

## **The Order 5371**

Chapter: 5371

Just as Chen Ping pulled Mr. Miao into the airship, Cai Hongwei also followed!

The flock of birds rushed in front of the airship and had no way to move forward. The formation around the airship blocked those five-color birds from outside!

“Dad, are you okay?” Cai Qiannan asked with concern.

“I’m fine, it’s really dangerous...”

Cai Hongwei gasped for air!

“It was just too dangerous. Fortunately, I reacted quickly.”

Sikong Zhen said nervously!

Cai Qiannan rolled her eyes at Sikong Zhen. This guy ran back the fastest. He was so dangerous!

“Grandpa, grandpa.....”

Miao Miao looked at the pale Mr. Miao and shouted worriedly!

“Let me take a look...”

At this time, a middle-aged monk walked out of the crowd and said!

“Pharmacist Chen, I’m sorry to help you, but Mr. Miao must not let anything happen to him.”

Cai Hongwei said to the middle-aged monk!

“Don’t worry, Mr. Miao was probably injured by the shock. It’s not a big problem.”

After saying that, Pharmacist Chen squatted down and began to examine Mr. Miao!

After checking, Pharmacist Chen took out a porcelain bottle from somewhere and poured two pills out of it!

When the elixir was poured out, the whole airship instantly overflowed with the aroma of medicine!

Just by smelling the fragrance, you know that this elixir is good!

But Chen Ping frowned when he looked at the elixir in Pharmacist Chen’s hand!

Just when Pharmacist Chen was about to give the elixir to Mr. Miao, Chen Ping stretched out his hand to stop him: “You cannot give this elixir to Mr. Miao. Mr. Miao’s body is not simply caused by shock...”

Pharmacist Chen frowned, then looked at Chen Ping and said, “What do you mean? Do you think I saw it wrong?”

Pharmacist Chen’s face became very ugly!

“Don’t talk nonsense. Pharmacist Chen is not as good as Yaozun, but he is still superb in medical skills. We all saw that Mr. Miao was injured by the five-colored bird. How could it not be caused by the shock?”

Chapter: 5372

Sikong Zhen said to Chen Ping!

“What’s wrong with you? Are you also a pharmacist? If you’re not a pharmacist, don’t interrupt.”

“It’s a pharmacist. He’s so young and has so many abilities. How dare he question Pharmacist Chen?”

Everyone was very dissatisfied with Chen Ping!

“Although you rescued Mr. Miao and came back, you can’t stop Pharmacist Chen from treating him. Can’t Pharmacist Chen still tell whether it’s caused by a shock injury?”

Cai Hongwei was also very dissatisfied with Chen Ping’s obstruction.

“Uncle Cai, Mr. Chen is also a pharmacist, and he is also a senior pharmacist. Even the medicine master in Huanglan City was willing to bow down to Mr. Chen when he met him.”

Ji Yun said quickly!

“Boy, are you bragging? How can the Medicine Master of Huanglan City surrender to a young boy?”

Then Pharmacist Chen didn’t believe what Chen Ping said at all!

“I’m reminding you, this old Miao’s body is not injured by shock. If you give him this elixir, not only will you not be able to save him, it will even kill him.”

Chen Ping ignored the ridicule and distrust of others and said to Pharmacist Chen with a solemn expression!

“Boy, if you want to show off your skills, I don’t care where you go. But if you are questioning my medical skills, I won’t agree to it.”

“If something goes wrong when Mr. Miao takes my elixir, I will naturally take responsibility. With so many people watching, I, Mr. Chen, keep my word.”

Pharmacist Chen said angrily!

“What’s wrong with you? It affects my grandfather’s treatment. Can you afford it?”

When Miao Miao saw that Chen Ping had been blocking treatment, she yelled at Chen Ping angrily.

Chen Ping looked at Miao Miao’s attitude and said nothing more. Instead, he took two steps back, and then looked at the birds outside the airship!

“Physician Chen, please save my grandpa quickly!”

Miao Miao said to Pharmacist Chen!

Pharmacist Chen put the two pills into Mr. Miao’s mouth!

When the elixir melted, Mr. Miao slowly opened his eyes, and the breath in his body slowly recovered!

“Grandpa, grandpa.....”

Miao Miao was very happy to see Mr. Miao woke up!

Chapter: 5373

When other people saw this, they were also very happy and praised Pharmacist Chen one after another!

Pharmacist Chen looked proud and looked at Chen Ping mockingly!

Ji Yun and Huo Feng were a little strange when they saw Miao Lao waking up!

Now that Chen Ping said, not only could Mr. Miao not be cured after taking the elixir, his life would be in danger, but now Mr. Miao woke up fine!

“Mr. Chen, Mr. Miao is awake...”

Ji Yun reminded Chen Ping in a low voice!

“I know!” Chen Ping didn’t seem surprised and was still observing the birds outside!

At this time, Mr. Miao raised his fist towards Pharmacist Chen and said, “Pharmacist Chen, thank you for your life-saving grace. I will never forget it.”

“Miao Lao is so polite. As a pharmacist, you have the ability to save lives and heal the wounded. What’s more, we will have to rely on Miao Lao later.”

Pharmacist Chen said with a faint smile!

“Hmph, it was obviously the master who took the risk to rescue the old guy, but now someone else has rescued him.”

Huofeng snorted coldly, very dissatisfied!

If Chen Ping hadn’t taken the risk and dragged Mr. Miao back to the airship, Mr. Miao would probably have become a pile of bones by now!

And Huofeng’s words seemed to be heard by Mr. Miao, who saw Mr. Miao walking over!

“Little brother, thank you for helping me in this critical moment. Otherwise, I would have been eaten by those five-colored birds.”

Mr. Miao said to Chen Ping with a grateful face!

When Chen Ping saved him, Mr. Miao was still unconscious, so he knew that it was Chen Ping who saved him!

“Miao Miao, you’re welcome. I’m just trying to help you.” Chen Ping smiled lightly, and then asked: “Miao Miao, I wonder how you feel grateful to your body at this moment?”

“I feel pretty good...” Mr. Miao didn’t understand what Chen Ping meant!

“Miao Lao, did you fight with someone some time ago and were injured?” Chen Ping asked!

Mr. Miao was stunned and looked at Chen Ping with doubts in his eyes, but he did not speak!

However, Miao Miao was dissatisfied and said: “What are you talking about? How could my grandfather be injured? Moreover, he had not fought with anyone some time ago. Don’t just talk nonsense.”

Chen Ping ignored Miao Miao, but stared at Miao Miao, as if waiting for Miao Miao’s answer!

After a moment, Mr. Miao finally said, “How did you know?”

Chapter: 5374

“There is evil energy in your body. This is obviously caused by being injured by the demons when you were fighting with them and left in your body.”

“It’s just that you have been relying on the breath in your body to suppress this evil spirit, so no one can tell the difference. In fact, I didn’t notice it either.”

“But when you were injured by those five-colored birds, the evil spirit in your body couldn’t be suppressed and burst out, so you fell into coma. If you were injured by a simple shock, it wouldn’t be so serious.”

“Now that you have taken the elixir, you feel that there is no problem, but the evil spirit in your body has not been eliminated. Within an hour, your body’s meridians will definitely collapse, and it will be difficult for the gods to save you.”

Chen Ping said calmly!

Chen Ping’s words instantly stunned everyone on the spot!

None of them had heard that Mr. Miao had fought with the demons, let alone that Mr. Miao had been injured by the demons.

You must know that Mr. Miao has always been reclusive, but everyone knows his strength and no one dares to question it!

Now Chen Ping actually said in public that Mr. Miao could not defeat the demons and was injured by the demons. This made Mr. Miao very embarrassed!

“You are such a dog that you can’t spit out ivory. That’s why your meridians collapsed. It’s hard for gods to save you. My grandpa is fine now.”

Miao Miao was very angry and yelled at Chen Ping!

Cai Hongwei also looked displeased: “Chen Ping, what are you talking about? Are you cursing Mr. Miao? That’s too much...”

You must know that in their team, Mr. Miao is the strongest. The backbone of this pair is Mr. Miao. If they encounter danger, they must count on Mr. Miao to rescue them!

But now that Chen Ping actually said this, isn’t this tantamount to poaching the backbone of this team?

“Little brother, I admit that you have some abilities, otherwise you would not dare to step out of the airship and face the flock of birds, but you should not be overly confident. I have no injuries on my body, and I have never fought with the demons. It is even less likely that I will be attacked by the demons. He was injured by his clan members.”

Mr. Miao also looked a little displeased. After all, Chen Ping exposed his shortcomings in public, which made him look ugly. This would lower his prestige in the eyes of everyone!

“Miao Lao, I...”

Chen Ping wanted to persuade him, but Mr. Miao turned around and left!

Miao Miao waved his hand and held a pure black dagger in his hand. The sword pointed directly at Chen Ping and said: “Boy, shut your stinky mouth. If you dare to curse my grandfather, I will take it from you.”  
Life!”

When Chen Ping saw this, he smiled bitterly and said nothing more. If it weren't for the fact that Mr. Miao was quite kind, Chen Ping wouldn't want to meddle in other people's business!

Now that Mr. Miao obviously didn't want to expose his injury, Chen Ping said nothing more!

But now the flying boat is surrounded by flocks of five-colored birds, and there is no way to move forward. If there is no way to eliminate these five-colored birds or divert them away, then they will always be trapped here!

“Everyone, the five-colored birds are always outside the airship. We can't move forward. I wonder if you have any ideas. It would be okay to lure these five-colored birds away.”

Cai Hongwei asked loudly to everyone!

Chapter: 5375

Now even Mr. Miao can't deal with these birds when he goes out. Now we can only collect everyone's opinions to see if there are any other good ways!

“I’ll try...”

At this time, Chen Ping said!

“Are you going?” Cai Hongwei was a little surprised: “With your strength, wouldn’t it mean you would die if you went out? You know, even Mr. Miao can’t withstand the attack of this flock of birds.”

“I have my own way. Although I can’t destroy all these colorful birds, I can lure them away.”

Chen Ping said!

“Boy, you are just a Fusion Realm monk. Can you lure away a flock of five-colored birds? Is this a joke?”

Sikong Zhen didn’t believe that Chen Ping had such ability!

“How about you go out and try?”

Chen Ping looked at Sikong Zhen and asked!

Upon hearing this, Sikong Zhen quickly shook his head: “I don’t have that ability. I don’t have diamonds. I don’t want to do porcelain work. I know myself.”

Chen Ping glanced at Sikong Zhen and ignored him. This guy looked polite, but he was a coward!

“Ji Yun, I will lure the five-colored bird away in a moment, and you will immediately control the airship to fly away from here.”

Chen Ping said to Ji Yun!

“Mr. Chen, what should you do?”

Ji Yun asked!

“I have a way to catch up, don’t worry...” Chen Ping patted Ji Yun’s shoulder, then glanced at Huofeng, and then jumped out!

After Chen Ping jumped out of the airship, his body suddenly shone with golden light. His indestructible golden body was activated, and with the blessing of the metal element, the layers of golden scales on Chen Ping’s body became even more dazzling!

Looking at Chen Ping’s golden scale armor, everyone was stunned!

“What kind of treasure is this? It should be a treasure armor or something.”

“That’s awesome. Isn’t this an ancient thing?”

“This kid looks young, how could he have such a treasure?”

Everyone was very puzzled and didn’t understand how Chen Ping could have such a treasure as the indestructible golden body!

Just when Chen Ping’s Indestructible Golden Body was activated, thousands of colorful birds swarmed in, and the black mass surrounded Chen Ping!

Chapter: 5376

Soon, Chen Ping’s figure disappeared and was directly covered by the flock of birds!

Seeing this scene, both Ji Yun and Huo Feng were very nervous!

But Chen Ping was extremely calm at this time, his body continued to emit golden light, and then he quickly flew away towards the airship!

Because of the protection of the indestructible golden body, those five-colored birds pecking at Chen Ping could not cause any harm to Chen Ping!

Soon, those colorful birds were attracted by Chen Ping, and Ji Yun controlled the airship to fly away quickly!

After watching the airship leave this area, Chen Ping's eyes flashed with flames, and then his body began to burn!

The raging flames burned and thunder and lightning flashed around!

The five-colored birds that were close to Chen Ping were all killed by flames or lightning!

The reason why Chen Ping dared to rush out of the airship was because after observing, he found that the sharp weapons of these five-color birds were their claws and beaks, and Chen Ping himself had a powerful physical body, coupled with the blessing of an indestructible golden body and the origin of the metal element, so he He thought that the five-color bird's attack could not hurt him at all!

Sure enough, those colorful birds were surrounding Chen Ping, but they were unable to cause any harm to Chen Ping. Instead, they were bombarded by the flames and thunder and lightning on Chen Ping, causing countless casualties!

Finally, Chen Ping broke out of the siege of colorful birds and headed towards the airship!

At this time, a figure rushed out from the airship, and then turned into a huge phoenix, waving its wings!

This is the fire phoenix coming to pick up Chen Ping. If Chen Ping catches up with the airship in mid-air, it will take a lot of energy!

The Fire Phoenix is different. As long as she returns to her true form, she can fly in the air directly.

Everyone was shocked as they watched the fire phoenix transform into a phoenix and fly towards Chen Ping!

Because no one noticed that the fire phoenix turned out to be an orc, and it was also a mythical beast phoenix!

Even Mr. Miao was shocked!

Soon, the fire phoenix flew to Chen Ping, and Chen Ping rode on the fire phoenix and flew towards the airship!

After flying back to the airship, the fire phoenix transformed into a human again!

But this time, everyone looked at Huofeng and Chen Ping with deep disbelief!

Especially Chen Ping. He was only at the Fusion Realm, but he was able to lure those five-colored birds away without being hurt!

You know, Chen Ping was surrounded by those colorful birds just now!

Now that Chen Ping is unscathed, it must be because of the role of the indestructible golden body just now!

A Fusion Realm monk actually has this kind of treasured armor on his body, so it is inevitable that others will not take it seriously!

Chapter: 5377

At this moment, many people looked at Chen Ping with a bit of greed!

Even the way Cai Hongwei looked at Chen Ping kept changing. After all, Chen Ping's indestructible golden body was exposed, which made everyone jealous!

Among these people, only Miao Lao had calm eyes and asked Chen Ping: "Little brother, is the armor you were wearing just now an ancient thing? It looks very powerful."

"I don't know if it's an ancient thing, but it was given to me by someone else."

Chen Ping said casually that there were some things he didn't want to say too much about!

When Mr. Miao saw this, he didn't ask anything. Instead, he glanced at everyone and said, "Now that we have got rid of the five-color bird, let's continue our journey. I hope that we can all work together on this trip."

"Nowadays, there are constant disputes in the Southern Territory, especially when the battlefield of gods and demons in Tianmo Mountain was discovered, and strong men from all regions came there one after another. It is even more important for us to cooperate. In addition to monsters, we will definitely encounter other dangers along the way."

In fact, Mr. Miao had already noticed the greed in the eyes of everyone looking at Chen Ping, so he said this as a warning!

"Miao Lao is right, we must work closely together to ensure maximum safety."

Cai Hongwei also quickly agreed!

Seeing this, other people also agreed, no one dared to refute!

The airship continued to move forward, and Mr. Miao sat next to Chen Ping!

Chen Ping glanced at Mr. Miao, looking a little surprised!

He didn't understand what Mr. Miao was doing by sitting here with him!

"Little brother, no matter what treasures you have on you, try to show them as little as possible in front of other people. If people's hearts are alienated from you, the treasures you have on you may bring disaster to yourself."

Mr. Miao whispered to Chen Ping!

When Chen Ping heard this, he said slightly gratefully: "Thank you, Mr. Miao, for reminding me. I will pay attention to it."

Seeing that Mr. Miao was a good person, Chen Ping reminded him again: "Mr. Miao, your body..."

Before Chen Ping could finish his words, Miao Lao waved his hand and interrupted him: "I know what my body is like. I did fight with the demons and was injured."

"The evil spirit in my body also exists. What you said is not wrong at all, but I can't show it in front of everyone. If these people know that I am injured, how will they react?"

"Do you think they will still respect me so much? Even the entire team will break up because they all regard me as their backbone."

Mr. Miao actually knows everything, but he has to hold on!

"Then you will die like this." Chen Ping looked at Mr. Miao in confusion!

"To be honest, I went to the Southern Territory this time not for any treasures, but to find a kind of thunder sun grass to get rid of the evil spirit in my body."

Chapter: 5378

"I have looked for many pharmacists, and even asked the Medicine Master to take a look. They were all helpless, so I took the risk to go to the Southern Territory to try."

Mr. Miao said sincerely!

“Miao Lao, you were injured and let the evil spirit spread throughout your body. If you continue like this, you won’t be able to hold on to the Southern Territory. It won’t take long before your meridians will be severed and you will die.”

Chen Ping said!

“Really?” Mr. Miao frowned: “But I don’t feel anything right now?”

At first Chen Ping said that Mr. Miao didn’t believe it at all. Although Chen Ping was right, there was evil spirit in his body, but if he said that his meridians were severed within an hour, it was simply a joke, because Mr. Miao felt that his body very good!

“Everything I said is true. If you had not taken Pharmacist Chen’s elixir at that time, you could still suppress it for a while, but it is difficult to suppress it now. The only way is to suck out the evil spirit from the body.”

Chen Ping’s face was solemn, and he didn’t look like he was lying at all!

At this moment, Mr. Miao began to panic, and he knitted his brows tightly together and said, “Is this life? It seems that God is going to kill me...”

“I hope that my little brother can take care of my granddaughter after I die. Although she acts aggressively, she has no intention of harming others.”

Mr. Miao actually entrusted his granddaughter to Chen Ping to take care of him. You should know that he and Chen Ping had only just met, and they couldn’t even be called familiar!

“Miao Miao, you don’t have to be so pessimistic. Although I said your meridians will be cut off within an hour, you can’t die now that I’m here!”

Chen Ping said confidently.

Mr. Miao was stunned and looked at Chen Ping in shock: "Are you really a pharmacist? Can you really get rid of the evil spirit in my body?"

"Of course, the evil spirit in your body may be very difficult for other pharmacists, but for me, it's just a piece of cake."

After Chen Ping finished speaking, he gently put a hand on Mr. Miao's shoulder!

Soon, a suction force slowly sucked out the evil spirit from Miao Lao's body!

Feeling the evil spirit in his body being sucked out of his body, Mr. Miao was dumbfounded and looked at Chen Ping in disbelief!

Because only demons can have this ability to absorb the evil spirit!

But now Chen Ping doesn't have the slightest aura of demons in his body, and he actually has the ability to absorb the evil spirit. This is too outrageous!

It only took a moment for the evil spirit in Miao Lao's body to be completely absorbed by Chen Ping.

"Okay, try adjusting your breath." Chen Ping said!

Miao Lao hurriedly let his breath sink into his dantian, letting his breath circulate around his body, and found that the evil spirit in his body was indeed gone!

"You...are you a demon?"

Chapter: 5379

Mr. Miao looked at Chen Ping in shock!

You must know that in the current world of gods and humans, demon monks are like rats crossing the street. How can there be any demon cultivator who dares to form a team with others openly!

Chen Ping smiled and shook his head and said: "I am not a demon, but I do know a little bit about the demons' techniques, so the evil spirit of the demons is a piece of cake for me."

Mr. Miao's eyes were full of disbelief, and he became more and more curious about Chen Ping!

The two people were talking and laughing. The others didn't know what the two people were talking about. They only knew that Mr. Miao was chatting happily with Chen Ping!

After another day, the airship stopped moving forward and began to land slowly 1

Chen Ping was very surprised and quickly stood up and asked: "Ji Yun, what's going on?"

"Mr. Chen, there is a force causing the airship to fall."

Ji Yunman said anxiously!

"Let me see what's going on." Chen Ping walked through the door to see if there was something wrong with the airship.

And Cai Hongwei glanced out the window, and then said: "It's not a problem with the airship. This is the mountain range at the junction of the Central Territory and the Southern Territory. Flying is not allowed, let alone aircraft. Even birds and beasts can't fly over."

Cai Hongwei's words reminded Chen Ping of the Mohai. The Mohai was also the junction of the two realms, so it was impossible to fly!

Chen Ping was very puzzled as to who set up the taboo that made flying impossible at the junction between the two realms.

Ji Yun could only control the airship to fall slowly. After landing on the ground, everyone walked towards the airship, and Ji Yun put the airship away!

After Chen Ping walked towards the airship, he discovered that the ground was completely covered with reddish-brown soil. Even the stones on the mountains looked reddish-brown, as if they had been soaked in blood, and after years of wind and rain, they became like this. color!

But when other people saw this scene, their expressions didn't change at all. It was obvious that they were used to it!

"Everyone, after passing through the Chilian Mountains, we will reach the border of the Southern Territory. We should all be careful."

"Not only are there all kinds of monsters in the Chilian Mountains, but there are also people ambushing various teams heading to the Southern Territory. We must be very alert."

Cai Hongwei said loudly to everyone!

Everyone nodded. Since they chose to go to the Southern Territory from here, of course they knew the dangers here, otherwise they would have gone directly to Zhuhuang City to build a teleportation array.

After a few words of warning, everyone began to walk towards the Chilian Mountains, and Chen Ping looked at the endless mountains in front of him, lying between heaven and earth, as if connecting heaven and earth!

Deep in the mountains, mist surges, and from time to time the roars of monsters can be heard!

"Although the Chilian Mountain Range is very dangerous, it also has many opportunities. There are a lot of precious fairy grasses in it, as well as some monsters that cannot be seen in other places."

"The monsters here may mutate and turn into immortal beasts. If you can kill an immortal beast and get an immortal beast pill, it will be a priceless treasure."

Chapter: 5380

Mr. Miao saw that Chen Ping didn't know much about the Chilian Mountains, so he stepped forward and explained to Chen Ping in a low voice.

"Fairy beast?" Chen Ping was stunned: "There is no fairy energy here, how could a monster mutate into a fairy beast?"

Chen Ping didn't understand. Monsters were monsters, so how could they mutate into fairy beasts.

What's more, there is no immortal energy in the heavenly and human world. How did the monster beast become an immortal beast?

"Who said there is no immortal energy? The Chilian Mountain Range contains immortal energy. The reason why the Chilian Mountain Range turned into this reddish brown is because during the war between gods and demons, several immortals were seriously injured and fled here. In the end, these immortals knew that there was no hope of returning to heaven, so they dispersed their flesh and blood."

"After thousands of years of time have passed, the flesh and blood of immortals have long been integrated with the Chilian Mountains. Therefore, there is immortal energy in the Chilian Mountains, but these immortal energies are not floating in the air, but hidden in the stones, hard to find among flowers, plants and trees."

"If some monsters eat flowers and plants containing fairy energy, they may mutate into fairy beasts, but the chance is too low. Whether it is fairy energy or fairy beasts, they are things that can be encountered but cannot be sought."

Mr. Miao was explaining to Chen Ping in detail!

"Grandpa, why are you telling him so much? Don't forget, he even cursed you for cutting off your meridians. Aren't you fine now?"

Miao Miao stepped forward and said very dissatisfied.

“Shut up.” Mr. Miao glared at Miao Miao!

Miao Miao’s face was full of anger. She really didn’t understand why her grandfather was so kind to Chen Ping!

On the airship, the two of them were talking and laughing, and now Mr. Miao is still so close to Chen Ping!

In fact, everyone saw Mr. Miao’s performance, and they were all very puzzled. They didn’t understand why Mr. Miao wanted to follow Chen Ping, a young monk in the Fusion Realm, so close. It was simply too strange. !

“Miao Miao, your breath is very good, you should be fine.”

At this time, Pharmacist Chen stepped forward and said to Mr. Miao!

While talking, you, Pharmacist Chen, couldn’t help but look at Chen Ping!

In fact, when Pharmacist Chen came forward to speak at this time, he just wanted to get close to Miao in the same old way, and then slap Chen Ping in the face!

Chen Ping didn’t pay attention, but Mr. Miao nodded slightly and didn’t say anything more!

After all, he didn’t want people to know about his injury. Although Chen Ping had absorbed all the evil energy from his body, Mr. Miao didn’t want people to know that he was injured by the demons!

“This Chilian Mountain Range is very dangerous. Don’t walk around randomly. Follow me. Don’t get separated...”

Cai Hongwei said loudly to everyone!

“Qiannan, you don’t have to be afraid, I will protect you.”

Sikong Zhen said to Cai Qiannan!
