

The Order 5411

Chapter: 5411

Zhe Yan was also very happy. This time he finally had a companion, even if it was a bug!

“Little brother, are you okay?”

Mr. Miao cautiously approached and asked Chen Ping!

“It’s okay.” Chen Ping shook his head, and then asked: “Miao Miao, where are those demon cultivators?”

“They ran away. These guys are very familiar with this place and we couldn’t catch up.”

Miao Lao sighed and said!

After all, these demon cultivators have stayed in the Chilian Mountains for many years and are already very familiar with this place. It is the first time for many of them, Mr. Miao, to enter here, so of course it is impossible to catch up.

“Just run away. After this time, they probably won’t dare to do anything bad again. Let’s go see Boss Cai and the others.”

Chen Ping took Miao Lao and others to look for Cai Hongwei and the others.

At this time, Cai Hongwei and others were behind a hidden boulder, and Pharmacist Chen was refining elixirs to heal Cai Hongwei’s injuries!

Miao Miao looked around nervously, her eyes full of worry. She was afraid that something would happen to her grandfather.

Huofeng and Ji Yun are also worried about Chen Ping. After all, those demon cultivators are not easy to deal with!

But just when everyone was worried, Chen Ping, Miao Lao and others had already come looking for him!

“Mr. Chen, are you okay?”

When Ji Yun saw Chen Ping, he hurriedly greeted him!

“Grandpa...” Seeing that Mr. Miao was fine, Miao Miao also shouted happily!

“It’s okay, those demon cultivators have been beaten away.”

Mr. Miao smiled lightly and said!

At this time, Pharmacist Chen, who was refining the elixir, saw Chen Ping coming and immediately came over and said: “Mr. Medicine Master, although Boss Cai’s injury is not serious, it will probably be very strenuous if he wants to walk out of the Chilian Mountains and he will need to rest for two days. , how about you help me take a look?”

Pharmacist Chen knew that his level was not as good as Chen Ping, so he said humbly!

Chen Ping just glanced at Cai Hongwei, and then said: “He injured his meridians and really needs to rest for a while, but we must find a safe place first.”

“Monsters and beasts are rampant in the Chilian Mountains, and now there are demon cultivators. Where is the safe place?”

Pharmacist Chen is a bit embarrassed!

It was the first time for many of them to enter the Chilian Mountains, and they had no idea where it was safe!

Chapter: 5412

“I know a place that should be safer. Even if there are monsters, they will stay away from that place.”

“There is a cave there. I have been in it before, and there was nothing in it. However, no monsters have entered within ten miles of the cave. It is very strange.”

Cai Hongwei said!

He has walked in the Chilian Mountains many times, so it is normal for him to know some places that others don't know!

“Even the monsters don't dare to set foot there?” Chen Ping looked a little confused after hearing this: “If that's the case, is there something in that place that scares the monsters?”

“I thought so at the time, but I did check the cave and found nothing. I also doubted whether there was a treasure in that place, but I never found it.”

Cai Hongwei followed Chen Ping and explained!

“Then let's go to the cave to rest for a day, and then we can wait for Boss Cai to feel better before heading on the road.”

Chen Ping suggested.

Everyone agreed with Chen Ping's proposal. After all, without Cai Hongwei leading the way, they would not be able to get out of the Chilian Mountains.

What's more, the battle just now made everyone very tired. They need to take a good rest and replenish their spiritual power!

Everyone supported Cai Hongwei and started heading towards the cave Cai Hongwei mentioned!

On the other side, Protector Gong also joined Elder Fei and others!

What was supposed to be a sure win ended up being chased!

“Damn it, I didn’t expect that this kid would have a master beside him. He almost fell into trouble...”

Elder Fei gritted his teeth and said angrily!

“Elder Fei, what should we do? Now that the human monks are united, it is estimated that it will be difficult for us to attack Chen Ping in the Chilian Mountains.”

Protector Gong asked!

Chen Ping almost lost his life, and he also released all the golden silkworm poison he had finally cultivated. It was a huge loss!

“After the Chilian Mountains, we will reach the Falling Sun City in the Southern Territory. They will definitely be repairing it there. Let’s go to the Falling Sun City to contact the Demon Sealing Alliance in the city first.”

“Now I’m afraid we won’t be able to kill that boy Chen Ping with our strength alone.”

Elder Fei said solemnly!

“Elder, if we go to Yuanyun City, the aura on our bodies will reveal our identities. We are all demon cultivators. Isn’t it too dangerous to go to such a densely populated city?”

Protector Gong asked in surprise!

Chapter: 5413

If it weren't for the fear of discovery, Protector Gong wouldn't have been able to lead people to stay in the Chilian Mountains for many years and suffer like a savage!

"Don't worry, I have pills here to mask your breath. If you take them, you won't reveal your identity."

Elder Fei took out some pills from his body and distributed them!

Protector Gong knew that Elder Fei's pills must have been given by the Demon Sealing Alliance. After all, he was the only pharmacist in their Soulless Palace who could refine pills.

Chen Ping and the others on the other side, led by Cai Hongwei, have now arrived around the cave!

"The cave is right ahead..."

Cai Hongwei pointed forward and said!

Chen Ping discovered that the trees in front of him began to grow taller, obviously different from other places, and the roaring sounds of the surrounding monsters disappeared!

Chen Ping frowned slightly. He knew that there must be something in this place, so that the flowers, plants and trees here were different from other places!

But Chen Ping doesn't know what it is specifically!

Just when Chen Ping and the others were about to step into the cave, a huge figure suddenly jumped out and stood in front of Chen Ping and the others!

Everyone was startled, and when they looked closely they found that it was the Tiger King!

The sudden appearance of the Silver Red Tiger King made everyone nervous!

However, Chen Ping was not afraid. Instead, he stepped forward, looked at the Tiger King and said, "Why are you blocking our way?"

"Don't move forward. The area ahead is a restricted area. It will be very dangerous for you to enter."

King Tiger reminded Chen Ping!

"Restricted area?" Chen Ping was stunned!

"What kind of restricted area? I've obviously been in it before..."

Cai Hongwei quickly refuted Tiger King!

The Tiger King ignored Cai Hongwei and continued to say to Chen Ping: "If it weren't for you to help us detoxify, I wouldn't have told you. It's really dangerous here. You'd better not go in!"

"What on earth is inside here? Why don't all the monsters dare to go in?"

Chen Ping asked curiously!

"Don't ask, I'm just reminding you out of kindness. As for whether you listen or not, that's your own choice."

After King Tiger finished speaking, he disappeared with a single movement!

Chapter: 5414

At this time, everyone was a little confused, and Chen Ping also started to hesitate!

Everyone's eyes are on Cai Hongwei!

"I have indeed gone in. I'm not lying to you. There is nothing in the cave, and there is nothing around here."

Cai Hongwei tried his best to explain.

"Boss Cai, I believe you, let's go..."

Chen Ping finally decided to go in and see what dangers there were!

Everyone continued to move forward and soon stepped into the surroundings of the cave!

After just stepping into that range, Chen Ping suddenly felt a familiar aura!

In this void, there is something different from spiritual energy!

You must know that the entire heaven and human world is filled with spiritual energy, but the atmosphere here is different from spiritual energy!

Chen Ping felt a little familiar, but couldn't remember it for a moment!

After Chen Ping stepped in, the fire phoenix frowned instantly!

"Master, this area doesn't seem to be safe. It should be occupied by monsters."

"As soon as I entered here, I felt warnings and threats. This should be left by other monsters."

Huo Feng is also an orc, and is particularly sensitive to warnings and threats from this kind of orc!

Chen Ping also felt something was wrong, but he couldn't remember what was wrong!

“Don't make any noise first and wait and see what happens...”

Chen Ping reminded Huofeng not to talk nonsense first, otherwise he would cause panic!

Soon, everyone came to a cave. The entrance of the cave was very large and it was pitch black inside!

After walking into the cave, I found that the cave was not very deep and very spacious. There was nothing in the cave, and there were no monsters!

If the Tiger King hadn't warned him in advance, Chen Ping would have thought this cave was the safest place!

“I have told you before that there is nothing in this cave. Look at what is there in the cave!”

“Don't listen to that demon tiger. I don't know what the demon tiger has in mind.”

Cai Hongwei thought that King Tiger was just trying to scare them, but now it seems that there is indeed no danger!

Chapter: 5415

“Since there is no danger, everyone should rest quickly and regain their strength. I will refine some elixirs for Boss Cai first, so that he can recover early tomorrow morning...”

Chen Ping said to everyone!

Everyone began to sit cross-legged and regain their strength!

Chen Ping quickly refined the elixir for Cai Hongwei to repair his meridians. Cai Hongwei had to recover to his peak as soon as possible so that they could successfully pass through the Chilian Mountains. Otherwise, if he had been supporting Cai Hongwei, when would he be able to walk out!

After everyone took a rest, Chen Ping slowly walked out of the cave!

It was quiet around the cave, without a sound, not even the roar of monsters!

Chen Ping felt the atmosphere of this place quietly. He always felt that the atmosphere was familiar, but he couldn't remember it!

"Master, why don't you go take a rest?"

Huofeng also walked out of the cave and asked!

"I always feel that there is a familiar atmosphere here, but I can't remember it."

Chen Ping frowned slightly and said!

"Master, there must be a monster occupying this place. I can feel it, but I can't tell what kind of monster it is."

"And the trees in this area are obviously different from other places. It seems that the monsters occupying this place are definitely not ordinary monsters."

Huofeng said!

"Of course, even the Silver Scarlet Tiger King didn't dare to get close, and he even persuaded us that the monsters in this place are definitely not ordinary."

Chen Ping also understood how the monster that even the silver-red tiger king was afraid of could be an ordinary monster!

“The two of us walked around. This place is not big. If the monster is still there, we will definitely be able to find it.”

Chen Ping took Fire Phoenix and began to explore around the entrance of the cave, wanting to see what kind of monster occupied this place!

But after turning around twice in a row, he found nothing, which made Chen Ping very puzzled!

It stands to reason that a monster that is more powerful than the Silver Scarlet Tiger King must be very huge, and it is impossible that it cannot be discovered!

“Maybe the monster is not here, so that’s okay. We can leave after taking a rest to avoid any conflicts!”

Seeing that no monster was found, Huofeng said!

Chen Ping could only nod: “Let’s go back...”

But just when Chen Ping and Huo Feng were about to enter the cave, the ground suddenly trembled, and powerful aura waves surged out from the cave.

Chapter: 5416

Chen Ping and Huo Feng were stunned for a moment, and then they heard roars one after another, and Mr. Miao and the others ran out of the cave one after another!

Everyone had panic on their faces and shouted: “Dragon, there is a dragon...”

When everyone ran out, a blast of heat came out of the hole!

Then a head as big as a house emerged from the hole!

When Chen Ping saw this, he quickly led everyone back!

Soon, half of the dragon's body emerged from the hole. Only half of its body was exposed, and it was already dozens of meters long!

Chen Ping could tell at a glance that this was not a dragon, but a dragon. Because it was about to transform into a dragon, it looked very similar!

This kind of dragon is considered a type of snake, not a dragon!

"How...why is there a dragon in this cave?"

Cai Hongwei was so frightened. He had just said that the cave was very safe, but now a huge dragon appeared!

"This dragon is too powerful. Even the lightness of its aura is unbearable to us."

Mr. Miao's face was also extremely pale!

After all, they have no power to fight back when encountering such a monster!

When Huofeng saw the dragon in front of him, he was shocked and said: "It's such a big dragon. This is the first time I've seen it. You know, if a dragon transforms into a dragon, it's a narrow escape."

At this moment, Jiaolong looked at Chen Ping and the other monks with his big eyes!

Chen Ping finally remembered why he felt familiar when he came here!

It turned out to be the breath of this dragon, with a trace of dragon energy.

Because this dragon has not completely transformed into a dragon, the dragon energy it emits is very little, and it is not pure yet, so Chen Ping feels a little familiar, but he can't remember it!

"You human monks are so brave. You dare to break into my territory privately. If you are a first offender, leave here quickly, otherwise I will not be polite."

Jiaolong uttered human words and threatened Chen Ping and the others!

When everyone heard Jiaolong's words, they immediately breathed a sigh of relief, then turned around and walked towards the distance to leave this area!

But Chen Ping looked at the dragon quietly without moving!

"Master, let's leave quickly. This dragon is indeed very powerful."

Huo Feng stepped forward and pulled Chen Ping to leave!

Chapter: 5417

"You guys should go first. I want to know how this dragon can reach this state."

Chen Ping was very suspicious that the dragon must have discovered the immortal energy, absorbed it and turned into an immortal beast, and then he immediately transformed into a dragon!

Maybe this guy was just a little snake from the beginning!

After absorbing the immortal energy, everything is possible!

Thinking of this, Chen Ping's eyes were full of excitement. If this guy really absorbed the immortal energy and became like this, then the beast elixir in his body would be a real treasure!

Chen Ping actually wanted to kill the dragon in front of him!

The fire phoenix seemed to sense Chen Ping's excited murderous intent, and quickly reminded him: "Master, don't be ridiculous. I'm afraid this dragon is about to ascend. If it sneezes now, all of us will be dead." live. "

"Don't worry, I won't do anything stupid..."

Chen Ping quickly smiled awkwardly. He didn't expect Huo Feng to notice his little thoughts!

Huofeng had no choice but to slowly withdraw from this area!

But when he saw that Chen Ping was still motionless in that corner, and he noticed a trace of murderous intent in Chen Ping's eyes, he immediately stared at Chen Ping with his red eyes and said: "You don't know the height of the earth, you want to kill me and take my beast." Dan? "

"I have this idea, but I know I can't do it yet!" Chen Ping agreed generously!

Not far away, Mr. Miao and the others almost vomited blood when they heard Chen Ping's words!

What the hell is Chen Ping doing?

How dare you speak like this in front of the dragon that is about to ascend!

The dragon was also stunned. It didn't expect that Chen Ping would actually admit it!

"Boy, if this dragon hadn't been about to ascend and it was not advisable to kill too many people, you would have been wiped out by now."

Jiaolong snorted angrily!

“Stop bragging and calling yourself a dragon. You are just a big python and you still dare to call yourself a dragon!”

Chen Ping smiled disdainfully!

“Boy, you are looking for death...”

The dragon was angry.

You know, the dragon is the most annoying thing when someone calls it this!

Mr. Miao and the others were completely shocked. They simply couldn't understand why Chen Ping deliberately angered the dragon. Was it just to seek death?

Chapter: 5418

The dragon roared, its terrifying aura was like a tornado, making it impossible for Mr. Miao and the others to stand!

Chen Ping, on the other hand, dug his feet into the ground, and the dragon crystal on his chest began to flicker!

When the dragon saw the dragon crystal on Chen Ping's chest and felt the pure dragon energy exuded by Chen Ping, his whole body instantly froze!

After a while, the dragon lowered his head in shock, and no longer had that aloof aura!

When Chen Ping saw this, he suddenly jumped on top of the dragon's head!

Seeing the transformation of the dragon, everyone was shocked. They couldn't understand how this kind of dragon, which was almost invincible in the world of heaven and humans, could bow to Chen Ping.

"Take me into the cave, I have something to ask you..."

Chen Ping let the dragon take him into the cave!

After all, Chen Ping didn't want too many people to know his identity, so he could only go into the cave and talk to the dragon!

After Jiaolong heard this, he immediately took Chen Ping into the cave!

When he arrived inside the cave, Chen Ping discovered that at the bottom of the cave, there was actually a cave that led directly to the ground!

The dragon was there underground and sealed the cave, so Chen Ping and the others entered the cave. There was nothing in the cave, and they quickly reached the bottom of the cave!

"Who are you?" Jiaolong asked Chen Ping!

"You don't have to worry about who I am. If I ask you now, you should answer truthfully. If you satisfy me, I can enlighten you and make you a real dragon."

Chen Ping said with a profound look!

After Jiaolong heard this, he immediately said politely: "Ask me, I will tell you everything I know..."

"How did you become like this? Did you absorb the immortal energy and turn into a dragon?"

Chen Ping asked directly!

“Yes, I used to be just a red-chained snake. I accidentally discovered a boulder with immortal energy, so I kept absorbing the immortal energy to practice.”

“For so many years, I have been stuck in the Ascension realm, and I have never been able to truly become an Ascension Dragon.”

Jiaolong said truthfully!

“Is the immortal energy boulder still there?” Chen Ping asked!

“Yes!” Jiaolong nodded!

“Take me to see...” Chen Ping wanted to know what the fairy stone that could turn a little red chain snake into a dragon looked like!

Chapter: 5419

Jiaolong took Chen Ping and began to crawl under the bottomless cave!

I don't know how long it took, but a patch of red began to appear in front of Chen Ping's eyes.

It turned out that it was magma. The red magma was boiling and the temperature was thousands of degrees!

However, Chen Ping's body is not afraid. Even if it is as hot as the Demonic Fire, Chen Ping's body can withstand it. A mere magma is nothing!

Chen Ping saw that in the center of the magma, a huge stone was soaked in the magma. The boulder was so big that it was more than enough for the dragon to coil on top of the stone!

“Such a big fairy stone?”

Chen Ping was a little surprised!

“Of course, otherwise how could it be absorbed by me for so many years, but now there is very little immortal energy left in this boulder. If I can’t use this immortal energy to ascend, I’m afraid I will stay in this state forever.”

Jiaolong said very lonely!

Chen Ping looked at the immortal energy boulder in front of him, jumped on it, and then discovered that the immortal energy emanating from the boulder was the same as the ice soul fragment he had in the far north!

Although the immortal energy in this boulder is not much for this dragon, it is almost exhausted!

But for Chen Ping, it is a big treasure. It is estimated that it will be no problem for him to break through a small realm!

You must know that the resources Chen Ping needs to break through a small realm are several times or even dozens of times that of others!

“Your strength is now fully capable of ascending, but you’re just stuck on enlightenment. After all, you are not a real dragon. Even if you have some dragon energy in your body, you are not pure!”

“Now I will pass on some pure dragon energy to you, and then you will realize it. When you truly understand everything about the dragon clan, I believe you can ascend to become a real dragon clan.”

Chen Ping said to Jiaolong!

“Thank you...”

As the dragon swayed, it transformed into a graceful man and knelt down directly in front of Chen Ping!

No matter what Chen Ping's identity is, the dragon crystal in his body is real, and there is also that pure dragon energy!

So Jiaolong didn't need to ask any more questions, and he knew that Chen Ping was definitely a member of the dragon clan!

Being able to get the enlightenment of a true dragon can be regarded as the blessing of a dragon!

Chen Ping gently pressed his hand on the dragon's head, and a burst of dragon energy entered the dragon's body!

Feeling this dragon energy, Jiaolong slowly closed his eyes, and waves of stench began to emit from all around his body!

Soon, the graceful dragon was already covered in filth!

Chapter: 5420

Chen Ping jumped up, away from the dragon, and then looked at him quietly!

Chen Ping knew that this dragon must have understood everything about the dragon clan because of his dragon energy, so it was undergoing transformation and emitting waves of stench!

Roar.....

Suddenly, the dragon transformed into a beast again, and the scales on its body fell off in large swaths!

Soon the originally red scales on the dragon's body turned into silver.

Dragon horns slowly grew out of the dragon's head, and a pair of dragon claws were also forming at a speed visible to the naked eye!

Just an hour later, Jiaolong completely transformed, and now he is a real dragon!

“Thank you.....”

The dragon was circling, feeling the changes in his body, and was very excited inside!

“Now that you and I are of the same race, I can help you, and that’s what I should do.”

Chen Ping said with a faint smile!

The dragon circled around Chen Ping and then soared into the sky!

A huge gap was created in the entire mountain, and then the dragon’s body soared into the sky!

Rumble.....

Listening to the huge noise, watching the dragon suddenly rushing out of the mountain!

Everyone was very shocked!

“What’s going on? Could it be that the dragon has ascended?”

Mr. Miao and Cai Hongwei were all stunned!

None of them could have imagined that the dragon would ascend so quickly!

You must know that the transformation and ascension of the beast race is more difficult than that of the human race, but it is not that easy!

A colorful ray of light suddenly appeared in the sky, and the ray of light shone on the entire Chilian Mountains, making the night in the entire Chilian Mountains look like day!

This ray of light also caused the monster beasts in the Chilian Mountains to curl up in place, and no one dared to make the slightest sound!

Thousands of miles away in Yueyun City, many people also noticed this glow!

“The colorful glow is so beautiful. Is someone ascending?”
