

The Order 5311

Chapter: 5311

“Taizu, this is Mr. Qin from Juman Palace. Because Juman Palace is kind to our Ji family, the head of the family has given permission for Mr. Qin to enter the ancestral land. There is a family order here.”

Ji Yue hurriedly showed the family leader’s order to Taizu!

Taizu just glanced at it and didn’t say anything. Instead, he waved his hand and opened a light door behind him!

The light door opened and everyone could enter the ancestral land, but Ji Yue was full of doubts!

“Taizu, don’t you check our identities? What if there are outsiders mixed in?”

Ji Yue asked Taizu!

“No one will sneak in, I have already checked, these people all have the blood of the Ji family!”

Taizu said calmly!

“Taizu, you...are you making a mistake? Do you want to check it again?”

Ji Yue obviously saw Ji Yun and mingled with the team, but Taizu didn’t find out!

“Are you questioning me?”

Taizu looked at Ji Yue coldly!

At this glance, Ji Yue was so frightened that he knelt down and kowtowed: “Taizu, please calm down. I dare not question Taizu...”

“Taizu, there are indeed outsiders in this team.”

After Ji Meizhen finished speaking, she stepped forward and pulled Ji Yun out of the team!

“Ji Meizhen, what are you doing?” Ji Meiling stepped forward to stop him!

“Ji Meiling, you mixed outsiders into the team and entered the ancestral land. This broke the rules of the Ji family. Just wait for Taizu’s punishment.”

Ji Meizhen said with a sneer!

“Taizu, this person is not my Ji family. He is the pharmacist who was hired by Ji City. Yet he put on my Ji family’s clothes and got in. This obviously doesn’t take Taizu seriously.”

Ji Yue quickly pointed at Ji Yun and said!

Taizu just glanced at Ji Yun and then said: “No one can sneak into the ancestral land from my eyes. This person has the blood of the Ji family and is not an outsider...”

“What?” Ji Yue and Ji Meizhen were both stunned!

“Taizu, how is this possible? He.....”

Ji Meizhen simply doesn’t believe that Ji Yun will be a member of Ji’s family!

Chapter: 5312

“You don’t believe me?” Taizu glared at Ji Meizhen. Ji Meizhen’s knees instantly softened and she knelt on the ground!

Seeing that his identity had been exposed, Ji Yun simply did not hide it. He knelt down directly in front of Taizu and said: "Junior Ji Yun, pay your respects to Taizu..."

Ji Meiling also knelt down and said, "Taizu, the sixth brother is the only son of the third uncle Ji Lianchan. He just came back some time ago."

When Ji Yue and Ji Meizhen heard this, they were all shocked. It turned out that Ji Yun was the son of their third uncle Ji Lianchan, but they had been kept in the dark!

"Okay, let's all go in. Don't waste time. There are only three days to open the ancestral land this time. How much you can harvest depends on your own luck."

Taizu waved his hand and asked everyone to quickly enter the ancestral land!

As for the disputes within the Ji family, Taizu didn't bother to care. He just wanted to protect the ancestral land!

Soon, everyone passed through the light gate and entered the ancestral land!

It was the first time for many people to enter the ancestral land, so they were very nervous. Ji Yun also clenched his fists slightly, with a very nervous face!

"Sixth brother, don't be too nervous. There is nothing scary in the ancestral land. As long as you don't go too deep, there won't be any danger."

Ji Meiling comforted Ji Yun!

When everyone felt a flash of white light in front of their eyes, a beautiful scenery surrounded by lush green trees and mountains appeared in front of them!

Many people were very surprised when they saw this.

They thought that this ancestral land was filled with an aura of terror and was covered in gray chaos!

But I didn't expect that the beautiful scenery of Qiongsan Mountain greatly exceeded many people's expectations!

And the aura here is many times richer than the aura of the heaven and human world, even the original aura is very rich!

It's just that many of these people have not opened the origin space, so they cannot realize the origin!

"Brother, you said that the third uncle's son is here, but the uncle still hid it from us. Does he have any intentions?"

Ji Meizhen glanced at Ji Yun not far away and said!

"Hmph, he must have an agenda. It seems that the third uncle is doing well outside. Although the sixth brother is not strong, the friends he has made are very powerful, especially that Chen Ping. Not only is he a pharmacist, but he is also I can break Mr. Qin's arm."

"It seems that the uncle definitely wants to follow the third uncle secretly, and then join forces with the third uncle to drive out our lineage."

Ji Yue analyzed it carefully!

After all, Ji Lianjun must have his own selfish interests in concealing Ji Yun's identity, otherwise he wouldn't have concealed it.

"Brother, your analysis is so right. It seems that we have to take action and try to win over the sixth brother. If the third uncle's lineage can support us, then the position of the head of the family will definitely belong to my father."

Chapter: 5313

Ji Meizhen whispered!

“Well, let’s go there...” Ji Yue nodded!

Soon, Ji Meizhen and Ji Yue walked towards Ji Yun!

“Sixth brother, I really didn’t expect that you are the third uncle’s son. Why didn’t you tell your sister earlier? If you had told me earlier, there would be no misunderstanding.”

Ji Meizhen came over and followed Ji Yun to get close!

“That’s right, Sixth Brother, you treat us too much as outsiders. Now that we know your identity, we will definitely take care of you.”

“Don’t look at the beauty of this ancestral land, but it contains a lot of dangers. You’d better come with us. If anything happens, you can still be taken care of.”

“You follow Ji Meiling. She can’t protect herself. How can she take care of you!”

Ji Yue also stepped forward to win over Ji Yun!

“Ji Yue, Ji Meizhen, what do you want to do? The sixth brother will not be with people like you. Do you want to get something from the sixth brother?”

Ji Meiling asked, glaring at Ji Yue and Ji Meizhen angrily!

“Ji Meiling, don’t talk nonsense. What can we get from Sixth Brother? We are just worried about Sixth Brother’s safety.”

“Can you protect your sixth brother by yourself now? What if you encounter danger in this ancestral land?”

Ji Meizhen asked disdainfully!

“I can, even if it costs my life, I will keep my sixth brother safe...”

Ji Meiling said angrily!

“Okay, don’t argue anymore, we are all a family, why bother?”

“The second sister is alone and relatively lonely. I’d better stay with her...”

Ji Yun chose to be with Ji Meiling!

However, Ji Yun didn’t say too much. After all, he and Ji Meiling were not as powerful as Ji Yue and Ji Meizhen, not to mention that they also had Qin Jingyu!

So Ji Yun said this to temporarily make Ji Yue and Ji Meizhen not hostile to him. Otherwise, they would go bad in the ancestral land and attack him and Ji Meiling, which would be troublesome!

Ji Meizhen wanted to say something else, but was stopped by Ji Yue, and then said with a smile: “Sixth brother, you can follow whoever you want, but when you encounter danger, you must call us in time...”

“Thank you, second brother...” Ji Yun nodded!

Ji Yue and the others left, and everyone else also dispersed to look for opportunities. There were only three days, and no one dared to delay!

Chapter: 5314

“Sixth brother, let’s go too. This ancestral land has many other resources besides its helpless origin. If we are lucky, it would be good to find the magical weapons left behind by our ancestors.”

Ji Meiling said to Ji Yun!

Ji Yun nodded, and then followed Ji Meiling into the ancestral land!

.....

Deep in the mountain col, Chen Ping was still desperately fighting with those original fantasy beasts.

As he continued to kill those original fantasy beasts, Chen Ping gradually gained some insights!

Chen Ping knew that he was not far away from understanding the origin of the metal system!

However, Chen Ping's body was already covered in scars at this moment!

You can imagine how difficult it is to kill these original fantasy beasts with your body and fists alone!

After killing another origin fantasy beast, Chen Ping fell to the ground, breathing heavily, and his clothes were in tatters!

Even some of her clothes were not covering her body. Ji Meiyuan walked up to Chen Ping and looked at Chen Ping with admiration in her eyes!

"When you are tired, take a rest. The ancestral land will be open for several days, so there is no need to rush..."

Ji Meiyuan persuaded Chen Ping!

"No, I have to understand the origin of the metal system as soon as possible!"

Chen Ping shook his head and stood up hard!

Only after comprehending the origin of the metal system can Chen Ping begin to absorb the original aura of Wuzhu, and the origin of illusion, thunder and lightning, and the origin of fire in his body all need to be supplemented by the original aura!

Chen Ping must make full use of his time here and must not waste any time!

A good place like this cannot be found at any time!

Ji Meiyuan saw that Chen Ping was so persistent, so she couldn't stop him and could only follow behind!

At the same time, at the entrance of the mountain col, Ji Yue, Ji Meizhen and Qin Jingyu also walked in!

There are the most origin fantasy beasts in this mountain col, so many Ji family children will not come in. After all, they have not opened the origin space, so it is useless to come in!

But this time Ji Yue and Ji Meizhen accompanied Qin Jingyu!

"Mr. Qin, most of the origin fantasy beasts here are mainly of the metal element, so the chance of you understanding the origin of the metal element is very high."

Ji Yue said to Qin Jingyu!

Chapter: 5315

"Master Qin, this origin fantasy beast needs to be killed with the power of the physical body. You cannot use spells or magical weapons. Only in this way can you realize the origin of the metal element as quickly as possible."

"It's just that this will be a bit dangerous, and one must be physically strong to withstand the attacks of those origin fantasy beasts."

Ji Meizhen said to Qin Jingyu!

“Hahaha, I, the Juman Palace clan, may not be able to compare with others in terms of magic, but in terms of physical body, who can compare with us barbarians?”

“We have been tempering our bodies since we were young. Even if I am motionless now, ordinary weapons can’t even think of hurting me at all.”

Qin Jingyu laughed. For him, this was simply child’s play!

“Yes, Mr. Qin is a barbarian, and his physical body is not comparable to others.”

Ji Yue was praising Qin Jingyu!

A few people were walking and chatting, and soon Qin Jingyu was suddenly stunned and looked around!

“Master Qin, what’s wrong?”

Ji Meizhen asked!

“Ji Yue, has anyone entered the ancestral land of your Ji family in advance?”

Qin Jingyu asked!

“It’s impossible. The ancestral land is guarded. How could it be possible to come in early? Did Mr. Qin discover something?”

Ji Yue asked!

“I feel like someone fought here, and there’s still an air of fighting in it.”

Qin Jingyu said with a slight frown.

“Fighting breath?” Ji Yue used his consciousness to feel it, then shook his head and said: “No more, I don’t feel the fighting breath.”

“The other party also used physical power, not magic and spiritual power, so you can’t detect the aura left behind.”

“But for us barbarians, this kind of breath cannot escape our eyes!”

Qin Jingyu said!

“Who on earth would enter the ancestral land in advance? It is said that Taizu is guarding it. If the entrance to the ancestral land is not opened, no one can enter?”

Ji Yue was thinking, with a look of confusion on his face!

“Brother, is it possible that it’s Ji Meiyuan? I didn’t see her in the team this time. Maybe she came in early.”

Chapter: 5316

Ji Meizhen said!

“Probably not. Then Ji Meiyuan has not opened the origin space. What is the use of her coming here to kill the origin fantasy beast?”

Ji Yue shook his head!

“That’s strange. Who is he?” Ji Meizhen was also full of doubts!

“No matter who it is, be careful and be careful not to be attacked by someone.”

Qin Jingyu reminded!

The Ji family is currently undercurrent, and everyone is at odds. Even if they conduct a sneak attack in this ancestral land, no one outside will know about it!

Roar.....

Suddenly there was a loud roar, and an original fantasy beast appeared!

When Qin Jingyu saw this, he was immediately excited. Before Ji Yue could say anything, Qin Jingyu rushed forward!

Qin Jingyu followed the original fantasy beast to fight, while Chen Ping followed Ji Meiyuan to the depths of the mountain col.

The further you go deeper into the mountain col, the stronger the origin fantasy beast becomes.

However, killing powerful origin fantasy beasts can increase the chance of understanding the origin, so Chen Ping keeps going deeper!

“Chen Ping, if we continue to go deeper, we won’t know how powerful the origin fantasy beast is. I think we should not go deeper.”

Ji Meiyuan seemed a little nervous when she saw Chen Ping walking deeper into the mountain col!

“Don’t worry, if I really encounter a powerful origin fantasy beast, I can use my skills and weapons, there will be no problem.”

Chen Ping smiled lightly!

But just as Chen Ping finished speaking, three original fantasy beasts appeared together!

The three original phantom beasts formed a surrounding posture and came towards Chen Ping and the others!

Seeing this scene, Chen Ping couldn't help but frown!

Ji Meiyuan's expression also changed slightly, and she tugged on Chen Ping's clothes!

"Why do these three original fantasy beasts look different?"

Ji Meiyuan asked Chen Ping!

"It is indeed a little different. The original fantasy beasts should not have intelligence, but these three origin fantasy beasts actually know how to approach in a surrounding manner. They seem to have intelligence."

Chapter: 5317

Chen Ping said!

"What should we do?" Ji Meiyuan asked nervously!

"You hide aside, maybe if I destroy these three origin fantasy beasts, I will be able to understand the origin of the metal system!"

Chen Ping asked Ji Meiyuan to hide aside!

“Then be careful. These are three original phantom beasts. If it doesn’t work, just use techniques and weapons.”

Ji Meiyuan warned Chen Ping!

After saying that, Ji Meiyuan hid aside and looked at Chen Ping quietly!

And the three original fantasy beasts did not care about Ji Meiyuan, but walked towards Chen Ping step by step!

“kill.....”

Chen Ping roared and took the lead in charging towards the three original fantasy beasts!

Seeing Chen Ping’s brave look, Ji Meiyuan was happy and worried at the same time!

Ji Meiyuan was happy from the bottom of her heart that she could become such a talented woman.

But she was worried that Chen Ping couldn’t deal with the three original fantasy beasts by relying solely on his physical strength and fists!

Ji Meiyuan quietly put her hands on her waist. As long as Chen Ping felt defeated, she would immediately draw her sword and step forward to help!

Chen Ping exploded with his most primitive power and punched the three original fantasy beasts!

It took more than an hour for Chen Ping to smash three original fantasy beasts to death!

And Chen Ping himself was lying on the ground panting, with cold sweat on his forehead!

“Chen Ping, are you okay...”

Ji Meiyuan hurried over and helped Chen Ping up!

“It’s okay!” Chen Ping shook his head!

At this moment, Chen Ping suddenly felt a roar in his mind, as if some kind of power had broken through the restrictions, and his whole body felt much more transparent!

Seeing this, Chen Ping quickly entered the origin space with his consciousness. He looked up and found that the gold origin star had already lit up!

“Hahaha, I have realized the origin of the metal system...”

After saying that, Chen Ping’s body instantly formed a suction force, and the original auras that had just been killed by the original fantasy beast all poured into Chen Ping’s body!

Chapter: 5318

Chen Ping hurriedly sat cross-legged, pulling the metal origin into the origin space, and was then absorbed by the stars of the metal origin!

The stars of the origin of the metal system become brighter!

Ji Meiyuan on the side was very happy when she saw this. She didn’t expect Chen Ping to realize the origin of the gold system so quickly. It had only been one night!

After Chen Ping absorbed the original breath that entered his body, he slowly stood up, feeling extremely excited inside!

With the origin of the metal system, the power of Chen Ping’s indestructible golden body will increase exponentially. It will be extremely difficult for anyone to hurt him by then!

Now Chen Ping has the origin of gold, the origin of thunder and lightning, the origin of illusion, and the origin of fire. If he can gather the origins of the five elements, he may be able to unlock more powerful auras!

Chen Ping also has the Wind-Fixing Bead in his hand, and he may be able to use it to understand the origin of Tao Feng.

Chen Ping didn't know that what he was thinking about now was something that no one else dared to think about. A Fusion Realm monk now had four origins, and he was still not satisfied. It was simply crazy!

"Now that you have understood the origin of the metal system, you can absorb the aura of those unowned origins in this area, and you don't have to take risks to kill those origin fantasy beasts."

Ji Meiyuan said to Chen Ping!

"If you kill the original fantasy beast, will the original aura be stronger?"

Chen Ping asked!

"That's of course. The original phantom beast is made of the owner's original aura that is too strong and condensed together. If you kill an original phantom beast, you will of course get more original aura."

Ji Meiyuan nodded!

"Okay, then let's kill. This time we don't have to use our bare hands."

Chen Ping decided to kill the original fantasy beast to absorb the original breath!

Only in this way can we absorb the most original energy in the shortest time!

Seeing that Chen Ping was in high spirits, Ji Meiyuan didn't want to be disappointed, so she followed Chen Ping and continued towards the depths of the mountain col!

Soon, there were more and more origin fantasy beasts around, and all kinds of origin fantasy beasts were shuttled on the ground!

Chen Ping and Ji Meiyuan were flying in the air and couldn't help but be surprised when they looked at the original fantasy beast below!

Because the number of origin fantasy beasts below far exceeded Chen Ping's expectation!

But with so many resources, Chen Ping doesn't want to leave!

"Don't go down, I'll kill all these origin fantasy beasts. These are all resources!"

After saying that, Chen Ping rushed down instantly with the dragon-slaying sword in hand!

Chapter: 5319

Chen Ping can use his skills this time and can also use the Dragon Slaying Sword, so he doesn't have to shrink back!

Chen Ping swung the dragon-slaying sword in his hand, and the sword light rose up like a violent storm.

Wherever the sword light passed, those original fantasy beasts were instantly cut into pieces!

The original fantasy beast was killed, and a large amount of original aura rose into the sky, and Chen Ping greedily absorbed it!

There are all kinds of original auras in it, but apart from the origin perceived by Chen Ping, other original auras can only enter Chen Ping's body like silk, and then slowly dissipate in the original space!

Without the absorption and storage of the original stars, even if other original breaths were absorbed by Chen Ping, they would not be able to stay in his body!

In mid-air, Ji Meiyuan was shocked when she saw Chen Ping absorbing the original aura!

Others were absorbing one source after another, but Chen Ping turned out to be a mixed bag of fish and dragons, inhaling all the original breath into his body!

Fortunately, Chen Ping's original space is the stars of the universe. It is infinitely large, and no amount of original aura can fill it!

If the source space was not large, like Chen Ping's method of absorbing the source, he would probably have exploded and died!

At this moment, Chen Ping was killing a lot of people in the mountain col. Little did he know that the original fantasy beasts he killed had been condensed and transformed after many years. According to his killing method, it is estimated that the Ji family will open up the ancestral land later. It's hard to see the original fantasy beast again!

Not far from the entrance of the mountain col, Qin Jingyu's face was very ugly: "There are really too few original fantasy beasts in your ancestral land. I have only encountered a few original fantasy beasts along the way. When will this happen?" , can I understand the origin of the metal system?"

"Mr. Qin, it is said that there are many original phantom beasts in our ancestral land. There are dozens of people entering the ancestral land every time, but there are only a few people who can enter this mountain col to hunt the original phantom beasts."

"After all, not every child of the Ji family can open the original space and feel the original breath..."

Ji Yue followed Qin Jingyu to explain!

“There are indeed a few original phantom beasts. Could it be that someone really came in first and hunted the original phantom beasts in the front, and we were just picking up the missing original phantom beasts in the back?”

Ji Meizhen also felt a little strange. Indeed, there were very few original fantasy beasts!

“Come on, let’s move quickly, maybe we can find the person coming in ahead!”

Qin Jingyu decided not to kill the original phantom beast yet, but quickly walked into the depths of the mountain to see if someone had entered first!

Ji Yue and Ji Meizhen both nodded and agreed to Qin Jingyu’s proposal, so the three of them quickened their pace!

Just as the three of them were moving forward rapidly, the further they walked, the more panicked they felt!

Because along the way, they rarely encounter the original fantasy beast, which is very strange!

You must know that along the way, the further you go deeper into the mountain col, the greater the strength and number of the original phantom beasts will be!

But now, the closer they go, the less they find the shadow of the original fantasy beast!

Chapter: 5320

“It’s really strange. Where have all these original fantasy beasts gone?”

Ji Yue frowned and couldn’t figure out where those original fantasy beasts had gone!

After traveling for nearly half an hour, Qin Jingyu suddenly stopped!

“Master Qin, why did you stop? Did you find anything?”

Ji Yue asked Qin Jingyu!

“Can’t you feel it? There are people fighting in front, and the fighting is quite fierce, and the aura fluctuates greatly.”

Qin Jingyu said!

When Ji Yue and Ji Meizhen heard this, they quickly used their consciousness and instantly detected the aura fluctuations in front of them. Such large aura fluctuations clearly meant that someone was fighting!

“Come on, let’s rush over and take a look. I must catch the guy who sneaked into the ancestral land!”

Ji Yue rushed forward impatiently!

“Brother, wait...”

Ji Meizhen hurriedly chased after her.

When Qin Jingyu saw this, he could only chase after him!

Not long after the three people moved forward, the sound of fighting in front became clearer and louder!

At this moment, Chen Ping is killing those origin fantasy beasts. Every time he kills an origin fantasy beast, the origin aura pours into Chen Ping’s body, making the stars in Chen Ping’s origin space become brighter and brighter!

But just when Chen Ping was vigorously killing, he suddenly felt someone approaching, so he frowned, and his body instantly rose into the air, making a vigilant posture!

“What’s wrong?” Ji Meiyuan asked!

“Someone is coming, it seems like three people...”

Chen Ping said!

“Why would anyone come here? I remember that among the people who entered the ancestral land this time, no one had opened the source space. How could they come to this mountain col?”

Ji Meiyuan’s face is full of doubts!

At this moment, Ji Yue and the others had arrived. When they saw Ji Meiyuan and Chen Ping, they were all stunned!

Now, they knew who secretly sneaked into the ancestral land and who killed these origin fantasy beasts in this mountain col!

“Ji Meiyuan, you are so brave. You dare to sneak into the ancestral land secretly with an outsider, and even come here to kill the original fantasy beast. You are cheating, and you deserve to die...”
