

The Order 5491

Chapter: 5491

“Mr. Chen, I have seen a lot of the world by myself, and I have seen a few battlefields of gods and demons, so I am not interested in this battlefield of gods and demons in Tianmo Mountain, so I simply gave the token to Chen gentlemen.....”

Devil Mountain Ghost Lao followed Chen Ping and explained.

Chen Ping knew that the Devil Mountain Ghost Boss was just saying this. Whoever doesn't want to enter the battlefield of gods and demons first, whoever enters first will definitely have the upper hand!

“Gui Lao, thank you...”

Chen Ping looked at the Demon Mountain Ghost Elder gratefully and said.

“Mr. Chen is serious. Logically speaking, I have to call you “ancestor”. It's just a token. You're welcome, Mr. Chen.”

The old devil mountain ghost laughed and said!

Many people around looked at Chen Ping with envy. After all, this VIP token should be considered a priceless treasure here!

“Mr. Chen, you must keep this token well. Although there are regulations here that no private fights are allowed, some jealous people cannot avoid secretly stealing Mr. Chen's token.”

“When the time comes, you'd better be careful if you only recognize the token but not the person...”

Luo Shouhai reminded Chen Ping.

“Thank you Lord Luo for reminding me, I will pay attention.”

Chen Ping directly put the token into the storage ring. It would be impossible for others to steal the token!

After saying goodbye to Mr. Gui and Luo Shouhai, Chen Ping, Ji Yun and Huofeng did not go to Mr. Miao and the others, but continued to wander on the street!

It's hard to come to Xuanyin Sect once, but you may never come again in your life, so Chen Ping wants to take a stroll and see if he can find any treasures!

"Mr. Chen, long time no see..."

Just after Chen Ping, Ji Yun and Huofeng walked a certain distance, someone called him from behind!

Chen Ping quickly looked back and found that it was Ning Caichen. Behind Ning Caichen, there were several Ning family members following him!

When Chen Ping's eyes fell on an old man next to Ning Caichen, he couldn't help but frown!

He didn't know the old man, but he found that the aura of the old man seemed familiar, but Chen Ping couldn't remember who he looked like for a while!

When the old man saw Chen Ping, his expression changed slightly, and his pupils shrank suddenly!

However, this change was quickly restored.

"Master Ning, what a coincidence. I didn't expect you to come to Tianmo Mountain..."

Chen Ping withdrew his gaze and smiled slightly at Ning Caichen!

Chapter: 5492

“Mr. Chen, I haven’t seen you for a long time. Your strength has really improved by leaps and bounds. Now you don’t even care about a fifth-level monk in the Tribulation Realm.”

“As expected, he is a proud man of heaven, and he also knows so many people from the demon clan and got the VIP token. I really admire Mr. Chen.”

Ning Caichen said sincerely.

Obviously, he had seen everything when Chen Ping broke Liu Xueyi’s arm just now, and he also saw the Devil Mountain Ghost giving Chen Ping the token!

But not long ago, Chen Ping’s strength was looked down upon by Ning Caichen, but now Ning Caichen has been crushed by Chen Ping!

This is talent. As the head of the family, Ning Caichen worked hard with all kinds of resources to practice, but in the end he couldn’t improve as fast as Chen Ping!

“Master Ning, you are not bad. Now you have broken through the Tribulation Realm. You should have reached the third level of Tribulation Realm, right?”

Chen Ping smiled slightly and said!

Ning Caichen said slightly embarrassed: “I just broke through to the third level a few days ago. Compared with Mr. Chen, I am really ashamed...”

Chen Ping looked at the old man next to Ning Caichen and asked, “Master Ning, who is this?”

“Oh, this is an ancestor of our Ning family. He has not been born for many years. This time he just came to Tianmo Mountain with me...”

Ning Caichen said!

Chen Ping nodded slightly and smiled at the old man, which was considered a greeting!

But the old man's face was expressionless, and his eyes were colorless!

It seemed to give people a lifeless feeling, but Chen Ping didn't pay too much attention to it. After all, he was a member of the Ning family, and he had no interaction with him!

After chatting with Ning Caichen for a while, Chen Ping took Huofeng and left with Ji Yun!

But not long after he left, Chen Ping suddenly stopped, and then said with a shocked look on his face: "I remember who this breath looks like, like that Ning Zhi..."

Chen Ping hurriedly turned around, looking for Ning Caichen. After carefully feeling the aura of the old man, Ning Caichen had already left with others!

"Mr. Chen, what are you talking about? Who is that Ning Zhi?"

Ji Yun doesn't know about Chen Ping's affairs in the secular world, so he doesn't know who Ning Zhi is!

However, Huofeng was a little confused and said: "Master, who do you think has the aura like that Ning Zhi?"

"As for the ancestor of the Ning family just now, I felt that the aura on his body was very familiar, but I didn't think of it. Now that I think about it, the aura is very similar to Ning Zhi."

The reason why Chen Ping didn't think about it at first was because he didn't think about Ning Zhi at all!

Ning Zhi is already dead, and he is still in the secular world, how can he have anything to do with the heavenly and human world!

Chapter: 5493

“Master, isn’t Ning Zhi dead? Besides, if he doesn’t die, he probably won’t be able to show up here. Has Ning Zhi become your inner demon and make you feel wrong?”

“This is simply impossible. The old man just now is the ancestor of the Ning family. He should be hundreds of years old. There is no way he belongs to Ning Zhi.”

Huofeng persuaded Chen Ping!

“Maybe I feel wrong.”

Chen Ping also didn’t believe it. After all, Ning Zhi followed the Ning family ancestor and couldn’t hit him with eight poles!

But for Ning Zhi, Chen Ping also admired this guy from the bottom of his heart. He had been stalking him for a long time. Chen Ping could be regarded as watching Ning Zhi grow up step by step!

Speaking of which, Ning Zhi can be regarded as a very talented guy, but if he chooses to go against Chen Ping, he is destined to not have many consequences!

Chen Ping was not hanging around, but went back with Ji Yun and Huofeng!

Seeing Chen Ping coming back, Cai Hongwei and Mr. Miao rushed to greet him!

“Mr. Chen, how are you? We heard that it is difficult to get the token to enter the battlefield of gods and demons this time.”

Both of them were worried that Chen Ping would abandon them!

If you can’t get the token, you won’t be able to enter the battlefield of gods and demons, and your run will be in vain!

And several people died along the way!

“Boss Cai, Mr. Miao, don’t worry. The token to enter the battlefield of gods and demons can be obtained with only spiritual coins and resources. You don’t need to worry about these things. I will ask Ji Yun to prepare the token with you when the time comes. OK.”

“But it’s hard to get VIP tokens. I only have one now, and it was given to me by a demon friend.”

Chen Ping said slightly apologetically!

“Mr. Chen, we know that the VIP token is only available to the major demon sects in Tianmo Mountain and the surrounding sects. As long as you have an ordinary token, you can enter the battlefield of gods and demons.”

Cai Hongwei said quickly!

It seems that they have also understood the rules and the rules of this battlefield between gods and demons!

“Everyone should take advantage of these few days and have a good rest. When we enter the battlefield of gods and demons, we don’t know what dangers we will encounter.”

Chen Ping said to everyone!

Everyone nodded, and then they all went to rest!

Chen Ping locked himself in the room, took out the clock, and looked at it carefully!

Chen Ping put all the breaths in his body into the clock and found that there was nothing strange about the clock!

Chapter: 5494

“Is this clock really an ordinary object carved from jade?”

Chen Ping looked at the clock in his hand and fell into deep thought!

Because he was convinced that he was not dazzled or hallucinating. The hands on the clock did move at that time!

But now no matter what method Chen Ping uses, he can't make the hands on the clock move!

For three days in a row, Chen Ping failed to study the clock thoroughly!

On this day, Jin Dong found Chen Ping and informed Chen Ping that the channel for the battle between gods and demons was completely open. Because Chen Ping had a VIP token, he could enter in advance!

The news has not been released yet, just to prevent someone who desperately wants to enter and break in directly!

It's okay if there are only one or two people, but if everyone wants to rush in, there will be no way to stop them, so blocking the news is the best way!

Chen Ping followed Jin Dong to a hall of Xuanyin Sect. More than ten people had gathered here, and they should all have received VIP tokens!

Here, Chen Ping met the Master Kong of the Xuanyin Sect. He was a thin old man with a goatee and bright eyes. He looked very capable and could do business. !

“Everyone, the battlefield of gods and demons is now open. You all have noble tokens, so you can enter in advance. However, in three days, all battlefields of gods and demons will be opened.”

“You only have three days in advance, so try to use these three days to find treasures. Once it is fully opened, you will have no advantage.”

“But I would like to remind you that after entering the battlefield of gods and demons, all the rules will disappear. Whether you can get out of the battlefield of gods and demons depends on your ability.”

After Sect Leader Kong finished speaking, he waved his hand and the roof of the hall slowly opened!

Immediately afterwards, I saw a cloud of mist in mid-air, as if the entire hall was floating in the air!

Sect Master Kong jumped up first, followed closely by the others!

Everyone passed through the sea of clouds and saw that the white vortex around the crack in the sky was much less. In front of this crack, there were dozens of people standing. Some of these people were demon cultivators, some were human monks, all People from several major demon sects and sects in Tianmo Mountain!

These people are guarding here to prevent anyone from sneaking in. If they can enter casually, then the rules negotiated by Xuanyin Sect and everyone will be useless!

Everyone stepped on the sea of clouds and looked at the crack quietly. Everyone was very excited because they didn't know what they would encounter after entering the battlefield of gods and demons!

“Mr. Chen...”

Luo Shouhai took Luo Xi to Chen Ping.

“Master Luo Valley, who do you Blood Spirit Valley plan to send into the battlefield between gods and demons?”

Chen Ping asked!

In Chen Ping's opinion, Jin Dong should be the best candidate. After all, Jin Dong is the eldest disciple and has good strength!

Chapter: 5495

Or Luo Shouhai could enter in person, but that would lose the opportunity for his disciples to train!

You must know that the way to cultivate immortality is not just to sit in a room and absorb resources to practice. Especially when your cultivation reaches a bottleneck, you must practice. Maybe you can break through the bottleneck during practice!

And this time the battlefield of gods and demons is the best experience. I believe that there will definitely be many monks who can break through the bottleneck in the battlefield of gods and demons!

“My daughter has always wanted to enter, but I want Jin Dong to go even more. After all, Jin Dong is strong and has enough experience. With more experience, his cultivation will increase a lot.”

Luo Shouhai said!

“Master, it’s good for junior sister to enter the battlefield of gods and demons. She has been suffering from serious illness, which has affected her cultivation, which makes her cultivation level low. Therefore, taking advantage of this time to enter the battlefield of gods and demons, junior sister can practice more and improve herself. cultivation level.”

Jin Dong said to Luo Shouhai!

“Having said that, the battlefield between gods and demons is full of dangers. It would be too dangerous for Luo Xi to go in alone.”

Luo Shouhai sighed and said!

“Master, there is no need to worry now. Mr. Chen has also entered the battlefield of gods and demons. Just ask Mr. Chen to take care of the junior sister. With Mr. Chen’s ability, everything will be fine.”

Jin Dong said!

When Chen Ping saw this, he immediately knew that the master and apprentice were singing the double act just so that he could take care of Luo Xi!

I must be embarrassed to say it directly, so I just sang and sang like this!

“Don’t worry, Valley Master Luo. After entering the battlefield of gods and demons, I will help take care of Miss Luo.”

Chen Ping said with a faint smile!

“Okay, okay, with Mr. Chen’s words, I feel relieved. If Mr. Chen needs me for anything in the future, I, the Blood Spirit Valley, will be obliged to do it.”

Luo Shouhai said happily!

Just as they were talking, people from Blood Spirit Peak came over, and then Cheng Jinghui looked at Luo Shouhai and said, “Senior brother, your eldest niece is so weak in strength, you are too careless to let her enter the battlefield of gods and demons.”

“Don’t you know how dangerous it is inside? What should I do if something happens to my eldest niece?”

“Even if there is no danger, if you encounter some pervert, with the beauty of my eldest niece, I think she will not be able to run away. When the time comes, the little princess of the Blood Spirit Valley will be turned around. It will be unpleasant to tell...”

Cheng Jinghui was acting strangely, as if he was deliberately irritating Luo Shouhai!

After hearing Cheng Jinghui’s words, Luo Xi’s face turned red with anger, while Jin Dong’s eyes widened: “Cheng Jinghui, shut your stinking mouth and call me uncle for your sake. You see you have some elders.” Look like that? What the hell...”

Jin Dong wants to follow Cheng Jinghui and take action!

Luo Shouhai stopped Jin Dong, then gave Cheng Jinghui a cold look and said, "Get out of here right now, don't think I dare not touch you."

Chapter: 5496

Seeing that Luo Shouhai was angry and didn't dare to touch him, Cheng Jinghui seemed to let out a bad breath before turning around and leaving!

Behind Cheng Jinghui, Liu Xueyi looked at Luo Xi and said, "Little junior sister, you don't have to be afraid. When you get to the battlefield of gods and demons, senior brother will protect you. Then, senior brother and I will also have a taste of what little junior sister feels like..."

Liu Xueyi had a lewd smile on his face, and his broken arm had already recovered as before!

"Liu Xueyi, you fucking forgot how you broke your arm. With Mr. Chen by your side, if you dare to touch your junior sister, Mr. Chen will break your limbs."

Jin Dong threatened Liu Xueyi fiercely!

But Liu Xueyi was not afraid at all. Instead, he smiled coldly and said: "When we enter the battlefield of gods and demons, I will be the first to kill this kid. Although I am not his opponent, I have helpers..."

After Liu Xueyi finished speaking, a figure suddenly appeared and stood beside Liu Xueyi!

This man was dressed in a black robe, with a strange-shaped monster embroidered on the black robe. His long shawl hair was fluttering in the wind, and his thin face was expressionless!

It seems that this man is young and very cold, but his aura is not low. Although this man is deliberately hiding his strength, you can still feel the domineering aura in him!

"Qi Peijia?"

Seeing the person coming, Jin Dong couldn't help but frown!

Luo Shouhai and Luo Xi on the side also became very surprised when they saw the person coming!

"Brother Jin, I haven't seen you for many years, I didn't expect you to know me..."

The visitor looked at Jin Dong and said with a faint smile!

"Of course we know each other. Even if a hundred years pass, I will never forget..."

Jin Dong looked at Qi Peijia with a bit of anger in his eyes!

"But this time, you don't enter the battlefield of gods and demons, which makes me a little disappointed. If there is a chance, I will continue to learn from you."

After Qi Peijia finished speaking, he turned around and left, while Liu Xueyi glanced at Jin Dong with a sneer on his face, and then followed him in a hurry!

"Brother Jin, who is this person? He looks very mysterious and very powerful."

Chen Ping asked Jin Dong!

"He is a casual cultivator in Tianmo Mountain. This guy has no family or sect in Tianmo Mountain, and no one takes him in."

Jin Dong said!

"Loose cultivator?" Chen Ping was stunned: "Can a casual cultivator reach such a state? And I think you have some issues with him?"

Chen Ping could see the anger in Jin Dong's eyes!

Chapter: 5497

Jin Dong did not answer, but glanced at Luo Xi, and then said: "Yes, this guy bullied the junior sister many years ago and almost took away the junior sister's innocence. I beat him seriously in anger and threw him into the Swallow the Demon Cave."

"I really didn't expect that this guy survived and became so powerful. It's simply outrageous."

"Demon Swallowing Cave?" At this moment, Chen Ping was a little confused and didn't understand what this Demon Swallowing Cave was!

"Mr. Chen, the Demon Swallowing Cave is just a cave in Tianmo Mountain. However, when the disciples of the six major demon sects passed by the Demon Swallowing Cave, many of them disappeared for no reason, so over time, the cave was named. The Demon Swallowing Cave."

"And all the major demon sect disciples in Tianmo Mountain will also avoid that place and will not pass by there again."

Luo Shouhai followed Chen Ping and explained!

Chen Ping understood now why they were all shocked when they saw Qi Peijia!

He was seriously injured and thrown into the Demon Swallowing Cave, but he survived and became even stronger. This is a bit outrageous!

If it weren't for the opening of the battlefield between gods and demons, Chen Ping would have wanted to explore the Demon-Swallowing Cave to see what was so special about it!

Chen Ping and others are waiting for the crack in the different space to completely open and the surrounding space-time turbulence to completely disappear before they can enter!

The whirlpools around the cracks became fewer and lighter, and finally disappeared completely!

And the wisps of white mist around the crack began to roll violently, and soon a passage was formed around the crack!

When everyone saw that the passage was open, and just when they were about to try it, a figure suddenly rushed towards the crack quickly!

Then a harsh sound sounded, like an alarm!

Dozens of monks standing in front of the crack saw this and waved out together!

Dozens of breaths condensed in one place, becoming extremely powerful!

In an instant, this breath hit the figure, and the figure turned directly into blood mist, which was blown away by a gust of wind!

“Everyone, if you don’t have a VIP token and want to intrude without authorization, this is what will happen. I hope you will pay attention!”

Sect Leader Kong of Xuanyin Sect said loudly!

As soon as Sect Master Kong finished speaking, he saw a black shadow turning into a gust of wind and heading towards the crack!

But this time, there was no harsh sound. It was obvious that this person had a VIP token, so the dozens of monks guarding the front did not take action!

Everyone stared blankly, but no one rushed forward. After all, no one knew whether the passage was completely opened. Although the first one to rush in could have a time advantage, he was also at risk!

If the passage is not fully opened and is swept away by the turbulence of time and space, there may be no return!

Chen Ping looked at that figure and knew it was Qi wearing armor, he couldn't help but admire the guy!

Chapter: 5498

Qi Peijia's figure reached the crack, and his whole body looked distorted, as if the turbulence of time and space still existed!

Everyone was secretly glad when they saw this. Fortunately, they didn't rush in first!

But the twisted body of Qi Pear did not stop, but continued to move towards the crack, and soon entered the mist channel, and then the figure disappeared without a trace!

"Miss Luo, let's go..."

When Chen Ping saw Qi Peijia entering, he knew there would be no danger, so he said to Luo Xi!

Luo Xi nodded, and then followed Chen Ping and flew towards the passage!

Others also jumped up and headed towards the passage of the battlefield of gods and demons!

Soon everyone's figures disappeared into the passage. There were only a few people left above the sea of clouds that was bustling just now!

"Master, let's go back. Mr. Chen will take care of our junior sister, so she should be fine."

Jin Dong said to Luo Shouhai who was unwilling to leave!

Luo Shouhai nodded, and then followed Jin Dong from above the sea of clouds to the Xuanyin Sect!

When Chen Ping took Luo Xi into the battlefield of gods and demons, it turned out to be a desert. There were many bones on the ground that had stayed here for thousands of years!

These bones can no longer tell which ones are immortals and which ones are demons, but looking at the bones all over the ground, you can tell that many people died on this battlefield!

“These bones are also treasures. You must know that the owners of these bones are those human immortals and demon immortals who have ascended to the heaven. If these bones can be used to make weapons, they will definitely be very powerful!”

Luo Xi looked at the bones all over the ground and was not afraid. Instead, he was excited and wanted to pick up the bones to use as weapons!

“If you pick up these bones all over the ground, when will you pick them up? Throw them away quickly.”

Chen Ping asked Luo Xi to throw away the bones.

They entered the battlefield of gods and demons for more powerful treasures, not to pick up bones!

When Luo Xi saw this, he could only throw away the bones he picked up!

Chen Ping looked around. The sky was filled with yellow sand, and no one could be seen at all. Chen Ping didn't know if the other people had been sent to other places, or if the battlefield of gods and demons was divided into several spaces!

After all, these different spaces are all artificially created, so you can create as many as you want, and you can create whatever kind of environment you want!

Chen Ping used his spiritual consciousness to explore the surroundings, but here, his spiritual consciousness was actually limited. Chen Ping's spiritual consciousness could only detect a few hundred meters, which was not as far as his eyes could see!

In this case, it is obviously impossible to rely on spiritual consciousness to detect treasures. It probably depends on luck!

“Miss Luo, I will give you a jade slip. The two of us will look for it separately. Regardless of whether we find the treasure or not, we will eventually meet in one place.”

Chapter: 5499

“This jade slip is for the convenience of communication. You must take it...”

Chen Ping knew that time was precious, and it would be a waste if the two of them hunted for treasure together!

If two people act separately, they can explore the largest area in the shortest time!

And there are no people around here, so there shouldn't be any danger, that's why Chen Ping suggested this!

“Okay!” Luo Xi nodded, took the jade slip, and set off in one direction!

Chen Ping also found a direction and took steps forward!

Chen Ping walked not far and found a trace of green among the white bones. Chen Ping knew that this green must be a treasure!

It should be an item that a certain immortal or demonic immortal carried with him when he died!

But just when Chen Ping was about to bend down to pick up the green thing, a sudden gust of wind hit him!

“Boy, if you find something good, give it to me immediately, otherwise don't blame me for being rude to you!”

A demon cultivator with a round face, holding a weapon like a boning knife, shouted sharply at Chen Ping!

This demonic cultivator was at the third level of the Tribulation Realm. Seeing that Chen Ping had just stepped into the Tribulation Realm, the demonic cultivator looked confident and asked Chen Ping to hand over the treasure!

Chen Ping just glanced at the demon cultivator and ignored him at all. For a third-level demon cultivator in the Tribulation Realm to dare to shout after him, he was simply looking for death!

Chen Ping picked up the touch of green and found that it was a green ring. Chen Ping used his spiritual sense to explore it and found that it was a storage ring with a large storage space. It was worthy of being a treasure on the battlefield between gods and demons!

But just when Chen Ping was about to put away the things, the demon cultivator became anxious and waved the weapon in his hand at Chen Ping: "Boy, can't you fucking hear me? I asked you to hand over the things." I... .."

Chen Ping watched the demonic cultivator attack him with a hint of disdain at the corner of his mouth. He then put the ring away, and then he had a long whip in his hand. He swung it in an instant and headed towards the demonic cultivator!

This is a demonic whip. When the whip is struck, the demonic cultivator suddenly feels his sea of consciousness tightening, and his whole person is in a trance!

This demonic whip attacks the demonic cultivator's spiritual consciousness, so the demonic cultivator is unable to defend himself!

The reason why Chen Ping did not use the magic whip in Tianmo Mountain is because this thing is specially designed to restrain demon cultivators. If exposed, I believe many demon cultivators in Tianmo Mountain will look at Chen Ping covetously!

When the whip went down, the demonic cultivator's face changed drastically, and he kept retreating in a daze. His eyes were full of horror and he said: "What are you doing? How can it be so powerful?"

The demon cultivator was in the third level of Tribulation Realm, but now he was whipped by Chen Ping and was unable to resist.

“This is a magic whip, ready to teach you evil cultivators a lesson!”

After Chen Ping finished speaking, he whipped the whip in his hand again!

The demon cultivator’s face darkened, he shouted suddenly, stretched out his claws, and grabbed the demonic whip!

Chapter: 5500

With this grab, countless sinister bone claws instantly appeared in the void, and these bone claws tightly grasped the base of the magic whip.

“Hahaha, I don’t care whether you use the magic whip or the divine whip, you are just trash in front of me...”

The demon cultivator grabbed Chen Ping’s magic whip and burst into laughter!

Chen Ping looked at the arrogant look of the demon cultivator and couldn’t help but laugh!

Immediately afterwards, the source of fire in Chen Ping’s body exploded instantly, and a wisp of fire followed the magic whip and directly ignited the bone claws of the demon cultivator!

Countless bone claws were all burned to powder by the fire!

“To the fire?”

The demon cultivator was startled and stepped back desperately, but his body was already covered in flames?

“ah.....”

The demon cultivator screamed and rolled on the ground desperately!

Looking at the rolling demon cultivator, Chen Ping just watched with cold eyes, watching helplessly as the demon cultivator was burned to ashes by the fire!

This kind of demonic cultivator who took advantage of the situation deserves what he deserves!

A person who is only in the third level of Tribulation Realm and dares to take Chen Ping's advice is simply seeking death...

Chen Ping couldn't help but sneered as he watched the demon cultivator turn into ashes!

After killing the demon cultivator, Chen Ping continued to move forward, but Chen Ping's speed was very slow, and his consciousness was expanded as much as possible!

The reason why Chen Ping walked slowly was because he was afraid that when Luo Xi was in danger, he could rush over immediately!

Since Luo Shouhai left his daughter in his care, Chen Ping couldn't just sit back and do nothing!

Xuanyin Sect!

Not long after Chen Ping and others with VIP tokens entered the battlefield of gods and demons, someone came to the door of Xuanyin Sect!

The people who came were none other than Zuo Xuan, the young master of the Demon Sealing Alliance, as well as Elder Chu and the two helmsmen!

Elder Fei from the Soulless Palace was also following Zuo Xuan!

Zuo Xuan relies on his status as the young master of the Demon Sealing Alliance, so he doesn't look down on these demon cultivators at all!

Their Demon Sealing Alliance has raised many demon cultivators. Those who are obedient will be raised, and those who are disobedient will be killed!

So over the years, Zuo Xuan has developed the habit of looking down on demon cultivators!
