

The Order 5541

Chapter: 5541

But now, let alone Jin Dong, even Luo Shouhai can't resist this guy!

Now it seems that Qi Peijia must have had an adventure in the Demon-Swallowing Cave, but Chen Ping didn't know exactly what adventure it was!

It was this adventure that made Qi Peijia's strength grow by leaps and bounds in a short period of time!

Qi Peijia slowly raised his hand, and a huge magic palm once again condensed in the void!

Then the second palm fell. With this palm falling, the ground suddenly cracked, and the magic circle Chen Ping laid was instantly wiped out!

Liu Xueyi looked at Qi Peijia in shock!

You must know that they were all at the same level before, but now, he might not even be able to resist Qi Peijia's palm!

He actually used his powerful strength to directly break through the magic circle!

When the magic circle broke open, Chen Ping yelled: "Let's go..."

Chen Ping suddenly exerted force, and Luo Xi was thrown far away.

Chen Ping had to let Luo Xi escape first. Only in this way would he have no worries.

When Liu Xueyi saw Luo Xi trying to escape, he hurriedly jumped to catch up!

He couldn't let Luo Xi run away. This was a once-in-a-lifetime opportunity, and he had to seize Luo Xi!

When Chen Ping saw that Liu Xueyi was going to chase Luo Xi, his eyes suddenly turned cold and he waved his palm suddenly!

"Thunder Palm....."

Chen Ping shouted angrily!

Large black clouds gathered in the sky, and lightning flashed through the black clouds, rumbling non-stop!

This sudden change made Liu Xueyi stunned for a moment, and then he saw the black clouds in the sky condensed into a giant palm and swatted it towards him!

And in this giant palm, lightning is constantly bombarding down!

This frightened Liu Xueyi. He had never seen such a battle before!

Qi Peijia on the side saw Chen Ping's Thunder Palm, and his eyes were full of surprise!

He really couldn't imagine that Chen Ping, a first-level monk in the Tribulation Realm, could have such strength?

"Master Qi, save me, save me..."

Liu Xueyi roared, his heart filled with fear!

Chapter: 5542

It is rare to see a third-level monk in the Tribulation Realm being beaten by a first-level Tribulation Realm monk and crying for help!

Qi Peijia waved his hand, and a giant palm also formed, directly supporting Liu Xueyi's head.

boom.....

Two huge palms collided together, instantly causing huge waves and flying sand and rocks like a sandstorm!

Liu Xueyi fell to the ground with a thud, and a mouthful of blood spurted out from his mouth!

Although Qi Peijia blocked his palm, the aftermath still shocked Liu Xueyi seriously!

When the smoke slowly dispersed, Chen Ping was still there!

"Humph, you still want to escape in front of me, daydreaming..."

Qi Peijia snorted coldly. He didn't seem to be in a hurry, but quickly chased in one direction!

Soon, Qi Peijia saw Chen Ping!

When Chen Ping felt Qi Peijia chasing after him, he couldn't help but frown. He found that this guy seemed to know the direction of his escape, so he chased after him!

"You are only at the first level of Tribulation Realm, but you still want to escape from my grasp. I think you should just accept death."

Qi Peijia's body flashed as fast as lightning!

In the blink of an eye, Qi Peijia was about to catch up with Chen Ping. Chen Ping used Wind Step, but he still couldn't close the distance behind Qi Peijia!

"Damn, why is this guy so perverted?"

Chen Ping's pupils shrank and he couldn't help but cursed!

Looking at Chen Ping in front of him, Qi Peijia reached out and grabbed it. In an instant, several black mist condensed into iron chains and wrapped around Chen Ping!

Every iron chain is like a poisonous snake spitting out letters!

These chains surrounded Chen Ping from all directions, making Chen Ping very passive!

Seeing that Chen Ping was about to be bound by these chains, suddenly a white light flashed!

brush.....

Chen Ping felt his eyes go dark, then light up, and then he saw that he was already several miles away!

It was as if Chen Ping was using space means to jump directly into space!

He was several miles away in the blink of an eye. Chen Ping had no control over this kind of teleportation, let alone how to use it!

Chapter: 5543

But now he actually appeared several miles away!

"What...what is going on?"

Chen Ping looked confused. He really couldn't understand why he suddenly appeared here?

Chen Ping was confused, and Qi Peijia was even more confused, and then his expression became excited: "This guy actually knows space magic and can jump through space..."

Qi Peijia thought that what Chen Ping cast was a space spell that could jump through space, so he appeared several miles away in the blink of an eye, making it difficult for people to detect him!

Qi Peijia jumped up and landed not far away from Chen Ping. He looked at Chen Ping coldly: "Boy, I didn't expect that you would be able to know so many spells at your small level. It seems that I want to absorb these spells from you." Come here and use it for me..."

After that, Qi Peijia shot at Chen Ping again, but Chen Ping turned around and ran away. It was impossible for him to follow Qi Peijia and fight head-on!

Chen Ping thought carefully as he ran, what happened when he just arrived?

Suddenly, Chen Ping seemed to think of something, and his consciousness quickly sank into the storage ring!

When he saw the jade-carved clock in the storage ring, he found that the hands of the clock had moved and were no longer in their original position!

"Isn't it just a space spell, but a time spell?"

Chen Ping was shocked!

However, Chen Ping was very surprised. No matter what he did, the clock never moved. Why did it start to move on its own without anyone taking care of it?

Just when Chen Ping felt very puzzled, a sudden danger came from behind. Qi Peijia repeated his old tricks, and several iron chains came towards Chen Ping, about to entangle Chen Ping!

Chen Ping tried his best to use the Wind Step, but there was no way to escape. The strength gap between the two was a bit big!

Just when Chen Ping was panicking, he suddenly found that the lines on the spirit beast egg suddenly flickered. As the spirit beast egg flashed with light, the clock also flashed with white light, and the hands moved slightly!

Chen Ping was stunned. He really didn't expect that it was this spirit beast egg that made the clock move?

Chen Ping felt that the danger behind him had disappeared. When he turned around to look, he found that Qi Peijia had been thrown away by him several miles away!

Qi Peijia looked at Chen Ping who suddenly disappeared and then suddenly appeared, and he was a little sluggish!

A young monk who is at the first level of the Tribulation Realm can actually use space spells twice in a row?

This is a bit outrageous!

You must know that the relatively abnormal existence of space magic consumes a huge amount of money. How can Chen Ping, a first-level monk in the Tribulation Realm, use it continuously?

Qi Peijia couldn't figure it out, but his feet didn't stop, but he chased Chen Ping in a few leaps and bounds!

When Chen Ping saw this, he ran away, and then hoped that the spirit beast egg would make the clock move!

Chapter: 5544

But Qi Peijia was already chasing behind him, and there was no reaction from the spirit beast egg. Now Chen Ping was a little panicked!

“Brother, are you trying to activate it once?”

Chen Ping stared at the spirit beast egg and shouted in his heart!

I don't know if Chen Ping's inner cry was received by the spirit beast egg, or if the spirit beast egg sensed Chen Ping's danger, the lines on the spirit beast egg flashed with light again!

Chen Ping was overjoyed and quickly looked at the clock, but this time, the clock didn't move at all and showed no sign of starting!

“Holy shit, what's going on?”

Chen Ping was stunned and a little at a loss!

Behind him, Qi Peijia's terrifying aura was already in front of him.

When Chen Ping saw that there was no response from the clock, he could only draw out his dragon-slaying sword and prepare to fight to the death with Qi Peijia.

But just as Chen Ping used the Dragon-Slaying Sword, he suddenly heard a roar!

Then the ground began to tremble, and smoke and dust billowed from the sky!

Chen Ping and Qi Peijia were both stunned, and then looked into the distance!

Hundreds of monsters were seen, making terrifying roars and coming on the billowing smoke. This shocked both Chen Ping and Qi Peijia!

The herd of beasts quickly rushed in front of them. Qi Peijia retreated quickly, but Chen Ping could not retreat. If he retreated, he would retreat directly in front of Qi Peijia!

“Fight...” Chen Ping held the dragon-slaying sword and activated his indestructible golden body, intending to fight his way out of the herd of beasts!

Dealing with these beasts is better than dealing with that armor!

But just when Chen Ping was about to fight his way out, the beasts came to Chen Ping and actively avoided it, then rushed towards Qi Peijia!

Chen Ping was stunned, looking at the swarming beasts around him, but none of them attacked him!

Soon, Chen Ping looked at the spirit beast egg and found that the spirit beast egg was still glowing and swaying slightly, as if following Chen Ping to claim credit!

Obviously, these beasts were attracted by this spirit beast egg, and the reason why these monster beasts did not attack Chen Ping was also because of this spirit beast egg!

“Damn, it’s really a treasure...” Chen Ping looked at the spirit beast egg and liked it very much!

It’s still an egg now, it’s so awesome, if it hatches, what’s the point?

Chen Ping is now beginning to fantasize about riding a strange beast from heaven and earth, traveling through the world of heaven and man. Who dares to provoke him then?

boom.....

Chapter: 5545

A sudden loud noise pulled Chen Ping back from his fantasy!

Qi Peijia could only see the aura surging all over his body. After shouting loudly, the black aura swept in from the void, and many monsters were killed in an instant!

Qi Peijia was angry. It was clear that Chen Ping was stronger than him, but these monsters bypassed Chen Ping and attacked him. Could it be that he was easy to bully?

Seeing Qi Peijia's angry and killing look, Chen Ping didn't dare to stay, so he used the Wind Step and fled quickly!

Upon seeing this, Qi Peijia wanted to catch up, but the countless monsters were still charging towards him, so Qi Peijia could only roar furiously!

Chen Ping didn't care about him anymore and ran away with all his strength!

I don't know how long it took, but Chen Ping could no longer feel Qi Peijia's breath, even with his spiritual consciousness, he couldn't detect it, and then he breathed a sigh of relief!

As for Qi Peijia, he looked like a bloody man, and under his feet were countless corpses of monsters!

Liu Xueyi arrived late. Looking at the scene in front of him, he could only swallow his saliva and dare not say a word!

At this time, Qi Peijia had just fought against the beasts, attracting many monks, many of whom were demonic cultivators!

But when those human monks saw the demonic energy rising from Qi Peijia's body and looked at the corpses of monsters on the ground, they all left in despair!

If this guy goes crazy and kills all the human monks like them, there will be trouble!

However, those demon monks were all excited. There were so many monsters and a lot of beast pills!

And these monster beasts have been growing in the battlefield of gods and demons, and the beast pills are much better than those in the outside world!

These demon monks were frantically picking up the beast pills. Qi Peijia seemed not to notice them and didn't care about the beast pills!

He killed these monsters, but Qi Peijia didn't want these beast pills!

When Liu Xueyi saw this, he also hurriedly picked it up!

Qi Peijia stared blankly into the distance, and an eye suddenly appeared above his eyebrows. He activated the Tianming Eye again, the whole world became dim, and the direction of Chen Ping's escape was clearly visible to Qi Peijia!

Soon, the eyes on Qi Peijia's forehead slowly disappeared, his eyes condensed slightly, and he said with murderous intent: "In this battlefield of gods and demons, you can't even think of taking out the palm of my hand..."

After Qi Peijia finished speaking, he headed towards the direction where Chen Ping escaped!

Seeing this, many demon cultivators followed him one after another. They planned to follow Qi Peijia and pick up some treasures!

There is no order in the battlefield of gods and demons, so these demon cultivators must unite together, otherwise they will be easily killed by cultivators from other ethnic groups!

The same goes for the human race and the orc race. They all look for companions, otherwise they will easily be massacred if they fight alone!

Chen Ping was sitting on a boulder and resting at the moment. He had no idea that Qi Peijia could chase after him!

Chapter: 5546

But while Chen Ping was resting, he suddenly felt someone approaching and instantly became vigilant!

But when the people came closer, Chen Ping felt relieved. It turned out that these people were all from the Ning family, and Ning Caichen was among them!

Seeing Chen Ping, Ning Caichen said slightly excitedly: "Mr. Chen, I didn't expect to meet you. I heard that you got the VIP token and entered early. I wonder if you have gained anything?"

Chen Ping shook his head: "There is nothing to gain. This battlefield of gods and demons does not seem to be as easy as imagined, and the battlefield of gods and demons is huge. It is not easy to find treasures..."

"What did you gain?" Chen Ping asked.

"We only found some fairy grass, killed some monsters, and got some beast elixirs. There are no special treasures."

"I wonder if Mr. Chen has a companion? If not, we can go together. In this battlefield of gods and demons, there are no rules. It is very dangerous for a person to fight alone."

Ning Caichen enthusiastically invited Chen Ping to join him!

"No need, I'm used to being alone. If we go together, maybe you won't get anything..."

Chen Ping declined Ning Caichen's kindness!

"Mr. Chen, if we go together, we can..."

Ning Caichen wanted to win over Chen Ping. After all, Chen Ping had entered the battlefield of gods and demons for three days and must know more than them!

"Caichen, since I don't want to, don't force it..."

At this time Ning Zhi spoke!

Ning Caichen quickly lowered his head and said: "I understand, ancestor..."

Chen Ping glanced at Ning Zhi and then explained: "To be honest, I have offended a lot of people in this battlefield of gods and demons. If I team up with you, I will definitely be implicated."

While Chen Ping was speaking, a ray of consciousness inadvertently headed towards Ning Zhi!

Ning Zhi's brows furrowed slightly, but he didn't make a move. Instead, he let Chen Ping's consciousness explore his body!

Ning Zhi knew that everything about him had changed now. Except for the existence of his own soul, Chen Ping could not detect anything!

What he needs now is to be patient. At this moment, he is in a dominant position. After all, Chen Ping can't recognize him at all, and he can pay attention to Chen Ping at any time!

Although it was the best time to kill Chen Ping in this battlefield of gods and demons, Ning Zhi was a little afraid to do it!

Let's not talk about whether Ning Caichen will stop him or not. Let's look at Chen Ping's performance when he was in Xuanyin Sect. Ning Zhi also wants to see Chen Ping's true strength. To make sure nothing goes wrong, take action!

What's more, Ning Zhi's body has not fully recovered yet. He is possessed by a corpse that has been dead for hundreds of thousands of years. It will take a long time to fully recover!

After Chen Ping used his spiritual consciousness to explore Ning Zhi, he had more doubts in his heart!

Chapter: 5547

He was certain that the old man in front of him did have an aura very similar to that of Ning Zhi, and could even be said to be the same person.

After all, in the secular world, Ning Zhi was Chen Ping's stalking opponent. This guy went through all kinds of hardships in order to defeat Chen Ping, and Ning Zhi was also very talented!

But if this person is Chen Ping, it is impossible regardless of his age or appearance. Besides, Ning Caichen also said that this is the ancestor of their Ning family!

Moreover, when they were in the secular world, everyone saw that Ning Zhi was already dead. It was impossible for him to come back to life, let alone appear in the world of gods and humans!

Just when Chen Ping was deep in thought, his body suddenly shook slightly, and then his expression became serious!

Because he felt it, Qi Peijia actually came after him!

"Damn, it's so haunting. How did he find this place?"

Chen Ping cursed in confusion, and then said to Ning Caichen: "Master Ning, I have to say goodbye. I still have something to do..."

After Chen Ping finished speaking, he left quickly!

Looking at Chen Ping's smart look, Ning Caichen felt very strange!

Before Ning Caichen could say anything, he saw a black shadow flashing away, and behind the black shadow, there were more than a dozen demon cultivators following!

These people passed by the Ning family without even looking at them!

Obviously, these people are going for Chen Ping!

At this moment, Ning Caichen knew that what Chen Ping said was true. If Chen Ping teamed up with them, they would probably be targeted by others now!

“Let’s go take a look...”

Ning Zhi couldn’t help but become interested when he saw Chen Ping being chased everywhere!

He really wants to know how abnormal Chen Ping’s strength has become. Just looking at Chen Ping’s realm, his true strength can no longer be seen!

“Ancestor, do we want to help Mr. Chen?”

Ning Caichen asked!

He thought Ning Zhi went to take a look to help Chen Ping!

“I’m just watching the excitement, do you understand?”

Ning Zhi glared at Ning Caichen, and then chased in the direction where Chen Ping escaped!

When Ning Caichen saw this, he also chased after him!

At this moment, Chen Ping, who was escaping, could already feel the dangerous aura getting closer and closer!

Chapter: 5548

“This is so fucking evil. How did this guy find out where I am?”

Chen Ping was very puzzled as to how Qi Peijia knew his location!

He can be found accurately every time, which gives Chen Ping a headache!

“Mr. Chen, this Qi Peijia may have the Heavenly Ming Eye. Among our demon clan, it is said that a powerful demon cultivator in ancient times developed the Heavenly Ming Eye. This Heavenly Ming Eye is like a clairvoyant and can see through everything.”

“And you can also look back on what happened not long ago. The higher the skill, the more powerful the Heavenly Ming Eye. Later, because the demon cultivator used the Heavenly Ming Eye to spy on the secrets of the sky, he was suppressed and the Heavenly Ming Eye was lost.”

“After this Qi Peijia fell into the Demon-Swallowing Cave, his strength suddenly increased by leaps and bounds. He must have had an adventure. Maybe he learned the Tianming Eye, so that he can accurately know the location of Mr. Chen.”

In his mind, Zhe Yan followed Chen Ping and said!

“Tian Mingyan?” Chen Ping suddenly felt dizzy!

This guy is already difficult to deal with, but now that he has the Celestial Eye, it becomes even more difficult to deal with!

Chen Ping was thinking, but he didn't dare to relax his feet at all. He even used the Wind Step to make it smoke, but the dangerous aura behind him was getting closer and closer!

brush.....

Suddenly, Chen Ping felt a strong wind coming from behind him. Chen Ping did not dare to look back. He jumped forward and rolled with the force, avoiding the blow!

Chen Ping stood up and saw Qi Peijia already in front of him, with a disdainful sneer on his face!

“Boy, I told you, you can’t escape from my grasp, so you don’t have to run away anymore, just accept your death...”

Qi Peijia said coldly!

“Suffer your mother’s death...”

With Chen Ping’s Dragon-Slaying Sword in hand, his eyes became extremely sharp. Even if he knew he was outmatched, Chen Ping would not be able to catch him without any help. This is not his character!

I saw Chen Ping’s indestructible golden body covering his whole body, and the dragon crystal on his chest was shining with light!

“Nine Shadows Sword Technique.....”

Chen Ping shouted loudly, and instantly figures appeared one after another!

In the end, six figures surrounded Qi Peijia!

Six identical Chen Pings, each with exactly the same aura!

Qi Peijia looked at Chen Ping who suddenly turned into several people, but he didn’t even panic at all!

“Hmph, it’s just an illusion, but you still want to master it?”

Chapter: 5549

Qi Peijia thought Chen Ping was performing an illusion!

“cut.....”

Chen Ping ignored him. Since Qi Peijia regarded the Nine Shadows Sword Technique as an illusion, Chen Ping could take advantage of his carelessness and take action!

Chen Ping shouted low, and a series of buzzing sounds sounded. Six identical Chen Pings instantly slashed out a sword light!

But these six sword rays trembled slightly, and then began to split, and soon turned into thousands of sword rays, surrounding Qi Peijia, and all slashed towards Qi Peijia!

Feeling the danger coming from all directions, Qi Peijia frowned slightly.

“It’s not an illusion?”

Qi Peijia felt it. Chen Ping in every direction seemed to really exist!

Even these sword lights are exactly the same, there is nothing illusory!

Qi Peijia’s pupils kept shrinking, and his whole person was enveloped by thousands of sword lights!

“Even if you can really clone yourself, you can’t even think of killing me...”

Qi Peijia roared, and a black mist suddenly erupted from his body. This black mist wrapped Qi Peijia’s body tightly!

“Black Magic Armor...”

Along with Qi Peijia’s roar, the black mist that enveloped Qi Peijia’s body began to solidify quickly, and finally turned into a pair of armor, which was worn tightly on his body!

The black armor has no light at all. At first glance, it looks like a bottomless abyss!

At this moment, Chen Ping is wearing a golden indestructible body, while Qi Peijia is wearing a black magic armor. Both of them are like warriors, representing their respective sides!

Liu Xueyi followed a kind of demon cultivator to catch up. When they saw the scene in front of them, they were stunned!

What they saw was six golden Chen Pings, surrounding Qi Peijia, who was wearing black armor!

Countless sword lights were heading towards Qi Peijia!

“What...what is going on? Why are there six of them? Are they sextuplets?”

“Shit, haven’t you seen that they are all exactly the same people? They must all be phantoms and fake.”

“No, it doesn’t look like it’s fake. Each one of them has aura, the same aura.”

Many demon cultivators were talking about it!

Liu Xueyi’s face turned pale. He really didn’t expect that Chen Ping had so many methods!

Chapter: 5550

At that time, he was tricked by Chen Ping and thought he was careless. But now it seems that he is simply not strong enough and can’t beat Chen Ping!

When dealing with him, Chen Ping didn’t need to use the Nine Shadows Sword Technique at all!

Not far away, everyone from the Ning family also arrived. Looking at the six identical Chen Pings, Ning Caichen was also confused!

Ning Zhi's eyes narrowed slightly, and his face became extremely solemn!

He saw that after Chen Ping stepped into the world of heaven and earth from the secular world, his strength became so strong!

It's simply an abnormal growth!

In the eyes of everyone, the thousands of sword lights pierced Qi Peijia directly, but Qi Peijia did not dodge, and even the expression on his face did not change!

When those ten thousand sword lights pierced Qi Peijia's body, Qi Peijia stood motionless and was completely fine!

Those ten thousand sword lights seemed to have been swallowed by the black magic armor, and fell directly into the bottomless abyss!

There was no reaction at all, and there was no harm to Qi Peijia at all!

"Damn, this Qi Peijia is so awesome..."

"What's going on? How long has it been? Qi Peijia has become so powerful."

"What kind of armor is he wearing? I've never heard of it."

Many demon cultivators were shocked!

After all, Qi Peijia used to be a casual cultivator with low strength and no one looked down upon him. But Qi Peijia, who had disappeared for a while, reappeared and actually had such abnormal strength!

How could the many demon cultivators not be shocked, and Liu Xueyi was even more shocked that he couldn't shut his mouth!

When Chen Ping saw this, he also frowned, his eyes full of surprise!

“It’s broken, Mr. Chen is going to be in danger...”

When Ning Caichen saw this, he clenched his hands involuntarily and became worried for Chen Ping!

“Boy, your clone technique is pretty good. At first I thought it was an illusion, but I didn’t expect that I underestimated you.”

“A young monk who is in the first level of the Tribulation Realm. He possesses the clone technique and the space technique. It seems that you have a lot of good things.”

“If you obediently hand over your things and pass on your skills to me, I can consider making your death more comfortable!”

Qi Peijia said with disdain!

“I’ll leave it to your mother...”
