

The Order 5471

Chapter: 5471

Chen Ping said slowly!

What is lacking in the entire Celestial Realm now is order. Although there are Masters in the five major regions of the Celestial Realm, even the Masters themselves only care about cultivation and do not care about the affairs on their own territory, and others will not care about them. !

“Let’s go. You follow me. When we enter the battlefield of gods and demons, no one will stop us.”

Luo Shouhai said!

Everyone looked at each other, and finally their eyes fell on Mr. Miao and Cai Hongwei!

After all, they are all human cultivators, but now they have to follow the demon cultivators. It doesn’t feel like that is the case!

But if they don’t follow, people like them from the outside world may not even be able to enter the battlefield of gods and demons. Wouldn’t it be in vain!

Mr. Miao and Cai Hongwei also looked at each other, neither of them dared to speak!

When Chen Ping saw this, he knew that these people also wanted to enter the battlefield of gods and demons, but he didn’t want to be the first to speak and bear this responsibility!

After all, the current demon cultivators are still separated from the human cultivators!

“I will follow Valley Master Luo. If someone uses this as an excuse to criticize me after I return, let him come to me.”

Chen Ping took the initiative and took the responsibility!

When everyone saw this, they all agreed and were willing to follow!

“Okay, since everyone is willing to follow me, let’s set off now. We will gather at Xuanyin Sect, where we will wait for the opening of the battlefield between gods and demons.”

“When we get there, there will be no distinction between humans and demons. No one is allowed to fight privately. People from several major sects and aristocratic families in the Tianmo Mountain area are also there, and the human monks will also restrain themselves.”

“No matter whether you meet enemies or not, don’t take action there. Remember, if you still have prejudices against demon cultivators in your heart, you must endure it and don’t take action. Don’t forget that you are here to hunt for treasures, not to fight privately. Yes, please remember...”

Luo Shouhai reminded everyone!

Everyone nodded. Since they chose to follow Luo Shouhai, they must listen to others!

Soon, everyone, led by Luo Shouhai, headed towards Xuanyin Sect!

Under a tree deep in Tianmo Mountain, Elder Chu was still slowly recovering his consciousness, while Zuo Xuan looked a little bored, fiddling with a golden knife in his hand!

At this time, the two helmsmen returned, but they did not bring anyone else from the Demon-Sealing Alliance!

Seeing this scene, Elder Chu frowned and said, “What’s going on with you two? Don’t you have anyone under your command?”

“Elder Chu, we received the jade slip from the alliance leader, please take a look...”

A helmsman handed the jade slip to Elder Chu!

Chapter: 5472

Elder Chu took the jade slip, a ray of spiritual consciousness penetrated it, and instantly saw the information on the jade slip!

After looking at me, Elder Chu's brows instantly wrinkled!

"Uncle Chu, what did my dad say?"

Zuo Xuan asked curiously!

"It seems that we can't deal with Chen Ping in Tianmo Mountain. Private fights are no longer allowed in the entire Tianmo Mountain. Several major demon clans in Tianmo Mountain have reached an agreement with the surrounding sects."

"These people are taking advantage of the opening of the battlefield between gods and demons to make a profit. For their own benefit, they actually cooperate with the demon cultivators. It's so shameless..."

Elder Chu said with some disdain!

But after saying that, Elder Chu instantly became a little embarrassed. After all, what the Demon Sealing Alliance is doing now is not just cooperating with the demon cultivators behind their backs!

It's just that these people have brought it to the table!

Upon hearing this, Zuo Xuan hurriedly said: "Uncle Chu, in this way, we can also go to the battlefield of gods and demons, and you don't have to worry about my safety."

"Sir, they just said that private fighting is not allowed in Tianmo Mountain, but when you enter the battlefield of gods and demons, no one can control anyone else. There will definitely be fights over various treasures."

“But I can take you to have a look, but you must not enter. If you make any mistakes, I can’t follow the alliance leader’s instructions.”

Elder Chu knows that these people can control the private fights in Tianmo Mountain, but after entering the battlefield of gods and demons, no one can control them!

“Okay, let’s go quickly. We can’t do anything in Tianmo Mountain anyway. When Chen Ping leaves Tianmo Mountain, it won’t be too late for us to take action.”

Zuo Xuan couldn’t wait to start urging!

Seeing this, Elder Chu had no choice but to take Zuo Xuan to Xuanyin Sect.

.....

Xuanyin Sect!

This is the largest demon cultivator sect in Tianmo Mountain. Xuanyin Sect has always been in a big crack deep in Tianmo Mountain!

Because this place is inaccessible and monsters are rampant, few human monks come here, which is why Xuanyin Sect has developed!

If it weren’t for this battlefield between gods and demons, it is estimated that not many people would come to this Demonic Mountain!

Luo Shouhai took Chen Ping and the others to the Xuanyin Sect’s territory, and above the Xuanyin Sect’s head was a huge alien space crack!

This crack seems to be tearing the entire sky apart. Surrounding the crack is a white mist, and whirlpools visible to the naked eye are constantly rotating. These are turbulences in time and space!

“It seems that this battlefield between gods and demons will be fully opened in a few days...”

Chapter: 5473

Luo Shouhai forgot to glance at the crack and said!

“I didn’t expect that the entrance to the battlefield of gods and demons would be like this. It’s completely different from what I imagined!”

“It’s so spectacular. There is also the Xuanyin Sect. In the current situation of the heaven and human world, there is such a huge demon sect!”

“How did the news spread that a battlefield between gods and demons had been opened in such a hidden place? Did the Xuan Yin Sect tell the news themselves?”

“Why doesn’t Xuanyin Sect seal the news, wait for the battlefield of gods and demons to open, and then go in to pick up the treasures?”

“Could this be a conspiracy?”

Everyone was talking about it. After all, these people were naturally wary of demonic cultivators and didn’t quite believe it!

When Chen Ping saw this, he couldn’t help but look at Luo Shouhai. If this was the news that Xuanyin Sect deliberately released, then there might be some fraud in it!

Luo Shouhai knew that many people still had a grudge against their demon cultivators, so he explained: “There are also many dangers in the battlefield of gods and demons, but you can’t just go in and pick up treasures, and these things are all based on luck and opportunity, and you may not necessarily enter.” Anyone who is on the battlefield between gods and demons can get opportunities and treasures.”

“Everything is uncertain and depends on luck. Xuanyin Sect has now revealed the news and is uniting with other demon cultivators and human clan sects to control the entrance to the battlefield of gods and demons, and then collect the resources of many cultivators. In this way, we can compare Isn’t it good for Xuanyin Sect to enter the battlefield of gods and demons on its own?”

“The Xuanyin Sect is doing this as a sure-fire business. Why should they take risks and gamble by secretly entering the battlefield of gods and demons?”

“Now even if the news is revealed and everyone comes here one after another, people from the Xuanyin Sect can still enter the battlefield of gods and demons. Whether they can get treasures and opportunities depends on their luck.”

Luo Shouhai’s explanation also made everyone understand!

It’s like a gold mine. People who discover a gold mine can secretly mine it themselves, but they may not be able to mine gold, and there is even a risk of landslides!

Now the people who discovered it can unite with others and spread the news about the gold mine. As long as someone comes to mine, they can charge a fee, and they can continue mining themselves!

In this case, even if the gold is not mined in the end, the person who finds it will still make a sure profit!

“I didn’t expect that the leader of Xuanyin Sect is also a good businessman...”

Chen Ping couldn’t help but smile!

“I heard that the leader of the Xuanyin Sect used to be a businessman who resold various resources. It is precisely because of this that his Xuanyin Sect is best preserved.”

Luo Shouhai said!

Although monks are biased against demon cultivators, they will be more tolerant towards demon cultivators who do business and do not cause much harm. After all, human monks also have needs for many things from the demon clan!

Chen Ping and the others walked towards the Xuanyin Sect. The Xuanyin Sect was built with various types of wood and stone. Although it was built in the depths of the Demonic Mountain, it was very impressive!

The entire Xuanyin Sect is very big, like a small town. There are formations around the Xuanyin Sect to protect the Xuanyin Sect from the intrusion of monsters!

After walking into Xuanyin Sect, Chen Ping saw many human monks walking through the streets, including many demonic cultivators!

Chapter: 5474

There are even many beast tribes. In this place, the three tribes are mixed together, but they are happy and there is no fighting. This is simply impossible to exist in other places!

The demon cultivators here don't have to hide their auras and can live openly and openly. There are even many demon cultivators setting up stalls, following the coming human monks and orcs to exchange needed items!

However, in the Xuanyin Sect, the status of demon cultivators is obviously higher. After all, this is the territory of demon cultivators!

Many demon cultivators walk with their heads raised and look arrogant!

"You should find a place to rest first. It is estimated that there will be a few days until the battlefield of gods and demons opens. I will take my little brother to see the master of Xuanyin Sect."

After entering Xuanyin Sect, Luo Shouhai said to Mr. Miao, Cai Hongwei and others!

When Mr. Miao, Cai Hongwei and others heard this, their faces were a little reluctant, and then they looked at Chen Ping!

They were afraid that Luo Shouhai would abandon them in the end and only take Chen Ping into the battlefield of gods and demons!

“Miao Miao, Boss Cai, don’t worry. You need to find a place to settle down first. When this place is ready, I will contact you. Since we are a team, I will definitely not leave you alone.”

Chen Ping said sincerely!

“Mr. Chen, we believe you...”

Cai Hongwei said quickly!

Cai Hongwei, Miao Lao and others left with a dozen monks to find a place to rest!

Luo Shouhai and the others took Chen Ping, Ji Yun and Huo Feng and walked towards the three highest floors in the middle of Xuanyin Sect!

When Luo Shouhai walked in, Chen Ping and the three of them were stopped!

Luo Shouhai hurriedly said: “We are together, here to find Master Kong.”

“Master Luo Valley, I’m really sorry. These people are human monks. They must have tokens from several major sects in the Tianmo Mountain area to enter.”

“They are not demon cultivators. You said they were together. Bringing them in is against the rules.”

The guard said very politely!

“There are still such rules?” Luo Shouhai was stunned!

“Yes, this is a new decree issued by our palace master. If you all bring people in casually, it will be chaos.”

The guard said!

When Luo Shouhai heard this, he immediately understood that the leader of Xuanyin Sect was afraid that those outside monks would give all the benefits to other demon sects and let them bring them into the battlefield of gods and demons, which would cause chaos!

At that time, everyone will secretly reap the benefits, and there will be nothing to do with the Xuanyin Sect, so the leader of the Xuanyin Sect issued such a rule!

Chapter: 5475

It is impossible for the demon cultivator and the human cultivator to have any intersection, but now they insist that they are together, which is obviously a benefit!

Chen Ping also saw what the Xuanyin Sect meant, so he said: "Master Luo Valley, we won't go in. As for entering the battlefield of gods and demons, you don't have to be too demanding. You need to pay the resources, we will just give them."

Chen Ping now has a lot of resources in the storage ring. When he was in Huanglan City, he got a lot of fairy grass and the like from Yaozun's mansion!

As for the spirit coins, Chen Ping also has a lot of them, and Ji Yun, the rich second generation, has even more spirit coins!

"Okay then, I'll let Xiaoxi and Xiaodong stay with you to go around, and I'll go and figure things out first."

Luo Shouhai asked Luo Xi and Jin Dong to stay with Chen Ping and the others!

After all, this is the territory of demonic cultivators, and their status as demonic cultivators can be higher!

"Mr. Chen, let me show you around. There are many good things in Xuanyin Sect. Many demon cultivators from Tianmo Mountain come to Xuanyin Sect to purchase and sell items."

Jin Dong said to Chen Ping!

The Xuanyin Sect has become a marketplace for several major demon sects in the Tianmo Mountain area. After all, demon cultivators have special status and cannot just go to towns where human monks are. If they are discovered to be demon cultivators, it will be a disaster, so these demon cultivators sell to each other!

And this Xuanyin Sect has become a market, allowing the demon cultivators from Tianmo Mountain to come here to trade, and Xuanyin Sect receives some benefits from it!

Chen Ping nodded and followed Jin Dong and Luo Xi to prepare to go around!

But when they just left the three-story building, they saw an old man walking towards them, covered in black robes!

Chen Ping knew who it was without looking at the other person's face!

“Old Ghost.....”

Seeing the person coming, Jin Dong and Luo Xi also hurriedly said hello!

The person who came was none other than Devil Mountain Ghost Elder. Although Devil Mountain Ghost Elder was only one person, he was famous in Tianmo Mountain and even other areas!

The aura of the Demonic Mountain Ghost Elder is ever-changing, so he often walks among human monks and his identity has never been discovered!

This also makes Demon Mountain Ghost Elder much more knowledgeable about news in various domains than other demon cultivators!

“Mr. Chen.....”

When Devil Mountain Ghost saw Chen Ping, his face was full of excitement!

He hoped that when Chen Ping came to Tianmo Mountain, he could lure the wind demon out, so that he could see his ancestor!

Chen Ping looked at the old Demon Mountain Ghost in front of him, with deep surprise in his eyes!

He found that the aura of Demon Mountain Ghost Elder was much stronger. At this time, Demon Mountain Ghost Elder's strength was probably no worse than that of Miao Elder!

Chapter: 5476

You must know that back in Mohai, Demon Mountain Ghost Elder only showed the strength of the third level of Tribulation Realm!

Looking at Chen Ping's surprised look, Demon Mountain Ghost knew what Chen Ping was surprised about, so he smiled lightly and said: "Mr. Chen, when I walk outside, I always change my breath and control my cultivation. If I don't do this, it will be easy to expose myself. identity of."

"My breath can change in many ways, but the strength of each breath will be much lower. Only the strength of my body breath will be much higher."

"This is Tianmo Mountain, so I don't have to hide my aura, and my strength will naturally increase..."

After listening to Demon Mountain Ghost Elder's explanation, Chen Ping finally understood. He thought that Demon Mountain Ghost Elder had risen to several realms in a short period of time!

"Old Ghost, are you also here at Xuanyin Sect to discuss an agreement?"

Jin Dong asked the old devil mountain ghost!

"Yes, several major demon clans from Tianmo Mountain are here, how can I be left out..."

Devil Mountain Ghost Old Man smiled lightly and said!

“Then ghost, please go in quickly, my master has already gone in.” Jin Dong said!

“Why don’t you go in?”

Demon Mountain Ghost asked!

“Xuanyin Sect has regulations. Because Mr. Chen and his friends are not demons, we can’t bring them in. Master asked us to accompany Mr. Chen around. After all, we have to fulfill our friendship as landlords in Tianmo Mountain.”

Jin Dong explained!

When Demon Mountain Ghost heard this, he immediately frowned and said, “Damn it, Old Man Kong has grown up. I’m going to see what’s going on. I don’t care about breaking the rules. Mr. Chen must go in!”

Looking at the Demon Mountain Ghost, he seems to be looking for a fight with the leader of the Xuanyin Sect!

“Old Ghost, it’s fine for me to wander around outside. As long as the battlefield of gods and demons is open and I can enter.”

Chen Ping hurriedly persuaded him!

“Mr. Chen, don’t worry. No one else can enter the battlefield of gods and demons. You can definitely enter. If old man Kong dares to beep, I will let his Xuanyin Sect never have peace.”

Devil Mountain Ghost Lao promised, patting his chest!

“Then thank you, Old Ghost...”

Chen Ping smiled slightly!

After saying goodbye to the Demon Mountain Ghost Lao, Chen Ping and the others wandered around the Xuanyin Sect!

Soon, Chen Ping discovered that there was a lot of people in front of a house, and there were many people bustling about!

Chapter: 5477

“Mr. Chen, that is the treasure gathering pavilion of Xuanyin Sect. There are many treasures belonging to the master of Xuanyin Sect. These things can be sold or exchanged.”

“If you are interested, I will take you there to have a look...”

Jin Dong said!

“Okay!” Chen Ping nodded!

Chen Ping is somewhat interested in the magic cultivator’s treasures!

When Chen Ping and the others walked into the Jubao Pavilion, they discovered that the space inside the Jubao Pavilion was extremely large. They should have used space magic or something like that. From the outside, the house didn’t look big, but when they walked inside, they were surprised. Huge!

The room is filled with various weapons, fairy grass, and various rare treasures!

“There are too many treasures in here, right?”

Ji Yun couldn’t help but sigh when he saw so many treasures!

Chen Ping looked around with his eyes, just glanced lightly, and said slightly disappointed: "Let's go, there is nothing good here..."

"Mr. Chen, there are so many treasures here, how can there be no good ones?"

Jin Dong's face was full of confusion!

Chen Ping walked out smiling without saying a word!

Originally, Chen Ping thought that the leader of the Xuanyin Sect would really take out his treasures, sell them or exchange them, but when he walked into the Jubao Pavilion, he discovered that many of these so-called treasures were fake, and some were real. There is a flaw!

It seems that the major demon sects in Tianmo Mountain are not very proficient in identifying treasures, so they let Xuan Yin Sect start such a deceptive business!

However, Chen Ping didn't say it clearly. He had no grievances by following the Xuanyin Sect, and he didn't have to ruin other people's jobs!

That's all if he doesn't buy it!

After walking out of the Jubao Pavilion, there is a street next to the Jubao Pavilion. It is usually deserted, but now it is very lively!

Many monks are placing their own items on the street. Among these monks are demon cultivators, humans and beasts!

Of course, there are also many people buying. After all, it is rare to see three tribes selling things together!

Some human monks are interested in demon items, and demons are interested in orc items. This also causes many people to gather in front of each small stall!

Chen Ping was wandering around with Jin Dong and the others, feeling very relaxed!

This was the most relaxing moment for Chen Ping when he came to the Heaven and Human World. If the Heaven and Human Realm had this kind of harmonious scene among the three races, how wonderful it would be!

But Chen Ping knows that these are all extravagant hopes. Even in the secular world, it is a world of humans, and there are constant disputes every day!

Chapter: 5478

Not to mention the world of heaven and humans, a world where three races exist!

“This broken clock of yours actually costs 100,000 spirit coins. Are you out of your mind because of your poverty?”

“You guy, you orcs have never seen money, right? This piece of shit costs 100,000?”

“It’s really a lion’s mouth. This rag dares to ask for 100,000 spirit coins.”

In front of a stall near the corner, a mocking voice suddenly sounded!

After hearing this, Chen Ping followed Jin Dong and others and walked over!

Chen Ping saw a big man with a velvet face sitting in front of a stall decorated with rags. He was silent and expressionless!

Even in the face of such ridicule from everyone, this big man remained silent!

And on the rag, there were more than a dozen items placed, which looked very ordinary. There was only one item that looked like a clock, exuding a mighty aura, attracting everyone's attention!

It must be this item that those people were talking about just now!

"Boy, do you want to sell your broken watch for ten thousand spirit coins?"

At this time, a monk asked while holding the clock!

The big man didn't speak, he just shook his head!

"Twenty thousand, twenty thousand, that's the most..." the monk continued to ask!

The big man still shook his head!

"Damn, you're turning a broken thing into a treasure. You'll never be able to sell it..."

The monk threw away the clock and left angrily!

Chen Ping squatted down and took the clock in his hand. After taking the clock, Chen Ping discovered that the clock was actually carved from jade, lifelike, but the hands did not move at all, it was just an ornament!

But there seemed to be several subtle formations engraved on the clock. Chen Ping looked at it for a long time and didn't know what use such a small formation could have!

Chen Ping looked at it for a long time and found that apart from the good texture and the powerful spiritual energy contained in this clock, there was nothing special about it!

After all, there is no shortage of spiritual energy in this world of gods and humans, so this clock is not valuable!

Chen Ping took the clock and glanced at the big man again. Since this thing dared to ask for one hundred thousand spirit coins, it must have its value. Maybe he hadn't found out clearly yet!

Chen Ping exuded an aura and penetrated into the clock. He found that the clock was just a piece of jade carving, with nothing special about it!

Chen Ping was a little disappointed and was about to put the clock back on the stall, but when he reached out and was about to put it back, he suddenly found that the hands on the clock jumped!

Chapter: 5479

Chen Ping was stunned, quickly took his hand back, and looked carefully again!

"Mr. Chen, this is just an ornament carved from jade, it has no value."

Jin Dong saw that Chen Ping had been looking at the clock, so he said!

Chen Ping didn't speak and stared at the clock, but the hands didn't move!

After a while, Chen Ping asked Jin Dong and Ji Yun, "Did you see the hands of this clock move just now?"

"Mr. Chen, this is just carved from jade, how can it move?"

Ji Yun asked!

"Yes, this is fake, the pointer will not move."

Jin Dong also said!

"Master, are you dazzled or have a fever?"

Huo Feng gently touched Chen Ping's forehead with her white and delicate hands: "It's not burning either..."

Chen Ping was sure that he was definitely not dazzled just now, but no matter what he did now, the clock was still the same and the hands did not move!

"Fellow Taoist, if you don't want to buy it, please put down the clock for me!"

The big man with a furry face said!

"I bought it....."

After Chen Ping finished speaking, he looked at Ji Yun and said, "Give him the spirit coins..."

"Mr. Chen, this clock is just an ordinary jade carving. It's not worth the price at all. Don't lie to me."

"Some fake goods are often sold here, so you'd better look carefully."

Luo Xi said!

She was afraid that Chen Ping would be deceived here. When Luo Shouhai found out, he would definitely blame her and Jin Dong!

After all, this is the territory of the demon cultivator. The two of them took Chen Ping around and let Chen Ping be deceived!

"It doesn't matter, even if it's 100,000 spirit coins, it's still worth buying an ornament..."

Chen Ping smiled lightly!

Although Chen Ping didn't know what was weird about this clock, he always felt that this clock was anything but ordinary!

Chapter: 5480

So I want to buy it first, and then go back and study it slowly!

But just when Ji Yun was about to give money, a voice suddenly sounded!

"I want this clock..."

Not far away from Chen Ping and the others, several young demon cultivators were walking towards them. The leader of them was a young man with a scar on his forehead!

"Liu Xueyi, what are you doing here?"

Seeing the person coming, Jin Dong frowned slightly and said with disgust!

"Jin Dong, only you people from Blood Spirit Valley are allowed to come, but us people from Blood Spirit Peak are not allowed to come?"

Liu Xueyi said with a sneer!

Jin Dong glanced at Liu Xueyi coldly without saying anything, while Liu Xueyi looked at Luo Xi with a provocative look in his eyes and said: "Little junior sister, do you think there is anything you like here? If you like it, senior brother, buy it for me." you....."

Luo Xi rolled her eyes at Liu Xueyi, snorted coldly and said nothing!

Liu Xueyi was not angry when faced with Luo Xi's attitude. Instead, he looked at the big man buying things and said, "I want this broken clock. Isn't it just one hundred thousand spirit coins?"

After saying that, Liu Xueyi took out the spirit coin and threw it in front of the big man, and then reached out to take the clock from Chen Ping's hand!

Chen Ping ducked out of the way, leaving Liu Xueyi to catch him!

"You have to have a first-come, first-served basis when buying things. I've already bought this clock..."

Chen Ping looked at Liu Xueyi displeased and said!

Liu Xueyi was stunned for a moment, then sneered: "Did you buy it? Did you give me the money? Besides, you, a little human monk, dare to follow me and steal things. Don't you want to live anymore..."

Liu Xueyi threatened Chen Ping, this is the Demonic Mountain, and demonic cultivators are in power, so they are so rampant!

If he left Tianmo Mountain, this guy would probably be so scared that he would hide his aura!

"Liu Xueyi, this is Mr. Chen. You'd better be more respectful, otherwise you will get into trouble."

Jin Dong reminded Liu Xueyi!

Jin Dong knows Chen Ping's strength, and this Liu Xueyi is no match at all!

When Liu Xueyi heard this, he immediately laughed: "Jin Dong, are you mentally ill? This guy's aura looks like he has just stepped into the Tribulation Realm, and this is still in Tianmo Mountain. Are you afraid of a little monk who has just stepped into the Tribulation Realm?"

"You have embarrassed your Blood Spirit Valley too much. Moreover, you have not only embarrassed your own people, but also the face of our entire demon clan."

In Liu Xueyi's view, Chen Ping is just a young monk who has just stepped into the Tribulation Realm. Ji Yun and Huo Feng beside him are only in the Fusion Realm, so there is nothing to be afraid of!
