

## **The Order 5511**

Chapter: 5511

Behind Luo Xiang, the monster opened its mouth, and all the thousands of sword lights that Luo Xi waved were swallowed by the monster!

Fortunately Luo Xi didn't see it, otherwise, he would have been so frightened that he couldn't even run away!

I saw the monster swallowing the thousands of sword lights into its mouth, chewing it twice, and then spit it out suddenly!

At this moment, those thousands of sword lights were heading towards Luo Xi!

Luo Xi felt a burst of cold light behind him, then his pupils shrank and he turned around suddenly!

As a result, thousands of sword lights were seen, shining with light!

The sword light was already in front of him, Luo Xi screamed instinctively, and then held the stone in his hand to block it in front of him!

This was Luo Xi's instinctive action. Because it was too tight, Luo Xi had no time to react!

Just when Luo Xi lifted the stone, suddenly a light emitted from the stone, and there were all kinds of wonderful lines on it!

A very strange force caused those sword lights to fall and disappear one after another!

Luo Xi narrowly escaped death and had no time to carefully observe the stone in his hand. He could only run with all his strength to escape!

And after seeing the light emitting from the stone, those monster beasts became even more crazy, roaring loudly, and chasing Luo Xi desperately!

At this time, Chen Ping was also rushing over, and he could already see Luo Xi's figure from a distance!

After seeing the monsters behind Luo Xi, Chen Ping also felt dizzy!

Hundreds of monsters are chasing Luo Xi together, which is a bit difficult to handle!

It is impossible for Chen Ping himself to stop these hundreds of crazy monsters!

Hundreds of monster beasts roared again, and in front of Luo Xi, a dense barrier appeared!

These barriers are all transparent. In the void, if you don't look carefully, you can't see them at all!

It wasn't until Luo Xi bumped into the barrier that he realized that the road ahead was blocked again!

Luo Xi also used the old method to get around from one side, but this time he couldn't get around.

Because there were too many barriers this time, extending directly for a long distance!

Luo Xi frowned, became even more panicked, and then slashed hard with the long sword in his hand!

She wanted to break the barrier, but when Luo Xi slashed it with his sword, it seemed as if it had been cut into the air. The long sword passed through the barrier, and then the barriers were restored again!

Luo Xi was stunned, and then swung his sword again, but it was still the same, the barrier seemed impossible to cut through!

Chapter: 5512

At this time, Luo Xi was shocked. Looking at the monsters behind him, he really wanted to cry without tears!

“Why? Why are you beasts chasing me...”

“Am I going to die here, in the mouths of these monsters?”

Luo Xi began to regret coming to this battlefield between gods and demons!

If he hadn't come, nothing like this would have happened. Although there are many opportunities in the battlefield between gods and demons, the dangers are also great!

We have just arrived at the battlefield between gods and demons, and we are about to lose our lives!

“Miss Luo, don't be afraid...”

Just when Luo Xi was desperate, Chen Ping's voice suddenly rang out!

At this moment, hearing Chen Ping's voice, Luo Xi seemed to hear the sound of nature!

“Mr. Chen, save me...” Luo Xi shouted excitedly when he saw Chen Ping!

Chen Ping put away the magic whip, took out his dragon-slaying sword, and slashed hard with the sword, trying to smash the barrier in front of Luo Xi and create a passage!

Rumble.....

After a loud sound, those transparent barriers still existed. Chen Ping's violent blow just now penetrated the barrier directly and did not cause any damage to the barrier!

“Huh? What a strange technique?”

When Chen Ping saw this, he was very curious. He didn't understand why these monsters still had such methods!

Chen Ping saw that force could not break through, so flames jumped out of his palms, and a burst of fire struck through!

Since force can't break it, use fire!

It's a pity that Zhihuo has no influence on the barrier at all!

Seeing that the barrier could not be broken, Chen Ping began to become anxious, because those monsters were so close!

Chen Ping was helpless, the dragon crystal on his chest began to shine, and then golden light shot out in all directions!

A monstrous dragon power surged out, and then headed towards those barriers!

Those barriers disappeared instantly after coming into contact with the power of the divine dragon!

Not only did the barrier disappear, but even the chasing monsters slowly stopped with fear in their eyes!

Seeing those monsters stop, Luo Xi breathed a long sigh of relief!

Chapter: 5513

Chen Ping relied on the power of the divine dragon to suppress those monster beasts, and then slowly retreated with Luo Xi, keeping distance from those monster beasts!

But as soon as Chen Ping and the others retreat, those monsters will follow!

When Chen Ping stopped, those monsters also stopped!

This happened over and over again, which made Chen Ping very confused!

“These monsters are crazy. Why are they always chasing us?”

Luo Xi complained very dissatisfiedly!

“It’s really strange, why are these monsters chasing after them?”

“Did you provoke these monsters?”

Chen Ping asked in confusion!

“No, I just picked up a stone, and these monsters chased me desperately...”

Luo Xi said!

“Stone?” Chen Ping then discovered that Luo Xi was holding a round stone in his arms.

Chen Ping took the stone from Luo Xi’s arms, looked at the strange ripples on the stone, and then a ray of spiritual consciousness penetrated into it, and then he was stunned!

Because what kind of stone is this? It’s clearly an egg!

Thinking of these monsters chasing Luo Xi like crazy, Chen Ping could conclude that this egg must belong to these monsters!

What parent would not fight tooth and nail if they saw their child being taken away?

“What kind of stone is this? This is obviously an egg.”

Chen Ping was speechless for a while!

After hearing this, Luo Xi suddenly looked embarrassed: “I saw that there were patterns on this stone, so it must be some kind of treasure, so I picked it up. I didn’t expect...”

Chen Ping took the egg, looked at the leading monster, and then said: “I’m really sorry. We didn’t steal your eggs, we just misunderstood. I will return the eggs to you now.”

These monsters have already opened their spiritual intelligence, so of course they can understand Chen Ping’s words!

The most important thing is that Chen Ping’s divine dragon power makes all these monsters fearful!

If Chen Ping didn’t have the power of the divine dragon, these monster beasts would never listen to Chen Ping’s words, and they would have roared and attacked!

The monster nodded, Chen Ping put the egg on the ground, and then pulled Luo Xi back!

Chapter: 5514

When the monster saw this, he opened his mouth and took the beast pill in his mouth!

Then he looked at Chen Ping and Luo Xi, and suddenly said: “Do you want to hunt for treasure when you enter here? Come with me...”

After the leading monster beast finished speaking, he turned around and left, and the other monster beasts followed suit!

Chen Ping and Luo Xi looked at each other and immediately followed him!

Chen Ping followed Luo Xi, running with those monsters, and soon ran a long distance!

The two people followed these monsters from the boundless wilderness to the rolling hills!

“Mr. Chen, where are these monsters taking us? When I picked up the big stone just now, it was not here.”

Luo Xi was a little scared, so she asked Chen Ping!

“I don’t know, but these monsters have been in this battlefield of gods and demons for many years. They must know where the treasures are, so we can just follow them.”

“I don’t think these monsters are malicious, and nothing will happen to them.”

Chen Ping didn’t know where these monsters were going, so he could only follow them!

When Chen Ping and the two of them followed those monsters over a hill, a large flash of light soon appeared in front of them!

Looking closely, I found that there were weapons all over the place, but many of the weapons were somewhat damaged!

After all, there has been a war here, whether it is a fight between immortals or demons, the weapons in your hands will definitely be damaged!

This is just such a large area, with piles of weapons stacked together, which is obviously a bit strange!

These weapons don't seem to have been dropped, but rather like someone deliberately piled them here!

"These weapons were all picked up by me..."

The monster leader said!

When Chen Ping heard it, it turned out that this monster had picked it up. No wonder after they stepped into the battlefield of gods and demons, they saw bones all over the ground, but no weapons were found!

It turned out that this monster had picked them up in this place, but Chen Ping didn't know what the monster was doing picking up these broken weapons. Could it be that he had this habit?

"Why did you pick up these weapons?"

Chen Ping asked curiously!

"These weapons all have immortal energy left in them. What I need is the immortal energy on them..."

The monster leader said!

Chapter: 5515

"Immortal energy?" Chen Ping was stunned. He didn't feel the existence of immortal energy at all!

The monster leader didn't speak, but walked directly towards the piles of weapons!

Chen Ping slowly followed Luo Xi!

Soon, the two people seemed to have passed through a transparent barrier, and they even saw ripples in the void!

But just after Chen Ping passed through this barrier, a large amount of immortal energy rushed towards him!

This time, Chen Ping was stunned!

It turns out that these weapons all contain immortal energy, and these immortal energy are blocked by a force, so Chen Ping didn't feel it just now!

But now, after passing through the barrier, the immortal energy rushes towards me!

"Such a strong immortal energy. When you pick up these weapons, do you want to use the immortal energy on them to practice?"

Chen Ping asked the monster leader!

But the leader of the demonic beasts shook his head: "In my cultivation, I can't use the immortal energy in this broken weapon. There are a lot of immortal grasses in this battlefield of gods and demons, all of which are very lush."

"Then why are you piling these weapons here?"

Chen Ping looked at the monster leader in confusion!

The monster leader did not speak, but continued to move forward, and Chen Ping and Luo Xi followed him again!

Stepping on the weapons under their feet, Chen Ping and the others walked forward step by step!

When he reached a small pile of weapons, the leader of the monster beast gently fiddled with it with his thick tail, and the pile of weapons scattered instantly!

Just after the weapons were scattered, Chen Ping and Luo Xi discovered that underneath the weapons, there was a colorful beast egg covered with various patterns!

It turns out that these weapons were used to bury the beast's egg!

Chen Ping looked at the egg, which seemed different from the one picked up by Luo Xi.

"Is this egg yours?" Chen Ping asked tentatively!

The monster leader shook his head: "No, if it were my child, I wouldn't be buried under these weapons."

"I don't know what is inside this beast egg, but I know that this beast egg has been absorbing fairy energy. In order to hatch this beast egg, I picked up these weapons and used the fairy energy in the weapons to make this beast egg incubation."

"It's a pity that after thousands of years, this beast's egg still seems to have no sign of hatching, but from the looks of it, this beast's egg is likely to be a spiritual beast. If it is ordinary monsters like us, wrapped in such a rich fairy energy, it has been hatched a long time ago."

The leader of the monster beast followed Chen Ping and said!

Chapter: 5516

"Spirit beast egg?" Chen Ping was suddenly surprised!

You must know that spiritual beasts are things that can be encountered but not sought, and the strength of spiritual beasts is many times stronger than ordinary monsters!

In the heavenly realm, only immortals with sufficient strength are worthy of owning spiritual beast mounts!

"Then why did you bring me here?"

Chen Ping asked!

“You have the aura of the beast clan and the power of the dragon clan. I want you to hatch this spiritual beast egg.”

“If it can be hatched, this spiritual beast will be better than any treasure in this battlefield of gods and demons.”

The monster leader said!

Chen Ping looked at the monster leader calmly, frowning slightly and said, “Why do you want to help me? Is it because of the power of the dragon in my body?”

“No, I’m not helping you, I’m helping myself.”

The monster paused and said: “The battlefield between gods and demons has opened, and the life of our tribe will be disrupted. By then, we will inevitably be massacred, and then our beast pills will be taken.”

“I only hope that when the battlefield of gods and demons is closed, you can completely seal the entrance to the battlefield of gods and demons. We just want to live a stable life.”

“We don’t want to become immortals through cultivation, we just want to not be disturbed. In fact, it’s quite good to have stayed here for thousands of years...”

The tone of the monster leader’s tone was very helpless!

There are not many people entering the battlefield of gods and demons now, and one of their eggs was even taken away by Luo Xi. If there were too many people, their group might be wiped out!

You must know that these monsters living in the battlefield between gods and demons have no way to ascend to immortality. After all, this world was created by man.

If these monsters want to ascend to immortality, they must break this battlefield of gods and demons, or another immortal will come, destroy this world, and release these monsters!

But now it seems that these monsters don't want to leave here, nor do they want to become monsters and immortals forever!

They just want to live a peaceful life!

"Okay, I promise you, but I'm afraid that my strength won't be able to seal the entrance to the battlefield of gods and demons."

Chen Ping agreed to the request of the demon beast leader, but he was just cautiously crossing the tribulation realm. It would not be easy to permanently seal the entrance to the battlefield of gods and demons!

"As long as you agree, I believe you can do it. You have the power of the dragon in your body, so you can definitely do it."

The monster leader believes in Chen Ping because he believes in the power of the dragon in Chen Ping!

As an orc, this monster knows the power of the dragon!

Chapter: 5517

"I'll try my best!" Chen Ping nodded!

"If this is a spirit beast egg, treat it well."

After the monster leader finished speaking, he turned around and left!

It seems that these monsters do not live here, they just brought Chen Ping and the others here!

“Mr. Chen, is this really a spirit animal egg?”

Luo Xi didn't quite believe it. After all, she had never seen a spiritual beast before!

“It's possible. On this battlefield between gods and demons, there will definitely be spirit beasts participating in the battle. It's not impossible that a spirit beast egg will be left behind.”

After Chen Ping finished speaking, he slowly walked towards the spirit beast egg, then reached out and wiped it on it!

The spirit beast egg actually has a sense of warmth and feels very comfortable to the touch!

Chen Ping could really feel the movement in the spirit beast egg, but when he used his spiritual sense to explore it, he couldn't penetrate it at all!

And just when Chen Ping used his spiritual sense to explore, the spirit beast egg seemed to react!

The strange patterns on it suddenly glowed with colorful light!

And the light shot straight into the sky, blooming like fireworks!

Chen Ping was so frightened that he quickly retracted his hand and stared blankly at the colorfully luminous spirit beast egg!

The colorful lights looked very dazzling in this gloomy battlefield of gods and demons!

Those who entered the battlefield of gods and demons all saw this colorful light at this moment!

“What kind of treasure is this?”

Qi Peijia was suspended in mid-air, and at his feet was the corpse of a monster, and in his hand was a bloody beast pill.

When he saw this colorful light, murderous intent suddenly appeared in his eyes!

No matter who gets this treasure, Qi Peijia will fight for it without hesitation!

In this battlefield between gods and demons, there is no mercy, let alone emotion!

Their only purpose is to get the treasure they want!

Some people started to go in the direction of the light!

At this moment, Chen Ping's hand had left the spirit beast egg, so the light was slowly disappearing!

Chapter: 5518

Chen Ping frowned. He knew that the light just now must have attracted others' attention!

Chen Ping didn't want to attract anyone's attention. He was just here to hunt for treasure, not to fight!

But now, he doesn't want to attract attention and has no choice!

“Mr. Chen, I think you still have the spirit beast egg. Let's get out of here as soon as possible. Someone will definitely come soon.”

Luo Xi glanced around, and then said to Chen Ping!

Chen Ping may have left with the spirit beast egg, but wouldn't it be a pity if he didn't absorb and use this strong immortal energy?

After pondering for a moment, Chen Ping lowered his head and selected four swords from a pile of weapons, and then inserted them into the four corners respectively!

These four swords are all defective, and Chen Ping can't control that much now!

Then Chen Ping began to draw formations under the four long swords, and a series of mysterious formation graphics were drawn by Chen Ping!

Then Chen Ping connected these graphics together!

Soon, a huge magic circle was drawn by Chen Ping alone!

Luo Xi looked at Chen Ping in shock. She really didn't expect that Chen Ping could depict such a huge formation!

At this moment, Chen Ping was already sweating profusely, but he still didn't give up and kept painting!

After the last stroke of the formation was completed, bursts of white mist soon appeared from all around, covering up Chen Ping and the others!

Looking down from mid-air, this area is completely white, and it's impossible to see clearly what's going on inside!

Moreover, Chen Ping's formation also has the ability to block divine consciousness. Even if someone wants to use divine consciousness to detect it, nothing can be found at all!

"Miss Luo, help me protect the law for the time being. I will absorb the immortal energy. When the absorption is completed, we will leave here."

Chen Ping said to Luo Xi!

“Mr. Chen, don’t worry, I will fight to the death to protect you.”

Luo Xi nodded!

Chen Ping quickly sat cross-legged, closed his eyes slightly, and his body began to quickly absorb the surrounding immortal energy!

The Heart Condensation Technique was operating rapidly, and Chen Ping squeezed out all his potential!

Chen Ping had no other choice, he really couldn’t bear to part with these rich immortal energy!

While Chen Ping was practicing, a middle-aged man appeared not far away!

Chapter: 5519

The middle-aged man looked around and frowned slightly: “It should be in this direction. It can’t be wrong. Why can’t I see it?”

The middle-aged man was obviously looking for the colorful beam of light just now, wanting to see what kind of treasure it was that could emit such a dazzling light!

The middle-aged man jumped up, suspended in mid-air, and then looked around!

I found that not far away, there was a vast expanse of white mist. The mist gathered and never dispersed, covering only a few miles in radius!

Seeing this scene, the middle-aged man flew over quickly!

As a piece of spiritual consciousness dispersed, the middle-aged man discovered that there was no one else around. However, when the spiritual consciousness entered the white mist, it suddenly disappeared without any feedback at all!

“Is this a magic circle set up by someone? Even the spiritual consciousness can’t penetrate it?”

The middle-aged man frowned slightly, then took out two black balls from his arms, and then threw them on the ground!

The ball exploded, and two hungry wolves rushed out from the black smoke!

Under the command of the middle-aged man, the two hungry wolves charged towards the white mist with bared teeth!

But as soon as they entered the white mist, they heard two voices, and the two hungry wolves stopped moving!

At this moment, the middle-aged man’s expression became a little solemn, but at this moment, the white mist suddenly fluctuated, and soon a sharp sword flew out!

The middle-aged man’s eyes turned cold, and he swung his palm towards the sharp sword!

boom!

With this palm, the sharp sword was smashed to pieces!

Just when the middle-aged man was surprised, he found that a figure had arrived in front of him, and then a white light flashed in front of him!

The middle-aged man frowned, and a black shield instantly formed outside his body, directly blocking the white light!

The middle-aged man looked closely and found a girl holding a long sword and glaring at him!

This girl was Luo Xi. After Luo Xi knew that someone was coming, in order not to disturb Chen Ping's practice, he chose to rush out of the formation!

The middle-aged man looked at Luo Xi and couldn't help but smile and said: "Little girl, with your strength, you dare to sneak attack on me. I'm really tired of living."

"You and I are both demons, so I won't kill you. But what kind of treasure did that colorful light just come from? Hand it over immediately."

The middle-aged man saw that Luo Xi was also a demon cultivator, so he planned to let her go, as long as Luo Xi handed over the treasure!

"Don't even think about it, that thing belongs to Mr. Chen, how could it be given to you..."

Luo Xi's eyes widened and he said with anger!

Chapter: 5520

"Well, you little girl, if you don't eat the toast, you will have to drink wine as a penalty, then I will kill you first and then seize the treasure..."

After saying that, the middle-aged man suddenly waved his palms, and a monstrous black mist erupted directly from his body, then transformed into a black python and attacked Luo Xi!

Luo Xi's face changed slightly when he saw this, and he hurriedly waved the long sword in his hand, and sword lights shot into the sky!

"Miss Luo, come back quickly..."

At this time, Chen Ping's voice sounded in Luo Xi's ears!

You must know that this middle-aged man is at the sixth level of the Tribulation Realm, while Luo Xi is only at the second level of the Tribulation Realm. There is a huge difference. How can he be his opponent?

Hearing Chen Ping's voice, Luo Xi wanted to retreat into the formation, but it was too late. The black giant python had already arrived in front of Luo Xi!

Luo Xi panicked. Just when she was at a loss, three rays of light suddenly shot out!

These three rays of light instantly penetrated the black python. The solid black python instantly turned into a black mist due to the aggressiveness of these three rays of light and slowly dissipated!

Luo Xi looked and found that the three rays of light were actually three long swords, which were all the swords used by Chen Ping to set up the formation at the beginning!

Luo Xi took the opportunity to retreat into the formation. At this time, Chen Ping had already opened his eyes and stared at the middle-aged man outside the formation!

"Mr. Chen, it seems that this place will become more and more dangerous, and many people will be looking for it soon."

Luo Xi said to Chen Ping with lingering fear!

Of course Chen Ping knew that it was dangerous to stay here, but the place was full of immortal energy, and he really couldn't bear to abandon it!

Slowly, the white mist covering the formation dissipated, and the figures of Chen Ping and Luo Xi were exposed in front of the middle-aged man!

The middle-aged man's eyes turned red when he saw the weapons all over the floor!

But soon, his eyes were also attracted by the spirit beast egg with strange lines!

Seeing that Chen Ping and Luo Xi were just monks who had just entered the Tribulation Realm, the middle-aged man felt much relieved!

“You two get out of here right now and hand over everything here. I can save you from death. Otherwise, if I slap you down, you will both die.”

The middle-aged man threatened Chen Ping and Luo Xi!

“We will never give it to you.”

Luo Xi said with a cold face!

Uncharacteristically, Chen Ping showed a somewhat frightened expression and said, “Fellow Taoist, we just stumbled upon this place by chance. We can hand everything over to you, but you must promise not to kill us.”

Seeing that Chen Ping was so aware of current affairs, the middle-aged man nodded and said: “Of course, we have no grievances. I came to the battlefield of gods and demons just to pick up treasures, not to kill people. As long as you are obedient, I will not I will kill you.”
