

The Order 5401

Chapter: 5401

And the other silver red tigers rushed up and bit, venting the anger in their hearts.

Protector Gong held a long knife in his hand. As he waved it, the evil spirit began to float, and an endless whistling sound sounded, and then bursts of mist began to fill the surrounding area!

When the Tiger King saw this and knew that this guy was starting to use poison again, he roared and retreated with his men!

They have already suffered the consequences of this poisonous tent, so they cannot continue to suffer the consequences!

Protector Gong used the poison tent to force the silver red tiger back. He looked around and found that there was no sign of Elder Fei, and he was suddenly shocked!

If something happens to Elder Fei, he will be in trouble. He will probably not be able to return to the Soulless Palace, let alone become an elder!

“Follow me to find Elder Fei immediately...”

Protector Gong took the demon cultivators and began to chase Elder Fei in the direction he left!

At this moment, Chen Ping, Cai Hongwei and his daughter were running desperately towards the place where the others were resting!

He could clearly feel that someone was chasing him from behind, so Chen Ping didn't dare to relax at all!

Soon Chen Ping took Cai Hongwei and Cai Qiannan back to the place where everyone was resting!

Seeing Cai Hongwei and Cai Qiannan being found by Chen Ping, everyone got up quickly!

After all, Cai Hongwei is the leader. Without him, they might not be able to reach the Southern Territory!

“Boss Cai, are you okay? Why does your face look wrong?”

Mr. Miao had almost rested at this time, and his face was much rosy!

“That Sikong Zhen colluded with the demon cultivators and deceived us in front of those demon cultivators. Fortunately, Mr. Chen showed up in time and saved us, father and daughter...”

As Cai Hongwei spoke, blood was still flowing from his mouth!

“What? How dare Sikong Zhen collude with demon cultivators?”

“What a beast. The Sikong family is considered a big family. I didn’t expect that such a scum would appear.”

“I’ve long seen that Sikong Zhen is not a good person.”

When everyone heard that Sikong Zhen actually colluded with the demon cultivator, they all said indignantly!

“Miao Lao, how are you recovering now?” Chen Ping looked at Miao Lao and asked!

“It has recovered 80 to 90 percent, and there is no big problem.”

Miao Lao said!

Chapter: 5402

“The demon cultivators behind are chasing us, so we have to leave someone behind to block them.”

“Boss Cai is injured now and needs medical treatment as soon as possible, so I plan to ask Pharmacist Chen to take Boss Cai and some weaker people away first.”

“Then leave some people to block those demonic cultivators. If possible, destroy these demonic cultivators directly. Otherwise, if they stay in the Chilian Mountains, they will harm other people.”

Chen Ping said to Mr. Miao!

“No problem, I happen to be meeting these demon cultivators too...”

Mr. Miao nodded painfully!

Chen Ping asked Chen Yaoshi to take Cai Hongwei, several girls and Ji Yun to leave temporarily!

They are too weak, and staying here will be of little use!

“Little brother, with your strength in the Fusion Realm, I think you should also leave together. I will just lead people to block these demonic cultivators.”

“Don’t worry, I will never be merciful to these demon cultivators.”

Mr. Miao followed Chen Ping and said!

Although Chen Ping has good medical skills, he is only at the eighth level of the Fusion Realm. He is too weak for these monks who are in the Tribulation Realm!

“There are also medicine masters among those demon cultivators who know all kinds of poison-control techniques. You will suffer a loss when the time comes. I will stay to deal with him.”

Chen Ping said!

Upon hearing this, Mr. Miao realized that what Chen Ping said made sense, so he didn't say anything!

Soon, Elder Fei caught up with him. When he saw Chen Ping and Miao Lao, he was not afraid at all!

"I came here specifically to kill Chen Ping today. Anyone else who has nothing to do with it should get out immediately, otherwise don't blame me for being rude!"

Elder Fei's aura of the sixth level of transcending tribulation burst out instantly, making everyone breathless!

"Humph, you little demon cultivator, you are really arrogant."

Elder Miao snorted coldly, and then his body shook, and the aura of the sixth level of transcending tribulation burst out, resisting Elder Fei!

Elder Fei's pupils shrank. He didn't expect that among these people, there were people as high as himself!

At this time, Elder Fei's face became a little ugly, but he was not panicked!

"I am the elder of the Soulless Palace, so if you want to take action against me, you'd better think clearly. You are just forming a temporary team with this boy. There is no need to sacrifice your life for him."

Elder Fei moved out of the Soulless Palace!

Chapter: 5403

Many people were slightly shocked when they heard about the Soulless Palace!

“Hasn’t this Soulless Palace been destroyed by the Demon Sealing Alliance a long time ago? Why are there still people from the Soulless Palace?”

“I haven’t heard anything about the Soulless Palace in many years. I didn’t expect it to still exist!”

“This demon cultivator from the Soulless Palace is cruel and ruthless. Now that he is reborn, I’m afraid someone will suffer.”

Everyone was talking quietly, but no one chose to retreat!

First of all, they are a team, and they must help each other to reach the Southern Territory and survive!

There is another reason, and that is the identity of Chen Ping, the medicine master. If it were not for Chen Ping, they would have been confused by the poison tent and killed each other!

With Chen Ping in the team, at least they don’t have to worry about poisonous fog or injuries!

“Stop talking nonsense. If you want to take action, then do it. If you don’t dare to do it, just get out...”

Elder Miao didn’t give any face to Elder Fei and said sternly!

Elder Fei hesitated a little. He really didn’t have much confidence when facing these people!

Not far away from Elder Fei, Sikong Zhen was hiding behind a big tree. Looking at the situation in front of him, he felt a little regretful!

He also didn’t expect that this team, which was just a temporary team, would fight to the death to protect Chen Ping!

Soon, there was a burst of noisy footsteps, and then Protector Gong arrived with his people!

Seeing Protector Gong arriving, Elder Fei instantly gained confidence!

“Come on, I must kill that Chen Ping...”

After Elder Fei finished speaking, he immediately jumped up and headed straight for Chen Ping. Elder Miao turned over his hand and a long sword appeared, and he faced him directly!

Others also rushed forward and started fighting!

Gong Hufa looked at Chen Ping and suddenly threw a handful of powder towards Chen Ping!

He knew that as long as he killed Chen Ping, it would be a great achievement!

When Chen Ping saw this, he had a look of disdain on his face. He waved the dragon-slaying sword in his hand, and the sword light passed by, and the powder was instantly blown away!

“Boy, I didn’t expect you to have such a skill in refining medicine at such a young age. The detoxification pill you refined is indeed very good.”

“But if you offend our Soulless Palace, then you will only die!”

Protector Gong said, the long knife in his hand trembled slightly, and then a trace of black mist emerged from the long knife!

Chapter: 5404

The black mist floated into the air, and finally condensed into a venomous snake, spitting out a scarlet letter, and came towards Chen Ping!

Chen Ping looked at Protector Gong with a look of disdain on his face!

This guy is a pharmacist. Although his strength is not weak, he can't get into Chen Ping's eyes at all!

Chen Ping looked at the poisonous snake and slashed out the sword light instantly. This sword slashed out hundreds of sword lights. The sword light passed through the poisonous snake's body and turned the poisonous snake into a black mist again!

However, when Protector Gong saw this scene, he was not worried at all. Instead, he had a sneer on his face!

I saw that black mist shrouding down from mid-air, directly surrounding Chen Ping!

"Hahaha, the Chilian Mountains cannot fly, but there is no way to restrict the poisonous mist, so the poisonous mist can change shape in mid-air, and can also launch attacks from mid-air."

Protector Gong laughed!

He has been in the Chilian Mountains for many years, so he is extremely familiar with the Chilian Mountains and has mastered some rules!

Chen Ping was wrapped in the poisonous mist. The poisonous mist seemed to be a living thing, seeping into every inch of Chen Ping's skin!

"Your poisonous mist is really a good thing..."

Chen Ping said slowly!

"Now you know how powerful my poisonous mist is, but it's a pity that it's too late. You will definitely die if you don't take three breaths."

Protector Gong said confidently!

Chen Ping did not speak, but ran the Heart Condensation Technique, and his body began to refine the poisonous mist!

The Heart Condensation Art can refine everything, so what does this mere poisonous mist mean?

Protector Gong looked at the poisonous mist in front of him, his face full of joy. He just waited for Chen Ping to die before he could complete the mission!

But after a while, Protector Gong didn't hear Chen Ping's voice, but the thick poisonous mist began to become thinner and thinner, and in the end Chen Ping's figure could be seen!

Chen Ping's figure stood quietly, as if he was not poisoned!

Protector Gong moved closer curiously, wanting to see if Chen Ping had really been poisoned to death!

But just as he got closer, he saw a sword beam shooting out from the poisonous mist!

At this time, Protector Gong was caught off guard. The sword light flashed across Protector Gong's shoulder in an instant, and all his arms were chopped off!

"What? You're not poisoned?"

Protector Gong was shocked and backed away quickly!

Chapter: 5405

He did not expect that Chen Ping was not affected at all by the poisonous mist.

Protector Gong covered his wound with a look of shock in his eyes!

“Your destructive poison is of no use to me!”

In front of Protector Gong, Chen Ping suddenly opened his mouth and inhaled all the remaining poisonous mist into his body!

“you.....”

Protector Gong was stunned. He didn't understand that Chen Ping was just a monk in the Fusion Realm. Even if he was a pharmacist, he was not immune to all poisons!

The poisonous mist he refined was extremely poisonous, and Chen Ping actually dared to inhale it directly into his body!

This is simply outrageous...

Protector Gong was scared. He actually found that he was inferior to Chen Ping in terms of strength and poison playing!

If this continues, let alone killing Chen Ping, even his own life will be in danger!

Protector Gong glanced at Elder Fei and found that Elder Fei was fighting fiercely with Miao Lao. The two men were equally matched in strength. With the strength of the sixth level of Tribulation Realm, it would probably take some time to decide the winner!

And his men were also fighting hard with many monks. He did not expect that this group of monks would be so united this time!

He has ambushed many human monks in the past, and he succeeded every time. After fighting, many people ran away with their own agendas!

But this time, it's probably going to fail.

At this moment, not far away, there are still roars of silver red tigers. If those silver red tigers are joining the battle, then no one of them can even think of running away!

“Elder, retreat, retreat quickly...”

Protector Gong shouted, then turned around and ran away!

They have no advantage at all now and can only retreat temporarily and look for other opportunities!

Elder Fei also frowned slightly at this moment. He did not expect that in a small human expedition team, there would be a master of the sixth level of the Tribulation Realm like Mr. Miao!

At this moment, Elder Fei also has the intention of retreating. Since he cannot kill Chen Ping, he must first conserve his strength and look for opportunities!

Once they had the intention to retreat, these demonic cultivators began to fight and retreat at the same time!

Protector Gong didn't even care, turned around and ran towards the depths of the mountains!

When Chen Ping saw this, he stepped out and chased after him in a flash!

Protector Gong originally thought that he had been very familiar with this Chilian Mountain Range for many years, and it would be very easy to get rid of Chen Ping!

Chapter: 5406

But he found that no matter how he ran for his life, Chen Ping was like a ghost, always following him!

“Boy, I have no enmity with you. Why don't you let me go after you?”

“I’m not going to kill you, and you and I are both pharmacists, so why can’t you let me go? If you push me into a hurry, I’m not someone to be trifled with.”

Protector Gong followed Chen Ping and spoke softly while running.

He hoped that Chen Ping would let him go and stop pursuing him!

“I have no grievances against you, so you started to kill me. Now that you find you can’t kill me, you start begging for mercy. Are you thinking too beautifully?”

Chen Ping said calmly!

“Boy, don’t think I’m afraid of you. I just don’t want to expose too much. Since you’re chasing after me, don’t blame me...”

When Protector Gong saw this, he stopped abruptly!

When Chen Ping saw Protector Gong stopped, he also stopped and looked at Protector Gong coldly!

“Come out...” Protector Gong looked to one side!

At this time, Sikong Zhen walked out slowly from behind the trees on one side!

The reason why Protector Gong stopped was because he discovered the existence of Sikong Zhen!

He himself is no match for Chen Ping, and if Sikong Zhen is involved, Chen Ping will definitely have no choice!

“Guardian Gong, I really didn’t expect you to be chased around by a young boy. It seems that I made a wrong choice by choosing to cooperate with you.”

Sikong Zhen looked at Protector Gong's embarrassed look and said with some dissatisfaction!

He took the risk to lure Cai Hongwei away, but he didn't expect that it would end up like this!

"Master Sikong, your cooperation with me will definitely not be a wrong choice. Now the two of us join forces to kill Chen Ping. I can give you everything you need."

"Don't you just want to get the immortal energy? After you kill Chen Ping, I can tell you where the immortal energy exists. I have been in the Chilian Mountains for many years, and there is no place that I don't know about."

Protector Gong was seducing Sikong Zhen!

Sure enough, when Sikong Zhen heard the word "immortal energy", there was hesitation in his eyes!

Not only Sikong Zhen, but also Chen Ping became very interested when he heard that Protector Gong knew where the immortal energy was!

Originally, he planned to kill Protector Gong, but now it seems that he can't kill him yet. He has to let him lead him to find the location of the immortal energy!

"Okay, I promise you, but if you dare to lie to me, I will ask my father to lead people to kill you."

Chapter: 5407

Sikong Zhen finally agreed to Protector Gong!

After all, the temptation of immortality to him is too great!

"Just because you want to kill me, are you overestimating your capabilities?"

Chen Ping couldn't help but sneered when he saw that Sikong Zhen dared to agree!

"Hmph, you'll know if you're overestimating your capabilities or not, you'll know after you try it!"

Sikong Zhen snorted coldly and instantly had a long sword in his hand!

I saw Sikong Zhen shaking his long sword, and countless sword lights shot out from the long sword!

Sikong Zhen took action against Chen Ping, and Protector Gong was not idle either. His brows were furrowed, and a few drops of blood were squeezed out from between his brows!

A few drops of blood floated in the air, exuding a strange bloody smell!

Then I saw something moving in Protector Gong's belly, and Protector Gong's expression began to become ferocious!

Wow.....

Protector Gong suddenly opened his mouth, and countless poisonous insects crawled out of his mouth, and these poisonous insects headed towards those few drops of blood!

There seemed to be countless poisonous insects in Protector Gong's body, crawling out continuously!

At this moment, Sikong Zhen was already fighting with Chen Ping!

The long sword in his hand kept waving the sword light and attacking Chen Ping!

Chen Ping was holding the dragon-slaying sword and resisting absentmindedly!

Chen Ping's eyes fell on Protector Gong. Even though Chen Ping was well-informed, he still didn't know what Protector Gong was doing and why there were so many poisonous insects pouring out of his body!

"Mr. Chen, this is the golden silkworm poison. Now it looks like insects. Soon these poisonous insects will disappear. The poisonous insects will dissolve into the entire void and will not be noticed at all."

"This kind of golden silkworm poison will not only poison people, but it can also eat away at people's souls. Even the souls of immortals cannot withstand it and will eventually become a walking corpse."

"I heard that this kind of golden silkworm poison has disappeared a long time ago, but I didn't expect that there are still people raising it. This kind of thing needs to be kept in the host's body, and it has to suck the blood of the host every month. It is extremely painful every time. So very few people raise these golden silkworms."

In the sea of consciousness, Zhe Yan followed Chen Ping's introduction!

After hearing this, Chen Ping couldn't help but stand on end. He didn't expect that someone would keep poisonous insects in his body. It was simply outrageous!

After absorbing the essence and blood of Protector Gong, those golden silkworm poisons began to become transparent one by one, and finally disappeared!

Chen Ping knew that these poisonous insects did not disappear at all, but died and dissolved in the void!

Chapter: 5408

If it weren't for Zhe Yan's timely reminder, Chen Ping might have fallen into trouble!

When the golden silkworm poison disappeared, Chen Ping was already prepared. After forcing Sikong Zhen back with one sword, he suddenly stepped back!

Seeing this, Sikong Zhen thought that Chen Ping was afraid of him, and immediately said with a sneer: "Boy, aren't you very awesome? Why did you run away?"

Chen Ping ignored Sikong Zhen, but stared at Protector Gong!

After Guardian Gong released the golden silkworm poison, his eyes were full of regret and reluctance, but in the end he turned around and ran away!

When Sikong Zhen saw that Protector Gong turned around and ran away, he was a little confused for a moment. He had clearly forced Chen Ping back, so why did Protector Gong still run away?

Just when Sikong Zhen was puzzled, he suddenly felt his body tighten, and then it seemed as if something was eating away at his soul!

Sikong Zhen's expression became very ferocious, and the pain was a hundred times more intense than the physical body!

Looking at Sikong Zhen's look, Chen Ping knew that these were caused by the golden silkworm poison!

Chen Ping did not expect that Protector Gong would not even let Sikong Zhen off!

He deceived Sikong Zhen from the beginning, asking Sikong Zhen to hold Chen Ping down so that he could use his methods to release these golden silkworm poisons!

“ah.....”

Sikong Zhen roared, his expression looked very painful!

Soon, Sikong Zhen's expression became more and more dull, and finally his eyes became hollow and lifeless, and he stood there like a zombie!

This is a symptom of Sikong Zhen's soul being cannibalized. Now Sikong Zhen is just a shell, and it won't take long for him to become a monster's meal!

Sikong Zhen worked hard and finally ended up like this!

This can be considered retribution!

Sikong Zhen's mouth opened, and the poisonous insects crawled out of Sikong Zhen's mouth. The shape of the poisonous insects that had just come out could still be seen!

When Chen Ping saw this, he quickly fired a ball of fire, intending to use it to burn these poisonous insects to death!

The fire burned together with Sikong Zhen's body!

Soon, Sikong Zhen's body was burned to ashes, but the poisonous insects were not harmed at all!

"Damn, there are poisonous insects that are not afraid of fire. These golden silkworm poisons are too powerful."

When Chen Ping saw this, he could only turn around and run away!

"Mr. Chen, these golden silkworm poisons are ancient poisonous insects. There are very few people who can raise such poisonous insects now. If it wasn't for that guy to save his life, he probably wouldn't have released these golden silkworm poisons so quickly. "

Chapter: 5409

Zhe Yan said!

Zhe Yan was right. Protector Gong, who had escaped at this moment, was already heartbroken. These golden silkworm poisons were his biggest support and his trump card!

Even the people in the Soulless Palace don't know about these trump cards. In order to raise these golden silkworm poisons, Protector Gong took a lot of resources, not to improve his own strength, but to raise these poisonous insects.

And the pain experienced every time is not something that ordinary people can bear!

The poisonous insects that Protector Gong worked so hard to raise were all used on Chen Ping. This made Protector Gong very sad, but there was nothing he could do!

The golden silkworm poison was once again dissolved in the void at this moment. Even if Chen Ping used his spiritual consciousness, he couldn't detect it at all!

If anyone comes here now, they will definitely be injured by poisonous insects, and they will be attacked by poisonous insects without even realizing it!

The poisonous insects were so fast that Chen Ping could only run away desperately and had no ability to pursue Protector Gong!

"Zhe Yan, won't these golden silkworm poisons stop? Will they keep attacking?"

Chen Ping didn't understand. No matter how powerful these poisonous insects were, they would eventually stop, right?

"As long as this golden silkworm poison is released, it must eat away at the soul until it is full. Then it will slowly stop and then turn into a pupa, waiting for the next host to feed."

"If no one raises them, these golden silkworm chrysalis will slowly disappear..."

Zhe Yan followed Chen Ping and explained!

When Chen Ping heard this, he was immediately confused. What a joke if these golden silkworms are full of poison!

Just when Chen Ping was running away desperately, Mr. Miao came towards him with his men!

They were afraid that Chen Ping was in danger, so they chased him!

Seeing Mr. Miao and the others coming towards him, Chen Ping was shocked and shouted: "Don't come here, run, run..."

Mr. Miao and others were stunned and looked at Chen Ping in confusion!

They found that there was nothing behind Chen Ping, but Chen Ping was very panicked!

"Run quickly, run quickly..."

When Chen Ping saw Mr. Miao and others standing still, he shouted anxiously again!

But it's too late, Chen Ping is about to join Miao Lao and others!

If Chen Ping runs over, those golden silkworm poisons will definitely follow him. By then, none of Mr. Miao and the others will be able to escape!

Thinking of this, Chen Ping gritted his teeth and stopped!

Chapter: 5410

As soon as Chen Ping stopped, he suddenly felt something strange in his body, followed by a pain from a distance!

Chen Ping felt as if his soul was being peeled off bit by bit!

Seeing Chen Ping's ferocious expression, Mr. Miao and others wanted to step forward to help!

"Don't come here, stay away from here, there are poisonous insects here..."

Chen Ping reminded loudly!

When Mr. Miao and others heard this, they were so frightened that they did not dare to come near, so they could only move back!

All those golden silkworm poisons entered Chen Ping's body, and then in Chen Ping's sea of consciousness, they desperately ate away at Chen Ping's soul!

Chen Ping was already sweating profusely at this moment. He was helpless to deal with these poisonous insects that entered the sea of consciousness. He could only watch helplessly as these golden silkworm poisons ate away at his soul!

Zhe Yan on the side looked very anxious, but he couldn't help at all. He only had this ray of life left. If those golden silkworm poisons saw him, they would definitely eat him directly. It fell!

Mr. Miao and others were also very anxious. Looking at Chen Ping's ferocious look, they didn't know what happened to Chen Ping!

At this moment, Chen Ping felt dizzy and his mind was a little unclear!

Seeing Chen Ping losing consciousness little by little, a golden light suddenly flashed up in Chen Ping's sea of consciousness. It was the golden light emitted by the Daluo Golden Code. Then the golden silkworm poison stopped instantly, and then he tried his best to want to escape from Chen Ping's sea of consciousness!

But the golden light became more and more intense, and finally all the golden silkworm poison was actually under this golden light, and the body was slowly dissipating!

When all the golden silkworm poison disappeared, Chen Ping's pain disappeared, and where the golden silkworm poison had been, a silkworm chrysalis appeared!

Chen Ping was very curious, why did these golden silkworm poisons suddenly disappear, and a silkworm chrysalis appear?

Under Chen Ping's gaze, the silkworm chrysalis slowly squirmed, and finally a golden silkworm poisonous larvae emerged from the shell!

This golden silkworm poisonous larvae looks a bit strange, its whole body is golden, it looks a bit cute, and there is no way to associate it with poisonous insects!

"Mr. Chen, this golden silkworm poison larvae is so special. Could it be the king insect of golden silkworm poison? If so, it will make you rich."

"There is very little golden silkworm poison now. If we can get a king insect, it can become Mr. Chen's powerful assistant when he is raised."

Zhe Yan said excitedly!

Chen Ping didn't know if this was the king insect of the golden silkworm poison, but since such a golden silkworm poison larva suddenly appeared, Chen Ping would keep it!

The poison of this golden silkworm poison is really powerful, and Chen Ping himself is helpless. If it weren't for the Daluo Golden Code in his consciousness, he would have been eaten by his soul and turned into a body!

"Then you should take good care of it. If it sucks blood, let it suck blood. Just one of them can't suck much!"

Chen Ping actually handed over the golden silkworm poisonous larvae to Zhe Yan!
