this area, the Feitian Sect is the only one with airships, but the Feitian Sect's airship shouldn't fly here?"

King Li was very puzzled and didn't understand why an airship suddenly appeared!

"Do you want to bring down the airship?" Li Xing asked!

But King Li waved his hand: "Let's see, who is it that drove the airship here?"

You know, airships are rare things and not everyone can own them!

In addition to being expensive to build, airships also require high technical and resource support!

Even in their Mingli King's City, they couldn't build an airship. King Li felt that being able to own an airship was definitely not an ordinary person, so he didn't dare to act rashly!

If you offend any sect family at this juncture, the gain will outweigh the loss!
