

The Order 5321

Chapter: 5321

Ji Meizhen followed Ji Meiyuan and didn't deal with it, but she immediately yelled when she saw this!

"Ji Meiyuan, you violated the ancestral precepts and dared to bring outsiders into the ancestral land. Why don't you come and apologize soon?"

Ji Yue also shouted angrily!

Ji Meiyuan, on the other hand, was not afraid at all and slowly fell down. Then she turned her gaze to Qin Jingyu and said, "Didn't you two also bring in outsiders? Then what's your crime?"

"This is Mr. Qin from Juman Palace. He came in with the family head's order. But this Chen Ping you brought here, does he have the family head's order?"

Ji Meizhen asked!

Ji Meiyuan was stunned. She didn't expect that her father could give orders to the people of Juman Palace.

"I don't have the family head's order!" Chen Ping stepped forward and said!

"Anyone who dares to enter our Ji family's ancestral land without the order of the family leader is seeking death..."

Ji Meizhen instantly drew out a sword!

Qin Jingyu's eyes narrowed slightly, looking at Chen Ping with murderous intent, and then asked: "Is this guy the one who broke my eldest brother's arm?"

"Yes, this is the guy who broke Mr. Qin's arm."

Ji Meizhen nodded!

When Qin Jingyu heard this, a raging aura suddenly erupted from his body, his muscles continued to expand, and his body became much taller!

“Master Qin, don’t be angry yet...”

Ji Yue stopped Qin Jingyu: “We entered the ancestral land this time to understand our origins. Time is limited, and we cannot waste it fighting.”

“This guy sneaked into our Ji family’s ancestral land. When the time comes, our Ji family won’t let him go without Juman Palace taking action.”

When Qin Jingyu heard this, he calmed down!

“Who said we sneaked in secretly? Taizu was guarding outside. Without him opening the light door, how could we have come in.”

“Now Chen Ping is considered half of our Ji family, so even if he enters the ancestral land, he has not violated the ancestral precepts.”

Ji Meiyuan retorted!

“Half Ji’s family?” Ji Meizhen didn’t understand what it meant!

However, Ji Yue understood. He glanced at Ji Meiyuan with disdain and said, “Ji Meiyuan, you are really shameless. How long have you just known Chen Ping? And you slept with someone?”

Ji Yue’s words made Ji Meizhen understand instantly, and she immediately mocked Ji Meiyuan: “Ji Meiyuan, you are really a bitch, you just sleep with a man casually, I think you should just go to Wanhua Building and forget it.” Maybe I can still be a top star and earn a lot of money...”

Chapter: 5322

“Ji Meizhen, you are the bitch. Don’t think that no one else knows. How many people in the Ji family have you slept with? You slept with three men some time ago. Do you think no one knows?”

“You bastard, you still have the nerve to talk about me here...”

Ji Meiyuan was dealing a lot of damage to Ji Meizhen!

When it comes to talking nonsense, Ji Meiyuan is not afraid of Ji Meizhen at all.

“you.....”

When Ji Meizhen got angry, she raised her sword and planned to fight!

However, he was stopped by Ji Yue: “Little sister, don’t forget what we came to the ancestral land for. If you want to fight, wait until we get out.”

After Ji Yue finished speaking, he looked at Ji Meiyuan and said: “Ji Meiyuan, no matter what your relationship is with Chen Ping, it is a fact that you secretly entered the ancestral land first. After the ancestral land is closed, I will see how you explain it. Today we Let’s not argue with you!”

After Ji Yue finished speaking, he winked at Ji Meizhen and Qin Jingyu and left!

“Hmph, how I explain it is none of your business.”

Ji Meiyuan snorted coldly, and then complained: “Why would my dad give orders to the people in Juman Palace? Are you an old fool?”

“Master Ji may have done this out of necessity and must have been forced.”

Chen Ping knew that Ji Lianjun knew about Ji Lianying's collusion with Juman Palace, how could he give orders to the head of Juman Palace!

It must be because of some reason, I was forced to have no choice!

"Ignore it for now. You should absorb the original aura quickly. If those guys come to cause trouble, you won't have time."

Ji Meiyuan asked Chen Ping to continue killing the original fantasy beast and absorb the original breath!

Ji Yue and the other three left and walked deeper into the mountain col. Most of the original fantasy beasts were attracted and killed by Chen Ping, so they could only walk deeper into the mountain!

"Brother, why did you stop me just now? In this ancestral land, even if we kill them both, who knows!"

Ji Meizhen said to Ji Yue very dissatisfied!

"Do you think they are so easy to deal with? Since that Chen Ping can break the arm of Master Qin, he must have good strength."

"And this guy is also a pharmacist. The most important thing is that he came with the sixth brother. If we want to win over the sixth brother, we can't touch him."

"So before you understand what power Third Uncle has now, it's best not to touch the people brought by Sixth Brother."

Ji Yue said to Ji Meizhen!

When Ji Meizhen heard this, she felt that what Ji Yue said was reasonable, so she said nothing more!

Chapter: 5323

The three of them continued to go deeper, and slowly the number of origin fantasy beasts increased. Qin Jingyu's face was full of excitement, and he kept killing the origin fantasy beasts!

As a barbarian, his physical strength is very strong, so even with bare hands, it is not difficult to kill the original fantasy beast!

"These original phantom beasts are too weak. I have to find some powerful original phantom beasts."

Qin Jingyu said, he must continue to move forward!

"Master Qin, if you move forward, you may be in danger. After all, we have never entered the depths of this mountain col."

Ji Yue said to Qin Jingyu!

"What are you afraid of? As long as I'm here, I can easily kill even the most powerful phantom beast."

Qin Jingyu didn't listen to Ji Yue's dissuasion at all, and insisted on going deeper!

When Ji Yue and Ji Meizhen saw this, they could only follow them!

The three of them walked for more than an hour, and seemed to have arrived at the end of the mountain col!

I saw that there was no road in front of me, and a huge mountain stood in front of me!

And on this mountain peak, there is a huge cave. The dark entrance is like the bloody mouth of a beast!

Looking at the cave in front of them, Ji Yue and Ji Meizhen both shuddered, feeling that there was something terrible inside!

Qin Jingyu was very excited because he knew that there must be a more powerful original fantasy beast hidden in this cave!

Maybe if he is here and kills an origin fantasy beast, he can realize his origin!

“Let’s go in and take a look...”

Qin Jingyu said.

“Master Qin, let’s not go in, right? I feel like there must be something scary in this cave.”

Ji Meizhen said with some worry!

“Since you are afraid, then you just wait outside and I will go in by myself...”

Qin Jingyu said and walked towards the cave!

Ji Yue and Ji Meizhen looked at each other, and then followed. They were afraid that something might happen to Qin Jingyu. If something unexpected happened, they would not be able to follow Juman Palace to explain. Let alone cooperation, Juman Palace might not Fall out with them!

Entering the cave, it was pitch black with no light at all, and there was a terrifying smell inside that made people shudder!

As the three of them went deeper, light gradually appeared in the cave, and then the light became stronger and stronger, and finally there were streaks of golden light, which made them unable to open their eyes!

Chapter: 5324

When the three of them got used to it, they discovered that there was a phantom beast like a hill in front of them, and this phantom beast had a golden appearance. It was obviously a super phantom beast accumulated from the origin of the gold system!

Looking at the phantom beast in front of them, Ji Yue and Ji Meizhen were both shocked, while Qin Jingyu looked excited and showed no fear at all!

“It’s great. Such a big origin fantasy beast. If I kill this fantasy beast, I will definitely be able to understand the origin of the metal system.”

Qin Jingyu only wants to understand the origin at this moment, and does not care about the strength of the origin fantasy beast in front of him!

Qin Jingyu said this and was about to step forward, but was held back by Ji Yue!

“Master Qin, I think we should not provoke this origin fantasy beast. This origin fantasy beast looks terrifying. If we provoke it, we probably won’t even be able to get out of the cave.”

Ji Yue said worriedly to Qin Jingyu!

“Let go, you cowards, if you are afraid, just go out and I will deal with this phantom beast...”

Qin Jingyu glanced at Ji Yue disdainfully!

But just as Qin Jingyu finished speaking, the earth suddenly shook, and the huge original fantasy beast moved, and then its eyes like copper bells looked at Qin Jingyu and the three of them!

The three of them followed my original fantasy beast with big eyes and small eyes, and they were stunned for a moment!

“Roar.....”

The origin fantasy beast roared, and the three of them reacted and then stepped back!

The origin phantom beast got up and headed towards the three of them. Under this huge origin phantom beast, there were countless smaller origin phantom beasts, rushing towards the three people in a dark way!

Seeing this scene, the three of them were dumbfounded, turned around and ran out of the cave!

“What’s the noise?”

At this time, Chen Ping, who was killing the original fantasy beast and absorbing the original aura, seemed to feel something moving, so he stopped and frowned slightly!

“There’s no movement, I don’t feel anything!”

Ji Meiyuan felt it and found that there was no movement!

“No, there must be movement, and the movement is not small!”

Chen Ping began to emit his spiritual consciousness, but just as Chen Ping emitted his spiritual consciousness, a strong source of aura suddenly came in like a flood, causing Chen Ping and Ji Meiyuan to fly far away without paying attention. !

“What a powerful aura?” Ji Meiyuan’s eyes showed surprise!

“This is the original aura. There must be a powerful original fantasy beast ahead. Let’s go and see...”

Chen Ping said and ran forward!

Chapter: 5325

But just after running two steps, I felt the ground tremble in the distance, and there were roars in the sky!

As the earth trembled more and more fiercely, something dark in the distance was approaching rapidly!

Ji Meiyuan glanced at it, her pupils suddenly shrank and she said, "Why are there so many origin fantasy beasts? And look at the golden origin fantasy beast in front of you, it's too big..."

Chen Ping had already seen the huge origin fantasy beast. The terrifying origin aura just now was emanating from the huge origin fantasy beast!

There are so many original fantasy beasts now, and there is one that is particularly huge. Chen Ping also frowned!

Relying on the strength of the two of them, it is simply a joke to kill so many original fantasy beasts!

"Help, help..."

Ji Yue and the other three were running desperately in front. Everyone was in a state of embarrassment, dodging attacks while running forward!

"Chen Ping, what should we do?"

Seeing so many original fantasy beasts, including one as big as a hill, Ji Meiyuan panicked a little!

"Run, what else can I do..."

Chen Ping picked up Ji Meiyuan and started running towards the outside of the col!

Those origin fantasy beasts were chasing after them closely, especially the huge origin fantasy beasts. Every step they took made the earth shake and the entire ancestral land trembled!

At this moment, Taizu in the Ancestral Land Hall slowly opened his eyes, and he also noticed the strange movement in the Ancestral Land!

“How could these guys provoke that terrifying guy? Isn't this looking for death?”

After Taizu finished speaking, he slowly closed his eyes again!

And Chen Ping pulled Ji Meiyuan and ran desperately in front, while Ji Yue and the other three were also chasing behind!

At the end are those original fantasy beasts!

“What happened? What's this?”

Ji Meiling was on a hilltop, following Ji Yun to look for some magical weapons, when she suddenly felt the vibrations in the ancestral land, and couldn't help but look in the direction of the vibrations.

“Second sister, what is going on? Is there a huge monster beast in this ancestral land? I seem to hear the roar of the monster beast.”

Ji Yun asked Ji Meiling!

“I don't know. Even if there are, they are some origin fantasy beasts. There shouldn't be such a big movement. Let's go and take a look...”

Ji Meiling took Ji Yun towards the mountain col!

Chapter: 5326

After feeling the shock, other children of the Ji family also rushed here, wanting to see if any treasures were about to appear in this ancestral land!

Soon, dozens of Ji family descendants gathered at the entrance of the mountain col, but no one dared to go in to find out!

Just when everyone was wondering what was going on in the mountain col, two figures suddenly flew out of the mountain col!

These two people were Chen Ping and Ji Meiyuan, and they also escaped in a somewhat embarrassed manner!

“Sister, Mr. Chen, why are you here?”

Seeing Chen Ping and Ji Meiyuan, Ji Yun’s face was full of surprise!

He didn’t expect that Chen Ping would follow Ji Meiyuan into the Ji family’s ancestral land!

Ji Meiling was also surprised and said: “Sister, it turns out that you have entered the ancestral land a long time ago, and my eldest brother asked me to look for you for a long time.”

“Stop talking now, get out of here quickly, it’s too dangerous!”

Ji Meiyuan pulled Ji Meiling away towards the distance, and Chen Ping also called Ji Yun to leave the entrance of the col!

If those original fantasy beasts rush out, who can resist them!

The vibrations became stronger and stronger, and then Ji Yue and the three of them rushed out of the mountain col!

However, when they rushed out, the original phantom beasts roared behind them, but none of the original phantom beasts left the col!

Even the largest origin fantasy beast just roared and did not dare to take a step out of the mountain col!

Chen Ping suddenly became a little strange when he saw this scene!

“Why don’t these origin fantasy beasts leave the col?”

Chen Ping asked!

Ji Meiyuan shook her head: “I don’t know either, I only know that those origin fantasy beasts are all in this mountain col, and they don’t exist in other places.”

Chen Ping looked around and saw that apart from the mountain col, there were source auras in other places. Why couldn’t the source auras in other places condense into the source fantasy beasts, but only the ones in this mountain col could?

Chen Ping guessed that there must be something special in this mountain col, otherwise it would not be like this!

Moreover, these original phantom beasts cannot leave the mountain col. There is something in this mountain col that can turn the original breath into phantom beasts. If these phantom beasts leave the mountain col, they should not be able to take shape again and can only become a human being. The original atmosphere of the group!

However, these are just Chen Ping’s speculations and have not been confirmed!

Seeing that there was no danger, Chen Ping and the others returned to the entrance of the col!

Everyone in the Ji family looked at the hill-like origin phantom beasts with fear on their faces. Fortunately, these origin phantom beasts could not leave the mountain col, otherwise these people would have suffered!

Chapter: 5327

“Damn, luckily I ran fast, otherwise I would have perished here.”

“What kind of broken ancestral land is this for your Ji family? There is such a huge original fantasy beast!”

Qin Jingyu wiped the cold sweat from his forehead and complained to Ji Yue and Ji Meizhen!

Ji Yue and Ji Meizhen glanced at Qin Jingyu and said nothing, but they had already scolded this guy several times in their hearts!

It was obvious that he insisted on entering the cave, and it was obvious that he insisted on provoking this huge origin fantasy beast, but now he almost died, and yet he was blaming others!

Just when everyone was looking at the origin fantasy beast in front of them, the huge origin fantasy beast roared, seeming to provoke everyone!

“If such a large origin fantasy beast can be killed, there must be a lot of origin aura...”

Chen Ping looked at the huge origin fantasy beast and felt a little excited in his heart!

However, with his current strength, I don't know if he can kill this huge origin fantasy beast!

If there are no other original fantasy beasts, Chen Ping can give it a try!

But now there is a mass of other origin fantasy beasts inside. If Chen Ping goes in at this moment, he will definitely die!

Now it would be great if we could lure those small origin fantasy beasts away!

But who would take the risk to lure away those small origin fantasy beasts?

Chen Ping glanced at the dozens of Ji family members. These people would definitely not help. After all, they had not opened the origin space. There would be no gain at all by going in to lure away the origin fantasy beast. There might even be danger!

But with Ji Meiyuan, Ji Meiling, and Ji Yun, Chen Ping was a little worried about leading away those small origin fantasy beasts!

Finally, Chen Ping set his sights on Ji Yue and the others!

Since they also entered the mountain col to kill the origin fantasy beast, someone must have opened the origin space, or even realized some origin!

So Chen Ping wanted to find these three people to cooperate, but Chen Ping broke Qin Jingyun's arm. He didn't know if this guy from the Juman Palace would cooperate with him!

However, he looked at the way Qin Jingyu looked at the origin fantasy beast and guessed that this guy also wanted to kill the huge origin fantasy beast.

Chen Ping told Ji Meiyuan and others his ideas, but was met with opposition!

"No, Ji Yue and Ji Meizhen are not trustworthy at all. If we work together, we might not be able to kill the origin fantasy beast, and we will all suffer from their poisonous hands!"

Ji Meiyuan immediately objected!

"It's just that they don't have any good people. Cooperating with them is tantamount to committing suicide."

Ji Meiling also objected!

Chapter: 5328

After all, they were at odds with each other. How could it be possible for them to cooperate now?

However, Ji Yun pondered for a moment and said: "Actually, it is not impossible to cooperate with them. Only in this way can we hope to kill the original fantasy beast."

“I can talk about this matter. After all, I have nothing to do with them, and they want to win over me. Maybe we can cooperate!”

When Chen Ping heard that Ji Yue and Ji Meizhen actually wanted to win over Ji Yun, then there was probably hope for this cooperation, so he said, “Ji Yun, go over and talk. If we can cooperate, let them raise the terms!”

“Okay!” Ji Yun nodded, and then walked towards Ji Yue and Ji Meizhen!

“Second brother, third sister.....”

Ji Yun walked over and shouted!

When Ji Yue saw Ji Yun coming to look for him, he immediately said happily: “Sixth brother, what’s wrong?”

“Second brother, I see that you have also entered this mountain col. Have you also opened the origin space or realized the origin?”

Ji Yun asked!

“No, we just followed Mr. Qin in. He opened the origin space, so we hope that by killing the origin fantasy beast, we can quickly understand the origin.”

Ji Yue said truthfully.

Ji Yun glanced at Qin Jingyu, and then said: “Second brother, there are so many origin fantasy beasts guarding the entrance, especially a huge origin fantasy beast, I’m afraid we won’t be able to get in at all.”

“I think why don’t we get together, work together, and find a way to kill that huge origin fantasy beast.”

“As long as I kill the huge origin fantasy beast, I think I will be able to understand the origin.”

“How to cooperate?” Ji Yue was stunned!

“Let’s join forces, go in and attract those small origin fantasy beasts, and then let Mr. Chen come forward to kill the huge origin fantasy beast.”

“To be honest, Mr. Chen has realized several origins. Even though he is only at the eighth level of the Fusion Realm, his burst of strength is no match for a monk in the Tribulation Realm. I think he killed that huge origin. Phantom beast, there won’t be any problem!”

Ji Yun said to Ji Yue!

When Ji Yue heard this, he looked at Qin Jingyu. After all, he couldn’t make the decision. Qin Jingyu had the final say here!

Qin Jingyu had already heard Ji Yun’s proposal. In fact, he had always wanted to kill the huge origin fantasy beast, but his strength did not allow it!

If we join forces now, it would be a good opportunity to kill the huge origin fantasy beast!

“Master Qin, look at my sixth brother’s proposal...”

Ji Yue asked cautiously!

Chapter: 5329

“Well, I think this proposal is good. As for the conflicts and hatred between each other, we can rest assured for now and kill this huge origin fantasy beast!”

Qin Jingyu nodded!

He also wants to understand the origin quickly. If he can really kill this huge origin fantasy beast, there will definitely be no problem in understanding the origin!

“Sixth brother, since Mr. Qin has agreed, we can cooperate!”

Ji Yue said to Ji Yun!

Ji Yun nodded, then returned to Chen Ping and told Chen Ping what he had agreed to cooperate with!

When Chen Ping saw that the other party agreed, he took Ji Yun and the others over!

It’s just that when sisters Ji Meiyuan and brother and sister Ji Yue met, they all had cold faces and ignored each other!

Qin Jingyu, on the other hand, glanced at Chen Ping and said, “You can kill the huge origin fantasy beast if you want, but we have to join forces to kill it together. As for the small origin fantasy beasts, just let a few other people attract them away.”

“Okay!” Chen Ping agreed without hesitation!

He is not afraid of Qin Jingyu’s action. Even if he kills the huge origin fantasy beast and absorbs part of the metal origin, what will happen?

In the end, Chen Ping absorbed the most. After all, Chen Ping’s original space is infinite.

Qin Jingyu seemed a little surprised when he saw Chen Ping agreeing so readily!

But since Chen Ping also agreed, there is nothing more to say!

Chen Ping and Qin Jingyu prepared themselves and then walked into the mountain col!

As soon as they walked in, the huge origin fantasy beast let out a roar, and then slapped its huge claws towards the two of them!

“Do it...”

Chen Ping roared, and the dragon-slaying sword in his hand appeared instantly!

Then Qin Jingyu was no longer bare-handed, and instantly had a pair of huge stone hammers in his hands!

The two people attacked the huge origin fantasy beast from the left and the right!

The heaven and earth shook, and the momentum was like thunder!

Chen Ping holds the dragon-slaying sword, and Qin Jingyu holds a stone hammer, constantly following the huge origin fantasy beast!

“Hurry up...”

Chen Ping shouted!

Chapter: 5330

When Ji Meiyuan and others saw this, they rushed forward one after another!

And those small origin fantasy beasts swarmed up, a dense mass of darkness!

Ji Meiyuan and others retreated while fighting, drawing those small origin fantasy beasts aside!

Chen Ping followed Qin Jingyu and continued to attack the huge origin fantasy beast!

With a slap from the huge origin fantasy beast, a mountain ridge collapsed. Chen Ping and the others were like ants in front of this huge fantasy beast!

The huge impact of this slap caused Qin Jingyu to fly backwards instantly!

Chen Ping jumped up with all his strength, reaching mid-air, and then used the Nine Shadows Sword Technique!

I saw several identical Chen Pings appearing out of thin air in mid-air. The Dragon-Slaying Sword in his hand was swung out with all his strength, and then they gathered together to produce a dazzling sword light!

The sword light passed across the huge body of the original phantom beast, causing the phantom beast to groan involuntarily. Only a scar appeared on the body, and a lot of the metal origin was also dissipated at this moment!

Chen Ping was overjoyed when he saw this. In this way, every time the origin fantasy beast is injured, the strength of the origin fantasy beast will be greatly reduced, and some of the metal origin in the body will dissipate!

Qin Jingyu also discovered this, so he took a stone hammer and hit the head of the original fantasy beast with all his strength!

But at this moment, the aura of the origin phantom beast moved, and the metal origins around him swarmed in, directly healing the wounds on the origin phantom beast, and the aura became even stronger!

“this.....”

When Qin Jingyu saw it, he was immediately surprised. He tried to take back the stone hammer he swung, but it was already too late!

The original fantasy beast roared and slapped Qin Jingyu!

Qin Jingyu's body was shot away like a meteor, and then the whole person was embedded in the mountain!

Qin Jingyu's body was unable to move in the mountain for a while!

This time, it depends on Chen Ping's own ability to kill this original fantasy beast!

Chen Ping looked at the huge origin fantasy beast and fell into deep thought!

It stands to reason that these origin phantom beasts are all condensed from the ownerless origin, and they should not have the intelligence of monster beasts, nor will they have independent consciousness!

As long as these original fantasy beasts are killed and the original aura dissipates, the original fantasy beasts will no longer exist!

But now this huge origin fantasy beast can actually use the origin in this mountain col to restore itself. This is simply too abnormal!

From this point of view, as long as this original fantasy beast cannot be killed at once, it can endlessly use its original breath to recover. Isn't this an invincible existence?

Chen Ping believed that there must be something he had not discovered in this mountain col. The reason why this huge phantom beast could repair itself was definitely not because the phantom beast itself was an act, because the phantom condensed by the breath of the origin was It is impossible for a beast to have this kind of consciousness!
