

## **The Order 5361**

Chapter: 5361

“There are more than a dozen people in the group. It’s useless if I just agree. After all, we have to cooperate with each other along the way. If we take a few of them and devote our energy to protecting them, who would be happy.”

“But if these three people can show some sincerity and get others to agree, I will have no problem here.”

Cai Hongwei is a little embarrassed!

It is obvious from Cai Hongwei’s words that he just wants some benefits!

However, he said that someone else wanted it, which shows that this guy is very greedy.

When Ji Meiyang heard this, she immediately understood what it meant and immediately said: “Uncle Cai, I am willing to give you five million spiritual coins, do you think it is okay?”

Unexpectedly, Cai Hongwei shook his head and said: “My eldest niece, no matter how many spirit coins I have, it won’t be useful. Whoever can find me and go to the Southern Territory with me will be short of spirit coins!”

Ji Meiyang frowned when she saw that the spirit coins were not enough, because she couldn’t bring out anything except spirit coins. Like other resources, she couldn’t make the decision!

“Senior Cai, if you go to the Southern Territory and don’t make a teleportation array, are there any means of passage?”

Chen Ping asked Cai Hongwei!

“Whatever means of transportation we need, we cultivators can just travel thousands of miles a day.”

Cai Hongwei said calmly!

“Senior Cai is right, but you have to know that galloping all the way consumes a huge amount of spiritual power. You must rest in the middle to replenish your physical strength, which will also take time.”

“We have an airship that can fly all the way to the Southern Region. Not only does it save energy and time, but it also allows you to practice well on the airship.”

Chen Ping said!

Cai Hongwei was stunned for a moment, and then said in disbelief: “Do you have an airship?”

“Of course, we came here by airship.” Chen Ping nodded!

“You’re just talking nonsense, let me see your airship?”

Cai Hongwei said!

Chen Ping glanced at Ji Yun, who nodded, walked out of the hall, and released the airship!

Cai Hongwei looked at the airship in front of him with deep joy in his eyes!

After watching it, Cai Hongwei’s attitude obviously changed!

“Eldest niece, since these are your relatives, plus my relationship with your father, of course I have to help with this. As for the others, you don’t need to worry about them. I will convince them.”

Cai Hongwei happily agreed!

Chapter: 5362

Chen Ping couldn't help but smile when he saw Cai Hongwei like this. However, in the world of gods and humans, there are not many people like Cai Hongwei. They all value strength and their own interests!

"Uncle Cai, thank you very much."

After Ji Meiyuan thanked her, she stood up and prepared to leave!

When she passed Chen Ping, she couldn't help but look at Chen Ping twice because she knew that after this time, she might never see Chen Ping again in her life!

Chen Ping didn't say anything or show any expression, which could make Ji Meiyuan forget about herself as quickly as possible, which was also a relief for Ji Meiyuan!

Cai Qiannan on the side seemed to see something and sent Ji Meiyuan out!

"Meiyuan, does it matter if you follow that guy? I think the way you look at him is wrong."

Cai Qiannan asked!

Ji Meiyuan smiled and shook her head: "What does it have to do with it? It doesn't matter..."

"Put me down, you think I'm a fool. I think you two are not only related, but you must have slept together."

Cai Qiannan said confidently!

Ji Meiyuan was stunned and looked at Cai Qiannan in confusion: "How do you know?"

"Then you don't have to ask. You are limping when you walk now. Did you get... last night?"

Cai Qiannan leaned into Ji Meiyang's ear and whispered!

Ji Meiyang blushed, glared at Cai Qiannan fiercely and said, "Stop talking nonsense..."

"What I'm talking about is nonsense, do you think it's true?" Cai Qiannan asked!

"It's true, but I can't explain it to you. Only if you experience it yourself can you know what it feels like."

"You should quickly find a man to experience it..."

Ji Meiyang smiled!

"I'm not looking for it..." Cai Qiannan said with a proud face!

After sending Ji Meiyang away, Cai Qiannan returned to the hall!

"Xiao Nan, go and find the others. We should get ready to set off!"

Cai Hongwei said to Cai Qiannan!

Cai Qiannan nodded and went to call others!

Chapter: 5363

Cai Hongwei was in the lobby, chatting with Chen Ping and the others for a while, and got a preliminary understanding!

Soon, Cai Qiannan brought a dozen people. The auras of these people were surging, and they were obviously not weak!

“Uncle Cai...”

At this time, a young man, looking gentle and elegant, walked up to Cai Hongwei and saluted!

“It turns out to be Xiao Zhen, hurry up and find a place to sit...”

Cai Hongwei said very politely to the young man!

Others also followed Cai Hongwei in saying hello, and then found a seat to sit down!

Soon, the originally empty hall was filled with people!

After Cai Hongwei glanced at it, he frowned slightly and said, “Xiao Nan, why don’t you see Mr. Miao coming?”

“Dad, Mr. Miao is not here, but I have already informed you that he may be here soon.”

Cai Qiannan said!

Upon hearing this, Cai Hongwei nodded, and then waited quietly!

“Uncle Cai, I see why our team suddenly has three more people, and it doesn’t look very strong.”

The young man just discovered Chen Ping and the three of them, so he asked Cai Hongwei in a low voice!

“Oh, these three were introduced by the Ji family. Although they are not strong, they have airships, which can shorten our time on the road and avoid unnecessary troubles.”

Cai Hongwei explained!

When the young man heard this, he seemed a little surprised and kept looking at Chen Ping and the others!

Upon seeing this, Cai Hongwei called Chen Ping and the three of them over, and then introduced: “Eldest nephew, this is Sikong Zhen, the son of the Sikong family. Despite his young age, his strength has already reached the fourth level of the Tribulation Realm. Moreover, this is the second time I have gone to the Southern Region with me, and the experience is very rich.”

After finishing speaking, Cai Hongwei looked at Sikong Zhen and said, “This is Ji Yun from the Ji family...”

“Uncle Cai, I don’t remember that there is such a number one person in the Ji family?”

Sikong Zhen looked at Ji Yun and felt very strange!

Cai Hongwei hurriedly followed Sikong Zhen to explain, and then Sikong Zhen knew that Ji Yun was the son of the third child of the Ji family who ran away from home back then!

After some pleasantries, the hall fell into silence. Everyone was waiting for the man named Miao Lao!

“Uncle Cai, is this Mr. Miao very important?”

Chapter: 5364

Ji Yun saw so many people waiting for Mr. Miao without saying a word, so he asked curiously!

“As a member of the Ji family, you don’t even know that Mr. Miao is the most powerful person in this yellow and blue city.”

“This time Mr. Miao also went with us to the Southern Territory, but it’s all because of us.”

“If it weren’t for the recent commotion in the Southern Territory Demon Mountain, I guess Mr. Miao wouldn’t have gone.”

Before Cai Hongwei could speak, Sikong Zhen said!

When Ji Yun heard this, he stopped talking. No wonder these people were waiting for Mr. Miao and no one complained!

After a while, footsteps were heard outside, and Cai Hongwei stood up instantly to greet him!

“Miao Lao, you are here...”

After Cai Hongwei greeted him out, he said respectfully!

“Boss Cai, I’m late and kept you waiting...”

“It’s all my granddaughter’s fault. She insists on going with her. I can’t help her.”

That Miao Lao said apologetically!

Behind Mr. Miao, there was a young woman.

“Mr. Miao, you came at the right time. Since Miss Miao also wants to go, let’s take it with us and treat it as a trip.”

Cai Hongwei invited Mr. Miao in!

Listening to Cai Hongwei’s words, Chen Ping smiled bitterly. The three of them wanted to go together. Even if they had connections with the Ji family, Cai Hongwei didn’t agree. He didn’t agree until he took out the airship!

But now that Miao Lao said something, Cai Hongwei not only dared not say anything, but also respectfully let him go as a tourist!

When Mr. Miao walked into the hall, everyone stood up and said hello!

Chen Ping saw that Mr. Miao looked old and very old, but his eyes were bright and his aura was very powerful!

The young girl next to Mr. Miao looks pretty and lovely, with big watery eyes and a harmless appearance!

But Chen Ping didn't know that it would be terrible if he was deceived by this girl's appearance!

This girl's name is Miao Miao, and she is very famous in Huanglan City. People call her the devil!

Mr. Miao waved his hand towards everyone, and then scanned around with his big, bright eyes!

Soon, Mr. Miao's eyes lingered on Chen Ping for a moment.

Chapter: 5365

"You guy, why don't you have any manners? Everyone stood up when they saw my grandpa, but you kept sitting. Do you understand the rules?"

Miao Miao asked Chen Ping sharply!

Chen Ping was stunned. He didn't expect that this girl, who looked pretty and harmless, would be so sharp when she opened her mouth!

"Miao Miao, didn't I warn you not to cause trouble for me? If you don't obey, I won't take you with me."

Mr. Miao reprimanded his granddaughter, and then looked at Chen Ping apologetically: "Little brother, my granddaughter has a bit of a temper. I hope you won't take offense!"

"No way, no way..." Chen Ping didn't expect that this old Miao was very powerful but also very kind!

"Miao Lao, these three are all members of the Ji family and want to go to the Southern Territory with them."

Cai Hongwei hurriedly followed Mr. Miao and explained!

"Ji family?" Mr. Miao was stunned: "Why do you look so unfamiliar to me?"

Cai Hongwei hurriedly explained to Mr. Miao. Mr. Miao finally understood and nodded: "It turns out that he is the descendant of the third child of the Ji family. When the third child of the Ji family eloped, the whole Huanglan City was in uproar. I didn't expect the children to be like this." Big.

"Young people should have more experience. If they don't go through hardships, they will never grow up. Just like my granddaughter, who makes trouble all day long but has no improvement in strength at all!"

"Grandpa, I have been promoted to the Tribulation Realm now, so I haven't made any progress." Miao Miao pouted and said a little unhappy!

"There is progress, there is progress. Grandpa was wrong." Mr. Miao hurriedly coaxed his granddaughter!

When everyone saw Mr. Miao like this, they all burst out laughing!

"Boss Cai, if everyone is here, let's set off, right? There will definitely be some obstacles along the way that will delay time."

Mr. Miao followed Cai Hongwei and said!

“Miao Lao, there is an airship available for our trip this time, so we should be able to save a lot of time along the way.”

Cai Hongwei said!

“Airship? Where did the airship come from?” Mr. Miao was stunned!

Everyone else was also surprised, wondering where Cai Hongwei got the airship!

“Miao Lao, the airship is mine. Our family runs a sect in the Northern Territory, specializing in the airship business.”

Ji Yun stood up and explained!

Ji Yun’s words made everyone focus on him.

“I see. It seems that the third youngest member of the Ji family has been doing well since he left.”

Chapter: 5366

Miao Lao said!

Others finally understood why Cai Hongwei brought Chen Ping and the others with him. He must have taken a fancy to the airship!

Everyone prepared for a while and then walked out of the Yellow and Blue City!

Arriving outside the city, Ji Yun released the airship!

Looking at the airship in front of them, everyone has a smile on their face!

With this airship, they can save a lot of energy and encounter less danger!

After boarding the airship, Ji Yun controlled the airship and slowly took off!

Then, white rays of light flashed around the airship. This was the activation of the formation on the airship!

With the airship, everyone can practice on the road!

Then Sikong Zhen found a seat next to Cai Qiannan!

It's obvious that this guy is interested in Cai Qiannan!

But no one dared to sit around Miao Miao, only Mr. Miao was there!

It seems that these people are very afraid of Miao Miao!

The airship was speeding all the way towards the southern region. Because it was flying in the sky, it did not encounter any danger!

It would be different if you were on land. When you cross those mountains and rivers, you would definitely encounter many monsters!

The two-day flight was very peaceful!

Everyone said nothing and practiced on their own!

Chen Ping also continued to practice and comprehend the Immortal Finger taught to him by the Taizu of the Ji family!

Although he does not understand the origin of time now, there are still many other things that need to be understood in this Immortal Finger!

Just two days after everyone was traveling, there was a sudden cry that woke everyone up from their cultivation. Moreover, the airship seemed to have encountered resistance and began to shake twice!

“Ji Yun, what’s wrong?”

Chen Ping asked Ji Yun who was controlling the airship!

“Mr. Chen, look quickly...”

Ji Yun’s eyes were filled with fear, and he pointed outside!

Chapter: 5367

Chen Ping looked through the porthole window and found that the sky in front of him was completely dark, filled with birds!

This flying bird is only the size of an adult’s fist, and its feathers are colorful!

However, although this kind of bird is not big, there are a lot of them. At a glance, they are all covered in black!

And there was constant airflow blowing from the birds in front of it, causing the airship to be blocked, and it kept shaking!

“Five-colored bird?”

Huofeng looked at the birds outside and couldn't help but frown!

At this time, other people also gathered around, looking at the birds outside, their expressions became extremely solemn!

"How come we meet five-colored birds here? Aren't these birds all in the Liantian Mountains?"

"Did we make a mistake in our voyage and end up in the Liantian Mountains?"

"These five-color birds are so powerful. I have seen with my own eyes that a tribulation monk turned into a skeleton in the blink of an eye."

Everyone was talking with fear!

"Is this kind of bird really that powerful?"

Chen Ping asked in surprise!

Because in his opinion, these birds are small in size and not very strong. Apart from being large in number, they don't seem to be anything powerful!

"Master, although these five-colored birds are small and don't look very strong, there are really too many of them. Every time, tens of thousands of them fly together in groups."

"And this kind of bird is very vindictive. Even I don't want to mess with these guys."

Huofeng said to Chen Ping!

"Eldest nephew, do you think this airship can go around it?"

Cai Hongwei asked Ji Yun!

If you don't provoke these colorful birds, the only way is to go around them!

Ji Yun shook his head: "Uncle Cai, there is no way to go around. Our airship is now trapped by the air flow instigated by these birds. If we want to continue moving forward, we must eliminate these birds, or destroy this group of birds." Just disperse them."

When everyone heard this, they all became silent. If they were on land and encountered a group of monsters, they could still join forces.

But this is in the air, and we have to deal with thousands of colorful birds!

No one dared to speak. If they stepped out of the airship, they might turn into bones!

Chapter: 5368

As the organizer of this event, Cai Hongwei looked at the crowd helplessly, and then said: "I am willing to go out and drive away the birds, but there are too many birds. Who wants to come with me?"

"I do, I'll go with you..."

Chen Ping was the first to speak!

"I'm going too..." When Huofeng saw that Chen Ping was going, she would definitely follow Chen Ping!

Because Ji Yun had to control the airship, it was impossible to get out, but Chen Ping and Huo Feng spoke, and the rest of the people all looked at each other, and no one spoke!

Cai Hongwei did not expect this situation to occur, but after all, he was in the air, and he encountered this kind of frightening five-color bird, so it was normal that no one said anything!

But with just the three of them, it would be impossible to drive away these birds!

“You all stay here while I go and disperse the birds...”

At this time, Mr. Miao spoke!

After all, he is the strongest person here, and the reason why everyone respects him so much is because of his strength!

I hope that when I encounter danger on the road, I can get Mr. Miao to take care of me!

“Miao Lao, although these five-colored birds are not strong, they are very ferocious and come in groups. I’m afraid it will be difficult for you to disperse them alone.”

Cai Hongwei said!

“Don’t worry, I’ll try. Even if I can’t dispel it, there won’t be any danger.”

Mr. Miao smiled lightly and said!

Seeing what Mr. Miao said, Cai Hongwei stopped blocking him and let Ji Yun open the airship.

Miao Lao took one step and it was like stepping on flat ground!

Miao Lao’s body exudes a soft white light, and the light is getting stronger and stronger!

When those five-colored birds saw the white light on Mr. Miao’s body, they were all attracted, and then they flew towards Mr. Miao overwhelmingly!

Everyone looked at this scene and became nervous!

If Mr. Miao can disperse these birds, they can move on, but once Mr. Miao is defeated, it will be in danger!

Facing the overwhelming flock of birds, Mr. Miao remained calm and grabbed forward with both fists!

Thousands of spiritual powers instantly turned into a giant net, blocking the flock of birds directly!

Five-colored birds kept hitting the giant net, and they were instantly wiped out!

Chapter: 5369

However, the endless flock of colorful birds behind are still hitting each other!

It seems that these colorful birds are not afraid of death at all.

At first, Miao Lao's expression was calm and composed, but as the number of colorful birds increased, and the flocks of birds even turned into big balls, hitting the giant net woven with spiritual power, Miao Lao's expression changed!

I saw that Mr. Miao's expression began to become solemn, and cold sweat began to form on his forehead!

"Chirp..."

At this moment, there was a sudden piercing cry!

I saw an obviously huge five-colored bird flying out of the flock!

This colorful bird flew high and kept chirping from its mouth!

The five-colored birds that had been attacking the giant net all stopped attacking!

Immediately afterwards, tens of thousands of five-color birds turned into the shape of a sharp sword. Under the command of the leader of the five-color birds, they slashed at the giant net compiled by Mr. Miao!

“The leader of the five-colored birds has appeared, keep an eye on it...”

When Huofeng saw this, he hurriedly said loudly.

“Does this five-colored bird have a leader?”

Chen Ping looked surprised.

“Of course, these five-colored birds are gregarious monsters. Even if they are in danger, they will stick together. Of course, they must be commanded by a leader!”

“But because the five-color birds are not very strong, these leaders are hidden among the birds and will not expose themselves easily!”

“If someone directly captures the thief and captures the king first, then this group of colorful birds will be scattered!”

“Now the leader of these five-colored birds has been unable to break through the giant net, so he flew out from the flock of birds to take command!”

“This is a great opportunity!”

Sikong Zhen explained eloquently.

“Since it’s a good opportunity, why don’t you take action?”

Cai Qiannan said from the side!

It was obvious that Cai Qiannan was very dissatisfied with Sikong Zhen for not daring to speak out just now and following her father to drive away the birds!

Sikong Zhen glanced at Cai Qiannan, then jumped out of the airship and headed straight for the five-colored bird!

Chapter: 5370

“You girl, what are you talking about?”

When Cai Hongwei saw this, he was shocked and rushed out of the airship!

After all, he has a close relationship with the Sikong family. If something happens to Sikong Zhen, he won't be able to explain it easily!

The moment Cai Hongwei and Sikong Zhen jumped out of the airship, the tens of thousands of colorful birds turned into a long sword and directly cut through the giant net compiled by Mr. Miao!

The giant net shattered, the spiritual power dissipated instantly, and Mr. Miao spurted out a mouthful of blood!

A large number of colorful birds rushed towards Mr. Miao!

“Miao Lao...”

Cai Hongwei was shocked when he saw this!

He wanted to step forward to help Mr. Miao, but facing so many colorful birds, Cai Hongwei still hesitated!

Sikong Zhen didn't even think about it. When he found that Miao Lao's giant net was broken and birds swarmed in, he actually turned around and ran back.

"grandfather....."

Seeing this, Miao Miao wanted to rush out of the airship, but was stopped by Chen Ping!

After stopping Miao Miao, Chen Ping jumped out and at the same time, with a wave of his hands, the Dragon-Slaying Sword instantly appeared in his hand!

The dragon-slaying sword was exuding traces of flame, and then it suddenly swung forward!

The aura that fills the sky is mixed with the ultimate fire and spreads out like fireworks!

Most monsters are afraid of flames!

So when Chen Ping slashed out with his sword, the flames scattered all over the sky, causing the swarming birds to stop for a moment!

At this stagnation, Chen Ping rushed to Miao Lao's side, pulled Miao Lao and ran towards the airship!

But those colorful birds reacted and rushed over with their chirps!

Cai Hongwei shouted angrily, swung his palms suddenly, and shot forward with a terrifying breath!

This breath was like a tornado, instantly rushing into the flock of birds!

With just this palm, hundreds of colorful birds were shot down one after another!

But for the huge flock of birds, this is just a drop in the bucket, and there is no way to stop the flock of birds!

When Cai Hongwei still wanted to attack, he found that the birds were close at hand, and he was so frightened that he quickly turned around and ran away!
