

The Order 5431

Chapter: 5431

Because of the recent rumors, no pharmacist is willing to go to the City Lord's Mansion to treat illnesses, which makes him very anxious!

You must know that pharmacists are very rare existences in the entire heaven and human world. There are monks everywhere in the heaven and human world, but there are not many pharmacists!

Especially in the Southern Territory, there are very few pharmacists, so even if the pharmacists are not high-level and not strong, they can still hang out in the world of gods and humans, which is why they are respected!

Soon, Protector Gong was brought in, and City Master Sun immediately greeted him!

"Mr. Gong, I hope you can take action to save the little girl. As long as the little girl is cured, everything will be fine."

City Lord Sun said with a respectful look!

Protector Gong was a little nervous at the moment. He was afraid that the other party would notice that he was a demon cultivator!

"You're welcome, City Master Sun, let me see what's wrong with your daughter."

After Protector Gong finished speaking, he looked at Sun Xiaoyun who was tied up in chains!

City Lord Sun followed Guardian Gong and introduced his daughter's illness. After listening, Guardian Gong's eyes flashed with excitement!

According to City Master Sun's description, Sun Xiaoyun was not sick, but was obviously poisoned, and the poison he poisoned was somewhat similar to the poison tent he refined!

If he was really poisoned by this kind of poison, then he would have a way to help Sun Xiaoyun detoxify him. In that case, City Lord Sun would owe him a favor!

“City Master Sun, please open the formation. I need to check your daughter-in-law. However, when I am checking, I need to use the formation to shield the aura so that others cannot detect it.”

Protector Gong was afraid that when he was checking, his aura would be exposed and City Master Sun and the others would notice it!

“Don’t worry, Pharmacist Gong, I will listen to you in everything...”

City Lord Sun nodded, and then opened the formation, allowing Protector Gong to approach Sun Xiaoyun!

Protector Gong took a few glances and found that Sun Xiaoyun was no different at this moment, just like any other person!

But just after Protector Gong approached, Sun Xiaoyun’s eyes suddenly began to turn scarlet, and her consciousness became unclear. She stared at Protector Gong and screamed!

“Don’t be afraid, Pharmacist Gong. My daughter is chained and will not hurt you.”

City Lord Sun saw this and said quickly!

He was afraid that Pharmacist Gong would be scared away!

“It’s just hysteria, it can’t scare me.”

After Protector Gong finished speaking, he immediately took out a bag of white powder and threw it towards Sun Xiaoyun!

The white powder was inhaled into Sun Xiaoyun's body, and she instantly became quiet, and her eyes slowly regained their clarity!

Chapter: 5432

City Master Sun immediately became excited when he saw this. He didn't expect that Protector Gong was really capable, and he was able to control his daughter's illness with just one move!

Seeing Sun Xiaoyun return to normal, Protector Gong injected a spiritual power into Sun Xiaoyun's body!

After a while, Protector Gong's face became a little solemn!

Looking at Protector Gong's face, City Master Sun became nervous!

Protector Gong withdrew from the formation and said to City Master Sun: "City Master Sun, your daughter is indeed seriously ill. If this continues, she may die soon..."

When City Lord Sun heard this, he immediately panicked: "Mr. Gong, do you have a way to save my daughter? If you can save my daughter, I can do anything you ask me to do, and I can hand over the position of City Lord to you..."

When Protector Gong heard this, he was immediately happy. Although he could not be the city lord, he could definitely ask the city lord Sun to help him deal with Chen Ping!

"City Master Sun, although your daughter's illness is not serious, it is not to the point where it cannot be cured. However, the treatment is a bit complicated. I need to refine the elixir."

Protector Gong said pretending to be profound!

"Pharmacist Gong, just tell me what you need to refine the elixir, and I will definitely satisfy you."

City Lord Sun said!

“That’s not necessary. I have the fairy grass myself, but I only have one thing to ask for.”

Protector Gong looked at City Lord Sun and said!

“Pharmacist Gong, please tell me, don’t say one thing, ten things are fine...” City Master Sun was eager to save his daughter, and agreed to anything no matter what!

“I have some troubles following a guy named Chen Ping. This guy should be arriving in Falling Sun City in the next couple of days, so I hope City Master Sun will capture this guy and hand him over to me.”

Protector Gong said!

“No problem, I’ll give the order right away. As long as someone named Chen Ping appears in the Sunrise City, he will be arrested immediately...”

City Lord Sun nodded, he didn’t care who Chen Ping was, his daughter was the most important!

Seeing City Master Sun agreeing so happily, Protector Gong’s face was full of pride!

“City Master Sun, your daughter no longer needs to be tied up. The medicine I just used can guarantee that she will not relapse for three days, and I will use these three days to refine the elixir to completely cure your daughter’s disease! ”

Protector Gong said very confidently!

“Mr. Gong, thank you, thank you so much...”

City Lord Sun looked excited and kept thanking him!

Soon, Protector Gong was sent out of the City Lord’s Mansion by City Lord Sun, and then an order was issued to arrest Chen Ping!

Chapter: 5433

But Chen Ping didn't know that he was wanted, so he still followed Lao Jia and Cai Hongwei into the city lord's mansion!

When the guards of the City Lord's Mansion saw Lao Jia, they didn't stop him at all. They all knew Lao Jia's identity!

Cai Hongwei seemed a little excited when he entered the city lord's mansion for the first time!

Lao Jia took Chen Ping and the others directly towards Sun Xiaoyun's room. Seeing how familiar Lao Jia was, he should come here often!

But when they got to Sun Xiaoyun, Lao Jia found that there was no one inside, and all the thick chains and formations had been removed!

"Butler, where is my eldest niece?"

Lao Jia's face turned a little ugly!

He was afraid that something would happen to Sun Xiaoyun. You must know that he had watched Sun Xiaoyun grow up and loved her very much.

"Brother, when did you come here?"

At this time, City Lord Sun saw Lao Jia and ran over in a hurry!

Lao Jia's face was still ugly, and he glared at City Master Sun and said, "Where's Xiaoyun, where did you take her?"

"Brother, Xiaoyun is in her mother's room, where else can I take her..."

City Lord Sun said with a smile!

Lao Jia was stunned: "Aren't you afraid that Xiaoyun will get sick?"

"Don't be afraid. Xiaoyun's condition has been controlled. Today, Pharmacist Gong is here. He can treat Xiaoyun's condition. Now that the condition is under control, Xiaoyun will not get sick for the time being."

City Lord Sun explained!

When Lao Jia heard that Sun Xiaoyun's illness was under control, he became happy: "That's great. I also brought a pharmacist to treat Xiaoyun. It seems that he won't be needed now."

City Master Sun glanced at Cai Hongwei and Chen Ping behind Lao Jia, and then said: "Brother, the pharmacist you brought is just right. Now Xiaoyun's mother is bedridden because of Xiaoyun's illness. It's just the right time for her to go and take a look. Bar....."

"Okay!" Lao Jia nodded, and then took Cai Hongwei and Chen Ping to follow City Lord Sun to their dormitory!

Walking into the dormitory, Chen Ping saw a girl sitting on the bedside, her face full of tears, and a woman lying on the bed, her face was pale, her eyes were open, but she was lifeless!

"Uncle..."

When Sun Xiaoyun saw Lao Jia coming, she quickly stood up and shouted!

Seeing that Sun Xiaoyun was fine, Lao Jia was full of joy, and then said to Chen Ping: "My eldest niece is fine, please help my younger siblings take a look..."

"Brother, is he the pharmacist you are talking about?"

Chapter: 5434

City Lord Sun was confused when he saw Lao Jia talking to Chen Ping!

He thought Cai Hongwei was a pharmacist and Chen Ping was a little follower!

After all, Chen Ping is too young, and such young pharmacists are rare!

Sun Xiaoyun also looked puzzled: "Uncle, is this pharmacist too young?"

"Let him try it first. This is also recommended by my old friend for many years. It shouldn't be wrong."

Lao Jia said!

"City Lord Sun, this Pharmacist Chen is recommended by me. I have traveled from the Central Region to the Southern Region all year round, and I have never seen a pharmacist of Chen's caliber."

Cai Hongwei followed City Lord Sun and said!

"Who are you?" City Master Sun looked at Cai Hongwei!

"Second brother, this is Boss Cai, who often comes to the southern region to hunt for treasures." Lao Jia said!

"Oh, I know, I heard about it. Since it was recommended by Boss Cai, let's take a look..."

City Lord Sun was relieved to let Chen Ping treat his wife!

Chen Ping stepped forward, glanced at Mrs. Sun, then raised his hand, a stream of spiritual energy flowed through his fingertips, and then turned into invisible needles, piercing into Mrs. Sun's body!

It only took a moment for Mrs. Sun's complexion to improve. Chen Ping casually took out an elixir and said, "Give Mrs. Sun this elixir to eat, and you will be fine. It's just a sudden attack of anger. It's not a problem." ..."

Sun Xiaoyun took the elixir from Chen Ping's hand, but when Sun Xiaoyun's hand accidentally touched Chen Ping, Chen Ping's brows instantly frowned!

However, Sun Xiaoyun did not notice the change in Chen Ping's expression. Instead, she took the elixir and fed it to her mother!

After taking the elixir, Mrs. Sun soon became lively and energetic, holding Sun Xiaoyun's hand and not letting go!

City Lord Sun also knew that his wife's illness was not serious, and Chen Ping's ability to cure her didn't mean anything!

But you still have to say kind words!

"Mr. Chen, thank you very much. I will send someone 10,000 spirit coins as a thank you."

City Lord Sun said!

But what Chen Ping wants is not the 10,000 spirit coins, what he wants is Lao Jia's tree!

"City Master Sun, may I venture to ask which pharmacist cured your daughter's illness? Do you know that pharmacist?"

Chen Ping asked!

Chapter: 5435

"I don't understand. The other party is here to reveal the list. Is there any problem?"

City Lord Sun asked in confusion!

“Of course. I touched Miss Sun accidentally just now and found that there was a faint demonic aura in her body. This should be what the other party left behind when she examined Miss Sun.”

“And Miss Sun is not sick. The reason why she is like this is because she was poisoned, and the poison has penetrated into the blood, which is why she is like this.”

Chen Ping said solemnly!

“Poisoned? Demon cultivator? What are you talking about?”

City Lord Sun looked at Chen Ping in disbelief: “My daughter has never left the City Lord’s Mansion during this period. How could she be poisoned? And you said that Pharmacist Gong just now is a demon cultivator. I have always been around. Is he a demon cultivator?” Can you tell?”

“You healed my wife, I’m very grateful to you, but if you want to show off your medical skills, you’d better practice for a few years.”

City Lord Sun didn’t believe what Chen Ping said at all.

Lao Jia also looked at Cai Hongwei with a somewhat ugly face at this moment!

Seeing this, Cai Hongwei stepped forward and pulled Chen Ping and said: “Mr. Chen, maybe you saw it wrong. Let’s go...”

Cai Hongwei knew that City Lord Sun would definitely not believe what Chen Ping said. If he continued, it would be very unpleasant!

Chen Ping looked at City Master Sun like that and could only smile lightly and said: “Maybe I’m wrong. I will stay in the Sunrise City for a few days. If you need it, you can find me...”

After Chen Ping finished speaking, he left directly. If it weren't for Lao Jia's tree containing fairy energy, Chen Ping might not have said anything!

"You're not old, but you have a pretty bad temper!"

City Lord Sun snorted coldly!

Lao Jia also looked unhappy and said: "Lao Cai, the pharmacist you brought this time is really a bit arrogant."

Cai Hongwei could only smile awkwardly and said nothing!

.....

A courtyard in Falling Sun City!

Protector Gong happily sat on the deck chair, basking in the sun comfortably!

At this time, Elder Fei came back a little frustrated. He was probably unhappy because he did not find the sub-helm of the Demon Sealing Alliance!

Without the help of the Demon Sealing Alliance's helmsman, it would be difficult for them to kill Chen Ping!

Seeing Elder Fei coming back, Protector Gong quickly got up!

Chapter: 5436

Gong Hufa said with a gloomy face: "How is it? Have you cured City Lord Sun's daughter?"

"It's not cured..." Protector Gong shook his head!

“It’s not cured. You’re so happy. Now we don’t have the people from the Demon Sealing Alliance to help. I’m afraid we won’t be able to kill Chen Ping just by relying on the few of us.”

Elder Fei sat down on the recliner angrily!

Gong Hufa smiled and said: “Elder, you don’t have to worry. Although I didn’t cure City Lord Sun’s daughter, he has promised us that Chen Ping is wanted. As long as Chen Ping dares to come to Yanri City, City Lord Sun He will help us catch him.”

Upon hearing this, Elder Fei quickly stood up and asked, “What’s going on? Tell me carefully...”

“The daughter of City Lord Sun is not sick, but is poisoned. She was poisoned by the poison tent I refined, but the poison is too deep. Even if she leaves the poison tent, she will lose her mind from time to time.”

“I used medicine to temporarily control the illness of City Lord Sun’s daughter, and told him that I could refine elixirs to completely cure his daughter, so City Lord Sun agreed to my terms.”

Protector Gong said very proudly!

“Then can you really cure City Lord Sun’s daughter?” Elder Fei asked!

Protector Gong shook his head: “His daughter is too poisoned and I can’t cure her completely. However, I can refine the elixir to control it temporarily. As long as City Master Sun helps us catch Chen Ping, we will leave this Yuri City.” Well, when his daughter has a seizure, he will not care about our affairs.”

Protector Gong knew from the beginning that he could not cure Sun Xiaoyun, he was just deceiving City Lord Sun!

“This is a good idea...” Elder Fei raised his lips: “Your identity has not been exposed, right? I heard that City Master Sun is very powerful. If he is discovered, we will be unlucky.”

“No, when I was diagnosing and treating, I kept them far away, and there was a formation surrounding them, so they couldn’t find it.”

Protector Gong shook his head!

“Hahaha, then let’s just wait quietly for Chen Ping to be sent here!”

The depression on Elder Fei’s face disappeared and he laughed.

In Lao Jia’s yard!

Chen Ping stood alone in front of the rare tree. This tree looked ordinary. People passed by in the yard behind it from time to time, but no one ever took a closer look!

But Chen Ping’s eyes were full of envy, because this mountain treasure tree has grown by absorbing fairy energy, so there is a lot of fairy energy in the tree!

If Chen Ping could absorb the immortal energy in this tree, he might be able to break through to the Fusion Realm!

After all, in this world of gods and humans, although spiritual energy is everywhere, true immortal energy is very rare!

Absorbing immortal energy to practice is many times faster than absorbing spiritual energy to practice!

Chen Ping took a deep breath. The tree was surrounded by a formation, so the fairy energy in the tree would not leak out!

Chapter: 5437

It must be that there was a gap in the formation, and Chen Ping noticed the slightest trace of immortal energy!

Otherwise Chen Ping wouldn't have taken a second look at these ordinary trees!

"My tree was moved from the Chilian Mountains. When I first discovered this tree, there was a skeleton under the tree. It should be an immortal who died in the battle between gods and demons."

"And this tree grew up by absorbing the immortal energy from the immortal's body. Now this tree also contains immortal energy..."

At this time, Lao Jia came over with Cai Hongwei!

Since Chen Ping already knew how special this tree was, Lao Jia didn't hide it and directly told the origin of this tree!

After hearing this, Cai Hongwei said with envy on his face: "Old Jia, your luck is really invincible. I have walked through the Chilian Mountains many times and have never encountered one, not even a fairy beast." Woolen cloth."

"Immortal beast..." Lao Jia smiled faintly: "Don't meet an immortal beast. I'm afraid you will be eaten by an immortal beast. As for you, you can't deal with an immortal beast."

"Senior Jia, can I exchange your tree for something else?"

Chen Ping really wants this tree to absorb the fairy energy inside!

"If you don't change it, you won't change it with anything."

"I will only give the tree to you if my eldest niece is cured."

"It's a pity that my eldest niece has already recovered, so you have no chance to get this tree again."

Lao Jia shook his head and said!

Chen Ping smiled slightly: "Don't talk too harshly, maybe I still have a chance..."

When Lao Jia heard this, his face turned cold and he said, "Don't even think about stealing this tree from me. You don't have the ability, and you can't live without the Sunrise City."

Lao Jia thought Chen Ping meant to steal his own tree!

"Sneaking around is not something I, Chen Ping, would do."

"When the time comes, I will let you give the tree to me willingly."

After Chen Ping finished speaking, he turned around and went back to his room to rest!

"Humph, so proud..."

Lao Jia snorted coldly, not caring about Chen Ping at all!

A young monk in the Fusion Realm, even a pharmacist, is only a low-level pharmacist. If it weren't for Cai Hongwei, Lao Jia would not let Chen Ping live in his yard!

the next day!

Chapter: 5438

Protector Gong refined a pill and sent it directly to the City Lord's Mansion!

City Lord Sun personally greeted him with great respect!

"City Master Sun, I refined a pill overnight. You can give it to Miss Sun. You only need to take the three pills I refined in succession. I guarantee that Miss Sun will recover."

Protector Gong handed over a dark pill and said!

City Master Sun carefully took the pills and said happily: "Pharmacist Gong is really skilled in medicine. He refined the pill so quickly."

"In the entire world of gods and humans, there are probably very few pharmacists with the strength of Pharmacist Gong. Nowadays, many of them are charlatans."

"Yesterday a young man came and claimed to be a pharmacist. Instead of saying that my daughter was poisoned, he also said that Medicine Master Gong was a demon cultivator and that my daughter had demonic energy in her body. It's really nonsense."

City Lord Sun was praising Protector Gong!

City Lord Sun did not notice that Protector Gong was breaking out in cold sweat at this moment!

"Who is this person? He actually said that I am a demon cultivator. He is joking..."

Protector Gong suppressed the panic in his heart and grinned!

"It was brought by one of my brothers. I heard that he was in the same team as Boss Cai. I didn't ask about his specific identity."

City Lord Sun said casually!

When Protector Gong heard this, he was stunned for a moment, and then said with a serious expression: "Is this young man's surname Chen?"

City Master Sun nodded: "Yes, I heard Boss Cai call him Mr. Chen..."

“Oh, this guy is Chen Ping, the person I asked City Master Sun to arrest for me.”

Protector Gong said quickly!

“What? Is it him?”

City Master Sun had a confused look on his face: “I think that young man is only at the Fusion Realm, and his medical skills are not that good. How can Master Gong have a grudge against him?”

City Master Sun couldn't understand why a senior pharmacist like Protector Gong could have a grudge against someone like Chen Ping!

“City Master Sun, don't ask any more questions. Please help me catch Chen Ping immediately. I will definitely cure Miss Sun's illness.”

Protector Gong said excitedly!

“Okay, I'll take them over right now, they live next door!”

City Lord Sun nodded!

Chapter: 5439

Soon, City Lord Sun took people to Lao Jia's yard, and Gong Hufa was waiting with a happy face!

As long as Chen Ping is captured, he will take Chen Ping away directly!

As for the poison in Sun Xiaoyun's body, he didn't care!

“Second brother, why did you come to my place suddenly?”

Lao Jia looked very strange when he saw City Master Sun bringing people to his yard!

Although the two families are very close, City Master Sun rarely comes to this courtyard!

“Brother, let me ask you, is the young pharmacist you brought here yesterday called Chen Ping?”

City Lord Sun asked Lao Jia!

“Yes, it’s Chen Ping. I heard him say it himself yesterday!”

Lao Jia nodded!

“That’s good, I’m here to catch him. Where does he live?” City Master Sun asked.

“In the innermost room of the east wing.”

Lao Jia said!

City Master Sun and his people hurried over.

At this time, Chen Ping was practicing. Although there was very little immortal energy in the courtyard, it was better than nothing. Chen Ping could consolidate his realm!

City Master Sun led people to Chen Ping’s house and was about to push the door open and enter!

“Who are you? How can you break into other people’s rooms?”

At this time, Huo Feng followed Ji Yun and saw it, and immediately rushed over and blocked the front of the room!

They didn't know who City Lord Sun was, so of course they wouldn't let him rush into Chen Ping's room!

Huofeng followed Ji Yun and shouted, and everyone else came out of the room!

When Cai Hongwei saw that it was City Master Sun who brought people here, he was immediately surprised!

"City Lord Sun, what are you doing?"

Cai Hongwei stepped forward and asked!

"I'm here to catch Chen Ping. Is he in this room?"

Chapter: 5440

City Lord Sun said!

Cai Hongwei was stunned for a moment, with a puzzled face: "City Lord Sun, why did you want to arrest Mr. Chen? Did something happen?"

"Stop asking any more questions and get out of my way immediately, otherwise don't blame me for being rude!"

City Lord Sun said with a cold face!

Upon seeing this, Cai Hongwei quickly looked at Lao Jia, hoping that Lao Jia could say something, but Lao Jia pretended not to see it!

Since City Lord Sun mobilized troops to arrest Chen Ping, there must be a reason, and Lao Jia certainly wouldn't care!

When City Master Sun saw that everyone was still standing in front of him, his body shook slightly, and a wave of air suddenly rolled, knocking everyone in front of him to the ground!

“Humph, you don’t overestimate your capabilities...”

City Lord Sun snorted coldly and was about to push the door open and enter!

“Wait a minute, no one is allowed to take Mr. Chen away...”

Mr. Miao not only came from nowhere, but stood directly in front of City Lord Sun!

Mr. Miao’s life was saved by Chen Ping, so Mr. Miao will not sit idly by and watch!

“You dare to stop me?”

Otherwise, City Lord Sun would be furious. This is the City of Falling Sun, and he is the City Lord. What he says here is the imperial edict!

Now someone actually dares to stop him!

It’s totally outrageous!

I saw City Lord Sun raising his hand and slapping Mr. Miao!

City Lord Sun raised his hand casually, which blocked the sky and the sun, and endless pressure came down.

Facing City Lord Sun’s attack, a long sword instantly appeared in Miao Lao’s hand, and then the sword shook, and several huge sword flowers appeared in front of him!

Each sword flower is extremely sharp. As the sword flower blooms, countless sword lights rise into the sky, and then collide with the palm of City Lord Sun!

“Hmph, even a person in the sixth level of Tribulation Realm dares to act wild with me...”

City Lord Sun snorted coldly, smashed the countless sword lights into pieces, and then slapped Mr. Miao on the shoulder, causing Mr. Miao to take several steps back!

With this palm, City Lord Sun did not kill him. It was obvious that he did not want to kill Mr. Miao!

However, it can also be seen from this that there is still a certain gap in strength between Mr. Miao and City Master Sun!
