

The Order 5331

Chapter: 5331

This should be something controlling the origin of the phantom beast. Now to destroy the origin of the phantom beast, it seems that we need to find this thing!

It is precisely because of this thing that the original aura in the mountain col can be condensed into a fantasy beast, but the original aura in other places cannot!

But this mountain col is extremely huge. If you want to know what is controlling this huge origin fantasy beast, it is simply harder than climbing to the sky!

Chen Ping has no clue now!

Before Chen Ping could think of a way, the huge origin fantasy beast had already launched an attack!

It can't wait for Chen Ping to figure out a way to deal with itself!

I saw the palm of the original fantasy beast pressing towards Chen Ping like a mountain!

Chen Ping hurriedly used space magic, and he should have escaped from the palm of the original fantasy beast, and then began to escape towards the depths of the mountain col!

Upon seeing this, the huge origin fantasy beast went straight to chase Chen Ping. When Ji Meiyuan saw Chen Ping being chased by the huge origin fantasy beast, she immediately became anxious!

She didn't want to become a widow just after dedicating herself to Chen Ping!

Ji Meiyuan jumped up with her sword and attacked the huge phantom beast. She planned to focus the phantom beast's attention on herself!

Ji Meiyuan slashed the original phantom beast with her sword, but it did not hurt the original phantom beast at all!

On the contrary, she herself was knocked away by the huge counter-shock force of the original fantasy beast!

Immediately afterwards, the original fantasy beast roared and slapped Ji Meiyuan with a palm!

Chen Ping, who had originally escaped, saw this and appeared in an instant. He pulled Ji Meiyuan and ran away, barely escaping the attack of the original fantasy beast!

“It’s too dangerous. Why are you chasing me?”

Chen Ping said to Ji Meiyuan!

“I’m not afraid that you are in danger, I don’t want to become a widow!”

Ji Meiyuan said!

When he heard the word “widow”, Chen Ping was stunned for a moment!

For Ji Meiyuan, he is more about a man’s nature. After all, he doesn’t know much about Ji Meiyuan and can’t talk about feelings!

Unexpectedly, Ji Meiyuan would have such thoughts!

Don’t they say that women in the world of gods and humans are open-minded and don’t mind anything between men and women?

“What are you doing standing still? Run quickly...”

Chapter: 5332

Ji Meiyuan pushed Chen Ping, who was stunned!

Chen Ping came to his senses, pulled Ji Meiyuan and ran towards the depths of the mountain col!

Just when Chen Ping and Ji Meiyuan were passing a mountain peak, they heard someone shouting for help!

Chen Ping looked closely and found that it was Qin Jingyu. At this time, Qin Jingyu was embedded in the mountain and couldn't get out at all!

"Leave him alone, let's go..."

When Ji Meiyuan saw this, she pulled Chen Ping and left, not caring about Qin Jingyu at all!

Even if Ji Meiyuan hadn't said anything, Chen Ping wouldn't have come to the rescue. He didn't have any friendship with Juman Palace, so he wouldn't have cared about Qin Jingyu!

The huge origin fantasy beast kept chasing Chen Ping and Ji Meiyuan.

When the two people fled to the deepest part of the mountain col, they found that it was a dead end. A huge mountain peak blocked the way, and on top of the mountain, there was a cave!

The original aura in the cave spewed out like a fountain. Chen Ping opened the original space and felt several kinds of original aura, so he could really feel the richness of the original aura in the cave!

"It seems that the original aura in the mountain col is condensed into a fantasy beast. It should be here!"

Chen Ping said and walked towards the cave!

Ji Meiyuan didn't understand what Chen Ping meant, but she followed in!

Seeing Chen Ping and Ji Meiyuan walking into the cave, the huge origin fantasy beast became anxious, kept roaring, and followed them into the cave!

This time, Chen Ping and Ji Meiyuan were blocked in the hole and couldn't get out!

Looking at the origin fantasy beast chasing after her, Ji Meiyuan was a little puzzled and said: "Why did you take me into the cave? It's blocked now, and I can't even run away."

"There must be a treasure in this cave. As long as we get this treasure, we will have a way to get rid of this origin fantasy beast."

Chen Ping said to Ji Meiyuan!

Ji Meiyuan didn't understand what Chen Ping was talking about, but it was already like this and she could only continue heading deeper into the cave!

Soon, the two people arrived at the place where the huge origin fantasy beast lay!

This place is huge, and Chen Ping and Ji Meiyuan are as small as ants here!

And the original flavor here is even stronger.

"It's here. The original fantasy beast in the mountain col outside was formed here and then ran out."

Chen Ping said!

Chapter: 5333

"How did you know?" Ji Meiyuan looked at Chen Ping and asked!

After all, Chen Ping is not from the Ji family, so how could he know the Ji family's ancestral land so well!

"Guess!"

Chen Ping smiled lightly!

Ji Meiyuan couldn't help but roll her eyes at Chen Ping. This was all blocked here by the original fantasy beast, and she still had to guess her mood!

"The two of us split up to look for anything different here. I think there must be something in this area that condenses the original aura into a phantom beast!"

After Chen Ping finished speaking, he jumped up and looked towards the empty place in front of him!

Seeing this, Ji Meiyuan also went in the other direction!

The origin fantasy beast roared, and then rushed towards Chen Ping and Ji Meiyuan!

It seems to prevent the two from searching!

"You go find him, I'll hold this guy back..."

When Chen Ping saw this, he said to Ji Meiyuan!

"I don't know what it is, how can I find it?"

Ji Meiyuan looked confused, she didn't even know what it was, how could she find it?

“Just look everywhere. There must be something strange around that thing, and you will definitely be able to find it.”

After Chen Ping finished speaking, he held the dragon-slaying sword and started fighting directly with the original fantasy beast!

The indestructible golden body is activated, and with the blessing of the metal element, the light of the indestructible golden body becomes even brighter, and there are electric arcs flashing around it!

The metal element plus the thunder and lightning element, this is the best combination!

In order to hold back this original fantasy beast, Chen Ping also mobilized all the power he could use!

It is simply impossible to kill this origin fantasy beast here. After all, the origin aura here is very full. As long as this origin fantasy beast is injured, a large amount of origin aura will immediately be added to repair the wound!

So here, this original fantasy beast is an immortal existence!

All Chen Ping can do is to drag out as much of this original fantasy beast as possible and let Ji Meiyuan quickly find something to control this original fantasy beast!

Chen Ping followed the original fantasy beast to fight, while Ji Meiyuan's face was full of anxiety and she kept looking for it!

Soon, she discovered that in the middle of this huge cave, there seemed to be a light shining unlike other places!

Chapter: 5334

Ji Meiyuan hurriedly jumped down. When she got closer, she discovered that it was a stone the size of an egg that was emitting light!

And around the stone, silhouettes with outlines are slowly solidifying!

Ji Meiyang looked carefully and found that the outlines were actually the original fantasy beasts!

These original fantasy beasts are solidifying at a speed visible to the naked eye!

Seeing this, Ji Meiyang knew that this was definitely what Chen Ping was looking for!

These original fantasy beasts are also formed by condensing the original breath with this stone!

“I found it.....”

Ji Meiyang shouted loudly!

When Chen Ping heard Ji Meiyang’s shout, he turned his head and looked over!

But just when he was distracted and turned his head, the huge original fantasy beast slapped him with a palm!

Chen Ping couldn’t dodge and was shot straight away.

Even though Chen Ping tried his best, he was still unable to do anything in the face of the huge original fantasy beast!

This guy is invincible and cannot be killed!

“Chen Ping...”

Seeing this, Ji Meiyang jumped up to save Chen Ping!

“do not come.....”

Chen Ping shouted hurriedly!

He has an indestructible golden body, so even if he is slapped by the original fantasy beast, he will be fine, but if Ji Meiyuan is slapped, it will be in danger!

But how could Ji Meiyuan listen to Chen Ping? She was so anxious that she just wanted to save Chen Ping!

But just when Ji Meiyuan jumped up, the original fantasy beast roared, and just blew out a breath, and knocked Ji Meiyuan away!

Ji Meiyuan's body fell rapidly, and she fell heavily on the stone!

Ji Meiyuan spat out a mouthful of blood, and a large amount of blood flowed out of her body!

The blood infected the stone and was quickly absorbed by the stone!

Slowly, the light emitted by the stone turned red, and the original fantasy beasts that were about to condense all dissipated!

Chapter: 5335

Ji Meiyuan's body slowly floated up, and the huge origin fantasy beast seemed to become a little frightened when looking at the stone emitting red light!

When Chen Ping saw this, he hurried towards Ji Meiyuan!

But at this time, Ji Meiyuan's eyes were slightly closed, and her whole body was wrapped in red light. Just when Chen Ping was approaching, a huge force suddenly knocked him away!

“Roar.....”

The origin fantasy beast roared, and then turned around and ran out of the cave!

When Chen Ping saw this, he knew that this stone emitting red light must be the thing that controls this original fantasy beast!

But he couldn't get close now, so he shouted loudly: “Miss Ji, Miss Ji...”

He wanted Ji Meiyuan to wake up and pick up the stone!

But Ji Meiyuan seemed to be asleep, there was no movement at all!

And the stone floated slowly, and then entered Ji Meiyuan's body instantly!

When the stone entered Ji Meiyuan's body, the aura on Ji Meiyuan's body exploded!

A raging aura began to sweep through, and Ji Meiyuan's eyes opened, but now her eyes were glowing red!

A large amount of original aura around her swarmed towards Ji Meiyuan's body!

“how so?”

Chen Ping looked surprised. He didn't expect that the stone, after entering Ji Meiyuan's body, could actually allow Ji Meiyuan to absorb the original aura!

Could it be that just one stone allowed Ji Meiyuan to open up her original space and realize her origin?

If this stone is really that magical, it would be a priceless treasure!

I don't know how long it took, but the red light around Ji Meiyán's body slowly disappeared, and the original aura became more stable, no longer rushing towards Ji Meiyán's body crazily!

"I...what's wrong with me?"

Ji Meiyán looked at herself in surprise!

She felt that her whole body was full of strength at this moment, and there was an unknown aura surging in her body.

Chen Ping saw that Ji Meiyán was awake, so he came closer and said, "You have realized the original breath. Just now, a large amount of original breath poured into your body. Now you can try to see what your own original space is."

After hearing this, Ji Meiyán sank her consciousness into her body with some hesitation, and soon found to her surprise that there was a vast forest in her sea of consciousness!

This is Ji Meiyán's original space. Although it is not as good as Chen Ping's universe galaxy, this Ji Meiyán's original space is big enough!

Chapter: 5336

Compared with those whose original space is a house or a palace, it is much larger!

"I...have I really understood the origin? Have I opened the origin space?"

Ji Meiyán's face was full of disbelief!

"Try your own original aura..."

Chen Ping said to Ji Meiyán!

Ji Meiyuan nodded, then closed her eyes slightly and mobilized the original aura in her body. Soon, a wolf wearing golden armor appeared in front of Ji Meiyuan!

The wolf roared, revealing its bloody mouth, and this wolf wearing golden armor was transformed by Ji Meiyuan's golden origin!

It seems that this wolf warrior is very powerful and majestic!

When Chen Ping saw this scene, he couldn't help but be a little amazed. He didn't expect that Ji Meiyuan's method of controlling the origin of the metal element was to transform it into various offensive items!

Chen Ping's metal origin is more of a defensive nature, which strengthens his indestructible golden body. When paired with the thunder and lightning origin, it is a perfect match!

However, the means of controlling the origin are different, so even if the same origin is perceived, the way of expression is different, just like the aura between heaven and earth, after it is transformed into spiritual power, the same spiritual power, different hand cuts, must be It will behave differently!

"What about the original fantasy beast?"

Ji Meiyuan asked Chen Ping!

"He ran away, it's too late to chase him now..."

Chen Ping said!

After Ji Meiyuan heard this, she immediately rushed out of the cave, followed closely by Chen Ping!

As soon as they rushed out of the cave, Chen Ping and the others saw the huge origin fantasy beast roaring crazily, as if they felt the presence of danger!

Ji Meiyuan waved her hand, and the golden-armored war wolf rushed directly towards the huge origin fantasy beast!

Ji Meiyuan once again burst out with her golden origin, and all these origin auras turned into golden-armored warrior wolves, swarming towards the origin fantasy beast!

Although these golden-armored wolves are not large in size, the huge origin fantasy beast seems to be afraid of these golden-armored wolves, constantly dodging attacks and retreating continuously!

And these ferocious golden-armored wolves opened their bloody mouths and bit the original fantasy beast like crazy!

The original phantom beast howled and screamed when it was bitten, its skin was torn apart, and a large amount of golden origin was scattered. This time, the wounds of the original phantom beast were not recovering!

The original fantasy beast was getting weaker and weaker. Seeing this scene, Chen Ping and Ji Meiyuan both laughed!

It seems that the stone is really the key to defeating this huge origin fantasy beast!

Chapter: 5337

While Chen Ping and Ji Meiyuan were watching the golden-armored warriors fighting with the original fantasy beasts, Qin Jingyu's body embedded in the body of the mountain continued to expand at this moment!

The stones around him began to crack and finally shattered. Only then did Qin Jingyu escape from the mountain!

Looking at the dying phantom beast, Qin Jingyu knew that his chance had come. If he could kill the phantom beast at this time, he would most likely realize the origin of Tao!

Qin Jingyu's eyes flashed with excitement, the stone hammer in his hand kept spinning, he suddenly jumped up and swung towards the head of the original fantasy beast!

Neither Ji Meiyuan nor Chen Ping noticed that Qin Jingyu actually escaped from the mountain body and even attacked the original fantasy beast!

boom.....

With a thunderous sound, the huge origin fantasy beast suddenly collapsed under Qin Jingyu's stone hammer, and then its body slowly dissipated and turned into countless origin auras!

Under this original aura, Qin Jingyu felt his sea of consciousness become clear, and then a different aura was generated in his body!

Qin Jingyu knew that he had sensed the original aura, and he had sensed...

"Hahaha, I feel it, I feel the original breath..."

Qin Jingyu laughed like crazy, not to mention how excited he was!

Ji Meiyuan looked at Qin Jingyu with murderous intent flashing in her eyes. Now that she had sensed the original aura, her strength had improved a lot, so she planned to let those golden-armored wolves kill Qin Jingyu!

Chen Ping saw what Ji Meiyuan meant, and then shook his head and said: "Now let's focus on absorbing the original aura. Such a strong original aura will probably never be seen again in the future, so hurry up and absorb it!"

After hearing this, Ji Meiyuan nodded and began to absorb the original aura of the gold system. After all, the original aura of the gold system was very strong in the entire mountain, as if it was picked up for nothing!

Once you get out of this ancestral land, it will be very difficult to replenish the source of the metal system, so you can't waste any time now!

Chen Ping did not hesitate and began to desperately absorb the original aura. In addition to the metal original aura, Chen Ping would also absorb other original auras that he had already sensed!

It's just that time doesn't allow it. If allowed, Chen Ping would like to stay here longer, and then use the Fixed Wind Bead to try to understand the origin of the wind element, so that he can also absorb the origin of the wind element here!

Hearing the huge noise, Ji Yue, Ji Yun and others ran over one after another, and the small origin fantasy beasts were killed by them.

Ji Yun and Ji Meiling saw Chen Ping and Ji Meiyuan as if they were in trance, and they didn't know what was going on!

"Sister, eldest sister....."

Ji Meiling shouted twice worriedly, but Ji Meiyuan didn't respond at all!

"Second sister, I think the eldest sister and Mr. Chen seem to be operating their skills and absorbing the original aura..."

Ji Yun said after taking a look!

"Absorb the original aura?" Ji Meiling was stunned: "The eldest sister has not opened the original space, nor has she understood the origin. How can she absorb the original aura?"

Chapter: 5338

"Maybe the origin space that eldest sister has just opened here, the origin that she has just realized, let's not disturb them first."

Ji Yun pulled Ji Meiling aside, and then guarded Chen Ping and Ji Meiyuan!

Ji Yue and Ji Meizhen ran to Qin Jingyu's side.

"Master Qin, are you okay? What happened just now?"

Ji Yue asked worriedly!

He was afraid that if something happened to Qin Jingyu, he would not be able to explain it to Juman Palace!

"Hahaha, what can happen to me? I have realized the origin. I have realized the origin..."

Qin Jingyu said with excitement!

"Congratulations to Mr. Qin. Now that you have understood the origin, why don't you absorb it quickly? Our time in this ancestral land is limited."

Ji Meizhen said to Qin Jingyu!

"Yes, yes, I was so happy that I almost forgot." Qin Jingyu nodded: "You two protect me. When we get out, I will truthfully report to my father what you two have done."

"Don't worry, Master Qin. We, brother and sister, will take good care of you."

Ji Yue said!

Soon, Qin Jingyu also began to close his eyes slightly and absorb the original aura!

Time is passing minute by minute...

In the blink of an eye, for two days, three vortexes were clearly visible above the heads of Qin Jingyu, Ji Meiyuan and Chen Ping. They were formed by absorbing the original aura!

It's just that the vortex above Chen Ping's head is large and fast, and he obviously absorbs much more of the original energy!

Then came Ji Meiyuan's, and the whirlpool above Qin Jingyu's head could only be slightly seen!

Qin Jingyu suddenly frowned, and the bulging feeling continued to increase. He felt as if his head was full, as if it was about to explode!

Qin Jingyu opened his eyes suddenly, breathing heavily, and the original aura in the air, without the suction pull, quickly dissipated, and then headed towards Chen Ping!

"Master Qin, are you okay?"

Ji Yue saw this and asked quickly!

"It's okay, it just feels like my whole head is stuffed..."

Qin Jingyu said!

Chapter: 5339

"Could it be that Mr. Qin has enough original energy in his body and can no longer absorb it?"

Ji Yue has not opened the origin space, nor has he understood the origin. He is just guessing!

"How is it possible? You see that Ji Meiyuan has been absorbing the original aura. She hasn't absorbed enough. How could Mr. Qin have absorbed enough?"

Ji Meizhen pointed at Ji Meyan not far away and said!

She didn't like Ji Meiyuan, and now Ji Meiyuan actually opened the origin space and realized the origin, which made her even more unhappy, so she probably said so!

Qin Jingyu looked over and found that Ji Meiyuan was still closing her eyes slightly, and a vortex of original aura above her head was pouring into Ji Meiyuan's body!

When he thought that he could not be inferior to a woman, Qin Jingyu said: "I just took a short rest, the original aura in my body is still far away..."

After saying that, Qin Jingyu entered the cultivation state again, absorbing the original aura!

But Qin Jingyu didn't know that this would directly kill him!

A few hours later, Qin Jingyu's forehead began to be covered with cold sweat, and his body was trembling slightly!

Ji Yue and Ji Meizhen were a little worried when they saw this scene!

"Brother, will something happen to Mr. Qin?"

Ji Meizhen asked!

"It shouldn't be possible, right? I haven't absorbed the original breath either!" Ji Yue doesn't understand either!

But just as the two people were observing Qin Jingyu, Qin Jingyu suddenly opened his eyes, shocking Ji Yue and Ji Meizhen!

"ah....."

He only heard Qin Jingyu scream, and then he grabbed his head with both hands!

boom.....

With a loud noise, Qin Jingyu's body exploded, and the splattered flesh and blood made Ji Yue and Ji Meizhen very embarrassed!

Ji Yue was dumbfounded as he followed Ji Meizhen, staring blankly at Qin Jingyu's body at a loss!

They asked Qin Jingyu to realize the origin. Now that the origin has been realized, but the person is dead, how can he explain to Juman Palace when he goes out?

What's more, they don't even know how Qin Jingyu died!

"Brother...what...what should we do?"

Ji Meizhen asked at a loss!

Chapter: 5340

"How do I know?" Ji Yue was also confused: "Why did Mr. Qin suddenly explode to death?"

"Because his original space was too small, but he had to imitate others and constantly absorb the original breath, so that his body could not bear it, so he exploded and died."

At this time, Chen Ping opened his eyes and said!

Although the original aura in the Ji family's ancestral land is very strong, Chen Ping cannot absorb it endlessly!

Ji Meiyuan also slowly opened her eyes at this moment. At this time, Ji Meiyuan's aura obviously changed differently!

"Sister, have you also realized the original aura?"

Ji Meiling saw Ji Meiyuan open her eyes, so she asked!

Ji Meiyuan nodded: "Well, I don't know what happened, but suddenly the origin space was opened and I realized the origin."

After Ji Meiyuan finished speaking, she waved her palm lightly, and a golden aura came out of her body, and then turned into a golden-armored warrior wolf!

The golden armored wolf roared, looking very scary!

Seeing this scene, the faces of brother and sister Ji Yue and Ji Meizhen became extremely ugly!

With Ji Meiyuan's current strength, Ji Meizhen no longer has the ability to challenge!

"Sister, congratulations to you..."

When Ji Yun saw this, he hurriedly congratulated Ji Meiyuan. After all, it is not that easy to open the origin space and realize the origin!

"I am also blessed by my ancestors to have such an opportunity. Don't worry, I believe you will be able to open the original space sooner or later."

Ji Meiyuan said very happily!

"This Ji family's ancestral land is indeed a good place to comprehend the origin. Once you open the origin space and come here to comprehend the origin, you will get twice the result with half the effort."

“Let’s go out. These original auras are all left behind by your ancestors. If they are all absorbed, there will be something bad!”

Chen Ping said with a faint smile!

Chen Ping’s original space is the stars of the universe. If he really absorbs it, he will probably be able to absorb all the original aura of the Ji family’s ancestral land!

And that Ji Meiyang’s, a vast jungle, can hold a huge amount of original aura!

If the two of them finish absorbing all the original aura, it will take who knows how many years it will take for the Ji family’s ancestral land to grow the original aura!

It will be difficult for the descendants of the Ji family to understand their origins. Chen Ping cannot be too selfish!

Originally, it was good to enter the ancestral land of the Ji family and realize the origin of the metal element. But after absorbing the light of other people’s origin, it was a little unreasonable!
