

## **The Order 5621**

Chapter: 5621

And he sprayed out streams of ice mist from his mouth, trying to stop Ning Caichen and others!

The ice mist spread rapidly. Before Huo Feng and Bai Qian could escape, they were covered by the ice mist and were instantly frozen!

When Ning Zhi saw this, he grabbed Ning Caichen and retreated quickly!

The remaining Ning family disciples were all instantly frozen!

The liger roared and kept chasing Ning Caichen!

Ning Zhi pulled Ning Caichen and fled quickly!

After escaping for a certain distance, the liger stopped, and then let out waves of angry roars!

When Ning Zhi saw this, he immediately understood that this liger seemed to have geographical restrictions and could not leave this area, otherwise it would not stop every time it chased it to this place!

Thinking of this, Ning Zhi felt relieved, but Ning Caichen was already pale at this moment and was scared out of his mind.

After roaring twice, the liger retreated directly!

Ning Zhi was unwilling and failed to kill Chen Ping on the spot, but now that Chen Ping was frozen, if the liger beast returned, Chen Ping would definitely not survive!

Although I can't kill Chen Ping with my own hands, I can still get my revenge!

Thinking of this, Ning Zhi was extremely excited!

“Show that skill...”

Ning Zhi said!

Ning Caichen nodded and handed the jade slip of that Tao's technique to Ning Zhi!

Ning Zhi took the jade slip of the martial art, and then penetrated it with a breath!

But there was no response from the jade slip, and Ning Zhi couldn't even see the content on the jade slip!

Ning Zhi frowned and injected another spiritual power, but there was still no reaction on the Jade Slip of the Kung Fu!

“Is it an abandoned technique?”

Ning Zhi said with confusion on his face!

“Ancestor, what's going on?” Ning Caichen asked!

“This jade slip cannot be opened and the contents inside cannot be seen...”

Ning Zhi said!

Chapter: 5622

“Ancestor, let me give it a try!” After Ning Caichen said that, he also injected a burst of spiritual power, but there was no reaction on the Jade Slip of the Kung Fu Technique!

Ning Caichen was stunned and said casually: “Does this Jade Slip of Kung Fu require demons to open? After all, this place is full of evil spirits. Maybe it is a Jade Slip of Kung Fu of Demons. The spiritual power of our human monks cannot defeat it. open.”

Ning Caichen’s words instantly made Ning Zhi’s eyes light up!

This crack is filled with the evil spirit of the Dao pattern, which means that this technique is very likely to be a demon’s technique. Since it is a demon’s technique, it needs the evil spirit of the demon to open it!

But in front of Ning Caichen, Ning Zhi couldn’t directly use his evil spirit, otherwise his identity would be completely exposed!

Although Chen Ping is dead, Ning Zhi cannot expose himself yet. After all, this is the world of heaven and humans. He has not fully recovered yet. It is good to be the ancestor of the Ning family!

There was no need to worry about food and clothing, and there were people collecting various resources. Like the emperor, Ning Zhi didn’t want his identity to be discovered so quickly!

“You stay here and wait to see if there will be any other movements from the liger beast. I will find a way to activate the technique. If the technique cannot be activated, our Ning family’s children will die in vain.”

Ning Zhi said to Ning Caichen!

Ning Caichen nodded. He did not dare to refute the words of his ancestor!

I saw Ning Zhi jumping up with the Jade Slip of the Kung Fu, his whole body suspended in mid-air, surrounded by the thick evil aura of Dao Marks!

At this moment, Ning Zhi just let go of himself, with a ferocious smile on his face, and then greedily absorbed the evil energy around him!

Then a blast of evil energy penetrated into the Jade Slip of the Kung Fu, and as expected, the Jade Slip of the Kung Fu began to slowly emit light!

However, there was not much evil spirit in Ning Zhi's body. Although the jade slip of the Kung Fu method reacted, the contents inside could not be seen. Ning Zhi could only put away the jade slip of the Kung Fu technique and desperately absorb the evil spirit around him!

On the other side, the liger roared angrily. The guard's skill was taken away. The liger was so angry that it roared and smashed the frozen people into pieces with its claws!

Just when the liger came in front of Chen Ping and was about to slap it down with his claws, golden light suddenly erupted from Chen Ping's body!

Golden light shone everywhere, and the ice that sealed Chen Ping's ice melted instantly. When the liger felt the golden light, its eyes showed fear and kept retreating!

In front of Chen Ping, I saw the spirit beast egg coming out of Chen Ping's storage ring on its own, and emitting golden light!

Chen Ping also slowly opened his eyes, looking at the spiritual beast egg emitting golden light in front of him, his eyes full of surprise!

Wherever the golden light shines, all the ice melts!

Huofeng and Bai Qian also woke up!

It's a pity that all the Ning family members were smashed to pieces by the ligers. Even if the ice melted, they wouldn't be able to survive!

"Owner....."

“Chen Ping...”

Chapter: 5623

Huofeng and Bai Qian hurriedly ran to Chen Ping!

Looking at the golden spirit beast egg in front of them, Huofeng and Bai Qian were also surprised!

I saw that the spirit beast egg kept floating towards the liger beast, and the liger beast that was so fierce just now was like a pug, frightened and kept retreating!

In the end, he lay on the ground and roared, seemingly begging for mercy!

And the spirit beast egg floated to the liger’s head and hit it hard!

The liger that was hit directly kept wailing, but it didn’t dare to dodge!

Chen Ping and the others were stunned when they saw this scene!

No one would have thought that the extremely ferocious liger would be afraid of a spirit beast egg?

Chen Ping originally wanted to take the spirit beast egg back and stop it from provoking the liger. If the liger was really provoked, they would probably be the ones who suffered. This spirit beast egg was not afraid of anything!

But before Chen Ping could step forward, the spirit beast egg hit the liger hard again!

The liger suddenly stood up, let out a roar, and was filled with white ice mist!

When Chen Ping and the others saw this, they were so frightened that they quickly retreated!

But the spirit beast egg was floating in the air, suspended motionless!

It seems that he is not afraid of this liger at all!

After the liger roared for a while, its whole body suddenly twitched, and then it opened its mouth suddenly and spit out a beast pill. There was white light flowing in the beast pill!

After spitting out the beast pill, the liger lay on the ground again, looking aggrieved!

The spirit beast egg jumped twice, as if calling Chen Ping to come over!

Chen Ping looked at the beating spirit beast egg and walked over cautiously!

When he found the liger lying motionless on the ground, Chen Ping dared to reach out and pick up the beast pill!

After picking up the beast pill, Chen Ping hurriedly retreated, while the spirit beast egg followed Chen Ping behind!

After retreating a certain distance, Chen Ping looked at the beast pill in his hand with excitement!

This is the beast elixir of the liger!

Chen Ping took the beast pill and penetrated it with a burst of spiritual power. Instantly, a burst of white flames filled the air, and the surrounding temperature instantly became extremely low!

But Chen Ping felt a wave of heat while holding the beast pill in his hand, which made Chen Ping very strange!

Chapter: 5624

Chen Ping began to absorb the white flames emanating from the beast elixir, but soon Chen Ping's body began to be covered with frost, and he almost turned into an iceman!

This shocked Chen Ping and he quickly stopped absorbing!

"It's really strange. Why do I feel that there is a heat wave in this beast elixir, but it is emitting an icy air?"

Chen Ping was very puzzled, what exactly was the beast elixir of this liger!

"Master, look quickly..."

Huofeng suddenly screamed!

Chen Ping quickly took a closer look and found that the faint white mist around him was actually full of beating flames, but the color of the flames was white.

"This...this is ice flame. I didn't expect that there is ice flame in this liger beast pill?"

"No wonder in a place like this, ligers can spray out ice mist and freeze everything. This is not frost at all, but ice flames!"

Bai Qian exclaimed!

"Bingyan?" Chen Ping was stunned!

Chen Ping had never heard of Bingyan at all, and he was confused for a moment!

"This ice flame is also a type of flame. The flame does not necessarily only emit heat, it can also emit extremely cold air."

“You should know that when people are particularly cold, they will appear to be extremely hot and take off their clothes.”

“This ice flame is as cold as fire. No wonder the liger can freeze even flames. It turns out that this is ice flame and a type of flame, so it is not afraid of fire.”

“Even if it is very hot, even if it is in magma, this ice flame can freeze everything. If it is just ice mist, there is no way to freeze objects in an extremely hot environment!”

Bai Qian followed Chen Ping in explaining!

Chen Ping finally understood the general idea, but it seems that this ice flame is indeed a good thing!

“Since this is a type of flame, it’s easy to handle!”

Chen Ping now has the stars of the origin of fire. All he needs to do is absorb the ice flame and transform it into the power of the origin!

As soon as Chen Ping stretched out his hand, the beast elixir slowly spread out in the palm of Chen Ping’s hand, and a ball of ice flame beat in the palm of his hand!

Looking at the ice flame in his palm, Chen Ping opened his mouth and swallowed the ice flame directly!

Seeing Chen Ping’s way of absorbing it, Bai Qian couldn’t help but be speechless. You must know that ordinary monks would not dare to absorb it like this!

The ice flame entered Chen Ping’s body and began to surge crazily. Chen Ping released the source of fire and began to fuse with the ice flame!

Chapter: 5625

The origin space is opened, and the stars of the origin of fire are constantly emitting light, with huge suction forces absorbing the manic ice flames!

In just ten minutes, the ice flame was completely refined by Chen Ping, and the stars that were the source of fire became much brighter!

Chen Ping flipped his wrist, and a flame shot out instantly, and then a stone on the stone wall melted instantly!

And at the moment when the stone melted and dripped, Chen Ping thought, and the melted stone was all frozen!

And it's still in liquid form, frozen in mid-air!

“Hahaha, that's great...”

Chen Ping laughed excitedly. He had never thought that there was such a thing as ice flame!

Fire can burn everything, but ice flames can freeze everything. If Chen Ping wants to get something, he can freeze it with ice flames!

If you use fire, everything will be burned, but you will get nothing!

Chen Ping was extremely happy at this moment. Looking at the beating spirit beast egg in front of him, he stretched out his hand to grab it, and then a ray of divine consciousness penetrated into it!

He really wanted to know what kind of spirit beast was in this spirit beast egg. Not only did he subdue the liger, but he actually made the liger spit out the beast pill willingly!

But as soon as Chen Ping's consciousness entered the spirit beast egg, a dazzling five-color brilliance shot up into the sky!

Chen Ping didn't even see what was in the spirit beast egg, so he was so frightened that he took back his consciousness!

He doesn't want everyone around him to be attracted by this brilliance, and when the time comes, he will become the target of public criticism and be chased by everyone!

"What's in here?"

Bai Qian asked Chen Ping.

Chen Ping shook his head: "I don't know!"

"This egg is so special. Why do I feel so panicked when I see this egg?"

Bai Qian asked with a frown!

When Chen Ping saw this, he quickly put the spirit beast egg into the storage ring!

Bai Qian is also a beast, so she feels oppressed when she sees this spirit beast egg.

The reason why the fire phoenix didn't feel anything was because the fire phoenix's bloodline was noble, and it also had the bloodline of a spiritual beast, which was much nobler than the white nine-tailed fox!

"Master, that skill was taken away by the Ning family..."

Huofeng followed Chen Ping and said!

Chapter: 5626

Chen Ping was not surprised after hearing this. He knew that in the face of huge interests, the Ning family would take action at any time!

After all, he didn't have any deep friendship with the Ning family!

When he took out the Divine King Bow, everyone in the Ning family was actually tempted, but Chen Ping held on, and everyone in the Ning family felt that they were not completely sure, so they let Chen Ping leave!

"If we leave, we might be able to hunt down those people from the Ning family..."

Let's not talk about who discovered the technique first. Now that the Ning family is taking advantage of the situation, Chen Ping feels very unhappy!

Chen Ping turned around and left with Bai Qian and Huofeng. The liger shook its head and stood up, following behind as if to send off Chen Ping and the others!

Chen Ping saw that the liger had no ill intentions, so he didn't care anymore and let him follow behind!

It would be even better if this liger could become his pet and follow him to fight on the battlefield of gods and demons. Then Chen Ping would not have to be afraid of Qi Peijia!

It's just that Chen Ping's idea couldn't be realized at all. After Chen Ping and the others walked for a while, they found that the liger was no longer following them, and stood there blankly looking at Chen Ping and the others!

Chen Ping saw the liger stop and knew that the range of activities of the liger should be limited, so his idea of taking the liger as a pet could not be realized at all!

"Let's go. The liger has no beast elixir and its strength has been greatly reduced. It won't be of much help if you keep it as a pet."

Bai Qian saw Chen Ping's thoughts and said!

The liger's beast elixir was absorbed by Chen Ping, so the liger's strength will also drop significantly!

If they take action now, the liger will definitely no longer be their opponent!

Chen Ping looked at the liger and suddenly took out the Dragon-Slaying Sword!

"what are you up to?"

Seeing Chen Ping take out the Dragon-Slaying Sword, Bai Qian was very surprised and said: "This liger beast pill is gone, it has been eaten by you, and there is nothing useful in it, why do you need to kill it?"

After all, Bai Qian is also an orc, so he couldn't bear to watch Chen Ping kill the liger!

What's more, the ligers in the world of heaven and humans are probably already extinct, and only the ligers survive in this battlefield between gods and demons!

"Who said I was going to kill him..."

After Chen Ping finished speaking, he used the dragon-slaying sword on the stone walls on both sides of the crack and began to swing it!

Strange lines appeared one after another. It turned out that Chen Ping was setting up a formation!

Soon, a secret formation was set up by Chen Ping.

When the formation started, Bai Qian looked forward. There was no sign of the liger anymore, and he only saw an empty road!

Chapter: 5627

“This liger has no beast elixir, and its strength has been greatly reduced. If anyone enters this crack again, the liger may be in danger.”

“I have set up this secret formation. Unless you are a senior formation master, you can’t see through it at all. This way, the ligers can live here with peace of mind.”

Chen Ping explained!

Bai Qian glanced at Chen Ping, smiled slightly and said, “I didn’t expect you to be quite caring. Don’t forget to use your love for me too. Why am I smaller and pitiful than that liger...” ”

When Chen Ping heard this, he immediately rolled his eyes. He was almost squeezed dry by Bai Qian, and he dared to say that he was petite and pitiful...

“Who is it? Come out...”

Suddenly, Huofeng shouted towards the corner!

Chen Ping and Bai Qian also turned around cautiously!

I saw Ning Caichen walking out with a somewhat flustered face.

“Mr. Chen, don’t get me wrong, it’s me...”

Ning Caichen just saw someone coming out, so he hid. When he saw it was Chen Ping and the others coming out, he was very shocked!

Especially the liger, which was following Chen Ping and the others like a pet, which made Ning Caichen even more confused!

He couldn't understand. There had been a fierce battle just now, and the liger was going to kill these people, but now it followed them like crazy!

Moreover, the ice on Chen Ping and the others was also lifted. Ning Caichen didn't know why!

And Chen Ping's formation just now was also seen by him!

"So it's you, where are our techniques?"

When Bai Qian saw it was Ning Caichen, she was immediately furious and stepped forward to grab Ning Caichen's collar!

Ning Caichen acted like a little chicken in front of Bai Qian, with no strength to fight back!

"I...I gave the technique to my ancestor, it's not here with me!"

Ning Caichen hurriedly explained!

"What about your ancestors..."

Bai Qian asked!

Ning Caichen shook his head. He had no idea where Ning Zhi had gone. Ning Zhi just asked him to wait here!

"Mr. Chen, I took that skill just now because I saw that you were frozen by the liger beast, so I used this method to save you and attract the liger beast away."

Chapter: 5628

“I have no intention of taking advantage of others’ danger. After all, you have saved my life. How can I do something ungrateful?”

Ning Caichen tried his best to explain after Chen Ping!

He was afraid that Chen Ping would be angry and kill him. After all, Chen Ping’s current strength was not something he could handle!

What’s more, Bai Qian and Huo Feng are still here!

Chen Ping just gave Ning Caichen a cold look. He knew that Ning Caichen was telling lies, but he still let Bai Qian let Ning Caichen go!

“You really don’t know where your ancestor has gone?”

Chen Ping asked Ning Caichen!

“Really, that skill should be a demon skill, so we can’t open it at all. The ancestor said to try it out and asked me to wait here...”

Ning Caichen told the truth!

Just as Ning Caichen finished speaking, Ning Zhi’s figure floated down from the evil aura in mid-air!

“This technique belongs to the demon clan and cannot be opened at all. I want to try it with the breath here, but it still doesn’t work...”

After Ning Zhi finished speaking, he threw the technique directly to Chen Ping!

Chen Ping took the jade slip of the Kung Fu technique and poured a burst of spiritual power into it. Sure enough, there was no movement on the jade slip and the contents inside could not be seen!

“This thing is only useful in the hands of the demons. It seems that our efforts are in vain.”

“Since you want it, I’ll give it to you and let’s go find other treasures.”

After Ning Zhi finished speaking, he winked at Ning Caichen, then turned and left!

Chen Ping watched Ning Zhi and Ning Caichen leave quietly without moving!

Bai Qian and Huo Feng didn’t say anything. After all, the other party returned the jade slip very happily!

“Master, what should we do? Should we wait until we get out and ask Master Luo of the Blood Spirit Valley to help us take a look? After all, he is a demon cultivator.”

Huofeng asked Chen Ping!

“No, I am half a demon cultivator, you two wait for me here...”

After Chen Ping finished speaking, his body jumped up and was suspended in the evil aura of the crack!

The Ningxin Jue was running rapidly, and Chen Ping was frantically absorbing the evil energy of the Dao Mark!

Ning Zhi and Ning Caichen, who had left on the other side, slowly raised their heads and found that the evil aura in the cracks was decreasing.

Chapter: 5629

The cracks that were originally obscured by clouds of black mist began to slowly fade, and the scenery above could actually be seen from under the cracks!

“Ancestor, what’s going on?”

Ning Caichen asked in confusion!

“Maybe because the skills were taken away, the evil spirit here is also dissipating.”

Ning Zhi looked at the evil spirit that disappeared, and his teeth itched with hatred!

But he knew that he had to endure it. If Chen Ping could make the liger docile and free himself from the frozen state, he must have power that he didn’t know yet!

I originally thought that Chen Ping was dead, but I didn’t expect that he was still alive. But this is better. Ning Zhi can take revenge by killing Chen Ping with his own hands!

But not now. Ning Zhi is no longer the reckless person before. He must take action when he is 100% sure to kill Chen Ping!

Now his identity has not been revealed. He is hiding and Chen Ping is hiding. This is Ning Zhi’s biggest support, so he will not be exposed easily!

“Ancestor, it’s such a pity that you gave up your skills so easily...”

Ning Caichen said with regret on his face!

“Since we can’t open it, it’s useless for us to keep it. Why not just be a favor? If we don’t give it to him, will he let us leave?”

Ning Zhi smiled faintly, and then jumped out of the crack!

After leaving the crack, Ning Zhi glanced at the crack behind him and raised a sneer at the corner of his mouth.

I don't know if this guy has opened the technique and seen the content inside!

.....

I don't know how long it took, but Chen Ping slowly opened his eyes and started laughing!

With these Dao Mark evil spirits, he can continue to use the God King Bow. The last time he fought with Qi Peijia, Chen Ping almost exhausted all the power in his body!

Although this battlefield of gods and demons is full of spiritual energy, there is also fairy energy everywhere, which can be quickly replenished by Chen Ping!

But it is difficult to replenish this evil spirit. It can only be replenished by killing evil things or some rotting corpses, and that is also very slow!

But within this crack, there was so much Dao pattern evil energy that Chen Ping absorbed it happily!

Chen Ping even doubted whether this crack was opened by the Yin Demon's sword?

Also, could the technique be from Yin demons?

Is that a liger or the mount of the Yin Demon?

Chapter: 5630

Chen Ping didn't know all this, and he was just guessing. If he wanted to figure it out, he would have to encounter the evil spirit!

But it's not easy to meet the evil spirits. These old guys are hiding somewhere to secretly investigate!

After all, if their identities were revealed, it would be very exciting!

Chen Ping slowly fell from the air, and Bai Qian and Huo Feng hurried up!

“How about it, do you know what’s in that technique?”

Bai Qian asked quickly!

Huofeng also listened curiously with his ears perked up!

But Chen Ping shook his head: “I haven’t read it yet...”

Hearing that Chen Ping hadn’t opened it yet, Bai Qian said anxiously, “Hurry up and open it and take a look...”

Chen Ping nodded, and then a stream of evil energy continued to penetrate into the jade slip of the pressing method!

As the jade slip slowly flickered with white light, the white light finally turned into golden light, and a shadow was projected into the air!

Chen Ping hurriedly exuded his spiritual consciousness and quickly looked up the exercises on the jade slip!

It only took a moment for the jade slips of this technique to enter Chen Ping’s consciousness!

Soon the light disappeared and nothing could be seen!

And the jade slip of the martial art also turned into ashes in Chen Ping’s hands!

“What the hell is this? I don’t understand it at all...”

“Huofeng, do you understand?”

Bai Qian couldn’t help but curse!

“I don’t understand either...” Huofeng also shook his head!

“Chen Ping, please quickly study what kind of skill this is.”

Bai Qian urged Chen Ping!

Chen Ping hurriedly sank into the sea of consciousness and carefully looked at the technique he had just obtained. However, this technique was indeed a bit obscure and difficult to understand, and Chen Ping was also a little confused!

After all, Chen Ping is not a true demon cultivator, so Chen Ping cannot understand many of the contents of this technique!

“Mr. Chen, this... this is the breath-taking technique. It is considered a good technique...”
