

The Order 5201

Chapter: 5201

Isha asked Chen Ping in disbelief!

“I’ve told you before, just let you prepare to kill the enemy.”

Chen Ping said with a faint smile!

Isa looked at Chen Ping, and her heart was filled with shock. How much effort would it take to form a formation that could trap tens of thousands of troops?

Yihe, who was on the Demon Emperor City, was a little shocked when he looked at the scene below the city. Although he knew Chen Ping’s strength, this was the first time he had seen such a formation that trapped ten thousand people and an army!

You must know that arranging this kind of formation is extremely complicated and difficult. Even advanced formation masters may not be able to do it!

At this moment, Chen Ping was quietly watching the scene in front of him. The tens of thousands of enemy troops were rolling, struggling, trampling and cursing each other!

But no matter how hard they try, they can’t escape from that formation.

In the eyes of outsiders, the tens of thousands of troops in Mingli King’s City looked as if they were drunk and could not stand at all!

Seeing that the time was ripe, Chen Ping said slowly: “Princess Isa, the opportunity has come to kill the enemy quickly. Do you have any worries in the face of these soft-footed shrimps?”

Isa glanced at Chen Ping gratefully, then raised the weapon in her hand and shouted: “Soldiers, follow me and charge...”

Isha raised her arms and shouted, and all the soldiers in Demon Imperial City shouted and charged forward to kill him!

Although there are only a thousand people, their fighting spirit is high, but the opponent is already spinning, and they can't distinguish between east, west and north. How can they resist?

The one-sided massacre began. King Li watched his soldiers being slaughtered, and his eyes were red with anger!

Ten minutes later, the massacre slowly came to an end!

The tens of thousands of soldiers in Mingli King City have all become corpses at this moment!

The corpses of tens of thousands of people were piled up into a small hill!

The ground under his feet was dyed red with blood, and Chen Ping stood on the ground dyed red with blood, looking at King Li with contempt!

Facing Chen Ping's contemptuous expression, King Li became even more angry!

"Prince Li, I think we should go back first and then discuss countermeasures..."

Elder Qi whispered to King Li!

"It's nothing to discuss. Today I'm going to kill this kid and destroy this Demon Imperial City..."

After King Li finished speaking, he suddenly roared, took a step forward, directly crossed a distance of several hundred meters, and punched Chen Ping on the head!

King Li was very fast and without any warning!

Chapter: 5202

This time, Yihe and Gao Qilan on the tower were frightened!

“Mr. Chen...”

“Chen Ping...”

Yi He and Gao Qilan all jumped up and jumped down from the tower, ready to help Chen Ping!

You must know that King Li’s strength has reached the fourth level of the Tribulation Realm, which is higher than Yihe!

Chen Ping is only at the eighth level of the Fusion Realm now. Even if he can fight beyond the level, it will still be difficult to fight against the fourth level monks of the Tribulation Realm!

“None of you should take action...”

Chen Pingping faced King Li’s attack without any panic on his face and said directly to Yihe and the others!

Without the God King Bow, it would have been difficult for Chen Ping to fight alone as a fourth-level monk in the Tribulation Realm. But now that he has the God King Bow, he is full of confidence!

Yi He and others were stunned, but Chen Ping refused to do anything, so they could only stand aside and watch!

“Boy, you are so crazy...”

King Li saw that Chen Ping was only at the eighth level of the Fusion Realm and refused to let others help. This was obviously looking down on him!

I saw King Li's body expanding continuously in mid-air, and finally turned into a giant more than three meters tall, and his fists became extremely huge!

This punch came from the sky, the heaven and earth stirred, and the power like a tsunami burst out. The power of the beasts in King Li's body also boiled with his punch!

Chen Ping put away the dragon-slaying sword in his hand, and then with a cold shout, he jumped up and punched King Li.

Chen Ping's body looked very thin in front of the giant King Li, but Chen Ping didn't have the slightest fear!

The God King's Bow is his confidence!

Chen Ping had known for a long time that the reason why King Li exchanged the God-King Bow was because he couldn't pull the God-King Bow at all, and he also guessed that he couldn't pull it!

Chen Ping wanted to take advantage of this. At the last moment, he unexpectedly killed King Li with the God King Bow!

As long as King Li dies, the army of King Mingli will be defeated without attack!

boom.....

There was an explosion, and Chen Ping's fist finally collided with King Li's fist!

The huge explosion made everyone's expressions change, and in an instant, an invisible aura began to spread rapidly!

"Back off, back off quickly..."

Chapter: 5203

When Yihe saw this, he shouted loudly!

Many people began to retreat desperately!

But there were still some soldiers who retreated too slowly, vomiting blood and being knocked away!

Buzz buzz.....

Chen Ping's fist was pressed against King Li's fist. The difference in stature between the two made Chen Ping look too weak!

But Chen Ping, who looked so weak, directly blocked King Li's punch!

I saw the bodies of the two people suspended in mid-air, and two terrifying forces radiated out from their fists, causing the space around them to begin to distort!

“Boy, no wonder you were able to defeat Elder Qi. It seems that you really have some strength!”

When King Li saw that his punch was actually blocked by Chen Ping, there was a slight look of surprise on his face, but his eyes were full of arrogance!

Even if Chen Ping could leapfrog and fight, after all he was just a monk at the eighth level of the Fusion Realm. King Li simply did not believe that Chen Ping could defeat him at the eighth level of the Fusion Realm!

And there is another thing that King Li has incomparable confidence in his heart, and that is his strong body!

You must know that their orcs are born with power that is unmatched by the human race, and it is also the purest physical power!

King Li had no idea that the power he was confident in was what Chen Ping lacked the most!

If it were purely about physical strength, Chen Ping could beat him to the point where he was called grandpa!

Chen Ping is from the dragon clan, and he is also from the golden dragon clan. Is there anyone who can compare to him in terms of pure physical strength?

It's a pity that King Li didn't even open his eyes to look at Chen Ping. Just when Chen Ping used the power of the dragon, King Li just focused on the formation!

The current King Li still doesn't know Chen Ping's true identity. I wonder what his expression will be when he finds out!

"Not only can I defeat that Elder Qi, but I can also easily defeat you, the leader of the monster beast!"

Chen Ping snorted coldly!

"Be bold, I will let you see the power of the real beast tribe!"

King Li suddenly sank, and with a cold shout, all the muscles in King Li's body hugged him, and his whole body swelled again.

I saw Chen Ping and King Li's bodies falling, and they both fell to the ground!

The huge force caused the ground to begin to collapse and fall apart!

In an instant, a large pit hundreds of meters long appeared, and it was still spreading to all directions!

Chapter: 5204

“This King Li’s beast clan is indeed much stronger than me...”

Yihe looked at the scene in front of him and couldn’t help but sigh!

“Dad, if Chen Ping wants to fight with King Li relying on his physical strength, I’m afraid he will lose miserably, right?”

Isa didn’t understand why Chen Ping had to follow King Li to fight for his physical strength when he knew all kinds of magic and combat skills.

Yihe shook his head: “If King Li really only competes with Mr. Chen for physical strength, that would be the best.”

“Mr. Chen’s physical body is unparalleled...”

King Li didn’t know Chen Ping’s identity, but Yi He knew that the real golden dragon’s true body was more powerful than this physical body?

Rumble.....

King Li’s power continues to explode, and the earth roars!

Chen Ping, on the other hand, was facing King Li, punching in front of him, with no expression on his face. No matter how powerful King Li was, he couldn’t make Chen Ping move at all!

Chen Ping, who looked thin in front of King Li, now stood like an immovable mountain!

“Is this your true power as a beast? Is this the physical power you are proud of?”

Chen Ping asked sarcastically.

King Li frowned slightly. Although he did not unleash all his power, with this power, even if Yihe followed him to fight, he would probably have to take a few steps back, but Chen Ping did not move at all!

But just when King Li was puzzled, Chen Ping suddenly moved!

Chen Ping's body jumped up, and the purest physical power in his body exploded, without any spiritual power or skills, let alone using the power of the dragon and his original power!

Chen Ping's body spun in mid-air, and his power burst out at this moment, and then he kicked out fiercely towards King Li!

When King Li saw this, he crossed his fists and blocked it directly in front of him!

King Li had absolute confidence in his physical strength, so he did not dodge!

boom!

Chen Ping kicked King Li hard on both arms!

King Li's huge body shot out like a meteor, and then the body hit the ground heavily, instantly stirring up smoke and dust in the sky. Only a straight ravine appeared, which was forcefully knocked out by King Li's body. of!

"How...how could this happen?"

Elder Qi was shocked. He didn't understand that King Li was actually knocked out by a boy at the eighth level of the Fusion Realm!

Chapter: 5205

Although he has experienced Chen Ping's strength, Chen Ping is also opportunistic and careless!

But this time, Chen Ping didn't use any opportunism and used real power. This was so shocking!

King Li's body flew far away before stopping!

When he stood up slowly, his anger had turned him ferocious!

In front of many soldiers, he was kicked away by a boy in the Fusion Realm. How could King Li not be angry?

This made him lose face, and also made him lose his prestige in front of the soldiers!

"I want you to die, I want you to die..."

King Li roared, endless aura circulated between heaven and earth, and terrifying pressure filled the air!

I saw the void trembling behind King Li, and a huge figure slowly appeared, standing in the void. The aura of chaos in the void was constantly rolling, forming a chaotic phenomenon. It was unclear what the figure was!

As soon as the chaotic phenomenon appeared behind King Li, everyone felt a sense of depression and their breathing became stagnant!

"The beast soul awakens?"

Seeing the strange scene behind King Li, Yihe couldn't help but frown!

As Yihe finished his words, the chaotic vision behind King Li became clear, and the huge figure could also be seen clearly!

It was a huge mammoth, with two long teeth that shone with a cold light!

“This King Li turns out to be an elephant?” Chen Ping looked a little surprised when he saw this!

“His body is not an elephant. This elephant is just his awakened beast soul. This is the most powerful awakening of the physical body.”

“There is no physical power greater than the power of an elephant. I didn’t expect that King Li would have awakened his beast soul a long time ago. It seems that he is hiding very deep.”

Yihe’s eyes were full of envy!

Maybe others don’t know what the beast soul awakening is, but Yihe knows very well that the beast soul awakening is what every beast monk dreams of. After the beast soul awakens, it means that the strength has entered another stage!

It’s just that there are very few beast monks who have awakened their beast souls. When a certain beast soul is awakened, you can get the power of the beast soul!

What King Li awakened turned out to be the beast soul of a mammoth, so his physical strength would increase exponentially!

It’s no wonder that as soon as he started fighting with Chen Ping, he relied on the pure strength of his body to compete!

Yihe, who was originally very confident in Chen Ping’s physical strength, now started to feel a little worried!

All the orc monks present looked at King Li with envy and jealousy!

Chapter: 5206

The vision unfolded behind King Li, the heaven and earth shook, boulders rolled, the aura agitated, and the wind and clouds changed color!

“Boy, this is the real power of the beast clan...”

King Li roared, looking down at Chen Ping, his face full of murderous intent, like a huge god of death, it was frightening!

And the mammoth beast soul behind him roared into the sky and made a harsh sound!

Chen Ping looked at King Li, the corners of his mouth raised slightly, and there was no fear in his eyes.

If King Li had other methods, Chen Ping might pay more attention to him, but compared to his physical body, Chen Ping simply looked down on him!

You must know that Chen Ping’s physical body was strengthened again when he absorbed the dragon energy under the Mohai Island!

Even if King Li awakens his beast soul, there is nothing to fear!

“A small mammoth, you dare to say that this is the real power of the beast tribe. I can only say that you are a frog in the well and have no knowledge.”

“Have you ever seen the power that a real beast tribe can unleash? There are many beast tribes that are more powerful than this mammoth!”

“You are really ignorant and fearless...”

Chen Ping’s body slowly rose, suspended in mid-air, and said coldly!

“Am I the frog in the well? Today I’m going to show you who is the frog in the well.”

After King Li finished speaking, he stepped on the void. The void roared and trembled, as if the entire void was about to shatter!

The huge King Li stepped towards Chen Ping with one kick!

At this moment, King Li's kick was bigger than Chen Ping's entire body. He wanted to trample Chen Ping under his feet to avenge himself for being kicked by Chen Ping just now.

When King Li stepped on it, Chen Ping sneered, his body swayed, and he disappeared!

boom!

King Li's foot missed the point and stepped directly on the ground, causing the earth to shake!

Seeing that his kick was in vain, King Li stepped towards Chen Ping again!

Chen Ping used his flexible movement and speed to avoid King Li's attack!

He escaped several times in a row, which made King Li very angry!

As the saying goes, everything has yin and yang, pros and cons!

King Li awakened the beast soul of the mammoth, and his body became stronger and his power became stronger, but instead his speed became slower!

Chapter: 5207

Chen Ping dodged him several times in a row, and King Li was about to be pissed to death!

“Are you a coward who only knows how to avoid? Where did you have the courage to confront me head-on just now?”

King Li saw that Chen Ping was always dodging, so he started to use the provocation method against Chen Ping!

“Mr. Chen, don’t be fooled. King Li has awakened his beast soul. Although his strength has increased a lot, his speed will slow down. Don’t confront him head-on...”

Yihe reminded Chen Ping loudly!

But Chen Ping didn’t seem to hear it. He smiled coldly at King Li and said, “Okay, since you want to confront me head-on, then I will help you...”

After that, Chen Ping’s figure disappeared from King Li’s eyes again!

Before King Li could react, Chen Ping had already appeared in front of King Li!

Snapped.....

A big hand slapped King Li hard on the face, and blood spurted out from the corner of King Li’s mouth instantly!

After Chen Ping slapped King Li, he quickly retreated!

This made King Li start to go a little crazy!

When everyone saw King Li being slapped by Chen Ping, their eyes widened with disbelief on their faces!

Because Chen Ping was too fast, when everyone reacted, Chen Ping had already slapped King Li and stepped back!

“ah.....”

“I have to kill you today...”

King Li roared, his long hair flying, and his whole body was radiating with light. At this time, King Li was like a crazed bull, charging towards Chen Ping!

Chen Ping snorted coldly. Facing King Li who exploded with all his strength, Chen Ping did not dodge. Since he said he would fight head-on with King Li, he would keep his word!

A golden light suddenly appeared on Chen Ping’s body and he headed directly towards King Li!

This time, Chen Ping did not use his indestructible golden body. He wanted to use his purest physical body to follow King Li to compete!

Seeing that Chen Ping actually dared to confront him head-on, King Li roared, the vision behind him trembled, a light flashed between his eyebrows, and soon the light filled his whole body!

boom.....

Soon, the two figures collided fiercely, the earth shook, and the sun and moon lost light!

There was only the most primitive collision between the two figures.

Chapter: 5208

There are no spells, no combat skills, no magical weapons, just the raw power of punching to the flesh, but even this most primitive and pure power, the destructive power is amazing!

This kind of pure power of the physical body has exceeded the cognition of many people. They don't understand how they can have such terrifying power without the blessing of spiritual power and without the help of magic!

King Li's body is huge and his power is endless. The awakening of the beast soul makes his physical power arrogant!

But Chen Ping, a young monk, actually relied on pure physical strength to fight with King Li!

There was no instant crushing, this was beyond many people's expectations!

Many people think that after King Li awakened his beast soul, Chen Ping's little body must have been crushed by the collision of pure physical power!

But now, instead of crushing him, Chen Ping actually followed King Li and fought with him with a few punches!

At this time, King Li's face was completely humiliated!

boom.....

With an explosion, both of them fell towards the ground like meteors, and then smashed into the ground!

The huge impact force caused two deep pits to instantly appear on the ground.

"Chen Ping....."

"Mr. Chen....."

When Yihe and the others saw this, their hearts suddenly tightened!

“King Li...”

“dad.....”

When Elder Qi and Li Xing saw this scene, they also shouted nervously!

This result was unexpected by no one. No one expected that Chen Ping and King Li would fall out of the air at the same time!

No one can see clearly what exactly happened!

Now they don't dare to get close. After all, the aftermath of the collision between the two people is enough to knock away those who get close!

After a while, a rumbling sound came from the ground!

Immediately afterwards, two figures slowly flew up from the deep pit, and then suspended in mid-air!

The two people looked at each other, Chen Ping looked relaxed, while King Li looked ferocious!

After awakening the beast soul, he and Chen Ping almost fought to a tie. This is simply too ironic!

Chapter: 5209

This is a pure collision of strength, without any skills at all!

He didn't understand how Chen Ping could have such physical strength, and how could Chen Ping's body be so powerful?

A human monk should not be in this situation!

“What kind of beast power do you have? It feels very ordinary...”

Chen Ping said with a hint of ridicule!

After hearing Chen Ping’s words, King Li felt like he was being slapped in the face!

He said time and time again that he would kill Chen Ping, how powerful his beast tribe was!

But he was slapped in the face again and again by Chen Ping!

King Li looked at Chen Ping with murderous intent in his eyes. He didn’t say anything this time, but the light between his eyebrows emitted again, and a vast power began to rise!

The vision behind King Li suddenly began to spread, followed by rapid hand movements. After the vision spread several times, King Li’s whole person was also changing!

I saw black hair appearing all over King Li’s body, fangs exposed in his mouth, and his hands turning into sharp claws. He looked very scary!

This King Li turned into a half-human, half-animal monster, but his strength was obviously increased again!

“I just tested you, now is the time for you to see...”

King Li finally let out a roar, the sound seemed to be forced out of his throat, it was very awkward!

After that, King Li quickly rushed towards Chen Ping, and this time King Li’s movements became even faster.

I saw a black shadow flash past, and King Li had already arrived in front of Chen Ping!

Then he slapped a claw towards Chen Ping. When the claw went down, the void was torn apart!

Chen Ping was also hit by this claw, and his body flew backwards. There were still several blood marks on his chest!

“Chen Ping...”

“Mr. Chen...”

When Yi He and Gao Qilan saw this, they rushed over and stopped Chen Ping!

Looking at the injury on Chen Ping’s chest, Gao Qilan and the others felt heartbroken!

“Chen Ping, are you okay?”

Gao Qilan asked with concern!

Chapter: 5210

“It’s okay, this little injury is nothing.” Chen Ping smiled easily: “But if he can hurt my body, this King Li’s strength is pretty good.”

When King Li saw Chen Ping being injured by him, his eyes suddenly showed pride, and his body exuded a bloodthirsty aura that was breathtaking!

King Li stood in the void, and the vision behind him kept flashing, as if providing some kind of power to King Li!

“Boy, now, have you seen the true power of the beast clan? I just used only 50% of my strength. If I hit you with all my strength, you would have become a dead body.”

King Li looked down at Chen Ping very proudly and said!

Chen Ping pushed away the crowd, jumped up, and faced King Li directly. There was no fear in his eyes!

“Your power of the beast clan is nothing more than this. Since you say so, then I will let you see what the real power of the beast clan is.”

After Chen Ping finished speaking, golden light flashed behind him, and with the golden light, a golden dragon slowly appeared behind Chen Ping!

The golden dragon was swimming behind Chen Ping, exuding endless majesty, which made many people kneel down after seeing it!

Even many soldiers in Mingli King City couldn't help but kneel to the ground at this moment!

The golden dragon is the lord of all beasts...

Yihe and the others looked at this scene without any change in their expressions. After all, they all knew Chen Ping's identity!

When King Li looked at the golden dragon behind Chen Ping and the power of the dragon that Chen Ping had burst out, he was stunned!

“You...you are actually the true form of the golden dragon?”

King Li opened his mouth. He never expected that Chen Ping turned out to be the true form of the Golden Dragon!

No wonder Chen Ping's body was so strong after fighting for a long time!

"Now that I know, I'm afraid it's too late. I'll let you see the true power of the orcs..."

Chen Ping said calmly!

King Li frowned slightly, the vision behind him kept shaking, and the breath inside kept flowing.

"Even if you are the true form of the Golden Dragon, I will let you die without a burial place today..."

King Li roared angrily, and suddenly the sky and the earth darkened, and King Li's body grew larger again, reaching dozens of feet tall!

Like a hill in front of Chen Ping, King Li used magical powers. Since Chen Ping is the true form of the Golden Dragon, with pure physical strength, King Li knew that he couldn't defeat Chen Ping, so he started to use magical powers!

In the darkness, King Li covered the sky with his claw and slapped Chen Ping!

In front of King Li, Chen Ping was as weak as an ant.
