

## **The Order 5381**

Chapter: 5381

Cai Qiannan just rolled her eyes at Sikong Zhen and ignored him!

Everyone started heading towards the depths of the mountains!

The mountain road is rugged, and ordinary people would definitely not be able to pass it, but they are all monks, so this kind of road can be as smooth as walking on the ground!

Along the way, although I encountered a few monsters, they were not very strong!

Before anyone else could take action, they were all killed by Sikong Zhen. Maybe he wanted to show off!

Chen Ping was walking at the end of the team, and his spiritual sense had already detected it.

A few hours later, everyone had reached the depths of the mountains. It seemed that Cai Hongwei was really familiar with the mountains and could always find a hidden path in places where there seemed to be no roads.

“Originally there was no road here, but I led the team to walk from here a lot, and this path was created.”

“Although the road from here is winding and winding, you can avoid most monsters and you won’t be ambushed.”

Cai Hongwei said to everyone!

No one said anything. Since they chose to follow Cai Hongwei, they could only believe in him!

After walking for a while, everyone came to a slope. It looked very smooth, as if it had been artificially repaired!

“Okay, let’s all take a rest here. I have repaired this place before, and I will repair it every time I come here. After all, the Chilian Mountain Range is too big to be walked out in one breath.”

After Cai Hongwei finished speaking, he found a place to sit down!

Seeing this, other people also found a place to rest!

However, Chen Ping did not sit down. Instead, he looked around and then walked towards the forest on the side!

“What are you going to do?”

Upon seeing this, Cai Hongwei hurriedly asked Chen Ping!

“I want to look around...”

Chen Ping said!

“Don’t run around. The Chilian Mountains are not as simple as you think. Don’t look at the fact that there is no danger in the Chilian Mountains. That’s because I’m leading the way for you. If you had wandered around on your own, you would have been attacked by monsters long ago. .”

“And you don’t know when a poison tent will appear in the Chilian Mountains. If a poison tent appears, you won’t be able to run away, and you will immediately lose your mind and become crazy.”

“Many monks who were poisoned by the poison tent ended up slashing in confusion, and finally died of exhaustion. You’d better just stay calm.”

Cai Hongwei reminded Chen Ping!

Chapter: 5382

“Boss Cai, you are worrying too much. You have forgotten that I am a pharmacist. A mere poison account is nothing.”

“I have a few antidote pills here. There will be no problem in dealing with the poison tents that appear.”

As he spoke, Pharmacist Chen took out a pill and gave one to everyone except Chen Ping.

“That’s all I have for my detoxification pills. But you are also a pharmacist yourself and quite powerful. You certainly won’t need my detoxification pills, right?”

Pharmacist Chen looked at Chen Ping with a playful expression and asked!

“Of course not!” Chen Ping smiled lightly!

After saying that, Chen Ping walked towards the mountain forest on one side. Huofeng and Ji Yun wanted to follow, but Chen Ping refused!

Chen Ping didn’t know what dangers there were in the Chilian Mountains. If Huofeng and Ji Yun were to follow them, they would be a burden!

Chen Ping wanted to look around to see if he could find the existence of immortal energy. If he couldn’t find the immortal energy, it would be fine if he could hunt an immortal beast!

But Chen Ping walked around for a long time, but he was disappointed. Not to mention the fairy beasts, he didn’t even see any ordinary monsters!

And the immortal energy was not found at all!

This kind of rare thing might not be so rare if it could be found at once!

After returning in vain, Chen Ping walked back. He couldn't go too far. After all, he was not familiar with the Chilian Mountains!

When Chen Ping came back, he found some white powder scattered around the place where Cai Hongwei had just rested!

The powder is very pungent and has this unpleasant fishy smell!

Seeing Chen Ping coming back, Cai Hongwei hurriedly said: "Hurry up and get inside. It will get dark soon and no one is allowed to walk out of here. I have laid out simple formations around here, as well as powder that monsters are afraid of." , so that you can be safer at night."

Chen Ping just glanced at it and didn't say anything. This simple formation and the white powder were enough to block some small monsters, but it had no effect at all when encountering large monsters or those with stronger strength!

"Dad, did you make this work? And that poison tent, when will it appear?"

Cai Qiannan asked Cai Hongwei!

"Of course it works. I have been walking here for many years and I have relied on this method to stop those monsters."

"As for when the poisonous tent will appear, it's a matter of probability. I can't say for sure. But we have all taken Chen Yaoshi's detoxification pill, so we are not afraid even if the poisonous tent appears."

Cai Hongwei said!

After the arrangements were made, everyone began to practice quietly!

Mr. Miao sat next to Chen Ping, smiled lightly and said, "Did you gain anything?"

Chapter: 5383

Mr. Miao knew that Chen Ping must have wanted to find the immortal energy in the Chilian Mountains when he left!

Chen Ping shook his head and smiled awkwardly!

“Some things are hard to come by. Maybe if you don’t look for them, the things will come to you on their own.”

Mr. Miao patted Chen Ping on the shoulder, and then began to close his eyes and rest!

I don’t know how long it took, but everyone fell into a deep sleep, and the surrounding area became very dark. The whole world was eerily quiet, without a single sound!

Where Chen Ping and the others were resting, a thick fog slowly began to rise around them!

There is even a little bit of blood smell in this mist!

Everyone was sleeping, and no one noticed that the fog had enveloped them!

Suddenly, a monk suddenly opened his eyes, his eyes glowed with a faint red light, and he looked very scary!

Without any hesitation, the monk suddenly attacked the people around him!

boom.....

With a palm strike, the people around him died suddenly with a scream!

This sudden scream woke everyone up!

When they looked at the tragic situation in front of them, they were all a little shocked!

While everyone was still shocked, the crazy monk actually started attacking others again!

“Damn, are you crazy?”

“This guy actually carried out a sneak attack. He deserves to be damned.”

“What’s going on?”

Everyone roared in disbelief!

“Poison tent, we are surrounded by poison tent...”

“This must have been caused by the poisonous tent that led to confusion.”

Cai Hongwei looked around and his face immediately became nervous!

“Dad, didn’t we take antidote pills? Why are we still poisoned?”

Cai Qiannan asked very puzzledly!

Chapter: 5384

How could Cai Hongwei know what was going on, so he looked at Pharmacist Chen!

Pharmacist Chen was also confused at this moment: “My antidote pill...”

Before Pharmacist Chen finished speaking, his eyes suddenly started to turn red and his face was full of ferocity!

Soon, more and more people fell into madness and lost their minds!

At this moment, Cai Hongwei panicked. If they all lose their minds, the final result will be to kill each other and all die here!

“Grandpa...” Miao Miao looked at the crazy people and felt a little scared in her heart!

Mr. Miao blocked Miao Miao behind him, and then took out a bronze bell from his arms. The bronze bell was not big, but very delicate!

Mr. Miao hurriedly rang the bronze bell in his hand!

As a melodious sound came from the bronze bell, the people who had lost their minds were slowly recovering!

Mr. Miao kept beating the bronze bell, and then said anxiously: “Follow me, and leave the scope of this poisonous tent quickly...”

Everyone came to their senses and hurriedly followed Mr. Miao, preparing to leave this area!

But before anyone could take action, there were sudden bursts of roars from all around. It was obvious that a monster was approaching!

This time, they were trapped in this area and couldn't move at all!

There was a bit of fear in everyone's eyes!

“Don’t panic, everyone. There are formations around here, and I’ve also sprinkled medicinal powder. Those monsters can’t get close. We just have to get through this poisonous tent.”

Cai Hongwei hurriedly persuaded everyone and comforted everyone not to panic!

Mr. Miao kept beating the bell with his hands, his forehead already covered with cold sweat!

“You have to think of a solution quickly, I won’t be able to hold on for long.”

Mr. Miao said quickly!

Every time the bell is rung, a lot of spiritual power is expended. There is no way Mr. Miao can persist until the poison tent disappears!

Hearing what Mr. Miao said, everyone panicked again!

Everyone looked at Pharmacist Chen and said with great dissatisfaction: “What kind of detoxification pill are you talking about? That bullshit doesn’t work.”

Pharmacist Chen’s face turned red when he was told this, and he hurriedly explained: “Don’t worry, everyone, I still have some fairy grass on me, and I will be refining a batch of detoxifying pills soon. It should be in time.”

After Pharmacist Chen finished speaking, he quickly took out the fairy grass and medicine cauldron from his body, and started refining in a panic!

Chapter: 5385

Looking at the herbs that Pharmacist Chen took out, Chen Ping said, “You don’t have to waste your efforts. The antidote pills made from these things are useless.”

Pharmacist Chen was already anxious and angry at this moment. After hearing what Chen Ping said, he immediately shouted angrily: “Besides being able to talk, what else do you have?”

“Didn’t you say that you are also a pharmacist? Aren’t the Medicine Masters inferior to you? If you have the ability, you can refine the detoxification pill to get us out of trouble.”

“I’ll practice, I’ll practice...” Chen Ping smiled lightly, and then took out the Shennong Cauldron from the storage ring, and also took out a lot of fairy grass he got at Yaozun!

When he saw Chen Ping’s Shennong Cauldron and the precious fairy grass spread all over the floor, Medicine Master Chen’s eyes widened!

I saw Chen Ping throwing the herbs into the Shennong Cauldron. Along with bursts of black mist, an unpleasant temperature emanated from the Shennong Cauldron!

Smelling this smell, many monks couldn’t help but cover their noses and stay away!

“What are you refining? Is this an elixir? Why does it smell so bad?”

Miao Miao ran aside in disgust!

Everyone is not optimistic about the elixir refined by Chen Ping. It is possible to refine the elixir like this.

Just when everyone was moving away from Chen Ping, Pharmacist Chen remained motionless with a face full of shock, staring blankly at Chen Ping refining the pill!

In just ten minutes, as the Shennong Cauldron buzzed, the flames in the Shennong Cauldron went out, and a dozen black pills appeared in the Shennong Cauldron!

Looking at the dark elixir, everyone showed a look of disgust!

“After taking this elixir, you don’t have to worry about this poisonous tent anymore...”

Chen Ping said to everyone!

But no one came forward. After all, the elixir looked dark and had such a bad smell. How could it be eaten?

Just when no one came forward, Pharmacist Chen was the first to rush forward, then picked up a pill and threw it directly into his mouth!

This time, everyone was dumbfounded and didn't know what Pharmacist Chen was going to do!

"This is really a panacea, really a panacea..."

As he said that, Medicine Master Chen actually knelt down and worshiped Chen Ping: "I am ignorant and do not recognize the power of Medicine Lord. Please forgive me..."

Pharmacist Chen's attitude directly made the dumbfounded people even more shocked!

"Physician Chen, what are you???"

Cai Hongwei asked Pharmacist Chen in confusion!

"Stop calling me a pharmacist. I am ashamed of the name of a pharmacist. Only the person in front of me can be called a pharmacist, or even a medicine master..."

Chapter: 5386

"This elixir looks dark and smelly, but it is a magical medicine that can detoxify."

"There is also this cauldron for refining medicine. This is the ancient Shennong cauldron, the supreme medicine cauldron."

Pharmacist Chen said excitedly!

After hearing what Chen Yaoshi said, everyone looked at Chen Ping, and their eyes were changing!

At this time, Mr. Miao stopped ringing the bell and said with sweat on his head: "Everyone, please take that elixir quickly. Pharmacist Chen is right. This little brother can indeed be called the Medicine Master."

"Actually, I was injured while fighting with the demons, and there is evil energy in my body. If this little brother hadn't helped me suck out the evil energy on the airship, I might have gone to see the King of Hell long ago."

Mr. Miao urged everyone to take the elixir quickly. He could no longer ring the bell. Soon everyone would be invaded by the poisonous tent again and lose their minds!

"Grandpa, you..."

Miao Miao's face was full of shock. She didn't expect that what Chen Ping said was true!

As soon as Miao Lao said it, everyone was convinced and began to take out the pills from the Shennong Cauldron and swallowed it directly!

Even Ji Yun and Huo Feng each ate one!

Chen Ping didn't take it. Just this poison tent couldn't poison his invulnerable body!

Just when everyone was swallowing the elixir, Chen Ping discovered that Sikong Zhen picked up the elixir, pretended to throw it away in his mouth, but put the elixir into his pocket!

Chen Ping was very surprised and didn't understand why Sikong Zhen didn't take the elixir. Wasn't he afraid of the poisonous tent?

Although he was confused, Chen Ping did not ask further questions. It was a person's freedom to take the elixir or not, and Chen Ping would not force him!

After everyone took the elixir, they were no longer affected by the poison tent, and their minds were not confused!

“Okay, let’s leave here as soon as possible. Although we will not be affected by the poison tent, the monsters that appear here will also become crazy.”

Cai Hongwei said!

Everyone nodded, and then followed Cai Hongwei, planning to leave this place!

But just as Cai Hongwei took a few steps forward, the void suddenly trembled, and then a turbulent breath burst out!

In the dark night, a silver figure appeared, heading towards Cai Hongwei like lightning!

Cai Hongwei was shocked and instinctively stepped back!

The figure jumped into the air, and then glared fiercely at Cai Hongwei!

At this time, everyone discovered that the figure just now turned out to be a demon tiger. The demon tiger’s eyes were filled with blood red, which was obviously affected by the poison tent!

Chapter: 5387

“Yin Chihu, please be careful...”

Seeing this demonic tiger, Cai Hongwei was shocked and reminded loudly!

I saw that the silver red tiger was more than ten meters long, and its eyes were like bells. Everyone looked very small in front of this silver red tiger.

“Damn it, why did we meet this silver red tiger? This kind of guy is very difficult to deal with, but usually this silver red tiger never attacks humans.”

“Didn’t you see that the silver red tiger was affected, his eyes were red, and he was confused.”

“What can we do? If only one Silver Red Tiger can handle it, if a group comes, it will be troublesome.”

Everyone was extremely nervous when they saw the silver red tiger!

Facing Cai Hongwei and his group of monks, Silver Red Tiger showed no fear at all. Then he roared and clawed at Cai Hongwei’s neck with his sharp claws!

A change occurred in front of Cai Hongwei, and the aura on his body burst out instantly, and then formed a shield around him!

boom!

The silver red tiger grabbed the shield with one claw. The seemingly solid shield was shattered instantly under the claw, and Cai Hongwei’s chest was also scratched with a deep scar!

Cai Hongwei was directly knocked away and fell heavily in front of everyone!

“dad.....”

Upon seeing this, Cai Qiannan hurried forward and helped Cai Hongwei up!

Seeing how powerful the silver red tiger was, everyone took a breath of cold air!

You must know that Cai Hongwei has been able to shuttle between the Central Territory and the Southern Territory for so many years, but he has real abilities, and now he was knocked down by the silver red tiger with one claw!

“This is a tiger king, everyone, please be careful...”

Although Cai Hongwei was injured, he still reminded loudly!

“Let’s work together to kill this silver red tiger quickly, otherwise it will summon its companions and we will be in trouble.”

Mr. Miao also looked very solemn at this moment!

He had just exhausted all his spiritual energy to ring the bell in order to protect everyone from the poison tent, but he hadn’t fully recovered yet!

Upon hearing Mr. Miao’s greeting, everyone showed off their weapons.

“Ouch...”

Upon seeing this, the silver red tiger roared, followed by bursts of roars from all around!

Chapter: 5388

As the surrounding void trembled, silver-red tigers began to appear one after another!

There were dozens of silver-red tigers in total, all with red eyes, and the silver hair on their bodies stood out in the dark night!

Seeing this scene, everyone was dumbfounded!

A tiger king is difficult to deal with. If so many silver red tigers come at once, they will definitely die!

Upon seeing this, Cai Hongwei's face instantly turned pale. His eyes were full of despair and he said: "It's over. It's really over this time. It seems that we are all going to die here..."

But at this moment, some people in the originally united team began to back down!

Mr. Miao also saw everyone's thoughts, but at this time, the best way is to escape. Every one who can escape is one. If they all stay, no one will survive!

"Everyone, at this point, we can only wish for ourselves. If anyone wants to escape, then run away quickly. I will stay and delay with you."

After Mr. Miao finished speaking, he looked at Chen Ping and said, "Little brother, you can run away too, but I hope you can run away with my granddaughter..."

Mr. Miao wanted Chen Ping to escape with Miao Miao, while he stayed to deal with these silver red tigers!

"Grandpa, I won't leave, I want to stay with you..."

Miao Miao shook her head, where would she go?

"Miao Lao, I just want to thank you for your great kindness. I have to leave..."

At this time, Sikong Zhen jumped out. After thanking Mr. Miao, he immediately ran to Cai Qiannan and said: "Qiannan, hurry up and take Uncle Cai with you. Let's run quickly. If we are late, we will all be killed by this silver red tiger." Eaten."

Cai Qiannan looked at Cai Hongwei at a loss!

At this moment, Cai Hongwei was injured. He glanced at everyone and could only sigh and said:  
“Everyone, I, Cai, am sorry for you. Please run for your lives...”

After saying that, Cai Hongwei was supported by Cai Qiannan and Sikong Zhen and ran away first!

Seeing Cai Hongwei running away, everyone else also turned around and ran away!

“Miao Lao, I’ll stay here to delay, you’d better leave quickly...”

Chen Ping said to Mr. Miao!

“You?” Mr. Miao looked at Chen Ping: “With your strength, I’m afraid you will be eaten by the silver red tiger in one bite. Don’t stay and die in vain.”

“Don’t worry, Mr. Miao. Since I dare to stay, there must be a way...”

After Chen Ping finished speaking, he waved his hand, and a dragon’s breath shot out from his body, and then exploded in mid-air!

This dragon’s breath directly formed a barrier, blocking the silver red tiger!

Chapter: 5389

Feeling the dragon’s breath, even Yin Chihu, who had lost his mind, was so frightened that he took a few steps back!

When everyone saw this scene, they all looked at Chen Ping in disbelief!

“Little brother, your aura is very special. It was able to scare away the irrational Yin Chihu.”

Mr. Miao said with a look of disbelief on his face!

“Miao Lao, this is just a small trick. I added the smell of fear of monsters into this breath, so I can scare away these silver red tigers.”

“But we won’t be able to hold on for long. You’d better escape quickly and wait until you’re out of the poison tent.”

Chen Ping said to Mr. Miao!

Upon seeing this, Mr. Miao nodded, and then said: “Everyone, let’s go first and leave this poisonous tent to talk!”

With Mr. Miao taking the lead, others followed Mr. Miao and fled for their lives!

“You two should follow, and I’ll catch up with you later.”

Chen Ping asked Ji Yun and Huo Feng to escape with Miao Lao and the others!

Ji Yun and Huo Feng wanted to say something, but seeing Chen Ping like that, they could only nod their heads and follow Miao Lao and the others!

At this moment, Chen Ping was left alone to face dozens of silver red tigers!

The reason why Chen Ping asked others to escape was because he didn’t want to expose his identity in front of everyone!

Chen Ping deliberately changed the dragon’s breath just now, so he was not recognized!

However, the dragon is the master of all beasts. Even if the silver red tiger was poisoned and lost his mind, he could still feel the oppression of the dragon’s breath, so he retreated!

There is another reason, that is, Chen Ping feels that there is something wrong with the poison tent. This poison tent is not naturally formed, but was refined by someone!

And the poison tent suddenly appeared here. Someone should have done it deliberately, but Chen Ping didn't know exactly who it was!

At this moment, the dragon's breath was slowly weakening, and those silver red tigers began to attack crazily, and the barrier they bombarded continued to tremble!

Seeing that the barrier was about to be blown away, Chen Ping didn't feel nervous at all!

Chen Ping was seen muttering something in his mouth, the Heart-Cleaning Mantra sounded melodiously, and then penetrated into the bodies of those silver-red tigers through his ears!

In a moment, the originally manic Silver Scarlet Tigers slowly calmed down, and their scarlet eyes began to lose their red color!

Chen Ping continued to recite the Purifying Mantra, and finally the eyes of those silver red tigers suddenly became clear!

"What...what's going on?"

Chapter: 5390

The Tiger King looked around, and then spoke with a surprised look on his face!

The other Silver Red Tigers are also in a state of confusion. They don't know why they are here at this moment!

"You were hit by a poison tent, which caused you to lose consciousness and attack our group."

Chen Ping said slowly!

“Attacked you?” Tiger King was a little incredulous: “We have always lived deep in the mountains and forests and have never fought with human monks. How could we attack you?”

“Didn’t I just say that you were poisoned and became delirious?”

“It’s just that I don’t know where these poison tents come from.”

Chen Ping said truthfully!

“It must be the fault of those greedy guys. Since their arrival, we have given up a lot of space. I didn’t expect these guys to use the poison tent to confuse our minds and let us attack the human monks.”

King Tiger seemed to remember something, so he said angrily!

“Who are those guys?”

Chen Ping asked in confusion!

“They are a group of demon cultivators. These guys have been in the Chilian Mountains for many years, but they have never made a move against us, so I ignored them.”

“After all, the Chilian Mountain Range is vast, and it won’t be a big deal if there are more demon cultivators like them, but we didn’t expect these guys to actually refine poison tents and confuse our minds.”

Tiger King said angrily!

“There are actually demonic cultivators in this mountain range. It seems that these demonic cultivators are really pervasive.” Chen Ping sighed with emotion. As long as it is a slightly remote place, there will be demonic cultivators appearing!

“Little brother, thank you for helping us, otherwise we would have formed a deep hatred with the human monks. I am going to go find those guys to settle the score.”

After the Tiger King finished speaking, he wanted to leave with the tiger group!

“Wait a minute!” Chen Ping called out to the Tiger King, and then said: “You have lived in the Chilian Mountains for a long time, and I wonder if you have ever seen spiritual stones or fairy grass trees with immortal energy.”

Hearing Chen Ping mention the immortal energy, the Tiger King became obviously cautious, and then shook his head and said: “I have never seen it, and I advise you not to believe the rumors. There is no immortal energy in the Chilian Mountains.”

After King Tiger finished speaking, he left directly with his men!

Watching the Tiger King leave, Chen Ping always felt that the Tiger King must be hiding it from him on purpose. It must know the existence of immortal energy, but it just doesn't want to tell him!

After Yin Chihu left, Chen Ping felt like he was chasing Miao Lao and the others in the direction they fled!

If there are demonic cultivators in this mountain range, it would be dangerous. After all, monsters are easy to deal with, but those demonic cultivators are not easy to deal with!
