

## **The Order 5231**

Chapter: 5231

Many monks shouted loudly!

But not every monk is particularly rich. Many monks don't have the money to sit in the teleportation array, so they walk to Tianmo Mountain on their legs!

Now the sudden price increase of one million will make it impossible for many people to ride the teleportation array!

In the face of everyone's opposition, the young man didn't seem to be worried at all. Instead, he said with a sneer: "If you dislike the high price, you don't have to use this teleportation array at all. You can also work hard, but without our Juman Palace, who can Don't even think about activating the teleportation array."

After saying that, the young man looked at Chen Ping and said, "What do you think of my attitude towards my parents?"

At this time, no one dared to shout. If the teleportation array does not activate, they will waste their time!

In the end, many people sighed helplessly and started to pay again!

There is really no way, who allows Juman Palace to activate the teleportation array!

"You're just asking for money, you're so inhumane..."

Huofeng couldn't stand it and shouted at the young man!

"If you don't like it, you don't have to sit down, but if you can stay with me for one night, beautiful lady, I can waive the fee for you."

With a wicked smile on his face, the young man even reached out to touch Huo Feng's face!

Huo Feng was furious and slapped the young man directly, then stepped back!

This young man's strength is obviously not low, Huo Feng is no match at all!

After being slapped by Huo Feng, the young man was not angry at all. Instead, he touched the area hit by Huo Feng with his hand and said with an intoxicated look: "The beauty's hand smells so good, it smells good even when it hits my face." "

The people in the Juman Palace have already practiced body refining, and their skin is rough and fleshy. The slap from the fire phoenix may not even be considered as tickling the opponent!

Seeing the young man like that, Huo Feng's face turned red with anger, but she was not strong enough and there was nothing she could do!

Chen Ping looked at the young man coldly, and his eyes began to burst with cold murderous intent.

But facing Chen Ping's cold eyes, the young man didn't care at all!

Just when Chen Ping slightly clenched his fists and was about to take action, there was a sudden commotion behind him.

"Get out of the way, get out of the way quickly..."

Dozens of giants more than three meters high drove many monks to one side, leaving a spacious road!

An old man over two meters tall, accompanied by a middle-aged man of normal height, was walking towards this side!

“Jingyun, I asked you to come over in advance to straighten things out. Look at this mess. What are you doing for food?”

Chapter: 5232

The old man shouted dissatisfiedly at the young man!

“Dad, I came here to straighten things out, but some people are making trouble. Now I’ve paid an extra one million to keep them honest.”

The young man hurriedly walked towards the old man!

The old man just glared at the young man, and then said apologetically to the middle-aged man next to him: “Mr. Ji is laughing, my son is too naughty and can’t do anything.”

“Palace Master Qin is serious. Young Master Qin has managed to break through to the Tribulation Realm by relying on magical powers and secret techniques at a young age. He is definitely a genius among geniuses.”

The middle-aged man praised Qin Jingyun, which made Qin Jingyun very happy!

“Mr. Ji, please stop praising him, otherwise he will drift away.” Palace Master Qin smiled faintly, and then continued: “In three days, I will take people there on time, and I hope Mr. Ji will be prepared.”

“Definitely, I hope we can have a happy cooperation this time.”

The middle-aged man shook hands with Palace Master Qin.

Soon the middle-aged man walked into the teleportation array, and the people in Juman Palace began to prepare to activate the teleportation array!

Obviously, everyone has been waiting for so many days, but the teleportation array has not been activated. They are obviously waiting for this middle-aged man!

“Let’s go...” Palace Master Qin saw the middle-aged man entering the teleportation array, so he asked Qin Jingyun to leave!

Qin Jingyun gave Chen Ping and the others a cold look, and then told the two Juman Palace disciples guarding the passage: “Let them make up the money. If they don’t make up the money, they are not allowed to go in...”

After saying that, Qin Jingyun proudly left with his father!

Seeing the teleportation array activated, the monks who had paid for it began to enter the teleportation array one after another. There were also some monks who really couldn’t afford the money, pacing back and forth anxiously!

“Mr. Chen, I’m going to make up the money...”

After Ji Yun finished speaking, he went to make up the money. Several million was nothing to Ji Yun!

After making up the money, Chen Ping and the three of them walked into the teleportation array!

Just after Chen Ping and the others entered the teleportation array, Chen Ping always felt a pair of eyes looking at him!

When Chen Ping turned around to look, he found that the gaze staring at him disappeared again!

“Mr. Chen, what’s wrong?”

Ji Yun asked!

“It’s okay, I always feel like someone is staring at us!” Chen Ping said with a slight frown!

“Someone is staring at us, don’t I feel it?”

Chapter: 5233

When Huofeng heard this, he immediately looked around and found nothing strange!

Soon, the teleportation array was filled with people, and the passage into the teleportation array was slowly closed!

“Everyone, get ready. The teleportation array will be activated immediately. When the teleportation array is activated, please do not emit your spiritual consciousness, otherwise you will be responsible for all consequences.”

After a disciple of the Juman Palace said loudly, everyone felt that the teleportation array under their feet began to slowly rotate!

Rays of light emanated from the teleportation array, enveloping everyone!

The teleportation array rotated faster and faster, and everyone felt a flash of white light in front of their eyes!

At that moment, everyone’s consciousness seemed to freeze, and they all looked like dead people!

But after Chen Ping’s flash of white light, a ray of spiritual consciousness emitted.

Chen Ping really wanted to understand how this huge teleportation array was deployed!

Although Chen Ping’s current magic skills have not reached the peak level and there is no way to set up such a huge teleportation array, if he understands the layout of the teleportation array, Chen Ping can definitely set up a small teleportation array by himself!

In that case, it will be much more convenient for Chen Ping to go where he wants to go!

But just as a ray of Chen Ping's consciousness left his body, Chen Ping's whole body seemed to be trapped in a huge whirlpool!

He felt that the soul of his body was being pulled out of his body by a huge suction force!

Chen Ping was a little panicked at this time, desperately trying to calm down his consciousness!

"Mr. Chen, help, help..."

Zhe Yan desperately called for help in Chen Ping's sea of consciousness!

Chen Ping's sea of consciousness at this moment seemed to have encountered a hurricane, causing turbulent waves!

Above Chen Ping's head, a white light continued to emerge!

Immediately afterwards, Chen Ping felt like he was in a white illusion!

But when Chen Ping looked around, he found that the surroundings were all motionless monks, including Huofeng and Ji Yun!

Chen Ping looked to the side and was instantly startled!

Because he saw that his eyes were slightly closed, standing motionless, like a sculpture!

"What's going on? I...am I a spirit now?"

Chen Ping quickly looked at himself and frowned!

Chapter: 5234

It turned out that the soul in his body was pulled out by the huge suction force!

Chen Ping was a little scared at this moment and desperately wanted to rush back into his body, but no matter how hard he tried, it was of no use!

“Damn, curiosity killed the cat...”

If Chen Ping knew this, he would not send out that ray of spiritual consciousness to explore!

Now my whole soul is being pulled out of my body!

If we can't go back, we'll be in big trouble!

Just when Chen Ping was at a loss and didn't know what to do, a picture slowly appeared in the white illusion!

I saw an old man with a whisk and a white beard, using a broken charred branch to draw something on the ground!

Chen Ping looked closely and found that what the old man had drawn with tree branches was exactly the teleportation array they were sitting on!

There was a bit of panic on the old man's face, and he drew the formation very fast!

From time to time, black shadows approached the old man, but they were all knocked away by the old man flicking his fly whisk!

Chen Ping didn't understand, what was going on in this scene?

Could it be that this teleportation array was set up by the old man in the picture?

It only took the old man a few breaths to finish painting this huge teleportation array that accommodated hundreds of people!

As a stream of light flashed through the teleportation array, the old man breathed a heavy sigh of relief!

Throwing away the branch in his hand, the old man suddenly looked at Chen Ping!

This shocked Chen Ping!

It's as if the old man in the painting can see Chen Ping!

But at this moment, a group of black shadows came from the screen and instantly enveloped the old man!

The old man seemed to no longer resist. A pair of eyes were exposed outside the shadow, still staring at Chen Ping!

Chen Ping felt dizzy, and with a suction force, he fell directly into the endless black vortex!

Suddenly, a golden light pierced the darkness, and Chen Ping suddenly woke up. Only then did he realize that at some point, the Daluo Jindian in his sea of consciousness was blocking him!

The Daluo Golden Code exuded a holy golden light and slowly opened a page!

Waves of sacred chanting sounds entered Chen Ping's mind, followed by hellish screams!

Chapter: 5235

The endless darkness slowly disappeared, and Chen Ping's eyes were full of excitement, wanting to see what was recorded in the Daluo Golden Code!

But before he could see it, he felt his whole body being pushed, and then he opened his eyes again!

“Master, what are you doing? Are you asleep? I’ve been calling you for a long time.”

Huofeng pushed Chen Ping’s body hard and said!

Chen Ping’s face was still full of confusion at this moment. He looked around and found that they were in a vast jungle!

Around them, many monks have left, but there are still a dozen monks standing motionless, like wooden stakes!

No one around them paid attention to these motionless monks!

“Mr. Chen, you are finally awake. Just now we thought that your soul was sent elsewhere like these people!”

Seeing Chen Ping open his eyes, Ji Yun said with confidence!

“What exactly is going on?”

Chen Ping still doesn’t understand. Was what he experienced just now just a dream?

“Mr. Chen, when we teleported here, you never regained consciousness. During the teleportation process, everyone’s consciousness was closed, like a dead person.”

“However, after being teleported, consciousness will recover, but you did not recover, which frightened the two of us.”

Ji Yun followed Chen Ping and explained!

“What about these people?” Chen Ping asked, pointing to the dozen or so motionless monks around him!

“They are all dead. Every time the teleportation array is activated, there are always smart people who spread their spiritual consciousness and want to see the power of the teleportation array.”

“These people were disobedient. After radiating their spiritual consciousness, their consciousness was stripped away by the teleportation array. Although they were not dead, they were undoubtedly dead along with them.”

A monk in his forties said as he passed by Chen Ping and the others!

At this time, Chen Ping also thought of his own situation at that time, and the situation of following these people was exactly the same!

It was also because of his curiosity that he emitted a ray of divine consciousness, and that was why the teleportation array glassed his entire soul into his body!

Fortunately, at the critical moment, Daluo Jindian in the sea of consciousness saved his life!

Chen Ping was a little scared at this moment, but recalling the scenes he experienced, Chen Ping found that when the old man was setting up the teleportation array, Chen Ping remembered everything in his mind!

In other words, if Chen Ping had enough strength now, he could follow the old man’s instructions and set up this huge teleportation array!

Thinking of this, Chen Ping became excited again!

Chapter: 5236

“Mr. Chen, let’s leave quickly. The nearest city here is probably thousands of miles away.”

“If it gets dark, there may be monsters in this place.”

Ji Yun reminded the stunned Chen Ping!

“Okay!” Chen Ping nodded, then looked at the surrounding mountains and forests, and said with some confusion: “We were teleported by the teleportation array, shouldn’t we be teleported to another teleportation array?”

“How did you get teleported to this place? There doesn’t seem to be a teleportation array here.”

Chen Ping was very puzzled. In his understanding, it seemed like a teleportation between two teleportation arrays. How could they be teleported to this wilderness!

“Master, the teleportation array you mentioned is a fixed two-way transmission, but this teleportation array we made is not the case. This teleportation array will only teleport people to a general area.”

“The location of each teleportation is not the same, but there is not much difference. Speaking of this teleportation array, it is equivalent to tearing apart time and space, allowing everyone to pass through the space cracks and reach where they want to go.”

“However, sometimes when the teleportation array malfunctions, people will be teleported to other places. Because time and space are disrupted, the teleportation location will also be offset.”

Huofeng followed Chen Ping in explaining!

After listening to Huofeng’s explanation, Chen Ping finally understood, so they quickly walked out of the forest!

Ji Yun found an open space and released the airship. They planned to take the airship to the nearest city to rest and make further plans!

But just as Ji Yun’s airship was released, many monks gathered around it!

“Fellow Taoist, how much does it cost to ride your airship?”

Someone asked Ji Yun!

“I’m sorry, I’m flying on this airship myself and I’m not soliciting passengers.”

Ji Yun waved his hand!

“Fellow Taoist, you are really rich enough to own such a big airship. But for the sake of convenience, why don’t you let us take a ride?”

Another person came forward and followed Ji Yun to get close!

Just as Ji Yun was about to speak, he saw Mr. Ji, who was following the master of the Juman Palace, walking over and getting on the airship without any explanation!

Ji Yun frowned slightly and was about to get angry, but was stopped by the monk on the side!

“Fellow Daoist, this is Mr. Ji Er. He can board your airship because of your luck. In the yellow and blue city in front of you, the Ji family is the largest family. If you want to go to the city in front to rest, then don’t offend Ji Er. Lord.”

The monk whispered to Ji Yun!

“Ji’s family?” Ji Yun was stunned, and then there was a bit of surprise on his face, because his father had said that their hometown was in the Central Territory, and maybe this second master Ji was his relative!

Chapter: 5237

Thinking of this, Ji Yun was about to rush forward and follow the other party to recognize his relatives, but he was held back by Chen Ping!

“Let these people go up first...”

Chen Ping said to Ji Yun!

Ji Yun didn't understand what Chen Ping meant, but he followed Chen Ping's instructions and said to the monks around him: “Since we are on our way, let's all get on the airship...”

When Ji Yun said this, many monks all thanked him one after another!

Soon, the airship started and flew towards the city in front!

That second master Ji was sitting in the front, but no one around him dared to sit. Everyone else crowded in the back, perhaps because they were afraid of provoking him!

“Mr. Chen, why don't you let me go up and ask? Maybe this second master Ji is my relative.”

Ji Yun said to Chen Ping in confusion!

“You'd better not expose yourself to the Ji family's affairs first. When we get to the Yellow and Blue City, we can inquire about the Ji's family's affairs and make plans for next time.”

Chen Ping said!

Ji Yun has never been with the Ji family since he was a child, so the Ji family members don't know him, and they don't even have any feelings for him. Without knowing anything about the Ji family, if Ji Yun rashly admits his relatives, Chen Ping is afraid that something will go wrong!

“If you want to know about Huanglan City, just ask me directly. I have stayed in Huanglan City for more than ten years.”

The monk who started to stop Ji Yun from getting angry came over!

Chen Ping took a look at this monk. He was not tall, with a sharp mouth and monkey cheeks, but his eyes were bright!

One look at this monk, he is the kind of person who is greedy for money and lustful!

Chen Ping didn't ask any questions, he just took out one million spiritual coins and threw them to the monk!

Taking the money, the monk was so happy that he opened his mouth from ear to ear and said quickly: "Whatever you want to ask, just ask. I will tell you everything I know."

"Let me ask you, is the Ji family the largest family in this yellow-blue city? Is there a city lord in the yellow-blue city?"

Chen Ping asked the monk!

"Of course the Ji family is the biggest. There is a city lord in this yellow-blue city, but he is also a puppet. Everyone knows that the Ji family has the final say in this yellow-blue city."

"Do you know why this city is called Yellow and Blue City?"

The monk asked mysteriously!

Chen Ping shook his head!

Chapter: 5238

"Look, what color is Master Ji's clothes?" The monk pointed at Master Ji in the front and said!

Chen Ping glanced at it and then said: "Light blue gown."

“That’s right, there is another boss in the Ji family, who is the current head of the Ji family. They all wear yellow clothes, so this city was later called Yellow and Blue City.”

The monk explained!

“You mean, the Ji family is controlled by two brothers?”

“I heard that there are three brothers in the Ji family. However, many years ago, the youngest brother of the Ji family left the Ji family for a woman and has not been heard from again. Now it is only these two brothers who control the Ji family.”

The monk said!

As soon as the monk finished speaking, Ji Yun’s face suddenly showed excitement. Wasn’t this talking about his father who was here?

Just when Ji Yun was full of excitement and wanted to reveal his identity, Chen Ping gave him a cold look. Ji Yun swallowed his words again!

But Ji Yun didn’t know that not far away from them, a bearded monk was staring at them closely!

“Fellow Taoist, please continue speaking...” Chen Ping motioned to the monk to continue speaking!

“Let me tell you some secrets, so others don’t know.”

The monk cleared his throat, and then said mysteriously: “Actually, the two brothers of the Ji family are not getting along at all. The reason why the disciples of these two lines do not wear the same color clothes is to make them easier to distinguish.”

“It is claimed that the color is chosen based on preference, but in fact it is not the case at all, because the disciples of Mr. Ji’s lineage are used to being arrogant and domineering, and often cause trouble, making the Ji family notorious!”

“The head of the Ji family is also a disciple of Master Ji’s lineage and has no way to manage it, so he came up with this method. As long as you see the color of the clothes on the street, you can know which disciple of the Ji family is that lineage.”

“This is my exclusive information, others don’t know it at all...”

The monk was very proud, feeling that he knew a lot and was very proud!

But just as the monk finished speaking, a vague aura enveloped him!

Chen Ping had already noticed it before anyone else noticed it!

This aura was emanating from the second master Ji. It seemed that although he was sitting at the front, he still knew every move behind him!

And the monk hadn’t felt the danger coming yet, and was still chattering about things in Huanglan City!

Soon, the airship arrived above the Yellow and Blue City. Looking down, a city was lying on the earth like a giant beast!

The airship slowly landed not far from the gate of Yellow and Blue City, and many monks began to walk away.

Just when everyone stepped out of the airship, Master Ji slowly walked down.

Chapter: 5239

But just when Mr. Ji passed by the talkative monk, he suddenly took action!

I saw Mr. Ji slap out his palm, and the monk’s head instantly exploded like a watermelon!

Everyone didn't know what was going on. When they saw Mr. Ji suddenly killing people, they were all scared and hid aside!

"If someone dares to speak nonsense about our Ji family, this is what will happen..."

After Master Ji finished speaking, he walked forward slowly.

Master Ji Er's words seemed to be meant for Chen Ping and the others, telling them not to attack him regarding the Ji family's affairs!

As Mr. Ji Er walked forward, the gate of the Yellow and Blue City slowly opened, and several monster beasts pulled a cart out!

Behind the cart was a group of people wearing blue clothes!

At a glance, you can tell that these people are here to pick up the second master of this season!

Mr. Ji Er got on the cart and then entered the city!

And everyone looked at the monk who was slapped to death, and they all fell silent and walked towards the city!

Ji Yun put away the airship, and then the three of them also walked into the city!

The bustling crowd in the city seemed very lively. The customs and customs here were obviously very different from those in the Northern Territory!

This made Ji Yun a little excited. After all, he had never left the Northern Continent even though he had grown up so big!

Seeing Ji Yun's behavior, Huo Feng smiled and said, "Looking at your appearance of having never seen the world, I have experienced all the five continents of the Heaven and Human Realm."

Ji Yun and Huo Feng were talking and laughing, but Chen Ping said nothing because he felt that someone was following them behind them!

Ever since he was in the teleportation array, he always felt like there was a pair of eyes staring at them!

Now there are people following behind him, which has to make Chen Ping be more vigilant!

"Master, what's wrong?"

Huofeng, who noticed something was wrong with Chen Ping, asked Chen Ping!

"Don't ask, just follow me..."

After Chen Ping finished speaking, he quickened his pace, and he walked specifically towards the alley with fewer people!

Although Huofeng followed Ji Yun with doubts on his face, he didn't dare to ask any more questions and just followed Chen Ping behind!

After walking into a very dark alley, Chen Ping stopped.

Chapter: 5240

Huo Feng followed Ji Yun and stopped.

Chen Ping slowly turned around, looked at the empty alley, and said in a cold voice: "Since you are following me, then come out..."

When Ji Yun and Huofeng heard this, they quickly turned around and saw that there was no one in the empty alley!

“Mr. Chen, where is the person following?”

Ji Yun asked in confusion!

“Yes, I didn’t see anyone?”

Huofeng was also a little confused, wondering why Chen Ping suddenly spoke to the air!

Chen Ping ignored the two of them and continued to say to the empty alley: “Brother, if you don’t show up, don’t blame me for being rude...”

Just as Chen Ping finished speaking, the void in front of them trembled, and then a figure slowly appeared!

When Ji Yun and Huofeng saw this, they hurriedly retreated and took up their stances!

They didn’t expect that someone could hide in the void without being discovered!

They didn’t even notice the smell of the place!

Although there are many invisibility techniques, they can only hide the body, but it is difficult to completely hide the breath in the body!

But the person in front of him was not only invisible, but also had no breath at all!

“Oh, I remembered, you also came here with the teleportation array, and you also took a ride on our airship...”

Ji Yun looked at the bearded monk who appeared and suddenly thought about it!

After all, this bearded monk was quite distinctive, so Ji Yun was somewhat impressed!

“Who are you? Why are you following us?”

Chen Ping asked the bearded monk in a cold voice!

“Who are you?” the bearded monk asked back!

After hearing this, Chen Ping couldn't help but smile: “You don't know who I am? Why do you follow us?”

“I think you were eyeing us when we were in the teleportation array, right?”

The bearded monk did not deny it, but glanced at Ji Yun, and then asked: “Why are you so interested in the Ji family?”

“First tell me who you are. If you don't, then don't blame us for being rude.”
